PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD MAY 25, 2005

GENERAL INFORMATION

This Proxy Statement and the accompanying Notice of Annual Meeting and Proxy Card are solicited by the Board of Directors of 21st Century Insurance Group for use at the Annual Meeting of Shareholders to be held on Wednesday, May 25, 2005, at 10:00 a.m., at the Ronald Reagan Presidential Library and Museum, 40 Presidential Drive, Simi Valley, California 93065. These proxy materials will be sent on or about April 22, 2005, to all shareholders of the Company's common stock of record as of April 5, 2005. The Company's principal executive office is located at 6301 Owensmouth Avenue, Woodland Hills, California 91367.

All proxies, properly executed and returned, will be voted at the annual meeting as directed by the shareholder. Any shareholder may revoke a proxy by giving written notice to the Company, by submitting a duly executed proxy bearing a later date, or by voting in person at the meeting. If no directions are indicated, the shares represented by the signed proxy will be voted FOR the election of the nominees and FOR ratifying the appointment of PricewaterhouseCoopers LLP as the independent auditors for 2005. Your Board recommends a vote FOR each of these proposals. The cost of the solicitation of these proxies will be borne by the Company.

Only holders of the Company's common stock at the close of business on April 5, 2005, will be entitled to notice of and to vote at the meeting. As of that date, 85,601,241 shares of common stock, each having a par value \$0.001, of 21st Century Insurance Group (the "Common Stock") were outstanding. A quorum represented by a majority of the outstanding shares of common stock, present in person or by proxy, is necessary to conduct the meeting. Proxies marked as abstaining, and any proxies returned by brokers as "non-votes" on behalf of shares held in street name because beneficial owners' discretion has been withheld as to one or more matters on the agenda for the Annual Meeting, will be treated as present for purposes of determining a quorum for the Annual Meeting. With respect to the election of directors, any shares not voted as a result of an abstention or a broker non-vote will have no impact on the vote. With respect to the ratification of the selection of PricewaterhouseCoopers, LLP as independent auditors, a broker non-vote will have no impact on the vote while an abstention will effectively be treated as a vote against the proposal.

BOARD OF DIRECTORS AND COMMITTEE MEETINGS

The business of the Company is managed under the direction of the Board of Directors. The Board meets on a regularly scheduled basis during the year to review significant developments affecting the Company and to act on matters requiring Board approval. It holds special meetings when an important matter requires Board action and meets in non-management sessions, presided over by a director selected by the non-management directors. The Board of Directors met six times during 2004. Each Board member participated in at least 75% of the meetings of the Board and Committees of the Board on which he or she served. Board members, unless excused by the Chairman of the Board of Directors, are expected to attend the Annual Meeting of Shareholders. In year 2004, every director attended the meeting.

Pursuant to the rules of the New York Stock Exchange ("NYSE"), the Company is deemed a "controlled company" because over 50% of the outstanding Common Stock is owned by subsidiaries of AIG. Therefore, the Board of Directors has determined that a majority of the nominees are not independent directors pursuant to the rules of the NYSE and the Securities & Exchange Commission ("SEC") due to either their affiliation with AIG or their status as an employee of the Company. The Board of Directors has reviewed these rules and its Director Independence Standards and considered the qualifications of all nominees, including business relationships with AIG. After due consideration, the present Board has determined that John B. De Nault, III, Carlene M. Ellis, Phillip L. Isenberg, R. Scott Foster, and Keith W. Renken are independent directors pursuant thereto. The Board thereafter

determined that each of these individuals, except Mr. Isenberg, is eligible to serve on its Audit Committee. Shareholders are urged to read the Director Independence Standards, attached as Appendix A, in their entirety. Also, neither the Nominating and Corporate Governance Committee nor the Compensation Committee is required to have members comprised solely of independent directors as a result of the Company status as a "controlled company". Nevertheless, each committee presently has at least one independent director (as determined by the Board) serving thereon.

The Board of Directors has standing audit, compensation, and nominating and corporate governance committees, identified below. The committees' charters and the Corporate Governance Guidelines are available on the Company's website (21st.com).

