Retirement Plans

The Company has a defined benefit pension plan (the "Pension Plan") which was closed so that employees hired after June 30, 2003 will not be eligible to participate. Pension Plan benefits were frozen on June 30, 2003 reflecting the fact that future pay and service credits would not be taken into account. Pension Plan benefits were 100% vested for all Pension Plan participants on June 30, 2003. Benefits are determined primarily by average final base salary as of June 30, 2003 and years of service through June 30, 2003. The Pension Plan covers substantially all of the Company's full-time employees, including officers, and is subject to certain limitations described below.

Pension benefits accrued through June 30, 2003 are based on 1.5% of (a) the employee's highest consecutive five-year average base salary out of the ten years prior to June 30, 2003, or (b) \$200,000, whichever is lower, times the employee's years of credited service through June 30, 2003. This benefit is offset by a percentage of estimated Social Security benefits. The Internal Revenue Code of 1986, as amended (the "Code") limits benefits that may be paid under the Pension Plan to \$165,000 per year in 2004.

The Company has a Supplemental Executive Retirement Plan (the "SERP") under which certain key executives will receive retirement benefits in addition to those provided under the Pension Plan. The Compensation and Management Development Committee determines which executive officers are eligible for benefits under the SERP. Consistent with the Pension Plan, SERP participation and benefits were also frozen on June 30, 2003. Supplemental benefits are based upon the average final compensation and years of service without regard to the limitations imposed by the Code, and using the total of base salary and bonus as of June 30, 2003 to compute final average compensation. Benefits under the SERP are limited to an amount such that the aggregate of all retirement benefits paid under the Pension Plan and the SERP will not exceed 75% of the executive's highest consecutive five-year average salary as of June 30, 2003, not including bonus payments.

The Stewart & Stevenson Pension Plan provides benefits based on compensation less than or equal to the maximum amount under Code Section 401(a)(17). Qualified plan benefits are limited by IRC Section 415. Benefits that exceed these limits are provided through a non-qualified plan to eligible SERP participants.

(1) Computation of estimated annual retirement benefit based on a straight-line annuity for the life of the employee, net of base Social Security benefits under the Social Security law currently in effect, assuming the employee retires in 2003 at age 65.

The Stewart & Stevenson Pension Plan provides benefits, which were frozen on June 30, 2003, based on the highest consecutive 5-year average compensation as of June 30, 2003 less than or equal to the maximum amount under the Code, Section 401(a)(17). Qualified plan benefits are limited by the Code, Section 415. Benefits that exceed these limits are provided through a non-qualified plan which was also frozen on June 30, 2003 to eligible SERP participants.

Former SERP participants will accrue benefits under a defined contribution SERP plan (the DC SERP) and will not accrue any additional defined benefit plan benefits. The DC SERP formula provides for an age based annual employer contribution, expressed as a contribution to an account, based on the following table:

Age	Annual Employer Contribution
30 - 39	1.5% of pay
40 - 49	3.5% of pay
50 - 59	7.0% of pay
60 and older	15% of pay

The total benefit payable to former SERP participants will be the sum of the accrued benefits under the Pension Plan and SERP as well as benefit accrued under the DC SERP.

The Estimated Annual Retirement Benefit Table shown above does not include any benefits under the DC SERP.

The five-year average compensation of each executive officer listed in the Summary of Compensation Table differs from the present salary and bonus in such table as a result of changes in the rate of pay during the average period. The following table sets forth the years of credited service, five-year average compensation and consecutive five-year average base salary for each of the individuals listed in the Summary of Compensation Table.

Compensation of Directors

During Fiscal 2003, directors whose principal occupation was other than employment with the Company were compensated in cash at the rate of \$20,000 per year plus \$2,000 for each meeting of the Board of Directors and each committee meeting attended in person and \$1,000 for each meeting attended by telephone. Each committee chairman received an annual fee of \$5,000, except the Chairman of the Audit Committee received an annual fee of \$7,500. Mr. Lukens received additional compensation as Chairman of the Board in the amount of \$90,000 for the period between February 1, 2003 and September 15, 2003, at which time he became interim President and Chief Executive Officer. The directors were also reimbursed for any out-of-pocket expenses incurred to attend meetings.

