PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 3, 2004

GENERAL INFORMATION

This proxy statement is furnished to stockholders in connection with the solicitation of proxies by the Board of Directors of PERFORMANCE TECHNOLOGIES, INCORPORATED (the "Company") to be used at the Annual Meeting of Stockholders of the Company, which will be held on Thursday, June 3, 2004 (the "Meeting"), and at any adjournments thereof. This proxy statement and accompanying form of proxy are first being mailed to stockholders on or about May 3, 2004. The proxy, when properly executed and received by the Secretary of the Company prior to the Meeting, will be voted as therein specified unless revoked by filing a written revocation or a duly executed proxy bearing a later date with the Secretary prior to the Meeting. A stockholder may also revoke his or her proxy in person at the Meeting. Unless authority to vote for one or more of the director nominees is specifically withheld, a signed proxy will be voted FOR the election of the director nominees named herein and, unless otherwise indicated, FOR the selection of PricewaterhouseCoopers LLP as the Company's independent auditors for the fiscal year ending December 31, 2004.

The cost of soliciting proxies will be borne by the Company. In addition to

Edgar Filing: PERFORMANCE TECHNOLOGIES INC \DE\ - Form DEF 14A

the solicitation by use of the mails, directors, officers or regular employees of the Company, without extra compensation, may solicit proxies personally, by telephone, e-mail, telegraph or facsimile transmission. The Company has requested persons holding stock for others in their names or in the names of nominees to forward soliciting material to the beneficial owners of such shares and will, if requested, reimburse such persons for their reasonable expenses in so doing.

VOTES REQUIRED

Stockholders may vote by mail, telephone or the Internet. For some stockholders, information regarding telephone and Internet voting is included in the proxy card instructions. The total outstanding shares of capital stock of the Company as of April 5, 2004, the record date for the Meeting (the "Record Date"), consisted of 12,716,125 shares of Common Stock, par value \$.01 per share (the "Common Stock"). Only holders of Common Stock of record on the books of the Company at the close of business on the Record Date are entitled to notice of and to vote at the Meeting and at any adjournments thereof. Each holder of Common Stock is entitled to one vote for each share of Common Stock registered in his or her name. A majority of the outstanding shares of Common Stock, represented in person or by proxy at the Meeting, will constitute a quorum for the transaction of all business.

Pursuant to the provisions of the Delaware General Corporation Law, directors shall be elected by a plurality of the votes cast by the holders of shares of Common Stock present in person or represented by proxy at the Meeting and entitled to vote at the Meeting. Because directors are elected by a plurality of the votes cast, withholding authority to vote with respect to one or more nominees will have no effect on the outcome of the election, although such shares would be counted as present for purposes of determining the existence of a quorum. Similarly, any broker non-votes (which occur when shares held by brokers or nominees for beneficial owners are voted on some matters but not on others in the absence of instructions from the beneficial owner) are not considered to be votes cast and therefore would have no effect on the outcome of the election of directors, although they would be counted for quorum purposes.

The affirmative vote of a majority of the votes cast is required to ratify the selection of PricewaterhouseCoopers LLP as independent auditors for the Company for the fiscal year ending December 31, 2004. Abstentions and any broker non-votes are not considered to be votes cast and therefore would have no effect on the outcome of this proposal.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors is divided into three classes. The Company currently

Edgar Filing: PERFORMANCE TECHNOLOGIES INC \DE\ - Form DEF 14A

has eight directors, three in two classes and two in one class, a majority of whom are independent under the Nasdaq listing standards. Terms are staggered so that only one class is elected at each Annual Meeting of Stockholders. Each director so elected serves for a three-year term and until his or her successor is elected and qualified, subject to such director's earlier death, resignation or removal.

The Board of Directors recommends the election of the two nominees named below, both of whom are currently directors of the Company. The Board of Directors does not contemplate that any of the nominees will be unable to serve as a director, but if that contingency should occur prior to the voting of the proxies, the persons named in the enclosed proxy reserve the right to vote for such substitute nominee or nominees as they, in their discretion, shall determine.

