**Prospectus**

**7,133,811 Shares of Common Stock**

**AEGON N.V.**

(a Netherlands public company with limited liability)

---

**AEGON USA Producers Stock Purchase Plan**

---

This prospectus relates to up to 7,133,811 shares of common stock, par value EUR 0.12 per share of AEGON N.V. (the **Common Stock** ) we may offer under the AEGON USA Producers Stock Purchase Plan (the **Plan** ) as described herein. The Plan has been established as a voluntary stock purchase plan for eligible participants of any subsidiary, division or affiliated company of AEGON USA, LLC that adopts the Plan. Such entities are referred to as **Participating Companies**. The Plan offers eligible participants an opportunity to purchase shares of our Common Stock. AEGON USA is a wholly owned subsidiary of AEGON N.V.

Under the Plan, participants are entitled to allocate a portion of the commissions or compensation earned by them on the sale of Participating Companies insurance or other designated products to purchase shares of Common Stock. Subject to certain vesting requirements, contributions of commissions by participants may be matched by a contribution depending upon which Participating Company the participant represents. The Plan will operate as an open-market stock purchase plan. At the present time, we intend to acquire shares under the Plan on the New York Stock Exchange at prevailing market prices, including applicable brokerage expenses.

**Investing in the Common Stock involves risks. See Risk Factors on page 5.**

The Common Stock is listed on the Official Segment of the stock market of Euronext Amsterdam, the principal market for the Common Stock, on which it trades under the symbol AGN . The Common Stock is also listed on the New York Stock Exchange under the symbol AEG , and on the London and Tokyo stock exchanges. On November 25, 2008, the closing sales price per share on the New York Stock Exchange for the Common Stock was \$4.29.

---

**Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined that this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.**

---

The date of this Prospectus is December 2, 2008, as amended December 10, 2008.

**FORWARD-LOOKING STATEMENTS**

The statements contained and incorporated by reference in this prospectus that are not historical facts are forward-looking statements as defined in the U.S. Private Securities Litigation Reform Act of 1995. Words such as believe , estimate , intend , target , may , expect , anticipate , project , counting on , plan , continue , want , forecast , should , would , is confident and will and similar expressions as they relate to identify such forward looking statements. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. We undertake no obligation to publicly update or revise any forward looking statements. Readers are cautioned not to place undue reliance on these forward looking statements, which merely reflect company expectations at the time of writing. Actual results may differ materially from expectations conveyed in forward looking statements due to changes caused by various risks and uncertainties. Such risks and uncertainties include but are not limited to the following:

- changes in general economic conditions, particularly in the United States, the Netherlands and the United Kingdom;
- changes in the performance of financial markets, including emerging markets, such as with regard to:
- the frequency and severity of defaults by issuers in our fixed income investment portfolios; and
- the effects of corporate bankruptcies and/or accounting restatements on the financial markets and the resulting decline in value of equity and debt securities we hold;
- the frequency and severity of insured loss events;
- changes affecting mortality, morbidity and other factors that may affect the profitability of our insurance products;
- changes affecting interest rate levels and continuing low or rapidly changing interest rate levels;
- changes affecting currency exchange rates, including the euro/U.S. dollar and euro/UK pound exchange rates;

- increasing levels of competition in the United States, the Netherlands, the United Kingdom and emerging markets;
- changes in laws and regulations, particularly those affecting our operations, the products we sell and the attractiveness of certain products to our consumers;
- regulatory changes relating to the insurance industry in the jurisdictions in which we operate;
- acts of God, acts of terrorism, acts of war and pandemics;
- changes in the policies of central banks and/or foreign governments;
- litigation or regulatory action that could require us to pay significant damages or change the way we do business;
- customer responsiveness to both new products and distribution channels;
- competitive, legal, regulatory, or tax changes that affect the distribution cost of or demand for our products;
- our failure to achieve anticipated levels of earnings or operational efficiencies as well as other cost saving initiatives; and
- changes in our reported results of operations or financial condition as a result of preparing our financial statements in accordance with International Financial Reporting Standards.

**ABOUT THIS PROSPECTUS**

You should rely only on the information contained in or incorporated into this prospectus. We have not authorized anyone to provide you with information different from that contained in this prospectus. We are offering to sell the Common Stock only in jurisdictions where offers and sales are permitted. The information contained in this prospectus, as well as information incorporated by reference, is current only as of the date of such information, regardless of the time of delivery of this prospectus or the time of any purchases of the Common Stock. Our business, financial condition, results of operations and prospects may have changed since the relevant date. In this prospectus, except as otherwise noted we, us, our, AEGON and the AEGON Group refer to AEGON N.V. and any or all of our subsidiaries and joint ventures as the context requires.

It is important for you to read and consider all information contained this prospectus in making your decision to participate in the Plan and to invest in our Common Stock. In addition, you should read and consider the information in the documents we have referred you to under Incorporation of Certain Information We File With The SEC below.

**AEGON N.V.**

With roots dating back 150 years, AEGON N.V., through its member companies, which we collectively refer to as **AEGON** or the **AEGON Group**, is one of the world's largest listed life insurance and pension companies as ranked by market capitalization and assets with its headquarters in The Hague, the Netherlands. Our Common Stock is listed on the Official Segment of the stock market of Euronext Amsterdam, the principal market for our Common Stock, on which it trades under the symbol **AGN**. Our Common Stock is also listed on the New York Stock Exchange under the symbol **AEG**, and on the London and Tokyo stock exchanges. AEGON's established markets are the United States, the Netherlands and the United Kingdom. In addition, AEGON is present in over 20 other markets in the Americas, Europe and Asia, including Canada, Mexico, Hungary, Spain, Taiwan, China, Poland, India and a number of other countries with smaller operations. AEGON encourages product innovation and fosters an entrepreneurial spirit within its businesses. New products and services are developed by local business units with a continuous focus on cost control. AEGON uses a multi-brand, multi-channel distribution approach to meet its customers' needs. AEGON faces intense competition from a large number of other insurers, as well as non-insurance financial services companies such as banks, broker-dealers and asset managers, for individual customers, employer and other group customers and agents and other distributors of insurance and investment products.

The AEGON Group's core business is life insurance, pensions, savings and investment products. The AEGON Group is also active in accident, supplemental health, general insurance and limited banking activities. AEGON's headquarters are located at AEGONplein 50, P.O. Box 85, 2501 CB The Hague, the Netherlands (telephone 011-31-70-344-3210; internet: [www.AEGON.com](http://www.AEGON.com)).

**WHERE YOU CAN FIND MORE INFORMATION ABOUT US**

We file annual reports with and furnish other information to the U.S. Securities and Exchange Commission (the **SEC**). You may read and copy any document that we have filed with or furnished to the SEC at the SEC's public reference room at 100 F Street, N.E., Room 1580, Washington, D.C. 20549. Our SEC filings are also available to the public through the SEC's web site at [www.sec.gov](http://www.sec.gov). Please call the SEC at 1-800-SEC-0330 for further information on the public reference room in Washington, D.C. and in other locations.

**INCORPORATION OF CERTAIN INFORMATION WE FILE WITH THE SEC**

As permitted by the SEC, this prospectus does not contain all the information you can find in our registration statement or the exhibits to the registration statement. The SEC allows us to incorporate by reference information into this prospectus, which means that:

- incorporated documents are considered part of this prospectus; and
- we can disclose important information to you by referring you to those documents; and
- information that we file with the SEC after the date of this prospectus that is incorporated by reference in this prospectus automatically updates and supersedes this prospectus; and
- information that is more recent that is included in this prospectus automatically updates and supersedes information in documents incorporated by reference with a date earlier than this prospectus.

We incorporate by reference into this prospectus the documents listed below. Unless otherwise noted, all documents incorporated by reference have the SEC file number 1-10882.

- Annual Report on Form 20-F for the fiscal year ended December 31, 2007;
- Report on Form 6-K furnished to the SEC on April 23, 2008 relating to the Summary of Annual General Meeting of Shareholders;
- Report on Form 6-K furnished to the SEC on May 7, 2008;
- Report on Form 6-K furnished to the SEC on May 8, 2008;
- Report on Form 6-K furnished to the SEC on May 16, 2008;

Edgar Filing: AEGON NV - Form 424B3

- Report on Form 6-K furnished to the SEC on August 8, 2008;
- Report on Form 6-K furnished to the SEC on September 5, 2008;
- Report on Form 6-K furnished to the SEC on September 16, 2008;
- Report on Form 6-K furnished to the SEC on September 19, 2008 relating to details of AEGON's  
AIG-exposure;
- Report on Form 6-K furnished to the SEC on September 24, 2008;
- Report on Form 6-K furnished to the SEC on September 29, 2008;
- Report on Form 6-K furnished to the SEC on October 28, 2008;
- Report on Form 6-K furnished to the SEC on November 7, 2008; and
- Report on Form 6-K furnished to the SEC on December 2, 2008.

In, addition, all annual reports on Form 20-F and all reports on Form 6-K that we file with or furnish to the SEC, as applicable, subsequent to the date hereof and prior to the termination of the offering of securities under this prospectus shall be deemed to be incorporated by reference into this prospectus and to be a part hereof from the date such reports are filed or furnished, as applicable.

