PROXY STATEMENT

FOR

2010 ANNUAL MEETING OF SHAREHOLDERS

Proxies are being solicited by the board of directors of NN, Inc. (the "Company"), in connection with the annual meeting of shareholders to be held on May 20, 2010 at the Renaissance Charlotte Suites Hotel, 2800 Coliseum Centre Drive, Charlotte, North Carolina 28217 (the "Annual Meeting"), for the purpose of considering and acting upon the matters set forth in the foregoing Notice of Annual Meeting of Shareholders (the "Notice"). Shareholders of record of the Company's common stock, par value \$0.01 per share ("Common Stock"), as of the close of business on March 26, 2010, will be entitled to vote at the meeting. On March 26, 2010 (the "Record Date"), 16,516,924 shares of Common Stock were issued and outstanding.

The entire cost of this proxy solicitation is being paid by the Company. In addition to solicitation by mail, officers and employees of the Company, without additional remuneration, may solicit proxies by telephone, facsimile transmission or personal contact. Brokerage houses, banks, nominees, fiduciaries and other custodians will be requested to forward soliciting material to the beneficial owners of shares held by them of record and will be reimbursed by the Company for their expenses in so doing.

The mailing address of the Company's executive office is 2000 Waters Edge Drive, Building C, Suite 12, Johnson City, Tennessee 37604. This Proxy Statement and the form of proxy were mailed to shareholders on or about April 9, 2010.

Voting; Quorum; Proxies

Each share of Common Stock outstanding on the Record Date is entitled to one vote on each matter submitted to a vote of shareholders at the Annual Meeting. A quorum for the conduct of business is established when the holders of at least a majority of the outstanding shares of Common Stock entitled to vote in the election of directors is present at the meeting or is represented by proxy. Representatives of the Company will serve as inspectors of election for the Annual Meeting.

Shares represented by a properly executed proxy will be voted at the Annual Meeting in the manner specified. In the absence of specific instructions, shares represented by a properly executed proxy will be voted for each of the nominees for election to the board of directors named herein and for the proposal to ratify the selection of PricewaterhouseCoopers LLP to serve as the Company's registered independent public accounting firm for 2010.

The board of directors does not now intend to bring before the Annual Meeting any matters other than those disclosed in the Notice, and it is not aware of any business that any other persons intend to bring before the Annual Meeting. Should any such matter requiring a vote of the shareholders arise, the enclosed form of proxy confers upon the persons named therein the discretionary authority to vote the shares represented by the proxy as they deem appropriate.

A proxy may be revoked at any time before it is exercised by delivery to the Secretary of the Company of a written revocation or a subsequently dated proxy and will be deemed revoked if the shareholder votes in person at the Annual Meeting.

Required Vote

Proposal I: Election of Directors. Directors are elected by a plurality of the votes cast in person or by proxy. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election.

Proposal II: Ratification of Registered Independent Public Accounting Firm. To be approved, this matter must receive the affirmative vote of the majority of the shares present in person or by proxy and entitled to vote on the matter. Abstentions will have the effect of “no” votes on this matter. A broker non-vote will not be considered present and will not be entitled to vote on non-routine items and will have no impact on the vote for this proposal.

Submission of Shareholder Proposals

Any shareholder proposal intended to be presented at next year's Annual Meeting must be received by the Company at its executive offices not later than December 15, 2010 in order to be considered for inclusion in the Company's proxy statement and form of proxy for such meeting. These proposals should be sent to NN, Inc., Attention: Secretary, 2000 Waters Edge Drive, Building C, Suite 12, Johnson City, Tennessee 37604. Proposals of shareholders not intended for inclusion in the Company's 2011 proxy statement must be received by the Company in writing no later than February 28, 2011 in order to preclude the Company's use of its discretionary proxy voting authority to vote on the proposal or nominee if the proponent is present at the 2011 annual meeting.

