These options to purchase a total of 1 million shares were granted in connection with Mr. Weil's new employment agreement. Each option may be exercised six month after grant, but shares representing the "profit" upon any exercise will be non-transferable until the third anniversary of the grant date. The restrictions on the "profit" shares were scheduled to lapse three months prior to the seventh anniversary of the grant date, but will lapse on such earlier date due to the achievement of the stock price performance goals established under the option agreements.

(2)

These options were granted under the Company's management incentive compensation program. Each option becomes exercisable in five equal installments, one-fifth of the total on each of the first, second, third, fourth and fifth anniversaries of the date of grant, or in full upon a change in control of the Company. In the event a holder's employment is terminated under certain circumstances, his option may

become fully vested and exercisable pursuant to his agreement with the Company (see "Employment Agreements").

Supplemental Executive Retirement Plan

The Company adopted a Supplemental Executive Retirement Plan, or "SERP," in order to provide supplemental retirement benefits for senior executives of the Company. The SERP provides for retirement benefits according to a formula based on each participant's years of service with the Company and average rate of compensation. Payments under the SERP will commence upon a participant's termination of employment with the Company after reaching the age of at least 55 and having at least 10 years of full-time employment with the Company. The annual retirement benefit will be an amount equal to 3% of the participant's average compensation for the three highest consecutive calendar years in the last ten years before termination of employment, multiplied by the participant's years of full-time employment with the Company up to a maximum of 15 years. Accordingly, the maximum annual payment under the SERP would be 45% of a participant's highest average annual compensation. A participant may receive a total of 15 annual payments in that amount, or may elect to receive the discounted present value of those 15 annual payments in equal installments over a period of 5 or 10 years or in a single lump sum. The date for payment of benefits may be accelerated in the event of a participant's death or total permanent disability, and certain additional provisions will apply in the event of a change of control of the Company. For example, a participant whose highest average annual compensation is \$500,000 and who is credited with at least 15 years of full-time employment with the Company would receive 15 annual payments of \$225,000 under the SERP. If their highest average compensation were equivalent to their fiscal 2003 compensation, the Named Executive Officers who are participants in the SERP would be expected to receive annual retirement benefits for 15 years in the following estimated amounts, assuming their retirement after at least 15 years of service with the Company: A. Lorne Weil, \$806,000; Martin E. Schloss, \$212,000; William J. Huntley, \$203,000; and Richard M. Weil, \$184,000. These amounts would be subject to an offset for Social Security benefits. Messrs. L. Weil, Schloss, Huntley and R. Weil have 13, 11, 30 and 9 years of credited service, respectively, under the SERP.

Deferred Compensation Plan

The Company has a non-qualified deferred compensation plan that enables eligible employees to defer receipt of up to 50% of their base salary and up to 100% of the cash bonus that may be awarded under the Company's management incentive compensation program. The plan also enables non-employee directors to defer receipt of up to 100% of the fees and other cash compensation payable for director services. Accounts are maintained for each of the participants, who elect to have their accounts mirror the performance of investment options that the Company may offer from time to time. It is intended that amounts deferred under the plan will not be subject to any federal and, in most cases, state and local income taxes until participants receive payment from the plan. Unless participants elect to extend a deferral period, deferrals and related earnings will be paid as soon as practicable following the end of the deferral period. Accounts may be distributed prior to that date if a participant leaves the Company, dies or becomes disabled, if there is a change in control of the Company, if the Company terminates the plan or, under extremely limited circumstances, in the event of an "unforeseeable emergency".