During Fiscal 2003, each director who was not an officer or employee of the Company participated in the 1996 Plan. Under the 1996 Plan, such directors received, on the date of the Annual Meeting in 2003, (i) the number of shares of the Company's common stock, without par value (the Common Stock), determined by dividing (A) the sum of \$15,000 by (B) the fair market value of a share of the Company's Common Stock, and (ii) options to purchase 5,000 shares of the Company's Common Stock. In addition to the options received on the date of the 2003 Annual Meeting, Mr. Lukens was separately awarded options under the 1996 Plan to purchase 160,000 shares of the Company's Common

Stock during Fiscal 2003. All options were granted at the closing price on the date of grant and will become exercisable on the first anniversary of the grant. All options granted under the 1996 Plan expire on the tenth anniversary of the grant.

Employment Contracts and Severance Agreements

Mr. Michael L. Grimes entered into an agreement with the Company pursuant to which he resigned from the position of President and Chief Executive Officer of the Company effective September 15, 2003 (the Termination Date). Under the terms of the agreement, Mr. Grimes continues to receive his annual base salary in the amount of \$425,000 for two years following the Termination Date. Mr. Grimes also received the lump sum payment of \$1,900,000 in exchange for the cancellation of all of his outstanding vested and unvested options to purchase Common Stock.

Lukens Employment Agreement

Term and Duties. The Company has an employment agreement with Mr. Lukens, effective as of February 1, 2004, with a term of four years that ends February 1, 2008, subject to termination as provided in the employment agreement. During the first two years of the employment agreement, Mr. Lukens will be employed by the Company as President and Chief Executive Officer (the Base Term). During the last two years of the employment agreement, Mr. Lukens will be employed as an advisor to the senior executives of the Company and will be obligated to provide such advisory services no more than fifteen days per year (the Ancillary Term).

Base Salary and Contingent Bonus Award. During the Base Term, Mr. Lukens will be paid an annual salary of \$750,000 (the Base Salary). He will not be eligible for any equity compensation in his capacity as a director of the Company. At the end of the Base Term, Mr. Lukens will be eligible for a discretionary bonus of up to 100 percent (for target level performance) of his aggregate Base Salary during the Base Term (up to \$1,500,000), which will take into account the following criteria:

return during the Base Term on net capital employed in the Company's businesses on a consolidated basis;

the Company's earnings per share during the Base Term;

the Company's revenues during the Base term; and

the development of the Company's management team so as to facilitate a succession plan to come into effect after the Base Term (the Contingent Bonus Award).

The actual amount of the Contingent Bonus Award will be determined by the Company's Compensation and Management Development Committee and other independent directors based on their assessment of Mr. Lukens' performance and contribution to the Company during the Base Term, taking the above factors into account.

Ancillary Term Compensation. During the Ancillary Term, Mr. Lukens will be paid an annual salary of \$35,000. He will not be eligible for any equity compensation in his capacity as a director. In the event Mr. Lukens and the Company agree to increase the time Mr. Lukens is obligated to provide services during the Ancillary Term, the Company will pay Mr. Lukens an additional \$6,250 per day for such services. The compensation to be paid to Mr. Lukens for his services during the Ancillary Term is referred to as the Ancillary Term Compensation.

Option Grant. The employment agreement provides that on January 3, 2005, Mr. Lukens will be granted an option to purchase 100,000 shares of the Company's Common Stock under the 1988 Plan with the same terms specified in the 2004 Option (as defined and described below), except that the per share exercise price of such option will be the fair market value of a share of Common Stock on January 3, 2005 and the option will be fully exercisable on January 3, 2006 (the 2005 Option).

