ANNUAL MEETING OF STOCKHOLDERS

April 19, 2007

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Brookline Bancorp, Inc. (the Company) to be used at the Annual Meeting of Stockholders of the Company (the Annual Meeting), which will be held at the Brookline Holiday Inn, 1200 Beacon Street, Brookline, Massachusetts 02446, on April 19, 2007, at 10:00 a.m., and all adjournments of the Annual Meeting. The accompanying Notice of Annual Meeting of Stockholders and this Proxy Statement are first being mailed to stockholders on or about March 15, 2007.

REVOCAION OF PROXIES

Stockholders who execute proxies in the form solicited hereby retain the right to revoke them in the manner described below. Unless so revoked, the shares represented by such proxies will be voted at the Annual Meeting and all adjournments thereof. Proxies solicited on behalf of the Board of Directors of the Company will be voted in accordance with the directions given thereon. **Where no instructions are indicated, validly executed proxies will be voted FOR the proposals set forth in this Proxy Statement for consideration at the Annual Meeting.**

The Board of Directors knows of no additional matters that will be presented for consideration at the Annual Meeting. Execution of a proxy, however, confers on the designated proxy holders discretionary authority to vote the shares in accordance with their best judgment on such other business, if any, that may properly come before the Annual Meeting or any adjournments thereof.

Proxies may be revoked by sending written notice of revocation to the Secretary of the Company at the address shown above, delivering to the Company a duly executed proxy bearing a later date, or attending the Annual Meeting and voting in person. However, if you are a stockholder whose shares are not registered in your own name, you will need appropriate documentation from your record holder to vote personally at the Annual Meeting. The presence at the Annual Meeting of any stockholder who had returned a proxy shall not revoke such proxy unless the stockholder delivers his or her ballot in person at the Annual Meeting or delivers a written revocation to the Secretary of the Company prior to the voting of such proxy.

VOTING SECURITIES AND VOTING PROCEDURES

Holders of record of the Company's common stock, par value \$0.01 per share (the Common Stock), as of the close of business on March 1, 2007 (the Record Date) are entitled to one vote for each share then held, except as described below. As of the Record Date, the Company had 62,970,184 shares issued and 61,564,573 shares outstanding. The presence in person or by proxy of a majority of the outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. Broker non-votes and proxies marked ABSTAIN will be counted for purposes of determining that a quorum is present. In the event there are not sufficient votes for a quorum, or to approve or ratify any matter being presented at the time of the Annual Meeting, the Annual Meeting may be adjourned in order to permit the further solicitation of proxies.

In accordance with the provisions of the Company's Certificate of Incorporation, recordholders of Common Stock who beneficially own in excess of 10% of the outstanding shares of Common Stock (the Limit) are not entitled to any vote with respect to the shares held in excess of the Limit. The Company's Certificate of Incorporation authorizes the Board of Directors (i) to make all determinations necessary to implement and apply the Limit, including determining whether persons or entities are acting in concert, and (ii) to demand that any person who is reasonably believed to beneficially own stock in excess of the Limit supply information to the Company to enable the Board of Directors to implement and apply the Limit.

As to the election of directors, the proxy card being provided by the Board of Directors enables a stockholder to vote FOR the election of the five nominees proposed by the Board of Directors or to WITHHOLD AUTHORITY to vote for the nominees being proposed. Directors are elected by a plurality of votes cast, without regard to either broker non-votes or proxies as to which the authority to vote for the nominees being proposed is withheld.

As to the ratification of the independent registered public accounting firm, the proxy card being provided by the Board of Directors enables a stockholder to: (i) vote FOR the proposal; (ii) vote AGAINST the proposal; or (iii) ABSTAIN from voting on the proposal. The ratification of the independent registered public accounting firm must be approved by the affirmative vote of a majority of the votes cast without regard to broker non-votes or proxies marked ABSTAIN.

Proxies solicited hereby will be returned to the Company and will be tabulated by an Inspector of Election designated by the Company's Board of Directors.

The Committee met two times during the year ended December 31, 2006.

The functions of the Nominating Committee include the following:

- to lead the search for individuals qualified to become members of the Board and to select director nominees to be presented for stockholder approval;
- to review and monitor compliance with the requirements for board independence; and
- to review the committee structure and make recommendations to the Board regarding committee membership.

The Nominating Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are first considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service, or if the Committee or the Board decides not to re-nominate a member for re-election, or if the size of the Board is increased, the Committee would solicit suggestions for director candidates from all Board members. In addition, the Committee is authorized by its charter to engage a third party to assist in the identification of director nominees. The Nominating Committee would seek to identify a candidate who at a minimum satisfies the following criteria:

- has personal and professional ethics and integrity and whose values are compatible with the Company's;
- has had experiences and achievements that have given him or her the ability to exercise and develop good business judgment;
- is willing to devote the necessary time to the work of the Board and its committees, which includes being available for Board and committee meetings;
- is familiar with the communities in which the Company operates and/or is actively engaged in community activities;
- is involved in other activities or interests that do not create a conflict with his or her responsibilities to the Company and its stockholders; and
- has the capacity and desire to represent the balanced, best interests of the stockholders of the Company as a group, and not primarily a special interest group or constituency.

The Nominating Committee will also take into account whether a candidate satisfies the criteria for independence under the Nasdaq corporate governance listing standards and, if a nominee is sought for service on the Audit Committee, the financial and accounting expertise of a candidate, including whether an individual qualifies as an audit committee financial expert.

