CIRCUIT CITY STORES, INC. AND SUBSIDIARIES Notes to Consolidated Financial Statements (Unaudited)

1. Basis of Presentation

Circuit City Stores, Inc. is a leading specialty retailer of consumer electronics, home office products, entertainment software, and related services. The company has two reportable segments: its domestic segment and its international segment.

The domestic segment is primarily engaged in the business of selling brand-name consumer electronics, personal computers, entertainment software, and services in Circuit City Superstores and mall-based stores in the United States and via the Web at www.circuitcity.com. At August 31, 2005, the company's domestic segment operated 616 Superstores and five mall-based stores in 157 U.S. media markets.

The international segment is comprised of the operations of InterTAN, Inc. On May 12, 2004, the company acquired a controlling interest in InterTAN, Inc. and on May 19, 2004, completed its acquisition of 100 percent of the common stock of InterTAN for cash consideration of \$259.3 million, which includes transaction costs and is net of cash acquired of \$30.6 million. In addition to giving Circuit City a greater product-sourcing capability and the ability to accelerate the offering of private-label merchandise to its customers, the acquisition of InterTAN gives the company its first presence in the Canadian market. The international segment is primarily engaged in the business of selling both private-label and brand-name consumer electronics. The international segment's headquarters are located in Barrie, Ontario, Canada, and it operates through retail stores and dealer outlets in Canada under the trade names THE SOURCE BY CIRCUIT CITYSM, RadioShack(R), Rogers Plus(R) and Battery Plus(R). At August 31, 2005, the international segment conducted business through 938 retail stores and dealer outlets, which consisted of 522 company-owned stores, 300 dealer outlets, 91 Rogers Plus(R) stores and 25 Battery Plus(R) stores. The international segment also operates a Web site at www.thesourcecc.ca.

InterTAN, Inc. is involved in ongoing litigation with RadioShack. As a result of this litigation, the international segment re-branded virtually all of its company-owned stores and dealer outlets to THE SOURCE BY CIRCUIT CITYSM. The brand transition costs primarily include advertising costs and inventory write-downs and totaled \$21.5 million for the six months ended August 31, 2005. The company expects to incur an additional \$11 million in the second half of the fiscal year in brand transition costs, primarily related to incremental advertising. See Note 2 for a discussion of the litigation.

On May 25, 2004, the company completed the sale of its private-label finance operation, comprised of its private-label and co-branded Visa credit card programs, to Chase Card Services, formerly Bank One Corporation. Results from the private-label finance operation, including transition and transaction costs of approximately \$6 million related to the sale of the operation, are included in finance income for the six months

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

ended August 31, 2004. The company entered into a Consumer Credit Card Program Agreement under which Chase Card Services is offering private-label and co-branded credit cards to new and existing customers. The company is compensated under the program agreement primarily based on the number of new accounts opened less promotional financing costs that exceed a negotiated base amount. The net results from the program agreement are included in net sales and operating revenues on the consolidated statements of operations.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosure of contingent assets and liabilities. Actual results may differ from those estimates. In the opinion of management, the accompanying unaudited financial statements contain all adjustments, which consist only of normal, recurring adjustments, necessary for a fair presentation. Due to the seasonal nature of the company's business, interim results are not necessarily indicative of results for the entire fiscal year. The company's consolidated financial statements

Page 6 of 30

included in this report should be read in conjunction with the notes to the audited financial statements in the company's fiscal 2005 Annual Report on Form 10-K.

Certain prior year amounts have been reclassified to conform to the current presentation.

2. Litigation

After Circuit City's March 31, 2004, announcement of its agreement to acquire InterTAN, RadioShack Corporation asserted early termination of its licensing and other agreements with InterTAN. On April 5, 2004, RadioShack filed suit against InterTAN, and amended that suit on April 27, 2004 (the "RadioShack litigation"). InterTAN disputes the termination scenarios alleged by RadioShack and is vigorously defending against those claims. The parties argued a RadioShack motion for partial summary judgment on February 3, 2005. On March 24, 2005, the court issued an order on that motion stating that the agreements were terminated no later than December 31, 2004. Under the ruling, InterTAN's rights under the agreements expired June 30, 2005.

Circuit City continues to believe that RadioShack is not entitled to early termination of the agreements, that InterTAN has substantial defenses to the RadioShack claims and that RadioShack has breached the agreements by seeking early termination. InterTAN intends to continue defending vigorously the claims in the RadioShack litigation and to exercise its rights under the agreements, as well as any appeal rights. Circuit City believes that this litigation will not have a material adverse effect on the company's financial condition or results of operations for the 2006 fiscal year.

3. Finance Income

Finance income for the six months ended August 31, 2004, includes the results from the company's private-label finance operation, including transition and transaction costs of approximately \$6 million related to the sale of the operation to Chase Card Services, through May 25, 2004, the date the company completed the sale.

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

For the six months ended August 31, 2004, the components of pretax finance income were as follows:

(Amounts in millions)	Six Months Ended August 31, 2004
Securitization income.....	\$28.1
Less: Payroll and fringe benefit expenses.....	7.6
Other direct expenses.....	14.9
Finance income.....	\$ 5.6
	=====

Securitization income primarily is comprised of the gain on the sale of receivables generated by the company's private-label finance operation, income from retained interests in the credit card receivables and income related to servicing the receivables, as well as the impact of increases or decreases in the fair value of the retained interests.

4. Stock-Based Compensation

The company uses the fair value based method of accounting for stock-based compensation.

Page 7 of 30

The fair value of each stock option granted is estimated on the grant date using the Black-Scholes option-pricing model with the following weighted average assumptions.

	Three Months Ended August 31	
	2005	2004
Expected dividend yield.....	0.4%	0.6%
Expected stock volatility.....	60%	65%
Risk-free interest rates.....	4%	4%
Expected lives (in years).....	5	4

Using these assumptions in the Black-Scholes model, the weighted average fair value of options granted was \$8.66 per share for the three months ended August 31, 2005, and \$8.58 per share for the six months ended August 31, 2005. The weighted average fair value of options granted was \$6.43 per share for the three months ended August 31, 2004, and \$6.38 per share for the six months ended August 31, 2004.

5. Comprehensive Income (Loss)

The components of the company's comprehensive income (loss) consist of the net earnings (loss) and other comprehensive income. Other comprehensive income is comprised of foreign currency translation adjustments and is recorded net of deferred income taxes directly as a component of stockholders' equity.

The components of comprehensive income (loss), net of taxes, were as follows:

Three Months Ended
August 31

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

(Amounts in millions)	2005	2004
Net earnings (loss).....	\$ 1.3	\$(11.9)
Foreign currency translation.....	12.8	6.2
Comprehensive income (loss).....	\$14.1	\$ (5.7)

6. Net Earnings (Loss) Per Share

The following table presents a reconciliation of the denominators used in the net earnings (loss) per share calculations.