PROPOSAL I
Election of Directors

The Company's Certificate of Incorporation provides for the division of the board of directors into three classes: Class I, Class II and Class III. Only one class of directors is elected at each annual meeting. Each director so elected serves for a three-year term and until his or her successor is elected and qualified, subject to such director's earlier death, resignation or removal.

Nominees

Two Class III directors will be elected to the board of directors at the Annual Meeting. The Company has nominated for election Richard G. Fanelli and Michael E. Werner, each a current director of the Company. The nominees have both indicated a willingness to continue to serve as directors if elected, but if either of them should decline or be unable to serve, the persons named as proxies intend to vote all shares in favor of the election of such other persons who may be nominated as replacements by the board of directors. The Company takes into account diversity considerations in determining the slate of nominees and believes as a group the nominees bring a diverse range of perspective to the board.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THIS PROPOSAL.

PROPOSAL II
Ratification of Selection of Registered Independent Public Accounting Firm

The firm of PricewaterhouseCoopers LLP has been selected by the Audit Committee of the board of directors as the Company's registered independent public accounting firm for 2010. Although it is not required to do so, the Board has determined that it is desirable to seek shareholders' ratification of the selection of PricewaterhouseCoopers LLP. If the shareholders should not ratify the appointment of PricewaterhouseCoopers LLP, the Audit Committee will reconsider the appointment.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THIS PROPOSAL.

Committees of the Board

Audit Committee. The Audit Committee consists of Robert M. Aiken, Jr. who serves as Chairman, G. Ronald Morris and Steven T. Warshaw. All members of the Audit Committee are independent as defined in the Nasdaq rules and Mr. Aiken has been designated as the "audit committee financial expert" as defined by Item 407(d) of Regulation S-K. Among other matters described in its charter, the Audit Committee is responsible for engaging the registered independent public accounting firm to conduct the annual audit of the books and accounts of the Company and for reviewing the effectiveness of the internal auditing, accounting and financial controls of the Company with the registered independent public accounting firm and the Company's internal financial and accounting staff. The Audit Committee originally adopted a written charter in June 2000. This charter, which has been amended, is subject to review and reassessment at least annually. This revised charter is included on the Company's website at www.nnbr.com. The Audit Committee met five times in 2009.

Compensation Committee. The Compensation Committee consists of Steven T. Warshaw who serves as Chairman, Michael E Werner and Richard G. Fanelli. All members of the Compensation Committee are independent as defined by Nasdaq rules. The Compensation Committee annually reviews and approves corporate goals and objectives relative to the Chief Executive Officer evaluation, compensation and performance. Additionally, the Compensation Committee is responsible for reviewing and approving the Company's executive compensation policies and practices and supervising the administration of the Company's employee benefit plans, including the NN, Inc. Incentive Plan. In April 2003, the Compensation Committee presented to the board and the board approved a written charter. This charter, which has been amended, is subject to review and reassessment at least annually. This revised charter is included on the Company's website at www.nnbr.com. The functions of the Compensation Committee are discussed in further detail in the section entitled "Report of the Compensation Committee" herein. The Compensation Committee met three times in 2009.

Governance Committee. The Governance Committee was formed in 2002. The Committee consists of Richard G. Fanelli who serves as Chairman, Michael E. Werner, and G. Ronald Morris. All members of the Governance Committee are independent as defined by Nasdaq rules.

As provided in its charter, the Governance Committee is responsible for reviewing and recommending qualified candidates for membership on the board of directors. The Committee seeks input from the Chairman of the board, other board members, and professional search firms, if applicable. The Committee will also consider and evaluate any qualified candidates recommended by shareholders. In accordance with the board's governance principles, the Committee seeks to establish a board that will bring to the Company a broad and diverse range of experience,

knowledge and professional judgment. The Committee believes that the board should have collective competency, knowledge and experience with respect to corporate governance, business, finance and accounting, economics, industry knowledge, manufacturing, technology, legal and government affairs, risk management and international operations, among other things.

