Class	Outstanding at November 4, 2011
common shares of CubeSmart, \$.01 par value	122,565,406

Table of Contents

EXPLANATORY NOTE

This report combines the quarterly reports on Form 10-Q for the period ended September 30, 2011 of CubeSmart (the Parent Company or CubeSmart) and CubeSmart, L.P. (the Operating Partnership). The Parent Company is a Maryland real estate investment trust, or REIT, that owns its assets and conducts its operations through the Operating Partnership, a Delaware limited partnership, and subsidiaries of the Operating Partnership. Effective September 14, 2011, the Parent Company changed its name from U-Store-It Trust to CubeSmart and the Operating Partnership changed its name from U-Store-It, L.P. to CubeSmart, L.P. The Parent Company, the Operating Partnership and their consolidated subsidiaries are collectively referred to in this report as the Company. In addition, terms such as we , us , or our used in this report may refer to the Company, the Parent Company, or the Operating Partnership.

The Parent Company is the sole general partner of the Operating Partnership and, as of September 30, 2011, owned a 95.4% interest in the Operating Partnership. The remaining 4.6% interest consists of common units of limited partnership interest issued by the Operating Partnership to third parties in exchange for contributions of properties to the Operating Partnership. As the sole general partner of the Operating Partnership, the Parent Company has full and complete authority over the Operating Partnership's day-to-day operations and management.

Management operates the Parent Company and the Operating Partnership as one enterprise. The management teams of the Parent Company and the Operating Partnership are identical, and their constituents are officers of both the Parent Company and of the Operating Partnership.

There are few differences between the Parent Company and the Operating Partnership, which are reflected in the note disclosures in this report. The Company believes it is important to understand the differences between the Parent Company and the Operating Partnership in the context of how these entities operate as a consolidated enterprise. The Parent Company is a REIT, whose only material asset is its ownership of the partnership interests of the Operating Partnership. As a result, the Parent Company does not conduct business itself, other than acting as the sole general partner of the Operating Partnership, issuing public equity from time to time and guaranteeing the debt obligations of the Operating Partnership. The Operating Partnership holds substantially all the assets of the Company and, directly or indirectly, holds the ownership interests in the Company's real estate ventures. The Operating Partnership conducts the operations of the Company's business and is structured as a partnership with no publicly traded equity. Except for net proceeds from equity issuances by the Parent Company, which are contributed to the Operating Partnership in exchange for partnership units, the Operating Partnership generates the capital required by the Company's business through the Operating Partnership's operations, by the Operating Partnership's direct or indirect incurrence of indebtedness or through the issuance of partnership units of the Operating Partnership or equity interests in subsidiaries of the Operating Partnership.

The substantive difference between the Parent Company's and the Operating Partnership's filings is the fact that the Parent Company is a REIT with public stock, while the Operating Partnership is a partnership with no publicly traded equity. In the financial statements, this difference is primarily reflected in the equity (or capital for Operating Partnership) section of the consolidated balance sheets and in the consolidated statements of equity (or capital) and comprehensive income (loss). Apart from the different equity treatment, the consolidated financial statements of the Parent Company and the Operating Partnership are nearly identical.

The Company believes that combining the quarterly reports on Form 10-Q of the Parent Company and the Operating Partnership into a single report will:

Edgar Filing: CubeSmart - Form 10-Q

- facilitate a better understanding by the investors of the Parent Company and the Operating Partnership by enabling them to view the business as a whole in the same manner as management views and operates the business;
- remove duplicative disclosures and provide a more straightforward presentation in light of the fact that a substantial portion of the disclosure applies to both the Parent Company and the Operating Partnership; and
- create time and cost efficiencies through the preparation of one combined report instead of two separate reports.

To help investors understand the significant differences between the Parent Company and the Operating Partnership, this report presents Item 1 Financial Statements as separate sections for each of the Parent Company and the Operating Partnership.

Table of Contents

This report also includes separate Item 4 Controls and Procedures sections, signature pages and Exhibit 31 and 32 certifications for each of the Parent Company and the Operating Partnership in order to establish that the Chief Executive Officer and the Chief Financial Officer of the Parent Company and the Chief Executive Officer and the Chief Financial Officer of the Operating Partnership have made the requisite certifications and that the Parent Company and the Operating Partnership are compliant with Rule 13a-15 or Rule 15d-15 of the Securities Exchange Act of 1934 and 18 U.S.C. §1350.

In order to highlight the differences between the Parent Company and the Operating Partnership, the separate sections in this report for the Parent Company and the Operating Partnership specifically refer to the Parent Company and the Operating Partnership. In the sections that combine disclosures of the Parent Company and the Operating Partnership, this report refers to such disclosures as those of the Company. Although the Operating Partnership is generally the entity that directly or indirectly enters into contracts and real estate ventures and holds assets and debt, reference to the Company is appropriate because the business is one enterprise and the Parent Company operates the business through the Operating Partnership.