(Shares in millions)	Three Months Ended August 31	
	2005	2004
Weighted average common shares.....	179.1	195.4
Dilutive potential common shares:		
Options.....	2.5	-
Restricted stock.....	0.2	-
Weighted average common shares and dilutive potential common shares.....	181.8	195.4

For the three months ended August 31, 2005, the computation of dilutive potential common shares excluded 5.5 million options to purchase shares of common stock because the exercise prices were greater than the average market price of the common shares and, therefore, the effect would be anti-dilutive.

Page 8 of 30

For the six months ended August 31, 2005, and the three and six months ended August 31, 2004, no stock options or restricted stock were included in the calculation of diluted net loss per share because the company reported a loss from continuing operations. Shares excluded were as follows:

(Shares in millions)	At August 31	
	2005	2004
Options to purchase common stock.....	15.7	18.0
Restricted stock.....	5.4	2.4

7. Common Stock Repurchased

The company's board of directors has authorized stock repurchases up to \$800 million, of which \$259.5 million remained available at August 31, 2005. The company repurchased 5.7 million shares of common stock at a cost of \$100.2 million during the three months ended August 31, 2005, and 11.8 million shares of common stock at a cost of \$196.3 million during the six months ended August 31, 2005. The company repurchased 5.3 million shares of common stock at a cost of \$69.6 million during the three months ended August 31, 2004, and 11.1 million shares of common stock at a cost of \$140.6 million during the six months ended August 31, 2004. As of August 31, 2005, the company had repurchased 40.2 million shares of common stock at a cost of \$540.5 million.

8. Pension Plans

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

The company's domestic segment has a noncontributory defined benefit pension plan that was frozen as of February 28, 2005, except for employees who were (i) within three years of their early retirement date or normal retirement date; (ii) had reached their early or normal retirement date; or (iii) were permanently disabled before March 1, 2005. As a result, all employees affected by the plan freeze retain any benefits accumulated to the effective date, but are no longer eligible to increase their benefit.

The company also has an unfunded nonqualified benefit restoration plan that restored retirement benefits for domestic segment senior executives who were affected by Internal Revenue Code limitations on benefits provided under the company's pension plan. The benefit restoration plan was frozen as of February 28, 2005, and will provide benefits for participants who, as of that date, were within 10 years of attaining their early retirement date or normal retirement date.

The components of the net pension (income) expense for the plans were as follows:

(Amounts in thousands)	Three Months Ended August 31	
	2005	2004
Service cost.....	\$ 704	\$ 3,817
Interest cost.....	3,456	3,906
Expected return on plan assets.....	(4,507)	(4,101)
Recognized prior service cost.....	53	119
Recognized actuarial loss.....	264	1,255
Net pension (income) expense.....	\$ (30)	\$ 4,996
	=====	

Circuit City made no pension plan contributions during the six months ended August 31, 2005. The company is currently in the process of evaluating its assumptions to determine its year end benefit obligations. Changes in assumptions could affect the amount of contribution and, therefore, the company cannot estimate the level of contribution, if any, for fiscal 2006. The company intends to make any contributions to the defined benefit pension plan necessary to meet ERISA minimum funding standards and will make any additional contributions as needed to ensure that the fair value of plan assets at February 28, 2006, exceeds the accumulated benefit obligation.

Page 9 of 30

A contribution of \$618,000, which is equal to the expected benefit payments for fiscal 2006, is expected to be made to the restoration plan during fiscal 2006. Benefit payments during the six months ended August 31, 2005, were \$232,000.

9. Discontinued Operation

On November 18, 2003, the company completed the sale of its bankcard finance operation to FleetBoston Financial. Bankcard results are presented as results from discontinued operation.

For the quarter ended August 31, 2004, the net loss from the discontinued bankcard finance operation totaled \$507,000. For the six months ended

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

August 31, 2004, the net loss from the discontinued bankcard finance operation totaled \$1.2 million, which is comprised of post-closing adjustments related to the sale of the bankcard operation. Cash flows related to the discontinued operation have been segregated on the consolidated statements of cash flows.

10. Segment Information

The company has two reportable segments: its domestic segment and its international segment. The company identified these segments based on its management reporting structure and the nature of the products and services offered by each segment. The domestic segment is primarily engaged in the business of selling brand-name consumer electronics, personal computers, entertainment software, and services in the United States. The international segment is primarily engaged in the business of selling private-label and brand-name consumer electronics products in Canada.

Prior to the second quarter of fiscal 2005, the company had another reportable segment, its finance operation. The company completed the sale of its private-label finance operation, comprised of its private-label and Visa co-branded credit card programs, to Chase Card Services on May 25, 2004. Results from the private-label finance operation, including transition and transaction costs of approximately \$6 million related to the sale of the operation, are included in finance income for the six months ended August 31, 2004. See Note 3 for additional discussion of finance income. The company has entered into an arrangement under which Chase Card Services is offering private-label and co-branded credit cards to new and existing customers and providing credit card services to all cardholders.

Revenue by reportable segment and the reconciliation to the consolidated statements of operations were as follows:

(Amounts in millions)	Three Months Ended August 31	
	2005	2004
Domestic segment.....	\$2,418.7	\$2,258.7
International segment.....	143.0	117.8
Finance operation.....	-	-
Total revenue.....	2,561.7	2,376.5
Less: securitization income (b).....	-	-
Net sales and operating revenues	\$2,561.7	\$2,376.5

(a) The international segment's revenue is included from May 12, 2004, when Circuit City acquired a controlling interest in InterTAN, Inc.

(b) Securitization income is included in finance income, which reflects the results of the finance operation and is reported separately from net sales and operating revenues on the statements of operations.

The net earnings (loss) from continuing operations by reportable segment were as follows:

Three Months Ended

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

(Amounts in millions)	August 31	
	2005	2004
Domestic segment.....	\$ 1.8	\$ (14.8)
International segment.....	(0.5)	3.4
Finance operation.....	-	-
Net earnings (loss) from continuing operations.....	\$ 1.3	\$ (11.4)

(a) The international segment's net earnings from continuing operations are included from May 12, 2004, when Circuit City acquired a controlling interest in InterTAN, Inc.

Total assets by reportable segment were as follows:

(Amounts in millions)	At August 31 2005	At February 2005
Domestic segment.....	\$3,229.8	\$3,354.
International segment.....	479.0	434.
Total assets.....	\$3,708.8	\$3,789.

11. Supplemental Consolidated Statements of Cash Flows Information

The following table summarizes supplemental cash flow information for the six months ended August 31, 2005 and 2004.