Death and Disability. Mr. Lukens' employment will terminate upon his death. The Company may terminate Mr. Lukens' employment due to his Disability (as defined in the employment agreement). During any period of Mr. Lukens' Disability, prior to his termination of employment with the Company, he will continue to receive his Base Salary or Ancillary Term Compensation, as applicable, as if he were not Disabled until the term of the employment agreement has expired, subject to certain reductions for payments received as a result of such Disability. Upon termination of Mr. Lukens' employment for death or Disability, the Company will be obligated to pay a lump sum cash amount:

equal to the sum of (i) the Base Salary or Ancillary Term Compensation, as the case may be, through the Date of Termination (as defined in the employment agreement), (ii) any accrued vacation pay and (iii) any other amounts due to him as of the date of termination, in each case to the extent not yet paid (the Accrued Obligation), plus

a pro rata portion to the Date of Termination of the aggregate value of the Contingent Bonus Award, calculated by multiplying the award that Mr. Lukens would have earned as of the last day of the Base Term, assuming the achievement, at the expected value target level, of the performance goals established with respect to such award, by the fraction obtained by dividing the number of full days during the Base Term through the Date of Termination by the total number of days contained in the Base Term.

Termination by the Company for Cause or by Mr. Lukens Without Good Reason. If Mr. Lukens' employment is terminated by the Company for Cause (as defined in the employment agreement) or by Mr. Lukens without Good Reason (as defined in the employment agreement):

the term of the employment agreement will expire on the Date of Termination;

the Company will pay Mr. Lukens the Accrued Obligation; and

the Company will have no further obligations to Mr. Lukens other than as required by law or the terms of employee benefit plans of the Company and, in the case of a termination without Good Reason, a stock

option plan of the Company.

Termination by the Company without Cause or by Mr. Lukens for Good Reason. If Mr. Lukens employment is terminated by the Company without Cause or by Mr. Lukens for Good Reason, then:

the Company will pay Mr. Lukens the Accrued Obligation;

the Company will continue to pay the Base Salary or Ancillary Term Compensation (at the rate in effect as of the Date of Termination) for the remainder of the Base Term or the Ancillary Term, as the case may be, payable consistent with the Company's normal payroll practices;

all equity-based awards then held by Mr. Lukens will become fully vested and exercisable as of the Notice of Termination (as defined in the employment agreement);

the Company will continue to provide to Mr. Lukens benefits under the Company's benefit plans and arrangements (other than equity compensation and bonus plans) in which he is entitled to participate, to the extent contractually and legally permitted, subject to certain limitations and notifications;

the termination of Mr. Lukens' employment will be deemed a retirement under the 1988 Plan;

the Company will pay to Mr. Lukens a lump sum cash amount equal to the aggregate value of the Contingent Bonus Award that he would have earned as of the last day of the Base Term, assuming the achievement, at the expected value target level, of the performance goals established with respect to such award; and

if Mr. Lukens' employment is terminated before he has been granted the 2005 Option, then in lieu of granting such stock option the Company will pay to Mr. Lukens a lump sum cash payment equal to the Black-Scholes value, as reasonably determined by the Company as of March 31, 2004, of an option to purchase 100,000 shares of Common Stock, assuming for this purpose the option was granted on March 31, 2004, the per share exercise price under the option is \$14.62, the option has the same terms and conditions as applied to the 2004 Option (other than the number of shares subject to the option), and the option remains outstanding for the full ten year term; and utilizing the risk free interest rate, dividend yield, and expected volatility assumptions used by the Company for purposes of valuing stock options for its 2003 fiscal year as reflected in its annual report on Form 10-K filed with the Commission for the 2003 fiscal year;

Confidentiality; Non-Competition; Non-Solicitation. Mr. Lukens has agreed not to use or disclose any confidential information obtained by him during his employment with the Company. In addition, during his employment and for a period of one year thereafter, Mr. Lukens has agreed not to solicit the Company's employees, compete with the Company's business or solicit the Company's customers.

