UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES
EXCHANGE ACT OF 1934

For the quarterly period ended September 30, 2011

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES
EXCHANGE ACT OF 1934

For the transition period from _____ to _____

COMMISSION FILE NUMBER 000-50813

EdgeWave, Inc.
(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction of
incorporation or organization)

20-0996152
(I.R.S. Employer
Identification No.)

15333 Avenue of Science, San Diego, CA 92128
(Address of principal executive offices)

(858) 676-2277
(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports); and (2) has been subject to such filing requirements for the past 90 days.

Yes

No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T

Edgar Filing: EdgeWave, Inc. - Form 10-Q

(§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of “large accelerated filer,” “accelerated filer” and “smaller reporting company” in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer Non-accelerated filer Smaller Reporting Company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

The registrant had 16,939,826 shares of its common stock, par value \$0.01 per share, outstanding at November 9, 2011.

EdgeWave, Inc.

Notes to Condensed Consolidated Financial Statements

1. Description of Business and Significant Accounting Policies

Description of business

EdgeWave, Inc., a Delaware corporation (“we,” “us,” “our,” or the “Company”) develops and markets on demand, on-premises, and hybrid Secure Content Management (“SCM”) solutions to the mid-enterprise and service provider markets. Customers can purchase our solutions directly from us, through a managed service provider (“MSP”), or via one of our Pro Partners around the world. On-premises purchases typically consist of an initial hardware purchase (appliance) and maintenance subscription, whereas our on-demand purchases contain only a subscription. Our primary customers are IT executives, managers and administrators as well as MSPs and Internet Service Providers (“ISPs”).

On June 15, 2011, the shareholders of the Company approved the amendment of the Company’s Certificate of Incorporation to change our corporate name from St. Bernard Software, Inc. to EdgeWave, Inc.

Basis of presentation

The condensed consolidated financial statements included in this report are unaudited and have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and the instructions to Form 10-Q and applicable sections of Regulation S-X. The interim financial statements reflect all adjustments which are, in the opinion of management, necessary to make the financial statements not misleading. The consolidated balance sheet as of December 31, 2010 was derived from the Company’s audited financial statements. Operating results for the interim periods presented are not necessarily indicative of results to be expected for the fiscal year ending December 31, 2011. These consolidated financial statements should be read in conjunction with the Company’s December 31, 2010 consolidated financial statements and notes thereto included in the Company’s Annual Report filed on Form 10-K with the Securities and Exchange Commission on March 18, 2011.

Use of estimates

The preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates used in preparing the consolidated financial statements include those assumed in computing revenue recognition, the allowance for doubtful accounts, warranty liability, the valuation allowance on deferred tax assets, testing goodwill for impairment, and stock-based compensation.

Basic and diluted loss per common share

Basic loss per common share is computed by dividing net income loss available to common shareholders by the weighted average number of shares outstanding during the period. Diluted loss per common share gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible debt using the if-converted method. In computing diluted loss per common share, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted loss per common share excludes all dilutive potential shares if their effect is anti-dilutive. As of September 30, 2011 and September 30, 2010, the Company had 4,752,506 and 5,302,670 potentially dilutive securities outstanding, respectively, that were not included in the calculation of dilutive loss per share as their effect would have been anti-dilutive.

Adopted accounting pronouncements

In December 2010, the Financial Accounting Standards Boards (“FASB”) issued Accounting Standards Update (“ASU”) No. 2010-28, “Intangibles-Goodwill and Other (Topic 350): When to Perform Step 2 of the Goodwill Impairment Test for Reporting Units with Zero or Negative Carrying Amounts” (“ASU 2010-28”). ASU 2010-28 modifies Step 1 of the goodwill impairment test so that for reporting units with zero or negative carrying amounts, an entity is required to perform Step 2 of the goodwill impairment test if it is more likely than not based on an assessment of qualitative indicators that goodwill impairment exists. In determining whether it is more likely than not that goodwill impairment exists, an entity should consider whether there are any adverse qualitative factors indicating that impairment may exist. ASU 2010-28 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2010. The adoption of ASU 2010-28 during the first quarter of 2011 did not have a material impact on our condensed consolidated financial statements.

EdgeWave, Inc.

Notes to Condensed Consolidated Financial Statements (Continued)

In October 2009, the FASB issued ASU No. 2009-13, "Multiple-Deliverable Revenue Arrangements" ("ASU 2009-13"). ASU 2009-13 establishes the accounting and reporting guidance for arrangements including multiple revenue-generating activities. This ASU provides amendments to the criteria for separating deliverables, measuring and allocating arrangement consideration to one or more units of accounting. The amendments in this ASU also establish a selling price hierarchy for determining the selling price of a deliverable. Significantly enhanced disclosures are also required to provide information about a vendor's multiple-deliverable revenue arrangements, including information about the nature and terms, significant deliverables, and its performance within arrangements. The amendments also require providing information about the significant judgments made and changes to those judgments and about how the application of the relative selling-price method affects the timing or amount of revenue recognition. The amendments in ASU 2009-13 are effective prospectively for revenue arrangements entered into or materially modified in the fiscal years beginning on or after June 15, 2010. The adoption of ASU 2009-13 during the first quarter of 2011 did not have a material impact on our condensed consolidated financial statements.

