SUPPLEMENTAL RISK FACTORS

You should carefully consider the supplemental risks described below in addition to the risks described in "Item 1A. Risk Factors" in our Annual Report on Form 10-K, filed on December 14, 2007, which is incorporated by reference herein, as well as the other information contained in or incorporated by reference into this prospectus supplement and the accompanying prospectus, before investing in the notes. You could lose part or all of your investment.

There is no public market for the notes, and we do not know if an active trading market will ever develop or, if a market does develop, whether it will be sustained.

The notes will constitute a new issue of securities for which there is no existing trading market. We do not intend to apply for listing or quotation of the notes on any securities exchange or stock market. We cannot assure you as to the development or liquidity of any trading market for the notes. The underwriters have advised us that they currently intend to make a market in the notes. However, the underwriters are not obligated to do so, and any market-making with respect to the notes may be discontinued at any time without notice. If no active trading market develops, you may be unable to resell your notes at any price or at their fair market value.

If a trading market does develop, changes in our credit ratings or the debt markets could adversely affect the market price of the notes.

The price for the notes will depend on a number of factors, including:

- our credit ratings with major credit rating agencies;
- the prevailing interest rates being paid by other companies similar to us;
- the market price of our common shares;
- our financial condition, operating performance and future prospects; and
- the overall condition of the financial markets.

The condition of the financial markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future. Such fluctuations could have an adverse effect on the price of the notes.

In addition, credit rating agencies continually review their ratings for the companies that they follow, including us. The credit rating agencies also evaluate the industries in which we operate as a whole and may change their credit rating for us based on their overall view of such industries. A negative change in our rating could have an adverse effect on the price of the notes.

USE OF PROCEEDS

The net proceeds from the offering will be approximately \$297.4 million, after expenses and underwriting discounts. We intend to use the net proceeds from this offering for general corporate purposes, including the repayment of outstanding debt.

DESCRIPTION OF THE NOTES AND THE GUARANTEE

The descriptions in this prospectus supplement contain a description of the material terms of the notes and the indenture but do not purport to be complete. Reference is hereby made to the indenture, the fourth supplemental indenture and the form of note that are filed as exhibits to the registration statement or will be incorporated by reference therein of which this prospectus supplement forms a part and to the Trust Indenture Act.

The notes will be issued under the indenture, dated as of September 25, 2007, as supplemented by the fourth supplemental indenture, dated as of July 14, 2008, among Tyco Electronics Group S.A., Tyco Electronics Ltd., as guarantor, and Deutsche Bank Trust Company Americas, as trustee. References to the indenture in this description refer to the indenture as supplemented by the fourth supplemental indenture. In this description of the notes and the guarantee, we refer to Tyco Electronics Group S.A., the issuer of the notes, as TEGSA, and to Tyco Electronics Ltd., the guarantor of the notes, as TEL. References to TEL in this description refer to Tyco Electronics Ltd., not including its consolidated subsidiaries.

The indenture does not limit the aggregate principal amount of debt securities that may be issued thereunder. TEGSA may issue additional debt securities in the future without the consent of the holders of outstanding notes. If TEGSA issues additional notes of any series offered hereby, those notes will contain the same terms as and be deemed part of the same series as such series of notes offered hereby. The terms and provisions of other series of debt securities that may be issued under the indenture may differ. TEGSA may issue other debt securities separately, upon conversion of or in exchange for other securities or as part of a unit with other securities.

The following description is subject to the detailed provisions of the indenture, copies of which can be obtained upon request from Tyco Electronics. See "Incorporation by Reference." The statements made in this section relating to the indenture, the notes and the guarantee are summaries, are not complete and are subject to all provisions of the indenture, the notes and the guarantee. For a full description of the notes and the guarantee, you should refer to the indenture.

General

TEGSA will issue the notes in an initial aggregate principal amount of \$300,000,000 of 5.950% Senior Notes due 2014. The notes will mature on January 15, 2014. The notes will be in registered form without coupons in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The notes will be TEGSA's direct, unconditional, unsecured and unsubordinated general obligations. The notes will rank equally among themselves, without any preference of one over another. The notes will be unsubordinated and unsecured obligations ranking equally with all of TEGSA's existing and future unsubordinated and unsecured obligations. Claims of holders of the notes will be effectively subordinated to the claims of holders of TEGSA's secured debt, if any, with respect to the collateral securing such claims.

TEGSA is a holding company and it conducts substantially all of its operations through its subsidiaries. TEGSA's rights and the rights of its creditors, including holders of the notes, to participate in any distribution of assets of any subsidiary upon a liquidation or reorganization or otherwise of such subsidiary will be effectively subordinated to the claims of the subsidiary's creditors, except to the extent that TEGSA or any of its creditors may itself be a creditor of that subsidiary.

The notes will bear interest at the rate of 5.950% per year from the date of issuance or from the most recent interest payment date to which interest has been paid or provided for. Interest on the notes will be payable on January 15 and July 15 of each year, commencing January 15, 2009, to the holders of record at the close of business on the January 1 and July 1 prior to each interest payment

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

date. Interest on the notes will be calculated on the basis of a 360-day year consisting of twelve 30-day months. All dollar amounts resulting from this calculation will be rounded to the nearest cent.

If any interest payment date, redemption date or maturity date would otherwise be a day that is not a business day, the related payment of principal and interest will be made on the next succeeding business day as if it were made on the date such payment was due. No interest will accrue on the amounts so payable for the period from and after such date to the date of such payment on the next succeeding business day.

The notes will not be subject to any sinking fund.

Guarantee

TEL will unconditionally guarantee the due and punctual payment of the principal of, premium, if any, and interest on the notes, when and as the same shall become due and payable, whether at maturity, upon redemption, by acceleration or otherwise. TEL's guarantee is the unsecured, unsubordinated obligation of TEL and ranks equally with all other unsecured and unsubordinated obligations of TEL. The guarantee provides that in the event of a default in payment on a note, the holder of the note may institute legal proceedings directly against TEL to enforce the guarantee without first proceeding against TEGSA.

Interest Rate Adjustment

The interest rate payable on the notes will be subject to adjustments from time to time if Moody's, S&P or Fitch downgrades (or subsequently upgrades) the debt rating assigned to the notes, as set forth below.

If the rating from Moody's, S&P or Fitch of the notes is decreased to a rating set forth in the immediately following table, the interest rate on the notes will increase from the interest rate otherwise payable on the notes by the percentage set forth opposite that rating applicable to the lowest two rating levels assigned to the notes by any of Moody's, S&P and Fitch:

Rating Agency			
Moody's	S&P	Fitch	Percentage
Ba1	BB+	BB+	0.25%
Ba2	BB	BB	0.50%
Ba3	BB-	BB-	0.75%
B1 or below	B or below	B or below	1.00%

If at any time the interest rate on the notes has been adjusted upward and Moody's, S&P or Fitch, as the case may be, subsequently increases its rating of the notes to any of the threshold ratings set forth above, the interest rate on the notes will be decreased such that the interest rate for the notes equals the interest rate otherwise payable on the notes plus the percentages set forth opposite the ratings from the tables above in effect immediately following the increase applicable to the two lowest ratings levels assigned to the notes by any of Moody's, S&P or Fitch. If Moody's subsequently increases its rating of the notes to Baa3 or higher, S&P increases its rating to BBB- or higher and Fitch increases its rating to BBB- or higher, the interest rate on the notes will be decreased to the interest rate that would have been payable on the notes without any adjustments.

Each adjustment required by any decrease or increase in a rating set forth above, whether occasioned by the action of Moody's, S&P or Fitch, shall be made independent of any and all other adjustments; provided that in determining an adjustment, the percentage applicable to the lowest two ratings levels assigned to the notes by any of Moody's, S&P and Fitch shall be used. In no event shall (1) the interest rate for the notes be reduced to below the interest rate that would have been payable

on the notes without any adjustments or (2) the total increase in the interest rate on the notes exceed 2.00% above the interest rate that would have been payable on the notes without any adjustments.

If any two of Moody's, S&P or Fitch cease to provide a rating of the notes, any subsequent increase or decrease in the interest rate of the notes necessitated by a reduction or increase in the rating by the agency continuing to provide the rating shall be twice the percentage set forth in the applicable table above. No adjustments in the interest rate of the notes shall be made solely as a result of Moody's, S&P or Fitch ceasing to provide a rating. If Moody's, S&P and Fitch all cease to provide a rating of the notes, the interest rate on the notes will increase to, or remain at, as the case may be, 2.00% above the interest rate that would have been payable on the notes without any adjustments. References to Moody's, S&P and Fitch in this section entitled "Description of the Notes and the Guarantee Interest Rate Adjustment" are deemed to include any successors to Moody's, S&P and Fitch.

Any interest rate increase or decrease described above will take effect from the first day of the interest period during which a rating change requires an adjustment in the interest rate.

The interest rate on the notes will permanently cease to be subject to any adjustments described above (notwithstanding any subsequent decrease in the ratings by any or all of the rating agencies or any or all of the rating agencies ceasing to provide ratings) and shall be set at the interest rate that would have been payable on the notes without any such adjustments if the notes become rated A3, A- or A- or higher by any two of Moody's, S&P and Fitch, respectively (or one of these ratings if only rated by one rating agency), with a stable or positive outlook by both such rating agencies.

Redemption at TEGSA's Option

The notes will be redeemable as a whole or in part, solely at TEGSA's option, at any time, at a redemption price equal to the greater of:

100% of the principal amount of the notes to be redeemed, and

as determined by the Quotation Agent and delivered to the trustee, the sum of the present values of the remaining scheduled payments of principal and interest thereon due on any date after the redemption date (based on the original interest rate and excluding the portion of interest that will be accrued and unpaid to and including the redemption date) discounted from their scheduled date of payment to the redemption date (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Redemption Treasury Rate plus 45 basis points,

plus, in each of the above cases, accrued and unpaid interest, if any, to the redemption date.

