ORGANIZATION

Parks America, Inc (formerly Royal Pacific Resources, Inc) is a Nevada corporation formed during 2002 for the purpose of merging with Painted Deseret Uranium and Oil Company, Inc., a Washington corporation, incorporated in 1954, with the merger being completed on July 25, 2002.

We own and operate regional theme amusement and a staffing agency all within the United States. The parks are open year round but experience seasonal attendance. Results of operations for interim periods are not indicative of the results expected for a full year. Important factors that could cause actual results to differ materially from those in the forward-looking statements include regional, national or global political, economic, business, competitive, market and regulatory conditions and include the following: Local conditions, events, disturbances and terrorist activities, accidents occurring at our parks, adverse weather conditions, competition with other theme parks and other entertainment alternatives, changes in consumer spending patterns, credit market and general economic conditions; and any future legal proceedings.

On June 13, 2005, the Company acquired the theme park outlined in note 3.

On September 30, 2007, the Company acquired assets from TempServe LLC outlined in note 6.

On March 5, 2008, the Company acquired the theme park outlined in note 7.

On May 14, 2008, the Company changed its name from Great American Family Parks, Inc. to Parks! America, Inc.

SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The unaudited condensed consolidated financial statements included herein have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). The condensed consolidated financial statements should be read in conjunction with the Company s December 31, 2007, consolidated financial statements and notes thereto included in the Company s Annual Report on Form 10-KSB (SEC File Number 000-51254). Certain information and footnote disclosures which are normally included in financial statements prepared in accordance with United States generally accepted accounting principles have been condensed or omitted pursuant to SEC rules and regulations for interim financial statements (Article 8 of Regulation S-X). The Company believes that the disclosures made are adequate to make the information presented not misleading. The information reflects all adjustments that, in the opinion of management, are necessary for a fair presentation of the financial position and results of operations for the interim periods set forth herein. All such adjustments are of a normal and recurring nature. The results for the three-month and six-month periods ended June 30, 2008, are not necessarily indicative of the results for the fiscal year ending December 31, 2008.

SIGNIFICANT ACCOUNTING POLICIES - continued

Accounting Method: The Company recognizes income and expenses based on the accrual method of accounting.

Reclassifications: Certain accounts and financial statement captions in the prior periods have been reclassified to conform to the current period interim financial statements.

Basic and Diluted Net Income (loss) Per Share: Basic net income (loss) per share amounts are computed based on the weighted average number of shares actually outstanding. Diluted net income (loss) per share amounts are computed using the weighted average number of common shares and common equivalent shares outstanding as if shares had been issued on the exercise any common share rights unless the exercise becomes anti-dilutive and then only the basic per share amounts are shown in the report.

Basic and diluted net income (loss) per share is computed by dividing net income (loss) available to common stockholders by the weighted average number of common shares outstanding in each period. Potentially dilutive shares, consisting of 18,187,200 warrants, are not included in the calculation of diluted loss per share because their effect is anti-dilutive.

Revenue Recognition: The major source of income is received in the form of services provided from staffing services and theme park cash admissions. Park Staffing service revenue is recognized as services are performed on an hourly or weekly basis, prices are fixed or determinable based on customer requisitions and collectability is reasonably assured. Theme park revenues from admission fees are recognized upon receipt of the cash at the time of our customers' visit to the parks. No theme park ticket sales are made in advance. Short term seasonal passes are sold primarily during the summer seasons and are negligible to our results of operations.

Trade Accounts Receivable: Trade accounts receivables refer to amounts due for the performance of staffing services.

Allowance for doubtful accounts: We provide a reserve against our receivables for estimated losses that may result from our customers inability to pay related to our staffing business. We determine the amount of the reserve by analyzing known uncollectible accounts, economic conditions and historical losses and our customers creditworthiness. The likelihood of a material loss from this area is minimal due to our limited exposure to credit risk. No allowance for doubtful accounts has been set up at this time based on our best estimate and good collection history.

Advertising and Market Development: The Company expenses advertising and market costs as incurred.

Income Taxes: The Company utilizes the liability method of accounting for income taxes. Under the liability method deferred tax assets and liabilities are determined based on the differences between financial reporting and the tax bases of the assets and liabilities and are measured using the enacted tax rates and laws is recorded, when it is more likely than not, that such tax benefits will not be realized.