As general partner with control of the Operating Partnership, the Parent Company consolidates the Operating Partnership for financial reporting purposes, and the Parent Company does not have significant assets other than its investment in the Operating Partnership. Therefore, the assets and liabilities of the Parent Company and the Operating Partnership are the same on their respective financial statements. The separate discussions of the Parent Company and the Operating Partnership in this report should be read in conjunction with each other to understand the results of the Company's operations on a consolidated basis and how management operates the Company.

Table of Contents

Forward-Looking Statements

This Quarterly Report on Form 10-Q, or this Report, together with other statements and information publicly disseminated by the Parent Company and the Operating Partnership, contain certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. Forward-looking statements include statements concerning the Company's plans, objectives, goals, strategies, future events, future revenues or performance, capital expenditures, financing needs, plans or intentions relating to acquisitions and other information that is not historical information. In some cases, forward-looking statements can be identified by terminology such as believes, expects, estimates, may, will, should, anticipates, or in negative of such terms or other comparable terminology, or by discussions of strategy. Such statements are based on assumptions and expectations that may not be realized and are inherently subject to risks, uncertainties and other factors, many of which cannot be predicted with accuracy and some of which might not even be anticipated. Although we believe the expectations reflected in these forward-looking statements are based on reasonable assumptions, future events and actual results, performance, transactions or achievements, financial and otherwise, may differ materially from the results, performance, transactions or achievements expressed or implied by the forward-looking statements. As a result, you should not rely on or construe any forward-looking statements in this Report, or which management may make orally or in writing from time to time, as predictions of future events or as guarantees of future performance. We caution you not to place undue reliance on forward-looking statements, which speak only as of the date of this Report or as of the dates otherwise indicated in the statements. All of our forward-looking statements, including those in this Report, are qualified in their entirety by this statement.

There are a number of risks and uncertainties that could cause our actual results to differ materially from the forward-looking statements contained in or contemplated by this Report. Any forward-looking statements should be considered in light of the risks and uncertainties referred to in Item 1A. Risk Factors in the Parent Company's Annual Report on Form 10-K for the year ended December 31, 2010, in Item 1A. Risk Factors in the Operating Partnership's Registration Statement on Form 10, as amended, and in our other filings with the Securities and Exchange Commission (SEC). These risks include, but are not limited to, the following:

- national and local economic, business, real estate and other market conditions;
- the competitive environment in which we operate, including our ability to raise rental rates;
- the execution of our business plan;
- the availability of external sources of capital;
- financing risks, including the risk of over-leverage and the corresponding risk of default on our mortgage and other debt and potential inability to refinance existing indebtedness;
- increases in interest rates and operating costs;

Edgar Filing: CubeSmart - Form 10-Q

- counterparty non-performance related to the use of derivative financial instruments;
- our ability to maintain our status as a real estate investment trust (REIT) for federal income tax purposes;
- acquisition and development risks;
- increases in taxes, fees, and assessments from state and local jurisdictions;
- changes in real estate and zoning laws or regulations;
- risks related to natural disasters;
- potential environmental and other liabilities;
- other factors affecting the real estate industry generally or the self-storage industry in particular; and

Table of Contents

- other risks identified in the Parent Company's Annual Report on Form 10-K, the Operating Partnership's Registration Statement on Form 10, as amended, and, from time to time, in other reports that we file with the SEC or in other documents that we publicly disseminate.

Given these uncertainties and the other risks identified elsewhere in this Report, we caution readers not to place undue reliance on forward-looking statements. We undertake no obligation to publicly update or revise these forward-looking statements, whether as a result of new information, future events or otherwise except as may be required by securities laws.

CUBESMART AND CUBESMART, L.P.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

1. ORGANIZATION AND NATURE OF OPERATIONS

CubeSmart (the Parent Company) operates as a self-managed and self-administered real estate investment trust (REIT) with its operations conducted solely through CubeSmart, L.P. and its subsidiaries. CubeSmart, L.P., a Delaware limited partnership (the Operating Partnership), operates through an umbrella partnership structure, with the Parent Company, a Maryland corporation, as its sole general partner. Effective September 14, 2011, the Parent Company changed its name from U-Store-It Trust to CubeSmart and the Operating Partnership changed its name from U-Store-It, L.P. to CubeSmart, L.P. In the notes to the consolidated financial statements, we use the terms the Company, we or our to refer to the Parent Company and the Operating Partnership together, unless the context indicates otherwise. The Company's self-storage facilities (collectively, the Properties) are located in 26 states throughout the United States and the District of Columbia and are presented under one reportable segment: we own, operate, develop, manage and acquire self-storage facilities.