(Amounts in millions)	Six Mo A 2005

Other acquisitions.....	\$13.0

12. Recent Accounting Pronouncements

In December 2004, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 123 (revised 2004), "Share-Based Payment." SFAS No. 123(R) requires companies to record compensation expense based on the fair value of employee stock-based compensation awards. The statement also requires that the compensation expense be recognized over the period during which the employee is required to provide service in exchange for the award. SFAS No. 123(R) will be effective for the company's first quarter of fiscal 2007. The company has not yet determined the impact of adopting this standard. Effective December 1, 2003, the company adopted the fair value based method of accounting for stock-based compensation in accordance with SFAS No. 123, "Accounting for Stock-Based Compensation," as amended by SFAS No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure."

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

On May 12, 2004, we acquired a controlling interest in InterTAN, Inc. for cash consideration of \$259.3 million, which includes transaction costs and is net of cash acquired of \$30.6 million. In addition to giving us a greater product-sourcing capability and the ability to accelerate the offering of private-label merchandise to our customers, the acquisition of InterTAN gives us our first presence in the Canadian market. InterTAN is primarily engaged in the business of selling both private-label and brand-name consumer electronics. InterTAN's headquarters are located in Barrie, Ontario, Canada.

On May 25, 2004, we completed the sale of our private-label finance operation, comprised of our private-label and co-branded Visa credit card programs, to Chase Card Services, formerly Bank One Corporation. Results from the private-label finance operation, including transition and transaction costs of approximately \$6 million related to the sale of the operation, are included in finance income for the six months ended August 31, 2004. We entered into a Consumer Credit Card Program Agreement under which Chase Card Services is offering private-label and co-branded credit cards to new and existing customers. As part of the program agreement, we jointly develop and introduce new features, products and services to drive additional sales. We are compensated under the program primarily based on the number of new accounts opened less promotional financing costs that exceed a negotiated base amount. Chase Card Services is obligated to offer special promotional financing terms to our customers. We determine the frequency, volume and, subject to certain limits, the terms of these promotions. Chase Card Services is compensated for these promotions in accordance with a negotiated fee schedule. The program agreement has an initial seven-year term with three-year renewals. The agreement has customary representations, warranties, covenants, events of default and termination rights for an agreement of this type. The net results from the program agreement are included in net sales and operating revenues on the consolidated statements of operations.

CRITICAL ACCOUNTING POLICIES

See the discussion of critical accounting policies under Management's Discussion and Analysis of Financial Condition and Results of Operations in our fiscal 2005 Annual Report on Form 10-K. These policies relate to accounting for cash consideration received from vendors, the calculation of the liability for lease termination costs, accounting for goodwill and other identified intangible

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

assets, accounting for stock-based compensation expense, accounting for pension plans and accounting for income taxes.

RESULTS OF OPERATIONS

Our operations, in common with other retailers in general, are subject to seasonal influences. Historically, we have realized more of our net sales and net earnings in the fourth quarter, which includes the majority of the holiday selling season, than in any other fiscal quarter. The net earnings of any quarter are seasonally disproportionate to net sales since administrative and certain operating expenses remain relatively constant during the year. Therefore, quarterly results should not be relied upon as necessarily indicative of results for the entire fiscal year.

Page 12 of 30

Summary of Segment Performance

Where relevant, we have included separate discussions of our domestic and international segments. Our domestic segment is primarily engaged in the business of selling brand-name consumer electronics, personal computers, entertainment software, and services in our Superstores and mall-based stores in the United States and via the Web at www.circuitcity.com. Our international segment is primarily engaged in the business of selling private-label and brand-name consumer electronics products in Canada and via the Web at www.thesourcecc.ca and principally includes the operations of InterTAN, Inc., which we acquired in May 2004. Consolidated results include results from InterTAN from the acquisition date. Prior to the second quarter of fiscal 2005, we had another reportable segment, our finance operation. The following tables summarize performance by segment.

SEGMENT PERFORMANCE SUMMARY

(Amounts in millions)	Three Months Ended August 31, 2005			Six
	Domestic	International	Consolidated	Domestic

Net Sales and Operating Revenues

Consolidated

For the second quarter of fiscal 2006, our total sales increased 7.8 percent to \$2.56 billion, and comparable store sales increased 5.3 percent from the same period last year. Total sales for the first six months of fiscal 2006 increased 7.1 percent to \$4.79 billion from \$4.47 billion for the first six months of last fiscal year. Comparable store sales increased 2.8 percent for the first six months of fiscal 2006. A store's sales are included in comparable store sales after the store has been open for a full 12 months. In addition, comparable store sales include Web-originated sales and sales from relocated stores. Beginning June 1, 2005,

Page 13 of 30

international segment sales are included in the company's comparable store sales and are calculated in local currency. The calculation of consolidated comparable store sales excludes the impact of fluctuations in foreign currency exchange rates.

Domestic Segment

For the second quarter of fiscal 2006 the domestic segment's net sales and operating revenues were \$2.42 billion, an increase of 7.1 percent over the same period last fiscal year. We saw improvements in close rates and average ticket during the quarter. Comparable store sales increased 5.1 percent. A decrease in wireless sales, principally driven by a business model change in the third quarter of fiscal year 2005, reduced the domestic segment's overall second quarter comparable store sales calculation by approximately 89 basis points. A decrease in digital video service sales, principally driven by a business model change in July 2004, reduced the domestic segment's overall second quarter comparable store sales calculation by approximately 38 basis points.

For the six months ended August 31, 2005, domestic segment sales were \$4.53 billion, an increase of 4.7 percent over the same period last fiscal year. Comparable store sales increased 2.7 percent.

Our major product categories are the following:

- o video, which includes televisions, imaging products, DVD hardware, camcorders, digital cameras, digital video services, furniture and related accessories
- o information technology, which includes personal computer hardware, personal computer services, telecommunications products, PDAs and related product accessories
- o audio, which includes home audio products, mobile audio products, portable audio products and related accessories
- o entertainment, which includes movie software, music software, game software, game hardware and personal computer software

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

The percent of domestic segment sales represented by each major product category for the periods ended August 31, 2005 and 2004, is shown below.

PERCENT OF DOMESTIC SEGMENT SALES BY CATEGORY (a)

	Three Months Ended August 31	
	2005	2004
Video.....	41%	41%
Information technology.....	34	36
Audio.....	15	12
Entertainment.....	10	11
Total.....	100%	100%

(a)Excludes extended warranty revenues and installation revenue.

In the video category, we produced a double-digit comparable store sales increase in the second quarter. Television comparable store sales increased by double digits, led by triple-digit comparable store sales growth in flat panel displays. Growth in television sales and double-digit comparable store sales growth in digital imaging were partially offset by double-digit comparable store sales declines in camcorders, DVD players and digital video services.

