Proxy Statement for Annual Meeting of Shareholders to Be Held On May 11, 2005

Our board of directors is soliciting proxies for the 2005 Annual Meeting of Shareholders. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. We encourage you to read it carefully.

Voting Information

The board set March 25, 2005 as the record date for the meeting. Shareholders owning our common stock at the close of business on that date are entitled to attend and vote at the meeting, with each share entitled to one vote. There were 2,972,813 shares of common stock outstanding on the record date. A majority of the outstanding shares of common stock represented at the meeting will constitute a quorum. We will count abstentions and broker non-votes, which are described below, in determining whether a quorum exists.

Many of our shareholders hold their shares through a stockbroker, bank, or other nominee rather than directly in their own name. If you hold our shares in a stock brokerage account or by a bank or other nominee, you are considered the *beneficial owner* of shares held in street name, and these materials are being forwarded to you by your broker or nominee, which is considered the *shareholder of record* with respect to those shares. As the *beneficial owner*, you have the right to direct your broker or nominee how to vote and are also invited to attend the annual meeting. However, since you are not the *shareholder of record*, you may not vote these shares in person at the meeting unless you obtain a signed proxy from the *shareholder of record* giving you the right to vote the shares. Your broker or nominee has enclosed or provided a voting instruction card for you to use to direct your broker or nominee how to vote these shares.

When you sign the proxy card, you appoint Ira P. Shepherd, III and Dale K. Geeslin as your representatives at the meeting. Unless you revoke your proxy, Messrs. Shepherd and Geeslin will vote your proxy as you have instructed them on the proxy card. If you submit a proxy but do not specify how you would like it to be voted, Messrs. Shepherd and Geeslin will vote your proxy FOR the election to the board of directors of all nominees listed below under "Election of Directors." We are not aware of any other matters to be considered at the meeting. However, if any other matters come before the meeting, Messrs. Shepherd and Geeslin will vote your proxy on such matters in accordance with their judgment.

You may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by signing and delivering another proxy with a later date or by voting in person at the meeting.

Brokers who hold shares for the accounts of their clients may vote these shares either as directed by their clients or in their own discretion if permitted by the exchange or other organization of which they are members. Proxies that brokers do not vote on some proposals but that they do vote on others are referred to as "broker non-votes" with respect to the proposals not voted upon. A broker non-vote does not count as a vote in favor of or against a particular proposal for which the broker has no discretionary voting authority. In addition, if a shareholder abstains from voting on a particular proposal, the abstention does not count as a vote in favor of or against the proposal.

We are paying for the costs of preparing and mailing the proxy materials and of reimbursing others for their expenses of forwarding copies of the proxy materials to our shareholders. Our officers and employees may assist in soliciting proxies but will not receive additional compensation for doing so. We are distributing this proxy statement on or about April 14, 2005.

Proposal No. 1: Election of Directors

Our articles of incorporation provide for a classified board of directors, so that, as nearly as possible, one-third of the directors are elected each year to serve three-year terms. The Board proposes to elect four (4) Class II directors who will serve a three-year term expiring at the 2008 annual meeting of shareholders.

All nominees are currently directors. We believe that the nominees will stand for election and will serve if elected as directors. If, however, any person nominated by the board of directors fails to stand for election or is unable to accept election, your shares will be voted in favor of the election of another person nominated by the board of directors. There are no cumulative voting rights in the election of directors, which means you may vote only once for a nominee.

CONTINUING DIRECTORS

Shareholders will elect four nominees as Class II directors at the meeting to serve a three-year term, expiring at the 2008 Annual Meeting of Shareholders. The directors will be elected by a plurality of the votes cast at the meeting. This means that the four nominees receiving the highest number of votes will be elected.

The board of directors recommends that you elect Mr. Godwin, Mr. Hancock, Mr. Rossetti, and Mr. Russell as Class II directors.

If you submit a proxy but do not specify how you would like it to be voted, Mr. Shepherd and Mr. Geeslin will vote your proxy to elect Mr. Godwin, Mr. Hancock, Mr. Rossetti, and Mr. Russell. If any of these nominees is unable or fails to accept nomination or election (which we do not anticipate), Mr. Shepherd and Mr. Geeslin will vote instead for a replacement to be recommended by the board of directors, unless you specifically instruct otherwise in the proxy.

Employment Agreements

We do not have employment agreements with our officers.

