CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This prospectus supplement contains forward-looking statements within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. Such statements can be identified by the use of forward-looking terminology such as "believe," "expect," "may," "will," "should," "seek," "on-track," "plan," "project," "forecast," "intend" or "anticipate," or the negative thereof or comparable terminology, or by discussions of strategy or outlook. You are cautioned that our business and operations are subject to a variety of risks and uncertainties, many of which are beyond our control, and, consequently, our actual results may differ materially from those projected.

Factors that could cause our actual results to differ materially from those projected include, but are not limited to, the following:

1. our anticipated level of indebtedness, which will or could require us to devote a substantial portion of our cash flow to debt service, reducing the funds available for other purposes, or otherwise constraining our flexibility in responding to unanticipated or adverse business conditions;
2. a change in the pace of the recovery in our end markets which began late in the first quarter of 2010. Our business is cyclical and highly sensitive to North American construction and industrial activities. Although we have recently experienced an upturn in rental activity, there is no certainty this trend will continue. If the pace of the

recovery slows or construction activity declines, our revenues and, because many of our costs are fixed, our profitability, may be adversely affected;

6. inability to access the capital that our businesses or growth plans may require;
7. inability to manage credit risk adequately or to collect on contracts with a large number of customers;
8. incurrence of impairment charges;
9. the outcome or other potential consequences of regulatory matters and commercial litigation;

11. increases in our loss reserves to address business operations, other claims or claims that exceed our established levels of reserves;
12. increases in our maintenance and replacement costs as we age our fleet, and decreases in the residual value of our equipment;
13. inability to sell our new or used fleet in the amounts, or at the prices, we expect;
14. turnover in our management team and inability to attract and retain key personnel;
15. rates we can charge and time utilization we can achieve being less than anticipated;

Our Company

United Rentals is the largest equipment rental company in the world with an integrated network of 848 rental locations in the United States and Canada. We offer approximately 3,400 classes of equipment for rent to a diverse customer base that includes construction and industrial companies, manufacturers, utilities, municipalities, homeowners and government entities. On April 30, 2012, we acquired 100 percent of the outstanding common shares and voting interests of RSC Holdings Inc. (the "RSC merger"). The results of RSC Holdings Inc.'s operations have been included in the condensed consolidated financial statements since the acquisition date. For the nine months ended September 30, 2012, we generated total revenues of \$2.868 billion, including \$2.419 billion of equipment rental revenue.

As of September 30, 2012, our fleet of rental equipment included approximately 415,000 units. The total original equipment cost ("OEC") of our fleet, based on initial consideration paid, was \$7.4 billion at September 30, 2012. The fleet includes:

General construction and industrial equipment, such as backhoes, skid-steer loaders, forklifts, earthmoving equipment and material handling equipment;

Aerial work platforms, such as boom lifts and scissor lifts;

General tools and light equipment, such as pressure washers, water pumps, generators, heaters and power tools;

Trench safety equipment, such as trench shields, aluminum hydraulic shoring systems, slide rails, crossing plates, construction lasers and line testing equipment for underground work; and

Power and HVAC ("heating, ventilating and air conditioning") equipment, such as portable diesel generators, electrical distribution equipment, and temperature control equipment including heating and cooling equipment.

In addition to renting equipment, we sell new and used equipment as well as related contractor supplies, parts and service.

Our principal executive offices are located at Five Greenwich Office Park, Greenwich, Connecticut 06831, and our telephone number is (203) 622-3131.

Business Strategy

For the past several years, we have focused on optimizing the profitability of our core rental business through revenue growth and margin expansion. To achieve this, we have developed a strategy focused on customer segmentation, rate management, fleet management and disciplined cost control. Additionally, we are continuing to strengthen our competitiveness through customer service excellence. This strategy calls for a superior standard of service to customers, often provided through a single point of contact; an increasing proportion of revenues derived from larger accounts; and a targeted presence in industrial and specialty markets.

Table of Contents

We believe the RSC merger will create a leading North American equipment rental company with a more attractive business mix, greater scale and enhanced growth prospects, and that the RSC merger will provide us with financial benefits including reduced operating expenses and additional revenue opportunities.

Competitive Strengths

We believe that we benefit from the following competitive advantages:

Large and Diverse Rental Fleet. Our large and diverse fleet allows us to serve large customers that require substantial quantities and/or wide varieties of equipment. We believe our ability to serve such customers should allow us to improve our performance and enhance our market leadership position.

We manage our rental fleet, which is the largest and most comprehensive in the industry, utilizing a life-cycle approach that focuses on satisfying customer demand and optimizing utilization levels. As part of this life-cycle approach, we closely monitor repairs and maintenance expense and can anticipate, based on our extensive experience with a large and diverse fleet, the optimum time to dispose of an asset. Our fleet age, which is calculated on an OEC-weighted basis, was 46.4 months at September 30, 2012. At September 30, 2012, 91% of our combined fleet was current on its manufacturer's recommended maintenance.

Significant Purchasing Power. We purchase large amounts of equipment, contractor supplies and other items, which enables us to negotiate favorable pricing, warranty and other terms with our vendors.

National Account Program. Our national account sales force is dedicated to establishing and expanding relationships with large companies, particularly those with a national or multi-regional presence. We offer our national account customers the benefits of a consistent level of service across North America, a wide selection of equipment and a single point of contact for all their equipment needs. Establishing a single point of contact for our key accounts helps us to provide customer service management that is more consistent and satisfactory. During the nine months ended September 30, 2012, approximately 60% of our equipment rental revenues were derived from accounts that are managed by a single point of contact.

Operating Efficiencies. We benefit from the following operating efficiencies:

Equipment Sharing Among Branches. We generally group our branches into districts of five to 10 locations that are in the same geographic area. Our districts are generally grouped into regions of six to seven districts. Each branch within a region can access equipment located elsewhere in the region. This sharing increases equipment utilization because equipment that is idle at one branch can be marketed and rented through other branches. Additionally, fleet sharing allows us to be more disciplined with our capital spend.

Customer Care Center. We have a Customer Care Center ("CCC") based in Tampa, Florida and Charlotte, North Carolina that handles all 1-800-UR-RENTS telephone calls. The CCC handles many of the 1-800-UR-RENTS telephone calls without having to route them to individual branches, and allows us to provide a more uniform quality experience to customers, manage fleet sharing more effectively and free up branch employee time.

Consolidation of Common Functions. We reduce costs through the consolidation of functions that are common to our branches, such as accounts payable, payroll, benefits and risk management, information technology and credit and collection.

Table of Contents

Information Technology Systems. We have a wide variety of information technology systems, some proprietary and some licensed, that support our operations. This information technology infrastructure facilitates our ability to make rapid and informed decisions, respond quickly to changing market conditions and share rental equipment among branches. We have an in-house team of information technology specialists that supports our systems.

Strong Brand Recognition. As the largest equipment rental company in the United States, we have strong brand recognition, which helps us to attract new customers and build customer loyalty.

Geographic and Customer Diversity. We have 848 rental locations in 48 states and 10 Canadian provinces and serve customers that range from Fortune 500 companies to small businesses and homeowners. We believe that our geographic and customer diversity provides us with many advantages including:

enabling us to better serve National Account customers with multiple locations;

helping us achieve favorable resale prices by allowing us to access used equipment resale markets across North America;
and

reducing our dependence on any particular customer.

Strong and Motivated Branch Management. Each of our full-service branches has a branch manager who is supervised by a district manager. We believe that our managers are among the most knowledgeable and experienced in the industry and we empower them, within budgetary guidelines, to make day-to-day decisions concerning branch matters. Each regional office has a management team that monitors branch, district and regional performance with extensive systems and controls, including performance benchmarks and detailed monthly operating reviews.

Employee Training Programs. We are dedicated to providing training and development opportunities to our employees. In 2011, our employees enhanced their skills through over 265,000 hours of training, including safety training, equipment-related training from our suppliers and online courses covering a variety of subjects.

Risk Management and Safety Programs. Our risk management department is staffed by experienced professionals directing the procurement of insurance, managing claims made against the Company and developing loss prevention programs to address workplace safety, driver safety and customer safety. The department's primary focus is on the protection of our employees and assets, as well as protecting the Company from liability for accidental loss.

The notes will not be guaranteed by URNA's foreign or unrestricted subsidiaries. As of and for the nine months ended September 30, 2012, URNA's unrestricted subsidiaries represented 6% of Holdings' total assets and had no revenue.

As of September 30, 2012, on a pro forma basis after giving effect to the expected drawdown of approximately \$163 million under the ABL facility, issuance of the notes and the guarantees and the assumed application of the net proceeds thereof as described under "Use of Proceeds," the guarantees would have ranked (1) equally with approximately \$3.6 billion of the guarantors' other unsecured senior obligations, comprising (i) in the case of Holdings, \$168 million principal amount of 4% Convertible Senior Notes due 2015 and (ii) the guarantors' guarantee obligations in respect of (a) \$200 million principal amount of URNA's 10¹/₄% Senior Notes due 2019, (b) \$500 million principal amount of URNA's 9¹/₄% Senior Notes due 2019, (c) \$650 million principal amount of URNA's 8¹/₄% Senior Notes due 2021, (d) \$1,325 million principal amount of URNA's 7⁵/₈% Senior Notes due 2022 and (e) \$750 million principal amount of URNA's 7³/₈% Senior Notes due 2020; (2) effectively junior to approximately \$2.2 billion of the guarantors' secured obligations, comprising (i) \$140 million of outstanding borrowings of one of our guarantor subsidiaries under the ABL facility, (ii) the guarantors' guarantee obligations in respect of \$1,160 million of our outstanding borrowings under the ABL facility, (iii) \$750 million principal amount of URNA's 5³/₄% Senior Secured Notes due 2018 and (iv) \$137 million in capital leases; (3) senior in right of payment to the guarantors' guarantee obligations in respect of approximately \$810 million of senior subordinated indebtedness consisting of (i) \$750 million principal amount of 8³/₈% Senior Subordinated Notes due 2020, (ii) \$55 million of Subordinated Convertible Debentures due 2028 and (iii) \$5 million principal amount of 1⁷/₈% Convertible Senior Subordinated Notes due 2023; and (4) effectively junior to (i) \$475 million of indebtedness of our special purpose vehicle in connection with the accounts receivable securitization facility and (ii) \$6 million of capital leases of our subsidiaries that are not guarantors. Therefore, with the exception of \$168 million principal amount of unsecured senior indebtedness of Holdings and the \$55 million of Subordinated Convertible Debentures due 2028, all of the unsecured senior and secured senior obligations of the guarantors are also obligations of URNA.

Table of Contents

On a pro forma basis after giving effect to the RSC merger and related transactions, the non-guarantor subsidiaries of URNA would have accounted for less than 15% of Holdings' total revenues for the year ended December 31, 2011. The non-guarantor subsidiaries of URNA accounted for approximately \$212 million, or 17%, and \$427 million, or 15%, of our adjusted EBITDA and total revenues, respectively, for the nine months ended September 30, 2012. The non-guarantor subsidiaries of URNA accounted for approximately \$1,727 million, or 16%, and \$656 million, or 7%, of our total assets and total liabilities, respectively, at September 30, 2012.

Optional Redemption

URNA may, at its option, redeem some or all of the notes at any time on or after December 15, 2017 at the redemption prices listed under "*Description of the Notes Optional Redemption*," plus accrued and unpaid interest, if any, to the redemption date.

At any time prior to December 15, 2017, URNA may redeem some or all of the notes at a price equal to 100% of the aggregate principal amount of the notes to be redeemed, plus a "make-whole" premium and accrued and unpaid interest, if any, to the redemption date.

In addition, at any time on or prior to December 15, 2015, URNA may, at its option, on one or more occasions, redeem up to 35% of the aggregate principal amount of the notes with the net cash proceeds of certain equity offerings, at a price equal to % of the aggregate principal amount of the notes redeemed plus accrued and unpaid interest, if any, to the redemption date. See "*Description of the Notes Optional Redemption*."

Change of Control

If we experience specific kinds of change of control events, we must offer to repurchase or redeem the notes at a price of 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the purchase date. See "*Description of the Notes Change of Control*."

Certain Covenants

The indenture governing the notes will contain certain covenants applicable to URNA and its restricted subsidiaries, including limitations on: (1) liens; (2) indebtedness; (3) mergers, consolidations and acquisitions; (4) sales, transfers and other dispositions of assets; (5) loans and other investments; (6) dividends and other distributions, stock repurchases and redemptions and other restricted payments; (7) restrictions affecting subsidiaries; (8) transactions with affiliates; and (9) designations of unrestricted subsidiaries. Each of these covenants is subject to important exceptions and qualifications. See "*Description of the Notes Certain Covenants*" and "*Description of the Notes Consolidation, Merger, Sale of Assets, etc.*"

Use of Proceeds

We anticipate that we will receive approximately \$392 million in net proceeds from the sale of the notes, after underwriting discounts and commissions and payment of estimated fees and expenses. We expect to use the net proceeds from this offering and additional borrowings of approximately \$163 million under the ABL facility to redeem \$500 million principal amount of our 10⁷/₈% Senior Notes due 2016 at a redemption price that is currently estimated to be 110.966% and accrued but unpaid interest to the date of redemption, and to pay related expenses.

For information regarding our outstanding senior indebtedness, including maturity and applicable interest rates, see "*Capitalization*" and "*Description of Our Other Indebtedness*."

Summary Historical Financial Information of United Rentals

The following table sets forth our summary historical financial data for the periods, and as of the dates, indicated. The summary consolidated financial information for the years ended December 31, 2011, 2010 and 2009 and as of December 31, 2011 and 2010 has been derived from our audited consolidated financial statements and the notes to those statements and other information included in our Annual Report on Form 10-K for the year ended December 31, 2011, which is incorporated by reference herein. The summary consolidated financial information as of December 31, 2009 has been derived from our audited consolidated financial statements and the notes to those statements and other information included in our Annual Report on Form 10-K for the year ended December 31, 2010, which is not incorporated by reference herein. Our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2011 have been audited by Ernst & Young LLP, our independent registered public accounting firm, as set forth in their report thereon, which is incorporated by reference herein.

The historical data as of and for the nine months ended September 30, 2012 and 2011 has been derived from our unaudited historical consolidated financial statements and the notes to those statements, which are included in our most recent Quarterly Report on Form 10-Q and incorporated by reference herein and which have been prepared on a basis consistent with our annual consolidated financial statements. In the opinion of management, such unaudited financial data reflects all adjustments, consisting only of normal and recurring adjustments, necessary for a fair presentation of the results for the periods presented. The results of operations for the nine months ended September 30, 2012 are not necessarily indicative of the results to be expected for the full year or any future period. Our revenues, operating results and financial condition fluctuate from quarter to quarter, reflecting the seasonal rental patterns of our customers, with rental activity tending to be lower in the winter.

On April 30, 2012, we acquired 100 percent of the outstanding common shares and voting interests of RSC Holdings Inc. The audited financial statements of RSC Holdings Inc. as of December 31, 2011, and 2010, and for the years ended December 31, 2011, 2010 and 2009, and the notes thereto are incorporated herein by reference. The audited financial statements of RSC Holdings Inc. for the year ended December 31, 2011 were audited by KPMG LLP, as set forth in their report thereon, which is incorporated by reference herein. The results of RSC Holdings Inc.'s operations have been included in our condensed consolidated financial statements since the acquisition date.

Our historical financial data is not necessarily indicative of our future performance. Because the data in this table is only a summary and does not provide all of the data contained in our financial statements, the information should be read in conjunction with the sections titled "*Use of Proceeds*" and "*Capitalization*" in this prospectus supplement, "*Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations*" and the financial statements and related notes thereto in our most recent Annual Report on Form 10-K and "*Item 2 Management's Discussion and Analysis of Financial Condition and Results of Operations*" and the financial statements and related notes thereto in our most recent Quarterly Report on Form 10-Q.

business operating results over different periods of time, as well as with those of other similar companies. Management believes that EBITDA and adjusted EBITDA, when viewed with the Company's results under GAAP and the accompanying reconciliations, provide useful information about operating performance and period-over-period growth, and provide additional information that is useful for evaluating the operating performance of our core business without regard to potential distortions. Additionally, management believes that EBITDA and adjusted EBITDA permit investors to gain an understanding of the factors and trends affecting our ongoing cash earnings, from which capital investments are made and debt is serviced. However, EBITDA and adjusted EBITDA are not measures of financial performance or liquidity under GAAP and, accordingly, should not be considered as alternatives to net income (loss) or cash flow from operating activities as indicators of operating performance or liquidity.

The table below provides a reconciliation between net income (loss) and EBITDA and adjusted EBITDA:

(a) This primarily reflects severance costs and branch closure charges associated with the RSC merger and our closed restructuring program. The closed restructuring program began on January 1, 2008 and ended on December 31, 2011, during which time we reduced our employee head count from approximately 10,900 to approximately 7,500 and reduced our branch network from 697 locations to 529 locations.

(b) Represents non-cash, share-based payments associated with the granting of equity instruments.

(c) This reflects additional costs recorded in cost of rental equipment sales, cost of equipment rentals, excluding depreciation, and cost of contractor supplies sales associated with the fair value mark-up of rental equipment and inventory acquired in the RSC merger. The costs relate to equipment and inventory acquired in the RSC merger and subsequently sold.

(d) This reflects a gain recognized upon the sale of a former subsidiary that developed and marketed software.

(2) Due to our losses for the years ended December 31, 2010 and 2009, the ratio coverage was less than 1:1 for these periods. We would have had to have generated additional earnings of \$63 million and \$108 million for the years ended December 31, 2010 and 2009 respectively, to have achieved coverage ratios of 1:1.

RISK FACTORS

Investing in the notes involves risks. You should carefully consider the risks described below and the risk factors incorporated by reference herein, as well as the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus, before you invest in the notes. Certain risks related to us and our business are contained in the section titled "*Item 1A Risk Factors*" and elsewhere in our most recent Annual Report on Form 10-K, which is incorporated by reference in this prospectus supplement and the accompanying prospectus (and in any of our Annual or Quarterly Reports for a subsequent year or quarter that we file with the SEC and that are so incorporated). See "*Where You Can Find More Information*" on page S-ii of this prospectus supplement and in the accompanying prospectus for information about how to obtain a copy of these documents. The risks and uncertainties described below and incorporated by reference into this prospectus supplement and the accompanying prospectus are not the only ones facing our company. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our business operations. If any of these risks actually occurs, our business, financial condition and results of operations could be materially affected. In that case, the value of the notes could decline substantially.

Risks Relating to Our Indebtedness

Our substantial indebtedness exposes us to various risks.

At September 30, 2012, on a pro forma basis after giving effect to the expected drawdown of approximately \$163 million under the ABL facility, issuance of the notes and the guarantees and the assumed application of the net proceeds thereof as described under "*Use of Proceeds*," our total indebtedness was \$7.5 billion, including \$55 million of subordinated convertible debentures. Our substantial indebtedness has the potential to affect us adversely in a number of ways. For example, it will or could:

increase our vulnerability to adverse economic, industry or competitive developments;

make it more difficult to pay or refinance our debts as they become due during adverse economic, financial market or industry conditions;

require us to devote a substantial portion of our cash flow to debt service, reducing the funds available for other purposes, or otherwise constrain our financial flexibility;

affect our ability to obtain additional financing, particularly since substantially all of our assets will be subject to liens securing our indebtedness;

decrease our profitability and/or cash flow;

cause us to be less able to take advantage of business opportunities, such as acquisition opportunities, and to react to changes in market or industry conditions;

cause us to be disadvantaged compared to competitors with less leverage;

result in a downgrade in our credit rating, or the credit ratings of any of our indebtedness, or the indebtedness of our subsidiaries which could increase the cost of further borrowings; and

limit our ability to borrow additional monies in the future to fund working capital, capital expenditures and other general corporate purposes.

Table of Contents

We depend on cash on hand and cash flows from operations to make scheduled debt payments. If we are unable to service our indebtedness and fund our operations, we will be forced to adopt an alternative strategy that may include:

reducing or delaying capital expenditures;

limiting our growth;

seeking additional capital;

selling assets; or

restructuring or refinancing our indebtedness.

Even if we adopt an alternative strategy, the strategy may not be successful and we may continue to be unable to service our indebtedness and fund our operations.

A portion of our indebtedness bears interest at variable rates that are linked to changing market interest rates. As a result, an increase in market interest rates would increase our interest expense and our debt service obligations. See the section titled "*Item 7A Quantitative and Qualitative Disclosures About Market Risk*" in our most recent Annual Report on Form 10-K and see the section titled "*Item 3 Quantitative and Qualitative Disclosures About Market Risk*" in our most recent Quarterly Report on Form 10-Q, each of which is incorporated by reference herein, for additional information relating to interest rate risk.

We may be able to incur substantially more debt and take other actions that could diminish our ability to make payments on the notes when due, which could further exacerbate the risks associated with our level of indebtedness.

Despite our indebtedness level, we may be able to incur substantially more indebtedness. We will not be fully restricted under the terms of the indenture governing the notes or our other debt agreements from incurring additional debt, securing existing or future debt, recapitalizing our debt or taking a number of other actions that are not prohibited by the terms of the indenture governing the notes or our other debt agreements, any of which could have the effect of diminishing our ability to make payments on the notes when due and further exacerbate the risks associated with our substantial indebtedness. If new debt is added to our or any of our existing and future subsidiaries' current debt levels, the related risks that we now face could intensify.

If we are unable to satisfy the financial and other covenants in our debt agreements, our lenders could elect to terminate the agreements and require us to repay the outstanding borrowings, or we could face other substantial costs.

Under the agreement governing our ABL facility, we are required, among other things, to satisfy certain financial tests relating to (1) the fixed charge coverage ratio and (2) the ratio of senior secured debt to adjusted EBITDA (as such ratios are described in the agreement governing our ABL facility). Subject to certain limited exceptions specified in the ABL facility, these covenants will only apply in the future if availability under the ABL facility falls below the greater of 10% of the maximum revolver amount under the ABL facility and \$150 million. Since the October 2011 amendment of our ABL facility and through September 30, 2012, availability under the ABL facility has exceeded the required threshold and, as a result, these maintenance covenants have been inapplicable. Under our accounts receivable securitization facility, we are required, among other things, to maintain certain financial tests relating to (1) the default ratio, (2) the delinquency ratio, (3) the dilution ratio and (4) days sales outstanding (as such ratios and tests are described in the agreement governing our accounts receivable securitization facility). If we are unable to satisfy the covenants under the applicable agreements, the lenders under such agreements could elect to terminate the ABL facility,

Table of Contents

the accounts receivable securitization facility and/or other agreements governing our debt and require us to repay outstanding borrowings. In such event, unless we are able to refinance the indebtedness coming due and replace the ABL facility, the accounts receivable securitization facility and/or the other agreements governing our debt, we would likely not have sufficient liquidity for our business needs and would be forced to adopt an alternative strategy as described above. Even if we adopt an alternative strategy, the strategy may not be successful and we may not have sufficient liquidity to service our debt and fund our operations. Future debt agreements we enter into may contain similar provisions.

Restrictive covenants in certain of the agreements and instruments governing our indebtedness may adversely affect our financial and operational flexibility.

In addition to the risks with respect to financial covenant non-compliance, compliance with covenants may restrict our ability to conduct our operations. These covenants could adversely affect our operating results by significantly limiting our operating and financial flexibility. In addition to financial covenants, various other covenants in the ABL facility, accounts receivable securitization facility, the indenture governing the notes and the other agreements governing our debt impose significant operating and financial restrictions on us and our restricted subsidiaries. Such covenants include, among other things, limitations on: (1) liens; (2) sale-leaseback transactions; (3) indebtedness; (4) mergers, consolidations and acquisitions; (5) sales, transfers and other dispositions of assets; (6) loans and other investments; (7) dividends and other distributions, stock repurchases and redemptions and other restricted payments; (8) restrictions affecting subsidiaries; (9) transactions with affiliates; and (10) issuances of disqualified capital stock. Future debt agreements we enter into may include similar provisions.

These restrictions may also make more difficult or discourage a takeover of us, whether favored or opposed by our management. Consummation of any such transaction in certain circumstances may require the redemption or repurchase of the notes, and we cannot assure you that we or the acquiror will have sufficient financial resources to affect such a redemption or repurchase.

Our ability to comply with these covenants may be affected by events beyond our control, and any material deviations from our forecasts could require us to seek waivers or amendments of covenants or alternative sources of financing, or to reduce expenditures. We cannot assure you that such waivers, amendments or alternative financing could be obtained or, if obtained, would be on terms acceptable to us.

A breach of any of the covenants or restrictions contained in the indentures could result in an event of default. Such a default could allow our debt holders to accelerate the related debt, as well as any other debt to which a cross-acceleration or cross-default provision applies, and/or to declare all borrowings outstanding thereunder to be due and payable. If our debt is accelerated, our assets may not be sufficient to repay such debt, including the notes, in full.