A candidate's competencies, experience and knowledge should enable him or her to contribute significantly to the governance of a complex, multi-million dollar business enterprise. The candidate should be independent in judgment and not represent the interests of particular constituencies. The Committee will review a candidate's qualifications and any potential conflicts they may have with the Company's interests. In evaluating director nominees, including candidates submitted by shareholders, the Governance Committee will consider the candidate's experience, integrity, ability to make independent analytical inquiries, understanding of the Company's business environment and willingness to devote adequate time to board duties. The Governance Committee will also consider whether a candidate meets the definition of "independent director" under Nasdaq rules.

Shareholders who wish to recommend director candidates for the 2011 Annual Meeting of Shareholders should notify the Secretary in writing at NN, Inc., 2000 Waters Edge Drive, Building C, Suite 12, Johnson City, Tennessee 37604. This notification must be received by the Company by December 15, 2010 and must provide information about the nominee's qualifications for board membership. This requirement does not apply to the deadline for submitting shareholder proposals for inclusion in the Proxy Statement (see "Submission of Shareholder Proposals" on page 2), nor does it apply to questions a shareholder may want to ask at the Annual Meeting. The Governance Committee Charter lists the qualifications against which a nominee will be judged. A copy of the Charter can be obtained by writing to the Secretary at the address set forth above. Alternatively, a copy of the Charter is available on the Company's website, www.nnbr.com. The Committee will evaluate any director candidate nominated by shareholders according to the criteria discussed above and, based on the results of that evaluation, will determine whether to include the candidate in its recommended slate of director nominees in the Proxy Statement.

The Company retains discretion to vote proxies it receives with respect to director nominations or any other business proposals received after December 15, 2010. The Company retains discretion to vote proxies it receives with respect to such proposals received prior to December 15, 2010 provided (a) the Company includes in its proxy statement advice on the nature of the proposal and how it intends to exercise its voting discretion, and (b) the proponent does not issue its own proxy statement.

The Company has not paid any third party a fee to assist in the process of identifying or evaluating director candidates. No shareholder or group of shareholders who beneficially owned more than 5% of the Common Stock for at least one year at the time of such recommendation have recommended candidates for election to the board of directors.

Additionally, the Governance Committee is responsible for overseeing the process of providing information to the board, developing corporate governance principles applicable to the Company and oversight and annual evaluation of the board of directors. In October 2002, the Governance Committee adopted a statement of Principles of Corporate Governance. In April 2003, the Governance Committee presented to the board and the board approved a written charter. This charter, which has been amended, is subject to review and reassessment at least annually. This revised charter is included on the Company's website at www.nnbr.com. The Governance Committee met two times in 2009.

Board Oversight of Risk

The Company's board of directors as a whole has responsibility for risk oversight. This oversight responsibility of the board and its committees is enabled by management reporting processes that are designed to provide maximum visibility to the board of the identification and assessment of critical risks and management's risk mitigation strategies. The board and its committees oversee risks associated with their respective principal areas of focus. The full board is responsible for strategic, financial and execution risks and exposures associated with the annual operating plan, the five-year strategic plan, acquisitions and divestitures, senior management succession planning and general risk oversight. The Audit Committee is responsible for risk and exposures associated with financial, accounting, legal and regulatory matters. The Audit Committee oversees that management has established a process to assure an adequate system of internal controls and maintains the reliability of the accounting policies and financial reporting and disclosures of the Company. The Company's Vice President and Chief Compliance Officer is responsible for corporate risk management and reports directly to the Audit Committee on financial, accounting and regulatory matters. The Governance Committee is responsible for the oversight of corporate governance and the selection of the candidates for the board of directors and the evaluation of the board members. The Compensation Committee is responsible for evaluating, approving and monitoring the executive compensation plans, policies and programs of the Company and to oversee other significant human resource issues.