Procedures for the Nomination of Directors by Stockholders

The Nominating Committee has adopted procedures for the submission of director nominees by stockholders. If a determination is made that an additional candidate is needed for the Board of Directors, the Nominating Committee will consider candidates submitted by the Company's stockholders. Stockholders can submit the names of qualified candidates for Director by writing to our Corporate Secretary, at 160 Washington Street, Brookline, Massachusetts 02445. The Corporate Secretary must receive a submission not less than ninety (90) days prior to the date of the Company's proxy materials for the preceding year's annual meeting. The submission must include the following information:

- the name and address of the stockholder as he or she appears on the Company's books, and number of shares of the Company's Common Stock that are owned beneficially by such

stockholder (if the stockholder is not a holder of record, appropriate evidence of the stockholder's ownership will be required);

- the name, address and contact information for the candidate, and the number of shares of Common Stock of the Company that are owned by the candidate (if the candidate is not a holder of record, appropriate evidence of the stockholder's ownership should be provided);
- a statement of the candidate's business and educational experience;
- such other information regarding the candidate as would be required to be included in the proxy statement pursuant to SEC Regulation 14A;
- a statement detailing any relationship between the candidate and the Company;
- a statement detailing any relationship between the candidate and any customer, supplier or competitor of the Company;
- detailed information about any relationship or understanding between the proposing stockholder and the candidate; and
- a statement that the candidate is willing to be considered and willing to serve as a Director if nominated and elected.

A nomination submitted by a stockholder for presentation by the stockholder at an annual meeting of stockholders must comply with the procedural and informational requirements described in Other Matters and Advance Notice Procedures.

Stockholder Communications with the Board

A stockholder of the Company who wishes to communicate with the Board of Directors or with any individual Director can write to the Corporate Secretary of the Company, at 160 Washington Street, Brookline, Massachusetts 02445, Attention: Board Administration. The letter should indicate that the author is a stockholder and if shares are not held of record, should include appropriate evidence of stock ownership. Depending on the subject matter, management will:

- forward the communication to the Director or Directors to whom it is addressed;
- attempt to handle the inquiry directly, for example where it is a request for information about the Company or it is a stock-related matter; or
- not forward the communication if it is primarily commercial in nature, relates to an improper or irrelevant topic, or is unduly hostile, threatening, illegal or otherwise inappropriate.

At each Board meeting, management will present a summary of all communications received since the last meeting that were not forwarded and make those communications available to the Directors.

Code of Ethics

The Company has adopted a Code of Ethics that the Company's Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer must adhere to. In addition, the Company has adopted a Code of Business Conduct and Ethics that is applicable to the officers, directors and employees of the Company. The Code of Ethics is available on the Company's website at www.brooklinebank.com. Amendments to and waivers from the Code of Ethics are also disclosed on the Company's website.

The Audit Committee

The Audit Committee of the Company and the Bank consists of directors Chapin, Doyle and Tripp. Each member of the Audit Committee is considered independent as defined in the Nasdaq corporate governance listing standards and under SEC Rule 10A-3. The Board of Directors has determined that Mr. Doyle qualifies as an audit committee financial expert as that term is used in the rules and regulations of the SEC, primarily through:

- his experience as a certified public accountant and partner at KPMG for 22 years;
- his educational background which includes an MBA from the Amos Tuck School of Business Administration at Dartmouth College; and
- his experience as a bank consultant in serving as the President and Chief Executive Officer of three community banks.

The Committee reviews the contents of and conclusions in audit reports prepared by the internal auditor and the Company's independent registered public accounting firm, reviews and approves the annual engagement of the Company's independent registered public accounting firm, the Company's audit policy, the internal audit function and the plan of audit coverage, and reviews with management and the Company's independent registered public accounting firm the Company's financial statements and internal controls. The Audit Committee of the Company met six times during the year ended December 31, 2006. The Company's Board of Directors has adopted a written charter for the Audit Committee of the Company, the current version of which is available at the Company's website at www.brooklinebank.com.

Audit Committee Report

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy and Objectives

The Compensation Committee believes that the most effective executive compensation program is one that is designed to accomplish the following objectives:

- Make available a range of compensation elements that can be utilized to attract and retain executives with the talent needed to achieve the Company's performance goals and to remain competitive relative to the compensation paid to executives with similar responsibilities at similarly-sized financial institutions;
- Align the interests of executive officers with the interests of the Company's stockholders; and
- Motivate executives by having part of their overall compensation based on pre-determined performance goals.

To accomplish these objectives, the Committee believes that executive compensation programs should include salary, performance-based cash incentives, equity compensation and a menu of benefit programs typically offered in the market place.

The Committee does not have a written charter.

Role of Executive Officers in Compensation Decisions

The Compensation Committee approves the compensation paid to the Chief Executive Officer, the Chief Financial Officer and the Executive Vice President of the Company. The performance of the Chief Executive Officer is reviewed annually by the Committee. The Chief Executive Officer presents annually to the Committee his assessment of the performance of the Chief Financial Officer and the Executive Vice President of the Company and his recommendations for their salary adjustments and performance awards. The Committee exercises its discretion in determining the levels of compensation to be paid to those executives.

The Compensation Committee approves equity compensation awards to all officers of the Company. The Committee has given the Chief Executive Officer the authority to determine the non-equity compensation of all officers of the Company other than those officers mentioned in the preceding paragraph.

10

Performance evaluations are generally measured on criteria applicable to the Company as a whole and to specific responsibilities of each executive. Criteria considered include earnings, return on equity, return on assets, asset quality, capital management, risk management, franchise expansion, corporate governance, expertise and general management skills, and each executive's contribution to the successful operation of the Company. These criteria are evaluated not only on current year performance but also on the trend of performance over the past few years and within the context of the unusual operating and performance issues inherent in the management of a highly capitalized, converted financial institution. Also taken into consideration are factors outside of the control of management such as the state of the economy, the interest rate environment, regulatory mandates and competition.

Strict numerical formulas are not used to determine changes in compensation. Instead, surveys prepared by banking associations and professional firms on compensation paid to executives performing comparable duties at similarly-sized financial institutions in Massachusetts and the New England region are utilized in the decision process.