The Bank of Georgia 401(k) Plan

Our bank adopted a 401(k) plan covering all employees with more than 1,000 hours of service who have attained the age of 21. The Bank of Georgia 401(k) Plan became effective on January 1, 2000. The plan permits eligible employees to make before-tax contributions to the plan through payroll deductions subject to the limits imposed under Federal tax law. We may also make matching contributions to the plan equal to the percentage of the participants contribution during a particular year. Our level of participation in the plan is determined annually by the board of directors. For the year ended 2004, we matched each participant's contribution up to a maximum of 6% of each participant's salary. The plan permits each participant to direct the investment of the assets in his individual account. Contributions by the participant are always 100% vested. Matching contributions by the Bank vest at the rate of 33% after 2 years of service, 66% after 3 years of service and 100% after 4 years of service. In general, participants may withdraw benefits upon termination of employment after attaining normal retirement age and upon termination of the plan. In addition, participants may withdraw their contributions if they terminate employment before attaining normal retirement age, attain normal retirement age but continue to work, become disabled, or incur a financial hardship.

Supplemental Executive Retirement Agreements

The Bank is a party to supplemental executive retirement agreements with, respectively, Ira P. Shepherd, III, President, Rick A. Duncan, Executive Vice President, Malcolm R. Godwin, Executive Vice President, Eric K. Smith, Senior Vice President, and C. Lynn Gable, Senior Vice President. These agreements provide for supplemental retirement benefits. Generally, under each of these agreements, a maximum annual retirement benefit of \$82,100 is payable if the executive remains in the employ of the Bank until a specific date designated in 2013 or if there is a change of control prior to that date. The annual benefit is payable in monthly installments over 15 years commencing with the executive's attainment of age 65 or, if later, his actual retirement date. Reduced benefits are payable in certain circumstances if the executive terminates employment earlier than the date designated in 2013 but only if the termination is a result of the executive's voluntary resignation or involuntary termination without cause or due to disability. These agreements represent unfunded obligations of the Bank and, as such, benefits are payable from its general assets; however, the Bank has purchased bank-owned life insurance to assist it in satisfying the obligations represented by these agreements.

Split Dollar Insurance Agreements

In connection with acquiring the bank-owned life insurance, the Bank entered into split dollar insurance agreements with each of the executives identified above pursuant to which it has agreed to share the death benefit proceeds that become payable under the policies in lieu of providing pre-retirement death benefits under the supplemental executive retirement agreements. Under each agreement, the maximum death benefit payable on behalf of the executive is \$750,000 if the executive's death occurs while employed or following a termination of employment that occurs after a change in control or becoming disabled. A reduced death benefit is payable in other circumstances if death occurs following a voluntary resignation or termination of employment without cause.

Compensation Committee Interlocks and Insider Participation

During 2004, the Compensation Committee of the Board of Directors of the Company reviewed the compensation of Messrs. Shepherd, Duncan, Gable, Godwin and Smith. Although Mr. Shepherd participated in deliberations regarding other executive officers, Mr. Shepherd did not participate in any decisions regarding his own compensation as an executive officer.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

General

Under rules established by the SEC, the Company is required to provide certain information with respect to compensation provided to the Company's President and Chief Executive Officer and other executive officers. The SEC regulations require a report setting forth a description of the Company's executive compensation policy in general and the considerations that led to the compensation decisions affecting Messrs. Shepherd, Duncan, Gable, Godwin and Smith. In fulfillment of this requirement, the Board of Directors and Compensation Committee have prepared the following report for inclusion in this proxy statement.

The fundamental policy of the Company's compensation program is to offer competitive compensation and benefits for all employees, including the President and Chief Executive Officer and the other officers of the Company, to compete for and retain talented personnel who will lead the Company in achieving levels of financial performance that enhance shareholder value. The Company's executive compensation consists of three core components: salary, annual cash bonus and long-term compensation through the granting of stock options. The Company also provides matching 401(k) contributions and other customary perquisites to its executive officers.

Salary

The Compensation Committee sets base salaries for the Company's executive officers annually. With respect to all executive officers other than the Chief Executive Officer, the Compensation Committee considers Mr. Shepherd's recommendations and assessment of each officer's performance, his or her tenure and experience in his or her respective positions, and internal comparability considerations. The Compensation Committee also has available and considers information provided by its independent consultants about the compensation and benefits paid by similar bank holding companies for comparable executive positions. The Compensation Committee attempts to achieve an appropriate balance between base salary, cash bonuses, and long-term equity incentives for all of its executive officers. The Compensation Committee did not assign relative weights to the factors considered in setting these salaries, cash bonuses and long-term equity incentives.

Annual Incentive Compensation

Annual incentive compensation for 2004, paid in the form of a cash bonus during the first quarter of 2005, was based on the Company's 2004 financial results, including targets with respect to net operating income, and growth in total assets. Cash bonuses were granted by the Compensation Committee to Mr. Shepherd and the executive officers, and the Compensation Committee set a range of bonuses (based on a percentage of salary) for all officers and employees including the executive officers, within which range Mr. Shepherd and the executive officers determined bonuses based on individual performance. Bonuses for executive officers were 37.8% of base salaries.

