Item 8.01 Other Events

On October 24, 2011, Schweitzer-Mauduit International Inc. (SWM) and delfortgroup jointly issued a press release announcing a world-wide commercial resolution of their intellectual property dispute over lower ignition propensity (LIP) cigarette paper with the celebration of a world-wide license agreement and settlement of all litigation and administrative proceedings pending between them.

The agreement is a non-exclusive patent license agreement regarding the world-wide production and sale of print banded lower ignition cigarette papers, or LIP, that would be encompassed by SWM's patent portfolio. The agreement is effective immediately and will continue concurrent with the life of SWM's licensed patents, which expire between 2014 and 2023.

As a result of entry into this license agreement, SWM and delfortgroup have agreed to voluntarily settle all current litigation and administrative matters pending between them in the United States and Europe concerning SWM's LIP patents. The license agreement provides for a guaranteed annual minimum royalty of \$4 million for each of the first five calendar years commencing in 2011, and running royalties as well as an amount to settle any claims related to past sales.

The press release is attached hereto as Exhibit 99.1. This information shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, or the Exchange Act, or otherwise subject to the liability of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, except as expressly set forth by specific reference to such filings.