In October 2009, the FASB issued ASU No. 2009-14, "Certain Revenue Arrangements That Include Software Elements" ("ASU 2009-14"). ASU 2009-14 changes the accounting model for revenue arrangements that include both tangible products and software elements that are "essential to the functionality," and scopes these products out of current software revenue guidance. The new guidance will include factors to help companies determine what software elements are considered "essential to the functionality." The amendments will now subject software-enabled products to other revenue guidance and disclosure requirements, such as guidance surrounding revenue arrangements with multiple-deliverables. The amendments for ASU 2009-14 are effective prospectively for revenue arrangements entered into or materially modified in the fiscal years beginning on or after June 15, 2010. Early application is permitted. The adoption of ASU 2009-14 during the first quarter of 2011 did not have a material impact on our condensed consolidated financial statements.

Recent accounting pronouncements

New accounting standards that have been issued by the FASB or other standards-setting bodies for which future adoption is pending are not expected to have a material impact on the Company's consolidated financial statements.

Reclassifications

Certain prior year reclassifications have been made for consistent presentation. These reclassifications had no effect on previously reported results of operations or stockholders' deficit.

Subsequent events

Management has evaluated events subsequent to September 30, 2011 through the date that the accompanying condensed consolidated financial statements were filed with the Securities and Exchange Commission for transactions and other events which may require adjustment of and/or disclosure in such financial statements.

EdgeWave, Inc.

Notes to Condensed Consolidated Financial Statements (Continued)

2. Liquidity

As of September 30, 2011, the Company had approximately \$2.3 million in cash and cash equivalents and a working capital deficit of \$8.6 million. Approximately \$11.0 million of our current liability balance at September 30, 2011 consisted of deferred revenue, which represents amounts that are expected to be amortized into revenue as they are earned in future periods. For the three and nine months ended September 30, 2011, the Company incurred a net loss of \$697,000 and \$3.7 million, respectively, and as of September 30, 2011 has incurred a cumulative net loss of \$56.9 million. For the nine months ended September 30, 2011 cash used by operating activities was \$2.2 million.

The Company believes that its existing cash resources as of September 30, 2011, projected collections on future billings, and borrowing availability under its existing credit facilities, will provide sufficient liquidity for the Company to meet its continuing obligations for the next twelve months. However, there can be no assurances that projected collections will be realized or that the Company will improve operating results so that positive cash flow from operating activities will be achieved. The Company is currently in discussions to raise between \$3 - \$4 million through a combination of debt and convertible debt in order to support the Company's growth plans. In the current capital environment, there is no assurance that the Company will be successful in raising these funds.

3. Share-Based Compensation Expense

Share option plans

The Company has three share-based compensation plans (collectively, the "Plans"), that provide for the issuance of options, stock grants, and stock-based awards to employees and others as deemed appropriate by the Board of Directors. Terms of options issued under the Plans generally include an exercise price equal to the estimated fair value of the underlying common stock at the date of grant, vesting periods generally between three and five years, and expiration dates not to exceed ten years from the date of grant. The determination of fair value of the Company's stock is determined based on the stock price at the grant date. As of September 30, 2011, the Company had 3,338,545 option shares outstanding, 1,306,280 options shares available for issuance, and 382,250 shares of restricted stock outstanding under the Plans. Stock-based compensation expenses of approximately \$194,000 and \$135,000 for the nine months ended September 30, 2011 and 2010, respectively, were charged to operating expenses. The effect on loss per share as a result of the stock based compensation expense was approximately \$0.01 for the nine months ended September 30, 2011 and 2010. The tax effect was immaterial.

Calculating stock-based compensation expense requires the input of highly subjective assumptions, including the expected life of the stock options granted, the expected stock price volatility factor, and the pre-vesting option forfeiture rate. The fair value of options granted during the nine months ended September 30, 2011 and 2010 was calculated using the Black-Scholes option pricing model ("Black-Scholes") using the valuation assumptions in the table below. The Company estimates the expected life of stock options granted based upon management's consideration of the historical life of the options and the vesting and contractual period of the options granted. The Company estimates the expected volatility factor based on the weighted average of the historical volatility of three publicly traded surrogates of the Company and the Company's implied volatility from its common stock price. The Company applies its risk-free interest rate based on the U.S. Treasury yield in effect at the time of the grant. The Company has no history or expectation of paying any cash dividends on its common stock. Forfeitures are estimated based on historical experience.

EdgeWave, Inc.

Notes to Condensed Consolidated Financial Statements (Continued)

	Nine months Ended September 30, 2011	Nine months Ended September 30, 2010
Average expected life (years)	6.5	6.5

\$ 0.45	\$ 0.73	160,000	9.07	\$ 0.54	22,748	\$ 0.53
\$ 0.82	\$ 0.82	30,000	9.12	\$ 0.82	—	—
\$ 0.14	\$ 0.82	3,388,545	7.93	\$ 0.27	1,860,651	\$ 0.24

The aggregate intrinsic value of options outstanding and options exercisable at September 30, 2011 was approximately \$326,000 and \$210,000, respectively. The aggregate intrinsic value represents the total intrinsic value based upon the stock price of \$0.35 at September 30, 2011. The aggregate intrinsic value of options outstanding and options exercisable at September 30, 2010 was approximately \$1.2 million and \$451,000, respectively.

Cash received from stock option exercises during the nine months ended September 30, 2011 was \$104,000. As of September 30, 2011, there was approximately \$334,000 of total unrecognized compensation expense related to unvested share-based compensation arrangements granted under the option plans. This cost is expected to be recognized over a weighted average period of 2.64 years.