Stock Options and Restricted Stock Awards

During 2004, options to acquire 200,275 shares of common stock were awarded under the 2001 Plan, including options to acquire 165,000 shares of common stock awarded to the named executive officers by the Compensation Committee.

Chief Executive Officer Compensation

The Compensation Committee met in executive session to set Mr. Shepherd's base salary and long-term equity incentives for 2004, and met in a subsequent executive session in February, 2005 to award his 2004 cash bonus payable in March, 2005. The Compensation Committee considers objective measurements of business performance, the accomplishment of strategic and financial objectives, the development of management talent within the Company, and other matters relevant to the short-term and the long-term success of the Company and the enhancement of shareholder value in the broadest sense. The Compensation Committee has available, and considers, information provided by its independent compensation consultants about the various components of compensation and benefits paid by comparable bank holding companies to their Chief Executive Officers. The Compensation Committee's chairman communicates the results of the Compensation Committee's evaluation of all these factors to Mr. Shepherd.

Based upon this evaluation, the Compensation Committee, subject to ratification by the independent members of the board, establishes Mr. Shepherd's compensation, including base salary, performance bonuses, and awards under annual and long-term incentive plans.

This report is respectfully submitted by the Compensation Committee of the Board of Directors.

Donnie H. Russell, Chairman
Arlie C. Aukerman
Dale K. Geeslin

Meetings and Committees of the Board of Directors

During the year ended December 31, 2004, the board of directors of the Company and the board of directors of the Bank held 12 meetings. All of the directors of the Company and the Bank attended at least 75% of the aggregate of such board meetings.

Under the corporate governance principles adopted by our board of directors, each director is expected to attend all annual shareholders' meetings. We recognize that occasionally conflicts may arise that will prevent a director from attending an annual shareholders' meeting. However, each director should make every reasonable effort to keep such absences to a minimum. Eight directors attended the 2004 annual meeting of shareholders.

Our board of directors has implemented a process for shareholders of the company to send communications to the board. Any shareholder desiring to communicate with the board, or with specific individual directors, may so do by writing to the Secretary of the Company, at Georgia Bancshares, Inc., 100 Westpark Drive, Peachtree City, Georgia 30269. The secretary has been instructed by the board to promptly forward all such communications to the addressees indicated thereon.

The Company's board of directors has appointed a number of committees, including an audit and compensation committee. The audit committee is composed of Messrs. Geeslin, Stanziale, Sellmer and Rossetti. Each of these members is considered "independent" under Rule 4350 of the National Association of Securities Dealers' listing standards. The board also has determined that Mr. Geeslin is an audit committee financial expert as defined by the rules of the Securities and Exchange Commission. The audit committee met seven times in 2004.

The audit committee has the responsibility of reviewing internal audit and compliance reports, evaluating internal accounting controls, reviewing reports of regulatory authorities, and determining that all audits and examinations required by law are performed. The committee recommends to the board the appointment of the independent auditors for the next fiscal year, reviews and approves the auditor's audit plans, and reviews with the independent auditors the results of the audit and management's responses. The audit committee adopted a formal written charter on March 18, 2004, a copy of which was attached to last year's proxy statement as Appendix A. The audit committee reports its findings to the board of directors.

Report of the Audit Committee of the Board

The report of the audit committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the company specifically incorporates the information contained in the report by reference, and shall not be deemed filed under such acts.

The audit committee has reviewed and discussed with management the audited financial statements. The audit committee has discussed with the independent auditors the matters required to be discussed by the Statement on Auditing Standards No. 61. The audit committee has received from the independent auditors the written disclosures and the letter required by Independence Standards Board Standard No. 1 ("Independence Discussions with Audit Committees") and has discussed with the independent auditors the independent auditor's independence from the company and its management. In reliance on the reviews and discussions referred to above, the audit committee recommended to the company's board of directors that the audited financial statements be included in the company's Annual Report and referenced on SEC Form 10-K for the fiscal year ended December 31, 2004 for filing with the SEC.

The report of the audit committee is included herein at the direction of its members, Messrs. Geeslin, Stanziale, Sellmer and Rossetti.

