PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD NOVEMBER 9, 2007

GENERAL INFORMATION

This proxy statement (“Proxy Statement”) is furnished in connection with the solicitation of proxies by the Board of Directors of Celadon Group, Inc. (the “Company”) to be voted at the Annual Meeting of Stockholders of the Company (the “Annual Meeting”), which will be held on Friday, November 9, 2007 beginning at 9 a.m. local time, at our principal executive offices located at 9503 East 33rd Street, One Celadon Drive, Indianapolis, Indiana, 46235, and any adjournment thereof. **THE ENCLOSED PROXY IS SOLICITED BY OUR BOARD OF DIRECTORS.** Where specific choices are not indicated, all proxies received pursuant to this solicitation will be voted (i) FOR the election of the director nominees named below and (ii) with respect to any other matters properly brought before the Annual Meeting, in accordance with the judgment of the proxy holders. We have not received notice of other matters that properly may be presented for voting at the Annual Meeting.

This Proxy Statement, the proxy card, and our Annual Report for the fiscal year ended June 30, 2007, was first mailed on or about September 26, 2007 to stockholders of record at the close of business on September 14, 2007 (the “Record Date”). *Except to the extent it is incorporated by specific reference, the enclosed copy of our 2007 Annual Report is not incorporated into this proxy statement and is not to be deemed a part of the proxy solicitation material.*

The terms “Company,” “we,” “us,” and “our” refer to Celadon Group, Inc. and its subsidiaries.

Voting Rights

Only stockholders of record at the close of business on the Record Date (“Stockholders”) are entitled to vote, either in person or by valid proxy, at the Annual Meeting. As of the close of business on the Record Date, there were issued and outstanding 23,660,343 shares of common stock, par value \$.033 per share, entitled to cast votes on all matters subject to a vote at the annual meeting. The total number of issued and outstanding shares excludes approximately 1,183,203 shares of common stock reserved for issuance under our incentive stock plans and other arrangements. Stockholders are entitled to one vote for each share of common stock held of record. Holders of unexercised options or other rights to acquire common stock are not entitled to vote the underlying shares at the Annual Meeting, but holders of restricted stock are entitled to vote such shares at the Annual Meeting. We have no other class of stock outstanding. Stockholders are not entitled to cumulative voting in the election of directors.

Quorum Requirement

In order to transact business at the Annual Meeting, a quorum must be present. A quorum is present if the holders of a majority of the total number of shares of common stock issued and outstanding as of the Record Date are represented at the Annual Meeting in person or by proxy. Shares that are entitled to vote but that are not voted at the direction of the holder (called “abstentions”) and shares that are not voted by a broker or other record holder due to the absence of instructions from the beneficial owner (called “broker non-votes”) will be counted for the purpose of determining whether a quorum is present.

TABLE OF CONTENTS

Required Vote

Directors are elected by an affirmative vote of a plurality of the votes cast by Stockholders entitled to vote and represented in person or by proxy at the Annual Meeting, which means the director nominees receiving the highest number of votes for their election will be elected as directors. Approval of any other matter properly submitted to Stockholders for action at the Annual Meeting requires the affirmative vote of a majority of the votes cast by Stockholders entitled to vote and represented in person or by proxy at the Annual Meeting, unless a different vote is required by law or our certificate of incorporation or bylaws. Abstentions and broker non-votes are not considered affirmative votes and thus will have no effect on the election of directors by a plurality vote, but will have the same effect as negative votes with respect to the approval of any other matter submitted to Stockholders.

Right to Attend the Meeting; Revocation of Proxy

Returning a proxy now will not interfere with a Stockholder's right to attend the Annual Meeting or to vote his or her shares personally at the Annual Meeting, if he or she wishes to do so. Stockholders who execute and return proxies may revoke them at any time before they are exercised by giving written notice of revocation to our Secretary at the address of our principal executive offices, by executing a subsequent proxy and delivering it to our Secretary at such address, or by attending the Annual Meeting and voting in person.

Costs of Solicitation

We will bear the cost of solicitation of proxies, which we expect to be nominal and will include reimbursements for the charges and expenses of brokerage firms and others for forwarding solicitation materials to beneficial owners of our outstanding common stock. Proxies will be solicited by mail and may be solicited personally by directors, officers, or our regular employees, who will not receive any additional compensation for any such services.

Annual Report

The information included in this Proxy Statement should be reviewed in conjunction with the Consolidated Financial Statements, Notes to Consolidated Financial Statements, Reports of our Independent Registered Public Accounting Firm, and other information included in our 2007 Annual Report to Stockholders that was mailed on or about September 26, 2007, together with this Notice of Annual Meeting and Proxy Statement, to all Stockholders of record as of the Record Date.

How to Read this Proxy Statement

This Proxy Statement contains the proposals to be considered by Stockholders at the Annual Meeting, as well as important information concerning, among other things, our management and our Board of Directors; executive compensation; transactions between us and our officers, directors, and affiliates; the stock ownership of certain beneficial owners and management; the services provided to us by and fees of KPMG LLP ("KPMG"), our independent registered public accounting firm; and instructions for stockholders who want to make proposals at the next Annual Meeting of Stockholders. EACH STOCKHOLDER SHOULD READ THIS INFORMATION BEFORE COMPLETING AND RETURNING THE ENCLOSED PROXY CARD.