Compensation Elements

Compensation paid to or earned by our executive officers in 2006 consisted primarily of salary, performance-based cash incentives, vested stock awarded several years ago, dividends paid on unvested stock, payment of dividend equivalent rights on unexercised stock options and, in the case of the Chief Executive Officer and the Executive Vice President of the Company, the change in value of their supplemental retirement income benefits. Our executive officers are eligible to participate in benefit programs generally available to employees such as the Employee Stock Ownership Plan, the 401(k) plan, the defined contribution plan, medical and dental benefits, group term life insurance and postretirement medical benefits.

A description of each compensation element and how the amount to be paid or awarded is determined is presented below.

Salary

The salary of executive officers and other members of senior management is reviewed annually. Changes in salary are based on an evaluation of each individual's responsibilities, skills, experience and performance, and on a comparison to salaries paid to individuals performing comparable duties at similarly-sized financial institutions. Performance takes into consideration each individual's contribution in the achievement of business and profitability goals.

Non-Equity Incentive Compensation

Executive officers and certain other officers are eligible to receive annual cash incentive payments based on achievement of pre-determined quantitative thresholds approved by the Compensation Committee. A discussion of incentive payments to individuals who are referred to in this Proxy Statement as "Named Executive Officers" is presented after the Plan-Based Awards table which follows.

Stock Awards and Stock Option Grants

In 2006, no shares of Common Stock were awarded or stock options granted to the executives referred to as "Named Executive Officers" in this Proxy Statement. The Chief Executive Officer, the Chief Financial Officer and the Executive Vice President of the Company were awarded shares of Common Stock and granted stock options in 1999 and 2003. Mr. Pallin and Ms. Gorman were awarded shares of Common Stock and granted stock options in 2003. Mr. Fanger, who joined the Company in 2006, has not been awarded any shares of Common Stock or granted any stock options.

The Company converted from a mutual to a stock form of organization and sold 47% of the Company's shares in an Offering that occurred in 1998. Shares owned by the Company's mutual holding company parent were sold in an Offering that occurred in 2002. Subsequent to the completion of these Offerings, the stockholders approved in 1999 a recognition and retention plan ("1999 RRP") and a stock option plan ("1999 Option Plan") and, in 2003, another recognition and retention plan ("2003 RRP") and a stock option plan ("2003 Option Plan").

The purpose of the 1999 and 2003 RRP's was to have a method to recognize prior service and to provide current and prospective directors, officers and employees with an ownership interest in the Company that would encourage the retention and recruitment of those individuals on whom the success of the Company most depends. The purpose of the 1999 and 2003 Option Plans was to enable the granting of long-term incentive awards to directors, officers and employees as a means of enhancing and encouraging the retention and recruitment of those individuals.

The RRP's and Option Plans presented to the Company's stockholders for approval in 1999 and 2003 stated the maximum number of shares of Common Stock and stock options that could be awarded or granted under the Plans. The totals presented for approval were at amounts within the limits allowed by regulators in transactions involving conversion to a stock form of ownership. After approval of the RRP's and Option Plans by the Company's stockholders, the Compensation Committee awarded Common Stock and granted stock options to directors and certain officers and employees below the approved limits. The awards and grants were based on, among other things, the years of service to the Company and the role and responsibilities of the recipients in executing the Company's growth objectives.

Supplemental Retirement Income Agreements

In 1991, the Company entered into non-qualified supplemental retirement income agreements for the benefit of the Chief Executive Officer and the Executive Vice President of the Company. As of December 31, 2006, these individuals had over 34 years and 45 years, respectively, of service to the Company. The agreements were amended in 2006. A description of the amendments and a summary of the benefits payable under the agreements is described under Pension Benefits .

Other Benefits

The Company provides a range of other benefits to its officers and employees. The benefits include medical, dental, disability and life insurance coverage, a 401(k) plan, a defined contribution plan and an Employee Stock Ownership Plan. The executives referred to as Named Executive Officers in this Proxy Statement participate in these benefits. A description of the features of these benefits is presented below.

Medical, Dental, Life, Disability and Other Similar Employee Benefit Plans. The Company provides eligible employees with group life, accidental death and dismemberment, and long-term disability coverage. For its eligible employees, the Company pays 80% of the monthly premiums for group health coverage and 50% of the monthly premiums for individual and family dental coverage. For the Chief Executive Officer and the Executive Vice President, the Company pays 100% of such premiums. The Company pays 100% of the monthly premiums for group life insurance coverage for all employees after the employee has completed one year of service. The Company also sponsors a flexible benefits plan under which employees can pay their ratable share of health insurance premiums on a pre-tax basis, a medical expense reimbursement plan under which employees can defer their salary on a pre-tax basis to cover the costs of certain medical expenses not reimbursed through insurance or otherwise, and a dependent care plan under which employees can defer their salary on a pre-tax basis to cover qualified dependent care expenses.

Postretirement Medical Benefit Plan. The Company sponsors a plan that enables employees to obtain postretirement medical benefits. Upon retirement, the Company will pay part of the annual premium for medical coverage up to a maximum limit of 50% for individuals who were employees of the Bank at December 31, 2003 and who had a minimum number of years of service with the Bank at that date.

401(k) Plan. The Company maintains a 401(k) plan which is a qualified, tax-exempt profit sharing plan with a salary deferral feature under Section 401(k) of the Code (the 401(k) Plan). All employees who have attained age 21 are eligible to participate.

Under the 401(k) Plan, participants are permitted to make salary reduction contributions equal to the lesser of 75% of compensation or a maximum limit which is indexed annually (\$15,000 in 2006). Those plan participants who are age 50 or older are permitted to make salary reduction contributions equal to the lesser of 75% of compensation or a maximum limit which is indexed annually (\$20,000 in 2006).

Defined Contribution Plan. The Company has a defined contribution plan under which it provides annual contributions equal to 5% of each participant's compensation up to a maximum limit which is indexed annually (\$220,000 in 2006). In order to be fully vested in the Company's annual contribution, a participant must complete three years of service with the Company in which he works 1,000 hours or more. The plan permits employees to direct the investment of their own accounts into various investment options.