Any statement contained in a document incorporated or deemed to be incorporated by reference herein shall be deemed to be modified or superseded for purposes of this prospectus to the extent that a statement contained herein or in any subsequently filed document that also is or is deemed to be incorporated by reference herein modifies or supersedes such

Table of Contents

statement. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute part of this prospectus.

These documents contain important information about us and our financial condition. You may obtain copies of these documents in the manner described above. You may also request a copy of these filings (excluding exhibits) at no cost by contacting us as follows:

No person is authorized to give any information or represent anything not contained in this prospectus. We are only offering the securities in places where sales of those securities are permitted.

The information contained in this prospectus, as well as information incorporated by reference, is current only as of the date of that information. Our business, financial condition, results of operations and prospects may have changed since that date.

**FINANCIAL INFORMATION**

Except as otherwise noted, we present the financial statement amounts in this prospectus and in the documents incorporated by reference in this prospectus in accordance with International Financial Reporting Standards as adopted by the European Union and International Financial Reporting Standards as issued by the International Accounting Standards Board ( **IFRS** ).

We have derived the financial data in this prospectus presenting year-end figures from our consolidated financial statements. We have derived all financial data in this prospectus presenting interim figures from unaudited financial statements.

## Edgar Filing: AEGON NV - Form 424B3

As used in this prospectus, dollar , USD and \$ refer to the U.S. dollar and euro , EUR and refer to the unified currency that was introduced in connection with the European Economic and Monetary Union in the Netherlands and the other participating member states of the European Union on January 1, 1999.

### ENFORCEMENT OF CIVIL LIABILITIES

AEGON N.V. is a Dutch company located in the Netherlands. Many of our directors and officers are residents of the Netherlands or countries other than the United States. In addition, although we have substantial assets in the United States in subsidiary companies, a large portion of our assets and the assets of our directors and officers are located outside of the United States. As a result, U.S. investors may find it difficult in a lawsuit based on the civil liability provisions of the U.S. Federal securities laws:

- to effect service of process within the United States upon AEGON N.V. and our directors and officers located outside the United States;
- to enforce in U.S. courts or outside the United States judgments obtained against those persons in U.S. courts;
- to enforce in U.S. courts judgments obtained against those persons in courts in jurisdictions outside the United States; and
- to enforce against those persons in the Netherlands, whether in original actions or in actions for the enforcement of judgments of U.S. courts, civil liabilities based solely upon U.S. Federal securities laws.

Table of Contents

The United States and the Netherlands do not currently have a treaty providing for reciprocal recognition and enforcement of judgments in civil and commercial matters, except arbitration awards. Therefore, a final judgment for the payment of money rendered by any federal or state court in the United States based on civil liability, whether or not based solely upon the federal securities laws, would not be directly enforceable in the Netherlands. However, if the party in whose favor a final judgment is rendered brings a new suit in a competent court in the Netherlands, such party may submit to the Dutch court the final judgment that has been rendered in the United States. If the Dutch court finds that the jurisdiction of the federal or state court in the United States has been based on grounds that are internationally acceptable and that proper legal procedures have been observed, the court in the Netherlands would, in principle, give binding effect to the final judgment that has been rendered in the United States unless such judgment contravenes Dutch public policy.

A shareholder of a company incorporated under the laws of the Netherlands cannot sue individual members of the supervisory board or executive board derivatively; that is, in the name of and for the benefit of AEGON N.V. Moreover, under Dutch law, the duties owed by members of the AEGON Supervisory Board and AEGON Executive Board are owed primarily to AEGON N.V., not to our shareholders. This may limit the rights of the shareholders of a Dutch company to sue members of its supervisory or executive boards. Dutch law does not specifically provide for class action suits, such as a suit by one shareholder for his benefit and the benefit of others similarly situated against a company or its supervisory or executive directors.

#### **USE OF PROCEEDS**

Because all of the shares of our Common Stock purchased on behalf of Participants (as defined below) under the Plan will be purchased in open market transactions, we will not receive any proceeds from the purchases of such Common Stock. We intend to purchase shares under the Plan on the New York Stock Exchange or a foreign securities exchange on which our Common Stock is listed at prevailing market prices, including applicable brokerage expenses.

#### **RISK FACTORS**

Investing in our Common Stock involves risks. Before making your decision to participate in the Plan and to invest in our Common Stock, you should read and carefully consider the Risk Factors beginning on page 7 of our Annual Report on Form 20-F for the year ended December 31, 2007, which are incorporated herein by reference. Any of these risks as well as additional risks and uncertainties not presently known to us or that we currently deem immaterial may materially and adversely affect our business, financial condition, results of operations and prospects. As a result, the trading price of our Common Stock could decline, and you may lose all or part of your investment.

You should also read and consider any other information included in this prospectus and the documents incorporated by reference in this prospectus as described under Incorporation of Certain Information We File With The SEC on page 3 of this prospectus, including any reports we may file with or furnish to the SEC subsequent to the date hereof.

Table of Contents

**DESCRIPTION OF THE PLAN**

The following is a summary of the material features of the Plan. This description of the Plan (including provisions of the Declaration of Trust of AEGON USA Producers Stock Purchase Plan (the **Declaration of Trust** )) is not complete and is subject to, and qualified in its entirety by, the provisions of the Plan (including the Declaration of Trust) which is incorporated by reference into this prospectus and has been filed as an exhibit to the registration statement of which this prospectus is a part.

**General**

AEGON has established the Plan as a company-subsidized voluntary stock purchase plan for eligible participants of any subsidiary, division or affiliated company of AEGON USA that adopts the Plan. Such entities are referred to as **Participating Companies**. Eligible participants in the Plan include (i) individuals who represent a Participating Company under a sales or an agency contract or appointment, including, but not limited to, a general agent s, area sales director s, supervisor s, or designated sales representative s contract or appointment ( **Participating Agents** ); and (ii) individuals from corporations which perform services for a Participating Company under a sales or an agency contract ( **Participating Corporations** ) and who meet the other eligibility criteria described under Eligibility Requirements below. Participating Corporations include personal service corporations, corporations formed by multiple agents, and incorporated brokerage firms. The Plan is intended to serve as an investment vehicle for the Participating Agents and the individuals from the Participating Corporations. Collectively, such Participating Agents and the individuals from the Participating Corporations are referred to as **Participants**.

The Plan is an open-market stock purchase plan. Contributions of commissions by the Participants may be matched by a contribution by AEGON which varies depending on which Participating Company the participant represents. The amount of matching contributions are set forth in Appendix C. Matching contributions are subject to the vesting requirements described under Participant Contributions below. **Participation in the Plan is entirely voluntary**. The Plan is considered an unfunded plan because AEGON does not set aside any assets to secure the value of nonvested amounts credited to the Incentive Bonus Account (as defined below) of the Participants.

The Plan consists of two parts: a nonqualified deferred compensation plan ( **NQDC** ) of AEGON and a grantor trust (the **Trust** ) to receive the contributions from the Participants which have been converted into Common Stock prior to deposit into the Trust (including reinvested dividends which have been used to purchase Common Stock on behalf of the Participants) as well as contributions of vested amounts transferred from the NQDC which have also been converted into Common Stock prior to deposit into the Trust. Each Participant will own an undivided interest in the assets of the Trust evidenced by ownership of shares of the Trust ( **Trust Shares** ). A separate book-entry record of the Trust Shares held for each Participant (the **Record** ) will be established and maintained to record each Participant s beneficial interest in the Trust assets. The Trust assets will be in the possession of a trustee appointed by AEGON (the **Trustee** ). Massachusetts Fidelity Trust Company ( **MFTC** ), an Iowa state chartered trust company, is Trustee of the Trust. MFTC is a wholly owned indirect subsidiary of AEGON USA.

The Trust assets consist primarily of Common Stock. However, the Trust assets also include, from time to time, a nominal amount of cash from the sale of Common Stock required for the necessary liquidation of a Participant s fractional interest in Trust Shares and cash dividends awaiting distribution to Participants or the reinvestment agent. Such cash is held by the Trustee in a non-interest-bearing account. Common Stock and the non-interest-bearing cash account is held in a segregated account in the name of the Trust.

**Eligibility Requirements**

Eligible Participants must have and maintain a life insurance license, appointment and/or contract with a Participating Company (including, for purposes of a Participating Company that is a division of AEGON USA, an insurance company affiliate of AEGON USA) and must meet and maintain the specific eligibility requirements determined by a Participating Company set forth in Appendix A. Although the eligibility requirements are substantially different for each Participating Company, minimum eligibility requires sales commissions of at least \$200 per month for Participants. Appendix A sets forth the current eligibility requirements for a Participating Company. The Participating Companies reserve the right to amend the eligibility requirements from time to time.

