Schedule 13D

Issuer: United States Cellular Corporation

Page 5 of 10

The following discloses actions by the Issuer's Board of Directors (the "Issuer Board") and TDS on September 25, 2014. On such date, the Issuer's Board approved amendments ("Charter Amendments") to the Issuer's current Restated Certificate of Incorporation ("Current Charter"). On such date, the Issuer's Board and TDS also took action to make certain changes to the Issuer Board. Issuer directors who are affiliated with TDS and/or the Voting Trust recused themselves from the vote on such matters.

Although TDS, as controlling shareholder, has the ability to effect the Charter Amendments and changes to the Board unilaterally over time, as a matter of good corporate governance, TDS sought approval of such changes from the independent directors and made certain changes based on discussions with the independent directors. The changes that were made are set forth in a letter from TDS to the Issuer's Board that is attached hereto as Exhibit 7(b).

The Charter Amendments will modernize the Charter, be consistent with developments in corporate governance in moving away from classified boards and/or otherwise be consistent with TDS' majority ownership interest in Issuer. The changes to the Issuer Board increase the number of non-independent directors on the Issuer Board to a more historical level that is more proportionate with TDS' significant controlling interest in Issuer, considering that Issuer is TDS' largest and most significant asset and business.

The Charter Amendments include (1) an amendment to declassify the Issuer Board so that each director would be elected annually rather than once every three years (the "Declassification Amendment"), (2) an amendment to opt out of Section 203 of the Delaware General Corporation Law ("DGCL") ("Section 203 Amendment") and (3) an amendment to correct, update and clean-up the Current Charter ("Ancillary Amendment").

The Declassification Amendment was considered desirable because it would allow TDS, and other shareholders, to vote in the election of each director every year, rather than once every three years. In addition, although TDS does not have any plans to remove directors, it would permit TDS to remove the Issuer directors with or without cause, whereas currently directors can be removed only with cause.

The Section 203 Amendment would amend the Current Charter to include a new provision in which Issuer elects not to be governed by Section 203 of the DGCL. If the Section 203 Amendment is adopted, it will increase the flexibility for TDS to sell a stock interest representing between 15% and 85% in voting power of the voting stock of U.S.

Cellular to a third party. TDS has no plan or intention of seeking to sell any of its shares in Issuer, and is simply seeking this amendment to provide flexibility. If the Section 203 Amendment is approved, a new Article XI will be added to the Issuer's Restated Certificate of Incorporation which reads as follows: "The corporation shall not be governed by Section 203 of the General Corporation Law of the State of Delaware; provided, however, to the fullest extent permitted by Delaware law, this Article XI shall not be effective until the later of May 17, 2016 (which is the anticipated date of the corporation's annual meeting of shareholders in 2016) or twelve (12) months after the adoption of this Article XI by the stockholders of the corporation, and shall not apply to any business combination between the corporation and any person who became an interested stockholder on or prior to such effectiveness."

The Ancillary Amendment would update certain provisions in the Current Charter that are out-of-date, obsolete or inoperative, and would consolidate all prior and current amendments into one Restated Certificate of Incorporation. The Ancillary Amendment is only intended to update and clean up the Current Charter and would not have any significant effect.

The Charter Amendments will be submitted to Issuer's shareholders at a special meeting of shareholders to be scheduled later in 2014.

Following approval of the Charter Amendments by the Issuer Board, the Issuer Board and TDS also took action to make changes to the Issuer Board on September 25, 2014.

On such date, the Issuer Board increased the size of the Issuer Board to 14 members and redesignated Gregory P. Josefowicz from a Series A Common Share director to a Common Share director.

Schedule 13D

Issuer: United States Cellular Corporation

Page 6 of 10

Following such action, TDS delivered a consent as the sole holder of Series A Common Shares to elect the following persons to the four vacancies on the Issuer Board resulting from such action: (i) Peter L. Sereda, Senior Vice President – Finance and Treasurer of TDS; (ii) Kurt B. Thaus, Senior Vice President and Chief Information Officer of TDS; (iii) Douglas D. Shuma, Senior Vice President and Controller (chief financial officer and chief accounting officer) of TDS and Chief Accounting Officer of Issuer; and (iv) Steven T. Campbell, Executive Vice President – Finance, Chief Financial Officer and Treasurer of Issuer.

The Charter Amendments and changes to the Issuer Board are described in Issuer's Current Report on Form 8-K date September 26, 2014 and Issuer's preliminary proxy statement filed with the SEC on Schedule 14A on September 26, 2014, which are incorporated by reference herein.

TDS has the voting power to cause the Charter Amendments to be approved, and intends to vote for the Charter Amendments at the Special Meeting of shareholders.

TDS requested the changes to the Board to increase the number of non-independent directors to a more historical level that is more proportionate with TDS' significant controlling interest in U.S. Cellular. The changes to the Charter would modernize the Charter, be consistent with developments in corporate governance in moving away from classified boards and be consistent with TDS' majority ownership interest in U.S. Cellular. The Declassification Amendment was suggested by TDS so that TDS could vote in the election of each director annually rather than once every three years. The Section 203 Amendment was suggested to provide TDS with greater flexibility with respect to certain sales of U.S. Cellular shares. Section 203 is an anti-takeover provision that applies to Delaware corporations. These actions were not taken as a result of any planned action or transaction.

Except as disclosed or incorporated by reference herein, neither TDS nor the Voting Trust has any current intention, plan or proposal with respect to: (a) the acquisition by any person of additional securities of the Issuer, or the disposition of securities of the Issuer; (b) an extraordinary corporate transaction, such as a merger, reorganization or liquidation, involving the Issuer or any of its subsidiaries; (c) a sale or transfer of a material amount of assets of the Issuer or any of its subsidiaries; (d) any change in the present board of directors or management of the Issuer, including any plans or proposals to change the number or term of directors or to fill any existing vacancies on the board; (e) any material change in the present capitalization or dividend policy of the Issuer; (f) any other material change in the Issuer's business or corporate structure; (g) changes in the Issuer's charter, bylaws or instruments corresponding thereto or other actions which may impede the acquisition of control of the Issuer by any person; (h)

causing a class of securities of the Issuer to be delisted from a national securities exchange, if any, or cease to be authorized to be quoted in an inter-dealer quotation system of a registered national securities association; (i) a class of equity securities of the Issuer becoming eligible for termination of a registration pursuant to Section 12(g)(4) of the Act; or (j) any action similar to any of those enumerated above.

The trustees of the Voting Trust advised TDS that they intend to maintain the ability to keep or dispose of the voting control of TDS and intend that TDS maintain the ability to keep or dispose of the voting control of U.S. Cellular.

Notwithstanding the foregoing, TDS and the trustees of the Voting Trust retain the right to change their intent, to acquire additional securities from time to time or to dispose of all or part of the securities beneficially owned by TDS or the Voting Trust in any manner permitted by the terms of the Voting Trust and/or applicable law.