Employee Stock Ownership Plan. The Company has implemented an Employee Stock Ownership Plan (the ESOP). Employees with at least one year of employment in which they work 1,000 hours or more with the Company and who have attained age 21 are eligible to participate. Shares of the Company's Common Stock purchased by the ESOP are held in a suspense account for allocation among participants.

Shares of Common Stock released from the suspense account are allocated among ESOP participants on the basis of compensation in the year of allocation. Benefits generally vest over a seven-year period. Benefits generally vest at the rate of 20% per year beginning in the third year of service until a participant is 100% vested after seven years or upon normal retirement (as defined in the ESOP), disability or death of the participant or a change in control (as defined in the ESOP). A participant who terminates employment for reasons other than death, retirement or disability prior to seven years of credited service forfeits the nonvested portion of his benefits under the ESOP. Benefits are payable in the form of Common Stock of the Company and cash upon death, retirement, early retirement, disability or separation from service.

Any amendments to the ESOP are approved by the Bank's Board of Directors. The ESOP is administered by a committee comprised of Mr. Chapman, Mr. Bechet and another officer of the Bank. The ESOP committee has appointed an independent financial institution to serve as trustee of the ESOP. The ESOP committee may instruct the trustee regarding investment of funds contributed to the ESOP. The ESOP trustee, subject to its fiduciary duty, must vote all allocated shares held in the ESOP in accordance with the instructions of participating employees. Under the ESOP, nondirected shares and shares held in the suspense account are voted in a manner calculated to most accurately reflect the instructions it has received from participants regarding the allocated stock so long as such vote is in accordance with the provisions of ERISA.

Executive Compensation

The following table sets forth for the year ended December 31, 2006 certain information as to the total remuneration paid to or earned by the Chief Executive Officer, Mr. Chapman, the Chief Financial Officer, Mr. Bechet, the three most highly compensated executive officers of the Company other than Messrs. Chapman and Bechet, and Ms. Gorman who resigned from her executive officer responsibilities effective October 31, 2006 and as an employee of the Company effective January 31, 2007. We refer to these executive officers in this Proxy Statement as the Named Executive Officers .

14

The 2006 salaries paid to Mr. Chapman, Mr. Bechet and Mr. Peck were approved by the Compensation Committee. In 2006, Mr. Chapman's salary increased \$30,000 (6.0%), Mr. Bechet's salary increased \$15,000 (7.5%) and Mr. Peck's salary increased \$7,500 (3.3%). The increases awarded to Mr. Chapman and Mr. Bechet took into consideration their involvement in the acquisition and successful consolidation of Mystic Financial, Inc. and in the development of the 2006-2008 Strategic Plan of the Company. Mr. Chapman set the salaries for two other executive officers (Ms. Gorman and Mr. Pallin). Ms. Gorman received no increase; Mr. Pallin received an increase of \$7,500 (5.1%) in recognition of the growth of the indirect automobile loan business. Mr. Fanger's salary was approved by the Company's Board of Directors in connection with its approval of the acquisition of a controlling interest in Eastern Funding LLC by the Company's bank subsidiary. The amount of salary shown for Mr. Fanger in the SUMMARY COMPENSATION TABLE represents the amount earned in the nine month period ended December 31, 2006. On an annualized basis, Mr. Fanger's salary in 2006 was \$261,000.

The amounts shown above in the column "Stock Awards" represents the expense recognized in the Company's financial statements for the year ended December 31, 2006 based on the grant date fair value per share and the shares awarded to each executive that vested in 2006. See note 12 to the Company's consolidated financial statements as of and for the year ended December 31, 2006 for additional information about stock awards.

The non-equity incentive compensation shown in the above table represents the amounts earned based on the actual level of achievement of the benchmarks established. The amounts earned for the year ended December 31, 2006 were paid in 2007. The amounts earned expressed as a percent of 2006 salary were as follows: Mr. Chapman 25.7%; Mr. Bechet and Mr. Peck 21.4%; Ms. Gorman 16.4%; Mr. Pallin 23.1%; and Mr. Fanger 38.1%. See the table and narrative under "Plan-Based Awards" for further information about non-equity incentive compensation.

The amounts shown in the eighth column in the above table represent the changes in the actuarial present value of Mr. Chapman's and Mr. Peck's accumulated benefits under their supplemental retirement income agreements as measured at December 31, 2005 and December 31, 2006. The reductions in value in 2006 resulted primarily from an amendment to the supplemental retirement income agreements and a change in one of the assumptions used for purposes of calculating actuarial present value.

The amendment is described in the narrative presented after the table "Pension Benefits" at and for the year ended December 31, 2006. The change in assumption related to the expected retirement dates of Mr. Chapman and Mr. Peck. Both of these executives continue to serve as executive officers of the Company, despite having reached the normal retirement age of 65. Currently, Mr. Chapman is 72 years old and Mr. Peck is 66 years old. In view of their expected continued service as executive officers of the Company, for purposes of calculating the actuarial present value of their accumulated benefits, their projected date of retirement was extended to February 25, 2009, the expiration date of their employment contracts. The extension of their assumed retirement dates reduced the actuarial present value of their accumulated benefits.

Included in other compensation are dividend equivalent rights. The 1999 and 2003 Option Plans provide Plan participants the right to receive for each vested unexercised stock option held an amount equal to any extraordinary dividend per share of Common Stock declared by the Company. Each Plan includes a separate definition of what constitutes an extraordinary dividend. The extra dividends of \$0.20 per share paid to stockholders in each of February and August 2006 met in part the terms and conditions stated in the Plan definitions. The amounts paid to the executives noted in the above table were determined by multiplying the number of vested unexercised stock options held by each executive times the dividend equivalent right per option calculated in accordance with the terms and conditions outlined in the Plans.