For purposes of this section "Redemption at TEGSA's Option," the following terms have the following meanings:

"Adjusted Redemption Treasury Rate" with respect to any redemption date means the rate equal to the semiannual equivalent yield to maturity or interpolated (on a 30/360 day count basis) yield to maturity of the Comparable Redemption Treasury Issue, assuming a price for the Comparable Redemption Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Redemption Treasury Price for such redemption date.

"Comparable Redemption Treasury Issue" means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the notes to be redeemed that will be utilized at the time of selection and in accordance with customary financial practice in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such notes.

"Comparable Redemption Treasury Price" with respect to any redemption date means:

the average of the Redemption Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Redemption Reference Treasury Dealer Quotations (unless there is more than one highest or lowest quotation, in which case only one such highest and /or lowest quotation shall be excluded), or

if the Quotation Agent obtains fewer than four such Redemption Reference Treasury Dealer Quotations, the average of all such Redemption Reference Treasury Dealer Quotations.

"Quotation Agent" means a Redemption Reference Treasury Dealer appointed as such agent by TEGSA.

"Redemption Reference Treasury Dealer" means four primary U.S. Government securities dealers in the United States selected by TEGSA.

"Redemption Reference Treasury Dealer Quotations" with respect to each Redemption Reference Treasury Dealer and any redemption date means the average, as determined by the Quotation Agent, of the bid and offer prices at 11:00 a.m. New York City time for the Comparable Redemption Treasury Issue (expressed in each case as a percentage of its principal amount) for settlement on the redemption date quoted in writing to the Quotation Agent by such Redemption Reference Treasury Dealer on the third business day preceding such redemption date.

Redemption Upon Changes in Withholding Taxes

TEGSA may redeem all, but not less than all, of the notes under the following conditions:

If there is an amendment to, or change in, the laws or regulations of Luxembourg or Bermuda, or other jurisdiction in which TEGSA, TEL or any successor thereof may be organized, or the United States, as applicable, or any political subdivision thereof or therein having the power to tax (a "Taxing Jurisdiction"), or any change in the application or official interpretation of such laws, including any action taken by a taxing authority or a holding by a court of competent jurisdiction, regardless of whether such action or such holding is with respect to TEGSA or TEL.

As a result of such amendment or change, TEGSA or TEL becomes, or there is a material probability that TEGSA or TEL will become, obligated to pay Additional Amounts, as defined below in "Payment of Additional Amounts," on the next payment date with respect to the notes.

The obligation to pay Additional Amounts cannot be avoided through commercially reasonable measures available to TEGSA or TEL, as the case may be.

TEGSA delivers to the trustee:

- (1) a certificate of TEGSA or TEL, as the case may be, stating that the obligation to pay Additional Amounts cannot be avoided by TEGSA or TEL, as the case may be, taking commercially reasonable measures available to it; and
- (2) a written opinion of independent legal counsel to TEGSA or TEL, as the case may be, of recognized standing to the effect that TEGSA or TEL, as the case may be, has paid or there is a material probability that it will become obligated to pay Additional Amounts as a result of a change, amendment, official interpretation or application described above and that TEGSA or TEL, as the case may be, cannot avoid the payment of such Additional Amounts by taking commercially reasonable measures available to it.

Following the delivery of the certificate and opinion described in the previous bullet point, TEGSA provides notice of redemption not less than 30 days, but not more than 90 days, prior to

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

the date of redemption. The notice of redemption cannot be given more than 90 days before the earliest date on which TEGSA or TEL would be otherwise required to pay Additional Amounts, and the obligation to pay Additional Amounts must still be in effect when the notice is given.

Upon the occurrence of each of the bullet points above, TEGSA may redeem the notes at a redemption price equal to 100% of the principal amount thereof, together with accrued interest, if any, to the redemption date.

Notice of Redemption

Notice of any redemption will be mailed at least 30 days but not more than 90 days before the redemption date to each holder of notes to be redeemed. If TEGSA elects to redeem a portion but not all of the notes, the trustee will select in a fair and appropriate manner the notes to be redeemed.

Unless TEGSA defaults in payment of the redemption price and accrued and unpaid interest on the notes to be redeemed, on and after the redemption date, interest will cease to accrue on such notes or portions thereof called for redemption.

If any redemption date would otherwise be a day that is not a business day, the related payment of principal and interest will be made on the next succeeding business day as if it were made on the date such payment was due, and no interest will accrue on the amounts so payable for the period from and after such date to the next succeeding business day.

Payment of Additional Amounts

Unless otherwise required by law, neither TEGSA nor TEL will deduct or withhold from payments made with respect to the notes and the guarantee on account of any present or future taxes, duties, levies, imposts, assessments or governmental charges of whatever nature imposed or levied by or on behalf of any Taxing Jurisdiction ("Taxes"). In the event that TEGSA or TEL is required to withhold or deduct any amount for or on account of any Taxes from any payment made under or with respect to any notes or the guarantee, as the case may be, TEGSA or TEL, as the case may be, will pay such additional amounts so that the net amount received by each holder of notes, including the additional amounts, will equal the amount that such holder would have received if such Taxes had not been required to be withheld or deducted. However, additional amounts will not be paid with respect to a payment to a holder of notes where such holder is subject to taxation on such payment by a relevant Taxing Jurisdiction for any reason other than the holder's mere ownership of a note, nor will we pay additional amounts for or on the account of:

any Taxes that are imposed or withheld solely because the beneficial owner of such notes, or a fiduciary, settler, beneficiary, or member of the beneficial owner if the beneficial owner is an estate, trust, partnership, limited liability company or other fiscally transparent entity, or a person holding a power over an estate or trust administered by a fiduciary holder:

is or was present or engaged in, or is or was treated as present or engaged in, a trade or business in the Taxing Jurisdiction or has or had a permanent establishment in the Taxing Jurisdiction;

has or had any present or former connection (other than the mere fact of ownership of a note) with the Taxing Jurisdiction imposing such Taxes, including being or having been a citizen or resident thereof or being treated as being or having been a resident thereof;

with respect to any withholding Taxes imposed by the United States, is or was with respect to the United States a personal holding company, a passive foreign investment company, a controlled foreign corporation, a foreign tax exempt organization or a corporation that has accumulated earnings to avoid United States federal income tax; or

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

owns or owned 10% or more of the total combined voting power of all classes of stock of TEGSA or TEL;

any estate, inheritance, gift, sales, transfer, excise or personal property Taxes imposed with respect to the notes, except as otherwise provided in the indenture;

any Taxes imposed solely as a result of the presentation of the notes, where presentation is required, for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for, whichever is later, except to the extent that the beneficiary or holder thereof would have been entitled to the payment of additional amounts had the notes been presented for payment on any date during such 30-day period;

any Taxes imposed solely as a result of the failure of the beneficial owner or any other person to comply with applicable certification, information, documentation or other reporting requirements concerning the nationality, residence, identity or connection with the Taxing Jurisdiction of the holder or beneficial owner of a note, if such compliance is required by statute or regulation of the relevant Taxing Jurisdiction as a precondition to relief or exemption from such Taxes;

with respect to withholding Taxes imposed by the United States, any such Taxes imposed by reason of the failure of the beneficial owner to fulfill the statement requirements of sections 871(h) or 881(c) of the Code;

any Taxes that are payable by any method other than withholding or deduction by TEGSA or TEL or any paying agent from payments in respect of such note;

any Taxes that are required to be withheld by any paying agent from any payment in respect of any note if such payment can be made without such withholding by at least one other paying agent;

any Taxes required to be deducted or withheld pursuant to the European Council Directive 2003/48/EC of June 3, 2003 on the taxation of savings income in the form of interest payments, or any law implementing or complying with, or introduced in order to conform to, that Directive;

any withholding or deduction for Taxes which would not have been imposed if the relevant note had been presented to another paying agent in a Member State of the European Union; or

any combination of the above conditions.

Additional Amounts also will not be payable to a holder of a note that is a fiduciary, partnership, limited liability company or other fiscally transparent entity, or to a beneficial owner of a note that is not the sole beneficial owner of such note, as the case may be. This exception, however, will apply only to the extent that a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership, limited liability company or other fiscally transparent entity, would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment.

We refer to the amounts that TEGSA or TEL are required to pay to preserve the net amount receivable by the holders of notes as "Additional Amounts." Whenever in the indenture, the notes, the guarantee or in this "Description of the Notes and the Guarantee" there is mentioned, in any context, the payment of principal, premium, if any, redemption price, interest or any other amount payable under or with respect to any note, such mention includes the payment of Additional Amounts to the extent payable in the particular context. The foregoing provisions will survive any termination or the discharge of the indenture and will apply to any jurisdiction in which any successor to TEGSA or TEL, as the case may be, is organized or is engaged in business for tax purposes or any political subdivision or taxing authority or agency thereof or therein.

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

Each of TEGSA and TEL, as applicable, also:

will withhold or deduct the Taxes as required;

will remit the full amount of Taxes deducted or withheld to the relevant taxing authority in accordance with all applicable laws;

will use its reasonable efforts to obtain from each Taxing Jurisdiction imposing such Taxes certified copies of tax receipts evidencing the payment of any Taxes deducted or withheld; and

upon request, will make available to the holders of the notes, within 90 days after the date the payment of any Taxes deducted or withheld is due pursuant to applicable law, certified copies of tax receipts evidencing such payment by TEGSA or TEL or if, notwithstanding TEGSA's or TEL's efforts to obtain such receipts, the same are not obtainable, other evidence of such payments.

At least 30 days prior to each date on which any payment under or with respect to the notes or the guarantee is due and payable, if TEGSA or TEL will be obligated to pay Additional Amounts with respect to such payment, TEGSA or TEL will deliver to the trustee an officer's certificate stating the fact that such Additional Amounts will be payable, the amounts so payable and such other information as is necessary to enable the trustee to pay such Additional Amounts to holders of the notes on the payment date.

