MORTON S RESTAURANT GROUP, INC. AND SUBSIDIARIES

Notes to Unaudited Consolidated Financial Statements

July 4, 2004 and June 29, 2003

1) Basis of Presentation

The accompanying unaudited consolidated financial statements of Morton's Restaurant Group, Inc. and its subsidiaries (the Company, we, our) have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q. Accordingly, they do not include all information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements and should be read in conjunction with the Annual Report on Form 10-K for the fiscal year ended January 4, 2004.

The accompanying consolidated financial statements are unaudited and include all adjustments (consisting of normal recurring adjustments and accruals) that management considers necessary for a fair presentation of its financial position and results of operations for the interim periods presented. The results of operations for the interim periods are not necessarily indicative of the results that may be expected for the full year.

The preparation of financial statements in conformity with generally accepted accounting principles requires management of the Company to make estimates and assumptions relating to the reported amount of assets, liabilities, revenues and expenses reported during the period. Actual results could differ from those estimates.

The Company uses a 52/53 week fiscal year which ends on the Sunday closest to January 1. Approximately every six or seven years, a 53rd week will be added. Fiscal 2003 was a 53 week year.

2) Restatement of Consolidated Financial Statements

The effect of the restatement discussed herein on the Company s results as of and for the fiscal year ended January 4, 2004 was reflected in the Company s Annual Report on Form 10-K. The Company has restated its consolidated financial statements for the three month period ended March 30, 2003 and six month period ended June 29, 2003 as a result of having incorrectly provided estimates for expirations and non-redemption of gift certificates that it had sold. The effect of the restatement was to reduce revenues for the three month period ended March 30, 2003 in the amount of \$137,000 and accordingly reduce revenues for the six month period ended June 29, 2003 in the amount of \$137,000. The restatement had no effect on the Company s net operating cash position. The impact of the above-mentioned restatement on the consolidated statement of operations for the six month period ended June 29, 2003 is as follows (amounts in thousands):

Six month period ended June 29, 2003

Edgar Filing: MORTONS RESTAURANT GROUP INC - Form 10-Q

	Reported	Restated
Revenues	\$ 124,999	\$ 124,862
Income before income taxes	4,624	4,487
Income tax expense	1,387	1,334
Net income	3,237	3,153

3) Recent Events

On June 3, 2004, the Company paid a dividend of \$6,789,000 to its parent, Morton s Holdings, LLC (MHLLC).

On June 4, 2004, Morton s Holding Company, Inc. (MHCI), a newly formed wholly-owned subsidiary of MHLLC, became an intermediate holding company and the direct parent of the Company. Subsequently, MHCI completed a \$40,000,000 14% senior secured notes offering. The notes are secured by the assets of MHCI, which include the stock of the Company. The notes are not secured by the assets of, nor are they guaranteed by, the Company or any of its subsidiaries. MHCI used the proceeds of the offering to make a distribution to MHLLC s equity holders and to pay fees and expenses related to the issuance.

4) Statements of Cash Flows

For the purposes of the consolidated statements of cash flows, the Company considers all highly liquid instruments purchased with a maturity of three months or less to be cash equivalents. The Company paid cash interest, net of amounts capitalized, of approximately \$4,811,000 and \$3,455,000, and income taxes of approximately \$318,000 and \$202,000, for the six month periods ended July 4, 2004 and June 29, 2003, respectively.

5) Restricted Cash

Restricted cash of \$1,021,000 and \$1,100,000 as of July 4, 2004 and January 4, 2004, respectively, represents cash collateral relating to two interest rate swap agreements with Bank of America, formerly Fleet National Bank (B of A). See Note 8.

6) Marketable Securities

The Company accounts for its marketable securities in accordance with Statement of Financial Accounting Standard (SFAS) No. 115, Accounting for Certain Investments in Debt and Equity Securities. In accordance with SFAS No. 115, marketable securities of approximately \$1,741,000 as of July 4, 2004 are accounted for as trading securities. Securities held by the Company are bought and held principally for the purpose of selling them in the near term and are recorded at fair value. Unrealized gains and losses on such securities have been recognized in interest expense, net in the consolidated statements of operations.