In the information technology category, we produced a single-digit comparable store sales decline in the second quarter. The decline was driven by a single-digit comparable store sales decline in personal computer hardware, including double-digit comparable store sales declines in desktop computers, monitors and printers partially offset by a single-digit comparable store sales increase in notebook computers. Comparable store sales for wireless also declined double digits. Sales from our PC Services offering, which we rolled out nationwide during the quarter, helped to offset the information technology category's comparable store sales decline.

Page 14 of 30

In the audio category, we produced a double-digit comparable store sales increase in the second quarter. Triple-digit comparable store sales growth in portable digital audio products and single-digit comparable store sales growth in mobile audio products were partially offset by a double-digit comparable store sales decline in home audio products.

In the entertainment category, we produced a single-digit comparable store sales decrease in the second quarter, reflecting a double-digit comparable store sales decrease in music software and single-digit comparable store sales decreases in video software and game products, partially offset by a double-digit comparable store sales increase in PC software that was driven in part by our PC Services offering.

The following table provides the number of our domestic segment stores:

DOMESTIC SEGMENT STORE MIX

Aug. 31, 2005

Feb. 28, 2005

Aug. 31, 2004

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

Superstores.....	616	612	6
Mall-based stores.....	5	5	

Total domestic segment stores.....	621	617	6
	=====		

In fiscal 2006, we expect to open 25 to 30 Superstores in our domestic segment, of which 16 to 19 are expected to be new stores and nine to 11 are expected to be relocations. In the first half of fiscal 2006, we relocated five stores and opened five new stores. In addition, we closed one store in the Richmond, Va. market.

The 42 relocated stores open more than 12 months produced the following results for their 12-month periods after grand opening:

- o an average sales change that was approximately 29 percentage points better than the sales pace of the rest of the store base during the same time periods
- o a return on invested capital, including lease termination and sublease costs on vacated stores, of approximately 10 percent
- o a return on invested capital, excluding lease termination and sublease costs on vacated stores, of approximately 22 percent

The 53 incremental stores open more than 12 months produced a return on invested capital of 13 percent measured at the end of the first 12 months after grand opening. The 41 incremental stores open more than 24 months produced a return on invested capital of approximately 22 percent measured at the end of the second 12 months after grand opening.

Extended Warranty Revenues. The extended warranty revenue included in domestic segment sales was \$97.4 million, or 4.0 percent of domestic segment sales, in the second quarter of fiscal 2006, compared with \$91.7 million, or 4.1 percent of domestic segment sales, in last fiscal year's second quarter. The extended warranty revenue included in domestic segment sales was \$182.4 million for the first half of fiscal 2006, or 4.0 percent of domestic segment sales, compared with \$169.0 million, or 3.9 percent of domestic segment sales, for the first half of last fiscal year.

The domestic segment sells extended warranty programs on behalf of unrelated third parties who are the primary obligors. Extended warranty sales carry higher-than-average gross profit margins.

International Segment

The international segment's net sales and operating revenues increased 21.5 percent to \$143.0 million for the second quarter of fiscal 2006, compared with \$117.8 million for the second quarter of last fiscal year. The effect of fluctuations in foreign currency exchange rates accounted for approximately 10 percentage points of

the international segment's second quarter total sales increase. Comparable store sales increased 8.2 percent for the quarter in local currency.

For the six months ended August 31, 2005, the international segment's net sales and operating revenues were \$256.3 million. For the period from May 12 through August 31, 2004, the international segment's net sales and operating revenues were \$139.5 million. The international segment consists of the operations of InterTAN, Inc., which Circuit City acquired in May 2004. Comparable store sales increased 8.2 percent in local currency for the first six months of fiscal 2006.

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

International segment sales were included in the comparable store sales calculation beginning June 1, 2005.

INTERNATIONAL SEGMENT STORE MIX

	Aug. 31, 2005	Feb. 28, 2005
Company-owned stores.....	522	521
Dealer outlets.....	300	331
Rogers Plus(R) stores.....	91	88
Battery Plus(R) stores.....	25	26
Total international segment stores.....	938	966

In addition to the 938 retail stores and dealer outlets open as of August 31, 2005, the international segment conducts business through 70 wholesale relationships. At February 28, 2005, the international segment maintained 64 wholesale relationships, and at August 31, 2004, it maintained 56 wholesale relationships.

Gross Profit Margin

Consolidated

The gross profit margin was 23.9 percent of sales in the second quarter of fiscal 2006, compared with 24.9 percent in the same period last fiscal year. For the first six months of fiscal 2006, the gross profit margin was 24.4 percent of sales, compared with 24.3 percent for the same period last year.

Domestic Segment

For the second quarter of fiscal 2006, the domestic segment's gross profit margin of 23.2 percent of sales decreased 97 basis points from the same period last fiscal year. The change in the domestic segment's gross profit margin primarily reflects declines in margin rates of PC hardware, projection television and DVD software. Also contributing to the decline in gross profit margin is the more aggressive implementation of competitive financing offers compared to last year.

For the first half of fiscal 2006, the domestic segment's gross profit margin was 23.7 percent of sales, compared to 23.8 percent for the same period last fiscal year. The change in the domestic segment's gross profit margin primarily reflects declines in margin rates of PC hardware, projection television and DVD software. This decline in merchandise margin was partly offset by increased extended warranty sales, which carry higher-than-average gross profit margins, and improvements in the efficiency of our product service and distribution operations.

International Segment

The international segment's gross profit margin in the second quarter of fiscal 2006 was 36.3 percent of international segment sales, compared to 39.3 percent in the same period last fiscal year. The decline in the international segment's gross profit margin primarily reflects increased sales of higher growth, higher ticket products that carry lower gross profit margins. These products include personal electronic and communication items, as well as video and

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

television-related products.

The international segment's gross profit margin for the six months ended August 31, 2005, was 37.8 percent of sales. For the period from May 12, 2004 to August 31, 2004, the international segment's gross profit margin was 39.3 percent of sales.

Finance Income

Finance income was \$5.6 million in the six months ended August 31, 2004, and includes a portion of the loss on the sale of the private-label finance operation to Chase Card Services and the income generated by the private-label finance operation from the beginning of fiscal year 2005 through the sale date.

Prior to November 2003, both our bankcard finance operation and our private-label finance operation were conducted through our wholly owned subsidiary, First North American National Bank, which was a limited-purpose credit card bank, and through consolidated special purpose subsidiaries and off-balance-sheet qualifying special purpose entities. As part of a focus on strengthening the financial performance of our core business, we sold our bankcard finance operation to FleetBoston Financial in November 2003 and sold our private-label finance operation to Chase Card Services in May 2004.

Results from the bankcard finance operation are presented as results from discontinued operation on the consolidated financial statements; therefore, its results are not included in the "Components of Finance Income" table. See "Net Loss from Discontinued Operation."

Coincident with the sale of the private-label operation to Chase Card Services, we entered into an ongoing arrangement with Chase Card Services under which they offer private-label and co-branded credit cards to both new and existing customers.