Information about the Directors

The following table sets forth certain information with respect to the directors of the Company who are being proposed for re-election at the Meeting for a three-year term expiring in 2007. John E. Mooney, who has been a director of the Company since 1984, has decided not to stand for re-election at the Meeting.

Committees of the Board of Directors

The Board has a Compensation Committee to evaluate executive compensation and to determine grants pursuant to the Company's stock-based incentive plans. Messrs. Maginness, Meisenzahl, Mooney and Tillman currently comprise the Compensation Committee. For purposes of complying with Securities Exchange Act Rule 16b-3, the Company has at least two non-employee directors administer its stock-based incentive plans.

The Board has an Audit Committee for the purpose of reviewing the Company's financial reporting procedures. Messrs. Meisenzahl, Mooney and Rajkowski currently comprise the Audit Committee. The updated written charter for the Audit Committee, which was adopted by the Board of Directors, more specifically sets forth the duties of the Audit Committee and is attached as Appendix A. All of the members of the Audit Committee qualify as being "independent" under the independence standards of the Nasdaq listing standards and applicable SEC rules. In addition, the Board has determined that Mr. Mooney and Mr. Rajkowski each qualify as an "audit committee financial expert" under applicable SEC rules.

The Board of Directors has a Nominating Committee to identify potential new directors. The Nominating Committee has a written charter, which is available in the Investors section of the Company's Web site at www.pt.com and it sets forth the duties of the Nominating Committee more specifically. Messrs. Kozel, Mooney and Tillman currently comprise the Nominating Committee. Each member is "independent," as independence for nominating committees is defined under the Nasdaq listing standards.

The Nominating Committee believes that candidates for director should have

Edgar Filing: PERFORMANCE TECHNOLOGIES INC \DE\ - Form DEF 14A

certain minimum qualifications including the ability to read and understand basic financial statements and each should possess the highest personal integrity and ethics. The Nominating Committee also considers such factors as:

- o possessing relevant expertise to offer advice and guidance to management;
- o having sufficient time to devote to the affairs of the Company;
- o demonstrating excellence in his or her field;
- o having sound business judgment; and
- o having the commitment to rigorously represent the long-term interests of the Company's stockholders.

New candidates for director nominees are reviewed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of the Company's stockholders. In conducting this assessment, the Nominating Committee considers diversity, maturity, skills, and such other factors, as it deems appropriate given the current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Nominating Committee reviews such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such directors' independence. In the case of new director candidates, the Nominating Committee also determines whether the nominee is independent, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The Nominating Committee then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board.

The Nominating Committee meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote. To date, the Nominating Committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates. To date, the Nominating Committee has not received, and therefore has not rejected, a timely director nominee from a stockholder or stockholders holding more than 5% of the Company's voting stock.

The Nominating Committee will consider director candidates recommended by stockholders. The Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether the candidate was recommended by a stockholder. Stockholders who wish to recommend individuals for consideration by the Nominating Committee to become nominees for election to the Board may do so by delivering a written recommendation to the attention of the Nominating Committee at the address set forth on the cover of this Proxy Statement. Submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating stockholder is a beneficial or record owner of the Company's stock. In addition, any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected.

The Compensation Committee, Audit Committee, and Nominating Committee met six, four, and one time, respectively, in 2003. The Company's Board of Directors held nine meetings in 2003. All of the directors attended at least 75 percent of the Board of Directors' meetings and committee meetings that required their attendance. As noted above, Mr. Mooney has decided not to stand for re-election to the Board of Directors. As required by the Nasdaq listing standards, it is the policy of the Board of Directors that the independent members of the Board

Edgar Filing: PERFORMANCE TECHNOLOGIES INC \DE\ - Form DEF 14A

meet regularly at executive sessions at which only independent directors are present. The independent directors select from, among their number, a single director to serve as the presiding director during their executive sessions. The Company believes that it is important for its directors to attend the Annual Meeting of Stockholders and expects them to do so each year, barring unforeseen circumstances. All of the Company's directors attended the 2003 Annual Meeting of Stockholders.

