(1) On June 2, 2004, Regal Entertainment Group paid an extraordinary cash dividend of \$5.00 per share on each outstanding share of its Class A and Class B common stock to all stockholders of record as of May 21, 2004. Pursuant to the antidilution provisions of Regal Entertainment Group's 2002 Stock Incentive Plan, the exercise price and the number of shares of Class A common stock subject to unexercised options granted under such plan were adjusted to restore the economic position to that existing immediately before the extraordinary cash dividend. The exercise price and number of derivative securities beneficially owned following the reported transactions are reported herein after giving effect to such adjustments, which adjustments reduced the reporting person's stock option exercise price from \$6.96 and increased the number of shares underlying the unexercised portion of the stock option from approximately 347,434 to approximately 450,109 shares.

(2) The employee stock option has vested with respect to 60% of the underlying shares of Class A common stock and vests with respect to the remaining 40% of the underlying shares of Class A common stock in equal installments of 20% on January 29 of each year until fully vested on January 29, 2007.