Also included in other compensation are dividends paid on unvested shares of Common Stock. Under the 1999 and 2003 RRP's, the holders of awarded unvested Common Stock are entitled to receive for each share held an amount equal to the per share amount of dividends paid to stockholders of the Company.

Plan-Based Awards

The following table sets forth for the year ended December 31, 2006 certain information as to non-equity incentive plan compensation for the Named Executive Officers. There were no grants of plan-based equity incentive awards to the Named Executive Officers during the year ended December 31, 2006.

Name	Date of Plan Approval	Possible payments under non-equity incentive plans		Maximum(3)
		Threshold(1)	Target(2)	
Richard P. Chapman, Jr.	April 20, 2006	\$ 84,270	\$ 159,000	\$ 159,000
Paul R. Bechet	April 20, 2006	28,487	53,750	53,750
Charles H. Peck	April 20, 2006	31,137	58,750	58,750
Cheryl B. Gorman	April 20, 2006	18,000	37,500	37,500
David J. Pallin	April 20, 2006	20,344	38,750	44,562
Michael J. Fanger	April 13, 2006	(4)	(5) 87,019	(5)

- (1) Threshold refers to the amount that would be paid if actual performance only met the minimum level set in the plan to be eligible for a cash incentive payment.
- (2) Target refers to the amount that would be paid if the specified performance targets were achieved.
- (3) Maximum refers to the maximum payment possible under the plan.
- (4) Represents the effective date of the contractual arrangement with Mr. Fanger approved by the Board of Directors of the Bank in connection with the acquisition of a controlling interest in Eastern.
- (5) The threshold and maximum are not specified amounts. The maximum that can be earned by Mr. Fanger is 50% of an incentive pool, the total of which is determined by a formula described in the fourth paragraph following this table.

The Company has a short-term incentive plan to provide a cash benefit beyond base salary to certain executive officers and other officers for the attainment of annual profitability and other business goals. The financial and business goals of Mr. Chapman, Mr. Bechet and Mr. Peck are reviewed and approved annually by the Compensation Committee. The financial and business goals of the other officers included in the plan are set by the Chief Executive Officer. All bonus payments under the plan are approved by the Compensation Committee. The Compensation Committee has the right to amend the plan at any time and to increase or deny payments that otherwise would be called for by the plan.

The maximum cash incentive payment that could be earned for the year ended December 31, 2006 was an amount equal to 30% of base salary in the case of Mr. Chapman and 25% of base salary in the case of Mr. Bechet, Mr. Peck and Ms. Gorman. Of the maximum amount of incentive payment, 80% was based on the degree of achievement of a pre-tax income goal and, in the case of Messrs. Chapman, Peck and Bechet, 20% was based on maintaining the average level of the Bank's non-performing assets below one-half of 1% and, in the case of Ms. Gorman, 20% was based on performance criteria relating to the retail operations of the Bank. Except for Ms. Gorman's performance criteria, these benchmarks were approved by the Compensation Committee. For each 1% shortfall in the achievement of the 2006 pre-tax income goal, there was a corresponding 2% reduction in the percentage to be applied to calculate the portion of the total cash incentive payment attributable to the profitability benchmark. If the shortfall in achievement of the pre-tax income goal had exceeded 20%, no cash incentive attributable to the profitability benchmark would have been paid. If the average level of the Bank's non-performing assets increased to 2%, the portion of the total cash incentive payment attributable to non-performing assets would have been reduced to 5% of base salary. If the average level of non-performing assets exceeded 2%, no cash incentive attributable to the non-performing assets benchmark would have been paid. For the year ended December 31, 2006, 82.2% of the profitability benchmark was achieved and 100% of the asset quality benchmark was achieved. Ms. Gorman did not achieve the performance criteria related to the retail operations of the Bank.

The target cash incentive payment that could be earned by Mr. Pallin for the year ended December 31, 2006 was an amount equal to 25% of his base salary. The maximum cash incentive payment that could be earned by Mr. Pallin for the year ended December 31, 2006 was 115% of the target, or an amount equal to 28.75% of his base salary. Of the maximum amount of incentive payment, 90% was based on the level of return on assets achieved and 25% was based on asset quality benchmarks. Return on assets was calculated by dividing pre-tax income relating to the Bank's indirect automobile lending activity by the average of indirect automobile loans outstanding. The asset

quality benchmarks related to the average credit scores of indirect automobile loans in the portfolio, the monthly level of loans delinquent over 30 days and the annual rate of net charge-offs of indirect automobile loans. To achieve the maximum amount of incentive payment related to the return on assets benchmark, return on assets would have had to exceed 0.50%. The minimum amount of incentive payment related to the return on assets benchmark would have been reduced to 13.125% of base salary if the return on assets declined to 0.15%. If the return on assets fell below 0.15%, no cash incentive attributable to the return on assets benchmark would have been paid. The total asset quality rating of 25% would have been reduced (a) by 1% for each month in which over 15% of loans originated had average credit scores below 660, (b) by 1% for each month in which loans delinquent over 30 days at the end of a month exceeded 1.5% and (c) by 5% if the annual rate of indirect automobile loan net charge-offs as a percent of the annual average of indirect automobile loans outstanding was between 0.50% and 0.75%, by 15% if the annual rate of net charge-offs was between 0.75% and 1.00% and by 25% if the annual rate of net charge-offs exceeded 1.00%. For the year ended December 31, 2006, 90% of the target profitability benchmark was achieved and 100% of the asset quality benchmarks were achieved.