As of September 30, 2011, the Parent Company owned approximately 95.4% of the partnership interests (OP Units) of the Operating Partnership. The remaining OP Units, consisting exclusively of limited partner interests, are held by persons who contributed their interests in properties to us in exchange for OP Units. Under the partnership agreement, these persons have the right to tender their OP Units for redemption to the Operating Partnership at any time for cash equal to the fair value of an equivalent number of common shares of the Parent Company. In lieu of delivering cash, however, the Parent Company, as the Operating Partnership's general partner, may, at its option, choose to acquire any OP Units so tendered by issuing common shares in exchange for the tendered OP Units. If the Parent Company so chooses, its common shares will be exchanged for OP Units on a one-for-one basis. This one-for-one exchange ratio is subject to adjustment to prevent dilution. With each such exchange or redemption, the Parent Company's percentage ownership in the Operating Partnership will increase. In addition, whenever the Parent Company issues common or other classes of its shares, it contributes the net proceeds it receives from the issuance to the Operating Partnership and the Operating Partnership issues to the Parent Company an equal number of OP Units or other partnership interests having preferences and rights that mirror the preferences and rights of the shares issued. This structure is commonly referred to as an umbrella partnership REIT or UPREIT.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared pursuant to the rules and regulations of the SEC regarding interim financial reporting and, in the opinion of each of the Parent Company's and Operating Company's respective management, include all adjustments (consisting of normal recurring adjustments) necessary for a fair presentation of financial position, results of operations and cash flows for each respective company for the interim periods presented in accordance with generally accepted accounting principles in the United States (GAAP). Accordingly, readers of this Quarterly Report on Form 10-Q should refer to the Parent Company's audited financial statements prepared in accordance with GAAP, and the related notes thereto, for the year ended December 31, 2010, which are included in the Parent Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010 and the Operating Partnership's audited financial statements prepared in accordance with GAAP, and the related notes thereto, for the year ended December 31, 2010, which are included in the Operating Partnership's Registration Statement on Form 10, as amended, as certain footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted from this report pursuant to the rules of the SEC. The results of operations

Edgar Filing: CubeSmart - Form 10-Q

for each of the three and nine months ended September 30, 2011 and 2010 are not necessarily indicative of the results of operations to be expected for any future period or the full year.

Investments in Unconsolidated Real Estate Ventures

The Company accounts for its investments in unconsolidated real estate ventures under the equity method of accounting. Under the equity method, investments in unconsolidated joint ventures are recorded initially at cost, as investments in real estate ventures, and subsequently adjusted for equity in earnings (losses), cash contributions, less distributions. On a periodic basis, management also assesses whether there are any indicators that the value of the Company's investments in unconsolidated Real Estate Ventures may be other than temporarily impaired. An investment is impaired only if the fair value of the investment, as estimated by management, is

Table of Contents

less than the carrying value of the investment and the decline is other than temporary. To the extent impairment has occurred, the loss shall be measured as the excess of the carrying amount of the investment over the fair value of the investment, as estimated by management. The determination as to whether an impairment exists requires significant management judgment about the fair value of its ownership interest. Fair value is determined through various valuation techniques, including but not limited to, discounted cash flow models, quoted market values and third party appraisals.

3. STORAGE FACILITIES

The book value of the Company's real estate assets is summarized as follows:

	September 30, 2011	December 31, 2010
	(in thousands)	
Land and improvements	\$ 374,719	\$ 374,569
Buildings and improvements	1,293,528	1,273,938
Equipment	69,730	93,571
Construction in progress	2,903	943
Total	1,740,880	1,743,021
Less accumulated depreciation	(307,675)	(314,530)
Storage facilities, net	\$ 1,433,205	\$ 1,428,491

As assets become fully depreciated, the carrying values are removed from their respective asset category and accumulated depreciation. During the nine months ended September 30, 2011 and 2010, \$41.2 million and \$65.2 million of assets, respectively, became fully depreciated and were removed from storage facilities and accumulated depreciation.

Edgar Filing: CubeSmart - Form 10-Q

Table of Contents

The following table summarizes the Company's acquisition and disposition activity during the period January 1, 2010 to September 30, 2011:

Facility/Portfolio	Location	Transaction Date	Number of Facilities	Purchase / Sales Price (in thousands)
<i>2011 Acquisitions:</i>

Wyckoff Asset	Queens, NY	December 2010	1	13,600
McLearen Asset	McLearen, VA	December 2010	1	10,200
			12	\$ 85,145
<i>2010 Dispositions:</i>				
Sun City Asset	Sun City, CA	October 2010	1	\$ 3,100
Inland Empire/Fayetteville Assets	Multiple locations in CA and NC	December 2010	15	35,000
			16	\$ 38,100

During 2011, the Company received compensation from the state of California regarding 2009 eminent domain proceedings on our North H Street asset. Accordingly, the Company recognized \$1.9 million of income during 2011.

4. ACQUISITIONS

On April 28, 2010, the Company acquired 85 management contracts from United Stor-All Management, LLC (United Stor-All). The Company accounted for this acquisition as a business combination. The 85 management contracts relate to facilities located in 16 states and the District of Columbia. The Company recorded the fair value of the assets acquired which includes the intangible value related to the management contracts as other assets, net on the Company's consolidated balance sheet. The Company's estimate of the fair value of the acquired assets and liabilities utilized Level 3 inputs and considered the probability of the expected period the contracts would remain in place, including estimated renewal periods, and the amount of the discounted estimated future contingent payments to be made. The Company paid \$4.1 million in cash for the contracts and recognized \$1.8 million in contingent consideration. The Company records changes in the fair value of the contingent consideration liability in earnings. As of September 30, 2011, no adjustments to the fair value were deemed necessary. The average estimated life of the intangible value of the management contracts is 56 months from the April 2010 closing and the related amortization expense recognized during the three and

Table of Contents

nine months ended September 30, 2011 was \$0.3 million and \$1.0 million, respectively. The Company recognized \$0.3 million and \$0.5 million of amortization during the three months and nine months ended September 30, 2010, respectively.