COMPONENTS OF PRETAX FINANCE INCOME

(Amounts in millions)	Six Months Ended August 31, 2004
Securitization income.....	\$28.1
Less: Payroll and fringe benefit expenses.....	7.6
Other direct expenses.....	14.9
	\$ 5.6
Finance income.....	\$ 5.6

Securitization income primarily is comprised of the gain on the sale of the credit card receivables, income from the retained interests in the securitized receivables and income related to servicing the securitized receivables, as well as the impact of increases or decreases in the fair value of the retained interests.

Selling, General and Administrative Expenses

Consolidated

Three Months Ended August 31
2005 2004

S

Total	\$603.1	23.5%	\$599.8	25.2%	\$1,178.

Page 17 of 30

Selling, general and administrative expenses were 23.5 percent of sales in the second quarter of this fiscal year, compared with 25.2 percent in last year's second quarter. For the first half of fiscal 2006, selling, general and administrative expenses were 24.6 percent of sales, compared with 24.7 percent during the same period last fiscal year.

Domestic Segment

(Amounts in millions)	Three Months Ended August 31		Six Months August
	2005	2004	2005
Store expenses.....	\$490.2	\$494.3	\$ 957.9
General and administrative expenses.....	62.6	48.4	119.7
Remodel expenses.....	-	-	-
Relocation expenses.....	0.3	16.5	2.3
Pre-opening expenses.....	2.1	3.6	2.3
Interest income.....	(4.5)	(3.2)	(10.6)
Total.....	\$550.7	\$559.6	\$1,071.6

During the second quarter of fiscal 2006, the domestic segment's expense-to-sales ratio was 22.8 percent, compared to 24.8 percent during the same period last fiscal year. The domestic segment's expense-to-sales ratio decreased 201 basis points. The decrease in the domestic segment's ratio for the second quarter primarily reflects the impact of decreased payroll and relocation expenses as well as the impact of the domestic segment's sales increase.

The domestic segment's selling, general and administrative expenses were 23.6 percent of sales during the first six months of fiscal 2006, compared with 24.3 percent during the same period last fiscal year. The decrease in the domestic segment's expense-to-sales ratio reflects the impact of decreased payroll and relocation expenses, which was partially offset by the impact of increased rent, occupancy and depreciation expenses.

International Segment

(Amounts in millions)	Three Months Ended August 31		Six Months August
	2005	2004	2005
Store expenses.....	\$36.2	\$32.1	\$ 70.5

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

General and administrative expenses.....	16.5	8.2	36.9
Interest income.....	(0.3)	-	(0.5)
Total.....	\$52.4	\$40.3	\$106.9

(a) Selling, general and administrative expenses are included from May 12, 2004, when we acquired a controlling interest in InterTAN, Inc.

The international segment's selling, general and administrative expenses for this year's second quarter were 36.6 percent of international segment sales, compared with 34.2 percent for the same period last fiscal year. The international segment's general and administrative expenses in the second quarter of fiscal 2006 include \$9.6 million in expenses associated with the brand transition in Canada, which resulted from the ongoing litigation with RadioShack.

For the six months ended August 31, 2005, the international segment's expense-to-sales ratio was 41.7 percent. The international segment's selling, general and administrative expenses were 34.5 percent of sales for the period from May 12, 2004 through August 31, 2004. For the first half of fiscal 2006, the international segment's general and administrative expenses include \$21.5 million in expenses associated with the brand transition in Canada.

Page 18 of 30

Stock-based Compensation Expense

Stock-based compensation expense was \$6.7 million for the three months ended August 31, 2005, compared with \$8.4 million for the three months ended August 31, 2004. The decrease reflects lower weighted-average fair values of recent grants and the complete vesting of certain grants in fiscal 2005 and the first half of fiscal 2006.

Stock-based compensation expense was \$10.0 million for the six months ended August 31, 2005, compared with \$14.4 million for the six months ended August 31, 2004. The decrease reflects lower weighted-average fair values of recent grants and the complete vesting of certain grants in fiscal 2005 and the first half of fiscal 2006. The stock-based compensation expense for the six months ended August 31, 2004, includes compensation costs related to performance-based restricted stock grants. Under the terms of those grants, vesting is contingent upon our achieving a targeted operating profit margin for fiscal 2006. During the fourth quarter of fiscal 2005, management determined that it is unlikely that the target will be met and, as a result, reversed the related expense.

Income Tax Provision

The effective income tax rate applicable to results from continuing operations was 33.1 percent for the three months ended August 31, 2005, and 36.2 percent for the three months ended August 31, 2004. The effective income tax rate applicable to results from continuing operations was 38.5 percent for the six months ended August 31, 2005, and 36.3 percent for the six months ended August 31, 2004. The increase in the tax rate for the six months ended August 31, 2005, is due to an increase in the provision for non-federal tax expense for the domestic segment.

Net Earnings (Loss) from Continuing Operations

The net earnings from continuing operations were \$1.3 million, or 1 cent per share, in the three months ended August 31, 2005, compared with a net loss of \$11.4 million, or 6 cents per share, in the same period of last fiscal year.

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

For the six months ended August 31, 2005, the net loss from continuing operations was \$11.8 million, or 6 cents per share, compared with the net loss from continuing operations of \$16.7 million, or 8 cents per share, for the same period last fiscal year.

Net Loss from Discontinued Operation

On November 18, 2003, we completed the sale of our bankcard finance operation to FleetBoston Financial. Results from the bankcard finance operation are presented as results from discontinued operation. The net loss from the discontinued bankcard finance operation was \$507,000 for the three months ended August 31, 2004, and \$1.2 million for the six months ended August 31, 2004.

RECENT ACCOUNTING PRONOUNCEMENTS

In December 2004, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 123 (revised 2004), "Share-Based Payment." SFAS No. 123(R) requires companies to record compensation expense based on the fair value of employee stock-based compensation awards. The statement also requires that the compensation expense be recognized over the period during which the employee is required to provide service in exchange for the award. SFAS No. 123(R) will be effective for our first quarter of fiscal 2007. We have not yet determined the impact of adopting this standard. Effective December 1, 2003, we adopted the fair value based method of accounting for stock-based compensation in accordance with SFAS No. 123, "Accounting for Stock-Based Compensation," as amended by SFAS No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure."

Page 19 of 30

FINANCIAL CONDITION

Liquidity and Capital Resources

Summary

At August 31, 2005, we had cash, cash equivalents and short-term investments of \$677.8 million, compared with \$1.00 billion at February 28, 2005. During the first six months of fiscal 2006, we used \$196.3 million of cash to repurchase common stock under our stock repurchase authorization. At August 31, 2004, we had cash and cash equivalents of \$953.8 million. The year-over-year change in the cash balance primarily reflects the use of \$315.5 million to repurchase common stock under the company's stock repurchase authorization.