In addition, TEGSA will pay any stamp, issue, registration, documentary or other similar taxes and duties, including interest, penalties and Additional Amounts with respect thereto, payable in Luxembourg or the United States or any political subdivision or taxing authority of or in the foregoing in respect of the creation, issue, offering, enforcement, redemption or retirement of the notes.

Change of Control Triggering Event

Upon the occurrence of a Change of Control Triggering Event with respect to a series of notes, unless TEGSA has exercised its right to redeem such notes as described under "Redemption at TEGSA's Option" or "Redemption Upon Changes in Withholding Taxes," each holder of such notes will have the right to require that TEGSA purchase all or a portion of such holder's notes pursuant to the offer described below (the "Change of Control Offer"), at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase.

Within 30 days following the date upon which the Change of Control Triggering Event occurred, or at TEGSA's option, prior to any Change of Control, but after the public announcement of the Change of Control, TEGSA must send, by first class mail, a notice to each holder of the applicable series of notes, with a copy to the trustee, which notice shall govern the terms of the Change of Control Offer. Such notice shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date such notice is mailed, other than as may be required by law (the "Change of Control Payment Date"). The notice, if mailed prior to the date of consummation of the Change of Control, shall state that the Change of Control Offer is conditioned on the Change of Control Triggering Event occurring on or prior to the Change of Control Payment Date. Holders of notes electing to have notes purchased pursuant to a Change of Control Offer will be required to surrender their notes, with the form entitled "Option of Holder to Elect Purchase" on the reverse of the note completed, or transfer their notes by book-entry transfer, to the paying agent at the address specified in the notice prior to the close of business on the third business day prior to the Change of Control Payment Date.

TEGSA will not be required to make a Change of Control Offer if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for such an offer

made by TEGSA and such third party purchases all notes properly tendered and not withdrawn under its offer.

Consummation of any such transaction in certain circumstances may require redemption or repurchase of the notes, and TEGSA or the acquiring party may not have sufficient financial resources to effect such redemption or repurchase. Provisions in the indenture relating to a Change of Control Triggering Event may, in certain circumstances, make it more difficult or discourage any leveraged buyout of TEL or any of its subsidiaries. The indenture may not afford the holders of notes protection in all circumstances from the adverse aspects of a highly leveraged transaction, reorganization, restructuring, merger or similar transaction.

TEGSA will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of notes pursuant to a Change of Control Offer. To the extent that any securities laws or regulations conflict with the "Change of Control" provisions of the indenture, TEGSA shall comply with the applicable securities laws and regulations and shall be deemed not to have breached its obligations under the "Change of Control" provisions of the indenture by virtue thereof.

"Below Investment Grade Rating Event" means the applicable series of notes are rated below an Investment Grade Rating by at least two of the Rating Agencies on any date from the date of the public notice of an arrangement that could result in a Change of Control until the end of the 60-day period following public notice of the occurrence of the Change of Control (which 60-day period shall be extended so long as the rating of such notes is under publicly-announced consideration for possible downgrade by any of the Rating Agencies); provided that a Below Investment Grade Rating Event otherwise arising by virtue of a particular reduction in rating shall be deemed not to have occurred in respect of a particular Change of Control (and thus shall be deemed not to be a Below Investment Grade Rating Event for purposes of the definition of Change of Control Triggering Event) if the rating agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the trustee in writing at its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Below Investment Grade Rating Event).

"Change of Control Triggering Event" means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

"Change of Control" means the occurrence of any of the following events:

the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of TEL and its subsidiaries taken as a whole to any person or group of persons for purposes of Section 13(d) of the Exchange Act other than TEL or one of its subsidiaries or a person controlled by TEL or one of its subsidiaries;

consummation of any transaction (including any merger or consolidation) the result of which is that any "person" (as that term is used in Section 13(d)(3) of the Exchange Act) other than TEL's or its subsidiaries' employee benefit plans, becomes the beneficial owner (as defined in Rules 13(d)(3) and 13(d)(5) under the Exchange Act), directly or indirectly, of more than 50% of the outstanding voting stock of TEL, measured by voting power rather than number of shares; or

the replacement of a majority of the board of directors of TEL over a two-year period from the directors who constituted the board of directors of TEL at the beginning of such period, and such replacement shall not have been approved by at least a majority of the board of directors

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

of TEL then still in office (either by a specific vote or by approval of a proxy statement in which such member was named as a nominee for election as a director, without objection to such nomination) who either were members of such board of directors at the beginning of such period or whose election as a member of such board of directors was previously so approved.

Notwithstanding the foregoing, a transaction effected to create a holding company for TEL will not be deemed to involve a Change of Control if: (1) pursuant to such transaction TEL becomes a direct or indirect wholly-owned subsidiary of such holding company; and (2) the direct or indirect holders of the voting stock of such holding company immediately following that transaction are substantially the same as the holders of TEL's voting stock immediately prior to that transaction. Following any such transaction, references in this definition to TEL shall be deemed to refer to such holding company. For purposes of this definition, "voting stock" of any specified "person" (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date means the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

"**Fitch**" means Fitch Ratings Ltd.

"**Investment Grade Rating**" means a rating equal to or higher than BBB- (or the equivalent) by Fitch, Baa3 (or the equivalent) by Moody's and BBB- (or the equivalent) by S&P.

"**Moody's**" means Moody's Investor Services Inc.

"**Rating Agencies**" means (1) each of Fitch, Moody's and S&P; and (2) if any of Fitch, Moody's or S&P ceases to rate the applicable series of notes or fails to make a rating of such notes publicly available for reasons outside of our control, a "nationally recognized statistical rating organization" within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act, selected by TEGSA (as certified by a resolution of TEGSA's Board of Directors) as a replacement agency for Fitch, Moody's or S&P, or all of them, as the case may be.

"**S&P**" means Standard & Poor's Rating Services, a division of The McGraw-Hill Companies, Inc.

Covenants

Affirmative Covenants

Under the indenture, TEGSA will:

pay the principal, interest and any premium on the notes when due at the rate specified in the notes;

maintain a place of payment;

along with TEL, furnish to the trustee on or before March 31 of each year a certificate executed by the principal executive, financial or accounting officer as to such officer's knowledge of TEGSA's or TEL's, as the case may be, compliance with all covenants and agreements under the indenture; and

make available to the trustee all reports and information filed with the SEC.

Negative Covenants

Limitation on the Ability to Incur Liens

The indenture provides that so long as any of the notes remain outstanding (but subject to defeasance, as provided in the indenture), TEGSA will not, and will not permit any Restricted Subsidiary to, issue, assume or guarantee any Indebtedness that is secured by a mortgage, pledge, security interest, lien or encumbrance (each a "lien") upon any property that at the time of such issuance, assumption or guarantee constitutes a Principal Property, and TEGSA will not, and will not

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

permit any U.S. subsidiary that at the time of such issuance, assumption or guarantee is a Qualifying Subsidiary to, issue, assume or guarantee any Indebtedness that is secured by a lien upon such Qualifying Subsidiary's Accounts Receivable, or any shares of stock of or Indebtedness issued by any such Restricted Subsidiary or such Qualifying Subsidiary, whether now owned or hereafter acquired, in each case without effectively providing that, for so long as such lien shall continue in existence with respect to such secured Indebtedness, the notes (together with, if TEGSA determines, any other Indebtedness of TEGSA ranking equally with the notes, it being understood that for purposes hereof, Indebtedness which is secured by a lien and Indebtedness which is not so secured shall not, solely by reason of such lien, be deemed to be of different ranking) shall be equally and ratably secured by a lien ranking ratably with or equal to (or at TEGSA's option prior to) such secured Indebtedness. The foregoing covenant shall not apply to:

liens existing on the date the notes were first issued;

liens on the stock, assets or Indebtedness of a person existing at the time such person becomes a Restricted Subsidiary unless created in contemplation of such person becoming a Restricted Subsidiary;

liens on any assets or Indebtedness of a person existing at the time such person is merged with or into or consolidated with or acquired by TEGSA or a Restricted Subsidiary or at the time of a purchase, lease or other acquisition of the assets of a corporation or firm as an entirety or substantially as an entirety by TEGSA or any Restricted Subsidiary;

liens on any Principal Property existing at the time of acquisition thereof by TEGSA or any Restricted Subsidiary, or liens to secure the payment of the purchase price of such Principal Property by TEGSA or any Restricted Subsidiary, or to secure any Indebtedness incurred, assumed or guaranteed by TEGSA or a Restricted Subsidiary for the purpose of financing all or any part of the purchase price of such Principal Property or improvements or construction thereon, which Indebtedness is incurred, assumed or guaranteed prior to, at the time of or within one year after such acquisition (or in the case of real property, completion of such improvement or construction or commencement of full operation of such property, whichever is later); provided, however, that in the case of any such acquisition, construction or improvement, the lien shall not apply to any Principal Property theretofore owned by TEGSA or a Restricted Subsidiary, other than the Principal Property so acquired, constructed or improved (and accessions thereto and improvements and replacements thereof and the proceeds of the foregoing);

liens securing Indebtedness owing by any subsidiary to TEGSA, TEL or a subsidiary thereof or by TEGSA to TEL;

liens in favor of the United States or any State thereof, or any department, agency or instrumentality or political subdivision of the United States of America or any State thereof, or in favor of any other country or any political subdivision thereof, to secure partial, progress, advance or other payments pursuant to any contract, statute, rule or regulation or to secure any Indebtedness incurred or guaranteed for the purpose of financing all or any part of the purchase price (or, in the case of real property, the cost of construction or improvement) of the Principal Property or assets subject to such liens (including liens incurred in connection with pollution control, industrial revenue or similar financings);

pledges, liens or deposits under workers' compensation or similar legislation, and liens thereunder that are not currently dischargeable, or in connection with bids, tenders, contracts (other than for the payment of money) or leases to which TEGSA or any subsidiary is a party, or to secure the public or statutory obligations of TEGSA or any subsidiary, or in connection with obtaining or maintaining self-insurance, or to obtain the benefits of any law, regulation or