During 2010, the Company acquired 12 self-storage facilities for an aggregate purchase price of \$85.1 million and allocated approximately \$3.7 million to the intangible value of the in-place leases. The related amortization expense recognized during the three and nine months ended September 30, 2011 was approximately \$0.9 million and \$2.8 million, respectively. The amortization expense recognized during the three and nine months ended September 30, 2010 was approximately \$0.7 million.

During the nine months ended September 30, 2011, the Company acquired nine self-storage facilities for an aggregate purchase price of \$78.6 million and allocated approximately \$4.2 million to the intangible value of in-place leases at the time of acquisition. The Company recognized amortization expense related to these assets of \$1.0 million and \$1.6 million during the three and nine months ended September 30, 2011, respectively. In connection with one of the acquisitions, the Company assumed mortgage debt with an outstanding principal balance of \$7.5 million and recorded a premium of \$0.5 million to reflect the fair value of the debt at the time of assumption.

5. INVESTMENT IN UNCONSOLIDATED REAL ESTATE VENTURES

On September 26, 2011, the Company contributed \$15.4 million to the capital of a limited partnership (the HSRE Venture or HSREV) in exchange for a 50% interest in the partnership. HSREV owns nine storage facilities in Pennsylvania, Virginia, New York, New Jersey and Florida. The other partner in the HSRE Venture, which holds the remaining 50% interest, is unaffiliated with the Company.

The Company has determined that HSREV is a voting interest entity. The Company does not control the entity through voting rights and therefore accounts for the investment under the equity method. The Company's investment in HSREV is included in the Investment in real estate ventures, at equity line item on the Company's consolidated balance sheet and earnings attributable to HSREV is presented in the Equity in losses of real estate ventures line item on the Company's consolidated statements of operations.

The Company's investment in real estate entities at September 30, 2011 was \$15.4 million, and the Company's equity in losses of real estate entities for the three and nine months ended September 30, 2011 was approximately \$0.02 million.

6. UNSECURED CREDIT FACILITY AND UNSECURED TERM LOANS

On September 29, 2010, the Company amended its three-year, \$450 million senior secured credit facility (the Secured Credit Facility), which consisted of a \$200 million secured term loan and a \$250 million secured revolving credit facility. The Secured Credit Facility was collateralized by mortgages on borrowing base properties (as defined in the Secured Credit Facility agreement). The amended credit facility (the Credit Facility) consists of a \$200 million unsecured term loan and a \$250 million unsecured revolving credit facility. The Credit Facility is unsecured and has a three-year term expiring on December 7, 2013. Borrowings under the Credit Facility bear interest ranging from 3.25% to 3.75% over LIBOR depending on our leverage ratio. If the Company receives two investment grade ratings, pricing on the Credit Facility will adjust to range from 1.90% to 3.00% over LIBOR. The Company incurred \$2.5 million in connection with executing this amendment and

Edgar Filing: CubeSmart - Form 10-Q

capitalized such costs as a component of loan procurement costs, net of amortization on the Company's consolidated balance sheet.

On June 20, 2011, the Company entered into an unsecured Term Loan Agreement (the "Term Loan Facility") which consisted of a \$100 million term loan with a five-year maturity and a \$100 million term loan with a seven-year maturity. The Term Loan Facility permits the Company to request additional advances of five-year or seven-year loans in minimum increments of \$5,000,000 provided that the aggregate of such additional advances does not exceed \$50,000,000. Pricing on the Term Loan Facility ranges, depending on the Company's leverage levels, from 1.90% to 2.75% over LIBOR for the five-year loan, and from 2.05% to 2.85% over LIBOR for the seven-year loan, and each loan has no LIBOR floor. If the Company receives two investment grade ratings, pricing on the Term Loan Facility will adjust to range from 1.45% to 2.10% over LIBOR for the five-year loan, and from 1.60% to 2.25% over LIBOR for the seven-year loan. The Company incurred \$2.1 million in connection with executing the agreement and capitalized such costs as a component of loan procurement costs, net of amortization on the Company's consolidated balance sheet.

Table of Contents

On September 30, 2011, \$200 million of unsecured term loan borrowings were outstanding under the Term Loan Facility and \$100 million of unsecured term loan borrowings were outstanding under the Credit Facility, and \$250 million was available for borrowing under the Credit Facility. The Company had an interest rate cap agreement as of September 30, 2011, that effectively limited the LIBOR component of the interest rate on \$100 million of Credit Facility borrowings to 2.00% per annum through January 2012. In addition, the Company had interest rate swap agreements as of September 30, 2011 that fix LIBOR on both the five and seven-year term loans through their respective maturity dates. The interest rate swap agreements fix thirty-day LIBOR over the terms of the five and seven-year term loans at 1.80% and 2.47%, respectively. The Company recognized loan procurement amortization expense - early repayment of debt of \$2.1 million related to the write-off of unamortized loan procurement costs associated with \$100 million of unsecured term loans that were repaid during the nine months ended September 30, 2011.

