MANAGEMENT INVESTMENT COMPANIES

Investment Company Act file number: 811-08747

Dividend and Income Fund
(Exact name of registrant as specified in charter)

11 Hanover Square, New York, NY 10005
(Address of principal executive offices) (Zipcode)

Russell Kamerman, Esq.
11 Hanover Square
New York, NY 10005
(Name and address of agent for service)

Registrant's telephone number, including area code: 1-212-785-0900

Date of fiscal year end: 12/31

Date of reporting period: 1/1/18 – 6/30/18

Form N-CSR is to be used by management investment companies to file reports with the Commission not later than 10 days after the transmission to stockholders of any report that is required to be transmitted to stockholders under Rule 30e-1 under the Investment Company Act of 1940 (17 CFR 270.30e-1). The Commission may use the information provided on Form N-CSR in its regulatory, disclosure review, inspection, and policymaking roles.

A registrant is required to disclose the information specified by Form N-CSR and the Commission will make this information public. A registrant is not required to respond to the collection of information contained in Form N-CSR unless the Form displays a currently valid Office of Management and Budget ("OMB") control number. Please direct comments concerning the accuracy of the information collection burden estimate and any suggestions for reducing the burden to Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549-0609. The OMB has reviewed this collection of information under the clearance requirements of 44 U.S.C. sec. 3507.

Item 1. Report to Stockholders.

DISTRIBUTION POLICY

June 30, 2018

Distribution Policy

Dividend and Income Fund (the “Fund”), acting pursuant to a Securities and Exchange Commission exemptive order and with the approval of the Fund’s Board of Trustees (the “Board”), has adopted a policy, consistent with its investment objectives and policies, to provide shareholders with a relatively stable cash flow per share (the “Distribution Policy”). The Fund currently distributes \$0.15 per share on a quarterly basis, and currently expects to maintain this distribution rate except for, among other things, extraordinary distributions and potential distribution rate increases or decreases to enable the Fund to comply with the distribution requirements for regulated investment companies under the Internal Revenue Code. The Distribution Policy may be amended, suspended, or terminated by the Board without prior notice to shareholders; however, at this time, there are no reasonably foreseeable circumstances that might cause its termination. The suspension or termination of the Distribution Policy could have the effect of creating a trading discount (if the Fund’s stock is trading at or above net asset value) or widening an existing trading discount. Distributions may be paid in part or in full from net investment income, realized capital gains, return of capital, or a combination thereof. Shareholders should note, however, that if the Fund’s aggregate net investment income and net realized capital gains are less than the amount of the distribution level, the difference will be distributed from the Fund’s assets and will constitute a return of the shareholder’s capital. A return of capital may occur, for example, when some or all of the money that a shareholder invested in the Fund is paid back to the shareholder. Distributions do not necessarily reflect the Fund’s investment performance and should not be confused with “yield” or “income.” Additionally, a return of capital is not taxable; rather it reduces a shareholder’s tax basis in his or her shares of the Fund.

The Fund is subject to U.S. corporate, tax, and securities laws. Under U.S. tax accounting rules, the amount of distributable net income is determined on an annual basis and is dependent

during the fiscal year on the aggregate gains and losses realized by the Fund and, to a lesser extent, other factors. Therefore, the actual amounts and sources of the amounts for tax reporting purposes will depend upon the Fund’s investment experience during the entirety of its fiscal year and may be subject to changes based on tax regulations. Under the Investment Company Act of 1940, as amended (the “Company Act”), however, the Fund is required to indicate the source of each distribution to shareholders in a Section 19(a) notice. The amounts and sources of distributions reported in the Section 19(a) notices are only estimates based on book basis earnings, are likely to change over time, and are not being provided for tax reporting purposes. The amounts and sources of distributions year-to-date may be subject to additional adjustments.

As of the Fund’s fiscal year end actual amounts and sources for tax reporting purposes of the distributions will be determined and reported to shareholders on Form 1099-DIV. The Fund’s total return performance on a net asset value basis is presented in its financial highlights table. There is no guarantee that the Fund’s current Distribution Policy will reduce or eliminate the Fund’s market price discount to its net asset value per share, if any, and the Fund’s trustees have no fiduciary duty to take action, or to consider taking any action, to narrow any such discount.

Shareholders should not draw any conclusions about the Fund’s investment performance from the amount of the Fund’s distributions or from the Distribution Policy. The Fund is subject to risks that could have an adverse impact on its ability to maintain level distributions. Examples of potential risks include, but are not limited to, economic downturns

impacting the markets, equity securities risk, corporate bonds risk, credit risk, interest rate risk, leverage and borrowing risk, and other risks discussed in the Fund's filings with the Securities and Exchange Commission.

DIVIDEND AND INCOME FUND

Semi-Annual Report 2018 ii

PORTFOLIO ANALYSIS

June 30, 2018

TOP TEN June 30, 2018
SECURITY HOLDINGS

- 1 Credit Acceptance Corporation
- 2 Apple Inc.
- 3 Tractor Supply Company
- 4 Intel Corporation
- 5 Magna International Inc.
- 6 Discovery, Inc.
- 7 LyondellBasell Industries N.V.
- 8 Hormel Foods Corporation
- 9 SCANA Corporation
- 10 CVS Health Corporation

Top ten security holdings comprise approximately 17% of total assets.

TOP TEN June 30, 2018
INDUSTRIES

- 1 Business Services
- 2 Electronic and Other Electrical
Equipment and Components,
except Computer Equipment
- 3 Transportation Equipment
- 4 Security and Commodity
Brokers, Dealers, Exchanges and
Services
- 5 Food and Kindred Products
- 6 Communications
- 7 Transportation by Air
- 8 Chemical and Allied Products
- 9 Non-Depository Credit
Institutions
- 10 Industrial and Commercial
Machinery and Computer
Equipment

Top ten security holdings and industries are shown for informational purposes only and are subject to change. The above portfolio information should not be considered as a recommendation to purchase or sell a particular security and there is no assurance that any securities will remain in or out of the Fund.

TO OUR SHAREHOLDERS

June 30, 2018

Dear Fellow Shareholders:

It is a pleasure to welcome each of our new shareholders to Dividend and Income Fund and to submit this 2018 Semi-Annual Report. The Fund seeks to achieve its primary investment objective of high current income and secondary objective of capital appreciation by investing, under normal circumstances, at least 50% of its total assets in income generating equity securities. These securities may include dividend paying common stocks, convertible securities, preferred stocks, securities of registered investment companies, exchange traded funds organized as investment companies or otherwise, real estate investment trusts, depositary receipts, and other equity related securities. Of course, there can be no assurance that the Fund will achieve its objectives.

Economic and Market Report

At the June 2018 meeting of the Federal Open Market Committee (“FOMC”) of the Federal Reserve Bank (the “Fed”), the Fed staff’s review of the economic situation suggested “that real gross domestic product (GDP) appeared to be rising at a solid rate in the first half of the year.” The staff viewed labor market conditions as strong, citing the decrease in the national unemployment rate to 3.8% in May 2018. Regarding inflation, the staff noted that “consumer price inflation, as measured by the 12-month percentage change in the price index for personal consumption expenditures (PCE), was 2 percent in April.” In addition, compensation, as measured by hourly earnings, increased 2.7% in the twelve months ended March 31, 2018, a faster pace than in the equivalent prior year period.

Addressing the financial markets, the Fed staff noted that even though “global financial markets were buffeted by increased concerns about the outlook for foreign growth... broad domestic stock price indexes increased on net, as generally strong corporate earnings reports helped support prices. Meanwhile, financing conditions... remained supportive of economic activity on balance.” In conclusion, the Fed staff projected that “the economy would expand at an above-trend pace... and the unemployment rate was projected to decline further below the staff’s estimate of its longer-run natural rate.” After considering the generally positive economic data, the staff decided that “further gradual increases in the target range for the federal funds rate” are advisable and that “risks to the economic outlook appear roughly balanced.” The Fed appeared to reach mostly positive conclusions about the current economy, which suggests to us that investors might anticipate favorable markets ahead, although certain danger signs, such as potential trade wars, high stock market valuations, and growing systemic leverage, indicate a cautious approach might be in order for the rest of 2018.