Our business operations may not generate the cash needed to service and repay the notes or our other indebtedness.

Our ability to make payments on the notes and service our other indebtedness will depend on our ability to generate cash in the future, which, in turn, is subject to a variety of risks and uncertainties, many of which are beyond our control. At maturity, the entire outstanding principal amount of the notes will become due and payable by us. We may not have sufficient funds to pay the principal of, or the premium (if any) or interest on, the notes or amounts due on our other indebtedness. If we do not have sufficient funds on hand or available through existing borrowing facilities or through the distribution of cash by our subsidiaries to us, we will need to seek additional financing. Additional financing may not be available to us in the amounts necessary, on terms that are satisfactory to us, or at all. If we default in the payment of amounts due on the notes (or our other

Table of Contents

outstanding indebtedness), it would give rise to an event of default under the indenture governing the notes (or the agreements governing our other debt) and possible acceleration of amounts due under the indenture (or those other agreements), and any such default under one indenture or agreement could trigger a cross-default under each other indenture or agreement. In the event of any acceleration, there can be no assurance that we will have enough cash to repay our outstanding indebtedness, including the notes.

The amount of borrowings permitted under our ABL facility may fluctuate significantly, which may adversely affect our liquidity, results of operations and financial position.

The amount of borrowings permitted at any time under our ABL facility is limited to a periodic borrowing base valuation of the collateral thereunder. As a result, our access to credit under our ABL facility is potentially subject to significant fluctuations depending on the value of the borrowing base eligible assets as of any measurement date, as well as certain discretionary rights of the agents in respect of the calculation of such borrowing base value. The inability to borrow under our ABL facility may adversely affect our liquidity, results of operations and financial position.

We rely on available borrowings under the ABL facility and the accounts receivable securitization facility for cash to operate our business, which subjects us to market and counterparty risk, some of which is beyond our control.

In addition to cash we generate from our business, our principal existing sources of cash are borrowings available under the ABL facility and the accounts receivable securitization facility. If our access to such financing was unavailable or reduced, or if such financing were to become significantly more expensive for any reason, we may not be able to fund daily operations, which would cause material harm to our business or could affect our ability to operate our business as a going concern. In addition, if certain of our lenders experience difficulties that render them unable to fund future draws on the facilities, we may not be able to access all or a portion of these funds, which could have similar adverse consequences.

Risks Relating to the Notes

The notes will be effectively subordinated to URNA's and each guarantor's secured indebtedness and all obligations of our non-guarantor subsidiaries.

The notes will be URNA's unsecured senior obligations and will be effectively subordinated to all of URNA's and each guarantor's secured indebtedness, to the extent of the value of the collateral. Our U.S. dollar borrowings under our ABL facility and our senior secured notes are secured by substantially all of our and the guarantors' assets. Most of our U.S. receivable assets have been sold to a bankruptcy remote special purpose entity in connection with our accounts receivable securitization facility (the accounts receivable in the collateral pool being the lenders' only source of payment under that facility). The lenders under the ABL facility, the holders of the senior secured notes or the holders of other secured indebtedness will be entitled to exercise the remedies available to a secured lender under applicable law (in addition to any remedies that may be available under documents pertaining to the ABL facility, the senior secured notes or our other secured indebtedness). The exercise of such remedies may adversely affect our ability to meet our financial obligations under the notes.

The notes will be guaranteed by (1) Holdings and (2) subject to limited exceptions, our current and future domestic subsidiaries. The notes will not be guaranteed by our foreign subsidiaries. Subsidiaries that we may establish or acquire in the future that are foreign subsidiaries, or that we may designate as unrestricted subsidiaries in accordance with the indenture, will not guarantee the notes. The notes will be effectively subordinated to all indebtedness and other obligations, including trade payables, of our non-guarantor subsidiaries. The effect of this effective subordination is that, in the

Table of Contents

event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding involving us or a subsidiary, the assets of the affected entity could not be used to pay you until after all other claims against that subsidiary, including trade payables, have been fully paid.

As of September 30, 2012, on a pro forma basis after giving effect to the expected drawdown of approximately \$163 million under the ABL facility, issuance of the notes and the guarantees and the assumed application of the net proceeds thereof as described under "*Use of Proceeds*":

URNA and the guarantors of the notes had outstanding an aggregate of \$1,300 million of indebtedness secured by a first-priority lien outstanding and \$520 million of borrowing capacity (net of \$80 million of letters of credit) under the ABL facility, subject to, among other things, their maintenance of a sufficient borrowing base under such facility;

URNA and the guarantors of the notes had outstanding an aggregate principal amount of \$750 million of indebtedness secured on a second-priority lien basis under our senior secured notes;

URNA and the guarantors of the notes had outstanding an aggregate of \$137 million of indebtedness under capital leases; and

our non-guarantor subsidiaries had outstanding an aggregate of \$6 million of indebtedness under capital leases and \$475 million of indebtedness outstanding under our accounts receivable securitization facility.

For the nine months ended September 30, 2012, our non-guarantor subsidiaries accounted for approximately \$212 million, or 17%, and \$427 million, or 15%, of our adjusted EBITDA and total revenues, respectively. At September 30, 2012, our non-guarantor subsidiaries accounted for approximately \$1,727 million, or 16%, and \$656 million, or 7%, of our total assets and total liabilities, respectively.

Although the indenture limits the incurrence of indebtedness and preferred stock of certain of our subsidiaries, such limitation is subject to a number of significant qualifications. Moreover, the indenture will not impose any limitation on the incurrence by such subsidiaries of liabilities that are not considered indebtedness under the indenture. See "*Description of the Notes Certain Covenants Limitation on Indebtedness*."

Under the terms of the agreements governing our debt, we may incur additional secured indebtedness and may create subsidiaries that will not be guarantors of the notes.

A portion of our operations is currently conducted through our subsidiaries and URNA will depend in part on distributions from its subsidiaries in order to pay amounts due on the notes. Certain provisions of law or contractual restrictions could limit distributions from URNA's subsidiaries.

A portion of our operations is conducted through our subsidiaries. The effect of this structure is that URNA will depend in part on the earnings of its subsidiaries, and the payment or other distribution to it of these earnings, in order to meet its obligations under the notes and its other debt. Provisions of law, such as those requiring that dividends be paid only from surplus, could limit the ability of URNA's subsidiaries to make payments or other distributions to it. Furthermore, these subsidiaries could in certain circumstances agree to contractual restrictions on their ability to make distributions. These restrictions could also render the subsidiary guarantors financially or contractually unable to make payments under their guarantees of the notes.

Holdings' primary asset is its equity interest in URNA.

The notes will be guaranteed by Holdings. However, substantially all of Holdings' net worth is attributable to the stock of URNA owned by Holdings and all of its operations are conducted through

Table of Contents

URNA. Consequently, the Holdings guarantee will not give holders of the notes a claim to significant assets other than those to which they already have a claim as URNA's direct creditors. Furthermore, substantially all of Holdings' assets are subject to a security interest in favor of the lenders under the ABL facility, which gives these lenders a priority claim to such assets.

A guarantee by a subsidiary guarantor could be voided if the subsidiary guarantor fraudulently transferred the guarantee at the time it incurred the indebtedness, which could result in the holders of the notes being able to rely only on URNA and Holdings to satisfy claims.

A guarantee by one of our subsidiary guarantors that is found to be a fraudulent transfer may be voided under the fraudulent transfer laws described below. The application of these laws requires the making of complex factual determinations and estimates as to which there may be different opinions and views.

In general, federal and state fraudulent transfer laws provide that a guarantee by a subsidiary guarantor can be voided, or claims under a guarantee by a subsidiary guarantor may be subordinated to all other debts of that subsidiary guarantor if, among other things, at the time it incurred the indebtedness evidenced by its guarantee:

the subsidiary guarantor intended to hinder, delay or defraud any present or future creditor; or

the subsidiary guarantor received less than reasonably equivalent value or fair consideration for the incurrence of the guarantee; and

was insolvent or rendered insolvent by reason of such incurrence;

was engaged in a business or transaction for which the subsidiary guarantor's remaining assets constituted unreasonably small capital; or

intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they mature.

In addition, any payment by that subsidiary guarantor under a guarantee could be voided and required to be returned to the subsidiary guarantor or to a fund for the benefit of the creditors of the subsidiary guarantor.

The measures of insolvency for purposes of fraudulent transfer laws vary depending upon the governing law. Generally, a subsidiary guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

We cannot predict:

what standard a court would apply in order to determine whether a subsidiary guarantor was insolvent as of the date it issued the guarantee or whether, regardless of the method of valuation, a court would determine that the subsidiary guarantor was insolvent on that date; or

whether a court would determine that the payments under the guarantee constituted fraudulent transfers or conveyances on other grounds.

In the event that the guarantee of the notes by a subsidiary guarantor is voided as a fraudulent conveyance, holders of the notes would effectively be subordinated to all indebtedness and other liabilities of that subsidiary guarantor.

If we experience a change of control, URNA will be required to make an offer to repurchase or redeem the notes. However, URNA may be unable to do so due to lack of funds or covenant restrictions.

If we experience a change of control (as defined in the indenture governing the notes), URNA will be required to make an offer to repurchase all outstanding notes at the applicable percentage of their principal amount, plus accrued but unpaid interest, if any, to the date of repurchase or redemption. However, URNA may be unable to do so because:

URNA might not have enough available funds, particularly since a change of control could cause part or all of our other indebtedness to become due; and

the agreements governing the ABL facility would, and other indebtedness may, prohibit URNA from repurchasing the notes, unless we were able to obtain a waiver or refinance such indebtedness.

A failure to make an offer to repurchase the notes upon a change of control would give rise to an event of default under the indenture governing the notes and could result in an acceleration of amounts due thereunder. Any such default and acceleration under one indenture could trigger a cross-default under our and URNA's other indebtedness. In addition, any such default under one indenture would trigger a default under our ABL facility (which could result in the acceleration of all indebtedness thereunder) and a termination event under our accounts receivable securitization facility. A change of control (as defined in the agreement governing our ABL facility), in and of itself, is also an event of default under our ABL facility, which would entitle our lenders to accelerate all amounts owing thereunder. In the event of any such acceleration, there can be no assurance that we will have enough cash to repay our outstanding indebtedness, including the notes. In addition, such acceleration could cause a default under the notes.

A downgrade, suspension or withdrawal of the rating assigned by a rating agency to our debt securities could cause the liquidity or market value of the notes to decline significantly and increase our cost of borrowing.

Our credit ratings are an assessment by rating agencies of our ability to pay our debts when due. In general, rating agencies base their ratings on many quantitative and qualitative factors, including, but not limited to, capital adequacy, liquidity, asset quality, business mix and quality of earnings, and, as a result, we may not be able to maintain our current credit ratings.

Credit rating agencies continually review their ratings for the companies that they follow, including us. Borrowing under our ABL facility, as well as the future incurrence of additional secured or additional unsecured indebtedness, may cause the rating agencies to reassess the ratings assigned to our debt securities. Any such action may lead to a downgrade of any rating assigned to the notes or in the assignment of a rating for the notes that is lower than might otherwise be the case. Real or anticipated changes in our credit ratings could cause the liquidity or market value of the notes to decline significantly.

We expect the notes will be rated by Standard & Poor's Ratings Services ("S&P") and Moody's Investors Service, Inc. ("Moody's"). There can be no assurance that the ratings assigned by S&P and Moody's to the notes will remain for any given period of time or that these ratings will not be lowered or withdrawn entirely by a rating agency if, in that rating agency's judgment, future circumstances relating to the basis of the rating, such as adverse changes in our company, so warrant. Credit ratings are not a recommendation to buy, sell or hold any security, and may be revised or withdrawn at any time by the issuing organization in its sole discretion. Neither we nor any underwriter undertakes any

Table of Contents

obligation to maintain the ratings or to advise holders of the notes of any changes in ratings. Each agency's rating should be evaluated independently of any other agency's rating.

You may find it difficult to sell your notes.

You may find it difficult to sell your notes because an active trading market for the notes may not develop. The notes are a new issue of securities for which there is no established trading market.

We do not intend to apply for listing or quotation of the notes on any exchange. Therefore, we do not know the extent to which investor interest will lead to the development of a trading market or how liquid that market might be.

Although the underwriters have advised us that they currently intend to make a market in the notes, they are not obligated to do so. Accordingly, any market-making activities with respect to the notes may be discontinued at any time without notice.

If a market for the notes does develop, it is possible that you will not be able to sell your notes at a particular time or that the prices that you receive when you sell will be favorable. It is also possible that any trading market that does develop for the notes will not be liquid. Future trading prices of the notes will depend on many factors, including:

our operating performance, financial condition and prospects, or the operating performance, financial condition and prospects of companies in the equipment rental industry generally;

the interest of securities dealers in making a market for the notes;

prevailing interest rates; and

the market for similar securities.

Historically, the market for non-investment grade debt has been subject to disruptions that have caused volatility in prices. If a market for the notes develops, it is possible that the market for the notes will be subject to disruptions and price volatility. Any disruptions may have a negative effect on holders of the notes, regardless of our operating performance, financial condition and prospects.

USE OF PROCEEDS

We anticipate that we will receive approximately \$392 million in net proceeds from the sale of the notes, after underwriting discounts and commissions and payment of estimated fees and expenses. We expect to use the net proceeds from this offering and additional borrowings of approximately \$163 million under the ABL facility to redeem \$500 million principal amount of our 10⁷/₈% Senior Notes due 2016 at a redemption price that is currently estimated to be 110.966% and accrued but unpaid interest to the date of redemption, and to pay related expenses. For information regarding our outstanding senior indebtedness, including maturities and applicable interest rates, see "*Capitalization*" and "*Description of Our Other Indebtedness*."

- (4) The difference between the September 30, 2012 carrying value of the 10^{7/8}% Senior Notes due 2016 and the \$500 million principal amount of those notes relates to the \$9 million unamortized portion of the original issue discount recognized in conjunction with the issuance of those notes.
- (5) The indenture governing the 10^{7/8}% Senior Notes due 2016 requires us to pay a redemption price that is currently estimated to be 110.966% in connection with the early redemption of the 10^{7/8}% Senior Notes due 2016. The payment of the redemption premium will be recorded as interest expense and will not adversely impact EBITDA or adjusted earnings per share. The after-tax impact of this premium and the write off of debt issuance costs and the original issue discount upon the redemption of the 10^{7/8}% Senior Notes due 2016 is reflected as a reduction of adjusted stockholders' equity.
- (6) The difference between the September 30, 2012 carrying value of the 10^{1/4}% Senior Notes due 2019 and the \$200 million principal amount of those notes relates to the \$24 million unamortized portion of the fair value adjustment recognized upon consummation of the RSC merger, which is being amortized through the maturity date of those notes.

- (9) The difference between the September 30, 2012 carrying value of the 4% Convertible Senior Notes due 2015 and the \$168 million principal amount relates to the \$33 million unamortized portion of the original issue discount recognized in conjunction with the issuance of those notes.
- (10) In August 1998, a subsidiary trust of Holdings (the "Trust") issued and sold \$300 million of 6^{1/2}% Convertible Quarterly Income Preferred Securities ("QUIPS") in a private offering. The Trust used the proceeds from the offering to purchase 6^{1/2}% subordinated convertible debentures due 2028 (the "Debentures"), which resulted in Holdings receiving all of the net proceeds of the offering. The QUIPS are non-voting securities, carry a liquidation value of \$50 (fifty dollars) per security and are convertible into Holdings common stock. Total debt at September 30, 2012 excludes \$55 million of these Debentures, respectively, which are separately classified in our balance sheet as "subordinated convertible debentures." The subordinated convertible debentures reflect the obligation to Holdings' subsidiary that has issued the QUIPS.

DESCRIPTION OF OUR OTHER INDEBTEDNESS

Set forth below is certain information concerning our ABL facility and accounts receivable securitization facility, URNA's and Holdings' outstanding notes and subordinated convertible debentures. URNA's outstanding notes are governed by indentures that are similar in certain respects to the indenture that will govern the notes. However, these existing indentures also contain provisions that are different from those that will be contained in the indenture that will govern the notes including, but not limited to, those in respect of maturity, interest rates, redemption prices and periods during which URNA may exercise its options to redeem the notes issued thereunder, as well as in respect of the scope and content of many of the restrictive covenants contained therein. URNA's existing notes are guaranteed on a senior or senior subordinated basis by Holdings and, subject to limited exceptions, its current and future domestic subsidiaries.

The following summary of certain provisions of the instruments evidencing our other indebtedness does not purport to be complete and may not contain all of the information that is important to you, and is subject to, and qualified in its entirety by reference to, all of the provisions of the corresponding agreements. Copies of the applicable credit agreements and existing indentures may be obtained from our filings with the SEC that are available to the public on the SEC's website at <http://www.sec.gov> and from us. See "*Incorporation of Certain Information by Reference*" and "*Where You Can Find More Information*."

Certain Information Concerning the Credit Facilities

ABL Facility. On October 14, 2011, Holdings, URNA, United Rentals of Canada, Inc. (the "Canadian ABL Borrower"), United Rentals Financing Limited Partnership (the "ABL Specified Loan Borrower") and certain other subsidiaries of Holdings entered into an amended and restated credit agreement providing for a five-year \$1,800 million senior secured asset-based revolving credit facility, a portion of which is available for borrowing in Canadian dollars. The credit agreement also provides for an uncommitted incremental increase in the ABL facility of up to \$500 million. The ABL facility is subject to, among other things, the terms of a borrowing base derived from the value of eligible rental equipment and eligible inventory. The borrowing base is subject to certain reserves and caps customary for financings of this type. All amounts borrowed under the credit agreement must be repaid on or before October 13, 2016. U.S. Revolving Loans (as defined in the credit agreement) bear annual interest at either the LIBOR rate plus a margin of 1.75% to 2.25% or at a base rate plus a margin of 0.75% to 1.25%. Canadian Revolving Loans (as defined in the credit agreement) bear annual interest at either the Canadian Prime Rate plus a margin of 0.75% to 1.25% or at the BA Rate plus a margin of 1.75% to 2.25%. The interest rate margins are subject to adjustments based on utilization of the ABL facility. An "unused line fee" accrues on any unused portion of the commitments under the credit agreement at a rate per annum based on utilization of the ABL facility. Ongoing extensions of credit under the credit agreement are subject to customary conditions, including sufficient availability under the borrowing base. The credit agreement also contains financial covenants that, unless certain financial and other conditions are satisfied, require URNA to satisfy various financial tests and to maintain certain financial ratios. In addition, the credit agreement contains customary negative covenants applicable to Holdings, URNA and their subsidiaries, including negative covenants that restrict the ability of such entities to, among other things: (1) incur additional indebtedness or provide guarantees; (2) allow certain liens to attach to assets; (3) engage in mergers, acquisitions or dispositions; (4) enter into sale-leaseback transactions; (5) make dividend and other restricted payments; (6) make optional prepayment of certain other indebtedness; (7) engage in transactions with affiliates; (8) enter into restrictive agreements and (9) make certain investments, in each case subject to certain exceptions and qualifications. URNA may voluntarily prepay the loans under the credit agreement in whole or in part at any time without penalty, subject to certain qualifications.

Holdings and each of its existing and future domestic subsidiaries (subject to certain exceptions) (the "U.S. ABL Guarantors") provide unconditional guarantees of the obligations of URNA, certain of its domestic subsidiaries (together with URNA and the ABL Specified Loan Borrower, the "U.S. ABL Borrowers"), the ABL Specified Loan Borrower and the Canadian ABL Borrower (together with the U.S. ABL Borrowers and the ABL Specified Loan Borrower, the "ABL Borrowers") under the ABL facility. In addition, certain Canadian subsidiaries of Holdings (the "non-U.S. ABL Guarantors" and together with the U.S. ABL Guarantors, the "ABL Guarantors" and together with the ABL Borrowers, the "ABL Loan Parties") provide unconditional guarantees of the obligations of the Canadian ABL Borrower under the ABL facility.

The obligations of the U.S. ABL Borrowers under the ABL facility and the guarantees of the U.S. ABL Guarantors as described above (including the guarantee of the obligations of the Canadian ABL Borrower) are secured by first priority security interests in substantially all of the tangible and intangible assets of the U.S. ABL Borrowers and the U.S. ABL Guarantors, except as described below. In addition, the obligations of the Canadian ABL Borrower under the ABL facility and the guarantees of the non-U.S. ABL Guarantors as described above are secured by first priority security interests in substantially all of the tangible and intangible assets of the Canadian ABL Borrower and the non-U.S. ABL Guarantors, except as described below.

Among other things, the collateral securing the ABL facility does not include:

- (a) any rights or interests of the ABL Loan Parties, in any contract if, under the terms of such contract or any law (statutory or common), treaty, rule or regulation or determination of an arbitrator or of a governmental authority with respect thereto, the valid grant of a security interest or other Lien (as defined in the credit agreement) therein to Bank of America, N.A. (the "Credit Agreement Agent") is prohibited and such prohibition has not been or is not waived or the consent of the other party to such contract has not been or is not otherwise obtained or under such law (statutory or common), treaty, rule or regulation or determination of an arbitrator or of a governmental authority such prohibition cannot be waived, *provided* that the foregoing exclusion shall in no way be construed (i) to apply if any such prohibition is ineffective or unenforceable under the UCC (as defined below) (including Sections 9-406, 9-407, 9-408 or 9-409) or any other applicable law, (ii) so as to limit, impair or otherwise affects the Credit Agreement Agent's unconditional continuing security interest in and Lien upon any rights or interests of the ABL Loan Parties in or to monies due or to become due under any such contract (including any Accounts (as defined in the credit agreement)) or (iii) with respect to assets of the Canadian ABL Borrower and the non-U.S. ABL Guarantors, the prohibition against the valid grant of a security interest is a restriction on the contract or any law (statutory or common), treaty, rule or regulation or determination of an arbitrator or of a governmental authority the ABL Loan Parties shall hold its interest in trust for the Credit Agreement Agent, *provided* that, until the security interest created hereby has become enforceable, the ABL Loan Parties shall be entitled to all proceeds arising under or in connection therewith;
- (b) to the extent obligations owed by the U.S. ABL Borrowers or any U.S. ABL Guarantor are secured thereby, any of the outstanding voting equity or other voting ownership interests of a Foreign Entity (as defined below) in excess of 65% of the voting power of all classes of equity or other ownership interests of such Foreign Entity entitled to vote;
- (c) any "intent-to-use" United States of America based trademark or service mark application until such time that a statement of use has been filed with the United States Patent and Trademark Office for such application, unless the grant of a security

Table of Contents

interest therein would not render such "intent-to-use" based trademark or service mark application invalid or subject to cancellation;

- (d) any property that is subject to a lien securing purchase money or sale/leaseback indebtedness permitted under the credit agreement pursuant to documents that prohibit the applicable ABL Loan Party from granting any other liens in such property, and such prohibition has not been or is not waived or the consent of the other party to such contract has not been or is not otherwise obtained or under any law (statutory or common), treaty, rule or regulation or determination of an arbitrator or of a governmental authority such prohibition cannot be waived, and only for so long as such indebtedness remains outstanding;
- (e) except to the extent specifically provided in the applicable security document, (i) Accounts, Leases, contractual rights or any other assets (other than Inventory or Equipment) subject to any Qualified Receivables Transaction or (ii) Accounts, Leases, contractual rights or any other assets subject to any Like-Kind Exchange (with all terms in this clause (e) having the meaning given to them in the credit agreement);
- (f) the equity interests, and any certificates or instruments in respect thereof, in United Rentals of Nova Scotia (No. 1), ULC and United Rentals of Nova Scotia (No. 2), ULC or any other unlimited liability company organized under the laws of Nova Scotia;
- (g) the equity interests, and any certificates or instruments in respect thereof, in United Rentals Industrial Services, LLC and any other joint venture or non-wholly owned subsidiary, the governing agreements of which prohibit the pledge or other granting of security over equity interests in such subsidiary and such prohibition has not been or is not waived or the consent of the other party to such contract has not been or is not otherwise obtained or under any law (statutory or common), treaty, rule or regulation or determination of an arbitrator or of a governmental authority with respect thereto such prohibition cannot be waived; and
- (h) any real property owned in fee simple or leased or subleased by the any ABL Loan Party.

Under the ABL facility, a change of control (as defined in the credit agreement) constitutes an event of default, entitling the lenders under the ABL facility, among other things, to terminate the ABL facility and to require URNA to repay outstanding borrowings. The ABL facility also contains customary default provisions, including a cross-default provision with respect to any of Holdings', URNA's or certain of their subsidiaries' debt with an outstanding principal amount of \$75 million or more.

Effective as of December 29, 2011, the ABL facility was amended primarily to permit URNA to merge with and into UR Merger Sub Corporation with UR Merger Sub Corporation continuing as the surviving corporation in connection with the RSC merger without triggering a change of control. Upon consummation of the RSC merger, UR Merger Sub Corporation became the successor in interest to URNA under the ABL facility and changed its name to United Rentals (North America), Inc.