Financial and Concentrations Risk: The Company does not have any concentration or related financial credit risks except for cash, accounts receivable and notes receivable, however, the Company considers the accounts to be fully collectible at the recorded amounts. The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts.

Principles of Consolidation: The accompanying consolidation financial statements include the accounts of Parks America, Inc. (parent), and its subsidiaries (Wild Animal Safari, Inc, Wild Animal, Inc, and Park Servicing LLC.). Results of operations and cash flows are included for the period subsequent to the acquisition dates and include the accounts of Park Staffing, LLC and Wild Animal Safari, Inc. All material inter-company accounts and transactions have been eliminated in consolidation.

Estimates and Assumptions: Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of the assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were assumed in preparing these financial statements.

Advance from Factor: The Company uses a factor for cash flow and receivables administration purposes for its Park Staffing business. The factor is an entity owned by the shareholders of Computer Contract Service, Inc., an entity from which, the Company acquired the assets of TempServ (See Note 6) Under the factoring agreement, the factor purchases certain trade accounts receivable and assumes minimal credit risks with respect to such accounts for a factoring charge negotiated as a percentage of the invoice amount assigned. The Company may also obtain advances against the receivables assigned. At June 30, 2008, items subject to recourse were not significant. The Company is contingently liable to the factor for merchandise disputes, customer claims, and the like, on receivables sold to the factor. The factor holds a security interest in certain receivables. Accordingly, the Company has presented its accounts

receivables related to the Park Staffing business as a current asset at net realizable value and presented its borrowings from the factors as a current liability.

Property and Equipment: Property and equipment are stated at cost. Depreciation is computed on the accelerated methods over the estimated useful lives of the assets, which range from five to thirty nine years. A summary is included below.

Land	\$ 2,505,180
Building and improvements	4,248,827
Equipment	525,929
Animals	580,077
Less accumulated depreciation	(533,458)
Net	\$ 7,326,555

Inventory: Inventory consists of park supplies, and is stated at the lower of cost or market. Cost is determined on the first-in, first-out method. Inventories are reviewed and reconciled annually, because inventory levels turn over rapidly.

Goodwill: Goodwill is initially recorded as the excess of the purchase price over the fair value of the net assets acquired. Goodwill is not amortized. We are required to evaluate goodwill for impairment on at least an annual basis, or sooner if required to do so. We performed the analysis, as of December 31, 2007, and determined that our remaining goodwill was not impaired. During the six months ended June 30, 2008, management did not identify any reasons for the need to reassess any potential impairment. See note 6.

Other Intangible assets: Other intangible assets include franchising fees; loan fees, payroll software, and a covenant not to compete are reported at cost. Franchising and loan fees are amortized over a period of 60 months, payroll software over a period of 36 months, and the covenant not to compete over a period of 180 months.

Impairment of Long-Lived Assets: The Company reviews its major assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If an asset is considered impaired, impairment will be recognized in an amount determined by the excess of the carrying amount of the asset over its fair value. There was no impairment of long-lived assets during the current interim periods presented.

Financial Instruments: The carrying amounts of financial instruments are considered by management to be their estimated fair values due to their short-term maturities.

Stock Based Compensation: Prior to January 1, 2006 the company accounted for stock based compensation under recognition and measurement principles of SFAS No. 123 and as permitted under APB Opinion No. 25, and related interpretations. Effective January 1, 2006 the company adopted FAS 123R using the modified prospective method recognizing compensation costs on a straight-line basis over the requisite service period of the award. SFAS No. 123R

requires that cash flows resulting from tax deductions in excess of the cumulative compensation cost recognizes for options exercised be classified as cash inflows from financing activities and cash outflows from operating activities. The company also applies SFAS No. 123R and EITF No. 96-18 stock based compensation to non-employees. No activity has occurred in relation to stock options and warrants during the interim periods ended June 30, 2008. The Company issued shares for services during the interim periods June 30, 2008 and was recorded at fair value at the date of issuance.

Other Recent Accounting Pronouncements: The Company does not expect that the adoption of other recent accounting pronouncements will have a material impact on its financial statements.

