**Compensation of Directors**

Our directors do not receive compensation pursuant to any standard arrangement for their services as directors. All directors are reimbursed for expenses incurred in connection with attending meetings, including travel expenses to such meetings.

Our directors are eligible to participate in the Company's Stock Option Plan. Pursuant to the Stock Option Plan, non-employee directors of the Company receive a one-time grant of a non-qualified stock option to purchase 36,000 shares of the Company's Common Stock at an exercise price equal to fair market value per share on the date of their initial election to the Company's Board of Directors. Such non-qualified stock option vests as to 20% of the option grant on the first anniversary of the grant, and 20% on each subsequent anniversary, is exercisable only during the non-employee director's term and automatically expires on the date such director's service terminates. Upon the occurrence of a change of control, as defined in the Stock Option Plan, all outstanding unvested options immediately vest.

**Stock Option Plan**

Patient Infosystems' Amended and Restated Stock Option Plan (the Plan) was adopted by the Board of Directors and stockholders in 1995 and amended as of December 2004. As of December 2004, up to 3,500,000 shares of Common Stock are authorized and reserved for issuance under the Plan. Under the Plan, options may be granted in the form of incentive stock options (ISOs) or non-qualified stock options (NQOs) from time to time to salaried employees, officers, directors, director nominees and consultants of Patient Infosystems, as determined by the Compensation

Edgar Filing: PATIENT INFOSYSTEMS INC - Form SC 14F1

Committee of the Board of Directors. The Compensation Committee determines the terms and conditions of options granted under the Plan, including the exercise price. The Plan provides that the Committee must establish an exercise price for ISOs that is not less than the fair market value per share at the date of the grant. However, if

12

267430 v3/RE

ISOs are granted to persons owning more than 10% of the voting stock of Patient Infosystems, the Plan provides that the exercise price must not be less than 110% of the fair market value per share at the date of the grant. The Plan also provides for a non-employee director or non-employee director nominee to be entitled to receive a one-time grant of a NQO to purchase 50,000 shares at an exercise price equal to fair market value per share on the date of their initial election to Patient Infosystems' Board of Directors. Such NQO is exercisable only during the non-employee director's term and automatically expires on the date such director's service terminates. Each option, whether an ISO or NQO, must expire within ten years of the date of the grant. No additional options may be granted under the plan after June 1, 2005.

### **Employment Agreements**

As part of, and effective upon, the Merger, Patient Infosystems has entered into employment agreements with Chris Paterson, Glen Spence, Roger Chaufourmier, Christine St. Andre and Kent Tapper. The material terms of these agreements are described below.

#### *Chris Paterson*

Under the terms of Dr. Paterson's employment agreement, he is to be employed in the capacity of president and chief executive officer of the Company following the completion of the Merger. His employment agreement has an initial one year term, which automatically renews for additional one-year periods unless earlier terminated by the Company or Dr. Paterson. Dr. Paterson's base salary under the employment agreement is \$250,000 per year, and Dr. Paterson is eligible for a discretionary calendar year bonus in an amount up to 50% of his base salary, subject to his achievement of mutually agreed upon performance goals. In addition, Dr. Paterson is eligible for any other bonus payments as may be awarded by the Company's board of directors. Dr. Paterson's options to purchase shares of CCS Consolidated common stock were assumed by the Company at the closing of the Merger, and the vesting of such options was partially accelerated so that one quarter of the shares underlying the options were vested as of the closing of the Merger, with the remainder vesting in 36 equal monthly installments over the next three years. Dr. Paterson is also eligible to receive options to purchase shares of the Company's common stock under the Company's stock option plans on the same basis as similarly situated employees. The decision to grant any such options and the terms of such options will be within the discretion of the Company's board of directors.

In the event that Dr. Paterson's employment is terminated by the Company without cause or by Dr. Paterson for good reason (each as defined in his employment agreement), subject to Dr. Paterson's entering into and not revoking a separation agreement and release in a form acceptable to the Company, Dr. Paterson will be entitled to receive: (i) severance payments equal to his then applicable base salary for a period of twelve months; (ii) a pro rated portion of any annual bonus that he would have received had he remained employed through the calendar year for which the bonus is calculated; and (iii) if he timely elects and remains eligible for continued coverage under COBRA, that portion of the COBRA premiums that the Company was paying prior to the date of termination for as long as he is receiving severance payments under the employment agreement (or until he is eligible for health care coverage under another employer's plan, whichever period is shorter).

#### *Glen Spence*

Under the terms of Mr. Spence's employment agreement, he is to be employed in the capacity of chief financial officer of the Company following the completion of the Merger. His employment agreement has an initial one year term, which automatically renews for additional one-year periods unless earlier terminated by the Company or Mr. Spence. Mr. Spence's base salary under the employment agreement is \$215,000 per year, and Mr. Spence is eligible for a discretionary calendar year bonus in an

In addition, Mr. Spence is eligible for any other bonus payments as may be awarded by the Company's board of directors. Certain of Mr. Spence's options to purchase shares of CCS Consolidated common stock were assumed by the Company at the closing of the Merger, and the vesting of such options was partially accelerated so that one quarter of the shares underlying the options were vested as of the closing of the Merger, with the remainder vesting in 36 equal monthly installments over the next three years. Mr. Spence is also eligible to receive options to purchase shares of the Company's common stock under the Company's stock option plans on the same basis as similarly situated employees. The decision to grant any such options and the terms of such options will be within the discretion of the Company's board of directors.