Electronic Access to Proxy Statement and Annual Report

This Proxy Statement and our 2007 Annual Report on Form 10-K may be viewed online at www.celadontrucking.com. If you are a Stockholder, you can elect to receive future annual reports and proxy statements electronically by marking the appropriate box on your proxy form. If you choose this option and remain a

stockholder at such time, you will receive a proxy form prior to the next Annual Meeting of Stockholders listing the website locations and your choice will remain in effect until you notify us by mail that you wish to resume mail delivery of these documents. If you hold our stock through a bank, broker, or another holder of record, refer to the information provided by that entity for instructions on how to elect this option. Opting for this option will save us the time and expense of printing and mailing these materials to you.

Audit Committee Report for Fiscal 2007

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities relating to the quality and integrity of our financial reports and financial reporting processes and financial reporting internal control systems. Management has primary responsibility for our financial statements and the overall reporting process, including maintenance of our internal control systems. We retain an independent registered public accounting firm that is responsible for conducting an independent audit of our financial statements, the effectiveness of management’s assessment of internal controls over financial reporting, and the effectiveness of internal controls over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States), and issuing a report thereon.

In performing its duties, the Audit Committee has reviewed and discussed our financial statements, management’s assessment of internal control over financial reporting, and the effectiveness of internal control over financial reporting with management and our independent registered public accounting firm and, in issuing this report, has relied upon the responses and information provided to the Audit Committee by management and the independent registered public accounting firm.

For the fiscal year ended June 30, 2007, the Audit Committee (1) reviewed and discussed the audited financial statements, management’s assessment of internal control over financial reporting, and the effectiveness of internal control over financial reporting with management and KPMG, our independent registered public accounting firm for such fiscal year; (2) discussed with the independent registered public accounting firm the matters required to be disclosed by Statement on Auditing Standards No. 61, (Codification of Statements on Auditing Standards, AU §380, *Communication with Audit Committees or Others with Equivalent Authority and Responsibility* and Rule 2-07, *Communication with Audit Committees*, of Regulation S-X, as amended); (3) received and discussed with the independent registered public accounting firm the written disclosures and the letter from such accounting firm required by Independence Standards Board Statement No. 1, (*Independence Discussions with Audit Committees*, as amended); and (4) discussed with the independent registered public accounting firm its independence. The Audit Committee met with representatives of the independent registered public accounting firm without management or other persons present on four occasions during fiscal 2007.

TABLE OF CONTENTS

Based on the foregoing reviews and meetings, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended June 30, 2007, for filing with the SEC.

Compensation Committee

Functions, Meetings, and Composition of the Compensation Committee. The Compensation Committee reviews all aspects of compensation of our executive officers, recommends for the selection of the Board of Directors director nominees, and makes recommendations on such matters to the full Board of Directors. The Compensation Committee met four times during fiscal 2007. Messrs. Miller, Heyworth, and Hines served as the Compensation Committee in fiscal 2007, with Mr. Miller serving as the chairperson. Ms. Langham was appointed to the Compensation Committee upon Mr. Hines' resignation from the Board of Directors in July 2007.

Role of the Compensation Committee. The Compensation Committee was formed in September 1993. The Compensation Committee administers the Celadon Group, Inc. 2006 Omnibus Incentive Plan ("Incentive Plan") and, subject to the provisions of the Incentive Plan, determines grants under the Incentive Plan for all employees, including the Named Executive Officers. The Compensation Committee establishes and administers the Program, which is re-evaluated each fiscal year, pursuant to which certain of our employees and executive officers may be eligible to receive bonuses. The Compensation Committee also considers and, if appropriate, recommends for selection, nominees for the Board of Directors.

Compensation Committee Charter. In August 2007, the charter of the Compensation Committee was amended and restated to comply with SEC Releases Nos. 33-8732 and 34-54302. The amendment and restatement of the Compensation Committee charter was not material in nature. A copy of the Compensation Committee's current charter is available on our website at www.celadontrucking.com.

Report of the Compensation Committee. In performing its duties, the Compensation Committee, as required by applicable rules and regulations promulgated by the SEC, issues a report recommending to the Board of Directors that our Compensation Discussion and Analysis be included in this Proxy Statement and in our Annual Report on Form 10-K. The Report of the Compensation Committee follows.

The Report of the Compensation Committee shall not be deemed to be incorporated by reference into any filing made under the Securities Act or the Exchange Act, notwithstanding any general statement contained in any such filings incorporating this Proxy Statement by reference, except to the extent that we incorporate such report by specific reference.

Director Nomination Process. Director nominees are selected by the Compensation Committee. Our Board of Directors has adopted a policy of re-nominating incumbent directors who continue to satisfy the criteria for Board membership and whom the Compensation Committee believes continue to make important contributions to the Board and who consent to continue to serve on the Board.

In filling vacancies on the Board of Directors, the Compensation Committee will solicit recommendations for nominees from persons that the Compensation Committee believes are likely to be familiar with (i) our needs and (ii) qualified candidates. These persons may include members of the Board of Directors and management, advisors to us, or professional search firms. This process was followed in the election of Catherine Langham to the Board of Directors.