Nominating and Corporate Governance Committee. The committee met twice last year. The committee's purposes include but are not limited to:

- (1) Identify and recommend qualified individuals to be members of the Board of Directors and its committees. Nominees to the Board of Directors may be proposed by current Board members, Company management, its shareholders and others. Evaluations are based upon several criteria including a person's:

Personal and professional ethics, values and integrity;

Ability to work together as part of a team;

Commitment to representing the long-term interests of the Company;

Skill, diversity, background and experience with businesses and other organizations that the Board of Directors deems relevant;

Interplay of the person's experience with the experience of other Board members, including the extent to which the person's experiences would be a desirable addition to the Board and any of its committees; and

Ability and willingness to commit adequate time to the Company over an extended period of time.

The Committee considers candidates recommended by shareholders and Board members equally; but since 21st Century is a controlled company, deference is given to candidates suggested by AIG. The Committee strives to maintain an appropriate number of independent Board members while recognizing that a majority of the Board membership will be AIG nominees.

- (2) Advise the Board of Directors on corporate governance matters, including the development and recommendation of Company's corporate governance guidelines.
- (3) Oversee the evaluation of the Board's performance.

Current committee members are James P. Miscoll, Roxani M. Gillespie, Keith W. Renken and Robert M. Sandler. The Board of Directors has determined that Mr. Renken is independent within the meaning of the NYSE's listing standards.

Compensation Committee. The Compensation Committee met four times last year. The Compensation Committee reviews and approves compensation policies and makes recommendations regarding executive compensation to the Board of Directors. The committee also reviews and approves equity-based compensation policies and makes recommendations regarding equity-based compensation to the Board of Directors. The annual Compensation Committee Report begins on page 16 below. No member of the committee is a former or current officer or employee of the Company or any of its

subsidiaries. Current members of the committee are Robert M. Sandler, Carlene M. Ellis, R. Scott Foster and James P. Miscoll.

Audit Committee. The Audit Committee met eleven times during 2004. This committee is governed by a written charter, attached as Appendix B and available on the Company's website, and is primarily concerned with the accuracy and effectiveness of the audits of our financial statements by our internal audit staff and our independent auditors and oversees the Company's financial reporting process on behalf of the Board of Directors. Its duties include:

- (1) select independent auditors;
- (2) review of the scope and results of the audits conducted by them;
- (3) approve audit and non-audit services provided to the Company by the independent auditor;
- (4) review the organization and scope of our internal system of audit, financial and disclosure controls;
- (5) appraise the Company's financial reporting activities, including annual and quarterly reports, and the accounting standards and principles followed; and
- (6) conduct other reviews relating to compliance by employees with Company policies and applicable laws.

Current members of the Committee, who the Board believes meet the financial and independence standards of the NYSE, are John B. De Nault, III, Carlene M. Ellis, R. Scott Foster and Keith W. Renken. Mr. Renken, as a former senior partner of the accounting firm of Deloitte & Touche and a current adjunct professor at the University of Southern California, was determined by the Board, at its February 2005 meeting, to be an audit committee financial expert, as defined in the SEC and NYSE rules, and is also independent within the meaning of those rules.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors, including oversight of the integrity of the Company's financial statements and the effectiveness of the system of internal controls, compliance with legal and regulatory requirements, the qualifications, independence and performance of the Company's independent auditor and the performance of the Company's internal audit function, and is comprised of the four directors listed below. Each committee member is an independent director as defined by the rules of the NYSE. In addition, the Board of Directors has determined that Mr. Renken also qualifies as an audit committee financial expert as defined in Item 401(h)(2) of regulation S-K. In fulfilling its oversight responsibilities, the Committee reviewed the audited consolidated financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited consolidated financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from the Company and its management including the matters in the written

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form DEF 14A

disclosures required by the Independence Standards Board Standard No. 1 and has considered the compatibility of non-audit services with the auditors' independence. The independent auditors also represented that their presentations during the discussions referred to above included the matters required to be discussed with the independent auditors by Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees".

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's consolidated financial reporting.

During the course of the 2004 fiscal year, management completed the documentation, testing and evaluation of Company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during the process. In connection therewith, the Committee received periodic updates provided by management and PricewaterhouseCoopers LLP. The Committee reviewed the report of management contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, filed with the SEC, as well as PricewaterhouseCoopers LLP's Report of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of (i) the consolidated financial statements and financial statement schedule, (ii) management's assessment of the effectiveness of internal control over financial reporting, and (iii) the effectiveness of internal control over financial reporting. The Committee continues to oversee the Company's efforts related to its internal control over financial reporting and management's preparations for its evaluation for 2005 year.

In reliance on the reviews and discussions referred to above, this Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the SEC.