Attendance at Board and Committee Meetings

The board of directors held eleven meetings in 2009. All current directors attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings held by all committees of the board on which they served. While the Company does not have a policy requiring attendance by members of the board of directors at the Annual Meeting, all of the current directors attended the 2009 Annual Meeting.

Communicating with the Board

Interested parties may contact the board of directors by sending correspondence to the attention of the Secretary, NN, Inc., 2000 Waters Edge Drive, Building C, Suite 12, Johnson City, Tennessee 37604. Compensation Discussion and Analysis

Compensation Principles

The goal of the Company is to structure its compensation arrangements for executive officers in a manner that will promote the Company's profitability and enhance shareholder value. In designing its compensation arrangements to achieve this goal, the Company is guided by the following objectives:

- attracting and retaining qualified and dedicated executives who are essential to the long-term success of the Company;
- providing compensation packages that are competitive with the compensation arrangements offered by comparable companies, including the Company's competitors;
- tying a significant portion of an executive officer's compensation to the Company's and the individual's performance; and
- directly aligning the interests of management with the interests of the shareholders through stock-based compensation arrangements.

In 2009, the components of the Company's executive compensation arrangements consisted of salary, stock option award opportunities, restricted stock opportunities and long-term incentive plan opportunities pursuant to the Incentive Plan. Due to the economic situation the Company expected to face during 2009, the Company's board of directors suspended the opportunity for the earning of cash bonuses for 2009. Reinstatement of the opportunity to earn cash bonuses will be at an appropriate time as determined by the Company's board of directors.

Executive Officer Compensation

The Company believes the interests of the Company and its shareholders are best served by developing and maintaining compensation policies that are consistent and competitive with peer group companies. The Company, therefore, periodically retains the services of an outside compensation consulting firm to conduct peer group benchmarking of public industrial companies of similar size, manufacturing capabilities and market segments and utilizes this information to aid in establishing a competitive compensation program for the Company. The following criteria are utilized as a basis for this program: performance (revenue growth, earnings per share growth, return on net assets, return on equity and total shareholder return), executive pay, annual incentive/bonus, benefits, stock option award opportunities and long-term incentive plan opportunities. The most recent benchmarking study conducted by Mercer, an outside consulting firm, in August 2007 included the following companies: Central Steel and Wire Co.,

Astec Industries, Inc., Cascade Corporation, Esco Technologies, Keystone Consolidated Industries, Haynes International, Kaydon, WHX Corporation, Northwest Pipe Company, Claymont Steel Holdings, Hardinge Inc., RBC Bearings, Gorman-Rupp Company, Webco Industries and Universal Stainless & Alloy Products. Additionally, the study utilized relevant published compensation surveys to develop total market data for executive management positions within the Company.

The current executive compensation structure includes a formal salary grade structure that establishes five levels of executive compensation within the Company. In addition, a formal annual incentive bonus plan includes threshold, target and maximum awards based upon pre-established financial performance criteria.

Salary

The salary levels for the Company's executive officers and other direct reports of the Chief Executive Officer are reviewed and determined annually by the Compensation Committee. Salaries are established and adjusted based upon three factors: individual performance, financial performance of the Company and peer group and total market data established by the compensation studies performed by an outside compensation consulting firm. It is the policy of the Company to compensate executives in a targeted range of approximately the 50th percentile of market of total direct compensation. For fiscal year 2009, the Company's board of directors suspended salary increases for executive officers and employees due to the economic conditions the Company experienced. Reinstatement of salary increases will be at an appropriate time as determined by the Company's board of directors. Direct compensation is defined as base salary, bonus, stock option award opportunities and long-term incentive plan opportunities.

Annual Bonus

Annual bonus payments are made contingent on achieving certain goals and objectives as defined in a formalized plan. At the beginning of each fiscal year, the Compensation Committee establishes net income goals for each operating business unit and the consolidated results of the Company based upon the Board of Director approved annual business plan. The Committee then sets certain threshold, target and maximum bonus payment percentages for each executive officer dependent upon the executive's salary level and base compensation. The Compensation Committee, at its discretion, may make adjustments to the net income goals and set additional strategic goals based on certain factors as it feels appropriate and may grant bonuses using other criteria at its sole discretion.