The Compensation Committee also will consider proposed director nominees recommended by stockholders, provided that the following procedural requirements are satisfied. Director nominee recommendations should be mailed via certified mail, return receipt requested, and addressed to Director Nomination, Celadon Group, Inc., c/o Paul Will - Vice Chairman, 9503 East 33rd Street, One Celadon Drive, Indianapolis, Indiana, 46235. In order to be considered, a stockholder recommendation must: (i) be received at least 120 days prior to the anniversary of mailing of our proxy statement for the prior year's annual meeting (by May 28, 2008 for director candidates to be considered for nomination for election at the Annual Meeting of Stockholders following the end of fiscal year 2008), however, if the date of such Annual Meeting is more than thirty days before or after November 9, 2008, then the deadline for submitting any director candidates for nomination for election at such annual meeting will be a reasonable time before we begin to print or mail such proxy materials; (ii) contain sufficient background information, such as a resumé and references, to enable our Compensation Committee to make a proper judgment regarding the proposed nominee's qualifications; (iii) be accompanied by a signed consent of the proposed nominee to serve as a director, if elected, and a representation that such proposed nominee qualifies as independent under NASD Rule 4200(a)(15) or, if the proposed nominee does not qualify, a description of the reasons he or she is not independent; (iv) state the name and address of the stockholder submitting the recommendation and the number of shares of our common stock owned of record or beneficially by such stockholder; and (v) if submitted by a beneficial stockholder, be accompanied by evidence (such as a recent brokerage statement) that the person making the recommendation beneficially owns shares of our common stock.

In evaluating potential nominees, including potential nominees properly submitted by stockholders, our Compensation Committee will review the person's judgment, integrity, independence, experience, and knowledge of the industry in which we operate or related industries, as well as such other factors the Compensation Committee determines are relevant in light of our needs and the needs of our Board of Directors. With regard to specific qualities and skills, our Board of Directors believes it necessary that: (i) at least a majority of the members of the Board of Directors qualify as "independent" under NASD Rule 4200(a)(15); (ii) at least three members of the Board of Directors satisfy the audit committee membership criteria specified in NASD Rule 4350(d)(2); and (iii) at least one member of the Board of Directors eligible to serve on the Audit Committee have sufficient knowledge, experience, and training concerning accounting and financial matters so as to qualify as an "audit committee financial expert" within the meaning of Item 401(h) of Regulation S-K.

Compensation Committee Interlocks and Insider Participation

Messrs. Miller, Heyworth, and Hines served as the Compensation Committee in fiscal 2007. During fiscal 2007, no Compensation Committee member was an officer or employee for the Company. There were no interlocking relationships between our directors and executive officers and the executive officers and directors of any other entity that might affect the compensation of our executive officers. For a description of other transactions between us and other directors and executive officers, see "Certain Relationships and Related Transactions" below.

Code of Conduct and Ethics

Our Board of Directors has adopted a Code of Business Conduct and Ethics that applies to all our directors, officers, and employees. The Code of Business Conduct and Ethics includes provisions applicable to our principal executive officer, principal financial officer, and principal accounting officer or controller or persons performing similar functions that constitute a “code of ethics” within the meaning of Item 406 (b) of Regulation S-K. We are currently in the process of making certain amendments to our Code of Business Conduct and Ethics, as requested by the Board of Directors. A copy of the Code of Business Conduct and Ethics is available on our website at www.celadontrucking.com.

Section 16(a) Beneficial Ownership Reporting Compliance

Under the securities laws of the United States, our directors and executive officers and any persons owning more than 10 percent of our common stock are required to report their ownership of common stock and any changes in that ownership, on a timely basis, to the SEC. To our knowledge, based solely on a review of materials provided to us, all such required reports were filed on a timely basis in fiscal 2007, except that (i) Chris Hines inadvertently failed to

timely report on Form 4 the grant of an option to purchase 8,000 shares of common stock, which occurred in July 2006; (ii) Stephen Russell inadvertently failed to timely report on Form 5 the gift of 14,850 shares of common stock to a philanthropic organization, which occurred in April 2006, and (iii) Michael Miller, Anthony Heyworth, and Chris Hines each inadvertently failed to timely report on Form 4 the January 2007 grant of 2,720 shares of restricted stock. All such transactions have been reported in subsequent filings. Copies of Section 16(a) forms that our directors and officers file with the SEC are accessible through our website at www.celadontrucking.com.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview and Philosophy of Compensation

Our executive compensation philosophy is designed to attract and retain outstanding executives, to foster employee commitment, and to align employee and stockholder interests. To this end, we have sought to provide competitive levels of compensation that integrate pay with our annual and long-term performance goals and reward above-average corporate performance.