For purposes of this description, (i) "UCC" means the Uniform Commercial Code as in effect from time to time in the applicable jurisdiction and (ii) "Foreign Entity" means, with respect to the U.S. ABL Borrowers and U.S. ABL Guarantors, any corporation, partnership, limited liability company or other business entity (x) which is organized under the laws of a jurisdiction other than a state of the United States or the District of Columbia and (y) of which securities or other ownership interests representing more than 50% of the equity, more than 50% of the ordinary voting power, more than 50% of the general partnership interests or more than 50% of the limited liability company membership interest are, at the time of any determination is being made, owned directly or indirectly in the aggregate by U.S. ABL Borrowers and all such U.S. ABL Guarantors.

Table of Contents

On March 5, 2012, the size of the ABL facility was increased by \$100 million to \$1,900 million pursuant to an incremental assumption agreement among Holdings, URNA, certain of their subsidiaries, Bank of America, N.A., as agent, and Deutsche Bank AG New York Branch, as the increasing lender.

Accounts Receivable Securitization Facility. On September 24, 2012, Holdings, URNA and certain of their subsidiaries amended and restated the existing accounts receivable securitization facility originally entered into on May 31, 2005, which was amended and restated on December 22, 2008 and further amended and restated on September 28, 2011. The amended and restated facility, which expires on September 23, 2013, provides for a facility size of \$475 million and may be extended on a 364-day basis by mutual agreement of Holdings and the purchasers under the facility. Key provisions of the amended and restated facility include the following:

borrowings are permitted only to the extent that the face amount of the eligible receivables in the collateral pool exceeds the outstanding loans by a specified amount;

the receivables in the collateral pool are the lenders' only source of repayment;

upon early termination of the facility, no new amounts will be advanced under the facility and collections on the receivables securing the facility will be used to repay the outstanding borrowings; and

standard termination events including, without limitation, a change of control of Holdings or URNA, a failure to make payments, a failure to comply with standard default, delinquency, dilution and days sales outstanding covenants, or breach of certain financial ratio covenants under the ABL facility.

Certain Information Concerning URNA's Debt Securities

10⁷/₈% Senior Notes. On June 9, 2009, URNA issued \$500 million aggregate principal amount of 10⁷/₈% Senior Notes (the "10⁷/₈% Notes"), which are due June 15, 2016. The net proceeds from the sale of the 10⁷/₈% Notes were approximately \$471 million, after deducting the underwriters' discounts, commissions and offering expenses. The difference between the September 30, 2012 carrying value of the 10⁷/₈% Notes and the \$500 million principal amount of the 10⁷/₈% Notes relates to the \$9 million unamortized portion of the original issue discount recognized in conjunction with the issuance of these notes. The 10⁷/₈% Notes are unsecured and guaranteed by Holdings, and subject to limited exceptions, URNA's domestic subsidiaries. The 10⁷/₈% Notes may be redeemed prior to June 15, 2013 at a redemption price equal to 100% plus the applicable premium (as defined in the indenture) as of the date of redemption, plus accrued and unpaid interest, and on or after June 15, 2013, at specified redemption prices that range from 105.438% in the 12-month period commencing on June 15, 2013 to 100% in the 12-month period commencing on June 15, 2015 and thereafter, plus accrued and unpaid interest. The indenture governing the 10⁷/₈% Notes contains certain restrictive covenants, including, among others, limitations on (1) additional indebtedness; (2) restricted payments; (3) liens; (4) dividends and other payments; (5) preferred stock of certain subsidiaries; (6) transactions with affiliates; (7) the disposition of proceeds of asset sales; and (8) our ability to consolidate, merge or sell all or substantially all of their assets, as well as a requirement to timely file periodic reports with the SEC. These covenants include exceptions that would allow URNA to engage in these activities under certain conditions. The indenture also requires that, in the event of a change of control (as defined in the indenture), URNA must make an offer to purchase all of the then-outstanding 10⁷/₈% Notes tendered at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, thereon. The indenture also contains customary default provisions, including a cross-default provision with respect to any outstanding debt of URNA or certain of its subsidiaries in excess of \$25 million, if the 1⁷/₈% Convertible Notes described below are outstanding, or \$50 million, if no such indebtedness remains outstanding.

Table of Contents

We intend to use the net proceeds from this offering to redeem the 10⁷/₈% Notes as described under "*Use of Proceeds.*"

10¹/₄% Senior Notes. On November 17, 2009, RSC Equipment Rental, Inc. (formerly "Rental Service Corporation") and RSC Holdings III, LLC, indirect wholly owned subsidiaries of RSC (the "RSC Issuers") issued \$200 million aggregate principal amount of 10¹/₄% Senior Notes (the "10¹/₄% Notes"), which are due November 15, 2019. The net proceeds from the sale of the 10¹/₄% Notes were approximately \$192 million, after deducting the underwriters' discounts, commissions and offering expenses. Upon consummation of the RSC merger, URNA assumed the obligations of the RSC Issuers under the 10¹/₄% Notes. The difference between the September 30, 2012 carrying value of the 10¹/₄% Notes and the \$200 million principal amount of the 10¹/₄% Notes relates to \$24 million unamortized portion of the fair value adjustment recognized upon consummation of the RSC merger, which is being amortized through the above maturity date. The 10¹/₄% Notes are unsecured and, subject to limited exceptions, guaranteed by URNA's domestic subsidiaries. The 10¹/₄% Notes may be redeemed prior to November 15, 2014 at a redemption price equal to 100% plus the applicable premium (as defined in the indenture) as of the date of redemption, plus accrued and unpaid interest, and on or after November 15, 2014, at specified redemption prices that range from 105.125% in the 12-month period commencing on November 15, 2014 to 100% in the 12-month period commencing on November 15, 2017 and thereafter, plus accrued and unpaid interest. In addition, at any time and from time to time on or prior to November 15, 2012, URNA may at its option, with the proceeds of certain equity offerings, redeem the 10¹/₄% Notes in an aggregate principal amount equal to up to 35% of the original aggregate principal amount of the 10¹/₄% Notes at a redemption price of 110.250%, plus any accrued and unpaid interest. The indenture governing the 10¹/₄% Notes contains certain restrictive covenants, including, among others, limitations on (1) additional indebtedness, (2) restricted payments, (3) liens, (4) dividend and other payment restrictions affecting restricted subsidiaries, (5) transactions with affiliates, (6) the disposition of proceeds of asset sales and (7) our ability to consolidate, merge or sell all or substantially all of their assets, as well as a requirement to timely file periodic reports with the SEC. These covenants include exceptions that would allow URNA to engage in these activities under certain conditions. The indenture also requires that, in the event of a change of control (as defined in the indenture), URNA must make an offer to purchase all of the then-outstanding 10¹/₄% Notes tendered at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, thereon. The indenture also contains customary default provisions, including a cross-default provision with respect to any outstanding debt of URNA or certain of its subsidiaries in excess of \$50 million.

9¹/₄% Senior Notes. On November 17, 2009, URNA issued \$500 million aggregate principal amount of 9¹/₄% Senior Notes (the "9¹/₄% Notes"), which are due December 15, 2019. The net proceeds from the sale of the 9¹/₄% Notes were \$480 million, after deducting the underwriters' discounts, commissions and offering expenses. The difference between the September 30, 2012 carrying value of the 9¹/₄% Notes and the \$500 million principal amount of the 9¹/₄% Notes relates to the \$7 million unamortized portion of the original issue discount recognized in conjunction with the issuance of these notes. The 9¹/₄% Notes are unsecured and guaranteed by Holdings and, subject to limited exceptions, URNA's domestic subsidiaries. The 9¹/₄% Notes may be redeemed prior to December 15, 2014 at a redemption price equal to 100% plus the applicable premium (as defined in the indenture) as of the date of redemption, plus accrued and unpaid interest, and on or after December 15, 2014 at specific redemption prices that range from 104.625% in the 12-month period commencing on December 15, 2014 to 100% in the 12-month period commencing on December 15, 2017 and thereafter, plus accrued and unpaid interest. The indenture governing the 9¹/₄% Notes contains certain restrictive covenants, including, among others, limitations on (1) additional indebtedness; (2) restricted payments; (3) liens; (4) dividends and other payments; (5) preferred stock of certain subsidiaries; (6) transactions with affiliates; (7) the disposition of proceeds of asset sales; and (8) our ability to consolidate, merge or sell all or substantially all of their assets, as well as a

requirement to timely file periodic reports with the SEC. These covenants include exceptions that would allow URNA to engage in these activities under certain conditions. The indenture also requires that, in the event of a change of control (as defined in the indenture), URNA must make an offer to purchase all of the then-outstanding 9¹/₄% Notes tendered at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, thereon. The indenture also contains customary default provisions, including a cross-default provision with respect to any outstanding debt of URNA or certain of its subsidiaries in excess of \$25 million, if the 1⁷/₈% Convertible Notes or the 10⁷/₈% Notes described herein are outstanding, or \$50 million, if no such indebtedness remains outstanding.

8¹/₄% Senior Notes. On January 19, 2011, the RSC Issuers issued \$650 million aggregate principal amount of 8¹/₄% Senior Notes (the "8¹/₄% Notes"), which are due February 1, 2021. The net proceeds from the sale of the 8¹/₄% Notes were \$635 million, after deducting the underwriters' discounts, commissions and offering expenses. Upon consummation of the RSC merger, URNA assumed the obligations of the RSC Issuers under the 8¹/₄% Notes. The difference between the September 30, 2012 carrying value of the 8¹/₄% Notes and the \$650 million principal amount of the 8¹/₄% Notes relates to the \$47 million unamortized portion of the fair value adjustment recognized upon consummation of the RSC merger, which is being amortized through the above maturity date. The 8¹/₄% Notes are unsecured and, subject to limited exceptions, guaranteed by URNA's domestic subsidiaries. The 8¹/₄% Notes may be redeemed prior to February 1, 2016 at a redemption price equal to 100% plus the applicable premium (as defined in the indenture) as of the date of redemption, plus accrued and unpaid interest, and on or after February 1, 2016, at specified redemption prices that range from 104.125% in the 12-month period commencing on February 1, 2016 to 100% in the 12-month period commencing on February 1, 2019 and thereafter, plus accrued and unpaid interest. In addition, at any time and from time to time on or prior to February 1, 2014, the URNA may at its option, with the proceeds of certain equity offerings, redeem the 8¹/₄% Notes in an aggregate principal amount equal to up to 35% of the original aggregate principal amount of the 8¹/₄% Notes at a redemption price of 108.250%, plus any accrued and unpaid interest. The indenture governing the 8¹/₄% Notes contains certain restrictive covenants, including, among others, limitations on (1) additional indebtedness, (2) restricted payments, (3) liens, (4) dividend and other payment restrictions affecting restricted subsidiaries, (5) transactions with affiliates, (6) the disposition of proceeds of asset sales and (7) our ability to consolidate, merge or sell all or substantially all of their assets, as well as a requirement to timely file periodic reports with the SEC. These covenants include exceptions that would allow URNA to engage in these activities under certain conditions. The indenture also requires that, in the event of a change of control (as defined in the indenture), URNA must make an offer to purchase all of the then-outstanding 8¹/₄% Notes tendered at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, thereon. The indenture also contains customary default provisions, including a cross-default provision with respect to any outstanding debt of URNA or certain of its subsidiaries in excess of \$50 million.

The 5³/₄% Notes are secured and guaranteed by Holdings and, subject to limited exceptions, URNA's domestic subsidiaries. The 5³/₄% Notes may be redeemed prior to July 15, 2015 at a redemption price equal to 100% plus the applicable premium (as defined in the indenture) as of the date of redemption, plus accrued and unpaid interest, and on or after July 15, 2015 at specific redemption prices that range from 102.875% in the 12-month period commencing on July 15, 2015 to 100% in the 12-month period commencing on July 15, 2017 and thereafter, plus accrued and unpaid interest. The net proceeds from the sale of the 8³/₈% Notes were approximately \$732 million, after deducting the underwriters' discounts, commissions and offering expenses. The 8³/₈% Notes are unsecured and guaranteed on a senior subordinated basis by Holdings, and subject to limited exceptions, URNA's domestic subsidiaries. The indenture also contains customary default provisions, including a cross-default provision with respect to any outstanding debt of URNA or certain of its subsidiaries in excess of \$50 million.

1⁷/₈% Convertible Senior Subordinated Notes. In October and December 2003, URNA issued approximately \$144 million aggregate principal amount of 1⁷/₈% Convertible Senior Subordinated Notes (the "1⁷/₈% Convertible Notes"), which are due October 15, 2023. The net proceeds from the sale of the 1⁷/₈% Convertible Notes were approximately \$140 million, after deducting the underwriters' discounts, commissions and offering expenses. The 1⁷/₈% Convertible Notes are unsecured and are guaranteed by Holdings. Holders of the 1⁷/₈% Convertible Notes may convert them into shares of common stock of Holdings prior to their maturity, at a current conversion price of approximately \$21.83 per share (subject to further adjustment in certain circumstances), if (1) the price of Holdings common stock reaches a specific threshold, (2) the 1⁷/₈% Convertible Notes are called for redemption, (3) specified corporate transactions occur or (4) the average trading price of the 1⁷/₈% Convertible Notes falls below certain thresholds. The 1⁷/₈% Convertible Notes mature on October 15, 2023 and may be redeemed on or after October 20, 2010, at 100% of the principal amount, plus accrued and unpaid interest. Holders of the 1⁷/₈% Convertible Notes may require URNA to repurchase all or a portion of the 1⁷/₈% Convertible Notes in cash on each of October 15, 2013 and October 15, 2018 at 100% of the principal amount of the 1⁷/₈% Convertible Notes to be repurchased, plus accrued and unpaid interest, if any, thereon. The indenture also requires that, in the event of a fundamental change (as defined in the indenture), URNA must make an offer to purchase all of the then-outstanding 1⁷/₈% Convertible Notes tendered at a purchase price in cash equal to 100% of the principal amount thereof, plus accrued and unpaid interest, if any, thereon. The indenture also contains customary default provisions, including a cross-default provision with respect to any outstanding debt of Holdings, URNA or certain of its

subsidiaries in excess of \$15 million. On October 20, 2010, URNA redeemed \$93 million principal amount of the 1⁷/₈% Convertible Notes following the exercise of the mandatory repurchase option by holders of these notes. The redemption was funded using amounts drawn under the ABL facility.

Holdings 4% Convertible Senior Notes. On November 17, 2009, Holdings issued \$173 million aggregate principal amount of 4% Convertible Senior Notes (the "4% Convertible Notes"), which are due November 15, 2015. The net proceeds from the sale of the 4% Convertible Notes were approximately \$167 million, after deducting underwriters' discounts, commissions and offering expenses, but before the \$26 million cost of the convertible note hedge transactions described below. Holders of the 4% Convertible Notes may convert them into shares of Holdings common stock prior to the close of business on the business day immediately preceding May 15, 2015 (subject to earlier conversion in certain circumstances) at an initial conversion price of approximately \$11.11 per share of common stock (subject to further adjustment in certain circumstances), if (1) the price of Holdings common stock reaches a specific threshold, (2) the trading price of the 4% Convertible Notes falls below certain thresholds or (3) specified corporate transactions occur. If Holdings undergoes a fundamental change (as defined in the indenture governing the 4% Convertible Notes), holders of the 4% Convertible Notes may require Holdings to repurchase all or any portion of their 4% Convertible Notes for cash at a price equal to 100% of the principal amount of the 4% Convertible Notes to be purchased plus any accrued and unpaid interest, including any additional interest, up to but excluding the fundamental change purchase date. Holders of 4% Convertible Notes may convert them into shares of Holdings common stock on or after May 15, 2015, at any time prior to the close of business on the second scheduled trading day immediately preceding November 15, 2015 irrespective of the aforementioned conditions. The difference between the September 30, 2012 carrying value of the 4% Convertible Notes and the \$168 million principal amount relates to the \$33 million unamortized portion of the original issue discount recognized in conjunction with the issuance of the 4% Convertible Notes, which is being amortized through the above maturity date. The original issue discount represented the difference between the \$173 million of gross proceeds from the 4% Convertible Notes issuance and the fair value of the debt component of the 4% Convertible Notes at issuance. Upon conversion of the 4% Convertible Notes, Holdings pays cash for the principal amount of the note, and cash, shares of its common stock, or a combination thereof, at Holdings' discretion, for the portion of the conversion value that exceeds the principal amount of the note.

In connection with the 4% Convertible Notes offering, Holdings entered into convertible note hedge transactions with option counterparties. The convertible note hedge transactions cover, subject to anti-dilution adjustments, 15.1 million shares of Holdings common stock. The convertible note hedge transactions are intended to reduce, subject to a limit, the potential dilution with respect to Holdings common stock upon conversion of the 4% Convertible Notes. The effect of the convertible note hedge transactions is to increase the effective conversion price to approximately \$15.56 per share, equal to an approximately 75% premium over the \$8.89 closing price of Holdings common stock on November 10, 2009. The effective conversion price is subject to change in certain circumstances, such as if the 4% Convertible Notes are converted prior to May 15, 2015. However, in the event the market value of Holdings common stock exceeds the effective conversion price per share, the settlement amount received from such transactions will only partially offset the potential dilution.

Loan Covenants and Compliance

As of December 31, 2011 and September 30, 2012, we were in compliance with the covenants and other provisions of the ABL facility, our accounts receivable securitization facility and the outstanding senior and senior subordinated notes. Any failure to be in compliance with any material provision or covenant of these agreements could have a material adverse effect on our liquidity and operations.

Table of Contents

Subject to certain limited exceptions specified in the ABL facility, the financial covenants therein will only apply in the future if availability under the ABL facility falls below the greater of 10% of the maximum revolver amount under the ABL facility and \$150 million. In October 2011, we amended the ABL facility. Since the October 2011 amendment date and through September 30, 2012, availability under the ABL facility has exceeded the required threshold and, as a result, these maintenance covenants have been inapplicable.

Maturities

Maturities of our debt, including the subordinated convertible debentures, for each of the next five years and thereafter at September 30, 2012 (without giving effect to this offering) are as follows (in millions):

2012	\$	10
2013		517
2014		34
2015		192
2016		1,651
Thereafter		5,005
Total	\$	7,409

Holdings' 4% Convertible Notes mature in 2015, but are reflected as short-term debt on our balance sheet because they were convertible at September 30, 2012. The 4% Convertible Notes are reflected in the table above based on the contractual maturity date in 2015.

Certain Information Concerning Holdings' Subordinated Convertible Debentures

The subordinated convertible debentures included in our consolidated balance sheets reflect the obligation of Holdings to the Trust that has issued 6½% Convertible QUIPS. This subsidiary is not consolidated in our financial statements because we are not the primary beneficiary of the trust.

On August 5, 1998, the Trust issued and sold \$300 of QUIPS in a private offering. The Trust used the proceeds from the offering to purchase 6½% Debentures, which resulted in Holdings receiving all of the net proceeds of the offering. The QUIPS are non-voting securities, carry a liquidation value of \$50 (fifty dollars) per security and are convertible into Holdings common stock. The initial convertible rate was 1.146 shares of common stock per preferred security (equivalent to an initial conversion price of \$43.63 per share). In July 2008, following the completion of the modified "Dutch auction" tender offer, the conversion price of the QUIPS was adjusted to \$41.02 and, accordingly, each \$50 (fifty dollars) in liquidation preference is now convertible into 1.219 shares of common stock. As of September 30, 2012, the aggregate amount of Debentures outstanding was \$55 million.

Holders of the QUIPS are entitled to preferential cumulative cash distributions from the Trust at an annual rate of 6.5% of the liquidation value, accruing from the original issue date and payable quarterly in arrears beginning February 1, 1999. The distribution rate and dates correspond to the interest rate and payment dates on the Debentures. Holdings may defer quarterly interest payments on the Debentures for up to twenty consecutive quarters, but not beyond the maturity date of the Debentures. If Holdings' quarterly interest payments on the Debentures are deferred, so are the corresponding cash distribution payments on the QUIPS. During any period in which Holdings is deferring its quarterly interest payments, it will be prohibited from paying dividends on any of its capital stock or making principal, interest or other payments on debt securities that rank *pari passu* with or junior to the Debentures.

Holdings has executed a guarantee with regard to payment of the QUIPS to the extent that the Trust has insufficient funds to make the required payments.

The Debentures mature on August 1, 2028 and may be redeemed by Holdings prior thereto at par plus any accrued and unpaid interest. The indenture governing the Debentures contains standard default provisions and debtor covenants.

DESCRIPTION OF THE NOTES

We will issue the % Senior Notes due 2023 (the "Notes") under an indenture (the "Indenture"), among us, the Guarantors and Wells Fargo Bank, National Association, as trustee (the "Trustee").

The terms of the Notes will include those expressly set forth in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"). The following description is a summary of the material provisions of the Notes and the Indenture and does not purport to be complete. This summary is subject to and is qualified by reference to all of the provisions of the Notes and the Indenture, including the definitions of certain terms used in the Indenture. We urge you to read these documents because they, and not this description, define your rights as a holder of the Notes. Copies of the Indenture are available as set forth below under " *Additional Information*."

Certain terms used in this description are defined under the caption " *Certain Definitions*." Defined terms used in this description but not defined under " *Certain Definitions*" will have the meanings assigned to them in the Indenture. In this description, the words "Company," "we" and "our" refer only to United Rentals (North America), Inc. and not to any of its subsidiaries.

Brief Description of the Notes

The Notes:

will be general unsecured obligations of the Company;

will be *pari passu* in right of payment with all existing and future senior Indebtedness of the Company;

will be effectively junior to any of the Company's existing and future secured Indebtedness to the extent of the value of the collateral securing such Indebtedness;

will be senior in right of payment to any existing and future Subordinated Indebtedness of the Company; and

will be guaranteed by Holdings and the Subsidiary Guarantors.

The Company's Subsidiaries, with limited exceptions, are "Restricted Subsidiaries." As of and for the nine months ended September 30, 2012, the Unrestricted Subsidiaries represented 6% of Holdings' total assets and had no revenue. Under the circumstances described below under the captions " *Certain Covenants Limitation on Designations of Unrestricted Subsidiaries*" and " *Certain Covenants Limitation on Restricted Payments*," the Company will be permitted to designate certain of its other Subsidiaries as "Unrestricted Subsidiaries" and "Special Purpose Vehicles." The Company's Unrestricted Subsidiaries and Special Purpose Vehicles will not be subject to many of the restrictive covenants in the Indenture. The Company's Unrestricted Subsidiaries and Special Purpose Vehicles will not guarantee the Notes.

As of September 30, 2012, on a pro forma basis after giving effect to the expected drawdown of approximately \$163 million under the Credit Agreement, issuance of the Notes and the guarantees (the "Guarantees") and the assumed application of the net proceeds thereof as described under " *Use of Proceeds*," the Company and the Guarantors would have had (1) an aggregate of \$1,300 million of Indebtedness secured by a first-priority lien outstanding and \$520 million of borrowing capacity (net of \$80 million of letters of credit) under the Credit Agreement, subject to, among other things, their maintenance of a sufficient borrowing base under such facility, (2) an aggregate of \$137 million of Indebtedness under capital leases secured by assets that do not constitute collateral securing the Credit Agreement and the Senior Secured Notes, (3) an aggregate of \$750 million principal amount of Senior Secured Notes secured on a second-priority lien basis, (4) an aggregate of \$3,993 million principal

Table of Contents

amount of unsecured senior Indebtedness (including the Notes and the Guarantees) and (5) an aggregate of \$810 million principal amount of Subordinated Indebtedness. In addition, as of September 30, 2012, on a pro forma basis as described above, our Subsidiaries that are not Guarantors would have had an aggregate of \$6 million of Indebtedness under capital leases and our RS Special Purpose Vehicle would have had \$475 million of Indebtedness outstanding under the Existing Securitization Facility. See "*Capitalization*."

On a pro forma basis after giving effect to the Merger Transactions, our Subsidiaries that are not Guarantors would have accounted for less than 15% of our consolidated total revenues for the year ended December 31, 2011. The Subsidiaries that are not Guarantors accounted for approximately \$212 million, or 17%, and \$427 million, or 15%, of our adjusted EBITDA and total revenues, respectively, for the nine months ended September 30, 2012. The Subsidiaries that are not Guarantors accounted for approximately \$1,727 million, or 16%, and \$656 million, or 7%, of our total assets and total liabilities, respectively, at September 30, 2012.