The Audit Committee's recommendations as outlined in this report have been submitted to, reviewed, and approved by the Board of Directors.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE MANAGEMENT COMPENSATION

The Compensation Committee (the "Committee") is composed of two non-employee directors, Mr. Sandler and Mr. Miscoll, and two non-employee, independent directors, Ms. Ellis and Dr. Foster. The Committee reviews the overall compensation program for the Chief Executive Officer and other members of senior management, including the executive officers listed in the Summary Compensation Table above (the "named executive officers"), and determines and administers their compensation, subject to approval by the entire Board. The Committee also oversees the administration of the Company's overall incentive compensation plans and equity-based compensation plans. In fulfilling these responsibilities, the Committee seeks input, as necessary, from independent consultants. The Committee submits the following report on executive compensation.

GENERAL COMPENSATION POLICY

The Committee's fundamental policy has been to offer the Company's executive officers competitive compensation opportunities based in large part upon their contributions to the success of the Company, and upon their personal performance. The Company believes in compensating its executives for demonstrated and sustained levels of performance in their individual jobs. The achievement of higher levels of performance and contribution is rewarded by higher levels of compensation. The Board of Directors criteria for short-term compensation and long-term incentives for senior management is detailed below.

The compensation package is comprised of these three elements:

- (1) base salary, perquisites and other benefits designed principally to be competitive with compensation levels in the industry;
- (2) short-term cash compensation based upon performance levels achieved in relation to pre-established target levels; and
- (3) long-term incentive plan providing stock option grants to its officers equal in value to the target percentages of base salary.

Some of the more important factors, which the Board considered in establishing the components of each executive officer's compensation package for the 2004 fiscal year, are summarized below.

Base Salary.

Base salary for each officer is set subjectively, after reviewing personal performance, internal comparability considerations and salary levels in effect for comparable positions in the marketplace. The Company uses salary survey information to assign a salary grade range to each position, including executive officers. Salary range midpoints are targeted at the 50th percentile of like business enterprises in the same geographic area, if possible.

Salary recommendations for the year were based in part upon salary survey information published by the Property Casualty Insurers Association of America, SNL Executive Compensation Review for Insurance Companies, and Sibson & Company. The Committee believes that information provided by these groups presents a broadly based cross-section of insurance company compensation practices. Individual salary adjustments for executive officers were based upon analysis of base salary levels, effectiveness of performance, changes in job responsibilities and a subjective assessment of their personal contributions to the effectiveness of the organization as a whole. All of the factors enumerated were applied in a subjective, non-quantitative manner to establish an executive officer's base salary. The information examined in establishing these compensation levels does not include the compensation practices of the industry group utilized in the Shareholder Return Performance Graph shown on page 20 below because the industry group includes several companies which are not located within major metropolitan areas and whose compensation packages are not necessarily indicative of the costs of living in a locale such as Los Angeles, California.

Senior executives are entitled to several benefits generally not available to all other Company employees. They include the Executive Medical Reimbursement, the Supplemental Executive Retirement, the Pension Supplemental and the 401(k) Supplemental Plans referenced below under Retirement Plans. The Company also pays for annual physical examinations, car allowances and the fees for DSL lines in their homes. The cost for these benefits for senior management totaled \$1,857,319 for 2004, including \$673,046 for Mr. Marlow and \$776,378 for the named executive officers.

Supplemental Executive Retirement Plan. Upon the specific approval of the Board of Directors, certain executives (currently only those with the rank of Vice President and above) are eligible for the Supplemental Executive Retirement Plan described below in this proxy statement under the section entitled Retirement Plans. The Committee considers the Executive Retirement Plan important for attracting and retaining key executives. Current costs for this plan for the named executive officers are included below in the Retirement Plan section.

Short-Term Incentive Compensation ("STI").

STI payments for the officers and other participants in the Company's STI Plan are based upon the enhancement of value to the shareholders as measured by a pre-established formula based on the Company's revenue growth rate, GAAP combined ratio and GAAP net income. The CEO and participants receive STI payments based on targeted percentages of their base salary. The formula and targets were approved by the Company's Board of Directors, including, for Mr. Marlow, compliance with the Chief Executive Officer Short Term Incentive Plan ("CEO Plan") approved by the shareholders in 2004. The overall amount of incentive compensation awarded was based on the Company's 2004 results using the approved formula and targeted percentages of base salary of all participants. Individual bonuses awarded were based upon the formula and applicable target income percentage,

subject to modification based upon individual results and contributions. Meeting the target percentages for the CEO and the four named executive officers could result in payments to them of up to 200% of base salary. For 2004 performance, the CEO and the named executive officers were awarded STI payments of up to 117% of base salary. The Committee has removed net income as a factor in the 2005 STI Plan and set the CEO's target bonus percentage at 150% of his paid salary.