In March 2006, the FASB issued SFAS No. 156 (FAS 156), Accounting for Servicing of Financial Assets An Amendment of FASB Statement No. 140 . Among other requirements, FAS 156 requires a company to recognize a servicing asset or servicing liability when it undertakes an obligation to service a financial asset by entering into a servicing contract under certain situations. Under FAS 156 an election can also be made for subsequent fair value measurement of servicing assets and servicing liabilities by class, thus simplifying the accounting and providing for income statement recognition of potential offsetting changes in the fair value of servicing assets, servicing liabilities and related derivative instruments. The Statement will be effective beginning the first fiscal year that begins after September 15, 2006. The adoption of this pronouncement does not have a material impact on our financial condition, results of operations, or cash flow.

In June 2006, the FASB issued Interpretation No. 48 (FIN48), Accounting for Uncertainty in Income Taxes . This interpretation requires companies to determine whether it is more likely than not that a tax position will be sustained upon examination by the appropriate taxing authorities before any part of the benefit can be recorded in the financial statements. FIN 48 provides guidance on de-recognition, classification, accounting in interim periods and disclosure requirements for tax contingencies. FIN 48 is effective for fiscal years beginning after December 15, 2006. The differences between the amounts recognized in the statements of financial position prior to the adoption of FIN 48 and the amounts reported after adoption will be accounted for as a cumulative-effect adjustment recorded to the beginning balance of retained earnings. The Company adopted FIN48 on January 1, 2007 and has determined that the impact of the adoption of FIN 48 is insignificant to the Company s consolidated financial position, results of operations or cash flows.

In September 2006, the FASB issued Statement No. 157, Fair Value Measurements . SFAS 157 defines fair value, establishes a framework and gives guidance regarding the methods used for measuring fair value, and expands disclosures about fair value measurements. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The Company is evaluating the impact of this new pronouncement to the Company s financial position and results of operations or cash flows.

In September 2006, the FASB issued Statement No. 158, Employers Accounting for Defined Benefit Pension and Other Postretirement Plans, an amendment of FASB Statements No. 87, 88, 106, and 132(R) . SFAS 158 requires companies to recognize the overfunded or underfunded status of a defined benefit post-retirement plan as an asset or liability in its balance sheet and to recognize changes in that funded status in the year in which the changes occur through comprehensive income, effective for fiscal years ending after December 15, 2006. SFAS 158 also requires companies to measure the funded status of the plan as of the date of its fiscal year-end, with limited exceptions, effective for fiscal years ending after December 15, 2008. The Company does not expect the adoption of SFAS 158 to have a material impact on the Company s financial position or results of operations, as the Company does not currently have any defined benefit pension or other post-retirement plans.

In September 2006, the Securities and Exchange Commission (SEC) issued Staff Accounting Bulletin No. 108 (SAB 108), Financial Statements - Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements . SAB 108 provides guidance on how prior year misstatements should be taken into consideration when quantifying misstatements in current year financial statements for purposes of determining whether the current year s financial statements are materially misstated. SAB 108 provides that once a current year misstatement has been quantified, the guidance in SAB No. 99, Financial Statements Materiality , should be applied to determine whether the misstatement is material and should result in an adjustment to the financial statements. Under certain circumstances, prior year financial statements will not have to be restated and the effects of initially applying SAB 108 on prior years will be recorded as a cumulative effect adjustment to beginning Retained Earnings on January 1, 2006, with disclosure of the items included in the cumulative effect. The Company does not expect the application of the provisions of SAB 108 to have a material impact, if any, on the consolidated financial statements.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities*. The objective of this statement is to improve financial reporting by providing entities with the opportunity to mitigate volatility in reported earnings caused by measuring related assets and liabilities differently without having to apply complex hedge accounting provisions. This Statement is expected by the FASB to expand the use of fair value measurement, which is consistent with the FASB's long-term measurement objectives for accounting for financial instruments. This statement is effective for fiscal year beginning after November 15, 2007. The Company is currently evaluating the impact of adopting this statement; however, the Company does not expect the adoption of this provision to have a material effect on its financial position, results of operations or cash flows.

In December 2007, the FASB issued SFAS No. 141(R), *Business Combinations*, which changes the accounting for business combinations and their effects on the financial statements. SFAS No. 141(R) will be effective at the beginning of 2009. The adoption of this statement is not expected to have a material impact on our financial condition, results of operations, or cash flows.