The Compensation Committee has the responsibility to review and approve all executive officer compensation arrangements. The Compensation Committee has the specific responsibility to (i) review and approve corporate goals and objectives relevant to the compensation of our CEO, (ii) evaluate the performance of our CEO in light of those goals and objectives, and (iii) determine and approve the compensation level of our CEO based upon that evaluation. The Compensation Committee also has the responsibility to review annually the compensation of our other executive officers and to determine whether such compensation is reasonable under existing facts and circumstances. In making such determinations, the Compensation Committee seeks to ensure that the compensation of our executive officers aligns the executives' interests with the interests of our stockholders. The Compensation Committee must also review and approve all forms of incentive compensation, including stock option grants, restricted stock grants, and other forms of incentive compensation granted to our executive officers. The Compensation Committee takes into account the recommendations of our CEO in reviewing and approving the overall compensation of the other executive officers.

We believe the quality, skills, and dedication of our executive officers are critical factors affecting our long-term value and success. Thus, we seek to provide overall compensation levels that (i) attract and retain talented executives and motivate those executives to achieve superior results, (ii) align executives' interests with our corporate strategies, our business objectives, and the long-term interests of our stockholders, and (iii) enhance executives' incentives to increase our stock price and maximize stockholder value. In addition, we strive to ensure that our compensation, particularly salary compensation, is consistent with our constant focus on controlling costs. In many instances we build our compensation elements around long-term retention and development together with annual rewards based on specific focus areas.

Elements of Compensation

Our compensation program for senior executive officers has two major elements, fixed and incentive. Our compensation program also consists of providing our senior executive officers with specified perquisites and with employee benefits that are generally available to all of our employees.

The Compensation Committee has the responsibility to make and approve changes in the total compensation of our executive officers, including the mix of compensation elements. In making decisions regarding an executive's total compensation, the Compensation Committee considers whether the total compensation is (i) fair and reasonable to us, (ii) internally appropriate based upon our culture and the compensation of our other employees, and (iii) within a reasonable range of the compensation afforded by other opportunities. The Compensation Committee also bases its decisions regarding compensation upon its assessment of the executive's leadership, individual performance, years of experience, skill set, level of commitment and responsibility required in the position, contributions to our financial success, the creation of stockholder value, and current and past compensation. In determining the mix of compensation elements, the Compensation Committee considers the effect of each element in relation to total compensation. Consistent with our culture of cost control and high level of performance, the Compensation

Committee historically has attempted to keep base salaries relatively low and weight overall compensation toward incentive cash and equity-based compensation. The Compensation Committee specifically considers whether each particular element provides an appropriate incentive and reward for performance that sustains and enhances long-term stockholder value. The Compensation Committee also considers the tax consequences associated with each element of compensation, including whether the deductibility of compensation is expected to be limited under Section 162(m) of the Internal Revenue Code (the “Code”). In determining whether to increase or decrease an element of compensation, we rely upon the Compensation Committee’s judgment concerning the contributions of each executive and, with respect to executives other than the CEO, we consider the recommendations of the CEO. We generally do not rely on rigid formulas (other than our current method of setting our CEO’s base salary and performance targets under our annual Cash Bonus Program (the “Program”), both as described below) or short-term changes in business performance when setting compensation.

TABLE OF CONTENTS

The following is a discussion of each element of our compensation program, including (i) why we choose to pay each element, (ii) how we determine the specific amount to pay for each element, and (iii) how each element, and our decisions related thereto, fit into our overall compensation objectives and affect decisions regarding other elements. We also discuss the specific decisions we made with respect to the fiscal 2007 compensation of our Named Executive Officers. We made all such decisions in the context of the expansion of our domestic operations through the acquisitions of certain assets of Erin Truckways LTD., d/b/a Digby Truck Line Inc., in October 2006, Warrior Services Inc., d/b/a Warrior Xpress, in February 2007, and Air Road Express, Inc. in June 2007, as well as the management of our international operations in Mexico and Canada, the operation of TruckersB2B, and our ability to overcome cost increases and improve our margins through our commitment to safety and driver recruiting and retention.

Base Salary

We pay base salaries at levels that reward executive officers for ongoing performance and that enable us to attract, motivate, and retain highly qualified executives. Base pay is a critical element of our compensation program because it provides our executive officers with stability. Such stability allows our executives to focus their attention and efforts on creating stockholder value and on our other business objectives. In determining base salaries, we consider an executive's qualifications and experience, including, but not limited to, the executive's industry knowledge and the quality and effectiveness of the executive's leadership, scope of responsibilities, past performance, and future potential of providing value to our stockholders. Although we do not believe it is appropriate to establish compensation levels based solely on benchmarking because of geographic and incentive compensation differences, we consider base salaries of executives having similar qualifications and holding comparable positions in companies similarly situated to ours. We set our base salaries at a level that allows us to pay a portion of an executive officer's total compensation in the form of perquisites, cash bonuses, and long-term incentives. We believe that such a mix of compensation helps us incentivize our executives to maximize stockholder value. We consider adjustments to base salaries annually to reflect the foregoing factors but do not apply a specific weighting to such factors.

Base Salary of Our CEO. The salary of our Chairman and CEO, Stephen Russell, is currently established pursuant to an employment agreement dated January 21, 1994, as amended and extended by its terms thereafter, which provides Mr. Russell with a base salary equal to \$521,000 adjusted annually on January 21st for increases in the Consumer Price Index. Mr. Russell's current base salary is \$630,661.