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

arrangement pertaining to unemployment insurance, old age pensions, social security or similar matters, or to secure surety, performance, appeal or customs bonds to which TEGSA or any subsidiary is a party, or in litigation or other proceedings in connection with the matters heretofore referred to in this bullet point, such as interpleader proceedings, and other similar pledges, liens or deposits made or incurred in the ordinary course of business;

liens created by or resulting from any litigation or other proceeding that is being contested in good faith by appropriate proceedings, including liens arising out of judgments or awards against TEGSA or any subsidiary with respect to which TEGSA or such subsidiary in good faith is prosecuting an appeal or proceedings for review or for which the time to make an appeal has not yet expired; or final unappealable judgment liens which are satisfied within 15 days of the date of judgment; or liens incurred by TEGSA or any subsidiary for the purpose of obtaining a stay or discharge in the course of any litigation or other proceeding to which TEGSA or such subsidiary is a party;

liens for taxes or assessments or governmental charges or levies not yet due or delinquent; or that can thereafter be paid without penalty, or that are being contested in good faith by appropriate proceedings; landlord's liens on property held under lease; and any other liens or charges incidental to the conduct of the business of TEGSA or any subsidiary, or the ownership of their respective assets, that were not incurred in connection with the borrowing of money or the obtaining of advances or credit and that, in the opinion of the board of directors of TEGSA, do not materially impair the use of such assets in the operation of the business of TEGSA or such subsidiary or the value of such Principal Property or assets for the purposes of such business;

liens to secure TEGSA's or any subsidiary's obligations under agreements with respect to interest rate swap, spot, forward, future and option transactions, entered into in the ordinary course of business;

liens on (including securitization programs with respect to) accounts receivable (including any accounts receivable constituting or evidenced by chattel paper, instruments or intangibles (as defined in the Uniform Commercial Code of the State of New York) (i) existing at the time of acquisition thereof by TEGSA or any U.S. subsidiary or (ii) of a person existing at the time such person is merged with or into or consolidated with or acquired by TEGSA or any U.S. subsidiary; provided that such liens were in existence, or granted or required to be granted or otherwise attach pursuant to any agreement in existence, prior to, and were not granted or such agreement was not entered into (as applicable) in contemplation of, such acquisition, merger or consolidation and such liens do not extend to any assets other than accounts receivable (including any accounts receivable constituting or evidenced by chattel paper, instruments or intangibles (as so defined) and rights (contractual and other) and collateral related thereto and proceeds of the foregoing and any related deposit accounts containing such proceeds;

liens not permitted by the foregoing bullet points, if at the time of, and after giving effect to, the creation or assumption of any such lien, the aggregate amount (without duplication) of all outstanding Indebtedness of TEGSA and its Restricted Subsidiaries secured by all such liens on such Principal Properties and all outstanding Indebtedness of TEGSA and its Qualifying Subsidiaries secured by all such liens on Accounts Receivable not so permitted by the foregoing bullet points, together with the Attributable Debt in respect of Sale and Lease-Back Transactions permitted by the first bullet point under "Limitation on Sale and Lease-Back Transactions" below do not exceed the greater of \$1,500,000,000 and 10% of Consolidated Net Worth; and

any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part, of any lien referred to in the foregoing bullet points if the principal amount of Indebtedness secured thereby unless otherwise excepted under the above bullet points does not

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

exceed the principal amount of Indebtedness (plus the amount of any unused revolving credit or similar commitments) so secured at the time of such extension, renewal or replacement and that such extension, renewal or replacement is limited to all or a part of the assets (or any replacement assets) that secured the lien so extended, renewed or replaced (plus improvements and construction on real property).

Although this covenant limits TEGSA's and any Restricted Subsidiary's or Qualifying Subsidiary's ability to incur indebtedness that is secured by liens on the shares of stock of or indebtedness issued by any Restricted Subsidiary or Qualifying Subsidiary, it would not prevent other of our subsidiaries from incurring Indebtedness secured by liens on shares of stock of or Indebtedness issued by Restricted Subsidiaries or Qualifying Subsidiary.

Limitation on Sale and Lease-Back Transactions

The indenture provides that so long as any of the notes remain outstanding (but subject to defeasance, as provided in the indenture), TEGSA will not, and will not permit any Restricted Subsidiary to, enter into any Sale and Lease-Back Transaction unless:

TEGSA or such Restricted Subsidiary, at the time of entering into a Sale and Lease-Back Transaction, would be entitled to incur Indebtedness secured by a lien on the Principal Property to be leased in an amount at least equal to the Attributable Debt in respect of such Sale and Lease-Back Transaction, without equally and ratably securing the notes pursuant to "Limitation on Ability to Incur Liens" above; or

the direct or indirect proceeds of the sale of the Principal Property to be leased are at least equal to the fair value of such Principal Property (as determined by TEGSA's board of directors) and an amount equal to the net proceeds from the sale of the property or assets so leased is applied, within 180 days of the effective date of any such Sale and Lease-Back Transaction, to the purchase or acquisition (or, in the case of real property, commencement of the construction) of property or assets or to the retirement (other than at maturity or pursuant to a mandatory sinking fund or mandatory redemption provision) of debt securities, or of Funded Indebtedness of TEGSA or a consolidated subsidiary ranking on a parity with or senior to the debt securities; provided that there shall be credited to the amount of net worth proceeds required to be applied pursuant to this bullet point an amount equal to the sum of (i) the principal amount of debt securities delivered within 180 days of the effective date of such Sale and Lease-Back Transaction to the trustee for retirement and cancellation and (ii) the principal amount of other Funded Indebtedness voluntarily retired by TEGSA within such 180-day period, excluding retirements of debt securities and other Funded Indebtedness as a result of conversions or pursuant to mandatory sinking fund or mandatory prepayment provisions.

For purposes of this section "Negative Covenants," the following terms have the following meanings:

"**Accounts Receivable**" of any person means the accounts receivable of such person generated by the sale of inventory to third-party customers in the ordinary course of business.

"**Attributable Debt**" in connection with a Sale and Lease-Back Transaction, as of any particular time, means the aggregate of present values (discounted at a rate that, at the inception of the lease, represents the effective interest rate that the lessee would have incurred to borrow over a similar term the funds necessary to purchase the leased assets) of the obligations of TEGSA or any Restricted Subsidiary for net rental payments during the remaining term of the applicable lease, including any period for which such lease has been extended or, at the option of the lessor, may be extended. The term "net rental payments" under any lease of any period shall mean the sum of the rental and other payments required to be paid in such period by the lessee thereunder, not including any amounts

required to be paid by such lessee, whether or not designated as rental or additional rental, on account of maintenance and repairs, reconstruction, insurance, taxes, assessments, water rates or similar charges required to be paid by such lessee thereunder or any amounts required to be paid by such lessee thereunder contingent upon the amount of sales, maintenance and repairs, reconstruction, insurance, taxes, assessments, water rates or similar charges.

"Consolidated Net Worth" at any date means total assets less total liabilities, in each case appearing on the most recently prepared consolidated balance sheet of TEL and its subsidiaries as of the end of a fiscal quarter of TEL, prepared in accordance with United States generally accepted accounting principles as in effect on the date of the consolidated balance sheet.

"Consolidated Tangible Assets" at any date means total assets less all intangible assets appearing on the most recently prepared consolidated balance sheet of TEL and its subsidiaries as of the end of a fiscal quarter of TEL, prepared in accordance with United States generally accepted accounting principles as in effect on the date of the consolidated balance sheet. "Intangible assets" means the amount (if any) stated under the heading "Intangible Assets, Net" or under any other heading of intangible assets separately listed, in each case on the face of such consolidated balance sheet.

"Funded Indebtedness" means any Indebtedness maturing by its terms more than one year from the date of the determination thereof, including any Indebtedness renewable or extendible at the option of the obligor to a date later than one year from the date of the determination thereof.

Limitation on TEL's and TEGSA's Ability to Consolidate, Merge and Sell Assets

The indenture provides that neither TEGSA nor TEL will merge or consolidate with any other person and will not sell or convey all or substantially all of its assets to any person, unless:

- (1) either TEL or TEGSA, as the case may be, shall be the continuing entity, or the successor entity or the person which acquires by sale or conveyance substantially all the assets of TEL or TEGSA, as the case may be (if other than TEL or TEGSA, as the case may be) (A) shall expressly assume the due and punctual payment of the principal of, premium, if any, and interest on the notes or the obligations under the guarantee, as the case may be, according to their tenor, and the due and punctual performance and observance of all of the covenants and agreements of the indenture to be performed or observed by TEL or TEGSA, as the case may be, by supplemental indenture satisfactory to the trustee, executed and delivered to the trustee by such person, and (B) is an entity treated as a "corporation" for U.S. tax purposes or TEL or TEGSA, as the case may be, obtains either (x) an opinion, in form and substance reasonably acceptable to the trustee, of tax counsel of recognized standing reasonably acceptable to the trustee, or (y) a ruling from the U.S. Internal Revenue Service, in either case to the effect that such merger or consolidation, or such sale or conveyance, will not result in an exchange of the notes for new debt instruments for U.S. federal income tax purposes; and
- (2) no event of default and no event that, after notice or lapse of time or both, would become an event of default shall be continuing immediately after such merger or consolidation, or such sale or conveyance.