In December 2007, the FASB issued SFAS No. 160, *Accounting and Reporting of Noncontrolling Interests in Consolidated Financial Statements, and amendment of ARB No. 51*. SFAS No. 160 requires entities to report non-controlling interests in subsidiaries as equity in their consolidated financial statements. SFAS No. 160 will be effective at the beginning of 2009. The adoption of this statement is not expected to have a material impact on the Company's financial condition, results of operations, or cash flows.

3.

LONG-TERM DEBT

The Commercial Bank and Trust loan will be repaid in monthly installments based on a twenty year amortization schedule. The interest rate on the loan is 7.75% for the first five years. The interest rate will be renegotiated at the end of the initial five years of the payment term on November 17, 2010, but as part of the refinancing the bank has agreed to extend the payment term for an additional fifteen years after November 17, 2010, subject to no default. The loan is secured by a first priority security agreement and a first priority security deed on the Wild Animal Safari theme park assets. The current loan requires a monthly payment of \$19,250.

In addition, on November 17, 2005, Wild Animal Safari, Inc. (subsidiary) obtained a line of credit loan from Commercial Bank & Trust Company of Troup County for working capital purposes in the principal amount of \$200,000. This line of credit loan is renewable annually, subject to the satisfactory performance by Wild Animal Safari theme park assets. The outstanding balance on this line of credit was paid off in the second quarter of 2008.

LONG-TERM DEBT (continued)

On February 27, 2008, the bank issued a note payable for \$22,000 for the purchase of a vehicle with an interest rate of 7.1% per annum. The loan is being amortized over five years.

On September 30, 2007, Park Staffing Services, LLC (Subsidiary) issued a note payable to Computer Contract Services, Inc. in the amount of \$562,500 for debt incurred in the purchase of the Park Staffing Services temp agency. The note required interest at a rate of 6% and 36 monthly payments of \$17,290 beginning January 1, 2008 and is being paid as agreed.

On September 30, 2007 Park Staffing Services, LLC (Subsidiary) also issued a note payable to EDLA, LLC in the amount of \$200,000 for the remainder of the debt incurred in the purchase of the Park Staffing Services temp agency. The note required interest at a rate of 6% and 12 monthly payments of \$17,643 beginning March 31, 2008 and is being paid as agreed.

On March 5, 2008 Wild Animal, Inc (Subsidiary) issued a note payable to Oak Oak, Inc. in the amount of \$1,750,000 for debt incurred in the purchase of the Wild Animal theme park. The note required interest at a rate of 8%, and 360 monthly payments of \$12,841.

On March 5, 2008 Wild Animal, Inc (Subsidiary) obtained a loan from Commercial Bank & Trust in the amount of \$500,000 to improve and upgrade facilities of the Wild Animal theme park. The note required interest at a rate of 7.25% and 60 monthly payments of \$9,986. In addition a line of credit was extended for \$250,000 until March 7, 2009 on a variable rate with the initial rate being 6%. At June 30, 2008 the line is available and had not been drawn upon.

At June 30, 2008 the scheduled future principal maturities for all notes are as follows:

Year Ending June 30	Amount
2009	488,920
2010	375,379
2011	300,042
2012 thereafter	3,860,024

STOCKHOLDERS EQUITY (continued)

During 2005 the Company issued 624,000 common shares for service and expenses at \$0.30 per share and during 2006, 6,940,000 common shares for services at \$0.15 per share.

In the first three months of 2008, 220,000 shares of stock were issued for directors' fees and stock bonuses to two key employees. These shares were valued based on the market price as of the date of issuance.

5.

SIGNIFICANT TRANSACTIONS WITH RELATED PARTIES

Officer-directors and their controlled entities have acquired 29% of the outstanding common stock of the Company, and during 2006 salaries were \$314,300. For the year ended December 31, 2007 the Company paid \$307,154 in salaries.

As of June 30, 2008, the Company had a no interest demand loan due from an affiliate of \$90,600, and no interest demand loans due from related parties of \$251,618. All are scheduled for payoff in 2008.

The affiliation resulted by common ownership of the affiliates by officers of the Company.

Employment Agreements: During the second quarter of 2008, the Company entered into separate employment agreements with four officers which provides for base annual salaries of aggregate payments of \$415,000, as compensation for the part-time and full time employment of the officers retroactive to January 2008 or April 2008 for a five year term. Salaries will be reviewed annually, and health insurance is provided to one officer.