As of September 30, 2011, borrowings under the Credit Facility and Term Loan Facility had a weighted average interest rate of 3.90%. As of September 30, 2011, the effective interest rates on the five and seven-year term loans were 3.70% and 4.52%, respectively, after giving consideration to the interest rate swaps described in Note 8.

The Company's ability to borrow under the Credit Facility and Term Loan Facility is subject to the Company's ongoing compliance with certain financial covenants which include:

- Maximum total indebtedness to total asset value of 60.0% at any time;
- Minimum fixed charge coverage ratio of 1.50:1.00; and
- Minimum tangible net worth of \$821,211,200 plus 75% of net proceeds from equity issuances after September 30, 2010.

Further, under the Credit Facility and Term Loan Facility, the Company is restricted from paying distributions on its common shares that would exceed an amount equal to the greater of (i) 95% of the Company's funds from operations, and (ii) such amount as may be necessary to maintain our REIT status.

The Company is currently in compliance with all financial covenants and anticipates being in compliance with all financial covenants through the terms of the Credit Facility and Term Loan Facility.

Table of Contents**7. MORTGAGE LOANS AND NOTES PAYABLE**

The Company's mortgage loans and notes payable are summarized as follows:

Mortgage Loan	Carrying Value as of:		Effective Interest Rate	Maturity Date

Edgar Filing: CubeSmart - Form 10-Q

(a) These borrowings have a fixed interest rate for the first five-years of their term, which then resets and remains constant over the final five-years of the loan term.

Table of Contents

The following table represents the future principal payment requirements on the outstanding mortgage loans and notes payable at September 30, 2011 (in thousands):

2011	\$	1,464
2012		159,504
2013		32,885
2014		62,069
2015		60,215
2016 and thereafter		29,463
Total mortgage payments		345,600
Plus: Unamortized fair value adjustment		418
Total mortgage indebtedness	\$	346,018

The Company currently intends to fund its remaining 2011 principal payment requirements from cash provided by operating activities.

8. DERIVATIVE FINANCIAL INSTRUMENTS

The Company's use of derivative instruments is limited to the utilization of interest rate agreements or other instruments to manage interest rate risk exposures and not for speculative purposes. The principal objective of such arrangements is to minimize the risks and/or costs associated with the Company's operating and financial structure, as well as to hedge specific transactions. The counterparties to these arrangements are major financial institutions with which the Company and its subsidiaries may also have other financial relationships. The Company is potentially exposed to credit loss in the event of non-performance by these counterparties. However, because of the high credit ratings of the counterparties, the Company does not anticipate that any of the counterparties will fail to meet these obligations as they come due. The Company does not hedge credit or property value market risks.

The Company has entered into interest rate swap agreements that qualify and are designated as cash flow hedges designed to reduce the impact of interest rate changes on its variable rate debt. Therefore, the interest rate swaps are recorded in the consolidated balance sheet at fair value and the related gains or losses are deferred in shareholders' equity as accumulated other comprehensive loss. These deferred gains and losses are amortized into interest expense during the period or periods in which the related interest payments affect earnings. However, to the extent that the interest rate swaps are not perfectly effective in offsetting the change in value of the interest payments being hedged, the ineffective portion of these contracts is recognized in earnings immediately. Ineffectiveness was immaterial for all periods presented.

The Company formally assesses, both at inception of a hedge and on an on-going basis, whether each derivative is highly-effective in offsetting changes in cash flows of the hedged item. If management determines that a derivative is highly-effective as a hedge, then the Company accounts for the derivative using hedge accounting, pursuant to which gains or losses inherent in the derivative do not impact the Company's results of operations. If management determines that a derivative is not highly-effective as a hedge or if a derivative ceases to be a highly-effective hedge, the Company will discontinue hedge accounting prospectively and will reflect in its statement of operations realized and unrealized gains and losses in respect of the derivative.

Edgar Filing: CubeSmart - Form 10-Q

Table of Contents

The following table summarizes the terms and fair values of the Company's derivative financial instruments at September 30, 2011 (dollars in thousands):

Hedge Product	Hedge Type	Notional Amount	Strike	Effective Date	Maturity	Fair Value September 30, 2011
Cap	Cash flow	\$ 100,000	2.0000%	2/1/2011	1/31/2012	\$
Swap	Cash flow	\$ 40,000	1.8025%	6/20/2011	6/20/2016	(1,370)
Swap	Cash flow	\$ 40,000	1.8025%	6/20/2011	6/20/2016	(1,388)
Swap	Cash flow	\$ 20,000	1.8025%	6/20/2011	6/20/2016	(658)
Swap	Cash flow	\$ 40,000	2.4590%	6/20/2011	6/20/2018	(2,273)
Swap	Cash flow	\$ 40,000	2.4725%	6/20/2011	6/20/2018	(2,345)
Swap	Cash flow	\$ 20,000	2.4750%	6/20/2011	6/20/2018	(1,155)
						\$ (9,189)

As of December 31, 2010, the Company had an interest rate cap agreement that effectively limited the LIBOR component of the interest rate on \$150 million of credit facility borrowings to 1.50% per annum through January 2011. There were no financial assets and liabilities carried at fair value as of December 31, 2010.