Events of Default

The following are events of default under the indenture with respect to each series of the notes:

default in the payment of any installment of interest upon any of such notes as and when the same shall become due and payable, and continuance of such default for a period of 30 days; or

default in the payment of all or any part of the principal of or premium, if any, on any of such notes as and when the same shall become due and payable either at maturity, upon redemption, by declaration or otherwise; or

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

default in the performance, or breach, of any covenant or agreement of TEL or TEGSA in respect of such notes and the guarantee (other than the failure to comply with any covenant or agreement to file with the trustee the information filed or required to be filed with the SEC or a default or breach specifically dealt with elsewhere), and continuance of such default or breach for a period of 90 days after the date on which there has been given, by registered or certified mail, to TEL and TEGSA by the trustee or to TEL, TEGSA and the trustee by the holders of at least 25% in principal amount of the outstanding debt securities of such series, a written notice specifying such default or breach and requiring it to be remedied and stating that such notice is a "Notice of Default" under the indenture; or

the guarantee shall for any reason cease to be, or shall for any reason be asserted in writing by TEL or TEGSA not to be, in full force and effect and enforceable in accordance with its terms except to the extent contemplated by the indenture and such guarantee; or

a court having jurisdiction in the premises shall enter a decree or order for relief in respect of TEGSA or TEL in an involuntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or appointing a receiver, liquidator, assignee, custodian, trustee or sequestrator (or similar official) of TEGSA or TEL or for any substantial part of its property or ordering the winding up or liquidation of its affairs, and such decree or order shall remain unstayed and in effect for a period of 90 consecutive days; or

TEGSA or TEL shall commence a voluntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or consent to the entry of an order for relief in an involuntary case under any such law, or consent to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee or sequestrator (or similar official) of TEGSA or TEL or for any substantial part of its property, or make any general assignment for the benefit of creditors; or

an event of default shall happen and be continuing with respect to TEGSA's or TEL's Indebtedness for borrowed money (other than Non-Recourse Indebtedness) under any indenture or other instrument evidencing or under which TEGSA or TEL shall have a principal amount outstanding (such amount with respect to original issue discount bonds or zero coupon notes, bonds or debentures or similar securities based on the accreted amount determined in accordance with United States generally accepted accounting principles and as of the date of the most recently prepared consolidated balance sheet of TEGSA or TEL, as the case may be) in excess of \$100,000,000, and such event of default shall involve the failure to pay the principal of such Indebtedness on the final maturity date thereof after the expiration of any applicable grace period with respect thereto, or such Indebtedness shall have been accelerated so that the same shall have become due and payable prior to the date on which the same would otherwise have become due and payable, and such acceleration shall not be rescinded or annulled within ten business days after notice thereof shall have been given to TEGSA and TEL by the trustee, or to TEGSA, TEL and the trustee by the holders of at least 25% in principal amount of the outstanding debt securities of such series; provided that, if such event of default under such indenture or instrument shall be remedied or cured by TEGSA or TEL or waived by the requisite holders of such Indebtedness, then the event of default under the indenture by reason thereof shall be deemed likewise to have been thereupon remedied, cured or waived without further action upon the part of either the trustee or any of the holders of debt securities under the indenture.

For purposes of this section "Events of Default," the following terms have the following meanings:

"**Indebtedness**" has the definition given to it in the section "Negative Covenants."

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

"**Non-Recourse Indebtedness**" means Indebtedness upon the enforcement of which recourse may be had by the holder(s) thereof only to identified assets of TEL or TEGSA or any subsidiary of TEL or TEGSA and not to TEL or TEGSA or any subsidiary of TEL or TEGSA personally (subject to, for the avoidance of doubt, customary exceptions contained in non-recourse financings to the non-recourse nature of the obligations thereunder).

Any failure to perform, or breach of, any covenant or agreement of TEL or TEGSA in respect of the notes and the guarantee with respect to the filing with the trustee of the information filed or required to be filed with the SEC shall not be a default or an Event of Default. Remedies against TEL and TEGSA for any such failure or breach will be limited to liquidated damages. If there is such a failure or breach and continuance of such failure or breach for a period of 90 days after the date on which there has been given, by registered or certified mail, to TEL and TEGSA by the trustee or to TEL, TEGSA and the trustee by the holders of at least 25% in principal amount of the outstanding debt securities of such series, a written notice specifying such failure or breach and requiring it to be remedied and stating that such notice is a "Notice of Reporting Noncompliance" under the indenture, TEGSA will pay liquidated damages to all holders of notes, at a rate per year equal to 0.25% of the principal amount of such notes from the 90th day following such notice to and including the 150th day following such notice and at a rate per year equal to 0.5% of the principal amount of such Securities from and including the 151st day following such notice, until such failure or breach is cured.

In any event of default with respect to the notes, unless the principal of all such notes has already become due and payable, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding notes of such series, by notice in writing to TEGSA and TEL, and to the trustee if notice is given by such holders, may declare the unpaid principal of all such notes to be due and payable immediately.

The holders of a majority in principal amount of the outstanding notes of a series may waive any default in the performance of any of the covenants contained in the indenture with respect to the notes of such series and its consequences, except a default regarding payment of principal, premium, if any, or interest. Any such waiver shall cure such default.

Subject to the terms of the indenture, if an event of default under the indenture shall occur and be continuing, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of the notes if the trustee determines in good faith that the proceeding could result in personal liability. The holders of a majority in principal amount of the outstanding notes of a series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee, with respect to the notes of such series, provided that:

it is not in conflict with any law or the indenture; and

it is not unduly prejudicial to the rights of the holders of the debt securities of another series issued under the indenture.

A holder of the notes will only have the right to institute a proceeding under the indenture or to appoint a receiver or trustee, or to seek other remedies if:

the holder has given written notice to the trustee of a continuing event of default with respect to the notes of such series;

the holders of at least 25% in aggregate principal amount of the outstanding notes of such series have made a written request, and such holders have offered reasonable indemnity, to the trustee to institute such proceeding as trustee; and

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

the trustee does not institute such action, suit or proceeding, and does not receive from the holders of a majority in aggregate principal amount of the outstanding notes of such series other conflicting directions within 60 days after such notice, request and offer.

The right of any holder to receive payment of principal, premium, if any, or interest or to institute a suit for such payment shall not be impaired without the consent of such holder.

Modification of the Indenture

TEGSA, TEL and the trustee may enter into a supplemental indenture or indentures without the consent of any holders of the notes with respect to certain matters, including:

to cure any ambiguity, defect or inconsistency in the indenture or any series of debt securities, including making any such changes as are required for the indenture to comply with the Trust Indenture Act, or to make such other provisions in regard to matters or questions arising under the indenture as the board of directors of TEGSA may deem necessary or desirable, and which shall not in either case adversely affect the interest of the holders of outstanding debt securities in any material respect;

to evidence the succession of another person to TEL or TEGSA, or successive successions, and the assumption by the successor person of the covenants, agreements and obligations of TEL or TEGSA, as the case may be, pursuant to provisions in the indenture concerning consolidation, merger, the sale of assets or successor entities;

to provide for uncertificated debt securities in addition to or in place of certificated debt securities;

to add covenants for the benefit of the holders of all or any outstanding series of debt securities or to surrender any of TEGSA's or TEL's rights or powers;

to add any additional events of default for the benefit of the holders of all or any outstanding series of debt securities;

to change or eliminate any provisions of the indenture if the provision that is changed or eliminated does not apply to any outstanding debt securities;

to secure the debt securities of any series;

to make any other change that does not adversely affect the rights of any holder of outstanding debt securities in any material respect;

to provide for the issuance of and establish the form and terms and conditions of any series of debt securities as provided in the indenture, to provide which, if any, of the covenants of TEGSA shall apply to such series, to provide which of the events of default shall apply to such series, to provide for the terms and conditions upon which the guarantee by TEL of such series may be released or terminated or to define the rights of the holders of such series of debt securities;

to issue additional debt securities of any series if such additional debt securities have the same terms and will be part of the same series as the applicable series of debt securities to the extent required under the indenture; and

to provide for a successor trustee with respect to the debt securities of one or more series and add or change any provision of the indenture to provide for or to facilitate the administration of the trust by more than one trustee.

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

In addition, under the indenture, the rights of holders may be changed by TEGSA, TEL and the trustee with the written consent of the holders of at least a majority in aggregate principal amount of

S-24

the outstanding debt securities of each series at the time outstanding that are affected. However, the following changes may only be made with the consent of each holder of outstanding debt securities affected:

extend a fixed maturity of or any installment of principal of any debt securities of any series or reduce the principal amount thereof or reduce the amount of principal of any original issue discount security that would be due and payable upon declaration of acceleration of the maturity thereof;

reduce the rate of or extend the time for payment of interest on any debt security of any series;

reduce the premium payable upon the redemption of any debt security;

make any debt security payable in currency other than that stated in the debt security;

impair the right to institute suit for the enforcement of any payment on or after the fixed maturity thereof or, in the case of redemption, on or after the redemption date; or

reduce the percentage of debt securities, the holders of which are required to consent to any such supplemental indenture or indentures.

An amendment of a provision included solely for the benefit of one or more series of debt securities does not affect the interests of the holders of any other series of debt securities.

It will not be necessary for the consent of the holders to approve the particular form of any proposed supplement, amendment or waiver, but it shall be sufficient if the consent approves the substance of it.

Information Concerning the Trustee

Deutsche Bank Trust Company Americas, an affiliate of one of the underwriters, serves as trustee under the indenture. Pursuant to the Trust Indenture Act, if a default occurs with respect to any series of the notes, Deutsche Bank Trust Company Americas would be required to resign as trustee within 90 days of default unless such default were cured, duly waived or otherwise eliminated.

The trustee, upon an event of default under the indenture, must use the same degree of care as a prudent person would exercise or use in the conduct of his or her own affairs. The trustee is not required to spend or risk its own money or otherwise become financially liable while performing its duties if there is reasonable ground for believing that the repayment of such funds or liability is not reasonably assured to it under the terms of the indenture or adequate indemnity against such risk is not reasonably assured it.

The trustee may resign with respect to one or more series of debt securities by giving a written notice to TEGSA and to the holders of that series of debt securities. The holders of a majority in principal amount of the outstanding debt securities of a particular series may remove the trustee by notifying TEGSA and the trustee. TEGSA may remove the trustee if:

the trustee acquires a "conflicting interest," as such term is defined in the Trust Indenture Act, and fails to comply with Trust Indenture Act;

the trustee fails to comply with the eligibility requirements provided in the indenture; or

the trustee:

(1)

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

is incapable of acting,

(2)

is adjudged to be bankrupt or insolvent,

(3)

commences a voluntary bankruptcy proceeding, or

(4)

a receiver is appointed for the trustee, its property or its affairs for the purpose of rehabilitation, conservation or liquidation.