Any Participant who redeems all of his Trust Shares will be ineligible for further participation in the Plan for one full calendar year after the date of the last redemption. Also, any Participant who has elected within 10 days prior to a new

Table of Contents

deposit or forfeiture allocation from the NQDC to directly receive the amount of such deposit or forfeiture allocation in Common Stock (as opposed to having such Common Stock deposited in the Trust on behalf of the Participant) will be ineligible for further participation in the Plan for one full calendar year after the date of the withdrawal. Therefore, no additional contributions by the Participant to the Trust or contributions by AEGON to the NQDC may be made on behalf of such Participant for one full calendar year. In addition, any non-vested amounts maintained in the NQDC on behalf of such Participant will be forfeited and their vesting for any future participation will be reduced to zero. Participants in the Plan representing more than one Participating Company may participate with respect to each Participating Company the Participant represents.

Eligible participants in the Plan do not include individuals who are considered to be statutory or common law employees or any individuals who have been forced-out of the Plan.

**Participant Contributions**

Participants electing to participate in the Plan make periodic contributions to the Plan ( **Voluntary Participant Contributions** ) by authorizing the automatic deduction from their commission checks of certain amounts of their commissions from the sale of certain life insurance, accident and health insurance and investment and annuity products specified by a Participating Company from time to time. Such deductions are taken on an after-tax basis. Such deducted amounts are equal to a stated percentage or dollar amount of a Participant's commissions subject to the limits set forth in Appendix B. However, in no event shall Voluntary Participant Contributions exceed the lesser of \$120,000 and 25% of a Participant's total commissions in any Plan year.

The amount of the Participant's contribution is transferred to an independent broker to purchase Common Stock on the Participant's behalf. Common Stock acquired in the open market is deposited into the Trust on behalf of the Participant and in return the Participant receives an equal number of Trust Shares. See **The Trust** below. Brokerage expenses incurred in connection with the acquisition of Common Stock on the open market are deducted from Participant contributions thereby reducing the amount of Common Stock deposited to the Trust on behalf of the Participant. All contributions of Common Stock are deposited into the Trust. Participants electing to voluntarily discontinue their contributions will not be permitted to elect to resume such contributions until the beginning of the next Plan year. A Plan year refers to the twelve-month period beginning January 1 and ending the following December 31.

**Matching Contributions**

Matching contributions by AEGON are accomplished by means of the NQDC. The matching contribution formula for a Participating Company is set forth in Appendix C together with Plan inception contributions for certain Participating Companies. The matching contribution varies for each Participating Company. Matching contributions are subject to the vesting requirements described under **Vesting and Withdrawal**. The matching contribution formula of a particular Participating Company may be changed upon 30 days advance notice to each Participant. Any such change will be effective thirty days after notice to applicable Participants.

Under the NQDC, an account ( **Incentive Bonus Account** ) is established for each Participant in the Plan. Matching contributions are converted to a number of shares of Common Stock at the time each matching contribution is credited. Matching contributions are credited to the Incentive Bonus Account of a Participant semi-monthly, as of the next business day following the 15th day of and the last day of each month following the

## Edgar Filing: AEGON NV - Form 424B3

determination of the matching contribution for such period. The number of shares credited to a Participant's account under the NQDC depends on the market price of the Common Stock on the New York Stock Exchange (or other exchange) on the day that AEGON purchases Common Stock to informally fund its obligations under the NQDC. Under the Plan, AEGON is required to purchase Common Stock in its own name to match the liability created by the NQDC. However, until a Participant's interest in the NQDC vests such Participant has no right to such Common Stock and this asset is subject to the general creditors of AEGON. The NQDC portion of the Plan is considered an unfunded plan because AEGON does not set aside any assets to secure the value of nonvested amounts credited to the Incentive Bonus Account of the Participants. The value of the Incentive Bonus Account reflects an adjustment for any dividend income and unrealized gain or loss that would have resulted if such account had been funded with Common Stock and all dividends had been reinvested in Common Stock from the date of the purchase of Common Stock by AEGON to informally fund its obligations under the NQDC. AEGON may informally fund certain of its financial obligations under the NQDC by contributions from the Participating Companies. The amount of the matching contribution is reduced to the extent of any brokerage expenses incurred in acquiring the Common Stock on the open market. Upon vesting of contributions made on behalf of a Participant to the NQDC, the related amount of Common

Table of Contents

Stock is then deposited into the Trust on behalf of the Participant and the Participant receives the equivalent amount of Trust Shares.

In addition to the matching contributions by AEGON described above, AEGON, through a Participating Company, may from time to time contribute additional discretionary amounts to the NQDC, although AEGON is not obligated to do so. Such additional amounts, if any, will be allocated at the discretion of a Participating Company; however, in the absence of direction from a Participating Company, the additional amounts will be divided pro rata among the eligible Participants with respect to such Participating Company based upon current year Voluntary Participant Contributions.

Under the NQDC, AEGON also makes annual allocations within the NQDC of the amount of forfeitures under the NQDC due to early withdrawal from the Plan by Participants. Such allocations under the NQDC are made to the remaining eligible Participants of the Participating Company for which the forfeitures arose based on current year Voluntary Participant Contributions to the Trust (not including reinvested dividends). Such allocation shall be made January 1 of each year.

**Purchases of Common Stock; Purchase Price**

The Plan operates as an open-market stock purchase plan. At the present time, AEGON acquires shares on behalf of Participants in the Plan on the New York Stock Exchange or a foreign exchange on which the Common Stock is listed. Voluntary Participant Contributions are forwarded by AEGON to an independent broker to purchase Common Stock. Generally, such amounts are forwarded so that purchases are made semimonthly as of the open of the next business day following the 15th day of and the last day of each month following receipt of such contributions (an **investment date** ). If, for any reason, shares of Common Stock are unavailable for such a scheduled purchase, the independent broker purchases shares on the next date on which Common Stock becomes available, as of the open of that date. The independent broker shall purchase shares in such amounts, at such price and by such method as it determines in its sole discretion. In making such purchases, the independent broker will commingle amounts received by AEGON on behalf of all Plan Participants, and the purchase price for the shares purchased for each Participant is the average price of the shares purchased on the applicable investment date, including any applicable brokerage fees.

Upon receipt of each period's Participant Voluntary Contributions, AEGON will forward such contributions to an independent broker to purchase Common Stock as soon as administratively possible. If shares of Common Stock are not available for purchase and therefore such Voluntary Participant Contributions are unable to be invested in Common Stock, they will be held until the next date on which shares of Common Stock become available.

Common Stock purchased on behalf of AEGON to informally fund its obligations under the NQDC will be made on the next business day following the date that matching contributions are credited to the Incentive Bonus Account of Participants. AEGON will forward the necessary amounts to an independent broker to make the purchases on its behalf in accordance with the procedures set forth above.

**Vesting and Withdrawal**

## Edgar Filing: AEGON NV - Form 424B3

A Participant is fully vested in Voluntary Participant Contributions at all times while matching contributions credited to a Participant's Incentive Bonus Account are subject to vesting requirements.

A Participant's interest in the NQDC attributable to (i) matching contributions made by AEGON, (ii) discretionary contributions made by AEGON, and (iii) any forfeitures credited to a Participant's account, is subject to a 10-year vesting period, vesting at the rate of 10% for each full Plan year of continual eligibility and participation which follows the Participant's initial date of participation in the Plan. On December 31 of each Plan year, the vesting rate that will be applied to the matching contributions made to the NQDC on behalf of a Participant during the next Plan Year will be computed.

A Participant's interest in the NQDC which is or subsequently becomes fully vested will be automatically transferred on a quarterly basis in the form of Common Stock by AEGON to the Trust on behalf of the Participant, unless the Participant elects to receive the contribution directly in Common Stock. Such transfers will be made as soon as administratively possible following the end of such calendar quarter and each Participant will be credited with one Trust Share for each full share of Common Stock deposited to the Trust on his behalf.

The Trust Shares that are owned by a Participant are 100% vested at all times. A Participant therefore may terminate participation in the Plan at any time and receive an in kind distribution of the amount of Common Stock equal to the number of Trust Shares which are owned by him at such time. No fractional shares of Common Stock will be issued or delivered.

Table of Contents

Where applicable, cash representing fractional shares of Common Stock will be paid to the Participants. The value of such fractional shares will be calculated based upon the fair market value of such Common Stock which will be based upon the last reported sale price on the New York Stock Exchange or other applicable stock exchange on the business day next succeeding the date on which the value of the shares is to be fixed.

Notwithstanding the general vesting requirements set forth above, with respect to any Participant who was an agent of a Participating Company prior to the date that the Participating Company elected to adopt the Plan, and who subsequently becomes a Participant of the Plan within three months after such date, a year of participation for vesting purposes will be determined from the date the Participant became an agent of a Participating Company. For example, a Participant who became an agent of a Participating Company during 1998 and who becomes a Participant in the Plan by March 31, 2003 or the effective date for a Participating Company, if later, will be immediately vested as to 40% of any contributions to the NQDC on his/her behalf by AEGON. This only applies to provide uniformity in vesting to agents who are licensed and then become Participants when the company they are licensed with become Participating Companies. Additionally, a Participant who has more than one Incentive Bonus Account due to eligibility for this Plan with regard to more than one Participating Company shall have years of participation for vesting purposes on all such accounts be initially uniform and determined from the earliest date applicable to any such Participating Company and thereafter continual vesting shall be determined independently with regard to each Participating Company. Finally, a Participant who has been forced out of the Plan due to a statutory or common law employer-employee relationship with AEGON may receive from the appropriate Participating Company a year of participation for vesting purposes for each year the individual was a Participant in the Plan prior to being forced out.