Investment Strategy and Returns

In view of these economic and market developments, the Fund’s strategy in the first half of 2018 was to seek to emphasize profitable, conservatively valued companies across a broad array of industries. Generally, the Fund purchased and held income generating equity securities in seeking to achieve its primary investment objective of high current income and secondary objective of capital appreciation and sold investments that appeared to have appreciated to levels reflecting full or over-valuation. In the six months ended June 30, 2018, the Fund’s net investment income, net realized gain on investments, and unrealized depreciation on investments were, respectively, \$940,105,

\$11,984,024, and \$20,354,291, which contributed significantly to the Fund's net asset value return of (5.28)%, including the reinvestment of dividends, as did dilution occurring under the Fund's rights offering and dividend reinvestment plan. Profitable sales in the period were made of, among others, shares of Wyndham Worldwide Corporation in the hotels, rooming houses, camps, and other lodging places sector and DST Systems, Inc. in the business services sector. Losses were taken on, among others, Cenovus Energy Inc. in the oil and gas extraction sector and Signet Jewelers Limited in the miscellaneous retail sector. Although no particular investment was responsible for the majority of the unrealized appreciation or depreciation on investments over the period, EQT Midstream Partners L.P. in the electric, gas, and sanitary services sector and Philip Morris International, Inc. in the tobacco products sector were significant contributors to unrealized depreciation during the period. At the same time, the Fund benefited from unrealized appreciation from its holdings of Discovery, Inc. in the communications sector and Williams-Sonoma, Inc. in the home furniture, furnishings, and equipment stores sector.

The Fund's market return for the first half of 2018, also including the reinvestment of dividends, was (5.98)%. Generally, the Fund's total return on a market value basis will be lower than total return on a net asset value basis in periods where there is an increase in the discount or a decrease in the premium of the market value to the net asset value from the beginning to the end of such periods. For comparison, in the same period, the S&P 500 Index total return was 2.65%. This index is unmanaged and does not reflect fees and expenses, nor is it available for direct investment. At June 30, 2018, the Fund's portfolio included approximately 100 securities of different issuers, with the top ten amounting to approximately 17% of total assets. The total net asset value was approximately \$192,000,000, of which approximately \$182,000,000 was invested in securities, with the balance comprised of cash and other assets net of liabilities. As the Fund pursues its primary investment objective of seeking high current income, with capital appreciation as a secondary objective, these holdings and allocations are subject to change at any time.

TO OUR SHAREHOLDERS

June 30, 2018

Quarterly Distributions

On June 1, 2018, the Fund declared its second quarterly distribution for the year of \$0.15, amounting to \$0.30 per share for the first half of the year. The quarterly distribution reflects the Fund's current distribution policy to provide shareholders with a relatively stable cash flow per share. There is no guarantee that the Fund's current distribution policy will reduce or eliminate the Fund's market price discount to its net asset value per share and the Fund's trustees have no fiduciary duty to take action, or to consider taking any action, to narrow any such discount. The distribution policy may be changed or discontinued without notice.

Based on the Fund's results and estimates as of June 1, 2018 of the sources, (i) in the June 30, 2018 quarter, for the distribution of \$0.15 per share are approximately 30% from net investment income, 41% from net realized short term capital gains, 29% from net realized long term capital gains, and 0% from return of capital or other capital source, and (ii) in the 2018 fiscal year-to-date which commenced on January 1, for the year-to-date cumulative distributions of \$0.30 per share are approximately 23% from net investment income, 56% from net realized short term capital gains, 21% from net realized long term capital gains, and 0% from return of capital or other capital sources. Shareholders should not draw any conclusions about the Fund's investment performance from the amount of this distribution. The amounts and sources of distributions reported are only estimates based on book basis earnings, are likely to change over time, and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon the Fund's investment experience during the entirety of its fiscal year and may be subject to changes based on tax regulations. The amounts and sources of distributions year-to-date may be subject to additional adjustments.

The Fund intends to send shareholders a form 1099-DIV for the calendar year that will instruct how to report these distributions for federal income tax purposes. Distributions may be paid in part or in full from net investment income, realized capital gains, return of capital, or a combination thereof. Shareholders should note, however, that if the Fund's aggregate net investment income and net realized capital gains are less than the amount of the distribution level, the difference will be distributed from the Fund's assets and will constitute a return of the shareholder's capital. A return of capital may

occur, for example, when some or all of the money that a shareholder invested in the Fund is paid back to the shareholder. Distributions do not necessarily reflect the Fund's investment performance and should not be confused with "yield" or "income." Additionally, a return of capital is not taxable; rather it reduces a shareholder's tax basis in his or her shares of the Fund.

Dividend Reinvestment Plan

For those shareholders currently receiving the Fund's quarterly distributions in cash but are interested in adding to their account through the Fund's Dividend Reinvestment Plan (the "Plan"), we encourage you to review the Plan set forth later in this document and contact the Fund's Transfer Agent, who will be pleased to assist you with no obligation on your part.

Fund Website

The Fund's website, www.DividendandIncomeFund.com, provides investors with investment information, news, and other material about the Fund. The website also has links to SEC filings, performance, tax, and daily net asset value reporting. You are invited to use this resource to learn more about the Fund.

Management's Long Term Focus

We thank you for investing in the Fund and share your enthusiasm for its potential, as evidenced by the fact that affiliates of the Investment Manager own approximately 8.8% of the Fund's outstanding shares pursuant to the Fund's governing documents that permit ownership of more than 4.99% of the Fund's outstanding shares only with the prior approval of the Fund's Board of Trustees. We look forward to serving your investment needs over the years ahead.

Sincerely,

Thomas B. Winmill

President and Co-Portfolio Manager

William Winmill

DIVIDEND AND INCOME FUND

Semi-Annual Report 2018 10

Financial Statements

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES Dividend and Income Fund (the “Fund”), a Delaware statutory trust registered under the Company Act, is a diversified, closed end management investment company whose shares are listed on the New York Stock Exchange under the ticker symbol DNI. The Fund’s primary investment objective is to seek high current income. Capital appreciation is a secondary objective. The Fund retains Bexil Advisers LLC as its investment manager (the “Investment Manager”).

As an investment company, the Fund follows the accounting and reporting guidance of the Financial Accounting Standards Board Accounting Standard Codification Topic 946 “Financial Services – Investment Companies.” The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”), which require management to make certain estimates and assumptions at the date of the financial statements. Actual results could differ from those estimates. Subsequent events, if any, through the date that the financial statements were issued have been evaluated in the preparation of the financial statements. The following summarizes the significant accounting policies of the Fund:

Valuation of Investments – Portfolio securities are valued by various methods depending on the primary market or exchange on which they trade. Most equity securities for which the primary market is in the United States are usually valued at the official closing price, last sale price or, if no sale has occurred, at the closing bid price. Most equity securities for which the primary market is outside the United States are usually valued using the official closing price or the last sale price in the principal market in which they are traded. If the last sale price on the local exchange is unavailable, the last evaluated quote or closing bid price normally is used. In the event of an unexpected closing of the primary market or exchange, a security may continue to trade on one or more other markets, and the price as reflected on those other trading venues may be more reflective of the security’s value than an earlier price from the primary market or exchange. Accordingly, the Fund may seek to use these additional sources of pricing data or information when prices from the primary market or exchange are unavailable, or are earlier and less representative of current market value. Certain debt securities may be priced through pricing services that may utilize a matrix pricing system which takes into consideration factors such as yields, prices, maturities, call features, and ratings on comparable securities or according to prices quoted by a securities dealer that offers pricing services. Open end investment companies are valued at their net asset value. Foreign securities markets may be open on days when the U.S. markets are closed. For this reason, the

value of any foreign securities owned by the Fund could change on a day when shareholders cannot buy or sell shares of the Fund. Securities for which market quotations are not readily available or reliable and other assets may be valued as determined in good faith by the Investment Manager under the direction of or pursuant to procedures approved by the Fund’s Board of Trustees (the “Board”), called “fair value pricing.” Due to the inherent uncertainty of valuation, fair value pricing values may differ from the values that would have been used had a readily available or reliable market quotation for the securities existed. These differences in valuation could be material. A security’s valuation may differ depending on the method used for determining value. The use of fair value pricing by the Fund may cause the net asset value of its shares to differ from the net asset value that would be calculated using market prices. A fair value price is an estimate and there is no assurance that such price will be at or close to the price at which a security is next quoted or traded.

Cash – Cash may include deposits allocated among banks insured by the Federal Deposit Insurance Corporation in amounts up to the insurance coverage maximum amount of \$250,000. Cash may also include uninvested cash balances held by the Fund’s custodian.

Foreign Currency Translation – Securities denominated in foreign currencies are translated into U.S. dollars at prevailing exchange rates. Realized gain or loss on sales of such investments in local currency terms is reported separately from gain or loss attributable to a change in foreign exchange rates for those investments.

