On May 3, 2006, SkyWest, Inc. (SkyWest) issued a press release announcing its financial results for the quarter ending March 31, 2006. The full text of SkyWest's press release, together with related unaudited financial and operating highlights, is furnished herewith as Exhibit 99.1.

The information in this Report (including the exhibit) is furnished pursuant to Item 2.02 and shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing made by the Company under the Securities Act of 1933, as amended, or the Exchange Act, except as expressly set forth by specific reference in such a filing.

Forward-Looking Statements

In addition to historical information, this filing contains forward-looking statements. SkyWest may, from time-to-time, make written or oral forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements encompass SkyWest's beliefs, expectations, hopes or intentions regarding future events. Words such as "expects," "intends," "believes," "anticipates," "should," "likely" and similar expressions identify forward-looking statements. All forward-looking statements included in this release are made as of the date hereof and are based on information available to SkyWest as of such date. SkyWest assumes no obligation to update any forward-looking statement. Actual results will vary, and may vary materially, from those anticipated, estimated, projected or expected for a number of reasons, including, among others: Delta's bankruptcy proceedings; the failure to integrate the operations and employees of SkyWest and ASA and achieve the anticipated synergies as a result of the acquisition; the failure to successfully operate as anticipated under the terms of the Delta Connection Agreements; the impact of negotiations with ASA's organized labor forces and the impact of the costs of such labor forces on SkyWest's operations and financial condition; the failure to accurately forecast acquisition-related costs; and the challenges of competing successfully in a highly competitive and rapidly changing industry. Other factors that may cause actual results to vary from SkyWest's expectations include developments associated with fluctuations in the economy and the demand for air travel; ongoing negotiations between SkyWest and its major partners regarding their contractual relationships; variations in market and economic conditions; employee relations and labor costs; rapidly escalating fuel costs; the degree and nature of competition; potential fuel shortages in markets where SkyWest Airlines or ASA operates; the impact of weather-related or other natural disasters on air travel and airline costs; the ability of SkyWest Airlines and ASA to expand services in new and existing markets and to maintain profit margins in the face of pricing pressures; aircraft deliveries; SkyWest's ability to obtain financing; and other unanticipated factors. Risk factors, cautionary statements and other conditions which could cause actual results to differ from management's current expectations are contained in SkyWest's filings with the Securities and Exchange Commission, including the section of SkyWest's Annual Report on form 10-K, entitled Factors That May Affect Future Results.