A Participant who, for two calendar years, (i) fails to meet the eligibility requirements of a Participating Company, or (ii) does not contribute to the Plan will be treated as terminating participation in the Plan and will be forced to withdraw from the Plan.

A Participant who terminates participation in or withdraws from the Plan (including by reason of termination of the relationship with a Participating Company) prior to being 100% vested as to amounts in the Incentive Bonus Account under NQDC will forfeit the right to any part of the matching contributions to the NQDC made by AEGON on his behalf which have not yet vested, including any appreciation thereof. Any such forfeitures of non-vested amounts will be treated as additional contributions for the remaining Participants of the respective Participating Company for which the forfeitures arose and will be annually allocated in the NQDC to the remaining Participants based on the then current year Voluntary Participant Contributions to the Trust (excluding reinvested dividends). Forfeitures occurring during each Plan year will be treated as a contribution to the NQDC for the last month in such year.

Any Participant who dies, is permanently disabled, or ceases to participate at or after the age of 65, will be immediately vested as to the full amount of contributions made on his behalf to the NQDC, including any forfeitures allocated to him.

If the Plan terminates in its entirety or a Participating Company terminates its involvement in the Plan, all such Participants will be entitled to 100% vesting of all amounts allocated to them in the NQDC. Upon termination of participation in the Plan by a Participating Company, the Participants will be treated as having voluntarily redeemed all of their Trust Shares. However, such Participants will not be treated as having voluntarily redeemed all of their Trust Shares and will not be entitled to vesting of all amounts allocated to them in the NQDC where, within 30 days following termination by a particular Participating Company, another Participating Company assumes the liability for making contributions to the NQDC on behalf of the Participants.

**Termination of Agency Relationship**

## Edgar Filing: AEGON NV - Form 424B3

As of the date of voluntary or involuntary termination of an agency or registered representative contract, a Participant will automatically be deemed to have elected to redeem all Trust Shares owned by him.

### **The Trust**

*Trust Shares.* All contributions to the Trust are in the form of Common Stock. Ownership interests in the assets of the Trust are represented by Trust Shares. One Trust Share is equivalent to one share of Common Stock. Each Participant is the owner of the number of Trust Shares representing deposits to the Trust of Common Stock made on his behalf and the Trustee maintains a Record for each Participant reflecting the appropriate number of Trust Shares. The Trustee is authorized to hold fractional Trust Shares in the Participants' Records. These deposits include contributions by the Participant which

Table of Contents

have been deposited into the Trust (which include reinvested dividends) in the form of Common Stock and contributions of vested amounts transferred from the NQDC which have also been deposited into the Trust in the form of Common Stock.

*Dividends on the Common Stock.* Current cash dividends or other income generated by Trust assets are, at the election of the Participant to whom the Common Stock relates, (i) paid in cash to a reinvestment agent (the **Reinvestment Agent**) and used by such Reinvestment Agent to purchase additional Common Stock to be deposited in the Trust on the Participant's behalf; or (ii) paid in cash to the Participant. The Reinvestment Agent appointed by AEGON acts on behalf of the Participants with regard to the reinvestment of each Participant's pro rata share of any dividend or other income generated by Trust assets. Currently, the Reinvestment Agent is MFTC, a wholly owned indirect subsidiary of AEGON and the Trustee of the Trust. Any purchases of Common Stock made on behalf of the Participants by the Reinvestment Agent are made through an independent broker in the same manner as other purchases of Common Stock pursuant to the Plan. See Purchases of Common Stock; Purchase Price. The election by a Participant to receive current dividends or other income generated by Trust assets in cash (in lieu of reinvestment) are considered a permitted partial withdrawal and do not subject the Participant to a full calendar year limitation on further participation in the Plan. Such cash distributions are made as soon as administratively possible after determination of each Participant's pro rata share of such income.

*Voting Rights.* To the extent required by law, any voting rights in connection with the shares of Common Stock represented by a Participant's Trust Shares are passed through to that Participant. The Trustee will distribute to the Participants any proxy materials, reports, and other related materials with regard to any voting issues and will solicit voting instructions from the Participants by sending written requests for instructions. Each Participant's number of votes is determined based on the number of shares of the Trust owned by the Participant, including fractional shares, as of the most recent valuation date. The Trustee will vote all shares of Common Stock held by the Trust according to instructions given by the Participants; *provided, however*, that votes on shares of Common Stock as to which no timely instructions have been received will be voted by the Trustee in proportion to the voting instructions that have been received by the Participants.

*Quarterly Statements.* Each Participant will receive at least quarterly a statement (the **Statement of Record**) setting forth the total amount contributed to the Trust for such Participant, the number of Trust Shares held for the Participant by the Trustee, the current value of a Trust Share and the current value of the Participant's total interest in the Trust. This Statement of Record will also include information regarding the Participant's non-vested interest in the NQDC. In addition, the Trustee will, as soon as practicable after the end of each Plan year, issue to each Participant a Statement of Record for each Participant as of the end of the Plan year. Audited financial statements of the Trust will be prepared annually or as required by the Trustee, and, to the extent required by applicable rules and regulations, will be distributed to each Participant. However, in no event will audited financial statements be prepared and distributed less frequently than annually.

*Transferability of Interest.* Except as set forth below, Trust Shares owned by a Participant are nonassignable and may not be transferred in whole or in part. However, the Declaration of Trust provides for the limited right of assignment

where certain Participants are compensated by a Participating Company on an advance commission basis or are otherwise indebted to a Participating Company. Participants who are compensated on an advance commission basis become indebted to a Participating Company to the extent of advance commission payments made by a Participating Company and are required by the Participating Company to assign the corresponding value of Trust Shares as security for such indebtedness. Therefore, Participants will be allowed to assign Trust Shares to a Participating Company as security to the extent of any such indebtedness to a Participating Company due to advance commission payments or other indebtedness to a Participating Company. Where liquidation of such collateral results in redemption of all or part of the Trust Shares owned by a Participant, such liquidation will be treated as a voluntary termination without notice to the Participant or the Trust.

*Redemption of Trust Shares.* A Participant may redeem at any time all of his Trust Shares by giving notice in writing to the Trustee. The total Trust Shares owned by a Participant will be determined as of the last day of the month in which such written notice is received and will include all contributions up to and including the last day of such month. Any distributions made upon redemption of Trust Shares will be made in the form of Common Stock with amounts representing fractional Trust Shares paid in cash, based upon the fair market value of such Common Stock which will be based upon the last reported sale price on the New York Stock Exchange or other applicable stock exchange on the business day next succeeding the date on which the value of the shares is to be fixed. Upon redemption of all Trust Shares owned by a Participant, such Participant will be ineligible for participation in the Plan for a period of one full calendar year after the date of such redemption.

Generally, no redemptions of Trust Shares will be made with respect to any Trust Shares assigned to a Participating Company while any indebtedness of a Participant to a Participating Company remains outstanding (due to advance

Table of Contents

commission payments), unless the Trust receives a written release of such claims to the Participant's Trust Shares from the applicable Participating Company.

Participants may also make partial redemptions under certain circumstances. Once during each Plan year, Participants may make a partial redemption equal to a specified percentage of Trust Shares owned by them with the permitted percentage increasing based on years of participation and age of the Participant. A Participant may make an annual election to withdraw (i) 10% of Trust Shares after 15 years of participation; (ii) 10% of Trust Shares after the age 55; (iii) 20% of Trust Shares after 20 years of participation; or (iv) 20% of Trust Shares after the age 60. A redemption may also be permitted upon a written request of specific financial hardship or need by a Participant approved in writing by the Administrative Committee (as defined below) of the Plan. It will be in the sole discretion of the Administrative Committee to approve any such hardship withdrawal request. For this purpose, hardship means an immediate and heavy financial need of the Participant. As set forth in the Declaration of Trust and in the Plan, an immediate and heavy financial need includes, but is not limited to: extraordinary expenses incurred on account of accident, sickness, disability or any emergency affecting a Participant or his dependents; the prevention of the eviction from or the foreclosure on a Participant's principal residence; the purchase of a Participant's principal residence; the payment of post-secondary tuition for a Participant, his spouse or his dependent; and such other hardship criteria as the Administrative Committee may from time to time establish. Participants obtaining hardship withdrawals may not make contributions until January 1 of the next year, *provided* they are otherwise eligible.

Pursuant to the Plan, Participants who redeem all of their Trust Shares will forfeit any amounts contributed to the NQDC by AEGON on their behalf which have not yet vested. In addition, Participants who are dismissed with cause by AEGON will forfeit any such contributions by AEGON to the NQDC and any forfeitures previously allocated to them in the NQDC which have not yet vested. **Dismissed with cause** is defined in the Declaration of Trust to mean dismissal of a Participant by a Participating Company as determined by the Participating Company. Forfeitures of such Participants dismissed with cause will be allocated in the NQDC to the remaining Participants in the same manner as other forfeitures of amounts in the NQDC. Any Participant dismissed with cause that subsequently becomes eligible to participate in the Plan will begin a new vesting period.