Employment Agreements

A. Lorne Weil. Mr. Weil serves as Chairman of the Board and Chief Executive Officer pursuant to an amended and restated employment agreement dated as of February 28, 2003 and, under such agreement, is currently paid a base salary of approximately \$815,500, which will be increased to \$1 million on January 1, 2005 (subject to further increases on each January 1 thereafter to reflect increases, if any, during the preceding twelve months in the Consumer Price Index for the Greater New York area). Under the agreement, Mr. Weil has the opportunity to earn annually up to \$1 million as incentive compensation under the Company's management incentive compensation program in each fiscal year through 2005 and thereafter by the amount equal to his base salary for the fiscal year. The agreement has a term of employment ending December 31, 2007, which extends automatically for an additional year on December 31, 2007 and on each succeeding December 31 thereafter unless either party serves written notice upon the other party six months prior to the date upon which such extension would become effective. Under the agreement, Mr. Weil is entitled to participate in the SERP with an annual retirement benefit equal to \$675,000 in the case of a termination qualifying for benefits during 2003, which amount will be increased by \$40,000 (plus an amount for inflation on the increased benefit) on each December 31 in the period 2003 to 2007, if he remains employed at that date. This benefit replaces the amount that would otherwise be calculated or payable under the SERP which is based on average highest compensation for three consecutive years.

In the event Mr. Weil's employment is terminated by the Company without "cause" (which includes the Company's election not to extend the term), or by Mr. Weil for "good reason" (which includes Mr. Weil's election not to extend the term due to the failure of the parties to agree to the terms of his continued employment), or by reason of "total disability" (as such terms are defined in the employment agreement), Mr. Weil will be entitled to receive the following: (a) cash severance in a lump sum equal to three times a "severance base amount" of \$1,750,000, which will be adjusted for inflation on each January 1 beginning January 1, 2004 based on the increase, if any, during the preceding twelve months in the Consumer Price Index for the Greater New York area; (b) his SERP benefit; (c) a pro rata annual incentive amount for the year of termination; (d) full vesting of stock options held at termination, and any options which were granted on or after November 1, 1997 (the effective date of his prior employment agreement) or, if previously granted, were not "in the money" on such effective date, will remain exercisable until the scheduled expiration date of such options; (e) full vesting and settlement of all deferred stock and other equity-based awards held at termination; (f) continued participation in certain employee benefit plans for a period of three years after termination other than due to "total disability," in which case the period shall be until age 65, or, if such plans do not allow continuation, a payment in lieu of such benefits; and (g) a payment to Mr. Weil to fund any excise tax that may be imposed under Section 4999 of the Internal Revenue Code by reason of a change in control, as well as an amount to fund any income taxes payable with respect to such payment by the Company. Martin E. Schloss. Mr. Schloss serves as Vice President, General Counsel and Secretary pursuant to an employment agreement dated November 1, 2002 and currently receives a base salary of \$350,000 (subject to increases on each January 1 to reflect increases, if any, in the Consumer Price Index for the Greater New York area). The agreement has a term of employment ending December 31, 2004, which extends automatically for an additional year on December 31, 2004 and on each succeeding December 31 thereafter unless either party serves written notice upon the other party prior to the September 30 preceding the date upon which such extension would become effective. In the event Mr. Schloss's employment is terminated by the Company without "cause" (which includes the Company's election not to extend the term), or by Mr. Schloss for "good reason", or by reason of "total disability" (as such terms are defined in the employment agreement), Mr. Schloss will be entitled to receive the following: (a) cash severance in a lump sum equal to the sum of his then current base salary and an incentive amount equal to the higher of the average annual incentive compensation paid for the prior three years and the amount payable upon achievement of maximum performance targets for the year of termination; (b) his SERP benefit with credit for five additional years of service; (c) full vesting of stock options held at termination; (d) full vesting and settlement of all deferred stock held at termination; and (e) continued participation in certain employee benefit plans for a period of three years after termination other than due to "total disability," in which case the period shall be until age 65, or, if such plans do not allow continuation, a payment in lieu of such benefits.

If Mr. Schloss's employment terminates due to retirement or death, he will be entitled to receive the following: (a) the SERP benefit; (b) a pro rata annual incentive amount for the year of termination; (c) full vesting of stock options held at termination; and (d) full vesting and settlement of all deferred stock held at termination.