Principal, Maturity and Interest

The Company will issue the Notes in this offering in an aggregate principal amount of \$400 million. The Notes will mature on June 15, 2023. Subject to its compliance with the covenant described under the caption "*Certain Covenants Limitation on Indebtedness*," the Company will be permitted to issue additional Notes under the Indenture governing the Notes (the "Additional Notes"). The Notes offered hereby and any Additional Notes will rank equally and be treated as a single class for all purposes of the Indenture governing the Notes, including waivers, amendments, redemptions and offers to purchase. Interest on the Notes will accrue at the rate of % per annum and will be payable semiannually in arrears on June 15 and December 15 of each year, to the holders of record of Notes at the close of business on June 1 and December 1, respectively, immediately preceding such interest payment date. The first interest payment with respect to the Notes will be June 15, 2013.

Interest on the Notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from the date of the Indenture. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

The Notes will be issued only in registered form without coupons, in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Principal of, premium, if any, and interest on the Notes will be payable, and the Notes will be transferable, at the designated corporate trust office or agency of the Trustee in the City of New York maintained for such purposes. In addition, interest may be paid at the option of the Company by check mailed to the person entitled thereto as shown on the security register. No service charge will be made for any transfer, exchange or redemption of Notes, except in certain circumstances for any tax or other governmental charge that may be imposed in connection therewith.

Initial settlement for the Notes will be made in same-day funds. The Notes are expected to trade in the Same-Day Funds Settlement System of The Depository Trust Company ("DTC") until maturity, and secondary market trading activity for the Notes will therefore settle in same-day funds.

Guarantees

Holdings and the Subsidiary Guarantors will fully and unconditionally guarantee, on a senior unsecured basis, jointly and severally, to each holder of the Notes and the Trustee under the Indenture, the full and prompt performance of the Company's obligations under the Indenture and such Notes, including the payment of principal of, premium, if any, and interest on the Notes. Subject to limited exceptions, the Subsidiary Guarantors are the current and future Domestic Restricted Subsidiaries of the Company.

Table of Contents

The obligations of each Subsidiary Guarantor will be limited to the maximum amount which, after giving effect to all other contingent and fixed liabilities of such Subsidiary Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Subsidiary Guarantor in respect of the obligations of such other Subsidiary Guarantor under its guarantee or pursuant to its contribution obligations under the Indenture, will result in the obligations of such Subsidiary Guarantor under the guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law. See "*Risk Factors Risk Relating to the Notes A guarantee by a subsidiary guarantor could be voided if the subsidiary guarantor fraudulently transferred the guarantee at the time it incurred the indebtedness, which could result in the holders of the notes being able to rely only on URNA and Holdings to satisfy claims.*"

Each Subsidiary Guarantor that makes a payment under its guarantee of the Notes will be entitled to a contribution from each other Guarantor of the Notes in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment determined in accordance with GAAP (for purposes hereof, Holdings' net assets shall be those of all its consolidated Subsidiaries other than the Subsidiary Guarantors); *provided, however*, that during a Default, such right of contribution shall be suspended until the payment in full of all guaranteed obligations under the Indenture.

Each guarantee of the Notes:

will be a general unsecured obligation of that Guarantor;

will be *pari passu* in right of payment with all existing and future senior Indebtedness of that Guarantor;

will be effectively junior to any of that Guarantor's existing and future secured Indebtedness to the extent of the value of the collateral securing such Indebtedness; and

will be senior in right of payment to any existing and future Subordinated Indebtedness of that Guarantor.

Although the Company is a significant operating company, some of our operations are conducted through our Subsidiaries. Not all of our current and future Subsidiaries will guarantee the Notes and, as described below, the Subsidiary Guarantees may be released under certain circumstances. Claims of creditors of Subsidiaries that are not Subsidiary Guarantors, including trade creditors and creditors holding indebtedness or guarantees issued by such Subsidiaries, and claims of preferred stockholders of such Subsidiaries, generally will have priority with respect to the assets and earnings of such subsidiaries over the claims of our creditors, including holders of the Notes. Accordingly, the Notes will be effectively subordinated to creditors (including trade creditors) and preferred stockholders, if any, of our Subsidiaries that are not Subsidiary Guarantors. As of September 30, 2012, the Subsidiaries that are not Guarantors had an aggregate of \$6 million of Indebtedness under capital leases and \$475 million of Indebtedness outstanding under the Existing Securitization Facility.

On a pro forma basis after giving effect to the Merger Transactions, the Subsidiaries that are not Guarantors would have accounted for less than 15% of Holdings' total revenues for the year ended December 31, 2011. The Subsidiaries that are not Guarantors accounted for approximately \$212 million, or 17%, and \$427 million, or 15%, of our adjusted EBITDA and total revenues, respectively, for the nine months ended September 30, 2012. The Subsidiaries that are not Guarantors accounted for approximately \$1,727 million, or 16%, and \$656 million, or 7%, of our total assets and total liabilities, respectively, at September 30, 2012.

Although the Indenture will limit the incurrence of Indebtedness and the issuance of preferred stock of certain of our Subsidiaries, such limitation is subject to a number of significant qualifications. Moreover, the Indenture will not impose any limitation on the incurrence by such Subsidiaries of

liabilities that are not considered Indebtedness under the Indenture. See " *Certain Covenants Limitation on Indebtedness.*"

The guarantee of a Subsidiary Guarantor will be released:

- (1) upon the sale or other disposition (including by way of consolidation or merger) of all of the Capital Stock of such Subsidiary Guarantor to a Person that is not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary; *provided* such sale or disposition is permitted by the Indenture;
- (2) upon the sale or disposition of all or substantially all the assets of such Subsidiary Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary; *provided* such sale or disposition is permitted by the Indenture;
- (3) upon the liquidation or dissolution of such Guarantor; *provided* that no Default or Event of Default shall occur as a result thereof or has occurred and is continuing;
- (4) upon Legal Defeasance, Covenant Defeasance or satisfaction and discharge of the Indenture; or
- (5) if the Company properly designates any Restricted Subsidiary that is a Subsidiary Guarantor under the Indenture as an Unrestricted Subsidiary.

Optional Redemption

Except as set forth below, we will not be entitled to redeem the Notes at our option prior to December 15, 2017.

The Notes will be redeemable at our option, in whole or in part, at any time on or after December 15, 2017, at the redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed during the twelve-month period beginning on December 15 of each of the years indicated below:

Year	Redemption Price
2017	%
2018	%
2019	%
2020 and thereafter	100.000%

In addition, at any time, or from time to time, on or prior to December 15, 2015, we may, at our option, use the net cash proceeds of one or more Equity Offerings to redeem up to an aggregate of 35% of the principal amount of the Notes at a redemption price equal to % of the principal amount of the Notes, plus accrued and unpaid interest, if any, thereon to the redemption date; *provided, however*, that (1) at least 65% of the aggregate principal amount of Notes issued on the Issue Date (excluding Notes held by the Company and its Subsidiaries) remains outstanding immediately after the occurrence of such redemption and (2) the redemption occurs within 120 days of the consummation of any such Equity Offering.

Prior to December 15, 2017, we will be entitled at our option to redeem the Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the Notes plus the Applicable Premium as of, and accrued and unpaid interest, if any, to, the redemption date (subject to the right of holders on the relevant record date to receive interest due on the relevant interest payment date).

Table of Contents

Mandatory Redemption

The Company is not required to make mandatory redemption or sinking fund payments with respect to the Notes.

Selection and Notice of Redemption

In the event that less than all of the Notes are to be redeemed at any time, selection of such Notes for redemption will be made on a pro rata basis (subject to the rules of DTC) unless otherwise required by law or applicable stock exchange requirements; *provided, however*, that such Notes shall only be redeemable in principal amounts of \$2,000 or an integral multiple of \$1,000 in excess thereof. Notice of redemption shall be mailed by first-class mail to each holder of Notes to be redeemed at its registered address, at least 30 but not more than 60 days before the redemption date, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance or a satisfaction and discharge of the Notes.

Notices of redemption may be subject to the satisfaction of one or more conditions precedent established by us in our sole discretion. In addition, we may provide in any notice of redemption for the Notes that payment of the redemption price and the performance of our obligations with respect to such redemption may be performed by another Person.

If any Note is to be redeemed in part only, the notice of redemption that relates to such Note shall state the portion of the principal amount thereof to be redeemed. A new Note in a principal amount equal to the unredeemed portion thereof will be issued in the name of the holder thereof upon surrender for cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest will cease to accrue on Notes or portions thereof called for redemption, unless we default in the payment of the redemption price.

Change of Control

Upon the occurrence of a Change of Control after the Issue Date, we shall be obligated to make an offer to purchase all of the then outstanding Notes (a "Change of Control Offer"), on a business day (the "Change of Control Purchase Date") not more than 60 nor less than 30 days following the mailing to each holder of Notes of a notice of the Change of Control (a "Change of Control Notice"). The Change of Control Offer shall be at a purchase price in cash (the "Change of Control Purchase Price") equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, thereon to the Change of Control Purchase Date, subject to the rights of holders of Notes on the relevant record date to receive interest due on the relevant interest payment date. We shall be required to purchase all Notes tendered pursuant to the Change of Control Offer and not withdrawn. The Change of Control Offer is required to remain open for at least 20 business days.

In order to effect such Change of Control Offer, we shall, not later than the 30th day after the Change of Control, mail the Change of Control Notice to each holder of the Notes, which notice shall govern the terms of the Change of Control Offer and shall state, among other things, (i) that a Change of Control has occurred and that such holder has the right to require the Company to purchase such holder's Notes at the Change of Control Purchase Price, (ii) the date which shall be the Change of Control Purchase Date and (iii) the procedures that holders of Notes must follow to accept the Change of Control Offer. The Company will comply with Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable to a Change of Control Offer and the repurchase of Notes pursuant thereto. The provisions described above that require the Company to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the Indenture are applicable.

Table of Contents

Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditioned upon the consummation of such Change of Control, if a definitive agreement is in place for the Change of Control at the time the Change of Control Offer is made.

The Company will not be required to make a Change of Control Offer upon a Change of Control if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer or (2) notice of redemption for all outstanding Notes has been given pursuant to the Indenture as described above under the caption " *Optional Redemption*," unless and until there is a default in payment of the applicable redemption price.

The use of the term "all or substantially all" in provisions of the Indenture such as clause (b) of the definition of "Change of Control" and under " *Consolidation, Merger, Sale of Assets, etc.*" has no clearly established meaning under New York law (which governs the Indenture) and has been the subject of limited judicial interpretation in only a few jurisdictions. Accordingly, there may be a degree of uncertainty in ascertaining whether any particular transaction would involve a disposition of "all or substantially all" of the assets of a person, which uncertainty should be considered by prospective purchasers of Notes.

The provisions under the Indenture set forth above relating to the Company's obligations to make a Change of Control Offer may, prior to the occurrence of a Change of Control, be waived or modified with the consent of the holders of a majority in principal amount of the then outstanding Notes issued under the Indenture. Following the occurrence of a Change of Control, any change, amendment or modification in any material respect of the obligation of the Company to make and consummate a Change of Control Offer may only be effected with the consent of each holder of Notes affected thereby. See " *Amendments and Waivers*."

Certain Covenants

The Indenture will contain the following covenants, among others:

Limitation on Indebtedness. (1) The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create, incur, issue, assume, guarantee or in any manner become directly or indirectly liable, contingently or otherwise (in each case, to "incur"), for the payment of any Indebtedness (including any Acquired Indebtedness); *provided, however*, that the Company and any Restricted Subsidiary will be permitted to incur Indebtedness (including Acquired Indebtedness) if the Consolidated Fixed Charge Coverage Ratio of the Company and its Restricted Subsidiaries is at least 2.00:1.00.

(2) Paragraph (1) of this covenant will not prohibit the incurrence of any of the following items of Indebtedness:

- (a) Indebtedness incurred by the Company and Restricted Subsidiaries pursuant to Credit Facilities; *provided, however*, that, immediately after giving effect to any such incurrence, the aggregate principal amount of all Indebtedness incurred under this clause (a) and then outstanding does not exceed the greater of (i) \$3.9 billion and (ii) 85.0% of Consolidated Net Tangible Assets, *less*, in either case, any amounts permanently repaid or commitments permanently reduced in accordance with the covenant described under " *Disposition of Proceeds of Asset Sales*";
- (b) Indebtedness of the Company and the Guarantors related to the Notes issued on the Issue Date and the guarantees of such Notes;

- (c) the incurrence by the Company or any Restricted Subsidiary of the Existing Indebtedness;
- (d) Indebtedness of the Company or any Restricted Subsidiary under equipment purchase or lines of credit, or for Capitalized Lease Obligations or Purchase Money Obligations; *provided*, that, immediately after giving effect to any such incurrence, the aggregate principal amount of Indebtedness incurred under this clause (d) and then outstanding does not exceed the greater of \$400.0 million and 7.5% of Consolidated Net Tangible Assets;
- (e) Indebtedness of the Company or any Restricted Subsidiary incurred in respect of (i) performance bonds, completion guarantees, surety bonds, bankers' acceptances, letters of credit or other similar bonds, instruments or obligations in the ordinary course of business, including Indebtedness evidenced by letters of credit issued in the ordinary course of business to support the insurance or self-insurance obligations of the Company or any of its Restricted Subsidiaries (including to secure workers' compensation and other similar insurance coverages), but excluding letters of credit issued in respect of or to secure money borrowed, (ii) obligations under Hedging Obligations entered into for bona fide hedging purposes of the Company and not for speculative purposes, (iii) financing of insurance premiums in the ordinary course of business or (iv) cash management obligations and netting, overdraft protection and other similar facilities or arrangements, in each case arising under standard business terms of any bank at which the Company or any Restricted Subsidiary maintains such facility or arrangement;
- (f) Indebtedness consisting of accommodation guarantees for the benefit of trade creditors of the Company or any Restricted Subsidiary;
- (g) Indebtedness of the Company or a Restricted Subsidiary owed to and held by the Company or another Restricted Subsidiary; *provided, however*, that:
 - (i) if the Company or any Guarantor is the obligor on such Indebtedness and the payee is not the Company or a Guarantor, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all obligations then due with respect to the Notes, in the case of the Company, or the guarantee of the Notes, in the case of a Guarantor; and
 - (ii) any transfer of such Indebtedness by the Company or a Restricted Subsidiary (other than to the Company or another Restricted Subsidiary) or the sale, transfer or other disposition by the Company or any Restricted Subsidiary of the Company of Capital Stock of a Restricted Subsidiary (other than to the Company or a Restricted Subsidiary) that results in such Indebtedness being held by a Person other than the Company or a Restricted Subsidiary shall, in each case, be deemed to constitute an incurrence of such Indebtedness by the Company or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (g);
- (h) Indebtedness arising from (i) the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business; *provided, however*, that such Indebtedness is extinguished within five business days of incurrence and (ii) customer deposits and advance payments received in the ordinary course of business from customers for goods or services purchased or rented in the ordinary course of business;

Table of Contents

- (i) Indebtedness of:
 - (x) the Company, to the extent the proceeds thereof are used to renew, refund, refinance, amend, extend, defease or discharge any Indebtedness of the Company or any of its Restricted Subsidiaries (other than intercompany Indebtedness) that was permitted to be incurred by the Indenture pursuant to paragraph (1) of this covenant or pursuant to clauses (b), (c) or (i) of this paragraph (2); and
 - (y) any Restricted Subsidiary, to the extent the proceeds thereof are used to renew, refund, refinance, amend, extend, defease or discharge any Indebtedness of such Restricted Subsidiary (other than intercompany Indebtedness) that was permitted to be incurred by the Indenture pursuant to paragraph (1) of this covenant or pursuant to clauses (b), (c) or (i) of this paragraph (2); *provided, however*, that:
 - (A) the principal amount of Indebtedness incurred pursuant to this clause (i) (or, if such Indebtedness provides for an amount less than the principal amount thereof to be due and payable upon a declaration of acceleration of the maturity thereof, the original issue price of such Indebtedness) shall not exceed the sum of the principal amount of Indebtedness so refinanced, plus the amount of any accrued and unpaid interest and any premium required to be paid in connection with such refinancing pursuant to the terms of such Indebtedness or the amount of any premium reasonably determined by the Company as necessary to accomplish such refinancing by means of a tender offer or privately negotiated purchase, plus the amount of expenses in connection therewith; and
 - (B) in the case of Indebtedness incurred by the Company pursuant to this clause (i) to refinance Subordinated Indebtedness, such Indebtedness;
 - (I) has no scheduled principal payment prior to the 91st day after the Maturity Date; and
 - (II) has an Average Life to Stated Maturity greater than the remaining Average Life to Stated Maturity of the Notes issued under the Indenture;
- (j) Indebtedness of Foreign Subsidiaries incurred to finance the working capital of such Foreign Subsidiaries;
- (k) Indebtedness arising from agreements of the Company or any Restricted Subsidiary providing for guarantees, indemnification, obligations in respect of earnouts or other purchase price adjustments or holdback of purchase price or similar obligations, in each case, incurred or assumed in connection with the acquisition or disposition of any business, assets or Subsidiary, other than guarantees of Indebtedness incurred by any person acquiring all or any portion of such business, assets or Subsidiary for the purpose of financing such acquisition;
- (l) Indebtedness arising from the making of Standard Securitization Undertakings by the Company or any Restricted Subsidiary;

pari passu with the Notes, then the guarantee shall be subordinated or *pari passu*, as applicable, to the same extent as the Indebtedness guaranteed;

- (n) guarantees or other Indebtedness in respect of Indebtedness of (i) an Unrestricted Subsidiary, (ii) a Person in which the Company or a Restricted Subsidiary has a minority interest or (iii) joint ventures or similar arrangements, *provided, however*, that at the time of incurrence of any Indebtedness pursuant to this clause (n) the aggregate principal amount of all guarantees and other Indebtedness incurred under this clause (n) and then outstanding does not exceed the greater of \$250.0 million and 5% of Consolidated Net Tangible Assets; and
- (o) Indebtedness of the Company or any Restricted Subsidiary, in addition to that described in clauses (a) through (n) of this paragraph (2); *provided*, that immediately after giving effect to any such incurrence, the aggregate principal amount of Indebtedness incurred pursuant to this clause (o) and then outstanding does not exceed the greater of \$500.0 million and 10% of Consolidated Net Tangible Assets.

The Company will not incur, and will not permit any Subsidiary Guarantor to incur, any Indebtedness that is contractually subordinated in right of payment to any other Indebtedness of the Company or such Subsidiary Guarantor unless such Indebtedness is also contractually subordinated in right of payment to the Notes and the guarantee thereof on substantially identical terms; *provided, however*, that no Indebtedness will be deemed to be contractually subordinated in right of payment to any other Indebtedness of the Company or any Subsidiary Guarantor solely by virtue of being unsecured or by virtue of being secured on a senior, *pari passu* or junior Lien basis (including by virtue of any intercreditor arrangements as to any such Liens, including but not limited as to exercise of remedies or order of application of proceeds of collateral).

For the purposes of determining compliance with, and the outstanding principal amount of Indebtedness incurred pursuant to and in compliance with, this covenant, (i) in the event that Indebtedness meets the criteria of more than one of the types of Indebtedness described in paragraphs (1) and (2) of this covenant, the Company, in its sole discretion, will classify, and may from time to time reclassify, such item of Indebtedness and only be required to include the amount and type of such Indebtedness in one of the clauses of paragraph (1) or (2) of this covenant, *provided* that (i) Indebtedness outstanding on the Issue Date under the Credit Agreement shall be treated as incurred pursuant to clause (a) of paragraph (2) above, and (ii) any other obligation of the obligor on such Indebtedness (or of any other Person who could have incurred such Indebtedness under this covenant) arising under any guarantee, Lien or letter of credit, bankers' acceptance or other similar instrument or obligation supporting such Indebtedness shall be disregarded to the extent that such guarantee, Lien or letter of credit, bankers' acceptance or other similar instrument or obligation secures the principal amount of such Indebtedness.

Except as provided in the following paragraph with respect to Indebtedness denominated in a foreign currency, the amount of any Indebtedness outstanding as of any date will be:

- (1) the accreted value of the Indebtedness, in the case of any Indebtedness issued with original issue discount;
- (2) the principal amount of the Indebtedness, in the case of any other Indebtedness; and
- (3) in respect of Indebtedness of another Person secured by a Lien on the assets of the specified Person, the lesser of:
 - (a) the Fair Market Value of such assets at the date of determination; and
 - (b) the amount of the Indebtedness of the other Person.

Table of Contents

For purposes of determining compliance with any dollar-denominated restriction on the incurrence of Indebtedness denominated in a foreign currency, the dollar-equivalent principal amount of such Indebtedness incurred pursuant thereto shall be calculated based on the relevant currency exchange rate in effect on the date that such Indebtedness was incurred, in the case of term Indebtedness, or first committed, in the case of revolving credit Indebtedness; *provided* that (x) the dollar-equivalent principal amount of any such Indebtedness outstanding on the Issue Date shall be calculated based on the relevant currency exchange rate in effect on the Issue Date, (y) if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency (or in a different currency from such Indebtedness so being incurred), and such refinancing would cause the applicable dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness, calculated as described in the following sentence, does not exceed (i) the outstanding or committed principal amount (whichever is higher) of such Indebtedness being refinanced plus (ii) the aggregate amount of fees, underwriting discounts, premiums and other costs and expenses incurred in connection with such refinancing and (z) the dollar-equivalent principal amount of Indebtedness denominated in a foreign currency and incurred pursuant to a Credit Facility shall be calculated based on the relevant currency exchange rate in effect on, at the Company's option, (i) the Issue Date, (ii) any date on which any of the respective commitments under such Credit Facility shall be reallocated between or among facilities or subfacilities thereunder, or on which such rate is otherwise calculated for any purpose thereunder or (iii) the date of such incurrence. The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

Limitation on Restricted Payments. The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly:

- (a) declare or pay any dividend or make any other distribution or payment on or in respect of Capital Stock of the Company or any Restricted Subsidiary or make any payment to the direct or indirect holders (in their capacities as such) of Capital Stock of the Company or any Restricted Subsidiary (other than dividends or distributions payable solely in Capital Stock of the Company (other than Redeemable Capital Stock) or in options, warrants or other rights to purchase Capital Stock of the Company (other than Redeemable Capital Stock)) (other than the declaration or payment of dividends or other distributions to the extent declared or paid to the Company or any Restricted Subsidiary);
- (b) purchase, redeem, defease or otherwise acquire or retire for value any Capital Stock of the Company or any options, warrants, or other rights to purchase any such Capital Stock of the Company or any direct or indirect parent of the Company (other than any such securities owned by the Company or a Restricted Subsidiary and any acquisition of Capital Stock deemed to occur upon the exercise of options if such Capital Stock represents a portion of the exercise price thereof);

- (c) make any principal payment on, or purchase, defease, repurchase, redeem or otherwise acquire or retire for value, prior to any scheduled maturity, scheduled repayment, scheduled sinking fund payment or other Stated Maturity, any Subordinated Indebtedness (other than (A) any such Subordinated Indebtedness owned by the Company or a Restricted Subsidiary or (B) the purchase, repurchase, redemption, defeasance or other acquisition or retirement for value (collectively, for purposes of this clause (c), a "purchase") of Subordinated Indebtedness in anticipation of satisfying a sinking fund obligation, principal installment, final maturity or exercise of a right to put on a set scheduled date (but not including any put right in connection with a change of control event), in each case due within one year of the date of such purchase; *provided* that, in the case of any such purchase in anticipation of the exercise of a put right, at the time of such purchase, it is more likely than not, in the good faith judgment of the Board of Directors of the Company, that such put right would be exercised if such put right were exercisable on the date of such purchase); or
- (d) make any Investment (other than any Permitted Investment) in any Person,

(such payments or Investments described in the preceding clauses (a), (b), (c) and (d) are collectively referred to as "Restricted Payments"), unless, immediately after giving effect to the proposed Restricted Payment (the amount of any such Restricted Payment, if other than cash, shall be the Fair Market Value of the asset(s) proposed to be transferred by the Company or such Restricted Subsidiary, as the case may be, pursuant to such Restricted Payment):

- (A) no Default or Event of Default shall have occurred and be continuing (or would result therefrom);
- (B) the Company would be able to incur \$1.00 of additional Indebtedness pursuant to paragraph (1) of the covenant described under " *Limitation on Indebtedness*" above; and
- (C) the aggregate amount of such Restricted Payment together with all other Restricted Payments (including the Fair Market Value of any non-cash Restricted Payments) declared or made since the Issue Date would not exceed the sum of (without duplication) of:
 - (1) 50% of the Consolidated Net Income of the Company accrued during the period (treated as one accounting period) from January 1, 2012 to the end of the Company's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such aggregate cumulative Consolidated Net Income of the Company for such period shall be a deficit, minus 100% of such deficit);
 - (2) the aggregate net cash proceeds and the Fair Market Value of property or assets received by the Company as capital contributions to the Company after March 9, 2012 or from the issuance or sale of Capital Stock (excluding Redeemable Capital Stock of the Company) of the Company to any Person (other than an issuance or sale to a Subsidiary of the Company and other than an issuance or sale to an employee stock ownership plan or to a trust established by the Company or any of its Subsidiaries for the benefit of their employees) after March 9, 2012;
 - (3) the aggregate net cash proceeds received by the Company from any Person (other than a Subsidiary of the Company) upon the exercise of any options, warrants or rights to purchase shares of Capital Stock (other than Redeemable Capital Stock) of the Company;

Table of Contents

- (4) the aggregate net cash proceeds and the Fair Market Value of property or assets received after March 9, 2012 by the Company or any Restricted Subsidiary from any Person (other than a Subsidiary of the Company) for Indebtedness that has been converted or exchanged into or for Capital Stock (other than Redeemable Capital Stock) of the Company or Holdings (to the extent such Indebtedness was originally sold by the Company for cash), plus the aggregate amount of cash and the Fair Market Value of any property received by the Company or any Restricted Subsidiary (other than from a Subsidiary of the Company) in connection with such conversion or exchange;
- (5) in the case of the disposition or repayment of any Investment constituting a Restricted Payment made after March 9, 2012, an amount equal to the proceeds or return of capital with respect to such Investment less the cost of the disposition of such Investment;
- (6) the aggregate amount equal to the net reduction in Investments (other than Permitted Investments) in Unrestricted Subsidiaries resulting from dividends, distributions, interest payments, return of capital, repayments of Investments or other transfers of assets to the Company or any Restricted Subsidiary from any Unrestricted Subsidiary; and
- (7) so long as the Designation thereof was treated as a Restricted Payment made after March 9, 2012, with respect to any Unrestricted Subsidiary that has been redesignated as a Restricted Subsidiary in accordance with " *Limitation on Designations of Unrestricted Subsidiaries*" below, the Fair Market Value of the Company's interest in such Subsidiary.