Investments in Other Investment Companies – The Fund may invest in shares of other investment companies such as closed end funds, exchange traded funds, and mutual funds (each, an “Acquired Fund”) in accordance with the Company Act and related rules. Shareholders in the Fund bear the pro rata portion of the fees and expenses of an Acquired Fund in addition to the Fund’s expenses. Expenses incurred by the Fund that are disclosed in the Statement of Operations do not include fees and expenses incurred by an Acquired Fund. The fees and expenses of an Acquired Fund are reflected in such Acquired Fund’s total return.

Option Transactions – The Fund may write (i.e., sell) covered call options on securities or on indexes to attempt to enhance returns through price changes of the option, increase income, hedge to reduce overall portfolio risk, and hedge to reduce individual security risk. When the Fund writes an option, an amount equal to the premium received by the Fund is recorded as a liability and is subsequently adjusted to the current fair value of

Financial Statements

the option written. Premiums received from writing options that expire unexercised are treated by the Fund on the expiration date as realized gains from investments. The difference between the premium and the amount paid on effecting a closing purchase transaction, including brokerage commissions, is also treated as a realized gain or, if the premium is less than the amount paid for the closing purchase transaction, as a realized loss. If a call option is exercised, the premium is added to the proceeds from the sale of the underlying security or currency in determining whether the Fund has realized a gain or loss. If a put option is exercised, the premium reduces the cost basis of the securities purchased by the Fund. The Fund, as the writer of an option, bears the market risk of an unfavorable change in the price of the option. Writing option contracts results in off-balance sheet risk as the Fund's ultimate obligation to satisfy terms of the contract may exceed the amount recognized in the statement of assets and liabilities.

Investments in Real Estate Investment Trusts ("REITs") Dividend income is recorded based on the income included in distributions received from the REIT investments using published REIT reclassifications, including some management estimates when actual amounts are not available. Distributions received in excess of this estimated amount are recorded as a reduction of the cost of investments or reclassified to capital gains. The actual amounts of income, return of capital, and capital gains are only determined by each REIT after its fiscal year end, and may differ from the estimated amounts.

Short Sales – The Fund may sell a security short it does not own in anticipation of a decline in the market value of the security. When the Fund sells a security short, it must borrow the security sold short and deliver it to the broker/dealer through which it made the short sale. The Fund is liable for any dividends or interest paid on securities sold short. A gain, limited to the price at which the Fund sold the security short, or a loss, unlimited in size, normally is recognized upon the termination of the short sale. Securities sold short result in off balance sheet risk as the Fund's ultimate obligation to satisfy the terms of a sale of securities sold short may exceed the amount recognized in the Statement of Assets and Liabilities.

Investment Transactions – Investment transactions are accounted for on the trade date (the date the order to buy or sell is executed). Realized gains or losses are determined by specifically identifying the cost basis of the investment sold.

Investment Income – Dividend income is recorded on the ex-dividend date or in the case of certain foreign securities, as soon as practicable after the Fund is notified. Interest income

is recorded on the accrual basis. Amortization of premium and accretion of discount on corporate bonds and notes are included in interest income. Taxes withheld on foreign dividends have been provided for in accordance with the Fund's understanding of the applicable country's tax rules and rates.

Expenses – Expenses deemed by the Investment Manager to have been incurred solely by the Fund are normally charged to the Fund in the entirety. Expenses deemed by the Investment Manager to have been incurred jointly by the Fund and one or more of the other investment companies for which the Investment Manager or its affiliates serve as investment manager, or other related entities, are generally allocated based on the most practicable method deemed equitable at the time the expense is incurred, including, without limitation, on the basis of relative assets under management.

Expense Reduction Arrangement – Through an arrangement with the Fund’s former custodian, State Street Bank and Trust Company (“SSB”), credits realized as a result of borrowing activity were used to reduce custodian expenses. Credits realized from the custodian by the Fund during the six months ended June 30, 2018 are shown as a reduction of total expenses in the Statement of Operations. This expense reduction arrangement terminated in June 2018.

Distributions to Shareholders – Distributions to shareholders are determined in accordance with the Fund’s distribution policies and income tax regulations and are recorded on the ex-dividend date.

Income Taxes – No provision has been made for U.S. income taxes because the Fund’s current intention is to continue to qualify as a regulated investment company under the Internal Revenue Code (the “IRC”) and to distribute to its shareholders substantially all of its taxable income and net realized gains. Foreign securities held by the Fund may be subject to foreign taxation. Foreign taxes, if any, are recorded based on the tax regulations and rates that exist in the foreign markets in which the Fund invests. The Fund recognizes the tax benefits of uncertain tax positions only where the position is “more likely than not” to be sustained assuming examination by tax authorities. The Fund has reviewed its tax positions and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on federal, state, and local income tax returns for open tax years (2015-2017) or expected to be taken in the Fund’s 2018 tax returns.

The Fund may be subject to foreign taxation related to income received, capital gains on the sale of securities, and

Financial Statements

certain foreign currency transactions in the foreign jurisdictions in which it invests. Foreign taxes, if any, are recorded based on the tax regulations and rates that exist in the foreign markets in which the Fund invests. When a capital gain tax is determined to apply, the Fund records an estimated deferred tax liability in an amount that would be payable if the securities were disposed of on the valuation date.

2. FEES AND TRANSACTIONS WITH RELATED PARTIES The Fund has retained the Investment Manager pursuant to an investment management agreement. Under the terms of the investment management agreement, the Investment Manager receives a fee payable monthly for investment advisory services at an annual rate of 0.95% of the Fund's Managed Assets. "Managed Assets" means the average weekly value of the Fund's total assets minus the sum of the Fund's liabilities, which liabilities exclude debt relating to leverage, short term debt, and the aggregate liquidation preference of any outstanding preferred stock.

Pursuant to the investment management agreement, the Fund reimburses the Investment Manager for providing at cost certain administrative services comprised of compliance and accounting services. For the six months ended June 30, 2018, the Fund's reimbursements of such costs were \$75,917, of which \$38,591 and \$37,326 was for compliance and accounting services, respectively. Certain officers and trustees of the Fund are officers and managers of the Investment Manager. As of June 30, 2018, Bexil Securities LLC ("Bexil Securities"), an affiliate of the Investment Manager, owned approximately 9% of the Fund's outstanding shares, pursuant to the Fund's governing documents that permit ownership of more than 4.99% of the Fund's outstanding shares only with the prior approval of the Fund's Board. During the six months ended June 30, 2018, Bexil Securities acquired 190,000 shares of the Fund through participation in the Fund's rights offering and for the year ended December 31, 2017, Bexil Securities acquired 31,860 shares of the Fund through participation in the Fund's Dividend Reinvestment Plan.

The Fund compensates each trustee who is not an employee of the Investment Manager or its affiliates. These trustees receive fees for service as a trustee from the Fund and, to the extent applicable, the other investment companies for which the Investment Manager or its affiliates serve as investment manager. In addition, trustee out-of-pocket expenses are allocated to each fund for which the Investment Manager or its affiliates serve as investment manager based on the most practicable method deemed equitable at the time the expense is incurred, including, without limitation, on the basis of relative assets under management.

3. DISTRIBUTIONS TO SHAREHOLDERS AND DISTRIBUTABLE EARNINGS For the six months ended June 30, 2018, the Fund paid distributions totaling \$3,703,864 and are estimated to be comprised of \$853,675 and \$2,850,189 from net investment income and capital gains, respectively, based on information available at this time and may be subject to change. The classification of these distributions for federal income tax purposes is expected to be determined after the Fund's fiscal year ending December 31, 2018 and the exact amount is not estimable as of June 30, 2018.

For the year ended December 31, 2017, the Fund paid distributions totaling \$6,401,192, comprised of \$4,127,125, \$942,627, and \$1,331,440 of ordinary income, capital gains, and return of capital, respectively.

As of December 31, 2017, distributable earnings on a tax basis was \$36,289,060, comprised of unrealized appreciation. The difference between book and tax unrealized appreciation is primarily related to partnership income.

4. VALUE MEASUREMENTS GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

- Level 1 - unadjusted quoted prices in active markets for identical assets or liabilities including securities actively traded on a securities exchange.
- Level 2 - observable inputs other than quoted prices included in level 1 that are observable for the asset or liability which may include quoted prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates, and similar data.
- Level 3 - unobservable inputs for the asset or liability including the Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for investments categorized in level 3. The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases,

 Financial Statements

the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with investing in those securities.

The following is a description of the valuation techniques applied to the Fund's major categories of assets and liabilities measured at fair value on a recurring basis:

Equity securities (common and preferred stock) – Most publicly traded equity securities are valued normally at the most recent official closing price, last sale price, evaluated quote, or closing bid price. To the extent these securities are actively traded and valuation adjustments are not applied, they may be categorized in level 1 of the fair value hierarchy. Equities on inactive markets or valued by reference to similar instruments may be categorized in level 2.