Richard M. Weil. The agreement has a term of employment ending December 31, 2004, which extends automatically for an additional year on December 31, 2004 and on each succeeding December 31 thereafter unless either party serves written notice upon the other party prior to the September 30 preceding the date upon which such extension would become effective. Under the agreement, Mr. Schloss has the opportunity annually to earn incentive compensation under the Company's management incentive compensation program and to participate in the SERP with a retirement benefit that is equal to the greater of (i) the amount calculated under the SERP and (ii) the amount equal to his then-current base salary plus a bonus amount calculated by multiplying his then-current base salary by the average highest percentage of incentive compensation relative to base salary that he received for three consecutive years. In the event Mr. Weil's employment is terminated by the Company without "cause" (which includes the Company's election not to extend the term), or by Mr. Weil for "good reason", or by reason of "total disability" (as such terms are defined in the employment agreement), Mr. Weil will be entitled to receive the following: (a) cash severance in a lump sum equal to the sum of his then current base salary and an incentive amount equal to the higher of the average annual incentive compensation paid for the prior three years and the amount payable upon achievement of maximum performance targets for the year of termination; (b) his SERP benefit with credit for five additional years of service; (c) full vesting of stock options held at termination; (d) full vesting and

In the event Mr. Weil's employment is terminated without "cause" or for "good reason" and the termination occurs at the time of, within two years after, or in anticipation of, a "change in control", he will be entitled to receive the following: (a) cash severance in a lump sum equal to the three times the sum of his then-current base salary and an incentive amount equal to the higher of the average annual incentive compensation paid for the prior three years and the amount payable upon achievement of maximum performance targets for the year of termination; (b) his SERP benefit with credit for five additional years of service; (c) a pro rata annual incentive amount for the year of termination; (d) full vesting of stock options held at termination; (e) full vesting and settlement of all deferred stock held at termination; and (f) a payment to fund any excise tax that may be imposed under Section 4999 of the Internal Revenue Code by reason of a change in control, as well as an amount to fund any income taxes payable with respect to such payment by the Company. SGI Division Presidents William J. Huntley and Cliff O. Bickell. The Company's subsidiary, Scientific Games International, Inc., is party to an Employment and Severance Benefits Agreement dated September 6, 2000 with each of Messrs. Huntley and Bickell, pursuant to which they serve as Systems Division President and Printed Products Division President, respectively, of Scientific Games International and its subsidiaries. The agreements, which were amended on December 18, 2002, have a term of employment ending September 5, 2004, which extends automatically for an additional year on September 5, 2004 and on each succeeding September 5 thereafter unless either party serves written notice upon the other party at least 30 days prior to the date upon which such extension would become effective. Messrs. Huntley and Bickell each currently receive a base salary of \$375,000 (subject to annual increases in the percentage generally provided to the Company's executive officers), a transportation allowance of \$16,000 and each has the opportunity to receive an annual cash bonus and an annual grant of stock options in amounts commensurate with, and based on substantially the same criteria as, those awarded to executive officers of the Company. If the employment of either executive is terminated without cause or in the event of a constructive termination, such executive will be entitled to receive the following: (a) a sum each month for a period of one year after termination equal to one-twelfth of the highest annual rate of base salary plus bonus paid during the twenty-four month period preceding the date of termination; (b) a pro rata bonus for the year of termination; and (c) continued participation in certain employee benefit plans for a period of time not to exceed the applicable period in which severance is being paid, and if such plans do not allow continuation and the Company is unable to obtain substantially similar benefits, payment in lieu of such benefits. If the executive's employment is terminated due to disability, he will be entitled to receive a pro rata bonus for the year of termination and to continue to receive all disability, life and medical insurance benefits for a period of twelve months as well as his base salary for such period (to the extent payments under the Company's disability plan do not cover 100% of base salary); and in the event of the executive's death, his beneficiary will be paid a lump sum payment equal to six months of base salary and a pro rata bonus for the year of termination.