Base Salary of Our Other Named Executive Officers. In reviewing and making decisions with respect to the base salaries of executive officers (other than our CEO) for fiscal 2007, the Compensation Committee reviewed and considered: (i) compensation information disclosed by similarly-sized publicly held truckload carriers; (ii) our financial and operating performance, as well as the role of and contribution of the particular executive with respect to such performance; and (iii) the particular executive's contributions to us unrelated to our financial performance. The Compensation Committee believes that the annual salaries of the Named Executive Officers are reasonable compared to similarly situated executives of other comparable companies, including trucking and transportation companies and other comparable companies from a variety of industries.

On January 31, 2007, the Compensation Committee reviewed and considered our compensation philosophy and the factors and guidelines described above. In light of these considerations, the Compensation Committee discussed awarding certain perquisites to Mr. Glaser, our then-President and Chief Operating Officer, and Mr. Will, our Executive Vice President, CFO, Assistant Secretary, and Treasurer, but instead determined that base salary increases, as opposed to the contemplated perquisite awards, were more closely aligned with our compensation objectives. Accordingly, the Compensation Committee approved an annual base salary increase from \$225,000 to \$237,000 for Messrs. Glaser and Will, effective April 1, 2007. Messrs. Core and Hernandez did not receive base salary increases because perquisite awards were not contemplated for them in fiscal 2007. In August 2007, after the end of our 2007 fiscal year, the Compensation Committee approved an annual base salary increase from \$237,000 to

\$250,000 for Mr. Will, effective September 1, 2007.

Incentive Compensation

Performance-Based Annual Cash Bonus Program. Pursuant to the Program, the Compensation Committee annually determines bonuses for the Program's participants following the finalization of the financial statements. The Compensation Committee may consider Company and individual performance components when making bonus determinations. For fiscal 2007, the Compensation Committee based bonus amounts for the CEO and each other Named Executive Officer on the Company's achievement of performance targets for the fiscal year ended June 30, 2007. The bonus amounts are adjusted up or down based on a range of Company performance between 85% and 140% of the earnings target. The Compensation Committee believed that the performance targets represented aggressive, yet achievable, goals.

Performance-Based Compensation of Our Named Executive Officers. Although all of the performance targets established pursuant to the Program were not achieved for fiscal 2007, the Compensation Committee granted a discretionary bonus of \$150,000, \$100,000, \$15,000 and \$15,033 to Messrs. Russell, Will, Core, and Hernandez, respectively. The discretionary bonus awarded to Messrs. Russell, Will, Core, and Hernandez was based on, among other things, the Company's safety, driver development, and profitability above the targeted range. A portion of the discretionary bonus awarded to Mr. Hernandez was based on performance of our Mexican subsidiaries. The variation among the amounts awarded as bonus compensation to our Named Executive Officers is attributable to the respective Named Executive Officer's scope of responsibility related to achievement of our performance targets and increasing stockholder value.

Omnibus Incentive Plan. On January 12, 2006, our stockholders approved the Celadon Group, Inc. 2006 Omnibus Incentive Plan (the "Incentive Plan"). Each of our Named Executive Officers is eligible to participate in our Incentive Plan. We use our Incentive Plan to, among other things, (i) provide annual incentives to executive officers in a manner designed to reinforce our performance goals, (ii) attract, motivate, and retain qualified executive officers by providing them with long-term incentives, and (iii) align our executives' and stockholders' short- and long-term interests by creating a strong and direct link between executive pay and stockholder return.

The Incentive Plan allows the Compensation Committee to link compensation to performance over a period of time by granting awards that have multiple-year vesting schedules. Awards with multiple-year vesting schedules, such as restricted stock grants, provide balance to the other elements of our compensation program that otherwise link compensation to the Company's short-term performance. Awards with multiple-year vesting schedules create incentive for executive officers to increase stockholder value over an extended period of time because the value received from such awards is based upon the growth of the stock price. Such awards also incentivize executives to remain with us over an extended period of time. Thus, we believe our Incentive Plan is an effective way of aligning the interests of our executive officers with those of our stockholders. A description of the awards that may be made pursuant to our Incentive Plan follows. Such descriptions are qualified in their entirety by reference to the text of the Incentive Plan.

Stock Options. Pursuant to the Incentive Plan, the Compensation Committee may grant awards in the form of stock options to purchase shares of common stock, which stock options may be non-qualified or incentive stock options for federal income tax purposes. Stock options granted under the Incentive Plan vest and become exercisable at such times and upon such terms and conditions as may be determined by the Compensation Committee. Any stock option granted in the form of an incentive stock option must satisfy the requirements of Section 422 of the Code. The exercise price per share of common stock for any stock option can not be less than 100% of the fair market value of a share of common stock on the day that the stock option is granted. In addition, the term of the stock option may not exceed ten years. The exercise price of any stock option granted pursuant to the Incentive Plan may not be subsequently reduced by amendment or cancellation and substitution of such stock option or any other action of the Compensation Committee without stockholder approval, subject to the Compensation Committee's authority to adjust awards upon certain events as set forth in the Incentive Plan. The type (incentive or non-qualified), vesting, exercise

price, and other terms of each stock option is set forth in the award notice for such stock option.