S-25

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

If the trustee resigns or is removed or if the office of the trustee is otherwise vacant, TEGSA will appoint a successor trustee in accordance with the provisions of the indenture.

A resignation or removal of the trustee and appointment of a successor trustee shall become effective only upon the successor trustee's acceptance of the appointment as provided in the indenture.

Payment and Paying Agents

The interest on the notes on any interest payment date will be paid to the person in whose name such notes (or one or more predecessor notes) are registered at the close of business on the regular record date for such interest.

TEGSA may appoint one or more paying agents, other than the trustee, for all or any series of the debt securities. The debt securities of a particular series will be surrendered for payment at the office of the paying agents designated by TEGSA. If TEGSA does not designate such an office, the corporate trust office of the trustee will serve as the office of the paying agent for such series.

All funds paid by TEL or TEGSA to a paying agent or the trustee for the payment of the principal of, premium, if any, or interest on the notes which remains unclaimed at the end of one year after such principal, premium, if any, or interest has become due and payable will be repaid to TEL or TEGSA, as the case may be, and the holder of the notes thereafter may look only to TEL and TEGSA for payment thereof.

Governing Law

The indenture and the notes are deemed to be a contract made under the internal laws of the State of New York, and for all purposes will be construed in accordance with the laws of New York without regard to conflicts of laws principles that would require the application of any other law except to the extent that the Trust Indenture Act is applicable.

Satisfaction and Discharge

TEGSA's obligations with respect to the notes will be discharged upon TEL or TEGSA's irrevocable deposit with the trustee, in trust, of funds or governmental obligations sufficient to pay at maturity within one year or upon redemption within one year all of such notes which have not already been delivered to the trustee for cancellation, including:

principal;

premium, if any;

unpaid interest; and

all other payments due under the terms of the indenture with respect to such notes.

Notwithstanding the above, TEGSA may not be discharged from the following obligations which will survive until such notes mature:

to make any interest or principal payments that may be required;

to register the transfer or exchange of such notes;

to replace stolen, lost or mutilated notes;

to maintain a paying agent; and

to appoint a new trustee as required.

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

TEGSA also may not be discharged from the following obligations which will survive the satisfaction and discharge of such notes:

to compensate and reimburse the trustee in accordance with the terms of the indenture; and

S-26

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

to receive unclaimed payments held by the trustee for at least one year and remit such payments to the holders if required.

Defeasance of Covenants Under Certain Circumstances

Upon compliance with specified conditions, TEGSA will not be required to comply with some covenants contained in the indenture and the supplemental indenture, and any omission to comply with the obligations will not constitute a default or event of default relating to such notes, or, if applicable, TEGSA's obligations with respect to such notes will be discharged. These conditions include:

the irrevocable deposit, in trust with the trustee for the benefit of the holders of such notes, of funds, or governmental obligations, in each case, sufficient to pay all the principal of, premium, if any, and interest on such notes to maturity or redemption, as the case may be, and all other amounts payable by TEGSA under the indenture;

the delivery to such trustee of a certificate signed by authorized persons and an opinion of counsel, each stating that all conditions precedent specified in the indenture relating to covenant defeasance have been complied with;

an event of default under the indenture described in the first, second, fourth, fifth or sixth bullet points in the first paragraph under the caption "Events of Default" has not occurred and is not continuing, and an event which with notice or lapse of time or both would become such an event of default with respect to such notes has not occurred and is not continuing, on the date of such deposit;

the delivery to such trustee of an opinion of counsel or a ruling received by the Internal Revenue Service to the effect that the holders of such notes will not recognize income, gain or loss for federal income tax purposes as a result of the exercise of such covenant defeasance and will be subject to federal income tax in the same amount and in the same manner and at the same times as would have been the case absent such exercise;

the trustee will not have a conflicting interest for the purposes of the Trust Indenture Act with respect to any debt securities due to the defeasance; and

such covenant defeasance will not result in the trust arising from such deposit constituting, unless it is qualified, a regulated investment company under the Investment Company Act of 1940.

Compliance Certificates and Opinions of Counsel

The indenture requires TEL or TEGSA to furnish the following to the trustee under certain circumstances:

in the case of any redemption of debt securities prior to the expiration of any restriction on redemption contained in the debt securities or the indenture, a certificate evidencing compliance with the restriction;

as may be required by the SEC, information, documents and reports as to compliance with or defaults under the indenture;

prior to the closing of any consolidation, merger into, sale, transfer, lease or conveyance of TEL's or TEGSA's assets substantially as an entirety, a certificate and an opinion of counsel as to compliance with the indenture and the conditions set forth under the heading "Limitation on TEL's and TEGSA's Ability to Consolidate, Merge and Sell Assets";

prior to a defeasance, a certificate and an opinion of counsel, each stating that all conditions precedent specified in the indenture relating to satisfaction and discharge have been complied with; and

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

unless a certificate or opinion of counsel is not already required, in connection with any action that TEGSA may ask the trustee to take under the indenture, a certificate and/or an opinion of counsel as to compliance with conditions precedent in the indenture relating to the proposed action.

Trustee

Deutsche Bank Trust Company Americas will serve as the trustee for the notes. The address of the corporate trust office of the trustee is 60 Wall Street, 27th Floor, New York, New York 10005.

Agent for Service of Process

Our agent for service of process in the State of New York for any action relating to the indenture or the notes is CT Corporation System, which currently maintains a New York City office at 111 Eighth Ave., 13th Floor, New York, New York 10011.

Book-Entry, Delivery and Form

The notes will be issued in registered, global form in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Notes will be issued at the closing of this offering only against payment in immediately available funds.

The notes initially will be represented by one or more notes in registered, global form without interest coupons (collectively, the "Global Notes"). The Global Notes will be deposited upon issuance with the trustee as custodian for The Depository Trust Company ("DTC"), in New York, New York, and registered in the name of DTC's nominee, Cede & Co., in each case for credit to an account of a direct or indirect participant in DTC as described below. Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may be held through the Euroclear System ("Euroclear") and Clearstream Banking, S.A. ("Clearstream") (as indirect participants in DTC).

Beneficial interests in the Global Notes may not be exchanged for notes in certificated form ("Certificated Notes") except in the limited circumstances described below. See " Exchange of Global Notes for Certificated Notes."

Transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for Certificated Notes in minimum denominations of \$2,000 and in integral multiples of \$1,000 in excess thereof if:

- (1) DTC (a) notifies TEGSA that it is unwilling or unable to continue as depository for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act and, in either case, TEGSA fails to appoint a successor depository within 90 days; or
- (2) TEGSA, at its option, notifies the applicable trustee in writing that it elects to cause the issuance of the Certificated Notes.

In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. TEGSA takes no responsibility for these operations and procedures and urges investors to contact the system or their participants directly to discuss these matters.

DTC has advised TEGSA that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the "Participants") and to facilitate the clearance and settlement of transactions in those securities between the Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers, banks, trust companies, clearing corporations (including Euroclear and Clearstream) and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the "Indirect Participants"). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants. Euroclear and Clearstream will hold interests in the Global Notes on behalf of their participants through customers' securities accounts in their respective names on the books of their respective depositories, which are Euroclear Bank S.A./N.V. as operator of Euroclear, and Citibank, N.A., as operator of Clearstream.

DTC has also advised TEGSA that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of the Participants designated by the underwriters with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the Global Notes).

The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such persons will be limited to that extent. Because DTC can act only on behalf of the Participants, which in turn act on behalf of the Indirect Participants, the ability of a person having beneficial interests in a Global Note to pledge such interests to persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described above, owners of beneficial interests in the Global Notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or "Holders" thereof under the indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder of the notes under the indenture. Under the terms of the indenture, TEGSA and the trustee will treat the persons in whose names the notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither TEGSA, the trustees nor any of TEGSA's or the trustees' agents have or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interests in the Global Notes or for

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

maintaining supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or

(2)

any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised TEGSA that its current practice, upon receipt of any payment in respect of securities such as the notes, is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or TEGSA. Neither TEGSA nor the trustee will be liable for any delay by DTC or any of the Participants or the Indirect Participants in identifying the beneficial owners of the notes, and TEGSA and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between the Participants will be effected in accordance with DTC's procedures and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Cross-market transfers between the Participants in DTC, on the one hand, and Euroclear and Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear and Clearstream.

DTC has advised TEGSA that it will take any action permitted to be taken by a holder of notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the notes as to which such Participant or Participants has or have given such direction. However, if there is an event of default under the notes, DTC reserves the right to exchange the Global Notes for Certificated Notes, and to distribute such notes to the Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. None of TEGSA, the trustee or any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

LUXEMBOURG, BERMUDA AND U.S. FEDERAL INCOME TAX CONSIDERATIONS

Luxembourg

The following information is of a general nature only and is based on the laws currently in force in Luxembourg. It does not purport to be a comprehensive description of all tax implications that might be relevant to an investment decision. Holders of notes who are in doubt as to their tax position should consult a professional tax adviser.

Withholding Tax

Non-resident holders of notes

Under Luxembourg general tax laws currently in force and subject to the laws of June 21, 2005 mentioned below, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of notes, nor on accrued but unpaid interest in respect of the notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the notes held by non-resident holders of notes.

Under the laws implementing the Council Directive 2003/48/EC of June 3, 2003 on taxation of savings income in the form of interest payments and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of European Union Member States, known as the Territories, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner or a residual entity, as defined by the laws of June 21, 2005, which are resident of, or established in, a European Union Member State, other than Luxembourg, or one of the Territories will be subject to a withholding tax unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his country of residence or establishment, or, in the case of an individual beneficial owner, has provided a tax certificate issued by the fiscal authorities of his country of residence in the required format to the relevant paying agent. Where withholding tax is applied, it will be levied at a rate of 15% during the first three-year period starting July 1, 2005, at a rate of 20% for the subsequent three-year period and at a rate of 35% thereafter. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the notes coming within the scope of the laws would at present be subject to withholding tax of 15%.