Change in Control Agreements. The Company entered into a Change in Control Agreement with each of Messrs. Martin E. Schloss, William J. Huntley and Richard M. Weil as of November 1, 1997, which in the case of each of Messrs. Schloss and Weil has been superceded by their current employment agreement. The Change in Control Agreement has a term ending on October 31, 2004, which extends automatically for an additional year on October 31, 2004 and on each succeeding October 31 thereafter unless either party serves written notice upon the other party six months prior to the date upon which such extension would become effective. Pursuant to the agreement, if the Company terminates the employment of an executive without "cause", or the executive terminates his employment for "good reason", at the time of or within two years following a "change in control" (as such terms are defined in the agreements), such executive will be entitled to receive the following: (a) cash severance in a lump sum equal to two times the sum of his then current base salary and the higher of the average annual incentive compensation paid to him for the three prior years, and the amount payable to him upon achievement of the target level of performance for the year of termination; (b) a pro rata annual incentive amount for the year of termination; (c) full vesting of stock

options held at termination, and any options which were granted on or after November 1, 1997 (the effective date of the agreement) or, if previously granted, were not "in the money" on such effective date, will remain exercisable until the earlier of 36 months after termination and the scheduled expiration date of such options; (d) full vesting and settlement of all deferred stock held at termination; and (e) continued participation in certain employee benefit plans until the earliest of 18 months, the date equivalent benefits are provided by a subsequent employer, and age 65, or, if such plans do not allow continuation, payment in lieu of such benefits. The agreements also provide that if the executive's employment is terminated without "cause" and he is not entitled to the severance described above, he will be entitled to receive a lump sum cash payment equal to his then current base salary.

The options granted to directors become exercisable in four equal installments, one-quarter of the total on each of the first, second, third and fourth anniversaries of the date of grant, and expire not later than the tenth anniversary of the date of grant.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of the Board of Directors currently consists of Alan J. Zakon (Chairman), Colin J. O'Brien and Howard Gittis, who joined the Committee in December 2003. Rosario Bifulco served as a member of the Committee from June 2002 until his resignation from the Board in November 2003.

Edgar Filing: SCIENTIFIC GAMES CORP - Form 10-K/A

None of the members on the Committee is or has been an officer or employee of the Company or a subsidiary of the Company or had any relationship or transaction with the Company requiring disclosure under this item.

No executive officer of the Company serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board or Compensation Committee.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors administers the Company's executive compensation program. The Committee's responsibilities include approving awards under the Company's incentive compensation and stock option plans, approving the compensation of the Company's executives and making recommendations to the Board of Directors with regard to the adoption of new employee benefit plans and new executive compensation plans. The Committee is comprised of three members of the Board of Directors who are not officers or employees of the Company. The Committee engages an outside compensation consultant for insight and advice on matters related to executive compensation.

Compensation Components and Philosophy

The principal components of the Company's compensation program consist of base salaries, performance-based bonuses and stock options. The Company's compensation program is designed to provide executives with compensation that is competitive with other companies, reward executives based on Company and individual performance and to align management and stockholder interests by providing incentive compensation through stock option awards and performance-based bonuses.

The Compensation Committee believes that executive performance significantly influences Company performance. Therefore, the executive compensation program is guided by the principle that executives should have the potential for increased earnings when performance objectives are exceeded, provided there is appropriate downside risk if performance targets are not met.

Executive Officer Compensation

Base salaries for the Company's executives other than the Chief Executive Officer, as well as changes in such salaries, are based upon recommendations by the Chief Executive Officer and other senior managers and reviewed on an annual basis in conjunction with the Company's budget for the upcoming fiscal year, taking into account such factors as competitive industry salaries, a subjective assessment of the nature of the position and the contribution and experience of the executive and the length of the executive's service.

The Company's management incentive compensation program (the "MICP") provides annual bonus opportunities for the Company's key executive personnel based on three criteria: (1) the Company's overall financial performance relative to the budget for a given fiscal year as approved by the Board of Directors, (2) the financial performance of individual business units of the Company for executives directly involved with the operation of those units, and (3) a qualitative assessment by the Committee of individual performance not directly measurable by financial results pursuant to recommendations made by the Chief Executive Officer and other senior managers in the Company. The purpose of the MICP is to reward employees who have made significant contributions to the Company's achievement of its objectives and to provide an incentive for further contributions. The financial performance of the Company and its business units are principally measured under the MICP by the attainment of "EBITDA" (Earnings Before Interest, Taxes, Depreciation and Amortization) targets established for the year. If the financial performance targets are met or exceeded, participants will be eligible to receive year-end cash bonuses based on a percentage of their base salaries, subject to adjustment by the Committee after consideration of various objective and subjective factors. Potential payments under the MICP during fiscal 2003 ranged from 25% to 50% of base salary for participants other than the Chief Executive Officer, with each of Messrs. Martin E. Schloss, William J. Huntley, Cliff O. Bickell and Richard M. Weil having the opportunity to earn a bonus in an amount equal to 50% of base salary.

