PROXY STATEMENT

We are furnishing this proxy statement in connection with the solicitation of proxies by our Board of Directors for use at our annual meeting of stockholders to be held June 22, 2005, and at any adjournment of the meeting. The meeting will be held at the time and place and for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders.

As of May 11, 2005, the record date for determining the stockholders entitled to vote at the meeting, there were outstanding 33,849,816 shares of Veritas DGC common stock, par value \$.01 per share, 63,023 shares of Veritas Energy Services Inc. exchangeable stock and 92,347 shares of Veritas Energy Services class A exchangeable stock, series 1. In this proxy statement, all such shares are referred to collectively as "shares," and all holders of shares are referred to collectively as "stockholders." This proxy statement addresses you if you are a stockholder. All shares vote together as a single class and each share entitles its holder to one vote on each matter presented at the meeting. Holders of a majority of the outstanding shares must be present, in person or by proxy, to constitute a quorum for the transaction of business. Abstentions will be treated as present for purposes of determining whether a quorum is present.

You may vote in person by attending the meeting, or by proxy by completing and returning a proxy card by mail or by using the Internet or telephone. To vote by proxy using the mail, mark your vote on the enclosed proxy card, then follow the instructions on the card and return it to us by mail. To vote by proxy using the Internet or by telephone, follow the instructions on the proxy card and have the card available when you access the Internet website or place your telephone call.

The individuals named as proxies on the proxy card will vote your shares according to your directions. If you sign and return your proxy card but do not make any of the selections, the named proxies will vote your shares for the election of directors, for approval of the selection of the company's independent auditors and in their discretion as to other matters.

We are not aware of any business to be acted upon at the meeting other than what is set forth in the accompanying Notice of Annual Meeting. If, however, other matters are properly brought before the meeting, or any adjournment of the meeting, the persons appointed as proxies will have discretion to either vote in the manner they determine or abstain from voting on any such matter.

You may revoke your proxy or change your vote by (i) giving written notice to Larry L. Worden, Vice President, General Counsel and Secretary, Veritas DGC Inc., 10300 Town Park Drive, Houston, Texas 77072, (ii) signing and delivering a later dated proxy to Mr. Worden at any time before its exercise, (iii) changing your vote on the Internet website; (iv) using the telephone voting procedures; or (v) attending the meeting and voting in person. Our inspector of elections, who is required to decide impartially any interpretive questions as to the conduct of the vote, will tabulate the votes at the meeting and certify the results.

We will pay the cost of soliciting proxies in the accompanying form. In addition to solicitations by mail, our directors and employees may solicit proxies (without additional compensation) in person, by telephone, by fax or by electronic mail. We have retained Mellon Shareholder Services LLP to aid in the solicitation of proxies. We have agreed to pay Mellon Shareholder Services LLP a fee of \$8,500 and reimburse it for its expenses in connection with its services.

This proxy statement and form of proxy is first being sent or given to stockholders on or about May 17, 2005.

PROPOSAL 1

ELECTION OF DIRECTORS

The stockholders will elect eight directors at the meeting. Each director elected will hold office until the next annual meeting of stockholders, until his successor is elected and qualified or until his earlier death, resignation or removal. By signing, dating and returning the accompanying proxy, you will grant your proxy to vote your shares as you direct. If you sign, date and return your proxy, then, unless you specify otherwise, your shares will be voted **FOR** election of our eight nominees to the Board of Directors. If you vote your proxy by telephone or by using the Internet website, your shares will be voted as you direct. All nominees, except for Messrs Pilenko, Work and Young, who were appointed as directors by the Board in March 2004, June 2004 and May 2005, respectively, have been previously elected directors by our stockholders. Each of the nominees was recommended by the Nominating and Corporate Governance Committee of our Board of Directors.

The employment agreements of Mr. Pilenko, currently a director and our chairman and chief executive officer, and Mr. Ludlow, currently a director and our vice chairman, contain provisions which would allow the nominee to terminate his employment with us in the event he is not elected as a director. In the event of such a termination, we would be obligated to pay certain severance payments. The employment agreements, including the calculation of severance payments which may be due under those agreements, are further described below under the heading "Employment Agreements."

If any nominee becomes unavailable for election, the proxy may be voted for a substitute nominee selected by the persons named in the proxy or the size of the Board of Directors may be reduced; however, we are not aware of any circumstances likely to render any nominee unavailable. Abstentions and broker non-votes will not be counted as a vote for or against any nominee, and will not affect the outcome of the election. Cumulative voting is not allowed.

