AIRTRAX, INC.  
(A Development Stage Company)  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2005  
(Unaudited)

1. BASIS OF PRESENTATION

The unaudited interim financial statements of AirTrax, Inc. ("the Company") as of June 30, 2005 and for the three month and six month periods ended June 30, 2005 and 2004, respectively, have been prepared in accordance with accounting principals generally accepted in the United States of America. In the opinion of management, such information contains all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of the results for such periods. The results of operations for the quarter and six month period ended June 30, 2005 are not necessarily indicative of the results to be expected for the full fiscal year ending December 31, 2005.

Certain information and disclosures normally included in the notes to financial statements have been condensed or omitted as permitted by the rules and regulations of the Securities and Exchange Commission, although the Company believes the disclosure is adequate to make the information presented not misleading. The accompanying unaudited financial statements should be read in

## Edgar Filing: AIRTRAX INC - Form 10QSB/A

conjunction with the financial statements of the Company for the year ended December 31, 2005.

### 2. RESTATEMENTS

Certain errors effecting the June 30, 2005 financial statements have been discovered during a review by management. Correcting these errors resulted in an increase in common stock and a reduction in paid in capital - warrants as of June 30, 2005; and changes in the net losses attributable to common shareholders with a resultant increase in the deficit accumulated during development stage, and certain changes in the statements of cash flows, for the three and six month periods ended June 30, 2005. The June 30, 2005 financial statements have, therefore, been restated to correct these errors. The restated amounts are compared with the amounts previously reported in the following tables.

### 3. COMMON STOCK AND WARRANTS

The certificate of incorporation was amended on March 28, 2005 to increase the number of authorized shares to 100,000,000 for the common no par stock, and to 5,0000,000 for the preferred no par stock.

On February 11, 2005, the Company issued \$5,000,000 of 6% convertible promissory notes, which were convertible into Company common stock and two classes of warrants to purchase Company common stock. The notes were to mature on August 10, 2005. The Company retained the right to require conversion of the notes at a price of \$1.30 per share. Conversion occurred on March 29, 2005 and 3,846,154 shares of common stock were issued. In addition, warrants to purchase common stock in connection with this transaction as follows: 1,923,077 Class A warrants and 961,538 Class B warrants. The Class A warrants are exercisable for a five year period at a price per share of \$2.11. As partial compensation, the broker-dealer which arranged this transaction was awarded 384,616 warrants to purchase common stock at \$1.85 per share, and an additional 100,000 were issued @ \$1.00 per share.

### 3. COMMON STOCK AND WARRANTS (continued)

This issuance of convertible promissory notes and warrants was accounted for as required by Emerging Issues Task Force (EITF) 98-5 "Accounting for Securities with Beneficial Conversion Features or Contingently Adjustable Conversion Ratios" and EITF 00-27 "Application of Issue No. 98-5 to Certain Convertible Investments." Accordingly, expense was increased by \$944,500 representing the value of the warrants and by \$3,269,231 representing the value of the conversion privilege.

On May 14, 2005, the Company issued a \$500,000 8% convertible note. The note is scheduled for maturity in two years. During that period, it can be converted to stock at a rate of \$1.30 per share, which would translate to 384,615 shares. Accompanying the convertible note were 384,615 warrants to purchase common stock at \$2.11 per share; these warrants are exercisable over a five year period.

A total of 8,536,298 warrants was outstanding at June 30, 2005 as follows:

	Class A	Class B	Other Warrants	Total Warrants

## 6. CONTINGENCY

The Company has a tentative agreement to purchase 75.1% of the stock of FiLCO GmbH (FiLCO), a German manufacturer of fork trucks with a manufacturing facility in Mulheim, Germany. During the pendency of the tentative agreement, the Company has agreed to make advances to FiLCO. Through June 30, 2005, advances totaling \$5,266,236 had been made. A portion of these advances may be converted to capital on the books of FiLCO. The seller, who will continue to own the remaining 24.9% of the FiLCO stock, has agreed that if the Company converts \$1,220,000 of its advances to capital he will also convert to FiLCO capital a loan of 1,225,000 Euros that FiLCO owes to him. As additional consideration for this FiLCO stock purchase, the Company has agreed to pay the seller 12,750 Euros and to issue to the seller 900,000 warrants to purchase Company stock; these warrants would be exercisable at \$.01 per share. The Company has appointed the seller of the FiLCO stock a director of the Company and upon a closing of the acquisition would grant him options to purchase 100,000 shares of Company stock for \$.01. Additionally, the Company agreed to advance funds, if needed, to FiLCO to provide for its working capital needs. Any advances made under the latter provision would be collateralized by the remaining 24.9% of FiLCO stock and would be repaid only from dividends paid on the stock.