In the event that Mr. Spence's employment is terminated by the Company without cause or by Mr. Spence for good reason (each as defined in his employment agreement), subject to Mr. Spence's entering into and not revoking a separation agreement and release in a form acceptable to the Company, Mr. Spence will be entitled to receive: (i) severance payments equal to his then applicable base salary for a period of six months; (ii) a pro rated portion of any annual bonus that he would have received had he remained employed through the calendar year for which the bonus is calculated; and (iii) if he timely elects and remains eligible for continued coverage under COBRA, that portion of the COBRA premiums that the Company was paying prior to the date of termination for as long as he is receiving severance payments under the employment agreement (or until he is eligible for health care coverage under another employer's plan, whichever period is shorter).

Under the terms of Mr. Chaufourmier's employment agreement, he is to be employed in the capacity of President of the Company's provider improvement subsidiary, reporting to the chief executive officer of the Company, following the completion of the Merger. His employment agreement has an initial one year term, which automatically renews for additional one-year periods unless earlier terminated by the Company or Mr. Chaufourmier. Mr. Chaufourmier's base salary under the employment agreement is \$262,500 per year, and Mr. Chaufourmier is eligible for a calendar year bonus if the Company's board of directors determines in its sole reasonable discretion that the earnings before charges for interest, taxes, depreciation and amortization (EBITDA) for the Company's provider improvement subsidiary for the year has exceeded \$1,000,000, and Mr. Chaufourmier remains employed by the Company through the end of the calendar year. If both these conditions are met, Mr. Chaufourmier's bonus shall be equal to a percentage of such EBITDA as follows:

12% of the EBITDA of the provider improvement subsidiary over \$1,000,000 but less than \$2,000,000;

In the event that Mr. Chaufournier's employment is terminated by the Company without cause or by Mr. Chaufournier for good reason (each as defined in his employment agreement), subject to Mr. Chaufournier's entering into and not revoking a separation agreement and release in a form acceptable to the Company, Mr. Chaufournier will be entitled to receive: (i) severance payments equal to his then applicable base salary for a period of twelve months; (ii) a pro rated portion of any annual bonus that he would have received had he remained employed through the calendar year for which the bonus is calculated; and (iii) if he timely elects and remains eligible for continued coverage under COBRA, that portion of the COBRA premiums that the Company was paying prior to the date of termination for as long as he is receiving severance payments under the employment agreement (or until he is eligible for health care coverage under another employer's plan, whichever period is shorter).

*Christine St. Andre*

Under the terms of Ms. St. Andre's employment agreement, she is to be employed in the capacity of Chief Operating Officer of the Company's provider improvement subsidiary following the completion of the Merger. and

20% of the EBITDA of the provider improvement subsidiary over \$4,000,000.

In addition, Ms. St. Andre is eligible to receive options to purchase shares of the Company's common stock under the Company's stock option plans on the same basis as similarly situated employees. The decision to grant any such options and the terms of such options will be within the discretion of the Company's board of directors.

In the event that Ms. St. Andre's employment is terminated by the Company without cause or by Ms. St. Andre for good reason (each as defined in her employment agreement), subject to Ms. St. Andre's entering into and not revoking a separation agreement and release in a form acceptable to the Company, Ms. St. Andre will be entitled to receive: (i) severance payments equal to her then applicable base salary for a period of twelve months; (ii) a pro rated portion of any annual bonus that she would have received had she remained employed through the calendar year for which the bonus is calculated; and (iii) if she timely elects and remains eligible for continued coverage under COBRA, that portion of the COBRA premiums that the Company was paying prior to the date of termination for as long as she is

In the event that Mr. Tapper terminates his employment with the Company within one year after his relocation to Florida, Mr. Tapper will be required to repay a prorated portion of such relocation costs.

In the event that Mr. Tapper's employment is terminated by the Company without cause or by Mr. Tapper for good reason (each as defined in his employment agreement), subject to Mr. Tapper's entering into and not revoking a separation agreement and release in a form acceptable to the Company, Mr. Tapper will be entitled to receive: (i) severance payments equal to his then applicable base salary for a period of six months; (ii) a pro rated portion of any annual bonus that he would have received had he remained employed through the calendar year for which the bonus is calculated; and (iii) if he timely elects and remains eligible for continued coverage under COBRA, that portion of the COBRA premiums that the Company was paying prior to the date of termination for as long as he is receiving severance payments under the employment agreement (or until he is eligible for health care coverage under another employer's plan, whichever period is shorter).