Mr. Fanger and two other officers of Eastern Funding LLC (Eastern) are entitled to receive annual cash incentive payments based on the profitability of Eastern expressed as a return on equity and the average level of Eastern's loans delinquent over 30 days. The Company acquired a controlling interest in Eastern on April 13, 2006. For the period from that date to December 31, 2006, return on equity was calculated by annualizing Eastern's pre-tax income for that period and dividing the resulting amount by Eastern's equity at the beginning of the period. The total cash incentive pool available for payment was determined from calculations relating to the layering of pre-tax income. The portion of pre-tax income to be included in the cash incentive pool increased as the rate of return on equity increased. The maximum portion of pre-tax income that could have been included in the cash incentive pool was 15% of the excess of pre-tax income over a pre-determined pre-tax rate of return on equity; no ceiling existed as to how high the resulting amount for inclusion in the investment pool could be. If the pre-tax rate of return on equity fell below a pre-determined rate, no amount would be placed in the incentive pool. The total cash incentive pool was subject to reduction if the current year average of month end percentages of loans delinquent over 30 days exceeded the average of month end percentages of loans delinquent over 30 days during the three years prior to the current year. The rate of reduction increased as the rate of loans delinquent over 30 days increased. According to Mr. Fanger's employment agreement, no more than 50% of the incentive pool can be awarded to him. The percent awarded to Mr. Fanger was 45.7% of the incentive pool and was approved by the Compensation Committee. Allocation of the remainder of the incentive pool can be to the two other officers and any other employees of Eastern. Such allocations are subject to the approval of a committee comprised of Mr. Fanger, Mr. Chapman and Mr. Bechet.

A number of years ago, the Bank entered into non-qualified supplemental income agreements with Mr. Chapman and Mr. Peck (the Agreements). The Agreements provide retirement benefits equal to the sum of 70% of each executive's average compensation reduced by the actuarial equivalent benefit of any distribution the executive, his beneficiary or estate is entitled to receive from prior and existing Bank qualified retirement plans and from one-half of his Social Security benefits.

Average compensation is defined as the average of the compensation received by the executive in the three calendar years in the ten calendar year period prior to the executive's retirement which produces the highest rate of compensation. On December 21, 2006, an amendment was made to the Agreements to clarify that the annual compensation on which the retirement benefit is based include the executive's annual salary plus non-equity incentive bonus, but exclude all except a limited amount of other items that may be considered compensation for purposes of federal income taxes (\$20,000 for Mr. Chapman and \$10,000 for Mr. Peck). Additionally, other amendments were made to clarify the assumptions used to calculate actuarial equivalent benefits and to eliminate references to early retirement and disability that were no longer necessary. The change in annual expense resulting

from the amendments to the Agreements was not material to the Company's consolidated financial statements as of and for the year ended December 31, 2006.

Retirement benefits under the Agreements are generally payable to the executive or his beneficiary as a monthly benefit or, at the election of the Bank, as a lump sum benefit. The monthly benefits continue until the later of the executive's death or 20 years from retirement in the case of Mr. Chapman and 15 years from retirement in the case of Mr. Peck. Upon a change in control, the executive (or in the event of the executive's death, his beneficiary) can elect to receive a lump sum payment equal to the actuarial equivalent of the monthly benefit the executive or his beneficiary is entitled to at the time of the change in control. All obligations under the Agreements are payable from the general assets of the Bank.

The table below reflects the amount of compensation to each of the Named Executive Officers of the Company in the event of termination of each executive's employment. The amount of compensation payable to each Named Executive Officer upon voluntary resignation, early retirement, normal retirement, involuntary not for cause termination, involuntary termination for cause, involuntary termination after a change in control, disability or death of the executive is shown below. The amounts shown assume that termination was as of December 31, 2006 and are based on amounts earned as of that date and estimates of amounts to be paid to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of the executive's separation from the Company. Both Mr. Chapman and Mr. Peck are fully vested in and would be paid pension benefits under their supplemental retirement income agreements upon the termination of their employment, as described in the Pension Benefits table in this Proxy Statement.

Employment Agreements with Bank Officers. The Bank has entered into substantially identical employment agreements with Messrs. Chapman and Peck. The termination date of the agreements is February 25, 2009. The Board recognizes that as the maturity dates of the employment agreements approach, it may be in the best interest of the Company and the Bank to negotiate new contracts for the executive officers.

Under the agreements, the base salaries for Messrs. Chapman and Peck at December 31, 2006 were \$530,000 and \$235,000, respectively. The base salary may be increased but not decreased. In addition to the base salary, the agreements provide for, among other things, participation in retirement plans and other employee and fringe benefits applicable to executive personnel. The agreements provide for termination by the Bank for cause at any time. In the event the Bank terminates the executive's employment for reasons other than for cause, or in the event of the executive's resignation from the Bank (such resignation to occur within the period or periods set forth in the employment agreement) upon (i) failure to re-elect the executive to his current offices, (ii) a material change in the executive's functions, duties or responsibilities, or relocation of his principal place of employment by more than 30 miles, (iii) liquidation or dissolution of the Bank or the Company, (iv) a breach of the agreement by the Bank, or (v) following a change in control of the Bank or the Company, the executive, or in the event of death, his beneficiary, would be entitled to severance pay in an amount equal to three times the base salary and the highest bonus paid during any of the last three years. The Bank also would continue the executive's life, health, dental and disability coverage for 36 months from the date of termination. In the event the payments to the executive include an excess parachute payment as defined by Code Section 280G (relating to payments made in connection with a change in control), the payments would be reduced in order to avoid having an excess parachute payment.

Under the agreements, the executive's employment may be terminated upon his retirement in accordance with any retirement policy established on behalf of the executive and with his consent. Upon the executive's retirement, he will be entitled to all benefits available to him under any retirement or other benefit plan maintained by the Bank. In the event of the executive's disability for a period of six months, the Bank may terminate the agreement provided that the Bank will be obligated to pay him his base salary for the remaining term of the agreement or one year, whichever is longer, reduced by any benefits paid to the executive pursuant to any disability insurance policy or similar arrangement maintained by the Bank. In the event of the executive's death, the Bank will pay his base salary to his named beneficiaries for one year following his death, and will also continue medical, dental and other benefits to his family for one year. The employment agreement provides that, following his termination of employment, the executive will not compete with the Bank for a period of one year.