If a Participant dies, becomes permanently disabled or terminates an agency contract at or after age 65 with any of the Participating Companies, or dies or becomes permanently disabled prior to age 65, the number of Trust Shares owned by him or her as of the most recent month-end valuation date will be distributed in total in the form of Common Stock to him or her, or his/her beneficiaries. Any distributions hereunder will commence as soon as administratively possible after the last day of the month in which proper notice of such event was given to the Trustee.

If the Plan terminates in its entirety or a Participating Company terminates its involvement in the Plan, all such Participants will be entitled to 100% vesting of all amounts allocated to them in the NQDC. Upon termination of participation in the Plan by a Participating Company, the Participants will be treated as having voluntarily redeemed all of their Trust Shares. However, such Participants will not be treated as having voluntarily redeemed all of their Trust Shares and will not be entitled to vesting of all amounts allocated to them in the NQDC where, within 30 days following termination by a particular Participating Company, another Participating Company assumes the liability for making contributions to the NQDC on behalf of the Participants.

Notwithstanding the foregoing, a Participant who has a vested Trust Share value of \$250,000, or more, in his/her account may withdraw an amount of vested Trust Shares from his/her account in excess of this amount. The Participant shall always retain a vested Trust Share value of at least \$250,000 in the account. This withdrawal request must be submitted in writing to the Plan Administrator and will only be available once per calendar year. Any such withdrawal will not cause a forfeiture of any amounts contributed to the NQDC by AEGON on the Participant's behalf which have not yet vested.

*Administration of the Trust.* The Trustee has been appointed by AEGON to administer the Trust and may be removed by AEGON at any time upon written notice to such Trustee. The Chief Executive Officer of AEGON USA will have the authority to act for AEGON to control and manage the operation and administration of the Plan. An administrative committee (the **Administrative Committee** ) for the Plan has been selected to oversee the daily administration of the Plan. In the event of the resignation or removal of the Trustee, the Administrative Committee will promptly appoint a successor Trustee. Resignation of the Trustee must be in writing and will take effect 30 days after receipt unless the Administrative Committee appoints a successor Trustee prior to that time in which case the resignation will take effect upon appointment of the successor Trustee.

Table of Contents

Specifically, the Administrative Committee is responsible for overseeing the Plan operation, approving hardship requests, resolving problem situations and reviewing on an ongoing basis technical and legal issues with respect to the Plan. The Trustee is responsible for coordinating the various management duties of the Trust, including receiving Common Stock for deposit into the Trust, recordkeeping, providing Statements of Record, tracking tax bases in the Common Stock, preparing Trust filings, passing on voting materials to Participants, complying with Commission requirements and coordinating the transfer of Common Stock into the Trust from the NQDC. As the Reinvestment Agent, MFTC is also responsible for holding and soliciting election forms from the Participants and redepositing income and dividends in the form of Common Stock into the Trust on behalf of the Participants electing such reinvestment. In addition, the Trustee is responsible for any filings, reportings and any tax withholdings and remittance required by law with respect to Trust income or distributions. If any taxes upon or with respect to the Trust or any of its assets or income are payable by the Trustee, such amounts will be charged on a pro rata basis to Participants based on their number of Trust Shares. Expenses that may be charged to Participants are subject to certain limitations.

Currently the Trustee is not compensated for its services from the assets of the Trust but will be reasonably compensated for its services by AEGON or the Participating Companies as determined by the Administrative Committee. However, any fees for Trustee's services not paid by AEGON or the Participating Companies will be paid pro rata from the assets of the Trust. The Trustee will also be authorized to act solely on the basis of notifications and facts received from the Participating Companies regarding allocations of Common Stock and redemptions of Trust Shares to be made. All reasonable and necessary expenses, taxes and charges, and fees for agents, brokers, accountants and counsel to the Trust are authorized to be paid by the Trustee.

*Indemnification of Trustee.* The Trustee will be indemnified by AEGON, the Participating Companies, or by the Trust, or all, against any loss or liability accruing to it without negligence, bad faith, or willful misconduct on its part, arising out of or in connection with the administration of the Trust. As a fiduciary for the Trust, the Trustee is authorized to hold, manage and control all property at any time forming part of the Trust; to employ such agents, brokers, accountants and counsel or any other agents (except for brokers) affiliated with AEGON or AEGON USA, as may be reasonably necessary in managing and protecting the Trust and to pay them reasonable compensation; to settle, compromise or abandon all claims and demands in favor of or against the Trust; and to do all other acts in their judgment necessary and desirable for the proper administration of the Trust and the Plan.

**Termination and Amendment of the Plan**

As future conditions affecting AEGON cannot be foreseen, AEGON reserves the right to terminate the Plan and the Trust at any time, or to amend or restate it from time to time as directed by the Chief Executive Officer of AEGON USA. However, no amendment to the Plan or Trust which would operate to change the investments of the Trust may be made without a written opinion from legal counsel that such a change would not jeopardize the tax status or any other aspect or element of the Trust. AEGON shall promptly give notice of any such action to the Trustee, all Participating Companies and to the Participants affected thereby. An amendment may affect the Participants, but may not diminish the rights of any Participant as of the effective date of such modification or divest him or any right or interest which was then vested in him.

The Trust shall terminate in the event of the dissolution, merger or consolidation of AEGON, or the sale or other disposition of substantially all of its assets, unless within one hundred eighty days (180) thereafter provision is made by the successor for continuing the Trust; and in that event such successor shall be substituted for AEGON hereunder. The Trustee then acting may order and direct that the Trust be terminated in the event AEGON shall be adjudicated a bankrupt or shall be placed in receivership.

**Limitations on Common Stock Repurchases by AEGON**

AEGON N.V.'s articles of incorporation and the laws of the Netherlands contain certain restrictions on the number of shares of Common Stock that AEGON may repurchase. In addition, such repurchases may only be made upon the receipt of appropriate authorizations from the shareholders of AEGON. The number of shares of Common Stock purchased in the open market pursuant to the Plan may be considered repurchases by AEGON and may be combined with other repurchases of Common Stock by AEGON for purposes of those limitations. In the event that the purchase limitations are exceeded or shareholder approval for repurchases is not continued, AEGON reserves the right to terminate or suspend the Plan.

Table of Contents

**CERTAIN FEDERAL INCOME TAX CONSEQUENCES**

This discussion is the opinion of Allen & Overy LLP insofar as it relates to matters of U.S. federal income tax law and describes certain U.S. federal income tax consequences of participation in the Plan.

*Overview of Recognition of Income for Federal Income Tax Purposes.* Each Participant will recognize taxable ordinary income in the amount of AEGON's matching contribution to the NQDC when such contribution vests, the Plan terminates or, generally, a Participating Company terminates its involvement in the Plan unless a Section 83(b) election was previously made to include the nonvested amount in a Participant's taxable ordinary income. A Participant's pro rata portion of dividends paid with respect to the Common Stock held by the Trust can be taxable as ordinary income or capital gain or treated as a return of capital generally depending on whether such dividends are paid out of AEGON's earnings and profits and such Participant's basis in the Common Stock represented by its Trust Shares. If any nonvested amounts allocable to a Participant were previously included in such Participant's taxable income pursuant to a Section 83(b) election, but are subsequently forfeited, such Participant may treat as a loss the excess (if any) of (i) the amount paid (if any) for such nonvested amount over (ii) the amount realized upon such forfeiture. A Participant can generally recognize taxable gain (or loss) when Common Stock is disposed of by the Trust but not if the Participant redeems any Trust Shares (except, with respect to any amounts received, if any, in lieu of fractional shares of Common Stock). Finally, if a Participant's pro rata interest in the Common Stock does not equal a whole share, he may receive, entirely cash in exchange for his pro rata portion of the Common Stock and recognize taxable gain or loss.

Payments to the Trust of dividends on the Common Stock may be subject to certain Netherlands foreign taxes and a Participant should consider whether the Trust Shares or any dividend income and long-term capital gain relating thereto may be subject to state and local taxes.

The following is a summary of certain material federal income tax consequences of participation in the Plan as of the date hereof. **Participants should consult their own tax advisers in evaluating the federal, state, local and any other tax consequences of the purchase, ownership and redemption of the Trust Shares in the Trust and should consider any consequences which may be affected by their own particular circumstances.**

The Trust is not structured to qualify as an exempt plan under Section 401 of the Internal Revenue Code of 1986, as amended (the **Code**).

The Trust is not an association taxable as a corporation for federal income tax purposes; each Participant will be treated as the owner of a pro rata portion of the assets of the Trust under the Code; and the income of the Trust will be treated as income of the Participants thereof under the Code. A Participant will be considered to have received his pro rata share of the income derived from each share of Common Stock when such income is received by the Trust.