Resident holders of notes

Under Luxembourg general tax laws currently in force and subject to the law of December 23, 2005 mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of notes, nor on accrued but unpaid interest in respect of notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of notes held by Luxembourg resident holders of notes.

Under this law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to, or for the immediate benefit of, an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 10%. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his or her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the notes coming within the scope of the law would be subject to withholding tax of 10%.

Taxation of corporate holders

Luxembourg corporate holders

A corporate holder of notes who is a resident of Luxembourg for tax purposes, or who has a permanent establishment or a fixed place of business in Luxembourg to which the notes are attributable, is subject to Luxembourg corporation taxes in respect of the interest paid or accrued on the notes.

Gains realized by a corporate holder of notes who is a resident of Luxembourg for tax purposes or who has a permanent establishment or a fixed place of business in Luxembourg to which the notes are attributable, on the sale or disposal of the notes, are subject to Luxembourg corporation taxes.

A Luxembourg holder of notes that is governed by the law of July 31, 1929 on pure holding companies or by the laws of March 30, 1988 and December 20, 2002 on investment funds will not be subject to any Luxembourg income tax in respect of interest received or accrued on the notes, or on gains realized on the sale or disposal of notes.

Non-resident corporate holders

Gains realized by a non-resident holder of notes who does not have a permanent establishment or fixed place of business in Luxembourg to which the notes are attributable, on the sale or disposal of notes, are not subject to Luxembourg income tax.

Wealth tax

Under present Luxembourg tax laws, a holder of notes who is a resident of Luxembourg for tax purposes, or a non-resident holder of notes who has a permanent establishment or a fixed place of business in Luxembourg to which the notes are attributable, has to take into account the notes for purposes of the Luxembourg wealth tax. There is, however, no wealth tax for individuals.

Taxation of individual holders

Resident individuals

An individual holder of notes who is a resident of Luxembourg for tax purposes, is subject to income tax in respect of interest paid on the notes, except where such interest has been subject to withholding tax under the law.

Under Luxembourg tax laws, a gain realized by an individual holder of notes who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, on the sale or disposal of the notes is not subject to Luxembourg income tax, provided this sale or disposal took place at least six months after the acquisition of the notes. An individual holder of notes, who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, has further to include the portion of the gain corresponding to accrued but unpaid income in respect of the notes in his taxable income, except where such interest has been subject to withholding tax under the law of December 23, 2005.

Gains realized by an individual holder of notes, who acts in the course of the management of a professional or business undertaking, who is a resident of Luxembourg for tax purposes or who has a permanent establishment or a fixed place of business in Luxembourg to which the notes are attributable, are subject to Luxembourg income tax at ordinary rates.

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

Non-resident individuals

Gains realized by a non-resident holder of notes who does not have a permanent establishment or fixed place of business in Luxembourg to which the notes are attributable, are not subject to Luxembourg income tax on the sale or disposal of notes, subject to the above comment in relation to withholding tax.

Inheritance and gift taxes

Under present Luxembourg tax laws, in the case where a holder of notes is a resident for tax purposes of Luxembourg at the time of his death, the notes are included in his taxable estate for inheritance tax purposes and gift tax may be due on a gift or donation of notes.

No stamp duty

The issue of notes by the Issuer will not be subject to a Luxembourg registration or stamp duty. The sale or disposal of such notes will not be subject to a Luxembourg registration or stamp duty.

Bermuda

Under current law, no income, withholding or other taxes or stamp, registration or other duties are imposed in Bermuda upon the issue, transfer or sale of the notes, or payments made in respect of the notes. As of the date hereof, there is no Bermuda income, company or profits tax, withholding tax, capital gains tax, capital transfer tax, estate duty or inheritance tax payable in respect of capital gains realized on a disposition of securities issued by us or in respect of distribution by us with respect to our securities. Furthermore, we have received from the Minister of Finance of Bermuda under the Exempted Undertakings Tax Protection Act of 1966 an undertaking that, in the event of there being enacted in Bermuda any legislation imposing any tax computed on profits or income, including any dividend or capital gains withholding tax, or computed on any capital assets, gain or appreciation or any tax in the nature of an estate or inheritance tax or duty, the imposition of such tax shall not be applicable to us or any of our operations or obligations until March 28, 2016. This undertaking applies to securities issued by us. It does not, however, prevent the application of Bermuda taxes to persons ordinarily resident in Bermuda. As an exempted company, we are liable to pay, in Bermuda, an annual registration fee based on our assessable capital, being the aggregate of our authorized share capital and share premium account at a rate not exceeding \$27,825 per year.

United States

This section summarizes the material U.S. federal income tax consequences relevant to the purchase, ownership and disposition of the notes. This summary is based on the Internal Revenue Code of 1986 (the "Code"), regulations issued under the Code, judicial authority and administrative rulings and practice, changes to any of which subsequent to the date of this prospectus supplement may affect the tax considerations described herein, possibly with retroactive effect. We have not sought any rulings from the Internal Revenue Service (the "IRS") nor an opinion of counsel with respect to the U.S. federal income tax considerations discussed below. The discussion below is not binding on the IRS or the courts. Accordingly, there can be no assurance that the IRS will not take a different position concerning the tax consequences of the purchase, ownership or disposition of the notes or that any such position would not be sustained.

This summary generally applies only to investors that purchase the notes pursuant to this offering at the offer price set forth on the front cover hereof, and hold the notes as "capital assets" (generally, for investment). This discussion does not purport to deal with all aspects of U.S. federal income taxation that may be relevant to a particular holder in light of the holder's circumstances (for example, persons subject to the alternative minimum tax provisions of the Code), or to a holder subject to

special tax rules, such as financial institutions, dealers in securities or currencies, traders in securities that elect to use a mark-to-market method of accounting, partnerships (including other entities treated as partnerships for U.S. federal income tax purposes), regulated investment companies, real estate investment trusts, insurance companies, tax-exempt entities, tax-deferred or other retirement accounts, persons that actively or constructively own 10% or more of our voting shares, persons holding notes as part of a hedging or conversion transaction or a straddle, or persons deemed to sell notes under the constructive sale provisions of the Code. Finally, this summary does not describe the effect of the U.S. federal estate and gift tax laws or the effects of any applicable foreign, state or local laws.

Persons considering the purchase of notes should consult their own tax advisors concerning the application of U.S. federal tax laws to their particular situations, as well as any consequences of the purchase, ownership and disposition of the notes arising under the laws of any other jurisdiction.

For purposes of this discussion, a "U.S. Holder" means

- (i) a citizen or individual resident of the United States (as defined for U.S. federal income tax purposes);
- (ii) a corporation or other business entity treated as a corporation created or organized in or under the laws of the United States or any State or the District of Columbia;
- (iii) an estate whose income is subject to U.S. federal income taxation regardless of its source; or
- (iv) a trust, if a court within the United States is able to exercise primary supervision over its administration and one or more U.S. persons have the authority to control all of its substantial decisions, or certain electing trusts that were in existence on August 20, 1996, and were treated as domestic trusts on August 19, 1996.

As used herein, the term "Non-U.S. Holder" means a beneficial owner of notes that is not a U.S. holder for U.S. federal income tax purposes. If a partnership (including for this purpose any entity treated as a partnership for U.S. federal income tax purposes) is a beneficial owner of a note, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. Partners of partnerships that are considering the purchase of notes should consult their own tax advisors regarding the U.S. federal income tax consequences of the purchase, ownership and disposition of notes.

U.S. Holders

Taxation of Interest

Under applicable Treasury regulations, a remote contingency will be ignored in determining whether a debt instrument is issued with original issue discount, or OID. We believe that the likelihood that we will be required to pay additional interest (as a result of a debt rating downgrade by Moody's, S&P or Fitch), additional amounts (as a result of the imposition of withholding taxes on payments under the notes) or a redemption premium (upon a Change of Control Triggering Event) is remote within the meaning of the Treasury regulations.

Based on the foregoing, we believe that the notes will not be considered to be issued with OID at the time of their original issuance and interest on the notes, if you are a U.S. Holder, will be includible in your gross income as ordinary income when received or accrued by you in accordance with your regular method of accounting for federal income tax purposes. In addition to interest on the notes, you will be required to include in income any additional amounts and any tax withheld from interest payments, notwithstanding that such withheld tax is not in fact received by you.

Edgar Filing: Tyco Electronics Ltd. - Form 424B2

If the IRS determines that the likelihood that we will be required to pay additional interest (as a result of a debt rating downgrade by Moody's, S&P or Fitch), additional amounts (as a result of the imposition of withholding taxes on payments under the notes) or a redemption premium (under a Change of Control Triggering Event) was not remote at the time of issuance, the notes may be treated as issued with OID at the time of their original issuance. Because the IRS has not defined the meaning of a remote contingency, the IRS could take a position contrary to the position described in this prospectus supplement. If the IRS were successful in this regard, you may be required to include OID in income as interest income on an economic accrual basis at a rate higher than the stated interest rate on the note, regardless of your method of tax accounting. Additionally, on a sale, exchange or redemption of a note, you would be required to treat gain as ordinary income rather than capital gain. We urge you to consult your own tax advisors regarding the potential application to the notes of the rules governing OID.

Interest on the notes (including any OID) should constitute foreign source interest income for U.S. federal income tax purposes. If any non-U.S. income taxes were to be paid or withheld in respect of payments on the notes, you may be eligible, subject to a number of complex limitations, for a foreign tax credit. With certain exceptions, interest on the notes included in your gross income will be treated separately, together with your other items of passive income, for purposes of computing the foreign tax credit allowable under the Code.