Corporate bonds and notes – The fair value of corporate bonds and notes is normally estimated using various techniques which

may consider, among other things, recently executed transactions in securities of the issuer or comparable issuers, market price quotations (where observable), bond spreads, and fundamental data relating to the issuer. Although many corporate bonds and notes may be categorized in level 2 of the fair value hierarchy, in instances where lower relative weight is placed on transaction prices, quotations, or similar observable inputs, they may be categorized in level 3.

Restricted and/or illiquid securities – Restricted and/or illiquid securities for which quotations are not readily available or reliable may be valued with fair value pricing as determined in good faith by the Investment Manager under the direction of or pursuant to procedures approved by the Fund's Board. Restricted securities issued by publicly traded companies are generally valued at a discount to similar publicly traded securities. Restricted or illiquid securities issued by nonpublic entities may be valued by reference to comparable public entities or fundamental data relating to the issuer or both or similar inputs. Depending on the relative significance of valuation inputs, these instruments may be categorized in either level 2 or level 3 of the fair value hierarchy.

The following is a summary of the inputs used as of June 30, 2018 in valuing the Fund's assets. Refer to the Schedule of Portfolio Investments for detailed information on specific investments.

ASSETS	Level 1	Level 2	Level 3	Total
--------	---------	---------	---------	-------

Edgar Filing: DIVIDEND & INCOME FUND - Form N-CSRS

Investments, at value				
Common stocks	\$ 170,494,187	\$ -	\$ -	\$ 170,494,187
Corporate bonds and notes	-	478,480	-	478,480
Reorganization interests	-	-	0	0
Master limited partnerships	6,014,196	-	-	6,014,196
	4,719,971	-	-	4,719,971
Preferred stocks				
Total investments, at value	\$ 181,228,354	\$ 478,480	\$ 0	\$ 181,706,834

There were no securities transferred from level 1 on December 31, 2017 to level 2 on June 30, 2018.

Financial Statements

The following is a reconciliation of level 3 assets including securities valued at zero:

	Common Stocks	Reorganization Interests	Total
Balance at December 31, 2017	\$ 0	\$ 0	\$ 0
Proceeds on sale	194,868	-	194,868
Realized loss	(496,372)	-	(496,372)
Transfers into (out of) level 3	-	-	-
Change in unrealized depreciation	301,504	-	301,504
Balance at June 30, 2018	\$ -	\$ 0	\$ 0
Net change in unrealized appreciation attributable to assets still held			
as level 3 at June 30, 2018	\$ -	\$ -	\$ -

Unrealized gains (losses) are included in the related amounts on investments in the Statement of Operations.

The Investment Manager, under the direction of or pursuant to procedures approved by the Fund's Board, considers various valuation techniques and inputs for valuing assets categorized within level 3 of the fair value hierarchy. These include but are not limited to: the type of the security; the size of the asset; the initial cost of the security; the existence

of any contractual restrictions on the security’s disposition; prices of and extent of public trading in similar securities of the issuer or of comparable

companies; quotations or evaluated prices from broker- dealers and/or pricing services; information obtained from the issuer or analysts; an analysis of the company’s or issuer’s financial statements; an evaluation of the forces that influence the issuer and the market in which the asset is purchased and sold; multiples of earnings, cash flow, enterprise value, and similar measures; and the discount rate for lack of marketability. Significant changes in any of those techniques or inputs in isolation may result in a significantly lower or higher fair value measurement. The pricing of all fair value assets is regularly reported to the Fund’s Board.

The following table presents additional information about valuation techniques and inputs used for assets that are measured at fair value and categorized as level 3 as of June 30, 2018:

	Fair Value	Valuation Technique	Unobservable Input	Range
Reorganization Interests	\$ 0	Cost; last known market value for predecessor securities; estimated recovery on liquidation	Discount rate for lack of marketability	100%

5. INVESTMENT TRANSACTIONS Purchases and proceeds from sales or maturities of investment securities, excluding short term investments, were \$49,112,082 and \$73,119,972, respectively, for the six months ended June 30, 2018. As of June 30, 2018, for federal income tax purposes, the aggregate cost of securities was \$166,601,416 and net unrealized appreciation was \$15,105,418,

comprised of gross unrealized appreciation of \$24,473,131 and gross unrealized depreciation of \$9,367,713. The aggregate cost of securities for tax purposes will depend upon the Fund’s investment experience during the entirety of its fiscal year and may be subject to changes based on tax regulations.

Financial Statements

6. ILLIQUID AND RESTRICTED SECURITIES The Fund owns securities which have a limited trading market and/or certain restrictions on trading and, therefore, may be illiquid and/or restricted. Such securities have been valued using fair value pricing. Due to the inherent uncertainty of valuation, fair value pricing values may differ from the values that would have been used had a readily available or reliable market quotation for the securities existed. These differences in valuation could be material. Illiquid and/or restricted securities owned as of June 30, 2018 were as follows:

	Acquisition Date	Cost	Value
Penson Technologies LLC			
	4/09/14	\$ 0	\$ 0
Percent of net assets		0%	0%

7. CREDIT FACILITY Effective June 18, 2018, the Fund entered into a Revolving Credit Agreement and other related agreements (collectively, the “HNB Credit Agreement”) with The Huntington National Bank (“HNB”), the Fund’s custodian, under which HNB may make loans to the Fund in such amounts as the Fund may from time to time request. The maximum loan amount under the HNB Credit Agreement is the lesser of: (i) \$50,000,000 or (ii) 30% of the Fund’s daily market value, which market value may be decreased by the exclusion of certain Fund assets or asset classes, as HNB may decide from time to time in its sole discretion. The Fund pledges its securities and other assets as collateral to secure its obligations under the HNB Credit Agreement and retains the risks and rewards of the ownership of such securities and other assets pledged.

Borrowings under the HNB Credit Agreement bear an interest rate per annum to be applied to the principal balance outstanding, from time to time, equal to the London Interbank Offered Rate (LIBOR) plus 1.20%. An unused fee is charged equal to 0.125% per annum of the daily excess of the maximum loan amount over the outstanding principal balance of the loan. The Fund was charged an origination fee of \$62,500 upon entering into the HNB Credit Agreement and such cost is amortized ratably through June 1, 2019, the maturity date of the HNB Credit Agreement.

Previously, the Fund had a Liquidity Agreement (“LA”) with SSB, formerly the Fund’s custodian and securities lending agent. The LA, which was terminated effective June 15, 2018, allowed the Fund to draw up to \$35 million (maximum liquidity commitment) and included a securities lending authorization by the Fund to SSB to engage in agency securities lending and reverse repurchase activity. Interest was charged on the drawn amount at the rate of one-month

Edgar Filing: DIVIDEND & INCOME FUND - Form N-CSRS

LIBOR plus 1.20% per annum and a non-usage fee was charged on the difference between the maximum liquidity commitment and the drawn amount at the rate of one-month LIBOR plus 0.07% per annum. There was no outstanding loan balance as of June 30, 2018. The weighted average interest rate and average daily amount outstanding under the HNB Credit Agreement and LA for the six months ended June 30, 2018 were 2.76% and \$7,356,299, respectively. The maximum amount outstanding during the six months ended June 30, 2018 was \$35,000,000.

8. SHARE TRANSACTIONS The Fund is authorized to issue an unlimited amount of \$0.01 par value shares of beneficial interest. As of June 30, 2018, there were 12,351,168 shares outstanding. Share transactions for the following periods were:

	Six Months Ended		Year Ended	
	June 30, 2018		December 31, 2017	
Shares issued in:	Shares	Amount	Shares	Amount
Rights offering	1,654,761	\$ 23,497,606	-	\$ -
Reinvestment of distributions	6,285	78,697	40,951	506,033
	1,661,046	\$ 23,576,303	40,951	\$ 506,033

On January 29, 2018, the Fund announced the completion and results of its non-transferable rights offering (the "Offer") to shareholders of record on December 26, 2017. The Offer commenced on December 27, 2017 and expired on January 26, 2018 (the "Expiration Date"). The subscription price per share was \$14.20, determined based upon a formula equal to 95% of the market price or 79% of the net asset value ("NAV") per share, whichever is greater, on the Expiration Date. Market price per share was determined based on the average of the last reported sales prices of a share on the New York Stock Exchange for the five trading days preceding the Expiration Date (not including the Expiration Date). For this purpose, the market price per share, using the formula described above, was \$14.07 and the NAV per share on the

Financial Statements

Expiration Date was \$17.98. The Offer resulted in total gross proceeds of \$23,497,606 prior to the deduction of offering costs incurred of \$159,595, and the issuance of 1,654,761 shares. The NAV per share of the Fund was reduced by approximately \$0.52 per share as a result of the issuance of shares below NAV.