In awarding bonuses for fiscal 2003, the Company considered the achievement by the Company and its business units of financial performance targets as well as various strategic objectives during the fiscal year, including the following:

The acquisition of IGT Online Entertainment Systems, Inc. established Scientific Games as the second largest on-line lottery systems provider in the industry, picking up seven North American on-line lottery contracts, six VLT service contracts and important intellectual property.

The acquisition of MDI Entertainment, Inc., with its portfolio of licensed properties and entertainment-based promotions, significantly expanded the offerings of lottery products and services to the instant ticket customers of Scientific Games and allows us to sell products to competitors' customers outside of the traditional lottery procurement cycle.

Edgar Filing: SCIENTIFIC GAMES CORP - Form 10-K/A

The relocation of the racing business to the lottery facility in Alpharetta, Georgia and the re-branding of the business to Scientific Games Racing, which are intended to provide cost savings and achieve operational and technological synergies.

The award of contracts for two lottery start-ups an instant ticket and cooperative services contract for the new Tennessee lottery and on-line contract for the start-up of the North Dakota on-line lottery.

The achievements in product development reflected by the introduction of the new Quantum pari-mutuel central system and LC3 which is the first electronic lottery game card.

While base salary and the annual incentive compensation components are tied to employee responsibility and the Company's financial performance and progress in achieving strategic goals, the purpose of stock option grants is to align stockholder and employee interests by providing a component of compensation tied directly to the performance of the Company's stock price. Executive personnel have the opportunity to receive annual grants of stock options under the MICP based on a formula approved by the Committee. The number of shares subject to options granted under the MICP for fiscal 2003 represented approximately 15% of the executives' cash bonus potential for the fiscal year, subject to upward adjustment or downward adjustment based on an evaluation of management.

CEO Compensation

Mr. A. Lorne Weil received a base salary of approximately \$790,958 for 2003 under the terms of his employment agreement dated February 28, 2003, which provides for an increase in his base salary to \$1 million on January 1, 2005 and further increases on each January 1 thereafter during the term for inflation based on the increase, if any, in the Consumer Price Index for the Greater New York area during the preceding twelve months. Mr. Weil's agreement provided him with the opportunity to earn \$1 million as incentive compensation for 2003 pursuant to the terms of the Company's MICP. Mr. Weil received his maximum incentive award as a result of the Company and Mr. Weil having achieved the financial and performance objectives referred to above. In addition, the Committee approved performance accelerated stock option grants covering 1 million shares to Mr. Weil and a grant of approximately 50,000 shares of restricted stock in connection with the amendment of Mr. Weil's employment agreement, which extended the term of employment by three years to December 31, 2007. The restrictions on these grants will lapse on an accelerated basis on the third anniversary of the grant date due to the achievement of the stock price performance goals established under the agreements. (For additional information relating to Mr. Weil's employment agreement, see "Employment Agreements" above.)

Deductibility of Executive Compensation

The Company expects that the compensation paid to executive officers during fiscal 2003 will qualify for income tax deductibility under Section 162(m) of the Internal Revenue Code. In addition, the Company has a general policy of awarding stock options to its executive officers only pursuant to plans that the Company believes will satisfy the requirements of Section 162(m).