Vote Required

The eight nominees who receive a majority of the votes cast will be the duly elected directors of Veritas DGC.

Recommendation of the Board of Directors

The Board of Directors recommends a vote FOR all eight of our nominees.

From 1982 to 1983, he served as a research geophysicist with Compagnie Générale de Géophysique, from 1979 to 1982, he served as assistant professor, Colorado School of Mines, and from 1969 to 1974 was a pilot and flight instructor in the United States Navy. Mr. Young is currently the president-elect of the Society of Exploration Geophysicists.

Independence of Directors

Our Board has affirmatively determined that Messrs Carroll, Cormier, Gibbs, Rask, Work and Young (i) have no relationship to the company that may interfere with the exercise of their independence from management and the company; (ii) have no material relationship with the company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company) and (iii) are otherwise "independent" as that term is defined in Section 303A.02 of the New York Stock Exchange Listed Company Manual and Rule 10A-3(b)(1) and Item 7(d)(3)(iv) of Schedule 14A under the Securities Exchange Act of 1934. The Board has not adopted categorical standards for the determination of independence but instead makes such determinations by reference to definitions provided in applicable law and New York Stock Exchange requirements.

In making its determination as to Mr. Young, the Board considered the relationships between the company and the Colorado School of Mines, which employs Mr. Young as a professor and head of the Geophysics Department, and between the company and the Society of Exploration Geophysicists, which Mr. Young serves as president-elect and will soon serve as president. The company annually funds certain research projects with and provides certain services and equipment free of charge to the Colorado School of Mines, a non-profit educational institution. The company paid or contributed to the Colorado School of Mines \$86,000, \$43,000 and \$95,000 in fiscal years 2002, 2003, and 2004, respectively. The company paid the Society of Exploration Geophysicists, a non-profit professional

Edgar Filing: VERITAS DGC INC - Form DEF 14A

society, \$79,000, \$63,000 and \$89,000 in fiscal years 2002, 2003, and 2004, respectively. These payments consisted of membership dues paid on behalf of company employees, admission fees paid on behalf of company employees for programs sponsored by the organization and fees for booth rental at the Society's annual trade show. The Board deemed the payments and benefits the company paid to and received from each of the two entities not to be material either to the company or the other entities involved and, that, therefore, Mr. Young's relationship to each entity is not material and does not affect his independence as a director of the company.

Code of Ethics

Our Board has adopted a code of ethics (we call it our "code of conduct") that governs the business conduct and ethics of our directors, all of our employees and our executive officers, including our chief executive officer, our chief financial officer and our chief accounting officer. Our code of conduct is available on our Internet website at www.veritasdgc.com. We will provide a printed copy of our code of conduct without charge to any stockholder making written request to Larry L. Worden, Vice President, General Counsel and Secretary, 10300 Town Park Drive, Houston, Texas 77072. It is our intention to disclose on our Internet website within four business days

the date and nature of any amendment (other than technical, administrative, or non-substantive amendments) we make to any provision of our code of conduct that applies to our chief executive officer, chief financial officer, chief accounting officer, or controller and that relates to any element of the code of ethics definition enumerated in Item 406(b) of Regulation S-K; and

information related to any waiver, including any implicit waiver, we grant to our chief executive officer, chief financial officer, chief accounting officer, or controller that relates to any element of the code of ethics definition enumerated in Item 406(b) of Regulation S-K.

Corporate Governance Guidelines/Committee Charters

Our Board has adopted written corporate governance guidelines that address such matters as Board and committee functions and Board and committee member qualifications and responsibilities. In addition, our Board has adopted written charters for its audit committee, compensation committee, and nominating and corporate governance committee. Each of these charters was most recently amended in October 2004. A copy of our current audit committee charter is attached as Appendix 1. Copies of our corporate governance guidelines and each of our committee charters are available on our Internet website at www.veritasdgc.com. We will provide a written copy of any of these documents without charge to any stockholder making written request to Larry L. Worden, Vice President, General Counsel and Secretary, 10300 Town Park Drive, Houston, Texas 77072.