9. MARKET AND CREDIT RISKS The Fund may invest in below investment grade securities (commonly referred to as “junk” bonds). Below investment grade securities are regarded as being predominantly speculative as to the issuer’s ability to make payments of principal and interest. The risks associated with acquiring the securities of such issuers generally are greater than is the case with higher rated securities. For example, during an economic downturn or a sustained period of rising interest rates, issuers of below investment grade securities may be more likely to experience financial stress, especially if such issuers are highly leveraged. During periods of economic downturn, such issuers may not have sufficient revenues to meet their interest payment obligations. The issuer’s ability to service its debt obligations also may be adversely affected by specific issuer developments, the issuer’s inability to meet specific projected business forecasts, or the unavailability of additional financing. Therefore, there can be no assurance that in the future there will not exist a higher default rate relative to the rates currently existing in the market for below investment grade securities. The risk of loss due to default by the issuer is significantly greater for the holders of below investment grade securities because such securities may be unsecured and may be subordinate to other creditors of the issuer. The relative illiquidity of some of these securities may adversely affect the ability of the Fund to dispose of such securities in a timely manner and at a fair price at times when it might be necessary or advantageous for the Fund to liquidate portfolio securities.

10. FOREIGN SECURITIES RISK Investments in the securities of foreign issuers involve special risks which include changes in foreign exchange rates and the possibility of future adverse political, tax, and economic developments which could adversely affect the value of such securities. Moreover securities of foreign issuers and securities traded in foreign markets may be less liquid and their prices more volatile than those of U.S. issuers and markets. In addition, in certain foreign countries, there is the possibility of expropriation or confiscatory taxation, political, or social instability, or diplomatic developments that could affect U.S. investments in the securities of issuers domiciled in those countries.

11. LEVERAGE RISK The Fund from time to time may borrow under its credit facility to increase the assets in its investment portfolio

over its net assets, a practice called leverage. Leverage borrowing creates an opportunity for increased return but, at the same time, involves special risk considerations. Leverage increases the likelihood of greater volatility of NAV and market price of the Fund’s shares. If the return that the Fund earns on the additional securities purchased fails to cover the interest and fees incurred on the monies borrowed, the NAV of the Fund (and the return of the Fund) would be lower than if borrowing had not been incurred. In addition, when the Fund borrows at a variable interest rate, there is a risk that fluctuations in the interest rate may adversely affect the return to the Fund’s shareholders. Interest payments and fees incurred in connection with such borrowings will reduce the amount of net income available for distribution to shareholders. There is no assurance that a borrowing strategy will be successful during any period in which it is employed. Borrowing on a secured basis results in certain additional risks. Should securities that are pledged as collateral to secure its obligations under the credit facility decline in value, the Fund may be required to pledge

additional assets in the form of cash or securities to the lender to avoid liquidation of the pledged assets. In the event of a steep drop in the value of pledged securities, it might not be possible to liquidate assets quickly enough and this could result in mandatory liquidation of the pledged assets in a declining market at relatively low prices. Furthermore, the Investment Manager's ability to sell the pledged securities is limited by the terms of the credit facility, which may reduce the Fund's investment flexibility over the pledged securities. Because the fee paid to the Investment Manager is calculated on the basis of the average weekly value of the Fund's total assets minus the sum of the Fund's liabilities, which liabilities exclude debt relating to leverage, short term debt and the aggregate liquidation preference of any outstanding preferred stock, the dollar amount of the management fee paid by the Fund to the Investment Manager will be higher (and the Investment Manager will benefit to that extent) when leverage is utilized.

12. CYBERSECURITY RISK With the increased use of technologies such as the Internet to conduct business, the Fund is susceptible to operational, information security, and related risks. Cyber incidents affecting the Fund or its service providers may cause disruptions and impact business operations, potentially resulting in financial losses, interference with the Fund's ability to calculate its NAV, impediments to trading, the inability of shareholders to transact business, violations of applicable privacy and other laws, regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional related costs.

Financial Statements

13. CONTINGENCIES The Fund indemnifies its officers and trustees from certain liabilities that might arise from their performance of their duties for the Fund. Additionally, in the normal course of business, the Fund enters into contracts that contain a variety of representations and warranties and which may provide general indemnifications. The Fund's maximum exposure under these arrangements is unknown as it involves future claims that may be made against the Fund under circumstances that have not occurred.

14. SHARE REPURCHASE PROGRAM In accordance with Section 23(c) of the Company Act, the Fund may from time to time repurchase its shares in the open market at the discretion of and upon

such terms as determined by the Board. The Fund did not repurchase any of its shares during the six months ended June 30, 2018 and the year ended December 31, 2017, respectively.

15. OTHER INFORMATION The Fund may at times raise cash for investment by issuing shares through one or more offerings, including rights offerings. Proceeds from any such offerings will be invested in accordance with the investment objectives and policies of the Fund.

(1) The per share amounts were calculated using the average number of shares outstanding during the period.

(2) Total return on a market value basis is calculated assuming a purchase of shares on the opening of the first day and a sale on the closing of the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Fund's Dividend Reinvestment Plan. Generally, total return on a net asset value basis will be higher than total return on a market value basis in periods where there is an increase in the discount or a decrease in the premium of the market value to the net asset value from the beginning to the end of such periods. Conversely, total return on a net asset value basis will be lower than total return on a market value basis in periods where there is a decrease in the discount or an increase in the premium of the market value to the net asset value from the beginning to the end of such periods. Total return calculated for a period of less than one year is not annualized. The calculation does not reflect brokerage commissions, if any.

(3) Expenses and income ratios do not include expenses incurred by the Acquired Funds in which the Fund invests.

(4) "Total expenses" are the expenses of the Fund as presented in the Statement of Operations before fee waivers and expense reductions.

(5) The ratio of net expenses excluding interest expense and fees incurred from the use of leverage to average net assets was 1.31%[†] for the six months ended June 30, 2018 and 1.44%, 1.46%, 1.51%, 1.47% and 1.72% for the years ended December 31, 2017, 2016, 2015, 2014, and 2013 respectively.

(6) "Net expenses" are the expenses of the Fund presented in the Statement of Operations after expense reductions.

(7)

Edgar Filing: DIVIDEND & INCOME FUND - Form N-CSRS

Represents the value of total assets less liabilities not represented by senior securities representing indebtedness divided by the total number of senior indebtedness units, where one unit equals \$1,000 of senior indebtedness. For purposes of this calculation, the LA is considered a senior security representing indebtedness.

**Less than \$0.005 per share.*

19 Semi-Annual Report 2018

DIVIDEND AND INCOME FUND

The additional information below and on the following pages is supplemental and not part of the financial statements of the Fund.

POLICIES AND UPDATES (Unaudited)

Additional Information

Investment Objectives and Policies

The Fund's primary investment objective is to seek high current income. Capital appreciation is a secondary objective. The investment objectives of the Fund are fundamental policies that may not be changed without a vote of a majority of the Fund's outstanding voting securities. The Fund is also subject to certain investment policies and restrictions that are fundamental and cannot be changed without such vote. A majority of the outstanding voting securities of the Fund is defined under the Company Act as the lesser of: (i) 67% or more of the Fund's shares present at a meeting if more than 50% of the outstanding shares of the Fund are present or represented by proxy; or (ii) more than 50% of the outstanding shares of the Fund. All other investment strategies, policies, and restrictions described are not fundamental and may be changed by the Board without shareholder approval except as required by law.

Limitations on Ownership

The Fund's governing documents contain provisions designed to prevent an ownership change from taking place, which could limit the Fund's ability to use capital loss carryovers, by limiting the ability of persons to own more than 4.99% of the Fund's outstanding shares without the Board's prior approval. These provisions may have an anti-takeover effect on the Fund as do certain other provisions the Fund currently takes advantage of under Delaware law.

Additional Offerings

The Fund had previously filed a shelf registration statement with the SEC allowing it to issue an additional \$150 million shares of beneficial interest which was declared effective on June 30, 2015, and terminated three years thereafter. On September 28, 2015, pursuant to the first take-down under the shelf registration statement involving a rights offering, shareholders of the Fund received one non-transferable right for each share of the Fund held on that date rounded up to the nearest number of rights evenly divisible by three. On November 2, 2015, the Fund issued 1,821,255 shares of beneficial interest and recorded proceeds of \$21,162,983, prior to the deduction of shelf and rights offering expenses of \$276,827. On December 26, 2017, pursuant to the second take-down under the shelf registration statement involving a rights offering, shareholders of the Fund received one nontransferable right for each share of the Fund held on that date rounded up to the nearest number of rights evenly divisible by three. On February 2, 2018, the Fund issued 1,654,761 shares of beneficial interest and recorded proceeds of \$23,497,606, prior to the deduction of shelf and rights offering expenses at \$159,595.