7) Intangible Asset and Goodwill

The identifiable intangible asset acquired represents the Company s trade name Morton s, which has an indefinite life and accordingly is not subject to amortization, but is subject to impairment testing. The trade name is used in the advertising and marketing of the restaurants and is widely recognized and accepted by consumers in its respective market as an indication of and recognition of service, value and quality. Goodwill represents the excess of costs over fair value of assets of the business acquired.

8) Derivative Financial Instruments

The Company accounts for its derivative financial instruments in accordance with SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities, as amended by SFAS No. 137 and SFAS No. 138. SFAS No. 133 establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. It requires that an entity recognize all derivatives as either assets or liabilities in the statement of financial position and measures those instruments at fair value. As of July 4, 2004, the Company s derivative financial instruments consist of two interest rate swap agreements with notional amounts of \$20,000,000 each. Prior to the July 7, 2003 repayment of our prior credit facility with a portion of the proceeds from our 7.5% senior secured notes offering, the interest rate swap agreements were originally designated as cash flow hedges for purposes of SFAS No. 133. As a result of such repayment, these two interest rate swap agreements, which are due to expire on October 24, 2004 and October 24, 2005, are accounted for as speculative

instruments and resulting changes in their fair market value have been charged or credited to the consolidated statement of operations. As of July 4, 2004 and January 4, 2004, in accordance with SFAS No. 133, liabilities were approximately \$385,000 and \$723,000, respectively. The change in the fair market value has been

recognized in interest expense, net in the consolidated statement of operations for the three and six month periods ended July 4, 2004.

9) Comprehensive Income

The components of comprehensive income for the six month periods ended July 4, 2004 and June 29, 2003 are as follows (amounts in thousands):

		Six month periods ended						
	Jul	y 4, 2004		ne 29, 2003 Restated

10) Morton s 90 West Street, NY

As a result of the impact of the World Trade Center terrorist attacks on September 11, 2001, the Morton s steakhouse restaurant located at 90 West Street, New York, New York, two blocks from the World Trade Center was closed permanently due to structural damage. During the six month period ended June 29, 2003, the Company recorded a benefit in Restaurant operating expenses in the accompanying consolidated statement of operations of approximately \$862,000 representing business interruption insurance recovery related to costs incurred from the closing of that restaurant. There were no comparable benefits recorded during the six month period ended July 4, 2004. During March 2004, the Company received approximately \$1,007,000 for such insurance. As of July 4, 2004, cumulative benefits recorded were approximately \$3,619,000 and cumulative amounts received were approximately \$3,619,000 for this insurance. Based on the insurance policy coverage, the Company believes that additional benefits will be recorded in fiscal 2004 and possibly in future periods relating to future insurance recoveries, although there is no assurance that any future recoveries will be received.

11) Employee Subscription Agreements

Certain of our executives and other employees have been granted common units of MHLLC, which represent an ownership interest in MHLLC, pursuant to employee subscription agreements. MHLLC s Board approved 1,711,344 units available for grant of which 1,497,585 and 26,200 were granted on August 26, 2003 and June 21, 2004, respectively. On August 26, 2003 and June 21, 2004, the fair value of each common unit granted was \$0.01. Common units granted to an employee pursuant to employee subscription agreements are granted at no cost to the employee. These common units are subject to vesting. Fifty percent of the granted common units vest upon certain dates if the employee is employed as of such date. In addition, fifty percent of the common units will vest upon certain change of control or liquidation events if, upon the occurrence of such an event, Castle Harlan Partners III, L.P. achieves an internal rate of return of at least 30% and the employee is employed as of such date. Upon termination of employment, unvested common units will be forfeited and vested common units will be subject to repurchase pursuant to the terms of MHLLC s operating agreement. Stock-based employee compensation expense related to this plan will be charged to the Company based on the recognition and measurement provisions of Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees, and related interpretations. Accordingly, the Company recognized compensation expense relating to the vesting of common units granted in our consolidated statement of operations for the three and six month periods ended July 4, 2004. The compensation expense recorded during the three and six month periods ended July 4, 2004. The compensation expense recorded during the three and six month periods ended July 4, 2004. The compensation expense recorded during the three and six month periods ended July 4, 2004. The compensation expense recorded during the three and six month periods ended July 4, 2004. The compensation expense recorded during

date of grant will be amortized on a straight-line basis over the remaining vesting period. Compensation expense relating to the other 50% of common units granted, which vest upon certain change of control or liquidation events if, upon the occurrence of such an event, Castle Harlan Partners III, L.P. achieves an internal rate of return of at least 30%, will be measured and recognized if and when these events occur.

