Section 1 REGISTRANT'S BUSINESS AND OPERATIONS

Item 1.01 Entry into a Material Definitive Agreement.

We have entered into a binding letter of intent with Mr. Robert C. Shook (Shook) of Casper, Wyoming, to acquire three separate uranium projects located in northeast Wyoming in the central portion of the Power River Basin. The three projects are named West Flank, North Rolling Pin and C-line.

The locations of these three properties are adjacent to, or nearby mining claims already owned by Uranerz Energy, including our West North Butte, Nichols Ranch, Hank, and Doughstick properties, thus providing synergistic opportunities for potential in-situ recovery mine development. The surface area covered by these acquisitions is on land already covered by Uranerz Energy's surface use agreement with the rancher.

The total purchase price for the three project acquisitions will be \$3,120,000. The Letter of Intent provides for a 35-day due diligence period to review all reports, maps, drill logs and like material covering the Uranium properties that Shook has in his possession or control and a title search will be performed. Uranerz Energy may elect, at its sole discretion, to cancel the Letter of Intent and not close on the transaction if the Company is not satisfied with the results of the due diligence.

End.