Cash Flows

We used net cash from operating activities of \$46.1 million in the six months ended August 31, 2005, compared with generating net cash from operating activities of \$192.1 million in the six months ended August 31, 2004. The primary use of cash in the six months ended August 31, 2005, was a \$72.3 million decrease in accrued income taxes due to the payment of taxes. The generation of cash in the six months ended August 31, 2004, resulted from an increase in accounts payable. The change in merchandise inventory net of accounts payable was an increase of \$30.9 million for the six months ended August 31, 2005, and a decrease of \$161.6 million for the six months ended August 31, 2004.

For the six months ended August 31, 2005, net cash used in investing activities was \$65.3 million and primarily relates to the purchases of property and equipment and investment securities partly offset by proceeds from the maturities of investment securities. For the six months ended August 31, 2004,

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

net cash provided by investing activities was \$125.5 million and primarily relates to cash proceeds of \$475.9 million from the sale of the private-label finance operation, partly offset by the acquisition of InterTAN, Inc. for \$259.3 million, net of acquired cash of \$30.6 million.

We used net cash from financing activities of \$166.5 million in the six months ended August 31, 2005, compared with \$144.1 million in the six months ended August 31, 2004. The primary use of cash for both periods related to the repurchase of common stock. The board of directors has authorized stock repurchases of up to \$800 million, of which \$259.5 million remained available at August 31, 2005. We repurchased 11.8 million shares of common stock at a cost of \$196.3 million during the six months ended August 31, 2005. We repurchased 11.1 million shares of common stock at a cost of \$140.6 million during the same period last fiscal year. As of August 31, 2005, we had repurchased 40.2 million shares of common stock at a cost of \$540.5 million. Based on the market value of the common stock at August 31, 2005, the then remaining \$259.5 million of the \$800 million authorization would allow for the repurchase of up to approximately 8 percent of the 182.5 million shares then outstanding.

Sources of Liquidity

We have a \$500 million, four-year revolving credit facility secured by inventory and accounts receivable. On July 15, 2005, we amended the terms of the facility to, among other things, extend the maturity date to June 27, 2009, and revise the borrowing limits for the international and domestic segments. The amendment reduced the international segment's borrowing limit from \$100 million to \$50 million and increased the domestic segment's borrowing limit from \$400 million to \$450 million. At August 31, 2005, short-term borrowings on this facility were \$16.8 million related to our international segment. At August 31, 2005, outstanding letters of credit related to this facility were \$62.2 million, leaving \$421.0 million available for borrowing. We were in compliance with all covenants at August 31, 2005.

Net-owned inventory increased by \$33.8 million from February 28, 2005, to August 31, 2005. Net-owned inventory is calculated by subtracting accounts payable from merchandise inventory. Accounts payable includes merchandise payable, expense payables, the liability related to gift cards, customer deposits and the rebate liability. Merchandise inventory increased to \$1.67 billion at August 31, 2005, from \$1.46 billion at

Page 20 of 30

February 28, 2005, driven by an increase in domestic segment inventory of \$170.2 million due to the build of inventory to support shifts in the portfolio of products and to increase store in-stock positions. Merchandise inventory was \$1.64 billion at August 31, 2004. Accounts payable increased to \$1.14 billion at August 31, 2005, from \$961.7 million at February 28, 2005.

Our primary sources of liquidity include available cash, borrowing capacity under the credit facility, landlord reimbursements and sale-leaseback transactions. We expect that our primary sources of liquidity will be sufficient to fund capital expenditures and working capital for the foreseeable future.

FISCAL 2006 OUTLOOK

Our strategy for improving our operations, financial performance and shareholder value includes the following:

- o upgrading processes, systems and talent to improve the core business
- o evolving the core business to generate incremental revenues and profits
- o innovating to create new businesses, related to our core business, to produce long-term growth

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

Key initiatives to upgrade the core business include the following:

- o store revitalization program
- o promotional and marketing effectiveness
- o product transition and pricing management
- o multiple sourcing alternatives
- o inventory management, including improved customer-encountered in-stock levels and reduced net-owned inventory
- o collaborative vendor relationships
- o information systems enhancements, including a company-wide data warehouse, as well as improved supply chain, merchandising marketing systems

Key initiatives to evolve the core business include the following:

- o portfolio management of merchandise product categories, matching our investments in merchandise product categories with the strategic intent of the specific business
- o expanded service offerings, including expanded PC Services offering nationwide
- o continued investment in Circuit City brand awareness and in marketing by our Circuit City Direct business, ensuring a consistent multi-channel brand
- o improved customer experience led by Associate engagement
- o reduction of performance gap between the best and the poorest performing stores

Key initiatives to innovate include the following:

- o win in home entertainment - be the retail destination for home entertainment products and services
- o digital home services - develop breakthrough consumer electronics service offerings
- o multi-channel retailing - move focus from transactions to relationships and provide solutions to customers wherever they want them

Based on our performance during the first six months of fiscal 2006, we updated our fiscal 2006 outlook.

We revised the range of expectations for total sales growth. We now expect total sales growth of five to eight percent. The previous expectation was total sales growth of three to six percent.

We revised the range of expectations for the domestic segment's comparable store sales growth. We now expect domestic comparable store sales growth from the low-to mid-single digit range. Our previous expectation was comparable store sales growth in the low-single digit range.

We reaffirmed the range of expectations for operating margin (earnings from continuing operations before income taxes as a percent of sales) of 1.3 percent to 2.3 percent.

Page 21 of 30

The fiscal 2006 outlook is based on the following assumptions:

- o continued sales growth in flat panel televisions, portable digital audio players, digital imaging and PC services
- o sales growth in the international segment
- o approximately 25 to 30 new and relocated Superstore openings
- o more effective advertising and promotions to drive traffic
- o an improved customer experience to increase the close rate
- o enhanced customer-encountered in-stock levels
- o continued growth in our Circuit City Direct business
- o a stable macroeconomic environment

The company expects future gross profit margin benefit from ongoing initiatives including sourcing, pricing and product transition management. Depending upon

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

the competitive environments, the company expects to balance sales, gross profit margin and expenses to achieve its operating margin target.

Domestic segment Superstore opening estimates are shown in the table below. The timing of store openings depends upon a number of factors and can change during the year. The company's previous expectation was 30 to 40 new and relocated Superstore openings.

DOMESTIC SEGMENT SUPERSTORE OPENING ESTIMATES

	Q1	Q2	Q3	Q4
Incremental Superstores.....	0	5	10	1-4
Relocated Superstores.....	3	2	4	0-2
Total expected Superstore openings.....	3	7	14	1-6
	=	=	==	===

The company expects expenses related to domestic segment store relocations to total approximately \$8 million, down from the previous forecast of \$17 million. The change results from a decrease in the expected number of relocations as well as adjustments to the estimated lease impairment charges of the specific relocations.