Long-Term Incentive Compensation ("LTI").

The Company's LTI Plan currently uses stock option awards granted under this Plan as its long-term compensation vehicle for its executive officers and a choice of stock option awards or restricted shares grants to its managerial staff.

Restricted Shares Plan. The Board of Directors, based upon the recommendation of the Compensation Committee, may grant Restricted Shares Awards to executive officers and others consistent with a policy designed to align the interests of these individuals with those of the shareholders. Such grants provide officers with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the Company. In 2004, no new grant of Restricted Shares was made to any executive officer. In recent years, use of this Plan has been limited; however, in 2005, benefits hereunder have been offered to management, excluding the Company's executive officers. As of December 31, 2004, six individuals, including Mr. Marlow and Mr. Combs, were eligible to receive unrestricted Company common stock from grants made in previous years.

In general, the shares granted are restricted for a period from three to five years, vesting uniformly over the prescribed period of time. If the participant's employment is terminated within that restricted period, all shares not then vested are forfeited. During the restricted period, a participant has the right to receive dividends and to vote the shares.

Stock Option Plan. In 2004, the Committee concluded that a stock option plan would enhance the linkage between shareholder value and executive compensation. Upon this Committee's recommendation, the Board of Directors adopted and shareholders approved the 2004 Stock Option Plan to replace the expiring 1995 Stock Option Plan. The Company's LTI Plan currently uses stock option awards granted under this Plan as its primary long-term compensation vehicle for its executive officers and as an optional one for other members of management. Eligible employees may receive stock options from time to time, giving them the right to purchase shares of the Company's common stock at a specified price in the future. The Stock Option Plan is currently administered by the Committee, which has authority to select optionees and to determine the number of shares granted to them. Generally, options vest equally over a three-year period based on the grant date and have a ten-year term. All options are based upon the fair market value of Company common stock on the date of grant. Upon vesting, optionees are permitted to exercise any options at any time, subject to Company procedures and legal restrictions relating to insider trading. The LTI Plan currently provides for annual awards to executive officers equal in value to target percentages of base salary. During 2004, the Committee, utilizing an outside consultant, considered changes to the LTI Plan, including accelerated vesting of stock options, but did not approve any revisions. The Committee, in February 2005, granted stock options to the executive officers, including 484,848 options to Mr. Marlow and 285,031 options to the named executive officers, excluding Mr. Combs.

Retention Agreements. In order to retain certain members of management, the Company has entered into retention agreements with five senior officers. The Board of Directors has approved these agreements to minimize the distractions or concerns these executives may have regarding substantial or adverse changes at the Company. Effective April 1, 2003, retention agreements were entered into with Richard A. Andre, Michael J. Cassanego, Dean E. Stark, and former executive G. Edward Combs. Former CFO Carmelo Spinella also

entered into such an agreement. Lawrence P. Bascom received a similar agreement, effective November 29, 2004. These retention agreements are summarized under the section entitled "Retention Agreements" below. In addition, on March 30, 2005, the Compensation Committee authorized and directed the Company to enter into a retention agreement for Bruce W. Marlow.

Executive Severance Plan. The Company maintains an "Executive Severance Plan" for the protection of its interests and those of the executive officers in the case of a Change of Control, as defined therein. The goal is to maintain the continuity of company operations. This plan is further described under the section entitled "Executive Severance Plan" below.

CEO Compensation. Bruce W. Marlow's annual salary of \$800,000 remained unchanged during 2004 per his request. In February 2004, Mr. Marlow received an LTI award of 396,040 stock options under the previous 1995 Stock Option Plan. He also received in February 2005 an STI award of \$936,000 for services rendered in 2004, based upon the STI formula and targeted percentage of salary previously approved by the Committee and Board of Directors. Mr. Marlow also had the restriction lifted on 6,598 shares of Company common stock as part of his year 2000 grant under the Restricted Shares Plan.

The Compensation Committee's recommendations as outlined in this report have been submitted to, reviewed and approved by the Board of Directors.