The president and chief executive officer of the company is granted a bonus equal to two percent (2%) of the annual gross pre-tax income determined quarterly based on the filing of the 10Q report with the SEC, subject to the provision that said annual gross pre-tax income amounts to at least the sum of Five Hundred Thousand Dollars (\$500,000). Said payment shall occur within thirty (30) days following the filing of the 10Q report. Any overpayment of said bonus shall be deducted from Eastland's salary at a rate not to exceed \$10,000 per month. As of this report, no bonus has accrued or been paid.

Each of the employment agreements also provides for the payment of additional severance compensation for the term of the contract.: (i) the agreement is terminated by the Company without cause (as defined therein), or (ii) terminated by the executive due to change in control (as defined therein). These agreements also entitle the officers to participate in stock option plans to be set up. The contracts also provide for a sale/take-over termination bonuses of \$1,050,000. Upon hiring additional marketing personnel, the Company may enter into additional employment agreements, which the Company anticipates may contain similar terms to existing employment agreements.

ACQUISITION OF TEMPSEERVE ASSETS, NOW RENAMED PARK STAFFING SERVICES, LLC

On September 30, 2007, the Company entered into an Asset Purchase Agreement with Computer Contact Service, Inc. (CCS), Stanley Harper and Troy Davis to acquire substantially all of the assets of tempSERV (now renamed Park Staffing Services, LLC) (Park Staffing Services), a division of CCS.

Park Staffing Services, which is located in Bakersfield, California, provides temporary industrial, construction, service, and clerical staffing services nationwide. In addition to the more traditional functions job placement, payroll and personnel administration, Park Staffing Services provides screening, testing, counseling and supervision of its placements.

The acquisition was completed on September 30, 2007. Assets acquired by the Company pursuant to the Agreement include: (i) certain fixed assets, equipment, fixtures, leasehold improvements located at tempSERV 's office in Bakersfield, California; (ii) certain intellectual property of tempSERV; (iii) the goodwill of tempSERV; (iv) certain contracts related to the assets acquired by the Company.

The consideration for the assets acquired by the Company was an aggregate of \$1,285,183, consisting of \$522,683 in cash, a warrant to purchase 5,000,000 shares of common stock at \$0.05 per share, and a promissory note in the principal amount of \$762,500 shall be paid out of the cash flow of Park Staffing Services in 36 equal monthly installments, in the amount of \$17,292.41 each, commencing on January 1, 2008, and continuing through December 1, 2010. The warrant is exercisable for all or a portion of the shares at the option of the holder and transferable at any time of from time to time on or after the date on which the warrant is issued, provided that annual revenue generated from Park Staffing exceeds \$7 million, and that each transfer of shares does not result in the annual sale of more than 25% of the aggregate number of shares issuable upon exercise of the warrants. Since this grant is contingent upon the occurrence of a future event which is not certain to occur, no amounts have been recognized in connection with this arrangement. When the earn out provision has been met, the Company will recognize the value of the consideration at that time as additional goodwill. The Company has estimated the value of the warrants to be approximately \$272,528_

and was valued using the Black Scholes pricing model as calculated by Intangible Appraisers, Inc. The underlying assumptions used were: grant date fair value of \$0.1050, exercise price of \$0.055, risk free rate of 4.23%, volatility of 138.53% and term of 5 years.

The purchase price was allocated as follows:

ACQUISITION OF ANIMAL PARADISE, NOW RENAMED WILD ANIMAL, INC.

On March 5, 2008 the Company entered into an Asset Purchase Agreement with Anthony and Lisa Oddo to acquire substantially all the assets of Animal Paradise, LLC (now renamed Wild Animal, Inc.).

Wild Animal, Inc., located in Strafford, Missouri near Springfield, is a ride-through wild animal park similar to the previously acquired Wild Animal Safari theme park.

The acquisition was completed on March 5, 2008. Assets acquired by the Company pursuant to the Agreement include: Only certain fixed assets, land, land improvements, buildings and structures, equipment, fixtures, and inventory located at Animal Paradise s park in Strafford, Missouri. The animals were acquired subsequent to the purchase. Proforma results of operations have not been presented for the period of the transaction as such results were not readily available.