The Fund, subject to market conditions, may raise additional equity capital from time to time in varying amounts and utilizing

various offering methods. While raising additional equity capital by selling new shares may allow the Fund to pursue additional investment opportunities without the need to sell existing portfolio investments, it also entails risks – including that the issuance of additional shares of beneficial interest may reduce the premium or increase the discount at which the Fund’s shares trade to net asset value in the secondary market.

Future offerings under a new registration statement, if any, will contain detailed information regarding the offering and should be reviewed carefully before investing. This report is not an offer to sell Fund shares and is not a solicitation of an offer to buy Fund shares in any jurisdiction where the offers or sales are not permitted.

Proxy Voting

The Fund’s Proxy Voting Guidelines, which describe the policies and procedures the Fund uses to determine how to vote proxies relating to portfolio securities, as well as its proxy voting record for the most recent 12 months ended June 30, are available without charge by calling the Fund collect at 1-212-785-0900, on the SEC’s website at www.sec.gov, and on the Fund’s website at www.DividendandIncomeFund.com.

Quarterly Schedule of Portfolio Holdings

The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The Fund’s Forms N-Q are available on the SEC’s website at www.sec.gov. The Fund’s Forms N-Q may be reviewed and copied at the SEC’s Public Reference Room in Washington, DC, and information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330. The Fund makes the Forms N-Q available on its website at www.DividendandIncomeFund.com.

Governing Documents

Certain provisions in the Fund’s Declaration of Trust and/or Bylaws (“Governing Documents”) could have the effect of, among other things, depriving the owners of shares in the Fund of opportunities to sell their shares at a premium over prevailing market prices by discouraging a third party from seeking to obtain control of the Fund in a tender offer or similar transaction or bringing litigation against the Fund and/or any trustee, officer, employee or affiliate thereof. The overall effect of these provisions is to, among other things, render more difficult the accomplishment of a merger or the assumption of control by a principal shareholder. For more information, please refer to the Fund’s Governing Documents, which are on file with the SEC and available on the Fund’s website <http://www.DividendandIncomeFund.com>.

* The Fund implemented a 1-for-4 reverse stock split with an ex-date of December 10,2012. Prior period distribution amounts have been restated to reflect the impact of the reverse stock split.

** Includes net capital gains recognized in the year and distributable as ordinary income in accordance with tax regulations.

† The classification of these distributions for federal income tax purposes will be determined after the Fund's fiscal year ending December 31,2018. This is only an estimate based on information available at this time and is subject to change. Actual amounts may be re-characterized among net investment income, capital gains, and return of capital for tax purposes after the 2018 year end, although the exact amount is not estimable at June 30,2018.

DISTRIBUTIONS (Unaudited)

Additional Information

Terms and Conditions of the 2015 Amended Dividend Reinvestment Plan

1. Each shareholder (the "Shareholder") holding shares (the "Shares") of Dividend and Income Fund (the "Fund") will automatically be a participant in the Dividend Reinvestment Plan (the "Plan"), unless the Shareholder specifically elects to receive all dividends and capital gains in cash by notice to American Stock Transfer & Trust Company, LLC, 6201 15th Avenue, Brooklyn, New York 11219, 1-800-278-4353, as agent under the Plan (the "Agent"). The Agent will open an account for each Shareholder under the Plan in the same name in which such Shareholder's Shares are registered.
2. Whenever the Fund declares a capital gain distribution or an income dividend payable in Shares or cash, participating Shareholders will take the distribution or dividend entirely in Shares and the Agent will automatically receive the Shares, including fractions, for the Shareholder's account in accordance with the following:

Whenever the Market Price (as defined in Section 3 below) per Share is equal to or exceeds the net asset value per Share at the time Shares are valued for the purpose of determining the number of Shares equivalent to the cash dividend or capital gain distribution (the "Valuation Date"), participants will be issued additional Shares equal to the amount of such dividend divided by the lower of the Fund's net asset value per Share or the Fund's Market Price per Share. Whenever the Market Price per Share is less than such net asset value on the Valuation Date, participants will be issued additional Shares equal to the amount of such dividend divided by the Market Price. The Valuation Date is the business day before the dividend or distribution payment date. If the Fund should declare a dividend or capital gain distribution payable only in cash, the Agent will, as purchasing agent for the participating Shareholders, buy Shares in the open market or elsewhere, for such Shareholders' accounts after the payment date, except that the Agent will endeavor to terminate purchases in the open market and cause the Fund to issue the remaining Shares if, following the commencement of the purchases, the Market Price of the Shares exceeds the net asset value. These remaining Shares will be issued by the Fund at a price equal to the lower of the Fund's net asset value per Share or the Market Price.

In a case where the Agent has terminated open market purchases and caused the issuance of remaining Shares by the Fund, the number of Shares received by the participant in respect of the cash dividend or distribution will be based on the weighted average of prices paid for Shares purchased in the open market and the price at which the Fund issues remaining Shares. To the extent that the Agent is unable to terminate purchases in the open market before the Agent has completed its purchases, or remaining Shares cannot be issued by the Fund because the Fund declared a dividend or distribution payable only in cash, and the Market Price exceeds the net asset value of the Shares, the average Share purchase price

paid by the Agent may exceed the net asset value of the Shares, resulting in the acquisition of fewer Shares than if the dividend or capital gain distribution had been paid in Shares issued by the Fund.

The Agent will apply all cash received as a dividend or capital gain distribution to purchase shares on the open market as soon as practicable after the payment date of the dividend or capital gain distribution, but in no event later than 45 days after that date, except when necessary to comply with applicable provisions of the federal securities laws.

3. For all purposes of the Plan: (a) the Market Price of the Shares on a particular date shall be the average of the volume weighted average sale prices or, if no sale occurred then the mean between the closing bid and asked quotations, for the Shares quoted on the NYSE on each of the five business days the Shares traded ex-dividend on the NYSE immediately prior to such date, and (b) net asset value per share on a particular date shall be as determined by or on behalf of the Fund.
4. The open market purchases provided for herein may be made on any securities exchange on which the Shares are traded, in the over-the-counter market, or in negotiated transactions, and may be on such terms as to price, delivery, and otherwise as the Agent shall determine. Funds held by the Agent uninvested will not bear interest, and it is understood that, in any event, the Agent shall have no liability in connection with any inability to purchase Shares within 45 days after the initial date of such purchase as herein provided, or with the timing of any purchases effected. The Agent shall have no responsibility as to the value of the Shares acquired for the Shareholder's account.
5. The Agent will hold Shares acquired pursuant to the Plan in noncertificated form in the Agent's name or that of its nominee. At no additional cost, a Shareholder participating in the Plan may send to the Agent for deposit into its Plan account those certificate shares of the Fund in its possession. These Shares will be combined with those unissued full and fractional Shares acquired under the Plan and held by the Agent. Shortly thereafter, such Shareholder will receive a statement showing its combined holdings. The Agent will forward to the Shareholder any proxy solicitation material and will vote any Shares so held for the Shareholder only in accordance with the proxy returned by the Shareholder to the Fund.
6. The Agent will confirm to the Shareholder each acquisition for the Shareholder's account as soon as practicable but not later than 60 days after the date thereof. Although the Shareholder may from time to time have an individual fractional interest (computed to three decimal places) in a Share, no certificates for fractional Shares will be issued. However, dividends and distributions on fractional Shares will be credited to Shareholders' accounts. In the event of a termination of a Shareholder's account under the Plan, the Agent will adjust for any such undivided fractional interest in cash at the opening market value of the Shares at the time of termination.

DISTRIBUTIONS (Unaudited)

Additional Information

7. Any stock dividends or split Shares distributed by the Fund on Shares held by the Agent for the Shareholder will be credited to the Shareholder's account. In the event that the Fund makes available to the Shareholder the right to purchase additional Shares or other securities, the Shares held for a Shareholder under the Plan will be added to other Shares held by the Shareholder in calculating the number of rights to be issued to such Shareholder. Transaction processing may either be curtailed or suspended until the completion of any stock dividend, stock split, or corporate action.

8. The Agent's service fee for handling capital gain distributions or income dividends will be paid by the Fund. The Shareholder will be charged a pro rata share of brokerage commissions on all open market purchases.

9. The Shareholder may terminate the account under the Plan by notifying the Agent. A termination will be effective immediately if notice is received by the Agent three days prior to any dividend or distribution payment date. If the request is received less than three days prior to the payment date, then that dividend will be invested, and all subsequent dividends will be paid in cash.