Employment Agreements with Eastern Officers. In connection with the acquisition of a controlling interest in Eastern, employment contracts were entered into on April 13, 2006 with Mr. Fanger and two other officers. The termination date of each of the agreements is April 13, 2009. On each of their first anniversary date and second anniversary date, the agreements extend for an additional year unless the individual officer receives written notice at least sixty days prior to the anniversary date that the agreement will not be extended.

Edgar Filing: BROOKLINE BANCORP INC - Form DEF 14A

Under Mr. Fanger's agreement, his annual base salary was set at \$261,000 per year and is subject to review at least once each year. The base salary can be increased, but not decreased. Any base salary increases require the approval of the Compensation Committee. In addition to base salary, Mr. Fanger is entitled to an annual cash

22

incentive payment, the details of which are described in the section "Plan-Based Awards" previously presented. The agreement also provides Mr. Fanger with participation in all the benefit programs available to employees of the Company and the Bank plus an annual car allowance of \$10,000.

Mr. Fanger's agreement provides for termination by Eastern for cause at any time. In the event Eastern terminates his employment for reasons other than cause, or in the event of his resignation from Eastern upon (i) failure to re-elect or re-appoint him as the Chief Executive Officer and a Director of Eastern (unless, with respect to his re-election as a Director of Eastern, Mr. Fanger and his family members do not in the aggregate own 10% or more of Eastern when he is not re-elected), (ii) a material change in his function, duties or responsibilities, (iii) relocation of his principal place of employment by more than 50 miles, without his approval, (iv) the occurrence of a change in control or sale of Eastern, as a result of which there occurs a material adverse effect (as defined in the next paragraph), (v) the occurrence of a material adverse effect, (vi) liquidation or dissolution of Eastern or (vii) a material breach of Mr. Fanger's employment agreement, Mr. Fanger, or in the event of death, his beneficiary, would be entitled to severance in an amount equal to two times the sum of the annual rate of his base salary in effect on the date of termination and the amount of his cash incentive payment for the previous calendar year. Such sum would be payable monthly over two years commencing from the date of termination. The agreement provides that, following termination of Mr. Fanger's employment for the above reasons, he will not compete with Eastern for a period of one year. Mr. Fanger may elect to receive a reduced severance payment equal to one times the sum of the items previously mentioned. If he so elected, he would not be subject to the non-compete condition. If Mr. Fanger chose to voluntarily resign from Eastern during the first three years of his employment agreement, he could not compete with Eastern for a period of three years. During the period in which Mr. Fanger would be entitled to receive cash severance payments, Eastern would continue to provide him with the benefits he was receiving as of the date of termination as a participant in the Company's benefit programs. In the event of disability or death, Mr. Fanger or his beneficiaries would be entitled to receive from the date of the event through the expiration date of his agreement his base salary plus a pro-rated portion of his cash incentive. If Mr. Fanger became disabled or chose to voluntarily resign from Eastern after the end of the third year of his employment agreement, he could not compete with Eastern for a period of two years.

A material adverse effect means (A) the implementation of a voluntary determination by the Bank to withdraw or reduce its support of Eastern by (i) materially and adversely changing the basis on which Eastern is financed, (ii) withdrawing a material part of Mr. Fanger's authorities as the President of Eastern, (iii) requiring a material curtailment or reduction in the business activities of Eastern or materially and adversely changing the manner in which Eastern's business is conducted other than to address a regulatory directive or (iv) materially and adversely changing Eastern's compensation arrangement or (B) discontinuance of Eastern as a limited liability corporation for at least five years from the date of the agreement. An action that would otherwise constitute a material adverse effect under clause (A) will not be so deemed if such action is taken in the year following any year in which Eastern fails by 20% or more to meet projected net income as contained in Eastern's business plan and such failure is not attributable to actions by the Company or the Bank that constitute a material adverse effect during the year in which the failure occurs.

The employment agreements with the two other officers of Eastern are somewhat similar to Mr. Fanger's agreement except that the amount of severance each executive would be entitled to receive would equal one times the sum of the executive's annual rate of base salary in effect on the date of termination and the amount of cash incentive paid to the executive for the previous calendar year.

Severance Agreements. As of December 31, 2006, the Bank entered into severance agreements (the "Severance Agreements") with 13 other officers of the Bank, including Mr. Bechet and Mr. Pallin, which provide certain benefits in the event of a change in control of the Bank or the Company. Each of the Severance Agreements is for a term of one year except for one Severance Agreement that is for a two-year term. Commencing on each anniversary date, the Board of Directors may extend any Severance Agreement for an additional year. The Severance Agreements enable the Bank to offer to designated officers certain protections against termination without cause in the event of a change in control. For these purposes, a change in control is defined generally to mean: (i) consummation of a plan of reorganization, merger or sale of substantially all of the assets of the Bank or the Company where the Bank or the Company is not the surviving entity; (ii) changes to the Board of Directors of the Bank or the Company whereby individuals who constitute the current Board cease to constitute a majority of the Board, subject to certain exceptions; (iii) a change in control as that term is defined in the Bank Holding Company

Act; (iv) a transaction or occurrence whereby any person becomes the beneficial owner of 25% or more of the voting securities of the Company; and (v) a tender offer is made for 25% or more of the voting securities of the Company and 25% or more of the stockholders have tendered their shares. These protections against termination without cause in the event of a change in control are frequently offered by other financial institutions, and the Bank may be at a competitive disadvantage in attracting and retaining key employees if it does not offer similar protections. Although the Severance Agreements may have the effect of making a takeover more expensive to an acquiror, the Bank believes that the benefits of enhancing the Bank's ability to attract and retain qualified management persons by offering the Severance Agreements outweighs any disadvantage of such agreements.