As of June 30, 2005, the Company had not concluded the contract and had not issued any of the warrants or options contemplated by the tentative agreement.

### Overview

Since 1995, substantially all of our resources and operations have directed towards the development of the omni-directional wheel and related components for forklift and other material handling applications. Many of the components, including the unique shaped wheels, motors, and frames, have been specially designed by us and specially manufactured for us. Four pilot models of the commercial omni-directional lift truck are operational and have been used for extensive testing over the past few years.

We have completed our initial production run consisting of 10 units of our Sidewinder ATX-3000 Omni-Directional Lift Truck. Two of these vehicles have been sold to consumers while several of the other eight trucks will be used for additional testing including UL (Underwriters Laboratories) compliance. Unit assembly for the first 10 units was completed by us at the H&R Industries facility in Warminster, PA. ANSI testing is completed using specified mast and will be continued throughout the second and third quarters on optional mast to be used with this vehicle. Final UL compliance must be completed at the plant of initial and final assembly. Following required compliance testing, we expect to sell the remainder of these units to select dealers in the United States. We have received orders for these units.

We have incurred losses and experienced negative operating cash flow since our formation. For the three months ended June 30, 2005 and 2004, we had a net loss of \$(1,537,292) and \$(503,426), respectively. We expect to continue to incur significant expenses. Our operating expenses have been and are expected to continue to outpace revenues and result in significant losses in the near term. We may never be able to reduce these losses, which will require us to seek additional debt or equity financing.

Our principal executive offices are located at 200 Freeway Drive, Unit One, Blackwood, NJ 08012 and our telephone number is (609) 567-7800. We are incorporated in the State of New Jersey.

### Company History

We were incorporated in the State of New Jersey on April 17, 1997. On May 19, 1997, we entered into a merger agreement with a predecessor company that was incorporated on May 10, 1995. We were the surviving company in the merger.

Effective November 5, 1999, we merged with MAS Acquisition IX Corp ("MAS"), and were the surviving company in the merger. Pursuant to the Agreement and Plan of Merger, as amended, each share of common stock of MAS was converted to 0.00674 shares of our company. After giving effect to fractional and other reductions, MAS shareholders received 57,280 of our shares as a result of the merger.

In March 2004, we reached an agreement in principal, subject to certain closing conditions, with Fil Filipov to acquire 51% of the capital stock of Filco GmbH, a German corporation. In April 2003, Filco GmbH acquired substantially all of the assets of Clark Material Handling of Europe GmbH which were located at Clark's facility in Rheinstrasse Mulheim a.d. Ruhr, Germany. These assets consisted of all of the tooling, machinery, equipment, inventory, intellectual property, office furniture and fixtures, and personnel necessary to build the entire Clark line of lift trucks, but excluded the building and land, as well as the rights to the Clark name. Further, Filco GmbH has entered into an 18-month lease agreement with the current property owner with an option to purchase the 200,000 square foot building and land for 4.7 million euros, and Filco GmbH has been operating this plant since July 1, 2003.

In October 2004, Mr. Filipov and we agreed to modify our agreement in principal so as to increase the number of shares of the capital stock of Filco GmbH which we will acquire, if we finalize the acquisition, from 51% to 75.1%. The purpose of this change is to give us control of Filco GmbH in accordance with USGAAP and German law considerations regarding consolidation and capitalization. Further, this change was offered and accepted in consideration of our agreeing to advance Filco additional funds, in the form of a loan, to fund the start up of the Filco operation prior to the consummation of the transaction. All other conditions and terms of the agreement between the parties shall remain the same.