10. These terms and conditions may be amended or supplemented by the Fund at any time or times but, except when necessary or appropriate to comply with applicable law or the rules or policies of the Securities and Exchange Commission or any other regulatory authority, only by mailing to the Shareholder appropriate written notice at least 30 days prior to the effective date thereof. The amendment or supplement shall be deemed to be accepted by the Shareholder unless, prior to the effective date thereof, the Agent receives written notice of the termination of such Shareholder's account under the Plan. Any

such amendment may include an appointment by the Fund of a successor agent in its place and stead under these terms and conditions, with full power and authority to perform all or any of the acts to be performed by the Agent. Upon any such appointment of an Agent for the purpose of receiving dividends and distributions, the Fund will be authorized to pay to such successor Agent all dividends and distributions payable on Shares held in the Shareholder's name or under the Plan for retention or application by such successor Agent as provided in these terms and conditions.

11. In the case of Shareholders, such as banks, brokers, or nominees, which hold Shares for others who are the beneficial owners, the Agent will administer the Plan on the basis of the number of Shares certified from time to time by the Shareholders as representing the total amount registered in the Shareholder's name and held for the account of beneficial owners who are to participate in the Plan.

12. The Agent shall at all times act in good faith and agree to use its best efforts within reasonable limits to insure the accuracy of all services performed under this agreement and to comply with applicable law, but assumes no responsibility and shall not be liable for loss or damage due to errors unless the errors are caused by its negligence, bad faith, or willful misconduct or that of its employees.

13. Neither the Fund nor the Agent will be liable for any act performed in good faith or for any good faith omission to act, including without limitation, any claim of liability arising out of (i) failure to terminate a Shareholder's account, sell shares, or purchase shares, (ii) the prices at which shares are purchased or sold for the Shareholder's account, and

(iii) the time such purchases or sales are made, including price fluctuation in market value after such purchases or sales.

23 Semi-Annual Report 2018

DIVIDEND AND INCOME FUND

Additional Information

The renewal of the investment management agreement (“Agreement”) between Dividend and Income Fund (“Fund”) and the investment manager, Bexil Advisers LLC (“Investment Manager”), was unanimously approved by the Fund’s Board of Trustees (“Board”), including all of the Fund’s trustees who are not “interested persons” of the Fund (“Independent Trustees”) as defined under the Investment Company Act of 1940, as amended, at an in person meeting held on March 12, 2018 (“Meeting”). In this connection, the Board considered a number of factors, including, among other things, information that had been provided at other meetings, as well as information furnished to the Board for the Meeting. Such information included, among other things: information comparing the management fees of the Fund with a peer group of broadly comparable funds as determined by Broadridge (“Broadridge”), an independent provider of investment company data, which uses information sourced from both Lipper and Broadridge; information regarding the Fund’s investment performance on an absolute basis and in comparison to a relevant peer group of funds (“Peer Group”) and a benchmark index as determined by Broadridge; the economic outlook and the general investment outlook in relevant investment markets; the Investment Manager’s results and financial condition and the overall organization of the Investment Manager; the allocation of brokerage and the benefits received by the Investment Manager as a result of brokerage allocation; the Investment Manager’s trading practices, including soft dollars; the Investment Manager’s management of relationships with the Fund’s custodian, transfer agent, pricing agents, brokers, and other service providers; the resources devoted to the Investment Manager’s compliance efforts undertaken on behalf of the Fund and the record of compliance with the compliance programs of the Fund, the Investment Manager, and its affiliates; the quality, nature, cost, and character of the administrative and other non-investment management services provided by the Investment Manager and its affiliates; the terms of the Agreement; the Investment Manager’s gifts and entertainment log; the reasonableness and appropriateness of the fee paid by the Fund for the services described in its Agreement and whether it was the product of arm’s length bargaining; the nature, extent, and quality of the services provided by the Investment Manager; the fiduciary duty assumed by the Investment Manager in connection with the services rendered to the Fund and the business reputation of the Investment Manager and its financial resources; the character and amount of other incidental or “fall-out” benefits received by the Investment Manager and its affiliates from its association with the Fund; the extent to which economies of scale would be realized as the Fund grows; whether fee levels reflect these economies of scale for the benefit of Fund investors; and comparisons of the services rendered and the amounts paid under the Agreement with those under other advisory contracts, such as contracts of the same type between other investment advisers and other registered investment companies or other types of clients (e.g., pension funds).

The Board also reviewed in detail and at length the Investment Manager’s responses to the Board’s request for certain information related to, among other things: the Investment Manager’s general business, personnel, and operations; fees, profitability, and financial information; trading information; Fund performance; compliance and legal; and other related matters. The Board expressed its satisfaction with the Investment Manager’s responses to its request for such information.

The Board also considered the nature, extent, and quality of the management services provided by the Investment Manager. In so doing, the Board considered the Investment Manager’s management capabilities with respect to the types of investments held by the Fund, including information relating to the education, experience, and number of investment professionals and other personnel who provide services under the Agreement. The Board also took into account the time and attention devoted by management to the Fund. In this regard, the Board noted that the Investment

Manager is responsible for, among other things, overseeing the selection of investments for the Fund, making investment decisions for the Fund, monitoring the investment operations and composition of the Fund, and, in connection therewith, monitoring compliance with the Fund's investment objectives, policies, and restrictions, as well as the Fund's compliance with applicable law; monitoring brokerage selection, commissions and other trading costs, quality of execution, and other brokerage matters; and implementing the Board's directives as they relate to the Fund. Further, the Board considered that the Investment Manager's responsibilities include daily monitoring of investment, operational, enterprise, legal, regulatory, and compliance risks as they relate to the Fund. The Board evaluated the level of skill required to manage the Fund and concluded that the resources available at the Investment Manager are appropriate to fulfill effectively its duties on behalf of the Fund. The Board noted that the Investment Manager has managed the Fund for several years and indicated its belief that a long term relationship with capable, conscientious personnel is in the best interests of the Fund. The Board received information concerning the investment philosophy and investment process applied by the Investment Manager in managing the Fund. In this regard, the Investment Manager stated to the Board that the investment philosophy and/or investment process applied in managing the Fund had not changed.

The Board also considered the Investment Manager's in-house research capabilities as well as other resources available to the Investment Manager's personnel, including research services that may be available to the Investment Manager as a result of securities transactions effected for the Fund. The Board concluded that the Investment Manager's investment process, research capabilities, and philosophy were well suited to the Fund, given the Fund's investment objectives and policies.

Additional Information

In its review of comparative information with respect to the Fund's investment performance, the Board received information from Broadridge comparing the Fund's investment performance on an absolute basis and to that of its Peer Group and a benchmark index selected by Broadridge. After reviewing performance information with respect to the Fund, the Board noted that the Fund's total return (i) outperformed its benchmark index in the one, two, and five year periods ended December 31, 2017, but underperformed in the three, four, and ten year periods, (ii) outperformed the median total return of its Peer Group in the one, two, and five year periods ended December 31, 2017, but underperformed in the three, four, and ten year periods, and (iii) outperformed the average total return of its Peer Group in the one, two, three, and five year periods ended December 31, 2017, but underperformed in the four and ten year periods. The Board considered that the Investment Manager became the Fund's investment manager in February 2011 and that the Fund's performance prior to that time is attributable to its former investment manager. The Board then concluded that the Fund's performance was within a range that it deemed competitive.

The Board noted that performance is only one of the factors that it deems relevant to its consideration of the Agreement and that, after considering all relevant factors, it can reach a decision to renew the Agreement notwithstanding the Fund's underperformance over certain periods.

With respect to its review of the fee payable under the Agreement, the Board considered information from Broadridge comparing the Fund's management fee and expense ratio to those of its Peer Group. The Board observed that the Fund's management fee was higher than the median in its Peer Group and its total expense ratio was higher than the median in its Peer Group. Although the Board observed that the Fund's expense ratio was in the higher range as compared to the Fund's Peer Group, the Board concluded that the Fund's fees were competitive with comparable funds in light of the quality of services received and the level of assets managed. The Board also evaluated any apparent or anticipated economies of scale in relation to the services the Investment Manager provides to the Fund. The Board considered that the Fund is a closed end fund that does not continuously offer shares and that, without daily

inflows and outflows of capital, there are limited opportunities for significant economies of scale to be realized by the Investment Manager in managing the Fund's assets.

The information provided assisted the Board in concluding that the fee paid by the Fund is within a range of those paid by comparable funds within the fund industry and is fair and reasonable in light of the quality of services received and the level of assets managed. Further, the Board concluded that the Investment Manager's fee bears a reasonable relationship to the services rendered and has been the product of arm's length bargaining.