Qualifications of Director Nominees

In considering nominees for the Board, the nominating and corporate governance committee considers the entirety of each candidate's credentials. Although there is currently no set of specific minimum qualifications that must be met by a nominee recommended by the committee, as different factors may assume greater or lesser significance at particular times and the needs of the Board may vary in light of its composition and the committee's perceptions about future issues and needs, each nominee is expected to be of the highest ethical character and share the values of the company as reflected in its culture and mission statement and have sufficient time available to attend to his or her substantial duties and responsibilities to the company. In making its evaluation and recommendation of candidates, the committee may consider, among other factors, whether prospective nominees have relevant business and financial experience and have industry or other specialized expertise. In addition and recognizing that a majority of the Board must be "independent," the committee will consider whether the director needs to be and is "independent" as that term may be legally defined and whether the nominee is without the appearance of any conflict or obligation to any particular constituency.

The committee may consider candidates for the Board from any reasonable source, including from a search firm engaged by the committee or stockholder recommendations (provided the committee's procedures are followed). In evaluating a candidate's relevant business experience, the committee may consider previous experience as a member of the Board.

From time to time the committee employs third party executive search firms to identify and evaluate candidates for consideration as director nominees. In most cases, the firm is compensated on a fee basis, as opposed to a contingent fee basis, and conducts a search for and evaluation of appropriate candidates based on criteria, such as a particular area of expertise or experience, specified by the committee.

Meetings of the Board of Directors and Committees

During fiscal year 2004, the Board of Directors held seven meetings. Committees of the Board of Directors held the following number of meetings: audit committee twelve meetings; compensation committee five meetings; and nominating and corporate governance committee three meetings.

During fiscal year 2004, each of our directors attended 100% of the meetings of the Board of Directors. Each director also attended more than 75% of the aggregate of the meetings of the committees on which he served.

Our non-employee directors, all of whom are independent directors, meet in executive sessions held immediately following our regularly scheduled Board meetings. In fiscal year 2004, non-employee directors met in executive session four times. The non-employee directors chose Mr. Gibbs to preside at their meetings, and he presided at all such meetings during fiscal year 2004.

It is the company's policy that directors attend the annual meeting of stockholders. All of our directors attended the last annual meeting.

Communicating with Our Board

Our Board has adopted a procedure by which security holders may communicate directly with the Board, individual directors and committees of the Board. Security holders may communicate in writing with members of the Board at any time by mail addressed to the company's corporate secretary at the company's principal executive offices, 10300 Town Park Drive, Houston, Texas 77072. Security holders should clearly indicate on the envelope the intended recipient of the communication and that the communication is a "Security Holder Communication." All such communications received by the corporate secretary will be forwarded to the recipient designated on the envelope. The corporate secretary will not review or pre-screen any security holder communications. All communications designated for the Board will be forwarded to the lead director of the Board, currently Mr. Gibbs, or if no lead director has been designated, a non-employee director designated by the chairman of the Board. All communications designated to a particular committee of the Board will be forwarded to the chairman of that committee. All communications designated to a director will be forwarded to that director. To report any issues relating to the company's accounting, accounting controls, financial reporting or other practices, security holders may also call the company's confidential hotline at 832-351-1190. All calls will remain anonymous.

Committees of the Board of Directors

Our Board of Directors has established three standing committees. All members of each of the committees are independent, as defined by the rules of the New York Stock Exchange and the Securities and Exchange Commission.

Audit Committee. Our Board has appointed a standing audit committee in accordance with the requirements of the Securities Exchange Act of 1934 and the New York Stock Exchange. The members of the audit committee are Messrs Carroll, Cormier and Rask. The audit committee assists the Board in ensuring that our accounting and reporting practices are in accordance with applicable requirements.

Specifically, the audit committee annually reviews and recommends to our Board the firm to be engaged to audit the consolidated financial statements of our company and its subsidiaries. Additionally, the audit committee reviews with representatives of such independent accounting firm the plan and results of the auditing engagement, makes inquiries as to the adequacy of internal accounting controls, and considers the independence of our independent accountants. The committee also reviews the scope and scheduling of our internal audits and reviews the results of those audits.

Our Board has determined that each member of the audit committee is financially literate and each has accounting or related financial management expertise, as our Board interprets those terms in its business judgment. Our Board has designated each of Messrs Carroll, Cormier, and Rask as "audit committee financial experts."

Compensation Committee. The compensation committee approves the compensation arrangements for officers of our company, including establishment of salaries and bonuses and other compensation. Additionally, the compensation committee approves and administers compensation plans in which officers and directors are eligible to participate, and approves awards of stock options and restricted stock. The compensation committee also reviews our succession plan and significant issues that relate to changes in benefit plans.