## Edgar Filing: AEGON NV - Form 424B3

A Participant's contribution to the Trust (which is derived from the Participant's taxable earnings and is therefore considered to be made with after-tax dollars) and AEGON's nonvested contribution to the NQDC are nontaxable to the Participant (unless a Section 83(b) election is made to currently include the nonvested amount in his taxable income as discussed in Section 83(b) Election below). The NQDC will not be treated as part of the Trust for purposes of the discussion set forth in the preceding paragraph. Each Participant will recognize taxable ordinary income as compensation in the amount of AEGON's matching contribution to the NQDC when such contribution vests (unless a Section 83(b) election was previously made to include the nonvested amount in his taxable income as discussed in Section 83(b) Election below). A Participant's contribution and a vested AEGON matching contribution are allocated among the Participant's pro rata portion of the Common Stock held by the Trust (in proportion to the fair market value thereof on the date that the Common Stock is purchased) in order to determine his tax basis for his pro rata portion of Common Stock held by the Trust. The holding period applicable to particular Common Stock depends on how such Common Stock is transferred to the Trust. A particular holding period will begin just after a NQDC amount vests or a Section 83(b) election is made relating to such NQDC amount, or on the day after the date the Participant's contribution or reinvested amount (dividends and other income distributed from the Trust) is converted into Common Stock as applicable. For federal income tax purposes, a Participant's pro rata portion of dividends, as defined by Section 316 of the Code, paid with respect to the Common Stock held by the Trust is generally taxable as a qualified dividend to the extent of AEGON's current and accumulated earnings and profits; such income will be recognized by a Participant for federal income tax purposes when it is received by the Trust or as such dividends accrue, depending upon such Participant's method of tax accounting and without regard to whether or not such dividends are reinvested by the Trust. A Participant's pro rata portion of any dividends paid on Common Stock which exceed such current and accumulated earnings and profits will first reduce a Participant's tax basis in Common Stock held by the Trust, and to the extent that such dividends exceed a Participant's tax basis in such Common Stock has been reduced to zero, such dividends

Table of Contents

shall generally be treated as capital gain. In general, any such capital gain will be short-term unless a Participant has held his Trust Shares for more than one year.

Any nonvested amounts allocable to a Participant which are held in the NQDC and are forfeited by such Participant pursuant to the terms of the Plan do not result in a taxable loss recognized by the Participant (unless a Section 83(b) election was made to include the nonvested amounts in his taxable income as discussed in Section 83(b) Election below). Instead, the Participant's recognizable loss upon forfeiture of amounts in connection with a redemption will be limited to the excess (if any) of (i) the amount paid (if any) for such nonvested amount over (ii) the amount realized upon such forfeiture and may be subject to other federal income tax provisions limiting a Participant's ability to recognize such loss. Taxable gain or loss should not be recognized by a Participant in connection with in-kind distributions of Common Stock from the Trust to such Participant, except with respect to cash received, if any, in lieu of fractional shares of Common Stock. In such a case, a Participant's portion of gain, if any, recognized upon the disposition of Common Stock held by the Trust would generally be considered a capital gain and would be long-term if the Participant has held his Trust Shares for more than one year and a Participant's portion of loss, if any, upon the disposition of Common Stock held by the Trust would generally be considered a capital loss and, in general, would be long-term if the Participant has held his Trust Shares for more than one year. **Participants should consult their tax advisers regarding the recognition and character as long-term or short-term of such capital gains and losses for federal income tax purposes.**

*Section 83(b) Election.* A Participant may file a Section 83(b) election before but not later than 30 days after the date the Participating Company contributes funds to the NQDC. If a Section 83(b) election is made, the amount contributed to the NQDC for the benefit of such Participant by the Participating Company is included in the Participant's taxable income as ordinary income treated as compensation for services in the year of contribution and the vesting rules described above do not apply with respect to amounts for which the election has been properly made. Thus, when the amount subsequently vests and is converted into Common Stock and is deposited in the Trust, there is no taxable event to the Participant at the time such amounts vests, *provided* that the Section 83(b) election had been properly made. In computing the gain or loss from a subsequent sale of the Common Stock by the Trust or any redemption of Trust Shares in exchange for Common Stock by the Participant, the Participant's tax basis with respect to his share of the Common Stock held by the Trust will include the amount that was previously included in the Participant's taxable income and the holding period with respect to such Common Stock will commence just after the date the funds were contributed to the NQDC by the Participating Company. If any nonvested amounts allocable to a Participant previously included in such Participant's taxable income pursuant to a Section 83(b) election, but are subsequently forfeited, such Participant may treat as a loss the excess (if any) of (i) the amount paid (if any) for such nonvested amount over (ii) the amount realized upon such forfeiture. This loss will generally be considered a capital loss. Once a Section 83(b) election is made it is irrevocable without the consent of the Internal Revenue Service. **Participants should consult their tax advisers concerning the tax consequences of a Section 83(b) election and for specific information about the manner in which the election is made.**

*Recognition of Taxable Gain or Loss upon Disposition of Common Stock by the Trust or Redemption of Trust Shares.* A Participant will recognize a taxable gain (or loss) when Common Stock is disposed of by the Trust (regardless of whether or not the proceeds realized are distributed to the Participant) but not if the Participant redeems any Trust Shares (except with respect to any cash received, if any, in lieu of fractional shares of Common Stock). The amount of gain or loss recognized will be based on the difference between the amount of proceeds and the Participant's tax basis in his interest in such Common Stock. For taxpayers other than corporations, net capital gains are currently subject to a maximum stated marginal tax rate of 15%, *provided* that the twelve-month holding period is met.

Generally, the maximum capital gains rate on adjusted net capital gain is 15% to the extent an individual is taxed at the 25% or higher marginal rates and 5% (0% in the case of taxable years beginning after 2007) to the extent the individual is taxed at the 15% or 10% rates. In addition, qualified dividend income is treated as net capital gain and is therefore also subject to the lower rates. Because some or all capital gains are taxed at a comparatively lower rate, there is a provision in the Code that re-characterizes capital gains as ordinary income in the case of certain financial transactions that are conversion transactions effective for transactions entered into after April 30, 1993. **Participants should consult with their tax advisers regarding the potential effect this provision as well as the other provisions of the Code on their investment in the Trust Shares.**

*Special Tax Consequences of In-Kind Distributions upon Redemption of Trust Shares or Termination of the Trust.*

*Consequences of Immediate Vesting.* If the Plan terminates in its entirety or a Participating Company terminates its involvement in the Plan without another Participating Company assuming payments to the NQDC within 30 days, all Participants are entitled to 100% vesting of all amounts allocated to them in the NQDC. These vested amounts are taxable in

Table of Contents

the same manner as the previously discussed NQDC vested amounts. Thus, the tax consequences to a Participant of his share of the contributed amounts will depend upon whether a Section 83(b) election was made, as discussed above.

*Consequences of Redemption.* As previously discussed, prior to the redemption of Trust Shares or the termination of the Trust, a Participant is considered as owning a pro rata portion of each of the Trust assets for federal income tax purposes. The receipt of an In-Kind Distribution upon the redemption of Trust Shares or the termination of the Trust would be deemed an exchange of such Participant's pro rata portion of each of the shares of Common Stock and any other assets held by the Trust in exchange for an undivided interest in whole shares of Common Stock plus, possibly, cash. The discussion set forth below does not address the consequences of immediate vesting of a Participant's share of any amounts contributed to the Plan, those consequences were separately discussed above.

There are generally three different potential tax consequences which may occur in connection with an In-Kind Distribution with respect to the Common Stock. If the Participant receives only whole shares of Common Stock in exchange for his pro rata portion in each share of such Common Stock held by the Trust, there is no taxable gain or loss recognized upon such deemed exchange pursuant to Section 1036 of the Code. If the Participant receives whole shares of Common Stock plus cash in lieu of a fractional share of such Common Stock, and if the fair market value of the Participant's pro rata portion of the shares of such Common Stock exceeds his tax basis in his pro rata portion of such Common Stock, taxable gain would be recognized in an amount not to exceed the amount of such cash received, pursuant to Section 1031(b) of the Code. No taxable loss would be recognized upon such an exchange pursuant to Section 1031(c) of the Code, whether or not cash is received in lieu of a fractional share. Under either of these circumstances, special rules will be applied under Section 1031(d) of the Code to determine the Participant's tax basis in the shares of the Common Stock which he receives as part of the In-Kind Distribution. Finally, if a Participant's pro rata interest in the Common Stock does not equal a whole share, he may receive entirely cash in exchange for his pro rata portion of the Common Stock. In such case, taxable gain or loss is recognized by the Participant and is measured by comparing the amount of cash received by the Participant with his tax basis in the Common Stock.

*General.* Participants will be notified at least quarterly of the amounts contributed to the Trust for each Participant, the number of Trust Shares held for each Participant, the current value of a Trust Share, the total interest in the Trust, and other information regarding the Participant's interest in the NQDC. Participants will be notified annually of the amounts of dividends includable in the Participant's gross income and amounts of Trust expenses which may, subject to the limitations discussed above, be claimed as itemized deductions.

Where applicable, the Trustee will be responsible for any tax filings, reporting, and any tax withholdings and remittance required by law with regard to the Trust income or distributions.