Lukens Severance Agreement

Term. In addition to the employment agreement described above, the Company has entered into a severance agreement with Mr. Lukens. The severance agreement provides for payment of certain benefits to Mr. Lukens if his employment is terminated following a Change of Control (as described below) of the Company. The severance agreement became effective February 1, 2004 and continues through February 1, 2006 (the "Term").

Severance Payments. Pursuant to the severance agreement, the Company will pay severance benefits to Mr. Lukens if his employment is terminated following a Change of Control and during the Term unless his employment is terminated:

by the Company for Cause (as defined in the severance agreement);

by reason of death or Disability (as defined in the severance agreement); or

by Mr. Lukens without Good Reason (as defined in the severance agreement).

If Mr. Lukens meets the criteria for payment of severance benefits due to termination of his employment following a Change of Control and during the Term as described above, he will receive the following benefits:

a lump sum cash payment equal to \$2,250,000;

continuation of life, disability, accident and health insurance benefits and all perquisites for an additional three years;

notwithstanding any provision of his employment agreement, a lump sum cash payment equal to the aggregate value of the Contingent Bonus Award that he would have earned as of the last day of the Base Term, assuming achievement, at the expected value target level, of the performance goals established with respect to such award;

the termination of Mr. Lukens' employment will be deemed a retirement under the 1988 Plan; and

if a Change in Control occurs prior to January 4, 2005, a lump sum cash payment equal to the Black-Scholes value, as reasonably determined by the Company as of March 31, 2004, of an option to purchase 100,000 shares of Common Stock, assuming for this purpose the option was granted on March 31, 2004, the per share exercise price under the option is \$14.62, the option has the same terms and conditions as applied to the 2004 Option (other than the number of shares subject to the option), and the option remains outstanding for the full ten year term; and utilizing the risk free interest rate, dividend yield, and expected volatility assumptions used by the Company for purposes of valuing stock options for its 2003 fiscal year as reflected in its annual report on Form 10-K filed with the Commission for the 2003 fiscal year.

an additional amount (a gross-up payment) in respect of excise taxes that may be imposed under the golden parachute rules on payments and benefits received in connection with the Change in Control. The gross-up payment would make Mr. Lukens whole for excise taxes (and for all taxes on the gross-up payment) in respect of payments and benefits received pursuant to all the Company's plans, agreements and arrangements (including for example, acceleration of equity awards).

A Change in Control is deemed to occur pursuant to the severance agreement if:

any person becomes the owner of 35% or more of the Company's voting securities (excluding securities acquired directly from the Company or its affiliates) other than a person described in clause (i) of the second succeeding bullet point below;

a change in the majority of the membership of the Board occurs (other than a director whose initial assumption of office is in connection with an actual or threatened director election contest) without approval of two-thirds of the directors who either were directors at the beginning of the period, or whose election was previously so approved or recommended;

there is consummated a merger or consolidation of the Company or a subsidiary thereof with any other corporation other than (i) a merger or consolidation with a person in which the Company's shareholders continue to hold at least 51% of the voting securities of the

surviving entity or (ii) a merger or consolidation effected to implement a recapitalization of the Company and in which no person becomes the owner of at least 51% of the Company's voting securities (excluding securities acquired directly from the Company or its affiliates, except securities acquired in connection with the acquisition of a business by the Company or its affiliates); or

the Company's shareholders approve a plan of complete liquidation or dissolution of the Company or there is consummated an agreement for the sale or disposition of all or substantially all of the Company's assets other than a sale or disposition to an entity in which the Company's shareholders continue to hold at least 51% of the voting securities.

The severance agreement supersedes any other agreements and representations made by Mr. Lukens or the Company containing the terms and conditions of Mr. Lukens' employment with the Company only if Mr. Lukens' employment is terminated on or following a Change in Control by the Company other than for Cause or by Mr. Lukens other than for Good Reason.