Compensation of Directors

Members of the Board of Directors who are not employees of the Company receive \$1,000 for each meeting attended. Each Board member also receives \$15,000 per year if he attends at least 75 percent of the scheduled meetings. In addition, each committee member receives \$400 for each committee meeting attended. The Company's 2001 Stock Option Plan currently provides that on the day of the Company's Annual Meeting of Stockholders, each individual elected, reelected or continuing as an Outside Participating Director will automatically receive a non-statutory option for 10,000 shares of Common Stock. The exercise price for these options will be the fair market value of the Company's Common Stock on the date of the option grant. Options vest on the first anniversary of the grant date and expire five years from the date of grant. From time to time, the Company may grant restricted stock or additional options to directors. At the 2003 Annual Meeting of Stockholders, Messrs. Kozel, Maginness, Meisenzahl, Mooney, and Tillman each received a non-qualified option to purchase 10,000 shares at an exercise price of \$6.89 per share. Mr. Rajkowski received a non-qualified option to purchase 10,000 shares at an exercise price of \$11.40 upon his appointment to the Board on August 19, 2003.

Based solely on its review of such reports furnished to the Company and written representations from certain reporting persons, the Company believes that the Company's executive officers, directors and more than 10% stockholders timely filed all Section 16(a) reports required to be filed by them during the most recent fiscal year.

Report of the Compensation Committee with Respect to Executive Compensation

General

Effective June 3, 2003, a new committee entitled the Compensation Committee replaced the existing Executive Compensation Committee and Stock Option Committee. The Compensation Committee of the Board of Directors, administers the Company's executive compensation program and its stock-based incentive plans. The Compensation Committee is currently comprised of four outside directors, Charles E. Maginness, Chairman, Stuart B. Meisenzahl, John E. Mooney and Robert L. Tillman. The Compensation Committee considers internal and external information in determining executive officer compensation and stock-based incentive awards.

The Company's executive pay program is designed to attract and retain executives who will contribute to the Company's long-term success, to reward executives for achieving short and long-term strategic Company goals, to link executive and stockholder interests through equity-based plans and to provide a compensation package that recognizes individual contributions and Company performance.

The three key components of the Company's executive compensation are base salary, short-term incentives (cash bonus) and long-term incentives (stock

Edgar Filing: PERFORMANCE TECHNOLOGIES INC \DE\ - Form DEF 14A

options and other stock-based awards).

Base Salary. Annually, the Compensation Committee reviews with the Chief Executive Officer and approves, with any modifications it deems appropriate, a salary plan for all of the Company's executives, none of whom have a written employment agreement with the Company. The salary plan is developed under the ultimate direction of the Chief Executive Officer based on performance judgments as to the past and expected future contributions of each executive.

Annual Short-term Incentive Awards. The short-term incentive award program is intended to be variable and is directly related to the Company's financial performance. The goals for the short-term incentive program for the Company's employees are generally established at the beginning of each quarter during the year. Annual goals are established for the Company's executive officers at the beginning of the year. Amounts contributed to these programs are generally based upon the Company's financial performance.

Long-term Incentive Awards. Annually, the Compensation Committee reviews specific requests submitted by the Chief Executive Officer. Stock-based incentive awards are granted to executive officers and employees under the Performance Technologies, Incorporated 2001 Stock Option Plan and 2003 Omnibus Incentive Plan administered by the Compensation Committee. The Compensation Committee believes that stock-based incentive awards have been an important means of aligning the long-range interests of all employees, including executives, with those of the Company's stockholders by providing them with the opportunity to acquire an equity stake in the Company. The size of the award has been based primarily on the individual's responsibilities and position with the Company, as well as on the individual's performance. Stock-based incentive awards are granted at an exercise price equal to the fair market value of the Company's Common Stock on the date of grant and generally vest in up to five years. Stock-based incentive awards are designed to encourage the creation of stockholder value over the long term since their value is directly tied to the Company's Common Stock price.