For the year, stock-based compensation expenses are expected to total \$26 million to \$30 million.

Capital expenditures, net of landlord reimbursements and sale leaseback transactions, are expected to total approximately \$205 million, including the following components:

- o \$120 million related to information systems
- o \$55 million related to domestic segment relocations, new store construction and store updates
- o \$18 million related to the international segment
- o \$12 million related to distribution and other expenditures

We have delayed the start of the rollout of our upgraded point of sale system until early fiscal 2007. We expect to complete the rollout in fiscal 2007.

We expect the effective income tax rate applicable to results from continuing operations for our domestic segment to be 37.1 percent. We expect the effective income tax rate applicable to results from continuing operations for our international segment to be 39.6 percent. The consolidated effective income tax rate applicable to results from continuing operations will be a weighted average of our segments' annual rates.

The fiscal 2006 outlook excludes the potential direct impact from Hurricane Katrina, which closed 11 Circuit City stores. Nine of the stores re-opened by September 20, 2005. We terminated one closed-store lease effective September 26, 2005. We re-opened the remaining store on September 28, 2005. The impact from Hurricane Katrina was not material to our financial condition or statement of operations for the three or six months ended August 31, 2005. The company maintains property and business interruption insurance.

As a result of Hurricane Rita, which occurred subsequent to the end of our

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

second quarter, we closed 17 stores. We re-opened 15 stores by September 28, 2005. The re-opening dates for two stores remain undetermined.

Expected Impact of International Segment Litigation

We are engaged in litigation with RadioShack Corporation regarding early termination of the licensing, merchandising and advertising agreements with RadioShack. Because of the ongoing legal conflict with RadioShack, we have taken steps to position our Canadian operations for continued success, regardless of the outcome of this litigation. As of June 30, 2005, we had re-branded virtually all stores operating under the RadioShack(R) name in Canada to THE SOURCE BY CIRCUIT CITYSM.

Potential positive impacts of this transition include the following:

- o sales benefit from excitement generated by new brand
- o discontinuation of payments to RadioShack of royalty and other fees

Potential negative impacts of this transition include the following:

- o sales disruption from replacing old brand
- o expenses for advertising new brand
- o capital expenditures and expenses for new store signage and inventory write-downs, which were incurred in the first half of fiscal 2006

We believe this litigation will not have a material adverse effect on our financial condition or ongoing results of operations for the 2006 fiscal year.

FORWARD-LOOKING STATEMENTS

The provisions of the Private Securities Litigation Reform Act of 1995 provide companies with a "safe harbor" when making forward-looking statements. This "safe harbor" encourages companies to provide prospective information about their companies without fear of litigation. We wish to take advantage of the "safe harbor" provisions of the Act. Our statements that are not historical facts, including statements about management's expectations for fiscal 2006 and beyond, are forward-looking statements and involve various risks and uncertainties. In most cases, you can identify our forward-looking statements by words such as "expect," "believe," "should," "may," "plan," "will" or similar words.

Forward-looking statements are estimates and projections reflecting our judgment and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. Although we believe that the estimates and projections reflected in the forward-looking statements are reasonable, our expectations may prove to be incorrect. The retail industry, and the specialty retail industry in particular, are dynamic by nature and have undergone significant changes in recent years. Our ability to anticipate and successfully respond to the continuing challenges of our industry is key to achieving our expectations. Important factors that could cause actual results to differ materially from estimates or projections contained in our forward-looking statements include the following:

- o changes in the amount and degree of competition and promotional pressure exerted by current competitors and potential new competition from competitors using either similar or alternative methods or channels of distribution such as the Internet, telephone shopping services and mail order
- o changes in general economic conditions including, but not limited to, financial market performance, consumer credit availability, interest rates, inflation, personal discretionary spending levels, trends in consumer retail spending, both in general and in our product categories, unemployment and consumer sentiment about the economy in general
- o the presence or absence of, or consumer acceptance of, new products or product features in the merchandise categories we sell and changes in our

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

merchandise sales mix

- o the impact of new products and product features on the demand for existing products and the pricing and profit margins associated with the products we sell
- o significant changes in retail prices for products we sell

Page 23 of 30

- o changes in availability or cost of financing for working capital and capital expenditures, including financing to support development of our business
- o the lack of availability or access to sources of inventory or the loss or disruption in supply from one of our major suppliers
- o the impact of initiatives related to upgrading merchandising, marketing and information systems on revenue and operating margin and the costs associated with these investments
- o the impact of inventory and supply chain management initiatives on inventory levels and profitability
- o our inability to liquidate excess inventory should excess inventory develop
- o failure to successfully implement sales and profitability improvement programs for our Circuit City Superstores, including our store revitalization plan
- o our ability to continue to generate strong sales growth through our Web site and to generate sales and margin growth through expanded service offerings
- o our ability to drive gross margin improvement in the second half of the fiscal year
- o the availability of appropriate real estate locations for relocations and new stores
- o the cost and timeliness of new store openings and relocations
- o the impact to the average results from relocated and incremental stores as stores are added to the relocation base and incremental store base
- o consumer reaction to new store locations and changes in our store design and merchandise
- o the effect of pricing and promotional activities of our competitors and our response to those actions
- o our ability to attract and retain an effective management team or changes in the costs or availability of a suitable work force to manage and support our service-driven operating strategies
- o changes in production or distribution costs or costs of materials for our advertising
- o effectiveness of our advertising and marketing programs for increasing consumer traffic and sales
- o the successful implementation of our initiatives to upgrade, evolve and innovate the core business
- o the imposition of new restrictions or regulations regarding the sale of products and/or services we sell, changes in tax rules and regulations applicable to us or our competitors, the imposition of new environmental restrictions, regulations or laws or the discovery of environmental conditions at current or future locations, or any failure to comply with such laws or any adverse change in such laws
- o reduced investment returns in our pension plan
- o changes in our anticipated cash flow
- o whether, when and in what amounts share repurchases may be made under our stock buyback authorization
- o adverse results in significant litigation matters
- o impacts from legal proceedings, tax audits or other contingencies that, while not material to the company's financial position or ongoing results of operations, may be material with respect to results of operations for a particular fiscal period
- o the ultimate outcome of the litigation instituted by RadioShack Corporation to terminate InterTAN's right to use the RadioShack(R) name in Canada

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

- o currency exchange rate fluctuations between Canadian and U.S. dollars and other currencies
- o the regulatory and trade environment in the U.S. and Canada
- o the disruption of global, national or regional transportation systems
- o the possibility of adverse changes in general economic conditions from higher energy prices and other widespread disruptions from the after-effects of Hurricanes Katrina and Rita
- o the occurrence of severe weather events or natural disasters that could significantly damage or destroy stores or prohibit consumers from traveling to our retail locations, especially during the peak holiday shopping season
- o the successful execution of the initiatives to achieve revenue growth and increase gross profit margin underlying our projected 2006 results as discussed under "Fiscal 2006 Outlook" in MD&A

We believe our forward-looking statements are reasonable. However, undue reliance should not be placed on forward-looking statements, which are based on current expectations.