Taxation of Dispositions of Notes

If you are a U.S. Holder, upon the sale, exchange, retirement or other taxable disposition of a note, you generally will recognize gain or loss equal to the difference between the amount received on such disposition (other than amounts representing accrued and unpaid interest not previously included in income, which will be treated as interest income) and your tax basis in the note. Your tax basis in the note will be, in general, the cost of the note. Gain or loss realized on the sale, exchange, retirement or other disposition of the notes generally will be treated as U.S. source income or loss. Gain or loss realized on the sale, exchange or retirement of a note generally will be capital gain or loss, and will be long-term capital gain or loss if, at the time of such sale, exchange or retirement, the note has been held for more than one year. Net long-term capital gain recognized by a non-corporate U.S. Holder generally is subject to U.S. federal income tax at a preferential rate. The deductibility of capital losses is subject to limitations.

Information Reporting and Backup Withholding

When required, we will report to the holders of the notes and the IRS amounts paid on or with respect to the notes and the amount of any tax withheld from such payments. Certain non-corporate U.S. Holders may be subject to backup withholding (currently imposed at a rate of 28%) on payments made on or with respect to the notes and on payment of the proceeds from the disposition of a note. In general, backup withholding will apply to you only if you:

fail to furnish your Taxpayer Identification Number, or TIN, which for an individual is your Social Security Number;

furnish an incorrect TIN;

are notified by the IRS that you have failed to properly report payments of interest; or

under certain circumstances, fail to certify, under penalties of perjury, that you have furnished a correct TIN and have not been notified by the IRS that you are subject to backup withholding for failure to report interest payments.

You will be eligible for an exemption from backup withholding upon providing a properly completed IRS Form W-9 (or substitute form) to us or our paying agent. Backup withholding is not an

additional tax and may be refunded or credited against your U.S. federal income tax liability, provided you timely furnish the required information to the IRS. The information reporting requirements may apply regardless of whether withholding is required.

Non-U.S. Holders

Taxation of Interest and Disposition

In general and subject to the discussion below under " Backup Withholding and Information Reporting," if you are a Non-U.S. Holder, you will not be subject to U.S. federal income or withholding tax on stated interest of the notes or gain upon the disposition of the notes, unless:

the income or gain is "U.S. trade or business income," which means income or gain that is effectively connected with the conduct of a trade or business by you, or in certain cases if you are eligible for the benefits of an income tax treaty, attributable to a permanent establishment or a fixed base maintained by you, in the United States; or

you are an individual who is present in the United States for 183 days or more in the taxable year of disposition and certain other conditions are met.

U.S. trade or business income generally will be subject to regular U.S. income tax in the same manner as if it were realized by a U.S. Holder. If you realize U.S. trade or business income with respect to the notes, you should consult your tax advisor as to the treatment of such income or gain. In addition, U.S. trade or business income of a Non-U.S. Holder that is a non-U.S. corporation may be subject to a branch profits tax at a rate of 30%, or such lower rate provided by an applicable income tax treaty.

The U.S. Congress has in the past considered legislation that, if enacted, could cause companies such as Tyco Electronics and/or TEGSA to be treated as U.S. corporations for U.S. federal income tax purposes. In such a case, interest paid on the notes may be subject to withholding at a rate of 30%, unless you establish eligibility for a reduced rate of withholding or an exemption from withholding, generally by providing certification of your status as a Non-U.S. Holder on a Form W-8BEN or substantially similar form.

Backup Withholding and Information Reporting

If you are a Non-U.S. Holder holding the notes through the non-U.S. office of a non-U.S.-related broker or financial institution, information reporting and backup withholding generally would not be required. Information reporting, and possibly backup withholding in certain circumstances, may apply if the notes are held by you through a U.S., or U.S.-related, broker or financial institution, or the U.S. office of a non-U.S. broker or financial institution and you fail to provide appropriate information. You should consult your tax advisor regarding the application of these rules.

The U.S. federal tax discussion set forth above is included for general information only and may not be applicable depending upon a holder's particular situation. Holders should consult their own tax advisors with respect to the tax consequences to them of the purchase of notes and the beneficial ownership and disposition of the notes, including the tax consequences under state, local, non-U.S. and other tax laws and the possible effects of changes in U.S. federal or other tax laws.

BENEFIT PLAN INVESTOR CONSIDERATIONS

The following discussion was not intended or written to be used, and cannot be used, for the purpose of avoiding United States federal tax penalties. This discussion was written in connection with the promotion or marketing of the notes.

The following is a summary of certain considerations associated with the purchase of the notes by employee benefit plans that are subject to the U.S. Employee Retirement Income Security Act of 1974, as amended ("ERISA"), by plans that are subject to Section 4975 of the Code or by persons whose underlying assets are considered to include "plan assets" of such plans (each, an "ERISA Plan"). Certain benefit plans may be subject to federal, state, local, non-U.S. or other laws that are similar to such provisions of ERISA or the Code (collectively, "Similar Laws") and, accordingly, may be subject to similar risks (together with ERISA Plans, "Plans").

Prohibited Transaction Issues

Section 406 of ERISA and Section 4975 of the Code prohibit ERISA Plans from engaging in specified transactions involving plan assets with persons who are "parties in interest" (as defined in ERISA) or "disqualified persons" (as defined in Section 4975 of the Code), unless an exemption applies. A non-exempt prohibited transaction may have to be rescinded, and a fiduciary of an ERISA Plan that permits such a transaction may be subject to penalties and liabilities under ERISA.

Each underwriter may be a party in interest or disqualified person with respect to ERISA Plans from time to time, and the extension of credit is a transaction to which Section 406 of ERISA and Section 4975 of the Code applies. The acquisition of notes by an ERISA Plan with respect to which any underwriter is considered a party in interest or a disqualified person may result in a direct or indirect prohibited transaction under ERISA and/or Section 4975 of the Code, unless a statutory, class or individual prohibited transaction exemption applies.

Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code exempt the involvement of the assets of an ERISA Plan in connection with the sale or exchange of property if: (i) such person is a party in interest or disqualified person solely by reason of providing services to the ERISA Plan or by reason of certain relationships to such a service provider and is not a fiduciary (including by reason of rendering investment advice) with respect to the investment of plan assets involved in the transaction and (ii) the ERISA Plan pays no more and no less than adequate consideration (as defined in such Sections).

In addition, the U.S. Department of Labor has issued prohibited transaction class exemptions, or PTCEs, that may apply to the acquisition and holding of the notes. These class exemptions include, without limitation, PTCE 84-14 (relating to transactions determined by independent qualified professional asset managers), PTCE 90-1 (relating to transactions involving insurance company pooled separate accounts), PTCE 91-38 (relating to transactions involving bank collective investment funds), PTCE 95-60 (relating to transactions involving life insurance company general accounts) and PTCE 96-23 (relating to transactions determined by in-house asset managers). A purchaser of any notes should be aware that there can be no assurance that all of the conditions of any such exemptions will be satisfied and that the scope of the exemptive relief provided by any such exemption might not cover all acts which might be construed as prohibited transactions.

The notes should not be purchased or held by any Plan unless such purchase and holding will not constitute or result in a non-exempt prohibited transaction under ERISA and Section 4975 of the Code or a similar violation under any applicable Similar Laws.

Representation

By acceptance of a note, a purchaser will be deemed to have represented and warranted that either: (i) no portion of the assets used by such purchaser to acquire or hold the note constitutes assets of any Plan or (ii) the purchase and holding of the note by such purchaser will not constitute or result in a non-exempt prohibited transaction under ERISA or Section 4975 of the Code, or a similar violation under any applicable Similar Laws.

The preceding discussion is general in nature and is not intended to be all-inclusive. Fiduciaries or other persons considering purchasing the notes on behalf of, or with the assets of, any Plan should consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code and any Similar Laws to such investment, including the applicability of any exemption thereto. Each purchaser and holder of the notes has exclusive responsibility for ensuring that its purchase and holding of the notes does not violate the fiduciary and prohibited transaction rules of ERISA, Section 4975 of the Code and any Similar Laws. The sale of any notes to any Plan is in no respect a representation by us or any of our affiliates or representatives that such an investment meets all relevant legal requirements with respect to investments by Plans generally or any particular Plan, or that such an investment is appropriate for Plans generally or any particular Plan.

UNDERWRITING

We and the underwriters named below have entered into an underwriting agreement with respect to the notes. Goldman, Sachs & Co. and UBS Securities LLC are acting as representatives of the several underwriters. Subject to certain conditions, each underwriter has severally agreed to purchase the principal amount of notes indicated in the following table.

Underwriters	Principal Amount of Notes
Goldman, Sachs & Co.	\$ 40,000,000
UBS Securities LLC	40,000,000
Banc of America Securities LLC	40,000,000
Citigroup Global Markets Inc.	40,000,000
Deutsche Bank Securities Inc.	40,000,000
Morgan Stanley & Co. Incorporated	40,000,000
Barclays Capital Inc.	15,000,000
BNP Paribas Securities Corp.	15,000,000
J.P. Morgan Securities Inc.	15,000,000
Lehman Brothers Inc.	15,000,000
Total	\$ 300,000,000

The underwriters are committed to take and pay for all of the notes being offered, if any are taken.

Notes sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus supplement. Any notes sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price of up to 0.32% of the principal amount of notes. Any such securities dealers may resell any notes purchased from the underwriters to certain other brokers or dealers at a discount from the initial public offering price of up to 0.20% of the principal amount of notes. If all the notes are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The notes are a new issue of securities with no established trading market. We have been advised by the underwriters that the underwriters intend to make a market in the notes but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes.

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters, as well as other purchases by the underwriters for their own accounts, may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these

activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date") it has not made and will not make an offer of notes to the public in that Relevant Member State prior to the publication of a prospectus in relation to the notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except that it may, with effect from and including the Relevant Implementation Date, make an offer of notes to the public in that Relevant Member State at any time:

- (a) to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (b) to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;
- (c) to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the representatives for any such offer; or
- (d) in any other circumstances which do not require the publication by TEGSA of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of notes to the