9. FAIR VALUE MEASUREMENTS

The Company applies the methods of determining fair value as described in authoritative guidance, to value its financial assets and liabilities. As defined in the guidance, fair value is based on the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, the guidance establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable prices that are based on inputs not quoted on active markets, but corroborated by market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considering counterparty credit risk in its assessment of fair value.

Edgar Filing: CubeSmart - Form 10-Q

Financial assets and liabilities carried at fair value as of September 30, 2011 are classified in the table below in one of the three categories described above (dollars in thousands):

	Level 1	Level 2	Level 3
Interest Rate Swap Derivative Liabilities	\$	\$ (9,189)	\$
Total assets at fair value	\$	\$ (9,189)	\$

There were no financial assets and liabilities carried at fair value as of December 31, 2010.

Financial assets and liabilities carried at fair value were classified as Level 2 inputs. For financial liabilities that utilize Level 2 inputs, the Company utilizes both direct and indirect observable price quotes, including LIBOR yield curves, bank price quotes for forward starting swaps, NYMEX futures pricing and common stock price quotes. Below is a summary of valuation techniques for Level 2 financial liabilities:

Table of Contents

- Interest rate swap derivative assets and liabilities valued using LIBOR yield curves at the reporting date. Counterparties to these contracts are most often highly rated financial institutions, none of which experienced any significant downgrades in 2011 that would reduce the amount owed by the Company. Although the Company has determined that the majority of the inputs used to value its derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with the Company's derivatives utilize Level 3 inputs, such as estimates of current credit spreads, to evaluate the likelihood of default by the Company and the counterparties. However, as of September 30, 2011 the Company has assessed the significance of the effect of the credit valuation adjustments on the overall valuation of its derivative positions and has determined that the credit valuation adjustments are not significant to the overall valuation of its derivatives. As a result, the Company has determined that its derivative valuations in their entirety are classified in Level 2 of the fair value hierarchy.

The fair values of financial instruments, including cash and cash equivalents, accounts receivable and accounts payable approximate their respective book values at September 30, 2011 and December 31, 2010. The Company had fixed interest rate loans with a carrying value of \$346.0 million and \$372.5 million at September 30, 2011 and December 31, 2010, respectively. The estimated fair values of these fixed rate loans were \$344.4 million and \$351.8 million at September 30, 2011 and December 31, 2010, respectively. The Company had variable interest rate loans with a carrying value of \$300.0 million and \$243.0 million at September 30, 2011 and December 31, 2010, respectively. The estimated fair values of the variable interest rate loans approximate their carrying values due to their floating rate nature and market spreads. These estimates are based on discounted cash flow analyses assuming market interest rates for comparable obligations at September 30, 2011 and December 31, 2010.

10. DISCONTINUED OPERATIONS

For the three and nine months ended September 30, 2011 and 2010, discontinued operations relate to 18 properties that the Company sold during 2011, proceeds received in conjunction with eminent domain proceedings on our North H Street asset during 2009, and 16 properties that the Company sold during 2010 (see Note 3). The sale during 2011 resulted in the recognition of a gain of \$3.5 million.

The following table summarizes the revenue and expense information for the period the Company owned the properties classified as discontinued operations during the three and nine months ended September 30, 2011 and 2010 (in thousands):

	For the three months ended September 30,		For the nine months ended September 30,					
	2011	2010	2011	2010				
REVENUES

Income from discontinued operations	\$	3,888	\$	1,045	\$	6,938	\$	2,882

Table of Contents

11. NONCONTROLLING INTERESTS

Variable Interests in Consolidated Real Estate Joint Ventures

On August 13, 2009, the Company, through a wholly-owned affiliate, formed a joint venture (HART) with an affiliate of Heitman, LLC (Heitman) to own and operate 22 self-storage facilities, which are located throughout the United States. Upon formation, Heitman contributed approximately \$51 million of cash to a newly-formed limited partnership and the Company contributed certain unencumbered wholly-owned properties with an agreed upon value of approximately \$102 million to such limited partnership. In exchange for its contribution of those properties, the Company received a cash distribution from HART of approximately \$51 million and retained a 50% interest in HART. The Company is the managing partner of HART and the manager of the properties owned by HART in exchange for a market rate management fee.

The Company determined that HART is a variable interest entity, and that the Company is the primary beneficiary. Accordingly, the Company consolidates the assets, liabilities and results of operations of HART. The 50% interest that is owned by Heitman is reflected as noncontrolling interest in subsidiaries within permanent equity, separate from the Company's equity on the consolidated balance sheets. At September 30, 2011, HART had total assets of \$87.8 million, including \$85.2 million of storage facilities, net and total liabilities of \$2.5 million.