4. Credit Facilities – Silicon Valley Bank (“SVB”)

On June 30, 2011 and September 8, 2011, the Loan and Security Agreement between the Company and SVB was amended. The primary revisions incorporated by these amendments include (i) increasing the revolving line balance to \$3.0 million (from \$2.3 million), (ii) modifying the tangible net worth covenant to no less than negative \$21,500,000 at all times, (iii) increasing the borrowing base to eighty-five percent (85%) of eligible accounts, (iv) extending the maturity date for the revolving credit line and Term Loan A to June 30, 2013, and (v) providing for an additional term loan facility (“Term Loan C”) totaling \$200,000 that will be used for general working capital.

At September 30, 2011, the total amount outstanding under the Revolving Line was \$2.0 million and the Company had a remaining borrowing availability of \$107,000. As of September 30, 2011, the applicable interest rate for the Revolving Line was 6.00% and for the nine months ended September 30, 2011 interest expense relating to the revolving line was approximately \$45,000. At September 30, 2011, the total amount outstanding under Term Loans A, B, and C was \$583,000, which represents the total amount available pursuant to these loans. As of September 30,

2011, the applicable interest rates for Term Loan A, Term Loan B, and Term Loan C were 6.00%, 7.50%, and 7.00%, respectively, and the total interest expense for these loans for the nine months ended September 30, 2011 was approximately \$23,000.

As of September 30, 2011, the Company was in compliance with the covenants under the SVB Loan and Security Agreement, as amended.

5. Convertible Notes Payable

On August 2, 2010, the Company issued convertible notes (the "Notes") in the amount of \$3.2 million pursuant to a Securities Purchase Agreement ("SPA"). Pursuant to the terms of the SPA, the Company also issued Warrants ("Warrants") to the note holders to purchase up to a total of 210,111 shares of the Company's common stock. The Notes mature on August 2, 2014. Interest on the outstanding principal balance accrues at a rate of three percent (3.0%) per annum and accrued interest is added to the balance of the Notes. Interest expense on the convertible notes, which was added to the principal balance, for the nine months ended September 30, 2011, was approximately \$71,000.

EdgeWave, Inc.

Notes to Condensed Consolidated Financial Statements (Continued)

6. Warrants

As of September 30, 2011 and December 31, 2010, a total of 1,363,961 shares of common stock, respectively, were reserved for issuance for the exercise of warrants at exercise prices ranging from \$0.46 to \$1.60 per share. There were no warrants granted, exercised, or cancelled during the nine months ended September 30, 2011.

7. Warrant Derivative Liability

At September 30, 2011, there were 463,500 warrants classified as a derivative liability pursuant to accounting guidance as codified in FASB Accounting Standards Codification (“ASC”) 815-40, “Derivatives and Hedging – Contracts in Entity’s Own Equity”. At September 30, 2011 the estimated fair value of these warrants of \$75,000 is included in accrued expenses and other current liabilities in the accompanying consolidated balance sheet. The estimated fair value was determined using the binomial lattice pricing model (“binomial lattice model”). Key assumptions of the binomial lattice model include the market price of our stock, the exercise price of the warrants, applicable volatility rates, risk-free interest rates, expected dividends, probability of future financing, and the instrument’s remaining term. These assumptions require significant management judgment. In addition, changes in any of these variables during a period can result in material changes in the fair value (gains or losses) of this derivative instrument. The net change in the estimated fair value of the warrant derivative liability for the nine months ended September 30, 2011 of \$45,000 is included in other income in the accompanying statement of operations.

8. Fair Value Measurements

Fair value hierarchy

Fair value is defined in ASC 820, “Fair Value Measurement”, as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are to be considered from the perspective of a market participant that holds the assets or owes the liability. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The Company utilizes the market approach to measure fair value of its financial assets and liabilities. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical or similar assets and liabilities.

Level 2: Quoted prices for identical or similar assets and liabilities in markets that are not active or observable inputs other than quoted prices in active markets for identical or similar assets and liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Financial instruments measured at fair value on a recurring basis

ASC 820 requires disclosure of the level within the fair value hierarchy used by the Company to value financial assets and liabilities that are measured at fair value on a recurring basis. At September 30, 2011 and December 31, 2010, the Company had outstanding warrants to purchase common shares of our stock that are classified as warrant derivative liabilities with an estimated fair value of \$75,000 and \$120,000, respectively. The warrants are valued using the binomial lattice pricing model, which utilizes significant unobservable inputs (Level 3), using the valuation assumptions in the table below.

EdgeWave, Inc.

Notes to Condensed Consolidated Financial Statements (Continued)

	September 30, 2011	December 31, 2010
Average expected life (years)	3.3	4.0
Average expected volatility	70.0%	52.2%
Average risk-free interest rate	0.42%	3.3%
Expected dividend yield	0	0
Stock price	\$ 0.35	\$ 0.58

The following table reconciles the warrant derivative liability measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the nine months ended September 30, 2011:

Balance at December 31, 2010	\$ 120,000
Gain on change in fair value included in other expense	45,000
Balance at September 30, 2011	\$ 75,000

Other financial instruments

The Company's other financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable, accrued expenses, line of credit, term loans, convertible notes, and capital lease agreements. The fair values of cash and cash equivalents, accounts receivable, accounts payable and accrued expenses approximate their respective carrying values due to the short-term maturities of these instruments. The fair value of the Company's obligations under its line of credit, term loans, convertible notes, and capital leases approximates their carrying value as the stated interest rates of these instruments reflect rates which are otherwise currently available to the Company.