TABLE OF CONTENTS

A stock option may be exercised by paying the exercise price in cash or its equivalent and/or, to the extent permitted by the Compensation Committee and applicable law, shares of common stock, a combination of cash and shares of common stock, or through the delivery of irrevocable instruments to a broker to sell the shares obtained upon the exercise of the stock option and to deliver to us an amount equal to the exercise price.

Stock Appreciation Rights. The Compensation Committee may grant awards in the form of stock appreciation rights, either in tandem with a stock option (“Tandem SARs”) or independent of a stock option (“Freestanding SARs”). The exercise price of a stock appreciation right is an amount determined by the Compensation Committee, but in no event is such amount less than 100% of the fair market value of a share of common stock on the date that the stock appreciation right was granted or, in the case of a Tandem SAR, the exercise price of the related stock option.

A Tandem SAR may be granted either at the time of grant of the related stock option or at any time thereafter during the term of the related stock option. A Tandem SAR is exercisable to the extent its related stock option is exercisable. Each Tandem SAR will entitle the holder of such stock appreciation right to surrender the related stock option and to receive an amount equal to (i) the excess of (A) the fair market value on the exercise date of one share of common stock over (B) the stock option exercise price per share of common stock, times (ii) the number of shares of common stock covered by the stock option which is surrendered. Upon the exercise of a stock option as to some or all of the shares of common stock covered by such stock option, the related Tandem SAR is automatically canceled to the extent of the number of shares of common stock covered by the exercise of the stock option.

Each Freestanding SAR will entitle the holder of such stock appreciation right upon exercise to an amount equal to (i) the excess of (A) the fair market value on the exercise date of one share of common stock over (B) the exercise price, times (ii) the number of shares of common stock covered by the Freestanding SAR and as to which the stock appreciation right is exercised.

The type (Tandem SAR or Freestanding SAR), exercise price, vesting, and other terms of each stock appreciation right is set forth in the award notice for such stock appreciation rights. Payment of stock appreciation rights may be made in shares of common stock or in cash, or partly in shares of common stock and partly in cash, as determined by the Compensation Committee.

Other Stock-Based Awards. The Compensation Committee may grant awards in the form of stock awards (for either unrestricted or restricted shares of common stock), restricted stock unit awards, and other awards that are valued in whole or in part by reference to, or are otherwise based on the fair market value of, common stock. Such other stock-based awards are in such form, and dependent on such conditions, as the Compensation Committee determines, including, without limitation, the right to receive, or vest with respect to, one or more shares of common stock (or the equivalent cash value of such shares of common stock) upon the completion of a specified period of service, the occurrence of an event, and/or the attainment of performance objectives. In addition, the Compensation Committee may choose, at the time of grant of a stock-based award, or any time thereafter up to the time of the payment of such award, to include as part of such award an entitlement to receive dividends or dividend equivalents on the shares of common stock underlying such award, subject to such terms, conditions, restrictions, and/or limitations, if any, as the Compensation Committee may establish. The restrictions, conditions, and other terms of each stock-based award are set forth in the award notice for such award.

Performance Units. The Compensation Committee may grant awards in the form of performance units, which are units valued by reference to designated criteria established by the Compensation Committee other than common stock. Performance units are in such form, and dependent on such conditions, as the Compensation Committee determines, including, without limitation, the right to receive a designated payment upon the completion of a specified period of service, the occurrence of an event, and/or the attainment of performance objectives. The form, applicable conditions, and other terms of each performance unit are set forth in the award notice for such performance unit.

TABLE OF CONTENTS

Performance Awards. Performance awards are designed to reward executive officers for their contributions to our financial and operating performance and are based primarily upon our financial results and certain operating statistics that the Compensation Committee identifies each year as being important to our success. Performance awards are awards structured to qualify as deductible “performance-based” compensation for purposes of Section 162(m) of the Code. Performance awards may take the form of cash, stock awards, restricted stock unit awards, or performance units that are conditioned upon the satisfaction of enumerated performance criteria during a stated performance period, which awards, in addition to satisfying the requirements otherwise applicable to that type of award generally, also satisfy the requirements of performance awards under the Incentive Plan.

Performance awards must be based upon one or more of the following performance criteria: (a) revenues (including without limitation, measures such as revenue per mile (loaded or total) or revenue per tractor), (b) net revenues, (c) fuel surcharges, (d) accounts receivable collection or days sales outstanding, (e) cost reductions and savings (or limits on cost increases), (f) safety and claims (including, without limitation, measures such as accidents per million miles and number of significant accidents), (g) operating income, (h) operating ratio, (i) income before taxes, (j) net income, (k) earnings before interest and taxes (EBIT), (l) earnings before interest, taxes, depreciation, and amortization (EBITDA), (m) adjusted net income, (n) earnings per share, (o) adjusted earnings per share, (p) stock price, (q) working capital measures, (r) return on assets, (s) return on revenues, (t) debt-to-equity or debt-to-capitalization (in each case with or without lease adjustment), (u) productivity and efficiency measures (including, without limitation measures such as driver turnover, trailer to tractor ratio, and tractor to non-driver ratio), (v) cash position, (w) return on stockholders’ equity, (x) return on invested capital, (y) cash flow measures (including, without limitation, free cash flow), (z) market share, (aa) stockholder return, (bb) economic value added, or (cc) completion of acquisitions (either with or without specified size). In addition, the Compensation Committee may establish, as an additional performance measure, the attainment by a participant of one or more personal objectives and/or goals that the Compensation Committee deems appropriate, including, but not limited to, implementation of Company policies, negotiation of significant corporate transactions, development of long-term business goals or strategic plans, or the exercise of specific areas of managerial responsibility. The performance goals set by the Compensation Committee may be expressed on an absolute and/or relative basis, and may include comparisons with our past performance (including the performance of one or more of our divisions) and/or the current or past performance of other peer group companies or indices.