We have not yet finalized nor executed the acquisition agreement but have loaned Filco GmbH an aggregate principal amount of \$2,700,000 pursuant to a series of unsecured promissory notes. We have used proceeds from the private placement offerings that we completed during 2004 and 2005 to fund such loans. Filco GmbH has informed us its estimated working capital needs during the next year will be approximately \$5,000,000, with \$1,500,000 needed during January 2005, in order for it to achieve profitable operations. Should we complete the acquisition of Filco GmbH, we will need to raise additional capital in order to fund the working capital needs of Filco GmbH.

In general, the Filco transaction could provide us access to strategic partnerships in personnel and successful business ventures, sales and market exposure in Europe.

The proposed acquisition of Filco may include a leased manufacturing facility, with an experienced workforce, inventory, intellectual property, and machinery sufficient to fill 200,000 square feet of assembly and manufacturing. Filco could provide us with cliental throughout Europe and the Middle East. This could provide us with the ability to sell a complete line of lift trucks beyond the limited sized Sidewinder Omni-Directional Lift Truck. It would provide manufacturing or assembly for our products, including, but not limited to, the aerial work platforms or any other products we develop or can contract to assemble with other companies.

In addition, if the acquisition is completed we anticipate that we will establish manufacturing capability in Europe, to complement our manufacturing in the United States. We currently purchase a high percentage of our parts in Europe, including, but not limited to, the frames from Bulgaria, motors and controllers manufactured in the Czech Republic and Sweden, and transmissions, brakes and seats manufactured in Germany. The mast could be manufactured, the frames could be powder coated (painted), and European parts could be assembled at the Filco plant. Partially assembled vehicles would be shipped to the United States for final assembly. Wheels and other parts for the vehicles may be sold in Europe or Middle Eastern countries could be shipped from the United States for the completion of manufacturing at Filco. We believe we could cut manufacturing costs because our material handling equipment could be

## Edgar Filing: AIRTRAX INC - Form 10QSB/A

manufactured in the continent in which it is sold, i.e., Europe. With our manufacturing capabilities in the United States, this potential acquisition would allow a portion of the Sidewinder becoming assembled and manufactured in each of the two continents that purchase and use about 70% of all material handling equipment worldwide.

14

The primary objective that must be achieved to reach the aforementioned goal(s) is to secure the necessary financing required to fund the acquisition and manufacturing objectives of Filco and us. There can be no assurance that we will be able to raise sufficient capital necessary to complete the acquisition and fund the manufacturing objectives of Filco and us.

### Loans to Filco GmbH

From May 5, 2003 through September 2, 2003, we loaned Filco \$365,435 to acquire our initial interest in Filco. Such funds were provided in the form of a loan because we were not able to come up with sufficient funding to acquire our initial interest. Filco repaid principal and interest under this loan to us.

In March of 2004, a tentative agreement was negotiated with the principals of Filco in connection with the proposed acquisition. Our management determined to provide Filco limited funding in the form of loans, until financing could be obtained which would help guarantee that the operating capital needed for Filco operations could, in fact, be obtained. The tentative agreement reached with Filco provided that we would take a 51% controlling ownership interest in Filco. The tentative agreement required that we provide sufficient funding, which the parties estimated would be approximately \$1.3 million to be allocated in the form of equity in Filco. The tentative agreement required that we secure a guaranteed credit line for Filco of not less than \$5 million to be used as operating capital. A later addendum to the tentative agreement stated that we would acquire 75.1% controlling ownership interest in Filco.

The amounts loaned to Filco to date, even if unrecoverable, would not prevent us from commencing the manufacture of the Sidewinder Omni-Directional Lift Truck. The manufacture and sale of omni-directional material handling equipment is our primary goal. During the second quarter of 2005, we realized limited revenues from the first sales of the Sidewinder Omni-Directional Lift Truck.

We believe that our unsecured loans to Filco are recoverable if the proposed acquisition is not completed. Should Filco default with loan repayment, if such payment were due and requested, it would be much easier to put Filco into bankruptcy in Germany than it would be in the United States. Should Filco be put into bankruptcy, we, as the largest creditor, would be in position to do a legal takeover through bankruptcy administrators.

We loaned Filco approximately \$2.7 million through the end of 2004 and loaned an additional \$1.5 million during the first quarter of 2005. We intend to provide another \$5 million to Filco, either in the form of guaranteed credit lines or through additional sales our securities.