USIFB, LLP (the Venture) was formed to own, operate, acquire and develop self-storage facilities in England. The Company owns a 97% interest in the Venture through a wholly-owned subsidiary and the Venture commenced operations at two facilities in London, England during 2008. The Company determined that the Venture is a variable interest entity, and that the Company is the primary beneficiary. Accordingly, the Company consolidates the assets, liabilities and results of operations of the Venture. At September 30, 2011, the Venture had total assets of \$11.5 million and total liabilities of \$7.7 million, including two mortgage loans totaling \$7.2 million secured by storage facilities with a net book value of \$11.1 million. At September 30, 2011, the Venture's creditors had no recourse to the general credit of the Company.

Operating Partnership Ownership

The Company follows guidance regarding the classification and measurement of redeemable securities. Under this guidance, securities that are redeemable for cash or other assets, at the option of the holder and not solely within the control of the issuer, must be classified outside of permanent equity/capital. This classification results in certain outside ownership interests being included as redeemable noncontrolling interests outside of permanent equity/capital in the consolidated balance sheets. The Company makes this determination based on terms in applicable agreements, specifically in relation to redemption provisions.

Additionally, with respect to redeemable ownership interests in the Limited Partnership held by third parties for which the Parent Company has a choice to settle the redemption by delivery of its own shares, the Operating Partnership considered the guidance regarding accounting for derivative financial instruments indexed to, and potentially settled in, a company's own shares, to evaluate whether the Parent Company controls the actions or events necessary to presume share settlement. The guidance also requires that noncontrolling interests classified outside of permanent capital be adjusted each period to the greater of the carrying value based on the accumulation of historical cost or the redemption value.

Edgar Filing: CubeSmart - Form 10-Q

Approximately 4.6% of the outstanding OP Units as of September 30, 2011 and December 31, 2010 were not owned by the general partner. The interests in the Operating Partnership represented by these OP Units were a component of the consideration that the Operating Partnership paid to acquire certain self-storage facilities. The holders of the OP Units are limited partners in the Operating Partnership and have the right to require the Parent Company to redeem all or part of their OP Units for, at the general partner's option, an equivalent number of common shares of the Parent Company or cash based upon the fair value of an equivalent number of common shares of the Parent Company. However, the partnership agreement contains certain provisions that could result in a settlement outside the control of the Parent Company and the Operating Partnership, as the Parent Company does not have the ability to settle in unregistered shares. Accordingly, consistent with the guidance, the Operating Partnership will record the OP Units owned by third parties outside of permanent capital in the consolidated balance sheets. Net income or loss related to the OP Units owned by third parties is excluded from net income or loss attributable to Operating Partner in the consolidated statements of operations.

The per Unit cash redemption amount would equal the average of the closing prices of the common shares of the Parent Company on the New York Stock Exchange for the 10 trading days ending prior to the Parent Company's receipt of the redemption notice for the applicable Unit. At September 30, 2011 and December 31, 2010, 4,729,136 and 4,737,136 OP units were outstanding, respectively, and the calculated aggregate redemption value of outstanding OP units was based upon the Parent Company's average

Table of Contents

closing share prices. Based on the Company's evaluation of the redemption value of the redeemable noncontrolling interest, the Company has reflected these interests at their carrying value as of September 30, 2011 because the carrying cost exceeded the estimated redemption value. At December 31, 2010, the Operating Partnership reflected these interests at their redemption value, as the estimated redemption value exceeded their carrying value at December 31, 2010. The Operating Partnership recorded an increase to OP Units owned by third parties and a corresponding decrease to capital of \$1.5 million at December 31, 2010.

12. RELATED PARTY TRANSACTIONS

During 2005 and 2006, the Operating Partnership entered into various office lease agreements with Amsdell and Amsdell, an entity owned by Robert Amsdell and Barry Amsdell (each a former Trustee of the Company). Pursuant to these lease agreements, the Operating Partnership rented office space in the Airport Executive Park, an office and flex development located in Cleveland, Ohio, which is owned by Amsdell and Amsdell. The Company's independent Trustees approved the terms of, and entry into, each of the office lease agreements by the Operating Partnership. In addition to monthly rent, the office lease agreements require the Operating Partnership to reimburse Amsdell and Amsdell for certain maintenance and improvements to the leased office space. The aggregate amount of payments by the Company to Amsdell and Amsdell under these lease agreements for each of the three months ended September 30, 2011 and September 30, 2010 was approximately \$0.1 million. Additionally, the aggregate amount of payments for each of the nine months ended September 30, 2011 and September 30, 2010 was approximately \$0.3 million. The Company vacated the office space owned by Amsdell and Amsdell in 2007, but remains obligated under certain terms of the lease agreements through 2014. Subsequently, the Company entered into a sublease agreement for a portion of the space with a third party for the remainder of the lease term.