The consideration for the assets acquired by the Company was an aggregate of \$2,640,000, consisting of \$300,000 cash, accounts payable for the animals of \$90,000, a promissory note in the principal amount of \$1,750,000, and a line of credit of \$500,000. BUSINESS SEGMENTS

We manage our operations on an individual location basis. Discrete financial information is maintained for each park and provided to our corporate management for review and as a basis for decision making. The primary performance measures used to allocate resources are park earnings before interest, tax expense, depreciation and amortization (Park EBITDA) and free cash flow (Park EBITDA less capital expenditures). All of our entities provide similar products and services through a similar process to the same class of customer through a consistent method. We also believe that the parks share common economic characteristics. As such, we have only two reportable segments – operation of theme parks and park staffing. The following tables present segment financial information and a reconciliation of the primary segment performance measure to loss from continuing operations before income taxes.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The information in this report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. This Act provides a "safe harbor" for forward-looking statements to encourage companies to provide prospective information about themselves so long as they identify these statements as forward looking and provide meaningful cautionary statements identifying important factors that could cause actual results to differ from the projected results. All statements other than statements of historical fact made in this report are forward looking. In particular, the statements herein regarding industry prospects and future results of operations or financial position are forward-looking statements. Forward-looking statements reflect management's current expectations and are inherently uncertain. Our actual results may differ significantly from management's expectations. We caution you therefore that you should not rely on any of these forward-looking statements as statements of historical fact or as guarantees or assurances of future performance. Important factors that could cause actual results to differ materially from those in the forward-looking statements include regional, national or global political, economic, business, competitive, market and regulatory conditions and include the following:

.
factors impacting attendance, such as local conditions, events, disturbances and terrorist activities;

.
accidents occurring at our parks;

.
adverse weather conditions;

.
competition with other theme parks and other entertainment alternatives;

.
changes in consumer spending patterns;

credit market and general economic conditions; and

pending, threatened or future legal proceedings.

The following discussion and analysis should be read in conjunction with the financial statements and notes thereto included elsewhere in this report and with our annual report on Form 10-KSB for the fiscal year ended December 31, 2007. This discussion should not be construed to imply that the results discussed herein will necessarily continue into the future, or that any conclusion reached herein will necessarily be indicative of actual operating results in the future. Such discussion represents only the best present assessment of our management.

Overview

Parks! America, Inc. is in the business of acquiring, developing and operating local and regional theme parks and attractions both in the U.S. and internationally. We are in the process of building a family of parks primarily through acquisitions of small local or regional privately owned parks. Our goal is to develop a series of compatible, but distinct entertainment and amusement products including themed amusement parks, associated products, food and beverage, and multimedia offerings. The implementation of this strategy has begun with themed amusement parks and attractions. Our business plan is to acquire existing properties with three criteria in mind:

Properties that have an operating history and are profitable;

Properties where our management team believes the potential exists to increase profits and operating efficiencies; and

Properties where there is additional, underutilized land upon which to expand operations.

It also is our belief that acquisitions should not unnecessarily encumber the Company with debt that cannot be justified by current operations. By using a combination of equity, debt and other non-traditional financing options, we

intend to carefully monitor shareholder value in conjunction with our pursuit of growth.

Parks! America, Inc. is the parent corporation of the following wholly owned subsidiaries:

(1) Wild Animal Safari, Inc., a Georgia corporation that operates and owns the Wild Animal Safari theme park in Pine Mountain, Georgia.

(2) Park Staffing Services LLC., a California limited liability company that owns and operates a staffing business in Bakersfield, California.

(3) Wild Animal, Inc., a Missouri corporation that operates and owns the Animal Paradise theme park in Strafford, Missouri.

Results of Operations

Three Months Ended June 30, 2008 Compared to Three Months Ended June 30, 2007

Revenues for the three months ended June 30, 2008 were \$3,319,036 compared to \$1,060,212 for the three months ended June 30, 2007. This represents an increase of \$2,258,824, or 213% comparing the two periods. The increase in revenue for the three months ended June 30, 2008 is primarily the result of the addition of Park Staffing, LLC revenues and Wild Animal, Inc park in Stafford, Missouri .

Gross profit increased by \$580,619, or 77%, to \$1,402,088 for the three months ended June 30, 2008 compared to \$821,469 for the three months ended June 30, 2007. The change in gross profit is primarily the result of the addition of Parks Staffing revenues and the related gross profit margin.