*State, Local or Other Tax Consequences.* The discussion set forth above does not address whether or not there are any related state, local or other taxes (including any foreign taxes) associated with the Plan and Participants should consult their own tax advisers in this regard. Payments to the Trust of dividends on the Common Stock may be subject to certain Netherlands or foreign taxes and Participants should consult their tax advisers regarding the potential tax consequences relating to the payment of any such withholding taxes by the Trust. Because, under the grantor trust rules, an investor is deemed to have paid directly his share of foreign taxes that have been paid or accrued, if any, an investor may be entitled to a foreign tax credit or deduction for United States tax purposes with respect to such taxes.

A Participant should consider whether dividend income and long-term capital gains may be subject to state and local taxes. **Participants should consult their own tax advisers regarding the tax consequences of participating in the Plan.**

Table of Contents

**DESCRIPTION OF SHARE CAPITAL AND ARTICLES OF INCORPORATION OF AEGON N.V.**

The following is a summary of the terms of AEGON N.V.'s share capital, including brief descriptions of provisions contained in AEGON N.V.'s articles of incorporation, as last amended on May 3, 2007. These summaries and descriptions do not purport to be complete statements of these provisions.

**Share Capital**

The total authorized share capital of AEGON N.V. consists of 3,000,000,000 common shares, par value EUR 0.12 per share (the **Common Stock**), and 1,000,000,000 class A and class B preferred shares, par value EUR 0.25 per share, of which 500,000,000 are class A preferred shares (the **Preferred A Shares**) and 500,000,000 are class B preferred shares (the **Preferred B Shares** and together with the Preferred A Shares, the **Preferred Shares**). As of September 30, 2008, 1,578,227,139 shares of our Common Stock, 211,680,000 Preferred A Shares and 35,170,000 Preferred B Shares were issued and outstanding. Of the issued Common Stock, 56,044,790 shares of Common Stock were held by AEGON N.V. as treasury shares.

All shares of our Common Stock and all our Preferred Shares are fully paid and not subject to calls for additional payments of any kind. All shares of our Common Stock are registered shares and held by shareholders worldwide either through Euroclear Netherlands as Deposit Shares or directly registered in our Register of Shareholders. Holders of New York Shares hold their shares of our Common Stock in registered form issued by our New York transfer agent on our behalf (the **New York Shares**). New York Shares and Deposit Shares are exchangeable on a one-to-one basis and are entitled to the same rights, except that cash dividends are paid in US dollars on New York Shares.

As of September 30, 2008, 229,650,735 shares of our Common Stock were registered in our Register of Shareholders and 212,036,980 shares of our Common Stock were held in the form of New York Shares.

**Dividends**

Under Dutch law and AEGON N.V.'s articles of incorporation, the holders of shares of our Common Stock are entitled to payment of dividends out of the profits remaining after the creation of a reserve account, if any. The AEGON Executive Board may determine the dividend payment date for our Common Stock and Preferred Shares, the record date for payment applicable to holders of registered shares of our Common Stock and, with the approval of the AEGON Supervisory Board, the currency or currencies in which dividends will be paid. For dividends on New York Shares therefore, AEGON N.V. is empowered to make payment in U.S. dollars.

Preferred dividends are payable on the capital actually paid in on the Preferred Shares at a percentage, on an annual basis, which will be equal to the European Central Bank's fixed interest percentage for basic refinancing transactions, to be increased by 1.75 percentage points, all applicable to the first day of trading on Euronext Amsterdam in the financial year to which the dividend relates.

**Voting Rights and Appointment of AEGON Supervisory and AEGON Executive Boards**

*General Meeting of Shareholders.* All holders of shares of our Common Stock and of our Preferred Shares are entitled to attend personally or by proxy any general meeting of shareholders upon compliance with the procedures described below. A holder of shares of our Common Stock is entitled to one vote for each share held by such holder and represented at the meeting. However, a holder of Preferred Shares is entitled, instead of casting one vote per Preferred Share, to cast such number of votes as are equal to the number of Preferred Shares held multiplied by twenty-five-twelfths ( $25/12$ ), provided that any resulting fraction of a vote is disregarded. AEGON N.V. and Vereniging AEGON have entered into a preferred shares voting rights agreement, pursuant to which Vereniging AEGON has voluntarily waived its right to cast  $25/12$  votes per Preferred A Share or Preferred B Share. Instead, Vereniging AEGON has agreed to exercise only one vote per Preferred Share, except in the event of a special cause, such as the acquisition of a 15% interest in AEGON N.V., a tender offer for AEGON N.V. shares or a proposed business combination by any person or group of persons whether individually or as a group, other than in a transaction approved by the AEGON Executive Board and the AEGON Supervisory Board. If, in its sole discretion, Vereniging AEGON determines that a special cause exists, Vereniging AEGON will notify the general meeting of shareholders and retain its right to exercise the full voting power of  $25/12$  votes per Preferred Share for a limited period of six months.

Table of Contents

A general meeting of shareholders is required to be held not later than June 30 of each year. General meetings of shareholders are called by the AEGON Supervisory Board or the AEGON Executive Board and are required to be held in Amsterdam, The Hague, Haarlemmermeer (including Schiphol Airport), Leidschendam, Rijswijk (ZH), Rotterdam or Voorburg, at the choice of the corporate body that calls the meeting. The AEGON Executive Board is authorized to decide that with respect to a general meeting of shareholders, a record date will be applied on the basis of which it shall be determined in accordance with Section 2:119 of the Dutch Civil Code which persons are deemed to be shareholders for the purpose of attending and exercising voting rights at a general meeting of shareholders. Such record date and the manner in which shareholders can register and exercise their rights will be set out in the notice of the meeting. Action is taken at general meetings by an absolute majority of the valid votes cast unless a larger majority is explicitly provided by law or by AEGON N.V.'s articles of incorporation.

AEGON N.V. may not vote shares held by it or its subsidiaries.

*Major Shareholders of AEGON N.V.* As of March 31, 2008, Vereniging AEGON held approximately 10.5% of our Common Stock and 100% of our Preferred Shares. These holdings give Vereniging AEGON approximately 24.1% of AEGON N.V.'s voting shares. In the event of a special cause, as describe above, Vereniging AEGON's voting rights will increase to approximately 34.2% for up to six months per special cause. Vereniging AEGON is a membership association under Dutch law. One of the principal characteristics of a membership association is that it has no share capital. The objective of Vereniging AEGON is the balanced representation of the interests of AEGON N.V. and all of its stockholders, AEGON Group companies, insured parties, employees and other constituencies of the AEGON Group. The table below shows the ownership percentage of Vereniging AEGON as of September 30, 2008.

<b>Title of Class</b>	<b>Number Owned</b>	<b>Percent of Class</b>
Common Stock	171,974,055	10.5%
Preferred A Shares	211,680,000	100.0%
Preferred B Shares	35,170,000	100.0%

Vereniging AEGON has two administrative bodies: the General Meeting of Members and the Executive Committee. At September 30, 2008, the General Meeting of Members consisted of 19 individuals who were elected as members of Vereniging AEGON. The majority of the voting rights is with the 17 members not being employees or former employees of AEGON N.V. or one of the AEGON Group companies, nor current or former members of the AEGON Supervisory Board or the AEGON Executive Board. Those members represent a broad cross-section of Dutch society, and are called elected members.

The other two members are both elected by the General Meeting of Members of Vereniging AEGON from among the members of the AEGON Executive Board.

The Executive Committee of Vereniging AEGON consists of seven members. Five of those members, including the chairman and vice-chairman, are not nor have ever been, related to AEGON N.V. The other two members are also members of the AEGON Executive Board. Resolutions of the Executive Committee, other than with regard to amendment of the articles of association of Vereniging AEGON, require an absolute majority of votes. When a vote in the Executive Committee results in a tie, the General Meeting of Members has the deciding vote. Amendments of the articles of association of Vereniging AEGON requires a unanimous proposal from the Executive Committee of Vereniging AEGON (including consent of the two representatives of AEGON N.V.) pursuant to a special procedure. Following an amendment of the

## Edgar Filing: AEGON NV - Form 424B3

articles of association of Vereniging AEGON as effected on September 13, 2005, this special requirement does not apply in the event of a hostile change of control at the general meeting of shareholders of AEGON N.V., in which event Vereniging AEGON may amend its articles of association without the cooperation of AEGON N.V.

*Appointment of the AEGON Supervisory Board and the AEGON Executive Board.* AEGON N.V. has a two-tier management system consisting of an executive board and a supervisory board. Members of the AEGON Supervisory Board are nominated by the AEGON Supervisory Board and are appointed by the general meeting of shareholders. The number of members of the AEGON Supervisory Board is determined from time to time by the AEGON Supervisory Board but may not consist of less than seven members. Members of the AEGON Executive Board are nominated by the AEGON Supervisory Board and are appointed by the general meeting of shareholders. For more information please see Item 6. Directors, Senior Management and Employees of AEGON N.V.'s 2007 Annual Report on Form 20-F.