None of the foregoing provisions will prohibit the following: *provided* that with respect to payments pursuant to clauses (i), subclause (y) of (iv), (v), (vi), (vii), (viii), (x) and (xvi) below, no Default or Event of Default has occurred and is continuing:

- (i) the payment of any dividend or distribution within 60 days after the date of its declaration, if at the date of declaration such payment would be permitted by the first paragraph of this covenant;
- (ii) the making of any Restricted Payment in exchange for, or out of the net cash proceeds of, a substantially concurrent sale (other than to a Subsidiary of the Company) of Capital Stock of the Company (other than Redeemable Capital Stock) or from a substantially concurrent cash capital contribution to the Company; *provided, however,* that such cash proceeds are excluded from clause (C) of the first paragraph of this covenant;
- (iii) any redemption, repurchase, defeasance or other acquisition or retirement of Subordinated Indebtedness by exchange for, or out of the net cash proceeds of, a substantially concurrent issue and sale of Indebtedness of the Company which:
 - (x) has no scheduled principal payment prior to the 91st day after the Maturity Date; and
 - (y) has an Average Life to Stated Maturity greater than the remaining Average Life to Stated Maturity of the Notes issued under the Indenture;
- (iv) payments to purchase Capital Stock of the Company or Holdings from officers of the Company or Holdings (x) made in connection with the Merger Transactions and (y) otherwise in an amount not to exceed the sum of (1) \$20.0 million plus

Limitation on Liens. The Company will not, and will not permit any Restricted Subsidiary to create, incur, assume or suffer to exist any Lien (the "Initial Lien") of any kind (except for Permitted Liens) securing any Indebtedness, unless the Notes are equally and ratably secured (except that Liens

securing Subordinated Indebtedness shall be expressly subordinate to Liens securing the Notes to the same extent such Subordinated Indebtedness is subordinate to the Notes). Any Lien created for the benefit of the holders of the Notes pursuant to the preceding sentence shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Initial Lien.

Disposition of Proceeds of Asset Sales. The Company will not, and will not permit any Restricted Subsidiary to, make any Asset Sale unless:

- (a) the Company or such Restricted Subsidiary, as the case may be, receives consideration (including by way of relief from, or by any other person assuming responsibility for, any liabilities, contingent or otherwise) at the time of such Asset Sale at least equal to the Fair Market Value of the shares or assets sold or otherwise disposed of; and
- (b) at least 75% of such consideration consists of cash or Cash Equivalents; *provided, however*, that this limitation will not apply to any Asset Sale in which the cash or Cash Equivalent portion of the consideration received therefrom, determined in accordance with the foregoing provision, is equal to or greater than what the after-tax proceeds would have been had such Asset Sale complied with the aforementioned 75% limitation.

Within 365 days of the later of an Asset Sale and the date of receipt of Net Cash Proceeds from such Asset Sale, the Company or such Restricted Subsidiary, as the case may be, may apply the Net Cash Proceeds from such Asset Sale to (1) to the extent the Company or such Restricted Subsidiary elects or is required to the terms thereof, to repay (or, in the case of letters of credit, bankers' acceptances or other similar instruments, cash collateralize) Indebtedness and to correspondingly reduce commitments with respect thereto (in each case other than Subordinated Indebtedness and Indebtedness owed to the Company or a Restricted Subsidiary) or (2) invest in properties or assets that are used or useful in the business of the Company and its Restricted Subsidiaries conducted at such time or in businesses reasonably related thereto or in Capital Stock of a Person, the principal portion of whose assets consist of such property or assets (collectively, "Replacement Assets"); *provided, however*, that any such reinvestment in Replacement Assets made pursuant to a definitive binding agreement or commitment approved by the Board of Directors of the Company that is executed or approved within such time will satisfy this requirement, so long as such investment is consummated within 180 days of such 365th day or within such longer period of time authorized by the Board of Directors as is necessary to consummate such investment; *provided* that in the event such binding agreement or commitment is later canceled or terminated for any reason before such Net Cash Proceeds are so applied, the Company or such Restricted Subsidiary may satisfy its obligations as to any Net Cash Proceeds by entering into another binding agreement or commitment within six months of such cancellation or termination of the prior binding agreement or commitment or treating such Net Cash Proceeds as Excess Proceeds; *provided, further*, that the Company or such Restricted Subsidiary may only enter into such an agreement or commitment under the foregoing provision one time with respect to each Asset Sale. Any Net Cash Proceeds from any Asset Sale that are not used in accordance with the preceding sentence constitute "Excess Proceeds" subject to disposition as provided below.

When the aggregate amount of Excess Proceeds equals or exceeds \$50.0 million, the Company shall make an offer to purchase (an "Asset Sale Offer"), from all holders of the Notes and, to the extent the Company elects or is required by the terms thereof, all holders of other Indebtedness that is *pari passu* in right of payment with the Notes containing provisions similar to those set forth in the Indenture with respect to offers to purchase or redeem with the proceeds of sales of assets, *pro rata* in proportion to the respective principal amounts of the Notes and such other Indebtedness to be

Table of Contents

purchased or redeemed, the maximum principal amount of Notes and such other *pari passu* Indebtedness that may be purchased with the Excess Proceeds.

The offer price for the Notes in any Asset Sale Offer will be equal to 100% of the principal amount of the Notes plus accrued and unpaid interest, if any, to the purchase date and the offer price for any other Indebtedness that is *pari passu* in right of payment with the Notes, as applicable, will be as set forth in the documentation governing such Indebtedness (the "Asset Sale Offer Price") and will be payable in cash. If any Excess Proceeds remain after an Asset Sale Offer, the Company may use such Excess Proceeds for general corporate purposes. If the Asset Sale Offer Price with respect to Notes tendered into such Asset Sale Offer exceeds the Excess Proceeds allocable to the Notes, Notes to be purchased will be selected on a pro rata basis. The Notes shall be purchased by the Company on a date that is not earlier than 30 days and not later than 60 days from the date the notice is given to holders, or such later date as may be necessary for the Company to comply with the requirements under the Exchange Act. Upon completion of such Asset Sale Offer, the amount of Excess Proceeds shall be reset to zero.

The Company will comply with Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder, to the extent such laws and regulations are applicable, in the event that an Asset Sale occurs and the Company is required to purchase Notes as described above.

For the purposes of paragraph (b) above, the following are deemed to be cash: (1) the assumption of Indebtedness of the Company or any Restricted Subsidiary to the extent the Company or such Restricted Subsidiary is released from all liability on payment of the principal amount of such Indebtedness in connection with such Asset Sale, (2) Indebtedness of any Restricted Subsidiary that is no longer a Restricted Subsidiary as a result of such Asset Sale to the extent that the Company and each other Restricted Subsidiary are released in full from any guarantee of payment of the principal amount of such Indebtedness in connection with such Asset Sale, (3) securities, notes or other obligations received by the Company or any Restricted Subsidiary from the transferee that are converted by the Company or such Restricted Subsidiary into cash within 180 days, (4) consideration consisting of Indebtedness of the Company or any Restricted Subsidiary (*provided* that such Indebtedness is not expressly subordinated in right of payment to the Notes), (5) Replacement Assets or (6) any Designated Non-cash Consideration received by the Company or any of its Restricted Subsidiaries in an Asset Sale; *provided, however*, that the aggregate Fair Market Value of all Designated Non-cash Consideration received and treated as cash pursuant to this clause is not to exceed, at any time, an aggregate amount outstanding equal to the greater of \$75.0 million and 2.0% of Consolidated Net Tangible Assets as of the date of the applicable Asset Sale, without giving effect to changes in value subsequent to the receipt of such Designated Non-cash Consideration.

Limitation on Preferred Stock of Restricted Subsidiaries. The Company will not permit any Restricted Subsidiary to issue any Preferred Stock other than Preferred Stock issued to the Company or a Wholly Owned Restricted Subsidiary. The Company will not sell, transfer or otherwise dispose of Preferred Stock issued by a Restricted Subsidiary or permit a Restricted Subsidiary to sell, transfer or otherwise dispose of Preferred Stock issued by a Restricted Subsidiary, other than to the Company or a Wholly Owned Restricted Subsidiary. Notwithstanding the foregoing, nothing in such covenant will prohibit Preferred Stock (other than Redeemable Capital Stock) issued by a Person prior to the time:

- (A) such person becomes a Restricted Subsidiary;
- (B) such person merges with or into a Restricted Subsidiary; or
- (C) a Restricted Subsidiary merges with or into such person;

provided, however, that such Preferred Stock was not issued or incurred by such person in anticipation of a transaction contemplated by subclause (A), (B), or (C) above.

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into any transaction or series of related transactions (including, without limitation, the sale, transfer, disposition, purchase, exchange or lease of assets, property or services) with, or for the benefit of, any of its Affiliates, except:

- (a) on terms that are not materially less favorable to the Company or such Restricted Subsidiary, as the case may be, than those which could have been obtained in a comparable transaction at such time from persons who are not Affiliates of the Company;
- (b) with respect to a transaction or series of related transactions involving aggregate payments or value equal to or greater than \$20.0 million, the Company shall have delivered an officers' certificate to the Trustee certifying that such transaction or transactions comply with the preceding clause (a); and
- (c) with respect to a transaction or series of related transactions involving aggregate payments or value equal to or greater than \$50.0 million, such transaction or transactions shall have been approved by a majority of the Disinterested Members of the Board of Directors of the Company; *provided, however*, that in the event there are no Disinterested Members of the Board of Directors of the Company, the Board of Directors of the Company shall also have received a written opinion from an Independent Qualified Party to the effect that such transaction or series of related transactions is fair, from a financial standpoint, to the Company and its Restricted Subsidiaries or is not less favorable to the Company and its Restricted Subsidiaries than could reasonably be expected to be obtained at the time in an arm's-length transaction with a non-Affiliate.

Notwithstanding the foregoing, the restrictions set forth in this covenant shall not apply to:

- (i) transactions with or among the Company and the Restricted Subsidiaries;
- (ii) transactions in the ordinary course of business, or approved by a majority of the Board of Directors of the Company, between the Company or any Restricted Subsidiary and any Affiliate of the Company that is a joint venture or similar entity, including United Rentals Industrial Services Inc.;

Limitation on Dividends and other Payment Restrictions Affecting Restricted Subsidiaries. - (xii) an agreement or instrument relating to any Indebtedness permitted to be incurred subsequent to the Issue Date pursuant to the covenant described under " *Limitation on Indebtedness*" (A) if the encumbrances and restrictions contained in any such agreement or instrument taken as a whole are not materially less favorable to the holders of the Notes than the encumbrances and restrictions contained in instruments governing Indebtedness as in effect on the Issue Date (as determined in good faith by the Company) or (B) if such encumbrance or restriction is not materially more disadvantageous to the holders of the Notes than is customary in comparable financings (as determined in good faith by the Company) and either (x) the Company determines in good faith that such encumbrance or restriction will not materially affect the Company's ability to make principal or interest payments on the Notes or (y) such encumbrance or restriction applies only if a default occurs in respect of a payment or financial covenant relating to such Indebtedness;

Limitation on Designations of Unrestricted Subsidiaries. The Company may designate any Restricted Subsidiary as an "Unrestricted Subsidiary" under the Indenture (a "Designation") only if:

- (i) no Default shall have occurred and be continuing at the time of or after giving effect to such Designation;
- (ii) the Company would be permitted to make an Investment at the time of Designation (assuming the effectiveness of such Designation) pursuant to the covenant described under " *Limitation on Restricted Payments*" above in an amount (the "Designation Amount") equal to the Fair Market Value of the Company's interest in such Subsidiary on such date; and
- (iii) the Company would be permitted under the Indenture to incur \$1.00 of additional Indebtedness pursuant to paragraph (1) of the covenant described under " *Limitation on Indebtedness*" at the time of such Designation (assuming the effectiveness of such Designation).

In the event of any such Designation, the Company shall be deemed to have made an Investment constituting a Restricted Payment pursuant to the covenant " *Limitation on Restricted Payments*" for all purposes of the Indenture in the Designation Amount.

All Subsidiaries of Unrestricted Subsidiaries shall automatically be deemed to be Unrestricted Subsidiaries.

The Company may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a "Revocation") if:

- (i) no Default shall have occurred and be continuing at the time of and after giving effect to such Revocation; and

All Designations and Revocations must be evidenced by board resolutions of the Company delivered to the Trustee certifying compliance with the foregoing provisions.

Additional Subsidiary Guarantors. The Company will cause each Domestic Restricted Subsidiary that guarantees any Indebtedness of the Company or any other Restricted Subsidiary incurred pursuant to clause (a) of paragraph (2) of the covenant described under " *Limitation on Indebtedness*" to at substantially the same time execute and deliver to the Trustee a Guaranty Agreement pursuant to which such Restricted Subsidiary will guarantee payment of the Notes on the same terms and conditions as those set forth in the Indenture, subject to any limitations that apply to the guarantee of Indebtedness giving rise to the requirement to guarantee the Notes. This covenant shall not apply to any of the Company's Subsidiaries that have been properly designated as an Unrestricted Subsidiary or as a Special Purpose Vehicle.

The Company shall not designate any Indebtedness other than Indebtedness incurred under clause (a) of paragraph (2) of the covenant " *Limitation on Indebtedness*" as "designated senior indebtedness" under any Subordinated Indebtedness of the Company or any of its Restricted Subsidiaries.

the Company shall file with the SEC (if permitted by SEC practice and applicable law and regulations) the annual reports, quarterly reports and other documents which the Company would have been required to file with the SEC pursuant to such Section 13(a) or 15(d) or any successor provision thereto if the Company were so subject, such documents to be filed with the SEC on or prior to the respective dates (the "Required Filing Dates") by which the Company would have been required so to file such documents if the Company were so subject. If, notwithstanding the preceding sentence, filing such documents by the Company with the SEC is not permitted by SEC practice or applicable law or regulations, the Company shall transmit (or cause to be transmitted) by mail to all holders of Notes, as their names and addresses appear in the Note register, copies of such documents within 30 days after the Required Filing Date (or make such documents available on a website maintained by the Company or Holdings).

In addition, for so long as any Notes remain outstanding, the Company will furnish to the holders of Notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act, and, to any beneficial holder of Notes, if not obtainable from the SEC, information of the type that would be filed with the SEC pursuant to the foregoing provisions upon the request of any such holder.

Consolidation, Merger, Sale of Assets, etc.

The Company will not, directly or indirectly, in any transaction or series of transactions, merge or consolidate with or into, or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its properties and assets as an entirety to, any Person or Persons, and the Company will not permit any Restricted Subsidiary to enter into any such transaction or series of transactions if such transaction or series of transactions, in the aggregate, would result in a sale, assignment, conveyance, transfer, lease or other disposition of all or substantially all of the properties and assets of the Company or the Company and its Restricted Subsidiaries, taken as a whole, to any other person or persons, unless at the time and after giving effect thereto:

- (a) either:
 - (i) if the transaction or transactions is a merger or consolidation, the Company or such Restricted Subsidiary, as the case may be, shall be the surviving person of such merger or consolidation; or
 - (ii) the Person formed by such consolidation or into which the Company, or such Restricted Subsidiary, as the case may be, is merged or to which the properties and assets of the Company or such Restricted Subsidiary, as the case may be, substantially as an entirety, are transferred (any such surviving person or transferee person being the "Surviving Entity") shall be a corporation organized and existing under the laws of the United States of America, any state thereof or the District of Columbia and shall expressly assume pursuant to a supplemental indenture and such other necessary agreements reasonably satisfactory to the Trustee all the obligations of the Company or such Restricted Subsidiary, as the case may be, under the Notes and the Indenture;
- (b) immediately after giving effect to such transaction or series of transactions on a pro forma basis (including, without limitation, any Indebtedness incurred or anticipated to be incurred in connection with or in respect of such transaction or series of transactions), no Default or Event of Default shall have occurred and be continuing; and
- (c) except in the case of any merger of the Company with any wholly owned Subsidiary of the Company or any merger of Restricted Subsidiaries (and, in each case, no other

persons), (i) the Company or the Surviving Entity, as the case may be, after giving effect to such transaction or series of transactions on a pro forma basis (including, without limitation, any Indebtedness incurred or anticipated to be incurred in connection with or in respect of such transaction or series of transactions), could incur \$1.00 of additional Indebtedness pursuant to paragraph (1) of the covenant described under " *Certain Covenants Limitation on Indebtedness*" (assuming a market rate of interest with respect to such additional Indebtedness) or (ii) the Consolidated Fixed Charge Coverage Ratio of the Company (or, if applicable, the successor company with respect thereto) would equal or exceed the Consolidated Fixed Charge Coverage Ratio of the Company immediately prior to giving effect to such transaction.

In connection with any consolidation, merger, transfer, lease, assignment or other disposition contemplated hereby, the Company shall deliver, or cause to be delivered, to the Trustee, in form and substance reasonably satisfactory to the Trustee, an officers' certificate and an opinion of counsel, each stating that such consolidation, merger, transfer, lease, assignment or other disposition and the supplemental indenture in respect thereof comply with the requirements under the Indenture.

Upon any consolidation or merger, or any sale, assignment, conveyance, transfer, lease or disposition of all or substantially all of the properties and assets of the Company in accordance with the immediately preceding paragraphs, the successor person formed by such consolidation or into which the Company or a Restricted Subsidiary, as the case may be, is merged or the successor person to which such sale, assignment, conveyance, transfer, lease or disposition is made shall succeed to, and be substituted for, and may exercise every right and power of the Company under the Notes and the Indenture with the same effect as if such successor had been named as the Company in the Notes and the Indenture and, except in the case of a lease, the Company or such Restricted Subsidiary shall be released and discharged from its obligations thereunder.

The Indenture will provide that for all purposes of the Indenture and the Notes (including the provision of this covenant and the covenants described in " *Certain Covenants Limitation on Indebtedness*," " *Certain Covenants Limitation on Restricted Payments*" and " *Certain Covenants Limitation on Liens*"), Subsidiaries of any surviving person shall, upon such transaction or series of related transactions, become Restricted Subsidiaries unless and until designated Unrestricted Subsidiaries pursuant to and in accordance with " *Certain Covenants Limitation on Designations of Unrestricted Subsidiaries*" and all Indebtedness, and all Liens on property or assets, of the Company and the Restricted Subsidiaries in existence immediately after such transaction or series of related transactions will be deemed to have been incurred upon such transaction or series of related transactions.

similar federal, state or foreign law or to the institution of bankruptcy or insolvency proceedings against the Company or any Significant Subsidiary, or the filing by the Company or any Significant Subsidiary of a petition or answer or consent seeking reorganization or relief under the Federal Bankruptcy Code or any other similar federal, state or foreign law, or the consent by it to the filing of any such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee or sequestrator (or other similar official) of any of the Company or any Significant Subsidiary or of any substantial part of its property, or the making by it of an assignment for the benefit of creditors, or the admission by it in writing of its inability to pay its debts generally as they become due; or

- (x) any of the guarantees of the Notes by a Guarantor that is a Significant Subsidiary ceases to be in full force and effect or any of such guarantees is declared to be null and void and unenforceable or any of such guarantees is found to be invalid or any of the Guarantors denies its liability under its guarantee (other than by reason of release of a Guarantor in accordance with the terms of the Indenture) and such event continues for 10 business days.

If an Event of Default (other than those covered by clause (viii) or (ix) above with respect to the Company, any Restricted Subsidiary of the Company that is a Significant Subsidiary, or any group of Restricted Subsidiaries of the Company, that, taken together, would constitute a Significant Subsidiary) shall occur and be continuing, the Trustee, by notice to the Company, or the holders of at least 25% in aggregate principal amount of the Notes then outstanding, by notice to the Trustee and the Company, may declare the principal of, premium, if any, and accrued and unpaid interest, if any, on all of the outstanding Notes due and payable immediately. If an Event of Default specified in clause (viii) or (ix) above with respect to the Company, any Restricted Subsidiary of the Company that is a Significant Subsidiary, or any group of Restricted Subsidiaries of the Company, that, taken together, would constitute a Significant Subsidiary, occurs and is continuing, then the principal of, premium, if any, accrued and unpaid interest, if any, on all the outstanding Notes shall become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holder of Notes.

After a declaration of acceleration under the Indenture, but before a judgment or decree for payment of the money due has been obtained by the Trustee, the holders of a majority in aggregate principal amount of the outstanding Notes, by written notice to the Company and the Trustee, may rescind such declaration if:

- (a) the Company has paid or deposited with the Trustee a sum sufficient to pay:
 - (i) all sums paid or advanced by the Trustee under the Indenture and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel;
 - (ii) all overdue interest on all the Notes;
 - (iii) the principal of and premium, if any, on any Notes which have become due otherwise than by such declaration of acceleration and interest thereon at the rate borne by the Notes; and
 - (iv) to the extent that payment of such interest is lawful, interest upon overdue interest and overdue principal at the rate borne by the Notes which has become due otherwise than by such declaration of acceleration;
- (b) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction; and

Table of Contents

- (c) all Events of Default, other than the non-payment of principal of and premium, if any, and interest on the Notes that has become due solely by such declaration of acceleration, have been cured or waived.

The holders of a majority in aggregate principal amount of the outstanding Notes may on behalf of the holders of all the Notes waive any past defaults under the Indenture, except a default in the payment of the principal of and premium, if any, or interest on any Note, or in respect of a covenant or provision which under the Indenture cannot be modified or amended without the consent of the holder of each Note outstanding.

No holder of any of the Notes has any right to institute any proceeding with respect to the Indenture or any remedy thereunder, unless the holders of at least 25% in aggregate principal amount of the outstanding Notes have made written request to the Trustee, and offered indemnity satisfactory to the Trustee, to institute such proceeding as Trustee under the Notes and the Indenture, the Trustee has failed to institute such proceeding within 45 days after receipt of such notice and the Trustee, within such 45-day period, has not received directions inconsistent with such written request by holders of a majority in aggregate principal amount of the outstanding Notes. Such limitations do not apply, however, to a suit instituted by a holder of an Note for the enforcement of the payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such Note.

During the existence of an Event of Default, the Trustee is required to exercise such rights and powers vested in it under the Indenture and use the same degree of care and skill in its exercise thereof as a prudent person would exercise under the circumstances in the conduct of such person's own affairs. Subject to the provisions of the Indenture relating to the duties of the Trustee, whether or not an Event of Default shall occur and be continuing, the Trustee under the Indenture is not under any obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders of Notes unless such holders shall have offered to the Trustee security or indemnity satisfactory to it. Subject to certain provisions concerning the rights of the Trustee, the holders of a majority in aggregate principal amount of the outstanding Notes have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee under the Indenture.

If a Default or an Event of Default occurs and is continuing and is known to the Trustee, the Trustee shall mail to each holder of the Notes notice of the Default or Event of Default within 90 days after obtaining knowledge thereof. Except in the case of a Default or an Event of Default in payment of principal of and premium, if any, or interest on any Notes, the Trustee may withhold the notice to the holders of such Notes if the Trustee, in good faith, determines that withholding the notice is in the interest of the noteholders.

The Company is required to furnish to the Trustee annual statements as to the performance by the Company of its and its Restricted Subsidiaries' obligations under the Indenture and as to any default in such performance.