Nominating and Corporate Governance Committee. The nominating and corporate governance committee identifies and recommends nominees for election to our Board of Directors at annual meetings and to fill vacancies on our Board, recommends nominees for appointment to our committees, annually reviews the structure and operation of each Board committee, and annually reviews its charter. The nominating and corporate governance committee will consider nominees recommended by stockholders. With respect to procedures that must be followed in order for nominations from stockholders to be considered, see "Nominations for 2005 Annual Meeting and for Any Special Meetings" below.

Report of the Audit Committee

The audit committee has reviewed and discussed our audited financial statements for the fiscal year ended July 31, 2004, with management and PricewaterhouseCoopers LLP, our independent registered public accounting firm, and has also discussed with PricewaterhouseCoopers LLP the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU Section 380) with respect to those statements.

The audit committee has received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), and has discussed with PricewaterhouseCoopers LLP its independence in connection with its most recent audit of our financial statements. The audit committee has reviewed the services provided by PricewaterhouseCoopers LLP and has determined that the services provided are compatible with the maintenance of PricewaterhouseCoopers LLP's independence.

The audit committee also investigated certain accounting errors related to fiscal year 2004 and prior years identified by management during the audit review procedures for fiscal year 2004. As a result, the company implemented enhanced internal controls and internal audit activities. The audit committee reviewed and discussed all earnings announcements and press releases containing financial information prior to their public release and all quarterly and annual reports prior to their filing with the Securities and Exchange Commission.

Based on the review and discussions referred to above, the audit committee recommended to our Board that the most recent audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended July 31, 2004, filed with the Securities and Exchange Commission.

The preceding description of our audit committee and this audit committee report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission nor shall it be incorporated by reference into any filing except to the extent it is specifically incorporated by reference therein.

Director Compensation

Effective January 1, 2005, each of our directors who is not also an employee is paid an annual fee of \$35,000 plus travel expenses, a fee of \$1,500 for attendance at each regular or special Board and committee meeting (other than telephonic meetings) and a fee of \$750 for attendance at each telephonic Board or committee meeting. The chairman of the audit committee is paid an additional annual fee of \$10,000 and the chairmen of the compensation and nominating and corporate governance committees is each paid an additional fee of \$5,000 annually.

Prior to January 1, 2005, the annual fee paid to each of our directors who was not also an employee was \$25,000, the chairman of the audit committee was paid an additional annual fee of \$10,000, and no additional fees were paid to other committee chairmen.

Under the company's Share Incentive Plan, non-employee directors are eligible to receive (1) nonqualified options, (2) share appreciation rights, (3) deferred share units, (4) restricted shares and (5) performance shares. The compensation committee determines the type of awards granted and the terms of each grant. For periods prior to January 1, 2005, continuing non-employee directors were granted options each year, typically in March, to purchase 5,000 shares of our common stock. For periods after January 1, 2005, each year after election or appointment, each non-employee director will be granted options to purchase 6,000 shares of our common stock at fair market value on the date of grant. The options so granted vest immediately and have a five-year term. Newly elected or appointed non-employee directors are granted options to purchase 10,000 shares of our common stock at fair market value on the date of grant. The options granted to newly elected or appointed non-employee directors will have a five-year term and become exercisable as follows: 2,500 options immediately upon the date of grant and an additional 2,500 options in each subsequent year on the anniversary of the date of grant until all are exercisable. Also, for periods after January 1, 2005, non-employee directors will be allowed to elect to receive deferred share units issued under the company's Share Incentive Plan in lieu of either 100 percent or 50 percent of the option grant. In the event of such an election, the electing director will receive one deferred share unit in lieu of three options: 2,000 deferred share units in the event of a 100 percent election or 1,000 deferred share units in the event of a 50 percent election. The deferred share units will be vested immediately upon grant. Each deferred share unit automatically converts to one share of our common stock upon the director's retirement or other termination. Mr. Gibbs has elected to receive in deferred share units 100% of any option grant he receives in calendar year 2005.