Following a change in control of the Company or the Bank, an officer is entitled to a payment under the Severance Agreement if the officer's employment is involuntarily terminated during the term of such agreement, other than for cause, as defined, or if the officer voluntarily terminates employment during the term of such agreement as the result of a demotion, loss of title, office or significant authority, reduction in his annual compensation or benefits, or relocation of the officer's principal place of employment by more than 30 miles from its location immediately prior to the change in control. In the event that an officer who is a party to a Severance Agreement is entitled to receive payments pursuant to the Severance Agreement, the officer would receive a cash payment up to a maximum of one times the average of the three preceding years' annual base salary and cash incentive, except for one officer who would receive a payment up to a maximum of two times the average of the two preceding years of his annual base salary and cash incentive. The amounts Mr. Bechet and Mr. Pallin would receive are shown in the table above. The remaining officers would receive cash severance of approximately \$1,641,000 in the aggregate, pursuant to their severance agreements upon a change in control of the Bank or the Company. In addition to the cash severance payment, each covered officer would receive life, health, dental and disability coverage for a period of up to 12 months from the date of termination (24 months in the case of one officer). The total premiums for such coverage are estimated to be approximately \$158,000. Notwithstanding any provision to the contrary in the Severance Agreements, payments under the Severance Agreements are limited so that they will not constitute an excess parachute payment under Section 280G of the Internal Revenue Code.

Stock Benefit Plans

The Company has the following stock benefit plans: the 1999 Stock Option Plan, the 2003 Stock Option Plan, the 1999 Recognition and Retention Plan and the 2003 Recognition and Retention Plan. All of these plans have been approved by the Company's stockholders. Awards have been made to directors, certain executive officers and employees of the Company and the Bank as determined by the Compensation Committee, which administers the plans. Awards vest for the Company and the Bank in accordance with schedules determined by the Compensation Committee. If a recipient ceases continuous service with the Company or the Bank due to normal retirement (except with respect to the 2003 Recognition and Retention Plan regarding awards to individuals other than directors), death or disability, or following a change in control, shares subject to restrictions will immediately vest; in the event of cessation of continuous service for any other reason, unvested shares are forfeited and returned to the Company. Recipients have the right to vote nonvested shares that have been awarded and receive dividends declared on such shares.

Pursuant to the Stock Option Plans, options to purchase common stock of the Company have been granted to directors, certain executive officers and employees of the Company and the Bank, as determined by the Compensation Committee which administers the plans. The Compensation Committee also determines the period over which such awards vest and become exercisable. The plans provide for awards in the form of stock options, reload options, limited stock appreciation rights and dividend equivalent rights.

Transactions with Certain Related Persons

All transactions between the Company and its executive officers, directors, holders of 10% or more of the shares of its Common Stock and affiliates thereof, are on terms no less favorable to the Company than could have been obtained by it in arm's-length negotiations with unaffiliated persons. The balance of loans outstanding to directors, executive officers and their related interests amounted to \$2,849,000 at December 31, 2006. The Sarbanes-Oxley Act of 2002 generally prohibits an issuer from: (i) extending or maintaining credit; (ii) arranging for the extension of credit; or (iii) renewing an extension of credit in the form of a personal loan for an officer or director. There are several exceptions to this general prohibition, however, one of which is applicable to the Company. Namely, this prohibition does not apply to loans made by a depository institution that is insured by the FDIC and is subject to the insider lending restrictions of the Federal Reserve Act. All loans to the Company's directors and officers by the Bank are made in conformity with the Federal Reserve Act and regulations promulgated thereunder.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors of the Company has approved the engagement of KPMG LLP to be the Company's independent registered public accounting firm for the 2007 fiscal year, subject to the ratification of the engagement by the Company's stockholders. At the Annual Meeting, stockholders will consider and vote on the ratification of the engagement of KPMG LLP for the Company's fiscal year ending December 31, 2007. A representative of KPMG LLP is expected to attend the Annual Meeting to respond to appropriate questions and to make a statement if he so desires.

Set forth below is certain information concerning aggregate fees billed for professional services rendered during fiscal year 2006 and 2005 by KPMG LLP, the Company's independent registered public accounting firm. The aggregate fees included in the Audit category were fees billed for the fiscal years for the audit of the Company's annual financial statements, the audit of management's report on internal control over financial reporting and the review of the Company's quarterly financial statements. The aggregate fees included in each of the other categories were fees billed in the fiscal years.

	2006	2005
Audit Fees	\$ 434,000	\$ 406,500
Audit-Related Fees	16,000	16,500
Tax Fees	58,375	54,075
All Other Fees		

Audit Fees. Audit fees were for professional services rendered for the audits of the consolidated financial statements of the Company, the review of the financial statements included in the Company's quarterly reports on Form 10-Q and the audit of management's assessment of the Company's internal control over financial reporting.

Audit-Related Fees. Audit-related fees were for professional services rendered related to accounting for the acquisition of Eastern Funding LLC in 2006 and the acquisition of Mystic Financial, Inc. in 2005.

Tax Fees. Tax fees were for services related to tax compliance, tax planning, the review of tax issues in 2006 and 2005 in connection with the acquisitions of Eastern Funding LLC and Mystic Financial, Inc. and assistance in 2005 in addressing state tax issues relating to Eastern Funding LLC.

The Audit Committee considered whether the provision of non-audit services was compatible with maintaining the independence of the independent registered public accounting firm. The Audit Committee concluded that performing such services in 2006 did not affect the independent registered public accounting firm's independence in performing their function as auditors of the Company.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of the Independent Registered Public Accounting Firm

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to particular service or category of services and is generally subject to a specific budget. The Audit Committee has delegated pre-approval authority to its Chairman when expedition of services is necessary. The independent registered public accounting firm and management are required to periodically report to the full Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The audit-related fees paid in 2006 and 2005 were approved per the Audit Committee's pre-approval policies.

In order to ratify the selection of KPMG LLP as the independent registered public accounting firm for the 2007 fiscal year, the proposal must receive the affirmative vote of a majority of the shares represented at the Annual Meeting and entitled to vote. **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF KPMG LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE 2007 FISCAL YEAR.**