The Board also considered information regarding the character and amount of other incidental benefits received by the Investment Manager and its affiliates from its association with the Fund. The Board concluded that potential "fall-out" benefits that the Investment Manager and its affiliates may receive, such as increased ability to obtain research services, appear to be fair and reasonable and may, in some cases, benefit the Fund.

The Board also considered the profitability of the Investment Manager from its association with the Fund. In this regard, the Board considered the costs of the services provided, and the profits realized, if any, by the Investment Manager in connection with the operation of the Fund and was satisfied that the profitability was not excessive under

the circumstances. In addition, the Board considered the financial stability of the Investment Manager.

The Board did not consider any single factor as controlling in determining whether or not to renew the Agreement. In assessing the information provided by the Investment Manager and its affiliates, the Board also noted that it was taking into consideration the benefits to shareholders of investing in a Fund that is part of a fund complex which provides a variety of shareholder services.

Based on its consideration of the foregoing factors and conclusions, and such other factors and conclusions as it deemed relevant, the Board, including all of the Independent Trustees, concluded that the approval of the Agreement, including the fee structure, is in the best interests of the Fund.

Who we are

Who is providing this notice ? Dividend and Income Fund

What we do

How does Dividend and Income Fund protect my personal information? To protect your personal information from unauthorized access and use, we use security measures that comply with federal law. These measures include computer safeguards and secured files and buildings.

How does Dividend and Income Fund collect my personal information? We collect your personal information, for example, when you

- Open an account
- Buy securities from us
- Provide account information
- Give us your contact information
- Tell us where to send the money

Why can't I limit all sharing? Federal law gives you the right to limit only

- Sharing for affiliates' everyday business purposes – information about your creditworthiness
- Affiliates from using your information to market to you
- Sharing for nonaffiliates to market to you

What happens when I limit sharing for an account I hold jointly with someone else? State laws and individual companies may give you additional rights to limit sharing. Your choices will apply to everyone on your account – unless you tell us otherwise.

Dividend and Income Fund is part of a fund complex which includes Midas Fund, Midas Magic, and Foxby Corp.

Please note - There is no assurance that the Fund's investment objectives will be attained. Past performance is no guarantee of future results. You should consider the investment objectives, risks, and charges and expenses of the Fund carefully before investing. The Fund's investment policies, management fees, and other matters of interest to prospective investors may be found in its filings with the Securities and Exchange Commission ("SEC") including its annual and semi-annual reports. To obtain a copy of the reports, please call us at 212-785-0900 or download them at <http://dividendandincomefund.com/fundinfo.html>. Please read the reports carefully before investing.

Shares of closed end funds frequently trade at a discount from their Net Asset Value ("NAV"). This characteristic is a risk separate and distinct from the risk that the Fund's NAV could decrease as a result of its investment activities. Neither the Fund nor its Investment Manager can predict whether shares of the Fund will trade at, below, or above NAV. The risk of holding shares of the Fund that might trade at a discount is more pronounced for investors expecting to sell their shares in a relatively short period of time after acquiring them because, for those investors, realization of a gain or loss on their investments is likely to be more dependent upon the existence of a premium or discount than upon portfolio performance. The shares of the Fund are designed primarily for long term investors and should not be considered a vehicle for trading purposes. The NAV of the Fund shares typically will fluctuate with price changes of the Fund's portfolio securities, and these fluctuations are likely to be greater in the case of a fund which uses leverage, as the Fund may from time to time. In the event that shares of the Fund trade at a premium to NAV, there is no assurance that any such premium will be sustained for any period of time and will not decrease, or that the shares of the Fund will not trade at a discount to NAV thereafter. The market price for the Fund is based on supply and demand which fluctuates daily based on many factors, such as economic conditions and global events, investor sentiment, and security-specific factors.

This report, including the financial statements herein, is provided for informational purposes only. This is not a prospectus, circular, or representation intended for use in the purchase of shares of the Fund or any securities mentioned in this report. This report shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of, these securities in any state in which such offer, solicitation, or sale would be unlawful prior to registration or qualification under the securities laws of any such state, or an exemption therefrom.

The Fund does not make available copies of its Statement of Additional Information because the Fund's shares are not continuously offered, which means that the Fund's Statement of Additional Information has not been updated since completion of the Fund's most recent offering and the information contained in the Fund's Statement of Additional may have become outdated.

Investment products, including shares of the Fund, are not insured federally or by the Federal Deposit Insurance Corporation ("FDIC"), are not deposits or obligations of, or guaranteed by, any financial institution and involve investment risk, including possible loss of principal and fluctuation in value. Consult with your tax advisor or attorney regarding specific tax issues.

Cautionary Note Regarding Forward Looking Statements - Certain information presented in this report may contain "forward looking statements" within the meaning of the federal securities laws, including the Private Securities Litigation Reform Act of 1995. Forward looking statements include, but are not limited to, statements concerning the

Fund's plans, objectives, goals, strategies, future events, future performance, intentions, and other information that is not historical information. In some cases, forward looking statements can be identified by terminology such as "believes," "expects," "estimates," "may," "will," "should," "anticipates," or "intends," or the negative of such terms or other comparable terminology, or by discussions of strategy. All forward looking statements by the Fund involve known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Fund, which may cause the Fund's actual results to be materially different from those expressed or implied by such statements. The Fund may also make additional forward looking statements from time to time. All such subsequent forward looking statements, whether written or oral, by the Fund or on its behalf, are also expressly qualified by these cautionary statements. You should carefully consider the risks, uncertainties, and other factors, together with all of the other information included in the Fund's filings with the SEC, and similar information. All forward looking statements apply only as of the date made. The Fund undertakes no obligation to publicly update or revise forward looking statements which may be made to reflect events or circumstances after the date made or to reflect the occurrence of unanticipated events.

Section 23 Notice - Pursuant to Section 23 of the Investment Company Act of 1940, as amended, notice is hereby given that the Fund may in the future purchase its own shares in the open market. These purchases may be made from time to time, at such times, and in such amounts, as may be deemed advantageous to the Fund, although nothing herein shall be considered a commitment to purchase such shares.

This report is for shareholder information. This is not a prospectus intended for use in the purchase or sale of Fund shares.

Item 2. Code of Ethics.

Not applicable.

Item 3. Audit Committee Financial Expert.

Not applicable.

Item 4. Principal Accountant Fees and Services.

Not applicable.

Item 5. Audit Committee of Listed Registrants.

Not applicable.

Item 6. Investments.

Included herein under Item 1.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

Not applicable.

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

Not applicable.

Item 9. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers.

Not applicable.

Item 10. Submission of Matters to a Vote of Security Holders.

There were no material changes to the procedures by which shareholders may recommend nominees to the registrant's board of trustees made or implemented after the registrant last provided disclosure in response to the requirements of Item 407(c)(2)(iv) of Regulation S-K (17 CFR 229.407), or this Item.

Item 11. Controls and Procedures.

The registrant's principal executive officer and principal financial officer have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as (a) amended (the "1940 Act")) are effective as of a date within 90 days of the filing date of this report that includes the disclosure required by this paragraph, based on their evaluation of the disclosure controls and procedures required by Rule 30a-3(b) under the 1940 Act and Rule 15d-15(b) under the Securities Exchange Act of 1934, as amended.

(b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act) that occurred during the registrant's second fiscal quarter of the period covered by this report that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.

Item 12. Disclosure of Securities Lending Activities for Closed-End Management Investment Companies.

No income was received by the registrant from securities lending activities in the period covered by this report.

- (a) Previously, State Street Bank and Trust Company ("SSB") had served as the registrant's securities lending agent until June 2018. Amounts paid by securities lending counterparties for loaned securities were retained by SSB. Currently, the registrant does not have a securities lending agent.

- (b) Previously, the registrant entered into a Liquidity Agreement with SSB that allowed the registrant to draw up to the maximum liquidity commitment as specified therein. The Liquidity Agreement was terminated in June 2018. The Liquidity Agreement included a securities lending authorization by the registrant to SSB to engage in agency securities lending and reverse repurchase activity. Previously, SSB had also served as the registrant's custodian. Currently, the registrant does not have a securities lending agent.

Item 13. Exhibits.

- (a)(1) Not applicable.

- (a)(2) Certifications pursuant to Rule 30a-2(a) under the Investment Company Act of 1940 (17 CFR 270.30a-2) attached hereto as Exhibit 99.CERT.

- (a)(3) Not applicable.

- (a)(4) Change in the registrant's independent public accountant. Not applicable.

- (b) Certifications pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 attached hereto as Exhibit 99.906 CERT.