Each of our non-employee directors may also elect to receive deferred share units issued under our Share Incentive Plan in lieu of either 25, 50, 75 or 100 percent of his or her annual director's fee. Once vested, each deferred share unit automatically converts into one share of our common stock upon the director's retirement or other termination. A director who elects to receive deferred share units prior to the end of any calendar year is entitled to receive on January 1 of the following year that number of deferred share units with a fair market value equal to the amount deferred. The deferred share units then vest 25 percent on January 1 (the date of grant) and an additional 25 percent on the following April 1, July 1, and October 1. None of the current nominees who are non-employee directors has elected to receive deferred share units in lieu of any portion of his annual director's fee.

Employment Agreements

We have entered into employment agreements with each of Messrs. Pilenko, Ludlow, Wells, Baldwin, Thielen and Worden. Our agreement with Mr. Pilenko continues until terminated by prior written notice of either party. Our agreements with Messrs. Ludlow, Wells, Baldwin, Thielen and Worden continue until the employee reaches age 65 unless the agreement is earlier terminated by prior written notice of either party. As of April 30, 2005, the executive officers are entitled to minimum annual salaries under their employment agreements as follows: Mr. Pilenko \$475,000; Mr. Ludlow \$280,000; Mr. Wells \$350,000; Mr. Baldwin \$300,000; Mr. Thielen \$180,300 and Mr. Worden \$240,000. In the event of a termination without cause (other than in connection with a change of control of Veritas DGC), each executive officer is entitled to payment under his employment agreement equal to one or more years of annual base salary as follows: Mr. Pilenko three years; Messrs. Ludlow, Wells and Baldwin two years; and Messrs. Thielen and Worden one year. Payment of these amounts will be made over the specified period unless we exercise our option to pay them in a lump sum. In the event of a termination without cause within two years after a change of control of Veritas DGC, each executive officer is entitled to a lump sum payment under his employment agreement equal to the following number times the sum of his annual base salary and annual bonus: Messrs. Pilenko, Ludlow, Wells and Baldwin three; and Messrs. Thielen and Worden two.

Compensation Committee Interlocks and Insider Participation

None of the four members of our compensation committee Messrs. Carroll, Gibbs, MacNeill or Work is or has been at any time an officer or employee of Veritas DGC or any of its subsidiaries nor has any of them had any relationship with Veritas DGC that would otherwise require disclosure under Items 402 or 404 of Regulation S-K.

Compensation Committee Report on Executive Compensation

The following is the report of the compensation committee regarding executive compensation.

Philosophy

The committee's executive compensation philosophy is to provide a competitive total compensation package which will allow Veritas DGC to attract, motivate and retain senior management. Our executive compensation consists of three elements: (1) base salaries, which reflect competitive

marketplace data and evaluated performance; (2) annual incentives, which are payable for the achievement of annual financial and individual performance goals; and (3) long-term stock-based incentives. We seek to relate a significant portion of potential total executive compensation to the company's financial performance. The committee believes that annual performance pay is appropriately linked to individual performance, annual financial performance of our company and stockholder value.

It is the committee's intent to fulfill its responsibilities according to the highest standards of corporate conduct and governance practices in the long-term best interests of the company and its shareholders.

The committee's policy with respect to tax deductibility of executive compensation under Section 162(m) of the Internal Revenue Code is to qualify such compensation for deductibility whenever reasonably practical. The Global Management Incentive Plan has not been approved by the company's shareholders and therefore does not meet the requirement of Section 162(m) of the Internal Revenue Code.

Our Executive Compensation Package

Base Salary. We intend the base compensation for executive officers to afford a reasonable degree of financial security to those individuals performing the levels and types of responsibility implicit in the various executive positions. In setting base salaries we initially consider the compensation plans of executives in other companies, including companies in the oil services industry. We target base compensation at levels consistent with median levels for public companies of our size. In fiscal year 2004 and for recent discussions in fiscal year 2005, we have utilized a third party consulting firm to prepare compensation survey data for us and to make recommendations to us related to compensation of our officers, including our chief executive officer. In setting the base compensation of each of our executive officers, we also consider the executive's salary history, level of responsibility, breadth of knowledge, past performance, credentials, and experience with Veritas DGC, as well as his or her perceived future importance to the company.

Based on the above criteria, we increased the base compensation for Mr. Wells in February 2004 and for Messrs Thielen and Worden in March 2004. Effective April 2, 2005, we increased the base compensation of the following officers to the amounts next to their names: Mr. Pilenko \$475,000; Mr. Ludlow \$280,000; Mr. Wells \$350,000; and Mr. Worden \$240,000.