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return over the sixty-two month period from October 31, 1998 through December 31, 2003 on (a) our Common Stock, (b) the Nasdaq National Market ("Nasdaq"), on which our shares of Common Stock are traded and (c) a peer group index of companies that provide services similar to ours, consisting of International Lottery and Totalisator Systems, Inc., Churchill Downs, Inc. and GTECH Holdings Corp. (the "Peer Group Index"). We elected to use a peer group index rather than a published industry or line-of-business index because we are not aware of any such published index of companies which, in terms of their businesses, are as comparable to us as those included in the peer group index. The peer group companies have been weighted based upon their relative market capitalization each year. The graph assumes that \$100 was invested on October 31, 1998 in our Common Stock, the Nasdaq and the Peer Group Index and that all dividends were reinvested. We changed our fiscal year-end from an October 31 year-end to a calendar year-end, beginning with the year ending December 31, 2001, so that the measurement period for the performance graph covers the fiscal years ended October 31, 1999 and 2000, the two-month transition period ended December 31, 2000, and the fiscal years ended December 31, 2001, 2002 and 2003.

Beneficial ownership as reported in the above table has been determined in accordance with Rule 13d-3 under the Securities Exchange Act of 1934. A person who has the right to acquire securities within 60 days of April 15, 2004 through the exercise or conversion of an option, warrant or other security, including the Series A Convertible Preferred Stock, is deemed to be the beneficial owner of the securities which may be acquired. Such securities are deemed to be outstanding for the purpose of calculating the percentage of outstanding securities owned by such person but are not deemed to be outstanding for the purpose of calculating the percentage owned by any other person. The number of shares reported as issuable upon conversion of the Series A Preferred Stock was determined in accordance with the Certificate of Designations governing the Preferred Stock by dividing (a) \$100 (the "liquidation preference" for each share) by (b) \$5.56 (the "conversion price"). The "conversion price" is subject to downward adjustment (to no less than \$4.63) in the event the average 30-day trading price of our stock decreases to less than \$8.94.

Equity Compensation Plan Information

The following table provides information about the shares of our common stock that may be issued upon the exercise of stock options, warrants and other stock rights under all of our equity compensation plans as of December 31, 2003.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
	(a)	(b)	(c)
Equity compensation plans approved by security holders	7,454,624	\$ 6.52	4,963,772
Equity compensation plans not approved by security holders	2,108,221	\$ 3.79	79,569
Total	9,562,845	\$ 5.92	5,043,341

The equity compensation plans which were not submitted for stockholder approval consist of a warrant issued in 2000, stock options granted as inducement options in 2003 and our 1995 Equity Incentive Plan, which was originally adopted by our Board in May 1995. Such plans are described below.

Warrant issued in 2000. We issued a warrant in October 2000 to a financial advisor for services related to the acquisition of Scientific Games Holdings Corp. The warrant permits the holder to purchase an aggregate of 250,000 shares of our common stock at an exercise price of \$3.58 per share and is scheduled to expire in October 2004.

Inducement Stock Options Granted in 2003. We granted stock options to four employees during 2003 as inducement stock options. The options permit the holders to purchase an aggregate of 170,000 shares at exercise prices ranging from \$5.88 to \$7.60. Each such option has a ten-year term and becomes exercisable in four equal annual installments, one-quarter of the total on each of the first four anniversaries of the date of grant.

The 1995 Equity Incentive Plan. Our 1995 Equity Incentive Plan, as amended (the "1995 Plan"), authorizes grants of non-qualified stock options, deferred stock and other stock-related awards to employees who are not executive officers or directors of the Company. As of December 31, 2003, 1,943,021 shares were subject to outstanding awards under the 1995 Plan and 79,569 shares remained available for grant under the 1995 Plan. The 1995 Plan is administered by the Compensation Committee of our Board of Directors, which is authorized to select the participants, determine the type and number of awards to be granted and number of shares of common stock to which awards will relate, specify times at which awards will be exercisable, set other terms and conditions of such awards, interpret and specify rules and regulations relating to the 1995 Plan. The Committee's practice has been to award stock options which vest in four annual installments (one-quarter of the total on each of the first, second, third and fourth anniversaries of the grant date), have an exercise price equal to the