### Filco GmbH's Financial Condition

The improvement of Filco's financial condition and results of operations, as set forth below, furthers our belief that we would be able to recover principal and interest due under our unsecured loans to Filco in the event that the proposed acquisition is not completed.

Filco manufactured approximately 550 lift trucks in 2003 and very limited numbers in 2004. In 2004, Filco did not have adequate operating capital to

## Edgar Filing: AIRTRAX INC - Form 10QSB/A

conduct business operations and had numerous issues with its worker's union to resolve. It was and is considered by Filco's management, a better long term negotiating tactic with unions to threaten to close the facility completely than to attempt to run the facility during negotiations. Accordingly, for this reason as well as the lack of funding, Filco's plant was closed for much of 2004 and the beginning of 2005.

Filco reached accord with the union on March 30, 2005. Employees will be required to work a 40-hour week instead of 35 prior to additional hires. Wages have been decreased 20%. The resolution of the problems Filco was experiencing with its union is critical to the future success of the company. In addition, the loans that we granted to Filco as of the date hereof have created considerable improvements in Filco's financial condition and results of operations.

15

As a result of the above, Filco recommenced production of standard forklifts during the second quarter of 2005. In April 2005, Filco shipped new trucks and at least 14 re-conditioned vehicles. In addition, Filco began the assembly of a Russian tractor for distribution in Europe. This agreement calls for the production of 700 units to be assembled each year at a price of 2,800 Euros each. The Russian company will supply all parts. It is anticipated that Filco will be in full forklift production late in the third quarter of 2005. The final production schedule is contingent upon supply of parts from various vendors.

Results of Operations - Three Months Ended June 30, 2005 compared with Three Months Ended June 30, 2004

We have been a development stage company for the periods ended June 30, 2005 and 2004 and have not engaged in full-scale operations for the periods indicated. The limited revenues for the periods have been derived from the first sales of the Sidewinder Omni-Directional Lift Truck. During 2005, we expect to transition from a development stage company to an operating company as we begin production and sales of the Sidewinder Omni-Directional Lift Truck. Consequently, management believes that the year-to-year comparisons described below are not indicative of future year-to-year comparative results.

### Revenues

For the three-month period ended June 30, 2005, the Company had sales revenue of \$90,544. This compares to revenues of \$-0- for the three months ended June 30, 2004. The increase in sales revenue represents the first sales of the SIDEWINDER Omni-Directional Lift Truck to Airtrax Canada, a non-affiliate.

### Cost of Goods Sold

The Company's cost of goods sold for the three months ended June 30, 2005 amounted to \$107,765. For the three months ended June 30, 2004, the Company's cost of goods sold was \$-0-. The Company's \$107,765 cost of goods sold reflects the cost of the lift trucks sold during the three months ended June 30, 2005.

The Company is entitled to a benefit for the effect on income taxes on the net operating loss. Accordingly, a benefit in the amount of \$166,301 has been recorded for the second quarter of 2005 and \$41,811 was recorded during the second quarter of 2004.

### Operating and Administrative Expenses

Operating and administrative expenses includes administrative salaries and overhead. For the three months ended June 30, 2005, the Company's operating and

## Edgar Filing: AIRTRAX INC - Form 10QSB/A

administrative expenses totaled \$1,284,288. Operating and administrative expenses totaled \$549,332 for the three months ended June 30, 2004. For the three months ended June 30, 2005 operating and administrative expenses increased \$734,956 compared with the same period of 2004. These changes are a result of the time and material costs preparing for production of the SIDEWINDER and other production related issues including labor and materials used to outfit the new Airtrax assembly plant in Blackwood NJ.

### Research and Development

We had no research and development costs for the three months ended June 30, 2005.

### Loss Before Income Taxes

Loss before income taxes for the three month period ended June 30, 2005 totaled \$1,224,426. For the three months ended June 30, 2004, loss before income taxes totaled \$545,237. The increase in loss before income tax for the three months ended June 30, 2005 compared with the same period of 2004 was caused by the time and material allocations preparing for production of the SIDEWINDER and other production related issues including labor and materials used to outfit the new Airtrax assembly plant in Blackwood NJ.