Table of Contents

*Shareholder Proposals.* Shareholders who, alone or jointly, represent at least one-tenth percent (0.1%) of the issued capital or a block of shares, alone or jointly, worth at least fifty million euro (EUR 50,000,000) according to the Official Price List of Euronext Amsterdam N.V. (or any publication taking its place), shall have the right to request of the AEGON Executive Board or the AEGON Supervisory Board that items be placed on the agenda of the general meeting of shareholders. These requests shall be honored by the AEGON Executive Board or the AEGON Supervisory Board under the conditions that (a) important AEGON interests do not dictate otherwise; and (b) the request is received by the chairman of the AEGON Executive Board or the chairman of the AEGON Supervisory Board in writing at least sixty (60) days before the date of the general meeting of shareholders.

*Amendment of Articles.* The articles of incorporation of AEGON N.V. may be amended at any general meeting of shareholders by an absolute majority of the votes cast. Any such amendment must have been proposed by the AEGON Executive Board which proposal must have been approved by the AEGON Supervisory Board.

*Annual Accounts.* The general meeting of the shareholders adopts annually AEGON N.V.'s annual accounts with respect to the previous calendar year.

**Liquidation Rights**

In the event of the liquidation of AEGON N.V., the general meeting of shareholders determines the remuneration of the liquidators and of the members of the AEGON Supervisory Board. The AEGON Executive Board is responsible for effecting the liquidation, which is to be overseen by the AEGON Supervisory Board. The assets remaining after payment of all debts, liquidation expenses and taxes are to be distributed first to the holders of Preferred Shares in the amount of their paid-in capital. The amount left after such payment will be distributed to the holders of shares of our Common Stock.

**Issuance of Additional Rights**

Shares of AEGON N.V.'s authorized but unissued capital stock may be issued at such times and on such conditions as may be determined at a general meeting of shareholders or by the AEGON Executive Board if authorized by the shareholders. At the general meeting of shareholders of AEGON N.V. held on April 23, 2008, the AEGON Executive Board was designated, for a period of eighteen months effective April 23, 2008, by a resolution approved by the shareholders, as the company body which shall, subject to the approval of the AEGON Supervisory Board, be authorized to decide upon the issue of shares and to grant rights to acquire shares. The authority granted thereby is limited annually to 10% of the capital, plus 10% of the capital if the issuance or the granting of rights occurs on the occasion of the acquisition of an enterprise or a corporation. For purposes of this paragraph, the term capital means the total par value of the shares of our Common Stock issued at the time this authorization is used for the first time in any calendar year. The authorization described above may only be withdrawn by a resolution of the general meeting of shareholders following a proposal by the AEGON Executive Board which has been approved by the AEGON Supervisory Board.

**Preemptive Rights**

Except in certain instances prescribed by law, the holders of shares of our Common Stock have preemptive rights on a pro rata basis to purchase the number of shares of our Common Stock to be issued. Holders of Preferred Shares, as such, have no preemptive rights in respect of any shares of our Common Stock.

Preemptive rights in respect of our Common Stock may be restricted or excluded by a resolution passed by the general meeting of shareholders. In the notice of the meeting, the reasons for the proposal to restrict or exclude the preemptive rights in respect of our Common Stock and the intended issue price must be explained in writing. Preemptive rights may also be restricted or excluded by the AEGON Executive Board if a resolution is passed by the general meeting of shareholders which confers such power on the AEGON Executive Board for a maximum of five years. This power may from time to time be extended, but never for a period longer than five years. A resolution of the general meeting that restricts or excludes preemptive rights or that confers this power to the AEGON Executive Board can only be adopted at the proposal of the AEGON Executive Board which is approved by the AEGON Supervisory Board. A resolution of the general meeting to restrict or exclude the preemptive rights or to confer this power to the AEGON Executive Board shall require a majority of not less than two thirds of the votes cast if less than one half of AEGON N.V.'s issued capital is represented at the meeting. If AEGON N.V. makes a rights offering to the holders of our Common Stock, the rights of holders of New York Shares to exercise the rights so offered is subject to a restriction which permits AEGON N.V. to sell such rights in a manner to be determined by the AEGON Executive Board and to remit the cash proceeds of such sale to such holders if the additional shares of Common Stock are not registered under the Securities Act of 1933, as amended (the **Securities Act** ).

Table of Contents

At the general meeting of shareholders of AEGON N.V. held on April 23, 2008, the AEGON Executive Board was designated, for a period of eighteen months effective April 23, 2008, by a resolution approved by the shareholders, as the company body which shall, subject to the approval of the AEGON Supervisory Board, be authorized to restrict or exclude the preemptive rights of the shareholders with regard to the issuance of shares of our Common Stock or the granting of rights to subscribe for shares of our Common Stock. In respect of the issuance of shares of our Common Stock without preemptive rights, the authority given thereby shall be limited annually to 10% of the capital, plus 10% of the capital if the issuance occurs on the occasion of the acquisition of an enterprise or a corporation. For purposes of this paragraph, the term capital means the total par value of the shares of our Common Stock issued at the time this authorization is used for the first time in any calendar year.

The authorization described above may only be withdrawn by a resolution of the general meeting of shareholders following a proposal by the AEGON Executive Board which has been approved by the AEGON Supervisory Board.

**Repurchase by AEGON N.V. of its Own Shares**

Subject to certain restrictions contained in the laws of the Netherlands and AEGON N.V.'s articles of incorporation, the AEGON Executive Board may cause AEGON N.V. to purchase its own fully-paid shares, provided that the total number of AEGON N.V. shares so repurchased, together with shares already held in treasury by AEGON N.V. or held by its subsidiaries, may not exceed, in the aggregate, 10% of the issued capital. Such purchase may be made only upon authorization by the general meeting of shareholders, which authorization is valid for a maximum of eighteen months and must include the number of shares to be acquired, the way in which they may be acquired and the minimum and maximum purchase price. In addition, the approval of the AEGON Supervisory Board shall be required for any such acquisition. At the general meeting of shareholders held on April 23, 2008, the shareholders authorized the AEGON Executive Board for a period of eighteen months to acquire shares up to the maximum number permitted by law and AEGON N.V.'s articles of incorporation at a price not higher than 10% above the quoted local market price immediately prior to the acquisition. Preferred shares may only be acquired at a price not higher than 10% above the average paid-in amount on the preferred shares being acquired, to be increased with dividends accrued but not yet paid at the time of the acquisition.

**Certificates for Common Stock and their Transfer**

Certificates evidencing shares of our Common Stock are issuable, upon a resolution of the AEGON Executive Board, only in registered form. Certificates issued by the New York registrar are printed in the English language. New York Shares may be held by residents as well as non-residents of the Netherlands. Only New York Shares may be traded on the New York Stock Exchange. New York Shares may be transferred on the books of AEGON N.V. at the office of the New York transfer agent by surrendering the New York Shares with the deed of transfer on the New York Shares or in a separate instrument completed in full and signed by the transferor. Upon surrender, AEGON N.V., acting through its New York transfer agent, will either note the transfer on the surrendered New York Shares or issue replacement New York Shares registered in the name of the new owner. In addition, a shareholder may, in accordance with AEGON N.V.'s articles of incorporation, upon the surrender for cancellation of any share certificate previously issued, request the consent of the Executive Board to have his name entered in the register of shareholders maintained by AEGON N.V. with respect to the share or shares owned by him and to receive, in lieu of a certificate, a non-negotiable declaration of registration of such share or shares.

Table of Contents**PRICE RANGE OF COMMON STOCK**

The principal market for our Common Stock is Euronext Amsterdam. Our Common Stock is also listed on the New York Stock Exchange and the London and Tokyo stock exchanges.

The following table sets forth, for the calendar periods indicated, the high and low sales prices of our Common Stock on Euronext Amsterdam and the New York Stock Exchange as reported by Bloomberg and is based on closing prices. Share prices have been adjusted for all stock splits and stock dividends through September 30, 2008.

On Euronext Amsterdam only Euronext registered shares may be traded and on the New York Stock Exchange only New York Registry Shares may be traded.

Table of Contents

**PLAN OF DISTRIBUTION**

The shares of Common Stock registered under this registration statement and purchased on behalf of Participants under the Plan will be purchased in open market transactions and offered to eligible Participants in the Plan as described under "Description of the Plan" above, without the use of any underwriters in connection with such offering. We intend to purchase shares under the Plan on the New York Stock Exchange or a foreign securities exchange on which our Common Stock is listed at prevailing market prices, including applicable brokerage expenses.

**LEGAL MATTERS**

Certain matters with respect to the legality of the shares of Common Stock registered hereby have been passed upon for us by Erik Lagendijk, General Counsel for AEGON N.V. Erik Lagendijk is regularly employed by AEGON N.V, participates in various AEGON employee benefit plans under which he may receive shares of Common Stock and currently owns or has rights to acquire an aggregate of less than 0.1% of our Common Stock.

Certain matters of United States federal income tax law have been passed upon for us by Allen & Overy LLP, New York, New York.

**EXPERTS**

Ernst & Young Accountants, independent registered public accounting firm, have audited our consolidated financial statements and schedules included in our Annual Report on Form 20-F for the year ended December 31, 2007, as set forth in their report, which is incorporated by reference in this prospectus supplement and elsewhere in the registration statement. The consolidated financial statements and schedules are incorporated by reference in reliance on Ernst & Young Accountants' report, given on their authority as experts in accounting and auditing.