Page 24 of 30

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a result of the acquisition of InterTAN, we are exposed to market risk from potential changes in the U.S./Canadian currency exchange rates as they relate to inventory purchases and the translation of InterTAN's financial results.

Inventory Purchases

A portion of InterTAN's purchases are from vendors requiring payment in U.S. dollars. Accordingly, there is risk that the value of the Canadian dollar could fluctuate relative to the U.S. dollar from the time the goods are ordered until payment is made. InterTAN's management monitors the foreign exchange risk associated with its U.S. dollar open orders on a regular basis by reviewing the amount of such open orders, exchange rates, including forecasts from major financial institutions, local news and other economic factors. At August 31, 2005, U.S. dollar purchase orders totaled approximately \$74.5 million. A 10 percent decline in the value of the Canadian dollar would result in an increase in product cost of approximately \$7.4 million. The incremental cost of such a decline in currency values, if incurred, would be reflected in higher cost of sales in future periods. In these circumstances, management would take product pricing action, to the degree commercially feasible.

Translation of Financial Results

Fluctuations in the value of the Canadian dollar have a direct effect on reported consolidated results due to the acquisition of InterTAN. We do not hedge against the possible impact of this risk. A 10 percent adverse change in the foreign currency exchange rate would not have a significant impact on our consolidated results of operations or financial position.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of the company's management, including the chief executive officer and chief financial officer, the company has evaluated the effectiveness of its "disclosure controls and procedures," as that term is defined in Rule 13a-15(e) of the Securities Exchange Act of 1934, as amended, as of the end of the period covered by this Quarterly Report on Form 10-Q. Based upon their evaluation, the chief executive officer and chief financial officer concluded that the company's disclosure controls and

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

procedures are effective.

Changes in Internal Controls

There were no changes in the company's internal control over financial reporting in the quarter ended August 31, 2005, that have materially affected, or are reasonably likely to materially affect, the company's internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

On March 31, 2004, Circuit City announced a public tender offer to purchase the stock of InterTAN. Circuit City completed the acquisition and InterTAN became a wholly owned subsidiary of Circuit City on May 19, 2004. Among other things, InterTAN has operated retail consumer electronics outlets under the RadioShack(R) name in Canada under a licensing agreement with a subsidiary of RadioShack Corporation. InterTAN has also operated under two other agreements with RadioShack and its subsidiaries ("RadioShack"): a merchandising agreement and an advertising agreement.

After the March 31, 2004 announcement, RadioShack asserted early termination of all three agreements under a variety of theories and on a variety of proposed termination dates. RadioShack asserts that InterTAN failed

Page 25 of 30

to pay an annual fee in material breach of the advertising agreement and, alternatively, that a "without cause" termination of the advertising agreement triggers termination of the other agreements.

On April 5, 2004, RadioShack filed suit against InterTAN in Tarrant County, Texas, and amended that suit on April 27, 2004 (the "RadioShack litigation"). InterTAN disputes the various termination scenarios alleged by RadioShack and is defending vigorously against those claims. The parties argued a RadioShack motion for partial summary judgment on February 3, 2005. On March 24, 2005 the court issued an order on that motion stating that the three agreements were terminated no later than December 31, 2004. Under the ruling, InterTAN's rights under the three agreements expired June 30, 2005.

Circuit City continues to believe that RadioShack is not entitled to early termination of the agreements, that InterTAN has substantial defenses to the RadioShack claims and that RadioShack has breached the agreements by seeking early termination. InterTAN intends to continue defending vigorously the claims and to exercise its rights under the agreements, as well as any appeal rights.

Because of the ongoing legal conflict with RadioShack, Circuit City has been taking steps to position its Canadian operations for continued success, regardless of the outcome of this litigation. Circuit City believes that this litigation will not have a material adverse effect on the company's financial condition or results of operations for the 2006 fiscal year.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The following table provides information about common stock repurchases by or on behalf of the company during the quarter ended August 31, 2005:

Tot

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

(Amounts in millions except per share data)	Total Number of Shares Purchased	Average Price Paid per Share	O Pur Part A
June 1 - June 30, 2005.....	2.2	\$17.05	
July 1 - July 31, 2005.....	3.6	\$17.71	
August 1 - August 31, 2005.....	-	\$ -	
Total fiscal 2006 second quarter.....	5.7	\$17.46	

* In January 2003, the company announced that the board of directors had authorized the repurchase of up to \$200 million of common stock. In June 2004, the company announced a \$200 million increase in its stock repurchase authorization, raising the repurchase capacity to \$400 million. In March 2005, the company announced a \$400 million increase in its stock repurchase authorization, raising the repurchase capacity to \$800 million. There is no expiration date under the authorization. At August 31, 2005, \$259.5 million remained available for share repurchases under the share repurchase authorization.

Page 26 of 30

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

(a) The annual meeting of the company's shareholders was held June 21, 2005.

(b) (i) At the annual meeting, the shareholders of the company elected Carolyn H. Byrd, Ursula O. Fairbairn, Alan Kane and J. Patrick Spainhour as directors for a three-year term. The elections were approved by the following votes:

Directors	For	Withheld
Carolyn H. Byrd	166,073,060	4,372,311
Ursula O. Fairbairn	161,937,026	8,508,345
Alan Kane	166,064,186	4,381,185
J. Patrick Spainhour	166,854,747	3,590,624

(ii) At the annual meeting, the shareholders of the company voted in favor of a proposal to approve the Amended and Restated Circuit City Stores, Inc. 2003 Stock Incentive Plan. This proposal was approved by the following votes:

For	Against	Abstain	Broker Non-Votes
104,796,273	19,252,802	10,900,206	35,496,090

(iii) At the annual meeting, the shareholders of the company voted in favor of a proposal to approve the InterTAN Canada, Ltd. Stock Purchase Program. This proposal was approved by the following votes:

For	Against	Abstain	Broker Non-Votes

Edgar Filing: CIRCUIT CITY STORES INC - Form 10-Q

119,319,960 4,701,797 10,927,524 35,496,090

- (iv) At the annual meeting, the shareholders of the company voted to ratify the appointment of KPMG LLP as the company's independent auditors for fiscal year 2006. This ratification was approved by the following votes:

For	Against	Abstain	Broker Non-Votes
-----	-----	-----	-----
167,652,901	1,590,125	1,202,345	0