Independent Registered Public Accountants

Porter Keadle Moore, LLP (PKM) was selected in April 2004 to serve as our independent auditors for the year ended December 31, 2004. The following tables show the fees that the Company paid or accrued for the audit and other services provided by PKM for the fiscal years ended December 31, 2004 and 2003:

Audit Fees

During the period covering the year ended December 31, 2004, Porter Keadle Moore, LLP performed the following professional services:

Description	2004	2003
Audit Fees ⁽¹⁾	\$ 60,700	\$ 0
Audit-Related Fees ⁽²⁾	500	0
Tax Fees ⁽³⁾	13,400	0
All Other Fees ⁽⁴⁾	0	0
Total	\$ 74,600	\$ 0

- (1) This category includes the aggregate fees billed for professional services rendered by Porter Keadle Moore, LLP for the audit of the Company's consolidated financial statements and for the timely interim reviews of quarterly condensed consolidated financial statements included in periodic reports filed with the SEC, plus out-of-pocket expenses.
- (2) This category includes fees billed for professional services rendered by Porter Keadle Moore, LLP associated with consultation concerning Sarbanes-Oxley Section 404 compliance.
- (3) This category includes the aggregate fees billed for tax services rendered by Porter Keadle Moore, LLP. These services consisted primarily of tax compliance and tax consultations services
- (4) This category includes the aggregate fees billed for all other services, exclusive of the fees disclosed above, rendered by Porter Keadle Moore, LLP.

The audit committee has concluded that the non-audit service provided by PKM are compatible with maintaining the independence of PKM.

Oversight of Accountants; Approval of Accounting Fees

Under the provisions of its charter, the audit committee recommends to the board the appointment of the independent auditors for the next fiscal year, reviews and approves the auditor's audit plans, and reviews with the independent auditors the results of the audit and management's responses. The audit committee has adopted pre-approval policies and procedures for audit and non-audit services. The pre-approval process requires all services to be performed by our independent auditor to be approved in advance, regardless of amount. These services may include audit services, audit related services, tax services and other services. For the year ended December 31, 2004, 100% of the fees paid to PKM were pre-approved.

Other Committees

We have adopted a Nominating and Corporate Governance charter, a copy of which was attached to last year's proxy statement. The Board of Directors appoints the nominating committee. The committee typically consists of not less than three directors. The nominating committee has the principal function of recommending to the Board of Directors nominees for election as directors. The

current members of the nominating committee are Messrs. Hancock, Stanziale, and Webb, each of whom is considered to be independent under NASDAQ rules.

For directors previously elected by shareholders to serve on the Board and whose terms of service are expiring, the nominating committee considers whether to recommend to the Board the nomination of those directors for re-election for another term of service. The nominating committee also considers whether to recommend to the Board the nomination of persons to serve as directors whose nominations have been recommended by shareholders.

Any shareholder may recommend the nomination of any person to serve on the Board. Our policy is to require a shareholder to submit the name of the person to the secretary of the Company in writing between 30 and 60 days prior to the meeting; provided, however, that if less than 31 days' notice of the meeting is given to shareholders, the notice must be delivered within 10 days following the day on which notice of the meeting was mailed to shareholders. Each notice must set forth: (i) the name and address of the shareholder who intends to make the nomination and of the person or persons to be nominated; (ii) a representation that the shareholder is a holder of record of stock of the company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (iii) a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder; (iv) such other information regarding each nominee proposed by such shareholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission, had the nominee been nominated, or intended to be nominated, by the Board of Directors; and (v) the consent of each nominee to serve as a director of the company if so elected. The chairman of the meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

The nominating committee considers a number of factors in determining whether to recommend to the Board the nomination of any person for election as a director. While no single factor is determinative, the following factors are considered by the nominating committee in considering any potential nominee:

- (i) Whether the candidate possesses significant contacts within our market area and the ability to generate additional business for the Company;
- (ii) Whether the candidate qualifies as an independent director under the Company's guidelines;
- (iii) The extent to which the candidate contributes to the diversity of the Board in terms of background, specialized experience, age and race;
- (iv) The candidate's management experience in complex organizations and experience in dealing with complex business problems;
- (v) The candidate's other commitments, such as employment and other board positions;
- (vi) Whether the candidate would qualify under the Company's guidelines for membership on the Audit Committee or the Nominating Committee; and
- (vii) Whether the candidate complies with any minimum qualifications or restrictions set forth in our bylaws.

The Board of Directors also considers the foregoing criteria in determining whether to nominate any person for election by the shareholders.

In determining whether to nominate any person for election by the shareholders, the Board assesses the appropriate size of the Board of Directors, consistent with the bylaws of the Company, and whether any vacancies on the Board are expected due to retirement or otherwise. If vacancies are

anticipated, or otherwise arise, the Board will consider various potential candidates for director recommended by the nominating committee. Candidates may come to the attention of the nominating committee or Board through a variety of sources including, but not limited to, current members of the Board, shareholders, or other persons. The nominating committee and Board of Directors consider properly submitted recommendations by shareholders who are not directors, officers, or employees of the Company on the same basis as candidates recommended by any other person.

The Company does not pay a third party to assist in identifying and evaluating candidates.