No Liability for Certain Persons

No director, officer, employee or stockholder of Holdings or the Company, nor any director, officer or employee of any Subsidiary Guarantor, as such, will have any liability for any obligations of the Company or any Guarantor under the Notes, the guarantees thereof or the Indenture based on or by reason of such obligations or their creation. Each holder by accepting a Note waives and releases all such liability. The foregoing waiver and release are an integral part of the consideration for the issuance of the Notes. Such waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

The Company may at any time, at the option of its Board of Directors evidenced by a resolution set forth in an officers' certificate, elect to have all of its obligations discharged with respect to the outstanding Notes and all obligations of the Guarantors discharged with respect to their guarantees of such Notes ("Legal Defeasance") except for:

- (1) the rights of holders of outstanding Notes to receive payments in respect of the principal of, or interest or premium, if any, on, such Notes when such payments are due from the trust referred to below;
- (2) the Company's obligations with respect to the Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and the Company's and the Guarantors' obligations in connection therewith; and
- (4) the Legal Defeasance and Covenant Defeasance provisions of the Indenture.

In addition, the Company may, at its option and at any time, elect to have the obligations of the Company and the Guarantors released with respect to certain covenants (including its obligation to make Change of Control Offers and Asset Sale Offers) that are described in the Indenture ("Covenant Defeasance") and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under " *Events of Default*" will no longer constitute an Event of Default with respect to the Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the holders of the Notes, cash in U.S. dollars, non-callable U.S. Government Obligations, or a combination of cash in U.S. dollars and non-callable U.S. Government Obligations, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, or interest and premium, if any, on, the outstanding Notes on the stated date for payment thereof or on the applicable redemption date, as the case may be, and the Company must specify whether the Notes are being defeased to such stated date for payment or to a particular redemption date;
- (2) in the case of Legal Defeasance, the Company must deliver to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that (a) the Company has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- (3) in the case of Covenant Defeasance, the Company must deliver to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that the holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal

income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

- (4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which the Company or any Guarantor is a party or by which the Company or any Guarantor is bound;
- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the Indenture) to which the Company or any of its Subsidiaries is a party or by which the Company or any of its Subsidiaries is bound;
- (6) the Company must deliver to the Trustee an officers' certificate stating that the deposit was not made by the Company with the intent of preferring the holders of the Notes over the other creditors of the Company with the intent of defeating, hindering, delaying or defrauding any creditors of the Company or others; and
- (7) the Company must deliver to the Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect (except as to surviving rights or registration of transfer or exchange of the Notes as expressly provided for in the Indenture) as to all outstanding Notes when:

- (i) either:
 - (a) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or repaid and the Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Company and thereafter repaid to the Company or discharged from such trust) have been delivered to the Trustee for cancellation; or
 - (b) all the Notes not theretofore delivered to the Trustee for cancellation (except lost, stolen or destroyed Notes which have been replaced or paid) have become due and payable, will become due and payable at their stated maturity within one year, or will become due and payable within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Company, and the Company has irrevocably deposited or caused to be deposited with the Trustee funds in an amount sufficient to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, for principal of and premium, if any, and interest on the Notes to the date of deposit (in the case of the Notes that have become due and payable) or to the maturity or redemption date, as the case may be together with irrevocable instructions from the Company directing the Trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;
- (ii) the Company has paid all other sums payable under the Indenture by the Company; and

- (iii) the Company has delivered to the Trustee an officers' certificate and an opinion of counsel stating that all conditions precedent under the Indenture relating to the satisfaction and discharge of such Indenture have been complied with.

Amendments and Waivers

From time to time, the Company, when authorized by a resolution of its Board of Directors, and the Trustee may, without the consent of the holders of any outstanding Notes, amend, waive or supplement the Indenture, the Notes or the guarantees for certain specified purposes, including, among other things, curing ambiguities, defects or inconsistencies, qualifying, or maintaining the qualification of, the Indenture under the Trust Indenture Act, or making any change that does not adversely affect the rights of any holder of the Notes. Other amendments and modifications of the Indenture, the Notes or the guarantees may be made by the Company and the Trustee with the consent of the holders of a majority of the aggregate principal amount of the outstanding Notes; *provided, however*, that no such modification or amendment may, without the consent of the holder of each outstanding Note affected thereby:

- (i) reduce the principal amount of, extend the fixed maturity of or alter the redemption provisions of, the Notes;
- (ii) change the currency in which any Notes or any premium, or the interest thereon is payable;
- (iii) reduce the percentage in principal amount of outstanding Notes that must consent to an amendment, supplement or waiver or consent to take any action under the Indenture or the Notes;
- (iv) impair the right to institute suit for the enforcement of any payment on or with respect to the Notes;
- (v) waive a default in payment with respect to the Notes;
- (vi) amend, change or modify in any material respect the obligation of the Company to make and consummate a Change of Control Offer in respect of a Change of Control that has occurred or make and consummate an Asset Sale Offer with respect to any Asset Sale that has been consummated;
- (vii) reduce or change the rate or time for payment of interest, if any, on the Notes; or
- (viii) modify or change any provision of the Indenture affecting the ranking of the Notes or any guarantee of the Notes in a manner adverse to the holders of the Notes.

The Trustee

The Indenture will provide that, except during the continuance of an Event of Default, the Trustee thereunder will perform only such duties as are specifically set forth in the Indenture. If an Event of Default has occurred and is continuing, the Trustee will exercise such rights and powers vested in it under the Indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The Indenture and provisions of the Trust Indenture Act incorporated by reference therein contain limitations on the rights of the Trustee thereunder, should it become a creditor of the Company, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The Trustee is permitted to engage in other transactions; *provided, however*, that if it acquires any conflicting interest (as defined in such Act) it must eliminate such conflict or resign.

Book-Entry, Delivery and Form

The Notes will be issued in the form of one or more registered global notes (the "Global Notes"). The Global Notes will be deposited upon issuance with the Trustee as custodian for DTC, in New York, New York, and registered in the name of DTC or its nominee, in each case, for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for definitive notes in certificated form ("Certificated Notes") except in the limited circumstances described below. See " *Exchange of Global Notes for Certificated Notes.*" Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of notes in certificated form.

Transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, which may change from time to time.

Depository Procedures

The following description of the operations and procedures of DTC is provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. The Company takes no responsibility for these operations and procedures and urges investors to contact the system or their participants directly to discuss these matters.

DTC has advised the Company that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the "Participants") and to facilitate the clearance and settlement of transactions in those securities between the Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the "Indirect Participants"). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

Table of Contents

DTC has also advised the Company that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of the Participants designated by the underwriters with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interests in the Global Notes).

Investors in the Global Notes who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations which are Participants in such system. All interests in a Global Note may be subject to the procedures and requirements of DTC. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of the Participants, which in turn act on behalf of the Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of interests in the Global Notes will not have Notes registered in their names, will not receive physical delivery of Notes in certificated form and will not be considered the registered owners or "holders" thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any on, a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, the Company and the Trustee will treat the Persons in whose names the Notes, including the Global Notes, are registered as the owners of the Notes for the purpose of receiving payments and for all other purposes. Consequently, neither the Company, the Trustee nor any agent of the Company or the Trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised the Company that its current practice, upon receipt of any payment in respect of securities such as the Notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe that it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of Notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the Trustee or the Company. Neither the Company nor the Trustee will be liable for any delay by DTC or any of the Participants or the Indirect Participants in identifying the beneficial owners of the

Table of Contents

Notes, and the Company and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds.

DTC has advised the Company that it will take any action permitted to be taken by a holder of Notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the Notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the Notes, DTC reserves the right to exchange the Global Notes for legended Notes in certificated form, and to distribute such Notes to its Participants.

None of the Company, the Trustee and any of their respective agents will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for Certificated Notes if:

- (1) DTC (a) notifies the Company that it is unwilling or unable to continue as depository for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act and, in either case, the Company fails to appoint a successor depository;
- (2) the Company in its discretion at any time determines not to have all the Notes represented by Global Notes; or
- (3) a default entitling the holders of the Notes to accelerate the maturity thereof has occurred and is continuing.

Any Global Note that is exchangeable as above is exchangeable for certificated notes issuable in authorized denominations and registered in such names as DTC shall direct.

Same Day Settlement and Payment

The Company will make payments in respect of the Notes represented by the Global Notes (including principal, premium, if any, and interest, if any) by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. The Company will make all payments of principal, interest and premium, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The Notes represented by the Global Notes are expected to be eligible to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such Notes will, therefore, be required by DTC to be settled in immediately available funds. The Company expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

This section describes the material United States federal income tax consequences of owning the notes we are offering. This discussion applies to you only if you acquire notes in the offering and you hold your notes as capital assets for tax purposes. This section does not apply to you if you are a member of a class of holders subject to special rules, such as:

a dealer in securities or currencies,

a trader in securities that elects to use a mark-to-market method of accounting for your securities holdings,

a bank,

a life insurance company,

a tax-exempt organization,

a person that owns notes that are a hedge or that are hedged against interest rate risks,

a person that owns notes as part of a straddle or conversion transaction for tax purposes,

a person that purchases or sells the notes as part of a wash sale for tax purposes, or

a United States holder (as defined below) whose functional currency for tax purposes is not the U.S. dollar.

If you purchase notes at a price other than the offering price, the amortizable bond premium or market discount rules may also apply to you. You should consult your own tax advisor regarding this possibility.

This section is based on the Internal Revenue Code of 1986, as amended, its legislative history, existing and proposed regulations under the Internal Revenue Code, published rulings and court decisions, all as currently in effect. These laws are subject to change, possibly on a retroactive basis.

If a partnership (or other entity treated as a partnership) holds the notes, the United States federal income tax treatment of a partner will generally depend on the status of the partner and the tax treatment of the partnership. A partner in a partnership (or other entity treated as a partnership) holding the notes should consult its tax advisor with regard to the United States federal income tax treatment of an investment in the notes.

Please consult your own tax advisor concerning the consequences of owning these notes in your particular circumstances under the Internal Revenue Code and the laws of any other taxing jurisdiction.

United States Holders

This subsection describes the tax consequences to a United States holder. You are a United States holder if you are a beneficial owner of a note and you are:

Edgar Filing: UNITED RENTALS DELAWARE INC - Form 424B2

a citizen or resident of the United States,

a domestic corporation,

an estate whose income is subject to United States federal income tax regardless of its source, or

a trust if a United States court can exercise primary supervision over the trust's administration and one or more United States persons are authorized to control all substantial decisions of the trust.

S-84

Table of Contents

If you are not a United States holder, this subsection does not apply to you and you should refer to "*United States Alien Holders*" below.

Payments of Interest

You will be taxed on the stated interest on your notes as ordinary income at the time you receive such interest or when it accrues, depending on your method of accounting for tax purposes.

Change of Control. As described in the section titled "*Description of the Notes Change of Control*," upon the occurrence of a Change of Control we may be obligated to make additional payments on the notes in excess of stated interest and principal. We intend to take the position that there is no more than a remote chance that a Change of Control will occur and the notes should accordingly not be treated as contingent payment debt instruments because of the additional payments. Assuming such position is respected, you would be required to include in income the amount of any such additional payment at the time such payments are received or accrued in accordance with your method of accounting for United States federal income tax purposes. If the Internal Revenue Service successfully challenged this position, and the notes were treated as contingent payment debt instruments, you could be required to accrue interest income at a rate higher than the stated interest rate on the note and to treat as ordinary income, rather than capital gain, a portion gain recognized on a sale, retirement or redemption of a debt security. You are urged to consult your own tax advisors regarding the potential application to the notes of the contingent payment debt instrument rules and the consequences thereof.

Sale, Retirement and Redemption of the Notes

Your tax basis in your note will generally be its cost to you. You will generally recognize gain or loss on the sale, retirement or redemption of your note equal to the difference between the amount you realize on the sale, retirement or redemption, excluding any amounts attributable to accrued but unpaid interest (which will be treated as interest payments), and your tax basis in your note.

You will recognize capital gain or loss upon the sale, retirement or redemption of your note, except to the extent attributable to accrued but unpaid interest or the rules governing contingent payment obligations apply. Capital gain of a noncorporate United States holder is generally taxed at preferential rates where the holder has a holding period greater than one year. The deductibility of capital losses is subject to certain limitations.

Medicare Tax

For taxable years beginning after December 31, 2012, a United States holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, will be subject to a 3.8% tax on the lesser of (1) the United States holder's "net investment income" for the relevant taxable year and (2) the excess of the United States holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's circumstances). A holder's net investment income will generally include its interest income and its net gains from the disposition of its notes, unless such interest income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a United States holder that is an individual, estate or trust, you are urged to consult your tax advisors regarding the applicability of the Medicare tax to your income and gains in respect of your investment in the notes.

Information with Respect to Foreign Financial Assets

Owners of "specified foreign financial assets" with an aggregate value in excess of \$50,000 (and in some circumstances a higher threshold,) may be required to file an information report with respect to such assets with their tax returns. "Specified foreign financial assets" may include financial accounts maintained by foreign financial institutions, as well as the following, but only if they are not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-United States persons, (ii) financial instruments and contracts held for investment that have non-United States issuers or counterparties, and (iii) interests in foreign entities. Holders are urged to consult their tax advisors regarding the application of this legislation to their ownership of the notes.

United States Alien Holders

This subsection describes the tax consequences to a United States alien holder. You are a United States alien holder if you are the beneficial owner of a note and you are, for United States federal income tax purposes:

a nonresident alien individual,

a foreign corporation, or

an estate or trust that in either case is not subject to United States federal income tax on a net income basis on income or gain from a note.

If you are a United States holder, this subsection does not apply to you.

Withholding Taxes

Generally, payments of principal and interest on the notes will not be subject to U.S. withholding taxes.

However, for the exemption from withholding taxes to apply to you, you must meet one of the following requirements.

You provide a completed Form W-8BEN (or substitute form) to the bank, broker or other intermediary through which you hold your notes. The Form W-8BEN contains your name, address and a statement that you are the beneficial owner of the notes and that you are not a U.S. holder.

You hold your notes directly through a "qualified intermediary," and the qualified intermediary has sufficient information in its files indicating that you are not a U.S. holder. A qualified intermediary is a bank, broker or other intermediary that (1) is either a U.S. or non-U.S. entity, (2) is acting out of a non-U.S. branch or office and (3) has signed an agreement with the IRS providing that it will administer all or part of the U.S. tax withholding rules under specified procedures.

You are entitled to an exemption from withholding tax on interest under a tax treaty between the U.S. and your country of residence. To claim this exemption, you must generally complete Form W-8BEN and claim this exemption on the form. In some cases, you may instead be permitted to provide documentary evidence of your claim to the intermediary, or a qualified intermediary may already have some or all of the necessary evidence in its files.

The interest income on the notes is effectively connected with the conduct of your trade or business in the U.S., and is not exempt from U.S. tax under a tax treaty. To claim this exemption, you must complete Form W-8ECI.

Table of Contents

Even if you meet one of the above requirements, interest paid to you may be subject to withholding tax under any of the following circumstances:

The withholding agent or an intermediary knows or has reason to know that you are not entitled to an exemption from withholding tax. Specific rules apply for this test.

The IRS notifies the withholding agent that information that you or an intermediary provided concerning your status is false.

An intermediary through which you hold the notes fails to comply with the procedures necessary to avoid withholding taxes on the notes. In particular, an intermediary is generally required to forward a copy of your Form W-8BEN (or other documentary information concerning your status) to the withholding agent for the notes. However, if you hold your notes through a qualified intermediary or if there is a qualified intermediary in the chain of title between yourself and the withholding agent for the notes the qualified intermediary will not generally forward this information to the withholding agent.

You own 10% or more of the voting stock of the Company or the guarantors, are a "controlled foreign corporation" with respect to the Company or the guarantors, or are a bank making a loan in the ordinary course of its business. In these cases, you generally will be exempt from withholding taxes only if you are eligible for a treaty exemption or if the interest income is effectively connected with your conduct of a trade or business in the U.S., as discussed above.

Interest payments made to you will generally be reported to the IRS and to you on Form 1042-S. However, this reporting does not apply to you if you hold your notes directly through a qualified intermediary and the applicable procedures are complied with.

The rules regarding withholding are complex and vary depending on your individual situation. They are also subject to change. We suggest that you consult with your tax advisor regarding the specific methods for satisfying these requirements.

Sale or Retirement of Notes

If you sell a note or it is redeemed, you will not be subject to federal income tax on any gain unless one of the following applies:

The gain is connected with a trade or business that you conduct in the U.S.

You are an individual, you are present in the U.S. for at least 183 days during the year in which you dispose of the note, and certain other conditions are satisfied.

The gain represents accrued but unpaid interest, in which case the rules for interest would apply.

U.S. Trade or Business

If you hold your note in connection with a trade or business that you are conducting in the U.S.:

Any interest on the note, and any gain from disposing of the note, generally will be subject to income tax as if you were a U.S. Holder.

If you are a corporation, you may be subject to the "branch profits tax" on your earnings that are connected with your U.S. trade or business, including earnings from the note. This tax is 30%, but may be reduced or eliminated by an applicable income tax treaty.

Table of Contents

Estate Taxes

A note held by an individual who at death is not a citizen or resident of the United States will not be includible in the individual's gross estate for United States federal estate tax purposes if:

the decedent did not actually or constructively own 10% or more of the total combined voting power of all classes of stock of the Company entitled to vote at the time of death; and

the income on the note would not have been effectively connected with a United States trade or business of the decedent at the same time.

Backup Withholding and Information Reporting

For United States holders, unless an exemption applies, we and other payors are generally required to report to the Internal Revenue Service all payments of principal of and any premium and interest on your note. In addition, we and other payors are required to report to the Internal Revenue Service any payment of proceeds of the sale of your note before maturity within the United States. Additionally, backup withholding will apply to any payments if you fail to provide an accurate taxpayer identification number, or you are notified by the Internal Revenue Service that you have failed to report all interest and dividends required to be shown on your federal income tax returns.

For United States alien holders, payments of principal, premium, if any, or interest, made by us and other payors to you will generally not be subject to backup withholding and information reporting; *provided* that the certification requirements described above under "*United States Alien Holders*" are satisfied or you otherwise establish an exemption. However, we and other payors are required to report payments of interest on your notes on Internal Revenue Service Form 1042-S even if the payments are not otherwise subject to information reporting requirements. In addition, payment of the proceeds from the sale of notes effected at a United States office of a broker will not be subject to backup withholding and information reporting; *provided* that:

the broker does not have actual knowledge or reason to know that you are a United States person and you have furnished to the broker:

an appropriate Internal Revenue Service Form W-8 or an acceptable substitute form upon which you certify, under penalties of perjury, that you are not a United States person; or

other documentation upon which it may rely to treat the payment as made to a non-United States person in accordance with U.S. Treasury regulations; or

you otherwise establish an exemption.

If you fail to establish an exemption and the broker does not possess adequate documentation of your status as a non-United States person, the payments may be subject to information reporting and backup withholding. However, backup withholding will not apply with respect to payments made to an offshore account maintained by you unless the broker has actual knowledge that you are a United States person.

In general, payment of the proceeds from the sale of notes effected at a foreign office of a broker will not be subject to information reporting or backup withholding. However, a sale effected at a foreign office of a broker will be subject to information reporting and backup withholding if:

the proceeds are transferred to an account maintained by you in the United States;

Table of Contents

the payment of proceeds or the confirmation of the sale is mailed to you at a United States address; or

the sale has some other specified connection with the United States as provided in U.S. Treasury regulations,

unless the broker does not have actual knowledge or reason to know that you are a United States person and the documentation requirements described above (relating to a sale of notes effected at a United States office of a broker) are met or you otherwise establish an exemption.

In addition, payment of the proceeds from the sale of notes effected at a foreign office of a broker will be subject to information reporting if the broker is:

a United States person;

a controlled foreign corporation for United States tax purposes;

a foreign person 50% or more of whose gross income is effectively connected with the conduct of a United States trade or business for a specified three-year period; or

a foreign partnership, if at any time during its tax year:

one or more of its partners are "U.S. persons," as defined in U.S. Treasury regulations, who in the aggregate hold more than 50% of the income or capital interest in the partnership; or

such foreign partnership is engaged in the conduct of a United States trade or business,

unless the broker does not have actual knowledge or reason to know that you are a United States person and the documentation requirements described above (relating to a sale of notes effected at a United States office of a broker) are met or you otherwise establish an exemption. Backup withholding will apply if the sale is subject to information reporting and the broker has actual knowledge that you are a United States person.

We suggest that you consult with your tax advisor concerning information reporting and backup withholding on a sale of a note.

Table of Contents**UNDERWRITING**

Subject to the terms and conditions in the underwriting agreement dated the date hereof among us and the underwriters named below, for whom Merrill Lynch, Pierce, Fenner & Smith Incorporated is acting as representative, we have agreed to sell to each of the underwriters, and each of the underwriters has agreed to purchase from us, the principal amount of the notes indicated in the following table.

<u>Underwriter</u>	<u>Principal Amount of Notes</u>
Merrill Lynch, Pierce, Fenner & Smith Incorporated	\$
Morgan Stanley & Co. LLC	
Wells Fargo Securities, LLC	
Barclays Capital Inc.	
Citigroup Global Markets Inc.	
Credit Suisse Securities (USA) LLC	
Scotia Capital (USA) Inc.	
Deutsche Bank Securities Inc.	
HSBC Securities (USA) Inc.	
Mitsubishi UFJ Securities (USA), Inc.	
PNC Capital Markets LLC	
Total	\$ 400,000,000

Under the terms and conditions of the underwriting agreement, if the underwriters purchase any of the notes, then they are obligated to purchase all of the notes.

The underwriters propose to offer the notes initially at the public offering price on the cover page of this prospectus supplement. After the initial offering of the notes to the public, the underwriters may change the public offering price.

We estimate that the total expenses of this offering to be paid by us, excluding underwriting discounts and commissions, will be approximately \$1 million.

In connection with this offering and in compliance with applicable law, the underwriters may engage in over-allotment, stabilizing and syndicate covering transactions and penalty bids in accordance with Regulation M under the Exchange Act.

Over-allotment involves syndicate sales in excess of the offering size, which creates a syndicate short position.

The underwriters may also effect transactions which stabilize, maintain or otherwise affect the market price of the notes at levels above those which might otherwise prevail in the open market.

Such transactions may include placing bids for the notes or effecting purchases of the notes for the purpose of pegging, fixing or maintaining the price of the notes.

Syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover syndicate short positions.

Penalty bids permit the representatives of the underwriters to reclaim a selling concession from a syndicate member when the notes sold by that syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of preventing or retarding a decline in the market price of the notes. They may also cause the

Table of Contents

price of the notes to be higher than it would otherwise be in the absence of these transactions. These transactions may be effected in the over-the-counter market or otherwise. The underwriters are not required to engage in any of these activities and such activities, if commenced, may be discontinued at any time.

The notes are offered for sale only in those jurisdictions where it is legal to offer them.

There is no public market for the notes. The notes will not be listed on any securities exchange or included in any automated quotation system. The underwriters have advised us that, following completion of the offering of the notes, they intend to make a market in the notes, as permitted by applicable law. They are not obligated, however, to make a market in the notes, and may discontinue any market-making activities at any time without notice, in their sole discretion. If any of the underwriters ceases to act as a market-maker for the notes for any reason, there can be no assurance that another firm or person will make a market in the notes. Accordingly, we cannot assure you as to the development or liquidity of any market for these notes.

Neither we nor any of the underwriters makes any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters makes any representation that the underwriters will engage in such transactions or that such transactions, once commenced, will not be discontinued without notice.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments that the underwriters may be required to make in respect of any such liabilities.

In compliance with guidelines of FINRA, the maximum consideration or discount to be received by any FINRA member will not exceed 8% of the aggregate amount of the notes offered pursuant to this prospectus supplement.

In the ordinary course of their business, the underwriters and their affiliates have engaged, and may in the future engage, in commercial banking and/or investment banking transactions with us and our affiliates for which they received or will receive customary fees and expenses. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. In particular, affiliates of Merrill Lynch, Pierce, Fenner & Smith Incorporated are the agent, U.S. swingline lender, U.S. letter of credit issuer, Canadian swingline lender and Canadian letter of credit issuer under the ABL facility, and Merrill Lynch, Pierce, Fenner & Smith Incorporated, Citigroup Global Markets Inc., and affiliates of Wells Fargo Securities, LLC and Morgan Stanley & Co. LLC are joint lead arrangers and joint book runners under the ABL facility. An affiliate of Scotia Capital (USA) Inc. is the administrative agent under our accounts receivable securitization facility. In addition, certain affiliates of certain of the underwriters are lenders under our ABL facility and under our accounts receivable securitization facility. From time to time, certain of our underwriters and their affiliates may effect transactions for their own account or the account of customers, and hold on behalf of themselves or their customers, long or short positions in our debt or equity securities or loans, and may do so in the future. Moreover, the underwriters and certain of their affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Notice to Prospective Investors in the European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date") no offer of notes may be made to the public in that Relevant Member State other than:

provided that no such offer of notes shall require us or the representatives to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

This prospectus supplement and the accompanying prospectus have been prepared on the basis that any offer of notes in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of notes. Neither we nor the underwriters have authorized, nor do they authorize, the making of any offer of notes in circumstances in which an obligation arises for us or the underwriters to publish such a prospectus for such offer.