### Preferred Stock Dividends

During the three months ended June 30, 2005, the Company paid \$51,563 dividends on preferred stock. During the three months ended June 30, 2004, the Company paid dividends on preferred stock in the amount of \$-0-. The preferred stock dividends are payable to a company that is owned by our President.

### Results of Operations - Six Months Ended June 30, 2005 compared with Six Months Ended June 30, 2004

We have been a development stage company for the six months ended June 30, 2005 and 2004 and have not engaged in full-scale operations for the periods indicated. The limited revenues for the periods have been derived from the first sales of the Sidewinder Omni-Directional Lift Truck. During 2005, we expect to transition from a development stage company to an operating company as we begin production and sales of the Sidewinder Omni-Directional Lift Truck. Consequently, management believes that the year-to-year comparisons described below are not indicative of future year-to-year comparative results.

### Revenues

For the six-month period ended June 30, 2005, the Company had sales revenue of \$167,545. This compares to revenues of \$-0- for the six months ended June 30, 2004. The increase in sales revenue represents the first sales of a total of 4 SIDEWINDER Omni-Directional Lift Trucks plus batteries and chargers.

### Cost of Goods Sold

The Company's cost of goods sold for the six months ended June 30, 2005 amounted to \$160,126. For the six months ended June 30, 2004, the Company's cost of goods sold was \$-0-. The Company's \$160,126 cost of goods sold reflects the cost of the lift trucks sold during the six months ended June 30, 2005.

The Company is entitled to a benefit for the effect on income taxes on the net operating loss. Accordingly, a benefit in the amount of \$224,446 has been recorded for the six months ended June 30, 2005 and \$67,770 was recorded during the six months ended June 30, 2004.

### Operating and Administrative Expenses

## Edgar Filing: AIRTRAX INC - Form 10QSB/A

Operating and administrative expenses includes administrative salaries and overhead. For the six months ended June 30, 2005, the Company's operating and administrative expenses totaled \$2,007,882. Operating and administrative expenses totaled \$848,141 for the six months ended June 30, 2004. For the six months ended June 30, 2005 operating and administrative expenses increased \$1,159,741 compared with the same period of 2004. These changes are a result of the time and material costs preparing for production of the SIDEWINDER and other production related issues including labor and materials used to outfit the new Airtrax assembly plant in Blackwood NJ.

### Research and Development

We had no research and development costs for the six months ended June 30, 2005.

16

### Loss Before Income Taxes

Loss before income taxes for the six month period ended June 30, 2005 totaled \$6,116,113. For the six months ended June 30, 2004, loss before income taxes totaled \$851,650. The principal reason for the increase in loss before income taxes for the six months ended June 30, 2005 compared with the same period of 2004 was two amounts charged to interest expense which totaled \$4,213,731. These charges stemmed from the convertible bond issue and are described in Note 3 to the financial statements. Other factors contributing to the increase in the 2005 loss were time and materials devoted to preparing for production of the SIDEWINDER and preparing the new assembly plant in Blackwood New Jersey.

### Preferred Stock Dividends

During the six months ended June 30, 2005, the Company paid \$51,563 on preferred stock. During the six months ended June 30, 2004, the Company paid dividends on preferred stock in the amount of \$-0-. The preferred stock dividends are payable to a company that is owned by our President.

### Liquidity and Capital Resources

As of June 30, 2005, the Company's cash on hand was \$1,098,691 and working capital was \$2,623,593. Since its inception, the Company has financed its operations through the private placement of its common stock. During the six months ended June 30, 2005, the Company sold an aggregate of 68,750 shares of common stock to accredited and institutional investors. During the three months ended June 30, 2004, the Company sold an aggregate of 1,778,875 shares of common stock to accredited and institutional investors and issued an aggregate of 163,745 shares of common stock in consideration for services rendered.

The Company anticipates that its cash requirements for the foreseeable future will be significant. In particular, management expects substantial expenditures for inventory, production, and advertising in anticipation of the rollout of its omni-directional forklift. The Company expects that it will be required to raise funds through the private or public offering of its securities.