9. Commitments and Contingencies

Litigation

In the normal course of business, the Company is occasionally named as a defendant in various lawsuits. On September 7, 2010, an action was filed in the United States District Court Eastern District of Texas by Wordcheck Tech, LLC (the "Plaintiff") against the Company as well as other co-defendants. In this matter, the Plaintiff's claim against the Company is that the ePrism e-mail filter products, which are manufactured by an unrelated third party and sold by the Company, allegedly infringe upon U.S. Patent No. 6,782,510 entitled "Word Checking Tool For Controlling The Language Content In Documents Using Dictionaries With Modifyable Status Fields" which was issued on August 24, 2004. The Plaintiff is seeking a judgment in favor of Plaintiff, including a permanent injunction, and is seeking an award of unspecified damages. The Company disputes the alleged infringement and intends to vigorously defend its interests in this matter.

Operating leases

The Company leases approximately 37,000 square feet of office space in San Diego, CA pursuant to a lease agreement that expires in May 31, 2016. Pursuant to the terms of this lease agreement, the Company issued a Letter of Credit for the benefit of the lessor of \$250,000.

The Company also leases approximately 12,000 square feet of office space in Rohnert Park, CA which is used primarily for technical support and research and development relating to its Red Condor product line. The Rohnert Park lease expires on May 31, 2012.

EdgeWave, Inc.

Notes to Condensed Consolidated Financial Statements (Continued)

Facilities rent expense totaled approximately \$692,000 and \$1.2 million for the nine months ended September 30, 2011 and 2010, respectively. The Company recognizes rent expense on a straight line basis based upon the average monthly contractual lease amount.

Capital lease

As a component of its lease agreement for its office space in San Diego, CA, the Company received an allowance of approximately \$217,000 that the Company used to purchase office cubicles and other furniture during January 2011. Accordingly, a capital lease has been recorded for this amount and a pro-rata portion of the monthly lease payment is allocated to the capital lease principal balance and interest based upon a term of sixty-five (65) months at an annual interest rate of 7.0%. For the nine months ended September 30, 2011, approximately \$25,000 and \$11,000 were allocated to reduce the principal balance on the capital lease and to record related interest expense, respectively.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our consolidated financial statements and related notes that appear elsewhere in this Quarterly Report on Form 10-Q. In addition to historical consolidated financial information, the following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward-looking statements. Factors that could cause or contribute to these differences include those discussed below and elsewhere in this Quarterly Report on Form 10-Q.

OVERVIEW

Our Business

We design and develop on demand, on-premises, and hybrid SCM solutions to the mid-enterprise and service provider markets. The EdgeWave portfolio of web, messaging and data protection technologies can be delivered as hosted, on-premises, and hybrid services, and provide, we believe, comprehensive secure content management with unrivalled ease of deployment and the lowest Total Cost of Ownership ("TCO") on the market. The company's award winning iPrism Web Security and Red Condor Email Security products are now complemented by new email archiving, email data compliance, and data leakage protection solutions. With more than 6,500 customers and over 200 MSP partners worldwide, EdgeWave strives to deliver simple, high performance solutions that offer excellent value.

Customers can purchase our solutions directly from us, through a managed service provider, or via one of our Pro Partners around the world. On-premises purchases typically consist of an initial hardware purchase (appliance) and maintenance subscription, whereas our on-demand purchases contain only a subscription. Our primary customers are IT executives, managers and administrators as well as MSPs and ISPs.

Our Financial Results

We reported revenues of \$4.4 million and \$4.6 million for the three months ended September 30, 2011 and 2010, respectively; a net loss for the three months ended September 30, 2011 of \$697,000, compared to a net loss of \$1.3 million in the same period in 2010; and net basic and diluted loss per share for the three months ended September 30, 2011 of \$0.04, compared to a net basic and diluted loss per share of \$0.09 reported in the same period in 2010. Net billings for the quarter ended September 30, 2011 were \$5.8 million as compared to \$5.6 million for the same period in 2010. Net billings represent the amount of subscription contracts billed to customers net of discounts.

Cash used by operations was \$2.2 million and \$962,000 for the nine months ended September 30, 2011 and 2010, respectively. The net increase in the cash used by operating activities was primarily the result of additional expenses relating to the integration of operations associated with the Red Condor transaction.

At September 30, 2011, total remaining borrowing availability under our credit line agreement with SVB was \$107,000, with \$2.0 million outstanding at an applicable interest rate of 6.0%.

During the three months ended September 30, 2011, we continued to invest in product development. Our efforts have been directed toward new feature enhancements as well as the continual improvement of our Secure Web Gateway ("SWG") appliances. Our development efforts were primarily focused on delivering additional security features for our product lines while employing a cost-reduction strategy. We continue to focus on transitioning all back-office operations of the Red Condor business to our San Diego location and expect to see operational savings from this in subsequent quarters.

Critical Accounting Policies and Estimates

There are several accounting policies that are critical to understanding our historical and future performance because these policies affect the reported amounts of revenue and other significant areas in our reported financial statements and involve management's judgments and estimates. These critical accounting policies and estimates include:

revenue recognition;
allowance for doubtful accounts;
impairment of goodwill and long-lived assets;
accounting for income taxes;
warranty obligation;
accounting for share-based compensation; and
accounting for warrant derivatives.

Please refer to the "Management's Discussion and Analysis of Financial Condition and Results of Operation" located within our 10-K filed on March 18, 2011 for the year ended December 31, 2010 for further discussion of our "Summary of Significant Accounting Policies and Estimates". There have been no material changes to these accounting policies during the nine months ended September 30, 2011.

Results of Operations

Comparison of the Three Months Ended September 30, 2011 and 2010 (in thousands, except percentages)

Revenues	For the Three Months Ended September 30,		
	2011	2010	% Change
Total revenues	\$ 4,399	\$ 4,587	(4.1)%

Revenues decreased \$188,000 for the three months ended September 30, 2011, compared to the same period in 2010. See the discussion of changes in subscription and appliance revenues below.