The Company has reviewed Section 162(m) of the Internal Revenue Code, which generally limits the deduction of compensation paid to a company's chief executive officer and each of the other four highest compensated executive officers, to \$1,000,000 for each individual, unless certain requirements for performance-based compensation are satisfied. The Committee believes that payments to Mr. Marlow pursuant to the CEO Plan will be deductible under Section 162(m). None of the compensation deduction attributable to stock options granted by the Company is limited by this section, but compensation deductions attributable to restricted stock grants, generally equaling the fair market value of the underlying stock on the date of vesting, do not qualify as an exception. While the Compensation Committee considers Section 162(m) in evaluating compensation of executive officers, it is only one of several factors considered in arriving at a compensation package.

RETIREMENT PLANS

Pension Plan. The Company's Pension Plan is a noncontributory defined benefit plan for all regular employees under which normal retirement is at age 65 and early retirement can be elected by any participant who has reached age 55 and has at least 10 years of service. The plan, subject to certain maximum and minimum provisions, bases pension benefits on an employee's career average compensation and length of service. The annual pension benefit payable upon normal retirement is equal to the sum of the accruals for each year a participant was in the plan.

At retirement, the participant has various life and contingent annuity payment elections. For purposes of this plan, compensation includes base annual salary plus overtime and bonuses. These pension benefits serve as an offset in calculating benefits for participants under the Supplemental Executive Retirement Plan.

Supplemental Executive Retirement Plan. Employees nominated by the Chief Executive Officer and approved by the Board of Directors are eligible to participate in the Supplemental Executive Retirement Plan. The plan is a nonqualified defined benefit plan under which normal retirement is age 65 with at least 5 years of service, and early retirement can be elected by any participant who has reached age 55 with at least 10 years of service. The annual retirement benefit payable for 15 years is equal to 60% of the average of the three highest consecutive years of compensation during the ten-year period preceding retirement, reduced by the participant's benefit under the Pension Plan and 50% of the participant's social security benefit.

Pension Supplemental Plan and 401(k) Supplemental Plan. Effective January 1, 1996, the Company adopted the Pension Supplemental Plan and the 401(k) Supplemental Plan. Each is a non-qualified deferred compensation plan designed for certain executives and key employees of the Company whose benefits under the Company's qualified Pension and 401(k) Plans have been limited by certain provisions of the Internal Revenue Code (the "Code").

The Pension Supplemental Plan provides a benefit equal to the difference between the pension that would be payable under the Pension Plan, absent the Code's limitations upon compensation considered in calculating pension benefits, and the actual benefits payable

subject to those limitations. If a participant in this plan is also entitled to receive benefits under the Supplemental Executive Retirement Plan, the Pension Supplemental Plan benefits will be reduced accordingly.

The 401(k) Supplemental Plan permits certain executives and key employees to defer an amount of current compensation which, in addition to amounts actually contributed to the 401(k) Plan, allows the participant to defer the full amount of contributions that could have been deferred under the 401(k) Plan without regard to limitations which the Code places on contributions and eligible compensation. To the extent that such limitations preclude a participant's account from receiving matching contributions under the 401(k) Plan, the participant will receive a like amount of matching contributions under the 401(k) Supplemental Plan.

The table below sets forth the benefit payable for 15 years after retirement from the Pension Plan, Supplemental Executive Retirement Plan, the Pension Supplemental Plan, and one-half of the Social Security benefit (assuming the recipient is entitled to the age 65 Social Security benefit).

1,500,000	450,000	675,000	900,000

As set forth above, compensation used in calculating the Pension, Supplemental Executive Retirement Plan and Pension Supplemental retirement benefit includes annual base salary and bonuses and will approximate and fall within 10% of the total of 2002 through 2004 salary and bonus amounts shown in the Summary Compensation Table for the listed individuals.

The credited years for the Named Executives in the Summary Compensation Table are Bruce W. Marlow 4 years; G. Edward Combs 4 years; Michael J. Cassanego 5 years; Dean E. Stark 25 years; and Richard A. Andre 16 years.

RESTRICTED SHARES PLAN

The shareholders at their meeting held on May 23, 1982 approved the 21st Century Insurance Group Restricted Shares Plan. Pursuant to the Plan, the Board of Directors established a committee of its members entitled the Compensation Committee (the "Committee") to designate the participants in the Plan, the amount of benefits thereunder, and to otherwise administer the Plan. Members of the Committee are not eligible for benefits under the Plan. Designation of an employee for benefits under the Restricted

Shares Plan does not necessarily entitle the employee to benefits under any other Company benefit plan.