The Company's initial production run of ten SIDEWINDER Omni-Directional Lift Trucks was completed in the first quarter of 2005. The Company will need additional funds to support production requirements beyond the initial production run of its forklift which are estimated to be \$10,000,000. Of the total amount, approximately 25% is projected for parts and component inventory and manufacturing costs, with the balance projected as general operating expenditures, which includes overhead and salaries and the additional funds to complete the proposed acquisition of the 75.1% interest in Filco GmbH ("Filco"),

## Edgar Filing: AIRTRAX INC - Form 10QSB/A

primarily for Filco's working capital needs. As of June 30, 2005, the Company has loaned to Filco a total of \$5,266,136. The Company intends to complete the acquisition of Filco once operating capital for Filco is secured to finance their operations. The Company leased facilities starting in the second quarter of 2005 as corporate headquarters. This building will also facilitate the assembly of the SIDEWINDER and other omni-directional products, partial assembly of Filco lift trucks, if the proposed acquisition is completed, warranty work, and product distribution. The Company currently rents or leases space at Warminster PA and Flemington NJ. These leases and/or rentals will be terminated as the workload permits.

As of June 30, 2005, our working capital was \$2,623,593. Fixed assets, net of accumulated depreciation, and total assets, as of June 30, 2005 and 2004, were \$146,518 and \$9,678,152, respectively. Current liabilities as of June 30, 2005 were \$1,017,521.

### Item 3. Controls and Procedures

As of the end of the period covered by this report, we conducted an evaluation, under the supervision and with the participation of our chief executive officer and chief financial officer of our disclosure controls and procedures (as defined in Rule 13a-15(e) and Rule 15d-15(e) of the Exchange Act). Based upon this evaluation, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms. There was no change in our internal controls or in other factors that could affect these controls during our last fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

## Part II - OTHER INFORMATION

### Item 1. Legal Proceedings

None.

### Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On May 31, 2005, we entered into a 8% Series B Unsecured Convertible Debenture and Warrants Purchase Agreement (the "Purchase Agreement") with one accredited investor pursuant to which we sold a \$500,000 principal amount unsecured convertible debenture (the "Debenture") convertible into shares of our common stock, no par value, and stock purchase warrants (the "Warrants") to purchase shares of our common stock to a certain investor who is a party to the Purchase Agreement (the "Investor") for an aggregate purchase price of \$500,000.

The Debenture matures on May 31, 2007 and pays simple interest quarterly accruing at the annual rate of 8%, either in the form of our common stock, which shall be valued at the conversion price in effect on the trading day prior to the date interest is due, or cash, each at our option. The Debenture is convertible into shares of our common stock at a conversion price equal to \$1.30, subject to adjustment in certain events, including, without limitation, upon our consolidation, merger or sale of all or substantially all of our assets, a reclassification of our common stock, or any stock splits, combinations or dividends with respect to our common stock. We may in our discretion require that the Investor convert all or a portion of the Debenture and the Investor may in its discretion require that we redeem all or a portion

## Edgar Filing: AIRTRAX INC - Form 10QSB/A

of the Debenture.

In addition, we issued 384,615 Warrants to the Investor, representing an amount of Warrants equal to 100% of the quotient of (i) the principal amount of the Debenture issued at the closing date divided by (ii) the conversion price on the closing date. The Warrants are exercisable at a price equal to \$2.11, subject to adjustment in certain events, including, without limitation, upon our consolidation, merger or sale of all or substantially all of our assets, a reclassification of our common stock, or any stock splits, combinations or dividends with respect to our common stock, from the date of issuance until 5 years after the closing date.

18

First Montauk Securities Corp. (the "Selling Agent") acted as selling agent in connection with the offering. We issued a total of 38,462 Warrants on May 31, 2005 to the Selling Agent and the Selling Agent received gross fees of \$65,000, as consideration for services performed in connection with the issuance of the Debenture and Warrants to the Investor pursuant to the Purchase Agreement. The Selling Agent has no obligation to buy any Debenture or Warrants from us. In addition, we have agreed to indemnify the Selling Agent and other persons against specific liabilities under the Securities Act of 1933, as amended.

The issuance of the aforementioned securities was exempt from registration requirements of the Securities Act of 1933 pursuant to Section 4(2) of such Securities Act and Regulation D promulgated thereunder based upon the representations of each of the purchasers that it was an "accredited investor" (as defined under Rule 501 of Regulation D) and that it was purchasing such securities without a present view toward a distribution of the securities. In addition, there was no general advertisement conducted in connection with the sale of the securities.