Subscription Revenues	For the Three Months Ended September 30,		
	2011	2010	% Change
Subscription revenues	\$ 3,589	\$ 3,623	(0.9)%
As a percentage of revenues	81.6%	79.0%	

For the three months ended September 30, 2011 our subscription revenues decreased approximately \$34,000 compared to the same period in 2010. The subscription renewal rates for our products continue to range from 75% to 85%.

Appliance Revenues	For the Three Months Ended September 30,		
	2011	2010	% Change
Appliance revenues	\$ 810	\$ 961	(15.7)%
As a percentage of revenues	18.4%	21.0%	

For the three months ended September 30, 2011, appliance revenues decreased approximately \$151,000 compared with the respective period in 2010. The decrease in revenue can be attributed to a decrease in appliance shipped. In the three months ended September 30, 2011, we shipped 168 fewer appliances than in the same period in 2010. We expect appliance revenue as a percentage of total revenue to continue to decrease as we sell more Software as a Service (“SaaS”) based products.

Cost of Revenues	For the Three Months Ended September 30,		
	2011	2010	% Change
Total cost of revenues	\$ 1,193	\$ 1,330	(10.3)%
Gross margin percent	72.9%	71.0%	

Cost of revenues consists primarily of the cost of contract manufactured hardware, technical support salaries, royalties paid to third parties under technology licensing agreements, packaging costs, fee-based technical support costs and freight. Total cost of revenues decreased \$137,000 for the three months ended September 30, 2011

compared to the same period in 2010. See the discussion of changes in the cost of subscription and appliance revenues below.

Cost of Subscription Revenues	For the Three Months Ended September 30,		
	2011	2010	% Change
Total cost of subscription revenues	\$ 696	\$ 678	2.7%
Gross margin percent	80.6%	81.3%	

The cost of subscription revenues includes the cost of our technical support group. The increase of \$18,000 for the three months ended September 30, 2011 to the same period in 2010 is mainly due to increases to compensation expenses related to the assumed workforce of the Red Condor technical support group and the cost of sales for subscriptions for an additional product line.

Cost of Appliance Revenues	For the Three Months Ended September 30,		
	2011	2010	% Change
Total cost of appliance revenues	\$ 497	\$ 651	23.7%
Gross margin percent	38.6%	32.3%	

The cost of appliance revenues, which includes contract manufactured equipment, packaging and freight decreased approximately \$154,000 for the three months ended September 30, 2011 compared to the same period in 2010 due to a decrease of units sold during the three months ended September 30, 2011 as compared to the same period in 2010.

Sales and Marketing	For the Three Months Ended September 30,		
	2011	2010	% Change
Total sales and marketing	\$ 1,855	\$ 1,868	(0.7)%
As a percentage of revenues	42.2%	40.7%	

Sales and marketing expense consists primarily of salaries, related benefits, commissions, consultant fees, advertising, lead generation and other costs associated with our sales and marketing efforts. For the three months ended September 30, 2011 sales and marketing expense remained relatively unchanged compared to the same period in 2010. If our sales exceed expectations, commission expenses would also increase and would result in higher than expected sales and marketing expenses in 2011. Revenues from increased sales of software and services would be recognized in future periods.

Research and Development	For the Three Months Ended September 30,		
	2011	2010	% Change
Total research and development	\$ 1,143	\$ 1,249	(8.5)%
As a percentage of revenues	26.0%	27.2%	

Research and development expense consists primarily of salaries, related benefits, third-party consultant fees and other engineering related costs. The net decrease of \$106,000 for the three months ended September 30, 2011 compared to the same period in 2010 was primarily the result of a decrease in compensation costs and consultant fees for research and development engineers due the restructuring in headcount at the end of Q2 2011. We expect research and development expenses as a percentage of revenues to remain generally flat in 2011 as compared to 2010 due to expected increases in revenues.

We currently have research and development facilities in San Diego and Rohnert Park, CA. Management believes that a significant investment in research and development is required to remain competitive and we expect to continue to invest in research and development activities.

General and Administrative	For the Three Months Ended September 30,		
	2011	2010	% Change
Total general and administrative	\$ 792	\$ 1,330	(40.5)%
As a percentage of revenues	18.0%	29.0%	

General and administrative expenses, which consist primarily of salaries and related benefits, and fees for professional services, such as legal and accounting services, decreased approximately \$538,000 for the three months ended September 30, 2011, compared to the same period in 2010. The most significant decreases during the three months ended September 30, 2011 included decreases in legal and accounting expenses of approximately \$225,000, lease and rents expense of \$190,000, compensation expenses of \$187,000, offset by an increase in stock-based compensation expenses and other general administrative expenses of approximately \$79,000. During the third quarter of 2010, the

Edgar Filing: EdgeWave, Inc. - Form 10-Q

Company purchased the Red Condor product line and its workforce. Effective January 2011, the Company entered into a new lease agreement to move its Company headquarters which provides for significant cost savings over the life of the lease.

Interest and Other Income, Net	For the Three Months Ended September 30,			% Change
	2011	2010		
Total interest and other income, net	\$ 107	\$ 116		(7.8)%
As a percentage of revenues	2.4%	2.5%		

Interest and other income, net, includes interest expense, interest income, and other income. The net decrease of \$9,000 for the three months ended September 30, 2011 over the same period in 2010 was the result of a decrease to other expenses related to the decrease in value of the warrant derivative during the quarter, offset by an increase in interest expense related to short-term borrowings.