fair market value of the common stock on the grant date, and expire on the tenth anniversary of the date of grant. The Committee may, in its discretion, accelerate the exercisability, the lapsing of restrictions, or the expiration of deferral or vesting periods of any award, and such accelerated exercisability, lapse, expiration and vesting shall occur automatically in the event of a consolidation or merger of the Company or a sale of substantially all of the Company's assets. The Board may amend or terminate the 1995 Plan without stockholder approval, but no amendment or termination of the 1995 Plan may adversely affect any award previously granted under the 1995 Plan without the consent of the holders. Unless earlier terminated by the Board, the 1995 Plan will terminate at such time as no shares remain available for issuance under the 1995 Plan and we have no further rights or obligations with respect to outstanding awards under the 1995 Plan.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Under a letter dated March 8, 2004, we engaged Ramius Securities, LLC ("Ramius") to act as a financial advisor on a non-exclusive basis in connection with certain acquisition, investment or financing transactions. If Ramius provides services with respect to a transaction which is consummated by us during the duration of the engagement letter or within 12 months thereafter, Ramius would receive a fee equal to 1%, or such other percentage (not to exceed customary amounts) as may be mutually agreed upon by the parties, of the acquisition consideration or other transaction value. The Company may engage a co-advisor or advisors in addition to Ramius for any transaction, in which case any fee to Ramius would be reduced by the fees of such co-advisor or advisors (provided that Ramius would receive a fee representing the relative value of its services as reasonably determined by us). We may also reasonably determine not to engage Ramius for any transaction, in which case Ramius would receive no fee. The engagement letter provides that Ramius would be entitled to reimbursement of reasonable out-of-pocket expenses (not to exceed \$50,000 in any year unless previously approved by the Company) and contains certain customary indemnification and other provisions. The engagement letter continues for a period of three years, subject to earlier termination by either Ramius or the Company on 30 days' notice. Peter A. Cohen, a director of the Company, is the President of Ramius and a principal of Ramius' parent company, Ramius Capital Group, LLC.

During 2003, we engaged the services of Lancio Partners, a marketing firm, for a fee of \$80,000 to assist us in the re-branding of our racing business from Autotote to Scientific Games. Sarah Bresnahan, the sister of Sally L. Conkright, is president and owner of Lancio Partners.

Eric Pullman, the brother-in-law of Martin E. Schloss, is employed as Director of Business Development for Autotote Enterprises, our Connecticut OTB business. Mr. Pullman, who assumed this position in April 2003, receives a base salary of \$125,000 and has the opportunity to receive a year-end bonus of up to 35% of his base salary. Mr. Pullman previously provided consulting services to the Company for approximately 12 months at a monthly rate of \$12,500.

Rick Balanetsky, the brother-in-law of DeWayne E. Laird, worked as a computer consultant during 2003 and received approximately \$86,000.

The amounts shown below for "2003 Fees" represent the fees billed by Deloitte & Touche LLP for professional services rendered in respect of the fiscal year ended December 31, 2003; and the amounts shown below for "2002 Fees" represent the amounts billed by KPMG LLP for professional services rendered in respect of the fiscal year ended December 31, 2002.

Audit Committee Pre-Approval Policies

The Audit Committee has responsibility for the appointment, compensation and oversight of the work of the independent accountant. As part of this responsibility, the Audit Committee must pre-approve all permissible services to be performed by the independent accountant.

The Audit Committee has adopted an auditor pre-approval policy which sets forth the procedures and conditions pursuant to which pre-approval may be given for services performed by the independent auditor. Under the policy, the Committee must give prior approval for any amount or type of service within four categories—audit, audit-related, tax services or, to the extent permitted by law, other services—that the independent accountant provides. Prior to the annual engagement, the Audit Committee may grant general pre-approval for independent auditor services within these four categories at maximum pre-approved fee levels. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval and, in those instances, such service will require separate pre-approval by the Audit Committee if it is to be provided by the independent auditor. For any pre-approval, the Audit Committee will consider whether such services are consistent with the SEC's rules on auditor independence, whether the auditor is best positioned to provide the most cost effective and efficient service and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. The Audit Committee may delegate to one or more of its members authority to approve a request for pre-approval provided the member reports any approval so given to the Audit Committee at its next scheduled meeting.