In general, the shares granted are restricted for a period of three to five years, vesting uniformly over the prescribed period of time. If the employment of the participant is terminated within that restricted period, all shares not then vested are forfeited. Any shares forfeited may be regranted to an existing participant or any other employee eligible to be designated as a participant. During the restricted period, a participant has the right to receive dividends and the right to vote the shares.

The Plan does not create any right of any employee or class of employees to receive a grant, nor does it create in any employee or class of employees any right with respect to continuation of employment by the Company.

STOCK OPTION PLAN

In 2004, the Company's shareholders approved the Company's 2004 Stock Option Plan in order to enable the Company to attract, retain and motivate key employees and nonemployee directors and to further align their interests with those of the Company's shareholders by providing for or increasing their proprietary interest in the Company. The Stock Option Plan is administered by the Compensation Committee of the Board of Directors. The committee has the authority to select persons to be granted options and to determine exercise prices, vesting schedules and other provisions not inconsistent with the provisions of the Stock Option Plan.

Each option gives a grantee the right to purchase shares of the Company's Common Stock at a specified price in the future. Shares vest at fixed numbers of shares per year over varying future periods. The Stock Option Plan provides that on the day of an annual meeting of shareholders of the Company each nonemployee director will be granted an option to purchase 4,000 shares of the Company's Common Stock. Nonemployee director options have an exercise price equal to the fair market value of the underlying shares subject to the option on the date of grant and become exercisable one year after the date of grant.

EXECUTIVE SEVERANCE PLAN

The Company has enacted an Executive Severance Plan covering each of its executive officers. If an officer is terminated for reasons other than death, long-term disability, or good cause within a three-year period following a change of control of the Company, or if the officer resigns after significant adverse changes in his authority, duties, compensation, benefits or geographical location during the three-year period following a change in control, then the officer is entitled to a lump sum severance payment of one to three times his or her current annual salary and most recent cash bonus. Junior officers are eligible to receive one year of severance payments; senior officers, two years; and the Chief Executive Officer, three years; with all severance payments limited to the amount deductible to the Company under the provisions of Internal Revenue Code Section 280G.

EXECUTIVE MEDICAL REIMBURSEMENT PLAN

The Company offers an Executive Medical Reimbursement Plan covering each of its executive officers and their immediate family members. Reimbursement of up to \$5,000 of medical, dental, and other similar expenses annually (that are not covered under the Company's other medical and dental plans) is available to the officers under a fully insured plan.

RETENTION AGREEMENTS

The agreements, with certain exceptions and limitations, require the Company to do the following in the event that an officer party to a Retention Agreement is terminated without Cause or resigns with Good Reason (as defined in the Retention Agreement) or in the event that a successor to the Company or an affiliate of the Company to which the officer is transferred fails to assume the Retention Agreement:

pay to such officer other than Mr. Marlow a cash lump sum equal to 2.5 times his or her annual base salary (Mr. Marlow is entitled to 3.5 times annual base salary);

vest all of such officer's stock options, waive the 90 day post-termination provisions in such officer's stock option agreements, and allow such options to be exercisable for their full remaining term, subject to a 5-year maximum, and

provide to the officer and his or her spouse and dependents for 30 months all life, disability, accident and health benefits at substantially similar benefit levels.

If the officer is entitled to and actually receives severance benefits payable under the Executive Severance Plan, he or she is not entitled to benefits under the Retention Agreement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers and persons who own more than ten percent of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Executive officers, directors and greater-than-ten-percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of reports furnished to the Company and written representations that no other reports were required during the 2004 fiscal year, all Section 16(a) filing requirements were complied with, except as described below.

Director Miscoll failed to file a timely report after purchase of a total of 21 shares of Company stock in 2004 pursuant to a dividend reinvestment plan with his broker. These untimely filings were inadvertent and the required reports have since been filed.

In this regard, the Committee will consider whether the provision of permitted non-audit services is compatible with maintaining the independent auditor's independence.

The Committee shall assure the regular rotation of the lead audit partner as required by law and shall consider and discuss with management whether there should be a regular rotation of the independent auditor itself.

J.

The Committee shall present its conclusions with respect to the independent auditor to the Board at least annually.