Annual Incentive Awards. We require a minimum level of company financial performance before the executive officers earn any annual incentive bonus, and we award incentives for achieving higher levels of performance directly tied to the level achieved.

In fiscal year 1998, we adopted an incentive compensation program, the Key Contributor Plan, pursuant to which some 300 managerial personnel, including our executive officers, became eligible to earn incentives conditioned upon the attainment of specified company and individual performance criteria.

Prior to the beginning of fiscal year 2004, each participant, including executive officers, was assigned a target incentive percentage that was a percentage of his or her base annual salary. The target incentive percentages under the incentive plan for fiscal year 2004 ranged from 10% to 75% of base annual salary. Each participant was eligible to earn as incentive compensation a percentage of his or her target incentive percentage not to exceed two times his or her annual target payout if certain financial and individual goals were met. The fiscal year 2004 target percentage for each of our executive officers was follows: Mr. Pilenko 75%; Mr. Ludlow 45%; Mr. Wells 50% for six months, adjusted to 60% for the remaining six months; Mr. Thielen 45%; and Mr. Worden 45%.

Financial and individual goals under the Key Contributor Plan were also set prior to the beginning of fiscal year 2004. In the case of participants who are officers or corporate personnel, 75% of any

performance award was based upon the company's actual results of operations as a percentage of those results anticipated in the annual budget approved by the Board at the beginning of the fiscal year. To earn the remaining 25% of the performance award, the participant was required to attain discrete individual business goals. Because he joined the company on March 1, 2004, only five months before the end of fiscal year 2004, Mr. Pilenko was not assigned any individual goals for fiscal year 2004.

Based on the company's achievement of its financial goals and each executive officer's achievement of his individual performance objectives in fiscal year 2004, we paid each of them the following incentive compensation (these amounts were paid in two separate payments, one in March 2004 and the other in March 2005): Mr. Ludlow \$148,279; Mr. Wells \$194,706; Mr. Thielen \$84,710; and Mr. Worden \$105,955. In April 2005, we paid Mr. Pilenko incentive compensation of \$157,359 for fiscal year 2004.

In June 2004, we replaced the previous Key Contributor Plan with a new Global Management Incentive Plan for senior executives and a new Key Contributor Plan for key employees other than senior executives. We then selected eighteen of our senior executives, including executive officers, to participate in the new Global Management Incentive Plan. The incentive plan is effective for fiscal year 2005 and subsequent years.

Under the terms of the Global Management Incentive Plan, which is administered by the compensation committee, each participant is assigned a target incentive percentage that is a percentage of his or her annual base salary. The target incentive percentages under the Global Management Incentive Plan for fiscal year 2005 range from 50% to 75% of annual base salary. Each participant is eligible to earn as incentive compensation a percentage of his or her target incentive percentage not to exceed two times his or her annual target payout if certain financial and individual goals are met. We have established the target percentages for each of our executive officers as follows: Mr. Pilenko 75%; Mr. Ludlow 50%; Mr. Wells 60%; Mr. Baldwin 60%; Mr. Thielen 50%; and Mr. Worden 50%.

Financial and individual goals under the Global Management Incentive Plan were set prior to the beginning of fiscal year 2005. In the case of participants who are officers or corporate personnel, 37.5% of any performance award is conditioned upon the company attaining a specified threshold amount of profit before income taxes and 37.5% is conditioned upon the company attaining a specified threshold amount of return on assets. To earn the remaining 25% of the performance award, the participant must attain discrete business goals set by the compensation committee.

The Global Management Incentive Plan provides that each participant will be paid a partial performance award, if earned, based on the financial results of the first six months of the fiscal year. It is contemplated that the mid-year award will be made in March each year. The mid-year payment is calculated by multiplying the target incentive percentage times 75% (the portion of the incentive associated with financial performance) times 50% times the percentage of the financial goal attained, not to exceed 100%. The mid-year payment will not take the achievement of individual goals into account this has the practical effect of limiting the mid-year payment to 37.5% of the target payout. On April 1, 2005, the mid-year payment was made to all participants in the Global Management Incentive Plan, including the following amounts to our executive officers: Thierry Pilenko \$126,563; Stephen J. Ludlow \$49,691; Timothy L. Wells \$74,250; Mark E. Baldwin \$67,500; Vincent M. Thielen \$33,806; and Larry L. Worden \$42,188.