For the fiscal year 2008, the Company's formal bonus plan established consolidated threshold net income at \$13.7 million, consolidated target net income at \$15.2 million and consolidated maximum net income \$18.2 million. Beginning for fiscal year 2008, the Company's formal bonus plan included working capital improvement goals. Improvements in accounts receivable and inventory levels of consolidated threshold reductions of \$4.0 million and \$2.0 million, respectively, consolidated target reductions of \$4.4 million and \$2.2 million, respectively, and consolidated maximum reductions of \$5.4 million and \$2.6 million, respectively. Net income goals and working capital improvement goals accounted for 80% and 20% of the total bonus opportunity respectively. For fiscal year 2009, the Company's board of directors suspended the opportunity to earn cash bonuses for all executive officers and employees due to the economic conditions the Company experienced. Reinstatement of the cash bonus opportunity will be at an appropriate time as determined by the Company's board of directors.

The bonuses paid to Named Executive Officers for 2008 are set forth in the Summary Compensation Table.

Incentive Plan

The Incentive Plan which was adopted by the board of directors on April 8, 2005 and approved by the shareholders on May 18, 2005 reserves 1.0 million shares of Common Stock for the issuance of options and stock appreciation rights and 300,000 shares of restricted stock, restricted stock units, performance shares and stock awards to directors, executive officers and other key employees. This Incentive Plan replaced the NN, Inc. Stock Incentive Plan which was adopted on March 2, 1994 and expired on March 2, 2004. Stock options granted under the former plan prior to its expiration are exercisable upon vesting for a period of ten years after the date of grant.

Stock options and restricted share grants to the Company's executive officers and managers are generally reviewed and determined annually by the Compensation Committee. With respect to options and restricted shares awarded, the Committee utilizes a structure based upon the following: recommendations from the independent compensation review, Mr. Baty's recommendations (other than for himself) and rewards to officers and other key employees for superior performance and to provide financial incentives for officers and employees to continue to perform in a superior manner. The Company awarded 232,000 options to fifteen directors, executive officers and other key employees during 2009.

Compensation of the Chief Executive Officer

The Company's decisions regarding compensation of its Chief Executive Officer are guided by the same policies and considerations that govern compensation of the Company's other executive officers. Mr. Baty's salary is established and adjusted based upon three factors: individual performance, financial performance of the Company and peer group and total market data established by compensation studies performed by an outside compensation consulting firm. The Compensation Committee reviews and evaluates Mr. Baty's individual performance annually on the basis of his actual performance in comparison to written financial and strategic objectives established at the beginning of the year by Mr. Baty and the Committee. The Compensation Committee also evaluates Mr. Baty based upon the financial performance of the Company as compared to the Company's annual business plan and compares Mr. Baty's compensation to the peer companies at the 50th percentile of market of total direct compensation. For fiscal year 2009, the Company's board of directors suspended salary increases for executive officers and employees due to the economic conditions the Company experienced. Reinstatement of salary increases will be at an appropriate time as determined by the Company's board of directors. Direct compensation is defined as base salary, bonus, stock option award opportunities and long-term incentive plan opportunities. Additionally, on an annual basis, Mr. Baty prepares a written succession plan that is reviewed by the Compensation Committee. This plan includes a plan of succession for Mr. Baty and the executive management of the Company.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, precludes any public corporation from taking a deduction for compensation in excess of \$1 million paid to its chief executive officer or any of its other executive officers. Certain performance-based compensation, however, is exempt from the deduction limit. No formal policy has been adopted by the Company with respect to minimizing the risk that compensation paid to its executive officers will exceed the deduction limit. No compensation paid to the executive officers in 2009 exceeded the limit imposed by Section 162(m).