Executive Officer Compensation

In 2002, the Company retained KPMG LLP to perform a comparative analysis of the compensation of its executives. KPMG compared the total compensation of the Company's executives to a peer group of companies with similar products and target markets. The analysis indicated that the total compensation levels for executive officers is generally appropriate in the years that short term incentive bonuses are earned. However, the analysis indicated that the base salary compensation levels and stock-based incentive awards could be adjusted upward to become more comparable. In 2003, the Company continued to address the executive officer compensation deficiencies outlined in the KPMG analysis.

The Company exceeded the annual revenue and profitability measurements established in the Short-term Incentive Program, which resulted in cash incentive bonuses being earned by the Company's executives in 2003.

Stock options granted for 2003 were issued to executive officers in April 2003. Restricted stock awards were granted to executive officers in June 2003.

President and Chief Executive Officer

Mr. Turrell's base salary, short-term incentive and long-term incentive awards are determined by the Compensation Committee based upon the same general factors as those employed by the Compensation Committee for executive officers. Mr. Turrell's base salary for 2003 was \$219,693. Mr. Turrell earned a short-term incentive bonus, associated with the Company's financial performance in the amount of \$150,000 for 2003 and was granted stock options for 50,000 shares in April 2003 as part of his compensation plan. A restricted stock award in the

amount of \$20,000 was awarded to Mr. Turrell in June 2003.

Compensation Committee Interlocks and Insider Participation

The Chief Executive Officer of the Company, Donald L. Turrell, consults with the Compensation Committee and makes recommendations. He participates in discussions with the Compensation Committee but does not vote or otherwise participate in the Compensation Committee's determinations. None of the Company's executive officers have served as a member of a compensation committee of a board of directors of any other entity which has an executive officer serving as a member of the Company's Board of Directors, and there are no other matters regarding interlocks or insider participation that the Company is required to report.

AUDIT COMMITTEE CHARTER

Mission Statement

The Audit Committee (the "Committee") will, on behalf of the Board of Directors (the "Board"), have responsibility for oversight of reliable financial reporting, effective internal controls, compliance with regulatory matters, and compliance with appropriate ethical conduct.

In performing its duties, the Committee will maintain effective working relationships with the Board, management and the independent auditors. To effectively perform his or her role, each Committee member will obtain an understanding of the detailed responsibilities of Committee membership as well as the business, operations, and risks of Performance Technologies, Inc. (the "Company").

The Committee will be comprised of three or more directors each of whom will be independent (an "Independent Director"). An Independent Director is a person other than an officer or employee of the Company, or any subsidiary thereof, or any other person having a relationship, which in the opinion of the Company's directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a member of the Committee. Edgar Filing: PERFORMANCE TECHNOLOGIES INC \DE\ - Form DEF 14A

subsidiary thereof, as an executive officer;

- d) A director who is, or has a Family Member who is, a partner in, a controlling shareholder of, or an executive officer of any organization to which the Company made or received as payments (other than in the form of equity investments in the Company's securities, or payments made under non-discretionary charitable contribution matching programs) an amount that exceeded 5% of the Company's consolidated gross revenues for that year of \$200,000, whichever is more, in any of the past three years;
- e) A director who is, or who has a Family Member who is, employed as an executive officer of another entity where any of the Company's executives serve, or served at any time during the past three years, on that entity's compensation committee; and

A member of the Committee may not, other than in the capacity as member of the Committee, the Board, or any other board committee, accept directly or indirectly any consulting, advisory, or other compensatory fee from the Company, or any subsidiary thereof. Compensatory fees do not include fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the Company.

A member of the Committee may not be affiliated with the Company, or any subsidiary thereof. Affiliated, as used herein means controls, is controlled by, or is under common control with the Company.

A member of the Committee shall not have participated in the preparation of the financial statements of the Company, or any subsidiary thereof, at any time during the past three years.

In such an instance, the Board shall disclose in its annual proxy statement the nature of the relationship and the reason(s) for appointing such individual as a Committee member. However, a member appointed under this exception may not serve more than two years and may not chair the Committee.

All members of the Committee must be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement. The Committee has, and will continue to have, at least one member who has accounting or related financial management expertise such as that gained from past employment in finance or accounting, professional certification in accounting, or other comparable experience or background such as being, or having been, a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities.
