Notes to the Financial Statements
June 30, 1999 and December 31, 1998

NOTE 1 - ORGANIZATION

The financial statements presented are those of New Environmental Technologies Corporation (the Company). The Company was incorporated as "All Things, Inc." under the laws of the State of Nevada on January 7, 1982. On March 21, 1985, the Company changed its name to "New Environmental Technologies Corporation." The Company was organized for the purpose of engaging in any activity or business not in conflict with the laws of the State of Nevada or of the United States of America, and without limiting the generality of the foregoing, specifically:

- a. To have and to exercise all the powers now or hereafter conferred by the laws of the State of Nevada upon corporations organized pursuant to the laws under which the corporation is organized and any and all acts amendatory thereof and supplemental thereto.
- b. To discount and negotiate promissory notes, drafts, bills of exchange and other evidence of debts, and to collect for others money due them on notes, checks, drafts, bills of exchange, commercial paper and other evidence of indebtedness.
- c. To purchase or otherwise acquire, own, hold, lease, sell, exchange, assign, transfer, mortgage, pledge, or otherwise dispose of, to guaranty, to invest, trade and deal in and with personal property of every class and description.
- d. To enter into any kind of contract agreement or profit sharing plan with its officers or employees that the Company may deem advantageous or expedient or otherwise to reward or pay such persons for their services as the directors may deem fit.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Accounting Method

The Company's financial statements are prepared using the accrual method of accounting. The Company has elected a December 31 year end.

b. Basic Loss Per Share

The computation of basic loss per share of common stock is based on the weighted average number of shares outstanding during the period of the financial statements.

c. Provision for Taxes

Edgar Filing: NEW ENVIRONMENTAL TECHNOLOGIES CORP - Form 10QSB

At June 30, 1999, the Company has net operating loss carryforwards of approximately \$65,000 that may be offset against future taxable income through 2014. No tax benefit has been reported in the financial statements, because the Company believes that the net operating loss tax benefit will more likely than not expire unused.

d. Related Party Transactions

Included in accounts payable is \$8,010 due to a controlling shareholder.

e. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

f. Unaudited Financial Statements

The accompanying unaudited financial statements include all of the adjustments which, in the opinion of management, are necessary for a fair presentation. Such adjustments are of a normal, recurring nature.