For the three months ended June 30, 2008, selling, general and administrative expenses totaled \$1,034,940. This was an increase of \$523,522 or 102%. The increase in selling, general and administrative expenses is a result of expanded volume of operations for the staffing agency and the Missouri amusement park and an adjustment of general expenses.

Interest expense was \$112,480 and \$58,482 for the three months ended June 30, 2008 and 2007, respectively. This was an increase of \$53,998 or 72%. The reason for this increase was the addition of long term debt for the purchase of assets in Stafford Missouri, and the retirement of debt of Park Staffing in Bakersfield CA.

Our net profit was \$151,153 for the three months ended June 30, 2008 compared to net profit of \$230,690 for the three months ended June 30, 2007. The decrease in profitability for the three months ended June 30, 2008 was due to the addition of Park Staffing and the addition of Missouri park.

Six Months Ended June 30, 2008 Compared to Six Months Ended June 30, 2007

Revenues for the six months ended June 30, 2008 were \$6,133,334 compared to \$1,598,140 for the six months ended June 30, 2007. This represents an increase of \$4,535,194, or 284% comparing the two periods. The increase in revenue for the six months ended June 30, 2008 is primarily the result of the sales volume of Parks Staffing.

Gross profit increased by \$1,095,297, or 98%, to \$2,262,105 for the six months ended June 30, 2008 compared to \$1,116,808 for the six months ended June 30, 2007. The change in gross profit is primarily the result of the revenue volume and related costs at Parks Staffing..

For the six months ended June 30, 2008, selling, general and administrative expenses totaled \$1,893,230. This was an increase of \$1,104,940 or 122%. The increase in selling, general and administrative expenses is a result of expanded volume of operations for the staffing agency and for the amusement park and an adjustment of general expenses.

Interest expense was \$177,141 and \$105,537 for the six months ended June 30, 2008 and 2007, respectively. This was an increase of \$71,604 or 68%. The reason for this decrease was the elimination of long term debt on Crossroads Convenience Center and the decrease in long term debt.

Our net loss was \$29,598 for the six months ended June 30, 2008 compared to net profit of \$236,159 for the six months ended June 30, 2007. The decrease in profitability for the six months ended June 30, 2008 was due to the addition of the Stafford Missouri park and the start up or development of the park.

Liquidity and Capital Resources

Our total current assets at June 30, 2008 were \$1,640,337 including \$282,796 in cash, as compared with \$2,055,105 in total current assets at December 31, 2007, which included cash of \$554,212. Additionally, we had shareholder equity in the amount of \$4,285,165 at June 30, 2008, as compared to shareholder equity of \$4,297,163 at December 31, 2007, a change of \$11,998.

Our accounts receivable at June 30, 2008 was \$1,133,994, compared to \$1,247,938 at December 31, 2007. The change in accounts receivable is primarily due seasonal changes in the staffing agency.

As of June 30, 2008, we had a positive working capital of \$34,994 as compared to \$426,141 at December 31, 2007. The seasonality and weekend changes of the parks and the expansion of Animal Paradise animal park in Missouri.

The current portion of long-term debt at June 30, 2008 was \$482,549 compared to \$392,536 as of December 31, 2007.

As of June 30, 2008, our total debt was \$6,147,159 as opposed to \$4,185,477 as of December 31, 2007. The acquisition of Animal Paradise is the primary reason for the increase in debt.

We believe that we have sufficient cash, other current assets and operating cash flow to sustain foreseeable organic growth throughout the next fiscal year. Management intends to seek additional needed funds through financings or other avenues such as loans, the sale and issuance of additional debt and/or equity securities, or other financing arrangements for acquisitions and expansions. Any future capital raised by our company is likely to result in substantial dilution to existing stockholders.

Our principal source of revenues are from animal park admissions and staffing sales, which are expected to provide sufficient cash flow to service our current debt.

Financings

During the second quarter of 2005, we obtained funding needed to complete the purchase of Wild Animal Safari through a private placement of approximately 11,128,000 shares of our common stock and 11,128,000 warrants resulting in gross proceeds of approximately \$3,338,400. We will require additional debt and/or equity funding in

order to pursue our strategy of acquiring additional theme parks, which is our intended business plan. However, we will be able to support our operations over the next 12 months from our revenues even if the funding necessary to complete further potential acquisitions does not materialize.