For the purpose of the above provisions, the expression "an offer to the public" in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression "Prospectus Directive" means Directive 2003/71/EC and amendments thereto (including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member States) and includes any relevant implementing measure in the Relevant Member State and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

In 2011, we generated total revenues of \$2.6 billion, including \$2.2 billion of equipment rental revenue. On April 30, 2012, we acquired 100 percent of the outstanding common shares and voting interest of RSC Holdings, Inc. The results of RSC's operations have been included in the condensed consolidated financial statements since the acquisition date. For the six months ended June 30, 2012, we generated total revenues of \$1.65 billion, including \$1.37 billion of equipment rental revenue.

As of June 30, 2012, our fleet of rental equipment included approximately 410,000 units. The total original equipment cost of our fleet, based on initial consideration paid, was \$7.3 billion at June 30, 2012. The fleet includes:

General construction and industrial equipment, such as backhoes, skid-steer loaders, forklifts, earthmoving equipment and material handling equipment;

Aerial work platforms, such as boom lifts and scissor lifts;

General tools and light equipment, such as pressure washers, water pumps, generators, heaters and power tools;

Trench safety equipment, such as trench shields, aluminum hydraulic shoring systems, slide rails, crossing plates, construction lasers and line testing equipment for underground work; and

Power and HVAC ("heating, ventilating and air conditioning") equipment, such as portable diesel generators, electrical distribution equipment, and temperature control equipment including heating and cooling equipment.

In addition to renting equipment, we sell new and used equipment as well as related contractor supplies, parts and service.

Our principal executive offices are located at Five Greenwich Office Park, Greenwich, Connecticut 06831, and our telephone number is (203) 622-3131.

RISK FACTORS

Investing in our securities involves certain risks. Before you invest in any of our debt securities, common stock, preferred stock or warrants, in addition to the other information included in, or incorporated by reference into, this prospectus, you should carefully consider the risk factors contained in Item 1A under the caption "*Risk Factors*" and elsewhere in our annual report on Form 10-K for the fiscal year ended December 31, 2011, which is incorporated into this prospectus by reference, as updated by our annual or quarterly reports for subsequent fiscal years or fiscal quarters that we file with the SEC and that are so incorporated. See "*Where You Can Find More Information*" for information about how to obtain a copy of these documents. You should also carefully consider the risks and other information that may be contained in, or incorporated by reference into, any prospectus supplement relating to specific offerings of securities.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth information regarding our ratio of earnings to fixed charges for each of the periods shown. For purposes of calculating this ratio, (i) earnings consist of income (loss) from continuing operations before provision (benefit) for income taxes, and fixed charges, net of capitalized interest and (ii) fixed charges consist of interest expense, which includes amortization of deferred finance charges, interest expense-subordinated convertible debentures, capitalized interest and imputed interest on our lease obligations. The interest component of rent was determined based on an estimate of a reasonable interest factor at the inception of the leases.

	Year Ended December 31,					Six Months	(2)
	2007	2008	2009	2010	2011	Ended June 30, 2012	
Ratio of Earnings to Fixed Charges(1)	3.3x	(2)(3)	(2)	(2)	1.6x		

- (1) Currently, we have no shares of preferred stock outstanding and have not paid any dividends on preferred stock in the periods shown. Therefore, the ratio of earnings to combined fixed charges and preferred stock dividends does not differ from the ratio of earnings to fixed charges.
- (2) Due to our losses for the six months ended June 30, 2012 and the years ended December 31, 2010, 2009 and 2008, the ratio coverage was less than 1:1 for these periods. We would have had to have generated additional earnings of \$45 million, \$63 million, \$108 million and \$814 million for the six months ended June 30, 2012 and the years ended December 31, 2010, 2009 and 2008 respectively, to have achieved coverage ratios of 1:1.
- (3) The loss for the year ended December 31, 2008 includes the effect of a \$1,147 million pretax non-cash goodwill impairment charge. The effect of this charge was to reduce the ratio of earnings to fixed charges. Had this charge been excluded from the calculation, the ratio of earnings to fixed charges would have been 2.2x for the year ended December 31, 2008.

USE OF PROCEEDS

Unless otherwise specified in the applicable prospectus supplement or other offering material, we will use the proceeds from the sale of the securities to repay our outstanding debt, to retire other securities or to provide funds for general corporate purposes.

SUMMARY DESCRIPTION OF THE SECURITIES WE MAY ISSUE

We may use this prospectus to offer from time to time:

Debt securities. The debt securities may be senior debt securities or, in the case of URNA, senior or senior subordinated debt securities. The debt securities may be convertible into, or exchangeable for, Holdings' common stock, preferred stock or other securities. In the case of debt securities issued by URNA, Holdings will, and certain of URNA's subsidiaries may, fully and unconditionally guarantee the principal of, and premium (if any) and interest on, such debt securities. The debt securities will be unsecured and, in the case of senior debt, will rank equally with any of our other senior and unsecured debt and, in the case of senior subordinated debt, will rank junior in right of payment and priority to any senior debt.

Shares of common stock, par value \$0.01 per share, of Holdings.

Shares of preferred stock, par value \$0.01 per share, of Holdings. The preferred stock may be convertible into, or exchangeable for, other series of Holdings' preferred stock or common stock. We may offer different series of preferred stock with different dividend, voting, conversion, redemption and liquidation rights.

Warrants. These warrants may be issued by Holdings for the purchase of our debt securities, common stock or preferred stock. Warrants may be issued independently or together with debt securities, common stock or preferred stock, and may be attached to or separate from those securities.

The applicable prospectus supplement will describe the specific types, amounts, prices and detailed terms of any of these securities to the extent they are not described in this prospectus.

DESCRIPTION OF DEBT SECURITIES

The following description of the debt securities outlines some of the provisions of the debt securities. This information may not be complete in all respects and is qualified in its entirety by reference to the applicable indenture and its associated documents, including the form of note. We have filed forms of the indentures with the SEC as exhibits to the registration statement of which this prospectus forms a part. See "Where You Can Find More Information" for information on how to obtain copies of them. The specific terms of any series of debt securities will be described in the applicable prospectus supplement. If so described in a prospectus supplement, the terms of that series of debt securities may differ from the general description of terms presented below.

Please note that, in this section titled "Description of Debt Securities," references to "we," "our" and "us" refer either to Holdings or to URNA, as the case may be, as the issuer of the applicable series of debt securities and not to any subsidiaries, unless the context requires otherwise. Also, in this section, references to "holders" mean those who own debt securities registered in their own names on the books that we or the trustee maintain for this purpose and not those who own beneficial interests in debt securities registered in street name or in debt securities issued in book-entry form through one or more depositaries. Owners of beneficial interests in the debt securities should read the section titled " Book-Entry, Delivery and Form."

Debt Securities May Be Senior or Senior Subordinated

Holdings and URNA may issue debt securities which, in the case of Holdings, will be senior debt securities and, in the case of URNA, may be senior or senior subordinated debt securities. Neither the senior debt securities nor the senior subordinated debt securities will be secured by any property or assets of Holdings, URNA or any of their respective subsidiaries. Thus, by owning a debt security, you are an unsecured creditor of Holdings or URNA, as the case may be. As a result, both the senior debt securities and the senior subordinated debt securities will be structurally subordinate to the secured indebtedness of Holdings or URNA, as the case may be, to the extent of the value of the applicable collateral. In addition, the debt securities may be convertible into, or exchangeable for, Holdings' common stock, preferred stock or other securities.

The senior debt securities will be issued under the applicable senior debt indenture, as described below, and will rank equally with all the other senior unsecured and unsubordinated debt of Holdings or URNA, as the case may be.

The senior subordinated debt securities of URNA will be issued under the senior subordinated debt indenture, as described below, and payment of the principal of, and premium (if any) and interest on, the senior subordinated debt securities will be junior in right of payment to the prior payment in full of all of URNA's "senior indebtedness," as defined in the senior subordinated debt indenture. The prospectus supplement for any series of senior subordinated debt securities will set forth the subordination terms of such debt securities, as well as the aggregate amount of senior indebtedness outstanding as of the end of URNA's most recent fiscal quarter. The prospectus supplement will also set forth limitations, if any, on issuance of additional senior indebtedness. Holdings' senior indebtedness will be structurally subordinate to the indebtedness of URNA and will be structurally subordinate to the indebtedness of the subsidiaries of URNA. URNA's indebtedness is, and any additional indebtedness of URNA will be, structurally subordinate to the indebtedness of URNA's subsidiaries (except to the extent such subsidiary guarantees such indebtedness and solely to the extent of such guarantee) and will be structurally senior to any indebtedness of Holdings (except to the extent URNA guarantees such indebtedness and solely to the extent of such guarantee).

When we refer to "senior debt securities", we mean both the senior debt securities of Holdings and the senior debt securities of URNA, unless the context requires otherwise. When we refer to "senior subordinated debt securities", we mean the senior subordinated debt securities of URNA,

unless the context requires otherwise. When we refer to "debt securities", we mean both the senior debt securities and the senior subordinated debt securities, unless the context requires otherwise.

The Senior Debt Indenture of Holdings

The senior debt securities of Holdings are governed by a document called an indenture. Each indenture is a contract between Holdings, as the issuer of the debt securities, and Wells Fargo Bank, National Association, which will initially act as trustee.

The trustee has two main roles:

First, the trustee can enforce your rights against us if we default. There are some limitations on the extent to which the trustee acts on your behalf, which we describe under "*Events of Default*."

Second, the trustee performs administrative duties for us, such as sending interest payments and notices.

When we refer to the indenture or the trustee with respect to any debt securities of Holdings, we mean the indenture under which those debt securities are issued and the trustee acting pursuant to that indenture.

The Senior Debt Indenture and the Senior Subordinated Debt Indenture of URNA

The senior debt securities and the senior subordinated debt securities of URNA are each governed by a document called an indenture the senior debt indenture, in the case of the senior debt securities, and the senior subordinated debt indenture, in the case of the senior subordinated debt securities. Each indenture is a contract between (i) URNA, as issuer of the debt securities, (ii) Holdings and certain subsidiaries of URNA, if applicable, as guarantors, and (iii) Wells Fargo Bank, National Association, which will initially act as trustee. The indentures governing the debt securities of URNA are substantially identical, except for the provisions relating to subordination, which are included only in the senior subordinated debt indenture.

Under each indenture, Holdings will, and certain subsidiaries of URNA may, fully and unconditionally guarantee, jointly and severally, to each holder and the trustee, the full and prompt performance of URNA's obligations under the indenture and the debt securities, including the payment of principal of, and premium (if any) and interest on, the debt securities. The guarantee of any senior subordinated debt securities by Holdings and those subsidiaries of URNA will be subordinated to the senior indebtedness of Holdings or such subsidiary guarantor, as applicable, on the same basis as such senior subordinated debt securities are subordinated to the senior indebtedness of URNA.

The prospectus supplement will describe any additional terms of the guarantee and will identify any subsidiary guarantors of those debt securities.

The trustee under each indenture has two main roles:

First, the trustee can enforce your rights against us if we default. There are some limitations on the extent to which the trustee acts on your behalf, which we describe under "*Events of Default*."

Second, the trustee performs administrative duties for us, such as sending interest payments and notices.

When we refer to the indenture, the guarantors or the trustee with respect to any debt securities of URNA, we mean the indenture under which those debt securities are issued, Holdings and any subsidiary guarantors of those debt securities and the trustee acting pursuant to that indenture.

We May Issue Many Series of Debt Securities

We may issue as many distinct series of debt securities as we wish. Additionally, the provisions of each indenture allow us to "reopen" a previous issue of a series of debt securities and issue additional debt securities of that series. This section of the prospectus summarizes terms of the securities that apply generally to all series. We will describe most of the financial and other specific terms of a series, including any additional terms of any guarantee, whether it be a series of the senior debt securities or senior subordinated debt securities, in the prospectus supplement accompanying this prospectus. Those terms may vary from the terms described here.

As you read this section of the prospectus, please remember that the specific terms of the debt securities will be described in the accompanying prospectus supplement and that such description may modify or replace the general terms described in this section. If there are any differences between the prospectus supplement and this prospectus, the prospectus supplement will control. Thus, the statements we make in this section may not apply to your debt security.

When we refer to a series of debt securities, we mean a series issued under the applicable indenture. When we refer to the prospectus supplement, we mean the prospectus supplement describing the specific terms of the debt security you purchase. The terms used in the prospectus supplement have the meanings described in this prospectus, unless otherwise specified.

Principal Amount, Stated Maturity and Maturity

The "principal amount" of a debt security means the principal amount, plus the premium, if any, payable at its stated maturity, unless that amount is not determinable, in which case the principal amount of a debt security is its face amount. Any debt securities owned by us or any of our affiliates are not deemed to be outstanding for certain determinations under the indenture.

The term "stated maturity" with respect to any debt security means the day on which the principal amount of the debt security is scheduled to become due. The principal may become due sooner by reason of redemption or acceleration after a default or otherwise in accordance with the terms of the debt security. The day on which the principal actually becomes due, whether at the stated maturity or earlier, is called the "maturity" of the principal.

We also use the terms "stated maturity" and "maturity" to refer to the days when other payments become due. For example, we refer to a regular interest payment date when an installment of interest is scheduled to become due as the "stated maturity" of that installment.

When we refer to the "stated maturity" or the "maturity" of a debt security without specifying a particular payment, we mean the stated maturity or maturity, as the case may be, of the principal.

The prospectus supplement will contain the terms relating to the specific series of debt securities being offered. The prospectus supplement will include some or all of the following:

whether the issuer of the debt securities is Holdings or URNA;

in the case of debt securities issued by URNA, any additional terms of the guarantee and, if the debt securities are guaranteed by certain subsidiaries of URNA, the identity of the subsidiary guarantors; and

any other terms of the debt securities not inconsistent with the indenture.

Unless otherwise specified in the prospectus supplement, the debt securities will not be listed on any securities exchange.

Holders of the debt securities may present their securities for exchange and may present registered debt securities for transfer in the manner described in the prospectus supplement.

Debt securities may bear interest at a fixed rate or a variable rate, as specified in the prospectus supplement. In addition, if specified in the prospectus supplement, we may sell debt securities bearing no interest or interest at a rate that at the time of issuance is below the prevailing market rate, or at a discount below their stated principal amount. We will describe in the prospectus supplement any material special federal income tax considerations applicable to any such discounted debt securities.

Certain Covenants

The indenture may include covenants of Holdings, URNA or any subsidiary guarantors, as the case may be. These covenants may impose limitations on our indebtedness, limitations on liens, limitations on the issuance of preferred stock of certain of our subsidiaries, limitations on certain distributions and limitations on transactions with our affiliates, or other limitations. Any such covenants applicable to a series of debt securities will be set forth in the prospectus supplement.

Consolidation, Merger, Sale of Assets, Etc.

The indenture may restrict the ability of Holdings, URNA and/or certain of URNA's subsidiaries to enter into certain transactions, including a transaction or series of transactions pursuant to which Holdings, URNA or certain of URNA's subsidiaries merge or consolidate with or into, or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its properties and assets as an entirety to, any person or persons. The terms of any such restriction applicable to a series of debt securities will be set forth in the prospectus supplement.

Events of Default

The following will be "*Events of Default*" under the indenture:

(i) default in the payment of the principal of, or premium (if any) on, any of the debt securities, when due and payable (at stated maturity, upon optional redemption, or otherwise), whether or not prohibited by the subordination provisions of the indenture, if any;

(ii) default in the payment of an installment of interest on any debt security, when due and payable, for 30 days, whether or not prohibited by the subordination provisions of the indenture, if any;

(iii) certain events relating to our bankruptcy, insolvency or reorganization; and

(iv) if applicable, any of the guarantees ceases to be in full force and effect or any of the guarantees is declared to be null and void and unenforceable or any of the guarantees is found to be invalid or Holdings or any of the subsidiary guarantors denies its liability under its guarantee (other than by reason of release of Holdings or the subsidiary guarantor in accordance with the terms of the indenture).

The prospectus supplement will specify any additional Events of Default with respect to a particular series of debt securities. If an Event of Default (other than an Event of Default covered by clause (iii) above) will occur and be continuing, the trustee, by notice to us, or the holders of at least 25% in aggregate principal amount of the debt securities then outstanding, by notice to the trustee and us, may declare the principal of, premium (if any) and accrued and unpaid interest (if any) on all of the outstanding debt securities due and payable immediately, upon which declaration, all amounts payable in respect of the debt securities will be due and payable as of the date which is five business days after the giving of such notice. If an Event of Default specified in clause (iii) above occurs and is continuing, then the principal of, and premium (if any) and accrued and unpaid interest (if any) on, all the outstanding debt securities will ipso facto become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder of debt securities.

After a declaration of acceleration under the indenture, but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of a majority in aggregate principal amount of the outstanding debt securities, by written notice to us and the trustee, may rescind such declaration if:

- (i) we have paid or deposited with the trustee a sum sufficient to pay:
 - (a) all sums paid or advanced by the trustee under the indenture and the reasonable compensation, expenses, disbursements and advances of the trustee, its agents and counsel;
 - (b) all overdue interest on all debt securities;
 - (c) the principal of, and premium (if any) on, any debt securities which have become due otherwise than by such declaration of acceleration and interest thereon at the rate borne by the debt securities; and
 - (d) to the extent that payment of such interest is lawful, interest upon overdue interest and overdue principal at the rate set forth in the debt securities which has become due otherwise than by such declaration of acceleration;
- (ii) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction; and

(iii)

all Events of Default, other than the non-payment of the principal of, and premium (if any) and interest on, the debt securities that has become due solely by such declaration of acceleration, have been cured or waived.

The holders of not less than a majority in aggregate principal amount of the outstanding debt securities may on behalf of the holders of all the debt securities waive any past defaults under the indenture, except a default in the payment of the principal of, or premium (if any) or interest on, any debt security, or in respect of a covenant or provision which under the indenture cannot be modified or amended without the consent of the holder of each debt security outstanding.

No holder of any of the debt securities has any right to institute any proceeding, judicial or otherwise, with respect to the indenture, or for the appointment of a receiver or trustee, or for any remedy thereunder, unless (i) such holder has previously given written notice to the trustee of a continuing Event of Default, (ii) the holders of at least 25% in aggregate principal amount of the outstanding debt securities have made written request to the trustee to institute such proceeding as the trustee under the debt securities and the indenture, (iii) such holders have offered to the trustee indemnity satisfactory to the trustee against the costs, expenses and liabilities to be incurred in compliance with such request, (iv) the trustee has failed to institute such proceeding within 45 days after receipt of such notice, request and offer of indemnity and (v) the trustee, within such 45-day period, has not received directions inconsistent with such written request by holders of a majority in aggregate principal amount of the outstanding debt securities. Such limitations do not apply, however, to a suit instituted by a holder of a debt security for the enforcement of the payment of the principal of, or premium (if any) or interest on, such debt security on or after the respective due dates expressed in such debt security.

During the existence of an Event of Default, the trustee is required to exercise such rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise thereof as a prudent person would exercise under the circumstances in the conduct of such person's own affairs. Subject to the provisions of the indenture relating to the duties of the trustee, whether or not an Event of Default will occur and be continuing, the trustee is not under any obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders unless such holders will have offered to the trustee security or indemnity satisfactory to it. Subject to certain provisions concerning the rights of the trustee, the holders of a majority in aggregate principal amount of the outstanding debt securities have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or of exercising any trust or power conferred on the trustee under the indenture.

If a default or an Event of Default occurs and is continuing and is known to the trustee, the trustee will mail to each holder of the debt securities notice of the default or Event of Default within 90 days after obtaining knowledge thereof. Except in the case of a default or an Event of Default in payment of the principal of, or premium (if any) or interest on, any debt securities, the trustee may withhold the notice to the holders of such debt securities if and so long as a committee of its Responsible Officers in good faith determines that withholding the notice is in the interest of the holders of the debt securities.

We are required to furnish to the trustee annual statements as to our performance of our obligations under the indenture and as to any default in such performance. We are also required to notify the trustee within five days of any event which is, or after notice or lapse of time or both would become, an Event of Default.

No Liability for Certain Persons

No director, officer, employee or stockholder of Holdings or URNA, nor any director, officer or employee of any subsidiary guarantor, as such, will have any liability for any obligations of Holdings,

URNA or any such subsidiary guarantor, as the case may be, under the debt securities, the guarantees thereof or the indenture based on, or by reason of, such obligations or their creation. Each holder by accepting a debt security waives and releases all such liability. The foregoing waiver and release are an integral part of the consideration for issuance of the debt securities. Such waiver may not be effective to waive liabilities under the federal securities laws.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the debt securities, as expressly provided for in the indenture) as to all outstanding debt securities when:

- (i) either:
 - (a) all the debt securities theretofore authenticated and delivered (except lost, stolen or destroyed debt securities which have been replaced or repaid and debt securities for whose payment money has theretofore been deposited in trust or segregated and held in trust by us and thereafter repaid to us or discharged from such trust) have been delivered to the trustee for cancellation; or
 - (b) all debt securities not theretofore delivered to the trustee for cancellation (except lost, stolen or destroyed debt securities which have been replaced or paid) have become due and payable, will become due and payable at their stated maturity within one year or will become due and payable within one year under arrangements acceptable to the trustee, and we have irrevocably deposited or caused to be deposited with the trustee funds in an amount sufficient to pay and discharge the entire indebtedness on the debt securities not theretofore delivered to the trustee for cancellation, for the principal of, and premium (if any) and interest on, the debt securities to the date of deposit (in the case of debt securities that have become due and payable) or to the maturity or redemption date, as the case may be, together with irrevocable instructions from us directing the trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;
- (ii) we have paid all other sums payable under the indenture by us; and
- (iii) we have delivered to the trustee an officers' certificate and an opinion of counsel stating that all conditions precedent under the indenture relating to the satisfaction and discharge of the indenture have been complied with.

Amendments and Waivers

From time to time, we, when authorized by a resolution of our Board of Directors (the "*Board*"), and the trustee may, without the consent of the holders of any outstanding debt securities, amend, waive or supplement the indenture or the debt securities for certain specified purposes described in the applicable prospectus supplement, including, among other things, adding to our covenants or surrendering any right or power conferred upon us in the indenture, securing any of the debt securities, curing ambiguities, defects or inconsistencies, qualifying (or maintaining the qualification of) the indenture under the Trust Indenture Act of 1939; provided, however, that such amendments, waivers or supplements do not adversely affect the rights of any holder of debt securities. Other amendments and modifications of the indenture or the debt securities may be made by us and the trustee with the consent of the holders of not less than a majority of the aggregate principal amount of the outstanding debt securities; provided, however, that no such modification or amendment may, without the consent of the holder of each outstanding debt security affected thereby:

- (i) reduce the principal amount of, extend the stated maturity of or alter the redemption provisions of, any debt security;

- (ii) change the currency in which any debt security or any premium or the interest thereon is payable;
- (iii) reduce the percentage in principal amount of outstanding debt securities that must consent to an amendment, supplement or waiver or consent to take any action under the indenture or the debt security or any guarantee;
- (iv) impair the right to institute suit for the enforcement of any payment on or with respect to the debt securities or any guarantee;
- (v) waive a default in payment with respect to the debt securities or any guarantee;
- (vi) reduce or change the rate or time for payment of interest on the debt securities;
- (vii) modify the terms upon which those debt securities are convertible into, or exchangeable for, Holding's other securities in a manner adverse to the holders; or
- (viii) modify or change any provision in the indenture affecting the ranking of the debt securities or, in the case of debt securities entitled to the benefit of any guarantee, any guarantee in a manner adverse to the holders.

The Trustee

The indenture provides that, except during the continuance of an Event of Default, the trustee thereunder will perform only such duties as are specifically set forth in the indenture. If an Event of Default has occurred and is continuing, the trustee will exercise such rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The indenture and provisions of the Trust Indenture Act of 1939 incorporated by reference therein contain limitations on the rights of the trustee thereunder, should it become a creditor of ours, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The trustee is permitted to engage in other transactions; provided, however, that, if it acquires any conflicting interest (as defined in such Act), it must eliminate such conflict or resign.

Governing Law

The indentures, the debt securities and any guarantees of those debt securities will be governed by New York law.

Book-Entry, Delivery and Form

The debt securities will be issued in the form of one or more registered global debt securities (the "*Global Debt Securities*"). The Global Debt Securities will be deposited upon issuance with the trustee as custodian for The Depository Trust Company ("*DTC*"), in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Debt Securities may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Debt Securities may not be exchanged for debt securities in certificated form except in the limited circumstances described below. See "*Exchange of Global Debt Securities for Certificated Debt Securities*." Except in the limited circumstances described below, owners of beneficial interests in the Global Debt Securities will not be entitled to receive physical delivery of debt securities in certificated form.