Compensation other than Severance Payments. Following a Change in Control and during the Term, during any period that Mr. Lukens fails to perform his duties as a result of incapacity due to physical or mental illness, he will continue to receive his salary, compensation and benefits payable to him during such period, until his employment is terminated by the Company for Disability (as defined in the severance agreement).

If Mr. Lukens' employment is terminated for any reason following a Change of Control and during the Term, Mr. Lukens will receive his salary through the Date of Termination (as defined in the severance agreement) and his normal post-termination compensation and benefits as such payments become due.

Upon a Change in Control, all stock options, restricted stock and all other equity incentives held by Mr. Lukens will become immediately vested, exercisable and nonforfeitable and all conditions thereof will be deemed to have been satisfied.

Compensation Committee Interlocks and Insider Participation

The Company's Compensation and Management Development Committee consists of Messrs. Charles R. Ofner (Chairman), Robert S. Sullivan, Monroe M. Luther and Howard Wolf, all of whom are non-employee directors. None of the Compensation and Management Development Committee members has served as an officer of the Company, and none of the Company's executive officers has served as a member of a compensation committee or board of directors of any other entity that has an executive officer serving as a member of the Company's Board of Directors. In December 2003, Mr. Howard Wolf retired as a partner in the international law firm of Fulbright & Jaworski L.L.P., which firm provides legal services to the Company.

(1) The Company has not granted any warrants or rights under any equity compensation plans.

(2) The Stewart & Stevenson's 1993 Nonofficer Employee Stock Option Plan (the "1993 Plan") has not been approved by security holders, but the Amended and Restated 1993 Plan (the "Amended and Restated 1993 Plan"), which amends and restates the 1993 Plan, is being submitted to the shareholders for approval at the 2004 Annual Meeting of Shareholders. The 1993 Plan was approved by the Company's Board of Directors in March 1993, and the Amended and Restated 1993 Plan was approved by the Company's Board of Directors effective January 31, 2004. The Amended and Restated 1993 Plan authorizes the grant of options to employees other than officers of the Company to purchase an aggregate of up to 1,905,420 shares of Common Stock. All options are granted with an exercise price equal to or greater than the fair market value of Common Stock on the date of grant. The vesting schedule and term are set by the Compensation and Management Development Committee of the Board of Directors.

The material features of the Amended and Restated 1993 Plan are set forth below:

General

The 1993 Plan originally authorized the granting of options to purchase an aggregate of up to 300,000 shares of Common Stock (taking into account stock splits and stock dividends). The 1993 Plan also contained a formula whereby the number of shares authorized for issuance under the Plan was automatically increased on February 1st of each fiscal year by the number of shares awarded under options during the preceding year. Pursuant to such formula, 1,927,600 shares have previously been added to the 1993 Plan during the fiscal years prior to January 31, 2004. As of January 31, 2004, there were 1,034,670 options available for grant and 870,750 options outstanding. Subject to shareholder approval, the 1993 Plan has been amended and restated and the number of shares available for issuance pursuant to options granted under the Amended and Restated 1993 Plan will be limited to the shares previously authorized pursuant to the terms of the 1993 Plan.

Description of Options

The Amended and Restated 1993 Plan provides for the grant of options that are not intended to qualify as incentive stock options within the meaning of section 422 of the Code.

Administration

The Amended and Restated 1993 Plan is administered by a committee (the Committee) appointed by the Board of Directors, and the Committee is comprised solely of two or more directors who are (i) outside directors (within the meaning of section 162(m) of the Code), and (ii) non-employee directors (within the meaning of Rule 16b-3 under the Exchange Act). The Committee may interpret the Amended and Restated 1993 Plan, determine and designate from time to time the persons to whom options are to be granted and the number of shares of Common Stock to be covered thereby, and establish the date and manner in which any option is exercisable. The exercise price shall be equal to the last transaction price reported by the on the date of grant.

Eligibility

The Amended and Restated 1993 Plan generally is intended to benefit all of the Company's employees who are not directors or officers of the Company.