For each performance period, the Compensation Committee designates, in its sole discretion, within the initial period allowed under Section 162(m) of the Code which persons are eligible for performance awards for such period, the length of the performance period, the types of performance awards to be issued, the performance criteria to be used to establish performance goals, the kind or level of performance goals, and other relevant matters.

After the close of each performance period, the Compensation Committee determines whether the performance goals for the cycle have been achieved. In determining the actual award to be paid to a participant, the Compensation Committee has the authority to reduce or eliminate any performance award earned by the participant, based upon any objective or subjective criteria it deems appropriate. The award notice for each performance award sets forth or makes reference to the performance period, performance criteria, performance goals, performance formula, performance pool, and other terms applicable to such performance award.

Incentive Plan Compensation of Our Named Executive Officers. Historically, we have sought to align the long-term interests of executive officers and stockholders through the use of stock-based compensation, including stock options, stock appreciation rights, and restricted stock grants. The Compensation Committee views restricted stock as an important part of overall executive compensation because of the emphasis on increasing stockholder value and promoting a long-term financial interest in the Company. In January 2007, after reviewing our Incentive Plan and compensation philosophy, the Compensation Committee awarded 3,000 shares of restricted stock to Mr. Core and 2,000 shares of restricted stock to Mr. Hernandez. The Compensation Committee determined that our other Named Executive Officers had been adequately compensated under the Incentive Plan in prior years, and thus did not grant

additional shares of restricted stock to these individuals. The restricted stock awards are subject to certain performance vesting targets tied to achievement of at least ninety percent (90%) of the annual budget, as approved by our Board of Directors for the applicable year. The grants are intended to be “performance-based” compensation for purposes of Section 162(m) of the Code; however the amounts eligible to vest for achievement of the fiscal 2007 goal may not qualify. The restricted stock awards will vest upon the achievement of the performance target for the applicable year beginning with fiscal 2007. In the event a performance target is not met, the restricted stock that otherwise would have vested instead will be forfeited. The restricted stock awards contain additional forfeiture provisions as determined by the Compensation Committee at the date of grant.

TABLE OF CONTENTS

During the first quarter of fiscal 2007, the Company entered into an alternative fixed compensation arrangement with Messrs. Core and Hernandez whereby Messrs. Core and Hernandez agreed to forfeit all future rights with respect to compensation from their existing SAR grants in exchange for a guaranteed quarterly payment for the remainder of the underlying term of their respective grants. During the fiscal year 2007, Messrs. Core and Hernandez received \$182,476 and \$78,893, respectively, pursuant to this alternative arrangement. Mr. Core also received \$38,881 on July 1, 2007 and will receive (i) \$38,881 on October 1, 2007, and (ii) \$10,244 on the first day of each quarter thereafter, with the last of such payments being paid on October 1, 2008. Mr. Hernandez received \$10,244 on July 1, 2007 and will receive \$10,244 on October 1, 2007. These alternative arrangements are subject to Messrs. Core's and Hernandez's continued service to the Company or one of its subsidiaries.

Other Compensation

We provide our Named Executive Officers with certain other benefits that we believe are reasonable, competitive, and consistent with our overall executive compensation program. We believe that these benefits allow our executives to work more efficiently. The costs of these benefits constitute only a small percentage of each executive's total compensation. In setting the amount of these benefits, the Compensation Committee considers (i) each executive's position and scope of responsibilities, and (ii) all other elements comprising the executive's compensation. Our Named Executive Officers also participate in our employee benefit plans on the same basis as our other employees.

Other Compensation of Our Named Executive Officers. In fiscal 2007, we provided our Named Executive Officers with additional compensation in the form of (i) company automobiles and term life insurance for each of Messrs. Russell, Glaser, and Will; (ii) disability insurance for each of Messrs. Russell, Glaser, Will, and Core; and (iii) premiums and reimbursements under an executive health and disability benefit program for each of Messrs. Russell and Will.

In fiscal 2007, our Named Executive Officers participated in our employee benefit plans, including our medical, dental, and group life insurance plans, in each case on the same basis as our other employees. Additionally, in fiscal 2007, we contributed to the 401(k) Plan accounts and Excess Benefit Plan of our Named Executive Officers. The Excess Benefit Plan allows management or other highly compensated employees an opportunity to defer compensation on a pre-tax basis in excess of qualified retirement plan limits. See the "All Other Compensation" column of the Summary Compensation Table below for the aggregate dollar amount of all additional compensation provided to each of our Named Executive Officers.