Transfers of beneficial interests in the Global Debt Securities will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, which may change from time to time.

Depository Procedures

The following description of the operations and procedures of DTC is provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. We take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised us that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the "*Participants*") and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the "*Indirect Participants*"). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised us that, pursuant to procedures established by it:

- (i) upon deposit of the Global Debt Securities, DTC will credit the accounts of Participants designated by the underwriters with portions of the principal amount of the Global Debt Securities; and
- (ii) ownership interests in the Global Debt Securities will be shown on, and the transfer of ownership interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interests in the Global Debt Securities).

Investors in the Global Debt Securities who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Debt Securities who are not Participants may hold their interests therein indirectly through organizations which are Participants in such system. All interests in a Global Debt Security may be subject to the procedures and requirements of DTC. The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Debt Security to such persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a person having beneficial interests in a Global Debt Security to pledge such interests to persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of an interest in the Global Debt Securities will not have debt securities registered in their names, will not receive physical delivery of debt securities in certificated form and will not be considered the registered owners or holders thereof under the indenture for any purpose.

Payments in respect of the principal of, and premium (if any) and interest on, the Global Debt Securities will be payable to DTC in its capacity as the registered holder under the indenture. Under the terms of the indenture, we and the trustee will treat the persons in whose names the debt securities, including the Global Debt Securities, are registered as the owners of the debt securities for

Edgar Filing: UNITED RENTALS DELAWARE INC - Form 424B2

the purpose of receiving payments and for all other purposes. Consequently, neither we, the trustee nor any agent of ours or the trustee has or will have any responsibility or liability for:

- (i) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interests in the Global Debt Securities or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Debt Securities; or
- (ii) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised us that its current practice, upon receipt of any payment in respect of securities such as the debt securities (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of the debt securities will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or us. Neither we nor the trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the debt securities, and we and the trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee for all purposes.

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds.

DTC has advised us that it will take any action permitted to be taken by a holder of debt securities only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Debt Securities and only in respect of such portion of the aggregate principal amount of the debt securities as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the debt securities, DTC reserves the right to exchange the Global Debt Securities for debt securities in certificated form and to distribute such debt securities to its Participants.

Neither we, the trustee nor any agent of ours or of the trustee will have any responsibility for the performance by DTC or its Participants or Indirect Participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Debt Securities for Certificated Debt Securities

Subject to certain conditions, a Global Debt Security is exchangeable for certificated debt securities in definitive form of like tenor in denominations of \$1,000 and integral multiples thereof if:

- (i) DTC notifies us that it is unwilling or unable to continue as depository for the Global Debt Securities or DTC ceases to be a clearing agency registered under the Securities Exchange Act of 1934 and, in either case, we are unable to locate a qualified successor within 90 days;
- (ii) we, in our discretion, at any time determine not to have all the debt securities represented by the Global Debt Securities; or
- (iii) an Event of Default has occurred and is continuing.

Any Global Debt Security that is exchangeable as described above is exchangeable for certificated debt securities issuable in authorized denominations and registered in such names as DTC will direct.

Same Day Settlement and Payment

We will make payments in respect of the debt securities represented by the Global Debt Securities (including principal, premium (if any) and interest) by wire transfer of immediately available funds to the accounts specified by the holder of the Global Debt Security. We will make all payments of principal, premium (if any) and interest, with respect to certificated debt securities by wire transfer of immediately available funds to the accounts specified by the holders of the certificated debt securities or, if no such account is specified, by mailing a check to each such holder's registered address.

DESCRIPTION OF HOLDINGS' COMMON STOCK

The following description of Holdings' common stock is a summary of the material terms of our common stock. This summary may not contain all of the information that is important to you and is qualified in its entirety by reference to our certificate of incorporation, by-laws and applicable Delaware law.

General

Holdings is authorized by its certificate of incorporation to issue up to 500,000,000 shares of common stock, par value \$0.01 per share.

As of June 30, 2012, there were 92,675,165 shares of Holdings' common stock, \$0.01 par value, outstanding. At December 31, 2011, there were (i) 1,000 shares of common stock reserved for the exercise of warrants, (ii) 1.5 million shares of common stock reserved for issuance pursuant to options granted under our stock option plans, (iii) 1.3 million shares of common stock reserved for the conversion of outstanding Quarterly Income Preferred Securities of the United Rentals Trust I, (iv) 1.0 million shares of common stock reserved for the conversion of outstanding 1⁷/₈% Convertible Senior Subordinated Notes due 2023 and, (v) 18.9 million shares of common stock reserved for the conversion of outstanding 4.00% Convertible Senior Notes due 2015.

The rights, preferences and privileges of the holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of any series of preferred stock that we may designate and issue in the future.

Dividend Rights

Subject to the rights of the holders of our preferred stock (if any), the holders of our common stock have the right to receive dividends and distributions, whether payable in cash or otherwise, as may be declared from time to time by our Board, from legally available funds. However, Holdings has not paid dividends on its common stock since inception.

Voting Rights; Declassified Board

Each holder of record of our common stock is entitled to one vote for each share held on all matters submitted to a vote at a meeting of our stockholders. Except as otherwise required by law, holders of our common stock will vote together as a single class on all matters presented to the stockholders for their vote or approval, including the election of directors. There are no cumulative voting rights with respect to the election of directors or any other matters. Our by-laws require a director to be elected by a majority of votes cast with respect to such director in uncontested elections. Pursuant to our amended and restated certificate of incorporation, all directors are elected annually for one-year terms.

Liquidation Rights

Subject to the rights of the holders of our preferred stock (if any), in the event of our liquidation, dissolution or winding-up, holders of our common stock are entitled to share equally in the assets available for distribution after payment of all creditors.

No Redemption, Conversion or Preemptive Rights

Holders of our common stock have no redemption rights, conversion rights or preemptive rights to purchase or subscribe for our securities. There are no redemption provisions or sinking fund provisions applicable to our common stock.

Fully Paid and Nonassessable

When Holdings issues shares of its common stock, the shares will be fully paid and nonassessable, which means that the full purchase price of the shares will have been paid and holders of the shares will not be assessed any additional monies for the shares.

No Restrictions on Transfer

Neither our certificate of incorporation nor our by-laws contains any restrictions on the transfer of our common stock. In the case of any transfer of shares, there may be restrictions imposed by applicable securities laws.

Issuance of Common Stock

In certain instances, the issuance of authorized but unissued shares of common stock may have an anti-takeover effect. The Board's authority to issue additional shares of common stock may help deter or delay a change of control by increasing the number of shares needed to gain control.

Certain Provisions in our Certificate of Incorporation and By-laws

Holdings' certificate of incorporation and by-laws contain a number of provisions that may be deemed to have the effect of discouraging or delaying attempts to gain control of us, including provisions: (i) providing the Board with the exclusive power to determine the exact number of directors comprising the entire Board, subject to the certificate of incorporation and the right of the holders of preferred stock to elect directors (if any); (ii) authorizing the Board or a majority of the directors then in office or the sole remaining director (and not stockholders unless there are no directors then in office) to fill vacancies in the Board; (iii) providing that a director may be removed prior to the expiration of his or her term only by the affirmative vote of holders of 66²/₃% of the voting power of all shares entitled to vote thereon; (iv) requiring advance notice of stockholder proposals; (v) providing that any action required or permitted to be taken by our stockholders be taken only at an annual or special meeting and prohibiting stockholder action by written consent in lieu of a meeting; (vi) providing the Board with flexibility in scheduling the annual meeting (subject to state law requirements); (vii) providing that special meetings of stockholders may be called only by the chief executive officer or a majority of the Board; (viii) providing that the by-laws may be amended by the Board; (ix) providing that the by-laws and certain of the provisions of the certificate of incorporation may be amended by our stockholders only by the affirmative vote of at least 66²/₃% of the outstanding voting power of all shares entitled to vote generally in the election of directors; and (x) authorizing the Board to issue preferred stock with rights and privileges, including voting rights, as it may deem appropriate. The foregoing provisions could impede a change of control.

Section 203 of the Delaware General Corporation Law

Holdings is subject to the provisions of Section 203 of the Delaware General Corporation Law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a period of three years after the date of the transaction in which the person became an interested stockholder, unless the business combination is approved in a prescribed manner. A "business combination" includes a merger, asset sale or a transaction resulting in a financial benefit to the interested stockholder. An "interested stockholder" is a person who, together with affiliates and associates, owns (or, in certain cases, within the preceding three years, did own) 15% or more of the corporation's outstanding voting stock. Under Section 203, a business combination between Holdings and an interested stockholder is prohibited unless it satisfies one of the following conditions:

prior to the stockholder becoming an interested stockholder, the Board must have previously approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of Holdings outstanding at the time the transaction commenced, excluding, for purposes of determining the number of shares outstanding, shares owned by persons who are directors and officers; or

the business combination is approved by the Board and authorized at an annual or special meeting of the stockholders by the affirmative vote of at least 66²/₃% of the outstanding voting stock which is not owned by the interested stockholder.

Holdings' common stock is traded on the New York Stock Exchange and trades under the symbol "URI."

The transfer agent for our shares of common stock is American Stock Transfer & Trust Company.

DESCRIPTION OF HOLDINGS' PREFERRED STOCK

The following description of Holdings' preferred stock outlines some of the provisions of our preferred stock. This information may not be complete in all respects and is qualified in its entirety by reference to our certificate of incorporation and by-laws, and the certificate of designation relating to your series of preferred stock. The specific terms of any series of preferred stock will be described in the applicable prospectus supplement. If so described in a prospectus supplement, the terms of that series of preferred stock may differ from the general description of terms presented below.

General

Holdings is authorized by its certificate of incorporation to issue up to 5,000,000 shares of preferred stock, par value \$0.01 per share, in one or more series. Currently, there are no shares of our preferred stock issued and outstanding.

Subject to the restrictions prescribed by law, our Board is authorized to fix the number of shares of any series of unissued preferred stock, to determine the designations and the rights, preferences, privileges, restrictions and limitations granted to or imposed upon any series of unissued preferred stock (including dividend rights (which may be cumulative or non-cumulative), voting rights, conversion rights, redemption rights and terms, sinking fund provisions, liquidation preferences and any other

Edgar Filing: UNITED RENTALS DELAWARE INC - Form 424B2

relative rights, preferences and limitations of that series) and, within any applicable limits and restrictions established, to increase or decrease the number of shares of such series subsequent to its issue. Before we issue any series of preferred stock, our Board will adopt resolutions creating and designating such series as a series of preferred stock. Shareholders will not need to approve these resolutions. The issuance of preferred stock could adversely affect the voting and other rights of holders of our common stock and may have the effect of delaying or preventing a change in control of Holdings.

Terms Contained in the Prospectus Supplement

The applicable prospectus supplement will contain the dividend, voting, conversion, redemption, sinking fund, liquidation and other rights, preferences, privileges, restrictions or limitations of any series of preferred stock. The applicable prospectus supplement will describe the following terms of a series of preferred stock:

the designation and stated value per share of preferred stock and the number of shares of preferred stock offered;

the initial public offering price at which we will issue the preferred stock;

whether the shares will be listed on any securities exchange;

the dividend rate or method of calculation, the payment dates for dividends and the dates from which dividends will start to cumulate;

any voting rights;

any conversion rights;

any redemption or sinking fund provisions;

the amount of liquidation preference per share; and

any additional dividend, voting, conversion, redemption, sinking fund, liquidation and other rights or restrictions.

The applicable prospectus supplement may also describe some of the U.S. federal income tax consequences of the purchase and ownership of the series of preferred stock.

No Preemptive Rights

The holders of our preferred stock will have no preemptive rights to buy any additional shares of preferred stock.

Fully Paid and Nonassessable

When we issue shares of our preferred stock, the shares will be fully paid and nonassessable, which means the full purchase price of the shares will have been paid and holders of the shares will not be assessed any additional monies for the shares.

No Restrictions on Transfer

Neither our certificate of incorporation nor our by-laws contains any restrictions on the transfer of our preferred stock. In the case of any transfer of shares, there may be restrictions imposed by applicable securities laws.

Issuance of Preferred Stock

Edgar Filing: UNITED RENTALS DELAWARE INC - Form 424B2

In certain instances, the issuance of authorized but unissued shares of preferred stock may have an anti-takeover effect. The authority of the Board to issue preferred stock with rights and privileges, including voting rights, as it may deem appropriate, may enable the Board to prevent a change of control despite a shift in ownership of our common stock.

DESCRIPTION OF WARRANTS

The following description outlines some of the provisions of each warrant agreement, the warrants and the warrant certificates. This information may not be complete in all respects and is qualified in its entirety by reference to the relevant warrant agreement with respect to the warrants of any particular series. The specific terms of any series of warrants will be described in the applicable prospectus supplement. If so described in a prospectus supplement, the terms of that series of warrants may differ from the general description of terms presented below.

General

We may issue warrants for the purchase of debt securities, common stock or preferred stock. Warrants may be issued independently or together with such debt securities, common stock or preferred stock, and may be attached to or separate from those securities.

Each series of warrants will be evidenced by certificates issued under a separate warrant agreement to be entered into between us and a bank, as warrant agent, selected by us with respect to such series, having its principal office in the United States and having combined capital and surplus of at least \$50,000,000.

The applicable prospectus supplement relating to a series of warrants will mention the name and address of the warrant agent. The applicable prospectus supplement will describe the terms of the warrant agreement and the series of warrants in respect of which this prospectus and the accompanying prospectus supplement are being delivered, including:

the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security or each principal amount of such security;

the offering price;

the aggregate number of warrants;

whether the warrants or related securities will be listed on any securities exchange;

the currency for which such warrants may be purchased;

the date on which the warrants and the related securities will be separately transferable;

in the case of warrants to purchase debt securities, the principal amount of debt securities that can be purchased upon exercise of one warrant, and the price and currency for purchasing those debt securities upon exercise and, in the case of warrants to purchase common stock or preferred stock, the number of shares of common stock or preferred stock, as the case may be, that can be purchased upon the exercise of one warrant, and the price for purchasing such shares upon this exercise;

the dates on which the right to exercise the warrants will commence and expire and, if the warrants are not continuously exercisable, any dates on which the warrants are not exercisable;

the terms of the securities issuable upon exercise of those warrants;

provisions for changes to or adjustments in the exercise price;

whether the warrants will be issued in global or certificated form; and

any other terms of the warrants.

Warrant certificates may be exchanged for new warrant certificates of different denominations, may be presented for transfer registration, and may be exercised at the warrant agent's corporate trust office or any other office indicated in the applicable prospectus supplement. If the warrants are not separately

transferable from the securities with which they were issued, this exchange may take place only if the certificates representing such related securities are also exchanged. Prior to warrant exercise, warrant holders will not have any rights as holders of the securities purchasable upon such exercise, including, in the case of warrants to purchase debt securities, the right to receive the principal of, and premium (if any) or interest payments on, the debt securities purchasable upon such exercise or to enforce covenants in the applicable indenture or, in the case of warrants to purchase common stock or preferred stock, the right to receive any dividends, or payments upon our liquidation, dissolution or winding up or to exercise any voting rights.

Where appropriate, the applicable prospectus supplement will describe the U.S. federal income tax considerations relevant to the warrants.

Exercise of Warrants

Each warrant will entitle the holder to purchase the securities specified in the applicable prospectus supplement at the exercise price mentioned or calculated as described in the applicable prospectus supplement. Unless otherwise specified in the applicable prospectus supplement, warrants may be exercised at any time up to 5:00 p.m., New York time, on the expiration date mentioned in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

Warrants may be exercised by delivery of the warrant certificate representing the warrants to be exercised or, in the case of global securities, by delivery of an exercise notice for those warrants, together with certain information and payment to the warrant agent in immediately available funds, as provided in the applicable prospectus supplement, of the required purchase amount. The information required to be delivered will be on the reverse side of the warrant certificate and in the applicable prospectus supplement. Upon receipt of such payment and the warrant certificate or exercise notice properly executed at the warrant agent's corporate trust office or any other office indicated in the applicable prospectus supplement, we will, within the time period provided by the relevant warrant agreement, issue and deliver the securities purchasable upon such exercise. If fewer than all of the warrants represented by such warrant certificate are exercised, a new warrant certificate will be issued for the remaining amount of warrants.

If mentioned in the applicable prospectus supplement, securities may be surrendered as all or part of the exercise price for warrants.

Antidilution Provisions

In the case of warrants to purchase common stock, the exercise price payable and the number of shares of common stock to be purchased upon warrant exercise may be adjusted in certain events, including:

the issuance of share dividends to stockholders or a combination, subdivision or reclassification of our common stock;

the issuance of rights, warrants or options to all stockholders entitling them to purchase shares of common stock for aggregate consideration per share less than the current market price per share;

any distribution by us to our stockholders or evidences of our indebtedness or of assets, excluding cash dividends or distributions referred to above; and

any other events mentioned in the applicable prospectus supplement.

No adjustment in the number of shares purchasable upon warrant exercise will be required until cumulative adjustments require an adjustment of at least 1% of such number. No fractional shares will

Edgar Filing: UNITED RENTALS DELAWARE INC - Form 424B2

be issued upon warrant exercise, but we will pay the cash value of any fractional shares otherwise issuable.

Modification

We and the relevant warrant agent may amend any warrant agreement and the terms of the related warrants by executing a supplemental warrant agreement, without any such warrant holder's consent, for the purpose of:

curing any ambiguity, any defective or inconsistent provision contained in the warrant agreement, or making any other corrections to the warrant agreement that are not inconsistent with the provisions of the warrant certificates;

evidencing the succession of another corporation to us and their assumption of our covenants contained in the warrant agreement and the warrants;

appointing a successor depository, if the warrants are issued in the form of global securities;

evidencing a successor warrant agent's acceptance of appointment with respect to the warrants;

adding to our covenants for the warrant holders' benefit or surrendering any right or power conferred upon us under the warrant agreement;

issuing warrants in definitive form, if such warrants are initially issued in the form of global securities; or

amending the warrant agreement and the warrants as we deem necessary or desirable and that will not adversely affect the warrant holders' interests in any material respect.

We and the warrant agent may also amend any warrant agreement and the related warrants by a supplemental agreement with the consent of the holders of a majority of the unexercised warrants such amendment affects, for the purpose of adding, modifying or eliminating any of the warrant agreement's provisions or of modifying the holders' rights. However, no such amendment that:

changes the number or amount of securities purchasable upon warrant exercise so as to reduce the number of securities receivable upon this exercise;

shortens the time period during which the warrants may be exercised;

otherwise adversely affects the exercise rights of such warrant holders in any material respect; or

reduces the number of unexercised warrants

may be made without the consent of each holder affected by that amendment.

Consolidation, Merger and Sale of Assets

Each warrant agreement will provide that we may consolidate or merge with or into any other corporation or sell, lease, transfer or convey all or substantially all of our assets to any other corporation; provided, however, that:

Edgar Filing: UNITED RENTALS DELAWARE INC - Form 424B2

either we must be the continuing corporation, or the corporation other than us formed by or resulting from any consolidation or merger or that receives the assets must be organized and existing under the laws of any U.S. jurisdiction (or any subdivision thereof) and must assume our obligations for the unexercised warrants and the performance of all covenants and conditions of the relevant warrant agreement; and

we or that successor corporation must not immediately be in default under that warrant agreement.

Enforceability of Rights by Holders of Warrants

Each warrant agent will act solely as our agent under the relevant warrant agreement and will not assume any obligation or relationship of agency or trust for any warrant holder. A single bank or trust company may act as warrant agent for more than one issue of warrants. A warrant agent will have no duty or responsibility in case we default in performing its obligations under the relevant warrant agreement or warrant, including any duty or responsibility to initiate any legal proceedings or to make any demand upon us. Any warrant holder may, without the consent of the warrant agent or of any other warrant holder, enforce by appropriate legal action its right to exercise, and receive the securities purchasable upon exercise of, that warrant.

Replacement of Warrant Certificates

We will replace any destroyed, lost, stolen or mutilated warrant certificate upon delivery to us and the relevant warrant agent of evidence satisfactory to them of the ownership of that warrant certificate and of the destruction, loss, theft or mutilation of that warrant certificate, and (in the case of mutilation) surrender of that warrant certificate to the relevant warrant agent, unless we or the warrant agent has received notice that the warrant certificate has been acquired by a *bona fide* purchaser. That warrant holder will also be required to provide indemnity satisfactory to the relevant warrant agent and us before a replacement warrant certificate will be issued.

Title

We, the warrant agents and any of their agents may treat the registered holder of any warrant certificate as the absolute owner of the warrants evidenced by that certificate for any purpose and as the person entitled to exercise the rights attaching to the warrants so requested, despite any notice to the contrary.

PLAN OF DISTRIBUTION

We may sell the securities offered by this prospectus and any applicable prospectus supplements:

through underwriters or dealers;

through agents;

directly to purchasers; or

through a combination of any such methods of sale.

The securities we distribute by any of these methods may be sold to the public, in one or more transactions, either:

at a fixed price or prices that may be changed;

at market prices prevailing at the time of sale;

at prices related to such prevailing market prices; or

at negotiated prices.

If underwriters are used to sell securities, we will enter into an underwriting agreement or similar agreement with them at the time of the sale to them. In that connection, underwriters may receive compensation from us in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the securities for whom they may act as agent. Any such underwriter, dealer or agent may be deemed to be an underwriter within the meaning of the Securities Act of 1933. If underwriters or dealers are used in the sale, the securities will

be acquired by the underwriters or dealers for their own account and may be resold from time to time in one or more transactions.

Edgar Filing: UNITED RENTALS DELAWARE INC - Form 424B2

The applicable prospectus supplement relating to the securities will set forth:

the offering terms, including the name or names of any underwriters, dealers or agents;

the purchase price of the securities and the proceeds to us, if any, from such sale;

any underwriting discounts, concessions, commissions and other items constituting compensation to underwriters, dealers or agents;

any initial public offering price;

any discounts or concessions allowed or reallocated or paid by underwriters or dealers to other dealers; and

any securities exchanges on which the securities may be listed.

The securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more of such firms. Unless otherwise set forth in an applicable prospectus supplement, the obligations of underwriters or dealers to purchase the securities will be subject to certain conditions precedent and the underwriters or dealers will be obligated to purchase all the securities if any are purchased. Any public offering price and any discounts or concessions allowed or reallocated or paid by underwriters or dealers to other dealers may be changed from time to time.

Securities may be sold directly by us or through agents designated by us from time to time. Any agent involved in the offer or sale of the securities in respect of which this prospectus and a prospectus supplement is delivered will be named, and any commissions payable by us to such agent will be set forth, in the prospectus supplement. Unless otherwise indicated in the prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment.

If so indicated in the prospectus supplement, we will authorize underwriters, dealers or agents to solicit offers from certain specified institutions to purchase securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. Such contracts will be subject to any conditions set forth in the prospectus supplement and the prospectus supplement will set forth the commissions payable for solicitation of such contracts. The underwriters and other persons soliciting such contracts will have no responsibility for the validity or performance of any such contracts.

Underwriters, dealers and agents may be entitled under agreements entered into with us to be indemnified by us against certain civil liabilities, including liabilities under the Securities Act of 1933, or to contribution by us to payments which they may be required to make. The terms and conditions of such indemnification will be described in an applicable prospectus supplement. Underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for, us in the ordinary course of business.

Any underwriters to whom securities are sold by us for public offering and sale may make a market in such securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of the trading market for any securities.

Certain persons participating in any offering of securities may engage in transactions that stabilize, maintain or otherwise affect the price of the securities offered. In connection with any such offering, the underwriters or agents, as the case may be, may purchase and sell securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. Stabilizing transactions consist of certain bids or purchases for the purpose of preventing or retarding a decline in the market price of the securities and syndicate short positions involve the sale by the underwriters or agents, as the case

may be, of a greater number of securities than they are required to purchase from us in the offering. The underwriters may also impose a penalty bid, whereby selling concessions allowed to syndicate members or other broker-dealers for the securities sold for their account may be reclaimed by the syndicate if such securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the securities, which may be higher than the price that might otherwise prevail in the open market, and, if commenced, may be discontinued at any time. These transactions may be effected on the New York Stock Exchange, in the over-the-counter market or otherwise. These activities will be described in more detail in the sections titled "*Plan of Distribution*" or "*Underwriting*" in the applicable prospectus supplement.

VALIDITY OF SECURITIES

Unless otherwise indicated in the prospectus supplement, the validity of the securities offered by this prospectus will be passed upon for us by Sullivan & Cromwell LLP, New York, New York, and for any underwriters or agents, as the case may be, by Cravath, Swaine & Moore LLP, New York, New York.