Edgar Filing: EdgeWave, Inc. - Form 10-Q

Comparison of the Nine Months Ended September 30, 2011 and 2010 (in thousands, except percentages)

Revenues	For the Nine Months Ended September 30,		
	2011	2010	% Change
Total revenues	\$ 13,584	\$ 13,317	2.0%

Revenues increased \$267,000 for the nine months ended September 30, 2011, compared to the same period in 2010. See the discussion of changes in subscription and appliance revenues below.

Subscription Revenues	For the Nine Months Ended September 30,		
	2011	2010	% Change
Subscription revenues	\$ 10,903	\$ 10,534	3.5%
As a percentage of revenues	80.3%	79.1%	

For the nine months ended September 30, 2011 our subscription revenues increased approximately \$369,000 compared to the same period in 2010 primarily due to the addition of the Red Condor product line. The subscription renewal rates for our products continue to range from 75% to 85%.

Appliance Revenues	For the Nine Months Ended September 30,		
	2011	2010	% Change
Appliance revenues	\$ 2,677	\$ 2,727	(1.8)%
As a percentage of revenues	19.7%	20.5%	

For the nine months ended September 30, 2011, appliance revenues decreased approximately \$50,000 compared with the respective period in 2010 due mainly to the shipping of fewer appliances. We expect appliance revenue as a percentage of total revenue to continue to decrease as we sell more Software as a Service (“SaaS”) based products.

Cost of Revenues	For the Nine Months Ended September 30,		
	2011	2010	% Change
Total cost of revenues	\$ 3,959	\$ 3,385	17.0%
Gross margin percent	70.9%	74.6%	

Cost of revenues consist primarily of the cost of contract manufactured hardware, technical support salaries, royalties paid to third parties under technology licensing agreements, packaging costs, fee-based technical support costs and freight. Total cost of revenues increased \$574,000 for the nine months ended September 30, 2011 compared to the same period in 2010. See the discussion of changes in the cost of subscription and appliance revenues below.

Cost of Subscription Revenues	For the Nine Months Ended September 30,		
	2011	2010	% Change

Edgar Filing: EdgeWave, Inc. - Form 10-Q

Total cost of subscription revenues	\$	2,205	\$	1,488	48.2%
Gross margin percent		79.8%		85.9%	

The cost of subscription revenues includes the cost of our technical support group. The increase of \$717,000 for the nine months ended September 30, 2011 compared to the same period in 2010 is mainly due to increases to compensation expenses related to the assumed workforce of the Red Condor technical support group and the cost of sales for subscriptions for an additional product line.

Cost of Appliance Revenues	For the Nine Months			% Change	
	Ended		2010		
	2011	2010			
Total cost of appliance revenues	\$	1,752	\$	1,884	(7.0)%
Gross margin percent		34.6%		30.9%	

The cost of appliance revenues, which includes contract manufactured equipment, packaging and freight decreased approximately \$132,000 for the nine months ended September 30, 2011 compared to the same period in 2010 mainly due to the shipping of fewer appliances.

Sales and Marketing	For the Nine Months Ended September 30,		
	2011	2010	% Change
Total sales and marketing	\$ 6,575	\$ 5,288	24.3%
As a percentage of revenues	48.4%	39.7%	

Sales and marketing expense consists primarily of salaries, related benefits, commissions, consultant fees, advertising, lead generation and other costs associated with our sales and marketing efforts. For the nine months ended September 30, 2011 sales and marketing expense increased 24.3%, or approximately \$1.3 million, over the same period in 2010 primarily due to increases in compensation expenses related to the assumed workforce from Red Condor and additional travel expenses. If our sales exceed expectations, commission expenses would also increase and would result in higher than expected sales and marketing expenses in 2011. Revenues from increased sales of software and services would be recognized in future periods.

Research and Development	For the Nine Months Ended September 30,		
	2011	2010	% Change
Total research and development	\$ 3,874	\$ 2,964	30.7%
As a percentage of revenues	28.5%	22.3%	

Research and development expense consists primarily of salaries, related benefits, third-party consultant fees and other engineering related costs. The net increase of \$910,000 for the nine months ended September 30, 2011 compared to the same period in 2010 was primarily the result of an increase in compensation costs related to the assumed workforce of Red Condor research and development engineers. We expect research and development expenses as a percentage of revenues to remain generally flat in 2011 as compared to 2010 due to expected increases in revenues.

We currently have research and development facilities in San Diego and Rohnert Park, CA. Management believes that a significant investment in research and development is required to remain competitive and we expect to continue to invest in research and development activities.

General and Administrative	For the Nine Months Ended September 30,		
	2011	2010	% Change
Total general and administrative	\$ 2,727	\$ 3,335	(18.2)%
As a percentage of revenues	20.1%	25.0%	

General and administrative expenses, which consist primarily of salaries and related benefits, and fees for professional services, such as legal and accounting services, decreased approximately \$608,000 for the nine months ended September 30, 2011, compared to the same period in 2010. The most significant decreases during the nine months ended September 30, 2011 included decreases in lease and rents expense of \$518,000 and legal and accounting expenses of approximately \$191,000, offset by increases in compensation expenses of \$201,000, stock-based

Edgar Filing: EdgeWave, Inc. - Form 10-Q

compensation expense of \$59,000, and other general administrative expenses of approximately \$159,000. During the third quarter of 2010, the Company purchased the Red Condor product line and its workforce. A significant portion of the legal expenses incurred as a result of this transaction were expensed during the third quarter of 2010. Effective January 2011, the Company entered into a new lease agreement to move its Company headquarters which provides for significant cost savings over the life of the lease.