Employment Agreements

We have entered into an employment agreement with Mr. Russell, our Chairman and CEO, and separation agreements with Mr. Will, our Executive Vice President, CFO, Assistant Secretary, and Treasurer, and Mr. Glaser, our former President and Chief Operating Officer, all as described below. The agreements with Messrs. Russell and Will reflect the fact that a significant portion of their total compensation may at any point in time consist of unvested stock options or restricted stock holdings, and that some measure of protection against a possible, but unpredictable, action of successor corporations is desirable for both the executives and the Company. These agreements also reduce the risk that alignment between Messrs. Russell and Will's and our stockholders' interests are decoupled by a change-in-control event. The payout provisions under these agreements were established based on prevailing market practice. The agreement with Mr. Glaser was entered into upon his retirement from his position as the Company's President and Chief Operating Officer.

The employment agreement of Mr. Russell provides that upon the occurrence of a change in control (as defined in the employment agreement) Mr. Russell may be entitled to receive certain payments and benefits from us. Specifically, if (i) at any time within two years of a change in control or within 180 days prior to a change in control, Mr. Russell's employment is terminated by us without cause or by Mr. Russell for cause or (ii) at any time during the ninety (90)

day period immediately following the date which is six months after the change in control Mr. Russell terminates his employment for any reason, Mr. Russell shall be entitled to receive from us (1) a lump sum payment in an amount equal to three times his base salary and three times the highest annual bonus paid to him within three years prior to the change in control; (2) any accrued benefits; (3) a pro-rata portion of the bonus for the fiscal year in which the change in control occurs; (4) continued medical and dental benefits for himself and eligible

dependents for 36 months; (5) outplacement services for one year; and (6) upon the occurrence of the change in control, full and immediate vesting of all stock options and equity awards. The agreement also provides that Mr. Russell is entitled to receive a gross-up payment on any payments made to him that are subject to the excise tax imposed by Section 4999 of the Code; provided, however, that if the total payments made to Mr. Russell do not exceed 110% of the greatest amount that could be paid to him, such that the receipt of payments would not give rise to any excise tax, then no gross-up payment will be made and the payments made to Mr. Russell, in the aggregate, will be reduced to an amount that would result in no excise tax being triggered. The employment agreement also includes a two-year non-compete covenant commencing on termination of employment.

Narrative to Director Compensation

Effective January 31, 2007, we adopted a new compensation program for our three non-employee directors, Messrs. Heyworth, Hines, and Miller, with target annual compensation of approximately \$100,000 per director. We established cash compensation of \$35,000, plus \$2,500 for serving as a committee chair and \$5,000 for serving as lead director. There are no meeting or committee membership fees. In addition, we established equity compensation of approximately \$65,000. For fiscal 2007, the equity compensation consisted of \$19,333 in financial statement value (based on a Black-Scholes calculation) of stock options granted in fiscal 2005 that vested in fiscal 2007, plus a number of shares of restricted stock equal to \$45,667 divided by the stock price on the date of grant. Because Mr. Hines became a director in fiscal 2007, he did not receive the equity compensation tied to the vesting of certain options granted in fiscal 2005. Under the new compensation program, our non-employee directors received restricted stock awards in the amount of 2,720 shares of the Company's common stock on January 31, 2007. The restricted stock awards will vest entirely on the date of the 2007 Annual Meeting of Stockholders of the Company. The shares must be held for a minimum of two years following the vesting date so long as the recipient remains a director.

(3) Beneficial ownership is calculated in accordance with the rules of the SEC. A person is deemed to have "beneficial ownership" of any security that he or she has a right to acquire within sixty days following September 1, 2007. Shares of common stock underlying stock options that are currently exercisable or will be exercisable within 60 days following September 1, 2007 are deemed to be outstanding for purposes of computing the percentage ownership of the person holding such options and the percentage ownership of all executive officers and directors as a group, but are not deemed outstanding for purposes of computing the percentage ownership of any other person or entity. As a result, the denominator used in calculating beneficial ownership percentages among our stockholders and management may differ. As of September 1, 2007, the number of shares of common stock underlying stock options currently exercisable or that will become exercisable within 60 days following September 1, 2007 were held by the following individuals: Mr. Russell – 228,376 shares; Mr. Will – 21,263 shares; Mr. Core – 11,363 shares; Mr. Glaser – 1,913 shares; Mr. Hernandez – 16,988 shares; Mr. Miller – 26,438 shares; and Mr. Heyworth – 51,188 shares.

Management and the independent registered public accounting firm are required to periodically report to the Audit Committee regarding the extent of services provided by the firm in accordance with the annual pre-approval, and the fees for the services performed to date. If management believes that a new service, or the expansion of a current service, provided by the independent registered public accounting firm is necessary or desirable then such new or expanded services are presented to the Audit Committee for its review and approval prior to the engagement of the independent registered public accounting

firm to render such services. No audit-related, tax, or other non-audit services were approved by our Audit Committee pursuant to the *de minimus* exception to the pre-approval requirement under Rule 2-01, paragraph (c)(7)(i)(C), of Regulation S-X during the fiscal year ended June 30, 2007.