Activity relating to the common units granted pursuant to employee subscription agreements during the six month period ended July 4, 2004 is as follows:

Unvested common units outstanding as of January 4, 2004	1,482,385
Granted units	26,200
Vested units	
Forfeited units	(16,600)
Unvested common units outstanding as of July 4, 2004	1,491,985

As of July 4, 2004, there were 219,359 common units available for grant.

In December 2002, the Financial Accounting Standards Board (FASB) issued SFAS No. 148, Accounting for Stock-Based Compensation-Transition and Disclosure. SFAS No. 148 provides alternative methods of transition for a voluntary change to the fair value method of accounting for stock-based employee compensation as originally provided by SFAS No. 123, Accounting for Stock-Based Compensation. Additionally, SFAS No. 148 amends the disclosure requirements of SFAS No. 123 to require prominent disclosure in both the annual and interim financial statements about the method of accounting for stock-based compensation and the effect of the method used on reported results. The transitional requirements of SFAS No. 148 are effective for all financial statements for fiscal years ending after December 15, 2002. The application of the disclosure portion of this standard did not have any impact on our consolidated financial statements. The financial and accounting standards board recently indicated that it will require stock-based employee compensation to be recorded as a charge to earnings pursuant to a standard it is currently deliberating, which it believes will become effective during 2004. We will continue to monitor its progress on the issuance of this standard as well as evaluate our position with respect to current guidance.

13) Restaurant Activity

In January 2003, the Company closed the Morton s steakhouse in Hong Kong Central. In August 2003, the Company closed the Morton s steakhouse in Addison, Texas. No restaurants were opened or closed during the six month period ended July 4, 2004. During July 2004, a new Morton s steakhouse opened in White Plains, New York.

14) Legal Matters and Contingencies

Since August 2002, a number of the Company s current and former employees in New York and Florida have initiated arbitrations with the American Arbitration Association in their respective states alleging that the Company has violated state and federal (New York arbitrations) and federal (Florida arbitrations) wage and hour laws regarding the sharing of tips with other employees and failure to pay for all hours worked. In general, the complainants are seeking restitution of tips, the difference between the tip credit wage and the minimum wage, payment for hours worked off the clock, liquidated damages and attorneys fees and costs. The arbitrator in the New York arbitrations has permitted the complainants to consolidate their arbitrations into one action and proceed as a collective action. The Florida complainants are also seeking to consolidate their arbitrations, but there has been no determination to date. The Company believes that the allegations are without merit and intends to contest them vigorously.

The Company is involved in various other claims and legal actions arising in the ordinary course of business. Management does not believe that the ultimate resolution of these actions will have a material adverse effect on the Company s consolidated financial position, results of operations, liquidity and capital resources.

15) Supplemental Condensed Consolidating Financial Information

The obligations of Morton's Restaurant Group, Inc. (the Issuer) related to the 7.5% senior secured notes are fully and unconditionally guaranteed on a joint and several basis and on a senior basis by certain of the Company's wholly-owned domestic subsidiaries (the Guarantors'). These guarantees are senior secured obligations of the Guarantors, subject to liens permitted under the indenture governing the 7.5% senior secured notes, rank senior in right of payment to all subordinated indebtedness of the Guarantors and rank pari passu in right of payment with all existing and future senior indebtedness of the Guarantors. There are no restrictions on the Company's ability to obtain cash dividends or other distributions of funds from the Guarantors, except those imposed by applicable law and certain contractual restrictions, which do not exceed 25% of consolidated net assets of any Guarantor, that are permitted under the indenture governing the 7.5% senior secured notes. The following supplemental financial information sets forth, on a condensed consolidating basis, balance sheets, statements of operations and statements of cash flows for the Issuer, domestic subsidiaries of the Company that are Guarantors and foreign subsidiaries and domestic subsidiaries of the Company that are not Guarantors (collectively, the Non-Guarantor Subsidiaries). The Company has not presented separate financial statements and other disclosures concerning the Guarantor Subsidiaries because management has determined that such information is not material to investors.