On June 13, 2005, we completed our acquisition of the assets of Ron Snider & Associates, Inc. also known as Pine Mountain Wild Animal Park, located in Pine Mountain, Georgia. At closing, we paid \$350,000 in cash and a promissory note for \$350,000. The promissory note bears interest at 7.5% per annum and is payable in eighty-three monthly payments of principal and interest of \$5,368. We also entered into a Real Estate Purchase agreement for the underlying land and all buildings, improvements and fixtures of the park for \$4,000,000. We paid \$2,000,000 in cash at closing and issued a promissory note for \$2,000,000. The note bore interest at 7.5% per annum and was payable in eighty-three monthly payments of principal and interest of \$30,676. Both notes were secured by a first priority Security Agreement on the operating assets and a first Security Deed on the real estate. An agreement extension payment of \$50,000 for extension of closing was also paid in addition to 50,000 shares of Company stock.

On November 17, 2005, our wholly owned subsidiary, Wild Animal Safari, Inc., completed the refinancing of the debt we incurred on June 13, 2005 in connection the acquisition of the Wild Animal Safari theme park from Ron Snider & Associates, Inc. and related entities. A new loan in the principal amount of \$2,300,210 was obtained from Commercial Bank & Trust Company of Troup County in LaGrange, Georgia. As a result of this refinancing, the promissory notes in the aggregate principal amount of \$2,350,000 that were issued to Ron Snider & Associates, Inc. and its affiliated entities were paid in full and the liens which were held by those entities against the Wild Animal Safari theme park assets were released. The new loan is secured by a first priority security agreement and a first priority security deed on the Wild Animal Safari theme park assets.

In addition, on November 17, 2005, our Wild Animal Safari, Inc. subsidiary obtained a line of credit loan from Commercial Bank & Trust Company of Troup County for working capital purposes in the principal amount of \$200,000. This line of credit loan is renewable annually, subject to the satisfactory performance by Wild Animal Safari, Inc. under the terms of the line of credit. It is also secured by a lien on the Wild Animal Safari theme park assets.

On March 5, 2008 Wild Animal, Inc (Subsidiary) issued a note payable to Oak Oak, Inc. in the amount of \$1,750,000 for debt incurred in the purchase of the Wild Animal theme park. The note required interest at a rate of 8%, and 360 monthly payments of \$12,841.

On March 5, 2008 Wild Animal, Inc (Subsidiary) obtained a loan from Commercial Bank & Trust in the amount of \$500,000 to improve and upgrade facilities of the Wild Animal theme park. The note required interest at a rate of 7.25% and 60 monthly payments of \$9,986. In addition a line of credit was extended for \$250,000 until March 7, 2009 on a variable rate with the initial rate being 6%. At June 30, 2008 the line is available and had not been drawn upon.

Off Balance Sheet Arrangements

We do not have any off balance sheet arrangements that are reasonably likely to have a current or future effect on our financial condition, revenues, results of operations, liquidity or capital expenditures.

Summary of Significant Accounting Policies

Our discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of any contingent assets and liabilities. On an on-going basis, we evaluate our estimates. We base our estimates on various assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

An infinite number of variables can be posited that could have an effect on valuation of assets and liabilities. For example, it is assumed that:

.

Revenue and profit growth at the animal parks will continue;

.

The infrastructure will accommodate the additional customers;

.

Cost of improvements and operations will remain a relatively stable budgeted allocation;

Per capita spending by the customers will continue to rise in relation to the rise in capital expenditures;

If any one of these assumptions, or combination of assumptions, proves incorrect, then the values assigned to real estate, per capita revenues, attendance and other variables that have remained consistent over the past two years may not be realized. The same would be true if higher than expected revenue streams occurred.

ITEM 4T. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures. Under the supervision and with the participation of our management, including our President, Chief Executive Officer and Chief Financial Officer, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")) as of the end of the period covered by this report. Based upon that evaluation, our President, Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures as of the end of the period covered by this report were effective such that the information required to be disclosed by us in reports filed under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and (ii) accumulated and communicated to our management to allow timely decisions regarding disclosure. A controls system cannot provide absolute assurance, however, that the objectives of the controls system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

Changes in Internal Control Over Financial Reporting. During the most recent quarter ended March 31, 2008, there has been no change in our internal control over financial reporting (as defined in Rule 13a-15(f) and 15d-15(f) under the Exchange Act)) that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