Interest and Other Income, Net	For the Nine Months Ended		
	September 30,		% Change
	2011	2010	
Total interest and other income, net	\$ 126	\$ 232	(45.7)%
As a percentage of revenues	0.9%	1.7%	

Interest and other income, net, includes interest expense, interest income, and other income. The net decrease of \$106,000 for the nine months ended September 30, 2011 over the same period in 2010 was the result of a decrease to other expenses related to the decrease in value of the warrant derivative during the quarter, offset by an increase in interest expense related to short-term borrowings.

Liquidity and Capital Resources

Cash Flows

Our largest source of operating cash flows is cash receipts from our customers from purchases of products, subscription, maintenance and technical support. Our standard payment terms for both subscription and support invoices are net 30 days from the date of invoice but from time to time we enter into payment terms that are greater than 30 days. The recurring subscription portion of our business provides predictable cash flow but new sales fluctuate due to seasonal buying behavior and sales and marketing effectiveness. Our primary uses of cash for operating activities include cost associated with appliance sales and appliance warranty, costs to maintain our subscription services, personnel, facilities, sales and marketing, research and development, and general and administrative expenses.

Cash used by operations was \$2.2 million and \$962,000 for the nine months ended September 30, 2011 and 2010, respectively. The net increase in the cash used by operating activities was primarily the result of additional expenses related to the integration of operations associated with the Red Condor transaction.

For the nine months ended September 30, 2011 and 2010, cash used by investing activities was \$330,000 and \$125,000, respectively. The net increase in cash used by investing activities was attributed primarily to fixed asset purchases during the first quarter of 2011 mainly as a result of our corporate headquarters move.

Cash flows provided by financing activities for the nine months ended September 30, 2011 and 2010 was \$2.3 million and \$1.4 million, respectively. The increase in cash provided by financing was primarily due to the proceeds from short term borrowings, offset by the decrease in proceeds from convertible notes.

As a result of the foregoing, the net decrease in cash and cash equivalents was \$305,000 for the nine months ended September 30, 2011; the net increase in cash for the same period in 2010 was \$335,000.

Credit Facilities

On June 30, 2011 and September 8, 2011, the Loan and Security Agreement between the Company and SVB was amended. The primary revisions incorporated by these amendments include (i) increasing the revolving line balance to \$3.0 million (from \$2.3 million), (ii) modifying the tangible net worth covenant to no less than negative \$21,500,000 at all times, increasing quarterly by fifty percent (50%) of net income and monthly by fifty percent (50%) of issuances of equity after September 30, 2010 and the principal amount of subordinated debt received after September 30, 2010, (iii) increasing the borrowing base to eighty-five percent (85%) of eligible accounts, (iv) extending the maturity date for the revolving credit line and Term Loan A to June 30, 2013, and (v) providing for an additional term loan facility ("Term Loan C") totaling \$200,000 that will be used for general working capital.

At September 30, 2011, the total amount outstanding under the Revolving Line was \$2.0 million and the Company had a remaining borrowing availability of \$107,000. As of September 30, 2011, the applicable interest rate for the Revolving Line was 6.00% and for the nine months ended September 30, 2011 interest expense relating to the revolving line was approximately \$45,000. At September 30, 2011, the total amount outstanding under Term Loans A, B, and C was \$583,000, which represents the total amount available pursuant to these loans. As of September 30, 2011, the applicable interest rates for Term Loan A, Term Loan B, and Term Loan C were 6.00%, 7.50%, and 7.00%, respectively, and the total interest expense for these loans for the nine months ended September 30, 2011 was approximately \$23,000.

As of September 30, 2011, the Company was in compliance with the covenants under the SVB Loan and Security Agreement, as amended.

Liquidity

As of September 30, 2011, the Company had approximately \$2.3 million in cash and cash equivalents and a working capital deficit of \$8.6 million. Approximately \$11.0 million of our current liability balance at September 30, 2011 consisted of deferred revenue, which represents amounts that are expected to be amortized into revenue as they are earned in future periods. For the three and nine months ended September 30, 2011, the Company incurred a net loss of \$697,000 and \$3.7 million, respectively, and as of September 30, 2011 has incurred a cumulative net loss of \$56.9 million. For the nine months ended September 30, 2011 cash used by operating activities was \$2.2 million.

The Company believes that its existing cash resources as of September 30, 2011, projected collections on future billings, and borrowing availability under its existing credit facilities, will provide sufficient liquidity for the Company to meet its continuing obligations for the next twelve months. However, there can be no assurances that projected collections will be realized or that the Company will improve operating results so that positive cash flow from operating activities will be achieved. The Company is currently in discussions to raise between \$3 - \$4 million through a combination of debt and convertible debt in order to support the Company's growth plans. In the current capital environment, there is no assurance that the Company will be successful in raising these funds.

Adopted Accounting Pronouncements

In December 2010, the FASB issued ASU 2010-28, “Intangibles-Goodwill and Other (Topic 350): When to Perform Step 2 of the Goodwill Impairment Test for Reporting Units with Zero or Negative Carrying Amounts” (“ASU 2010-28”). ASU 2010-28 modifies Step 1 of the goodwill impairment test so that for reporting units with zero or negative carrying amounts, an entity is required to perform Step 2 of the goodwill impairment test if it is more likely than not based on an assessment of qualitative indicators that goodwill impairment exists. In determining whether it is more likely than not that goodwill impairment exists, an entity should consider whether there are any adverse qualitative factors indicating that impairment may exist. ASU 2010-28 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2010. Early adoption is not permitted. The adoption of ASU 2010-28 during the first quarter of 2011 did not have a material impact on our condensed consolidated financial statements.