Stock-based Benefits. We believe periodic grants of stock options to executive officers helps to align the executive's economic interests with those of stockholders and to provide a direct and continuing focus on the goal of increasing stockholder value. During fiscal year 2004, we granted options to purchase a fixed number of options to key personnel based on rank, and therefore responsibility, within the company. On January 6, 2004, we granted options to the following executive officers to purchase the specified number of shares for \$11.19 per share, the fair market value of our shares at the date of the grant: Mr. Ludlow 24,700; Mr. Wells 24,700; Mr. Thielen 12,400 and

Mr. Worden 12,400. Each grant has a five-year term and is exercisable as follows: 25% of the options were immediately exercisable on the date of grant, and an additional 25% becomes exercisable on the anniversary of the grant in each succeeding year until all are exercisable on the third anniversary of the grant. Also on January 6, 2004, we granted Mr. Robson the option to purchase 5,000 shares, also for \$11.19 per share. The options granted to Mr. Robson have a five year term and all were exercisable on the date of grant. In light of Mr. Robson's then contemplated retirement, we granted him the same number of options on the same terms as options granted to non-employee directors at the time. On March 1, 2004, we granted Mr. Pilenko options to purchase 120,000 shares for \$15.88, the fair market value of the shares on the date of grant. The options have a five-year term and are exercisable as follows: 40,000 options became exercisable on March 1, 2005, and an additional 40,000 options become exercisable on March 1 of 2006 and 2007.

From time to time, we grant restricted stock to employees, including executive officers, for a variety of reasons, including, as examples, to reward an employee for exemplary service or as a means to retain a key employee. In February 2004, we granted 6,000 shares of restricted stock to Mr. Wells. Of the shares granted, 2,000 became vested on February 2, 2005, and, assuming that Mr. Wells continues to be employed by us, 2,000 additional shares vest on February 2 of 2006 and 2007.

Fiscal 2004 CEO Compensation

Mr. Pilenko was appointed chairman and chief executive officer of Veritas DGC in March 2004. Prior to his appointment, we commissioned a third party consulting firm to prepare data relating to compensation plans of chief executive officers in other companies of our size, including companies in the oil services industry. After considering that data, we arrived at a compensation package for Mr. Pilenko we believe is consistent with median levels for public companies of our size.

As with all senior executives of the company, Mr. Pilenko's compensation is made up of a base salary, which was \$450,000 per annum in fiscal year 2004, incentive compensation based primarily on company performance, and stock-based benefits. In fiscal year 2004, Mr. Pilenko's incentive compensation was based entirely upon Veritas DGC's actual results of operations as a percentage of those results anticipated in the annual budget approved by the Board at the beginning of the fiscal year. The company did, in fact, achieve the required results and, based entirely upon a quantitative calculation specified in the Key Contributor Plan, Mr. Pilenko earned and we paid him in April 2005 a \$157,359 incentive bonus for fiscal year 2004. The remainder of Mr. Pilenko's compensation is stock based, which we feel aligns his interests with those of stockholders.

COMMON STOCK PERFORMANCE GRAPH

The following graph illustrates the performance of our shares of common stock compared with the cumulative total return on (i) Standard & Poor's 500 Stock Index and (ii) an index of five peer companies we selected. The graph assumes that the value of the investment in our shares and each index was \$100 at July 31, 1999. In all cases the cumulative total return assumes, as contemplated by the Securities and Exchange Commission rules, that any cash dividends were reinvested in that security. The peer group investment is weighted at the beginning of each period based on the market capitalization of each individual company within the group.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On August 21 2002, we acquired Hampson-Russell Software Services Ltd., a Canadian provider of software tools and consulting services related to reservoir interpretation. Under the terms of the agreement, we acquired substantially all of the assets of Hampson-Russell in exchange for a cash payment of \$9,250,000, transfer of 589,623 shares of Veritas common stock (\$12.30 per share), and Hampson-Russell's right to receive a percentage of the revenues generated by the purchased assets over the five years following the closing of the transaction, provided that certain financial targets are obtained. David B. Robson, our chairman and chief executive officer until March 1, 2004, beneficially owns and controls Vada Industries Ltd., an Alberta corporation which was a 25% shareholder of Hampson- Russell at the time of the acquisition. The purchase price was determined at arm's length and was approved by our Board without Mr. Robson's presence or participation. We believe that the price paid was no less favorable to us than would have been obtained from a wholly unrelated party.