Terms of Options

Exercise Price; Payment. The exercise price of an option may not be less than 100% of the fair market value of the Common Stock subject to the option on the date of the grant. An option may be exercised at the time, in the manner, and subject to the conditions the Committee specifies in the option agreement in its sole discretion. No optionholder will have any rights as a stockholder with respect to Common Stock covered by the option until the date a certificate is issued for the Common Stock.

Term. Unless the option agreement specifies a shorter term, the term of options granted under the Amended and Restated 1993 Plan will be 10 years or less, and such options generally will terminate no later than 30 days after termination of the option holder's service. If the termination of the optionholder's employment is due to his or her retirement, disability or death, the options generally will vest in full and may be exercised at any time prior to the earlier of the option's expiration or one year after the optionholder's retirement, disability or death. If an Employee's employment with the Company is terminated for cause, all right to exercise any option shall terminate at the date of such termination of employment. Unless the option agreement specifies otherwise, an option shall not continue to vest after the termination of the optionholder's employment or affiliation relationship with us.

Restrictions on Transfer

The optionholder may not transfer an option otherwise than by will or by the laws of descent and distribution.

Duration, Amendment and Termination

The Board of Directors may amend, suspend or terminate the Amended and Restated 1993 Plan at any time or from time to time. Shareholder approval of any amendment to the Amended and Restated 1993 Plan must be sought if necessary under applicable laws or regulations. Shareholder approval also must be sought for any material amendment to the Amended and Restated 1993 Plan. However, the Board may submit any other amendment under the Amended and Restated 1993 Plan for shareholder approval at its discretion.

Federal Income Tax Consequences

Options granted under the Amended and Restated 1993 Plan to persons subject to United States taxation generally have the following federal income tax consequences:

The grant of options under the Amended and Restated 1993 Plan will not result in the recognition of any taxable income by the option holder. The optionholder will recognize ordinary income on the date of exercise of the option equal to the difference between (1) the fair market value on the date of exercise and (2) the exercise price. The tax basis of these shares of Common Stock for the purpose of a subsequent sale includes the option price paid and the ordinary income reported on exercise of the option. The income reportable on exercise of the option is subject to federal tax withholding. Subject to the requirement of reasonableness, the provisions of section 162(m) of the Code and the satisfaction of a tax reporting obligation, the Company will generally be entitled to a deduction in the amount reportable as income by the optionholder on the exercise of an option.

Upon disposition of the Company's Common Stock, the optionholder will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon acquisition of the stock. Such gain or loss will be long-term or short-term depending on whether the option holder held the stock for more than one year.

Potential Limitation on Company Deductions. Under section 162(m) of the Code, the Company's federal income tax deduction for certain compensation paid to designated executives is limited to \$1 million per year. These executives include the Company's Chief Executive Officer and its next four highest compensated officers. Section 162(m) of the Code provides an exception to this deduction for certain performance based compensation that meets certain requirements and are approved by a committee consisting solely of at least two outside directors. The Amended and Restated 1993 Plan is generally designed to satisfy the requirements of section 162(m) of the Code with respect to stock options granted under the Amended and Restated 1993 Plan.

Security Ownership of Certain Beneficial Owners and Management

The following tables list the beneficial ownership of shares of the Company's Common Stock by (i) all persons and groups known by the Company to own beneficially more than 5% of the outstanding shares of the Company's Common Stock, (ii) each director and nominee, (iii) each person who held the office of Chief Executive Officer during the last fiscal year and the four additional highest compensated executive officers who were serving as executive officers on January 31, 2004, (iv) each person who would have been one of such four highest compensated executive officers but was not serving as an executive officer on January 31, 2004, and (v) all directors and officers as a group. None of the directors, nominees or officers of the Company owned any equity security issued by the Company's subsidiaries other than director's qualifying shares. Information with respect to officers, directors and their families is as of April 30, 2004 and is based on the books and records of the Company and information obtained from each individual. Information with respect to institutional shareholders is based upon the Schedule 13D or Schedule 13G filed by such shareholders with the Commission.