In October 2009, the Financial Accounting Standards Boards (“FASB”) issued Accounting Standards Update (“ASU”) No. 2009-13, “Multiple-Deliverable Revenue Arrangements” (“ASU 2009-13”). ASU 2009-13 establishes the accounting and reporting guidance for arrangements including multiple revenue-generating activities. This ASU provides amendments to the criteria for separating deliverables, measuring and allocating arrangement consideration to one or more units of accounting. The amendments in this ASU also establish a selling price hierarchy for determining the selling price of a deliverable. Significantly enhanced disclosures are also required to provide information about a vendor’s multiple-deliverable revenue arrangements, including information about the nature and terms, significant deliverables, and its performance within arrangements. The amendments also require providing information about the significant judgments made and changes to those judgments and about how the application of the relative selling-price method affects the timing or amount of revenue recognition. The amendments in ASU 2009-13 are effective prospectively for revenue arrangements entered into or materially modified in the fiscal years beginning on or after September 15, 2010. The adoption of ASU 2009-13 during the first quarter of 2011 did not have a material impact on our condensed consolidated financial statements.

In October 2009, the FASB issued ASU No. 2009-14, “Certain Revenue Arrangements That Include Software Elements” (“ASU 2009-14”). ASU 2009-14 changes the accounting model for revenue arrangements that include both tangible products and software elements that are “essential to the functionality,” and scopes these products out of current software revenue guidance. The new guidance will include factors to help companies determine what software elements are considered “essential to the functionality.” The amendments will now subject software-enabled products to other revenue guidance and disclosure requirements, such as guidance surrounding revenue arrangements with multiple-deliverables. The amendments for ASU 2009-14 are effective prospectively for revenue arrangements entered into or materially modified in the fiscal years beginning on or after September 15, 2010. Early application is permitted. The adoption of ASU 2009-14 during the first quarter of 2011 did not have a material impact on our condensed consolidated financial statements.

Recent Accounting Pronouncements

New accounting standards that have been issued by the FASB or other standards-setting bodies for which future adoption is pending are not expected to have a material impact on the Company’s consolidated financial statements.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements that are reasonably likely to have a material effect on our financial statements.

Forward-Looking Statements

This Quarterly Report on Form 10-Q and the information incorporated herein by reference contain forward-looking statements that involve a number of risks and uncertainties. Although our forward-looking statements reflect the good faith judgment of our management, these statements can only be based on facts and factors currently known by us. Consequently, these forward-looking statements are inherently subject to risks and uncertainties, and actual results and outcomes may differ materially from results and outcomes discussed in the forward-looking statements. For a summary of such risks and uncertainties, please see Risk Factors located in our Annual Report on Form 10-K for the year ended December 31, 2010 filed with the Securities and Exchange Commission on March 18, 2011.

Forward-looking statements can be identified by the use of forward-looking words such as “believes,” “expects,” “hopes,” “may,” “will,” “plan,” “intends,” “estimates,” “could,” “should,” “would,” “continue,” “seeks,” “pro forma,” or “anticipates,” or words (including their use in the negative), or by discussions of future matters such as the development of new products, technology enhancements, possible changes in legislation and other statements that are not historical.

The cautionary statements made in this report are intended to be applicable to all related forward-looking statements wherever they may appear in this report. We urge you not to place undue reliance on these forward-looking statements, which speak only as of the date of this report. Except as required by law, we assume no obligation to update our forward-looking statements, even if new information becomes available in the future.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

As a Smaller Reporting Company as defined by Rule 12b-2 of the Exchange Act and in item 10(f)(1) of Regulation S-K, we are electing scaled disclosure reporting obligations and therefore are not required to provide the information requested by this Item.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls

We maintain "disclosure controls and procedures," as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), that are designed to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating our disclosure controls and procedures, management recognizes that disclosure controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the disclosure controls and procedures are met. Additionally, in designing disclosure controls and procedures, our management was required to apply its judgment in evaluating the cost-benefit relationship of possible disclosure controls and procedures. The design of any disclosure controls and procedures is also based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

During the course of our evaluation, our Chief Executive Officer and VP of Finance have concluded that our disclosure controls and procedures were effective at the reasonable assurance level as of September 30, 2011.

Changes in Internal Control over Financial Reporting

During the period covered by this report, there were no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

In the normal course of business, the Company is occasionally named as a defendant in various lawsuits. On September 7, 2010, an action was filed in the United States District Court Eastern District of Texas by Wordcheck Tech, LLC (the "Plaintiff") against the Company as well as other co-defendants. In this matter, the Plaintiff's claim against the Company is that the ePrism e-mail filter products, which are manufactured by an unrelated third party and sold by the Company, allegedly infringe upon U.S. Patent No. 6,782,510 entitled "Word Checking Tool For Controlling The Language Content In Documents Using Dictionaries With Modifyable Status Fields" which was issued on August 24, 2004. The Plaintiff is seeking a judgment in favor of Plaintiff, including a permanent injunction, and is seeking an award of unspecified damages. The Company disputes the alleged infringement and intends to vigorously

defend its interests in this matter.

Item 1A. Risk Factors

As a Smaller Reporting Company as defined by Rule 12b-2 of the Exchange Act and in item 10(f)(1) of Regulation S-K, we are electing scaled disclosure reporting obligations and therefore are not required to provide the information requested by this Item.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. [Removed and Reserved]

Item 5. Other Information

None.