Until April 2004, our Canadian subsidiary, Veritas Energy Services Inc., provided to Vada certain payroll services and allowed Vada's three employees, including Mr. Robson's two sons, to participate in the same group health, dental and life insurance programs we maintain for our Canadian employees. Vada paid Veritas Energy Services on a monthly basis for costs incurred on Vada's behalf. For the year ended July 31, 2004, the reimbursement by Vada of costs incurred by Veritas Energy Services amounted to approximately \$246,596. In addition, until June 2004, Veritas Energy Services provided Vada with two offices and certain office services in Calgary. Vada paid Veritas Energy Services a monthly payment approximately equal to Veritas Energy Services' cost. For the fiscal year ended July 31, 2004, Vada paid Veritas Energy Services approximately \$14,101 for such offices and office services. Neither Veritas Energy Services nor any of our other affiliates has, since June 2004, provided any services to Vada or any other affiliate of Mr. Robson.

SECTION 16 BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, our executive officers and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes of ownership with the Securities and Exchange Commission. We believe, based upon a review of the forms and amendments furnished to us, that each of our directors and officers and greater than 10% stockholders met all applicable filing requirements under Section 16(a) of the Securities Act of 1934 for the fiscal year ended July 31, 2004.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT ACCOUNTANTS

PricewaterhouseCoopers LLP, an independent registered public accounting firm, has served as the independent accountants of the company since November 1996. The audit committee has selected the firm to continue in this capacity for the current fiscal year. Accordingly, the company is asking the stockholders to ratify the selection of PricewaterhouseCoopers LLP as independent accountants.

Representatives of the firm plan to attend the annual meeting and will be available to respond to appropriate questions. Its representatives will also have an opportunity to make a statement at the meeting if they so desire.

Audit Fees

The aggregate fees billed for professional services rendered for the audit of our consolidated financial statements, statutory audits in foreign jurisdictions, issuance of consents and the reviews of financial statements included in the company's Forms 10-Q for the fiscal years ended July 31, 2004 and 2003 were \$819,000 and \$455,000, respectively. Our audit committee pre-approved all fees for professional services for the audit of our consolidated financial statements for the fiscal year ended July 31, 2004.

Audit Related Fees

The aggregate fees billed for audit related services (audits of our employee benefit plans, accounting consultations, due diligence related to mergers and acquisitions and certain services related to compliance with the Sarbanes-Oxley Act of 2002) for the fiscal years ended July 31, 2004 and 2003 was \$474,000 and \$70,000, respectively. Our audit committee pre-approved all fees for audit related services incurred during the fiscal year ended July 31, 2004.

Tax Fees

The aggregate fees billed for income tax and tax related services for the fiscal years ended July 31, 2004 and 2003 was \$169,000 and \$225,000, respectively. Our audit committee pre-approved all fees for tax and tax related services incurred during the fiscal year ended July 31, 2004.

All Other Fees

The aggregate fees billed by PricewaterhouseCoopers LLP during the fiscal years ended July 31, 2004 and 2003 for other services totaled \$17,000 and \$2,000, respectively. Our audit committee pre-approved all fees for such other services incurred during the fiscal year ended July 31, 2004. These services include primarily subscriptions to PricewaterhouseCoopers' on-line research tools.

In conjunction with our annual plan, we prepare a budget for non-audit services we intend to obtain from PricewaterhouseCoopers LLP. This budget includes a description of the specific projects and services and an estimated cost. We submit this budget to our audit committee for review and

approval. We conduct our business with PricewaterhouseCoopers LLP according to this approved budget and, if circumstances require alternation of the budget, we request approval from the audit committee before deviating from the budget in any manner. We submit a quarterly update of our spending with PricewaterhouseCoopers LLP to the audit committee.

Vote Required

Approval of this proposal requires a number of votes "FOR" the proposal that represents a majority of the outstanding shares present or represented and entitled to vote on this matter at the annual meeting. As a result, abstentions will have the same effect as a vote against this proposal.

Recommendation of the Board of Directors

The Board of Directors recommends a vote FOR ratification of the selection of PricewaterhouseCoopers LLP as the company's independent accountants for the fiscal year ending July 31, 2005.

AVAILABILITY OF ANNUAL REPORT AND FORM 10-K/A

We have mailed our annual report to stockholders covering the fiscal year ended July 31, 2004 to each stockholder entitled to vote at the annual meeting.

Worden, Vice President, General Counsel and Secretary, 10300 Town Park Drive, Houston, Texas 77072.