Total future minimum rental payments under the related party lease agreements as of September 30, 2011 are as follows:

	Due to Related Party Amount		Due from Subtenant Amount
	(in thousands)		
2011	\$ 119	\$	70
2012	475		278
2013	499		278
2014	499		278
	\$ 1,592	\$	904

13. PRO FORMA FINANCIAL INFORMATION

During the nine months ended September 30, 2011, the Company acquired nine self-storage facilities for an aggregate purchase price of approximately \$78.6 million (see note 4).

The condensed consolidated pro forma financial information set forth below reflects adjustments to the Company's historical financial data to give effect to each of the acquisitions and related financing activity (including the issuance of common shares) that occurred during 2011 as if each had occurred as of January 1, 2010. The unaudited pro forma information presented below does not purport to represent what the Company's actual results of operations would have been for the periods indicated, nor does it purport to represent the Company's future results of

operations.

Edgar Filing: CubeSmart - Form 10-Q

Table of Contents

The following table summarizes, on a pro forma basis, the Company's consolidated results of operations for the nine months ended September 30, 2011 and 2010 based on the assumptions described above:

	Nine Months Ended September 30,	
	2011	2010
	(in thousands, except per share data)	
Pro forma revenue	\$ 176,833	\$ 160,813
Pro forma net income (loss) from continuing operations	\$ 3,800	\$ (13,477)
Net income (loss) per common share from continuing operations		
Basic and diluted - as reported	\$ 0.01	\$ (0.13)
Basic and diluted - as pro forma	\$ 0.01	\$ (0.15)

The following table summarizes the Company's revenue and earnings related to the 2011 and 2010 acquisitions since the acquisition dates, included in the consolidated income statement for the nine months ended September 30, 2011 and 2010:

	Nine Months Ended September 30,	
	2011	2010
	(in thousands)	
Revenue	\$ 12,029	\$ 223
Net income (loss) from continuing operations	\$ (919)	\$ 179

15. SUBSEQUENT EVENTS

On October 24, 2011, the Company entered into a purchase agreement to acquire a portfolio of 22 self-storage facilities from Storage Deluxe, an unaffiliated third party. The facilities are located in New York, Pennsylvania and Connecticut. The aggregate purchase price for the properties is approximately \$560 million. Consummation of the Storage Deluxe acquisition is subject to closing conditions.

Edgar Filing: CubeSmart - Form 10-Q

On October 24, 2011, we received \$300.0 million of combined bridge financing facilities from affiliates of Wells Fargo Securities, LLC (Wells). Under these facilities, an affiliate of Wells has agreed to provide us with a new \$100.0 million unsecured term loan facility, subject to certain conditions, including the absence of material adverse change, satisfactory due diligence, and the receipt of at least \$175.0 million in equity capital. This term loan facility will mature within six months, but we will have the ability to extend the term for an additional five years. Our obligations under this term loan facility will be guaranteed by all our existing and future material subsidiaries. The other covenants, indemnification provisions and conditions precedent to borrowings under this term loan facility are substantially the same as those under our existing unsecured Credit Facility. The commitments under this term loan facility are available until April 30, 2012 and are subject to certain conditions. Also under these facilities, another affiliate of Wells has agreed to

Table of Contents

purchase, upon our request and subject to certain conditions, up to 8,000,000 shares (which number of shares is subject to reduction in connection with certain capital raising activities of CubeSmart and the Operating Partnership) of a new class of preferred shares of CubeSmart that, if issued, would be designated as Series B Cumulative Redeemable Preferred Shares and would have a liquidation preference of \$25.00 per share and be issued at a price per share equal to \$24.08. If CubeSmart elects to sell any such shares, the closing will occur no later than March 31, 2012. Proceeds from the sale, if any, of such shares will be used to fund directly or indirectly a portion of the purchase price for the Storage Deluxe acquisition. The obligation of the Wells affiliate to purchase such shares is subject to customary closing conditions.

On October 28, 2011, the Company completed its public offering of 23,000,000 common shares at a public offering price of \$9.20, which reflects the full exercise by the underwriters of their option to purchase 3,000,000 shares to cover over-allotments. The Company received approximately \$202.4 million in net proceeds from the offering after deducting the underwriting discount and other estimated offering expenses.

On November 2, 2011, the Company closed an underwritten public offering of 2,800,000 of the Company's Series A preferred shares at a price to the public of \$25.00 per share for gross proceeds of \$70 million. The financing provided approximately \$67.5 million to the Company after deducting the underwriting discount and offering expenses.

On November 3, 2011, the Company closed on the purchase of 16 of the Storage Deluxe facilities. In connection with the closing, the Company borrowed \$93 million from its revolving credit facility. The remaining properties are expected to close during the first quarter of 2012.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the financial statements and notes thereto appearing elsewhere in this report. The Company makes certain statements in this section that are forward-looking statements within the meaning of the federal securities laws. For a discussion of forward-looking statements, see the section in this report entitled "Forward-Looking Statements." Certain risk factors may cause actual results, performance or achievements to differ materially from those expressed or implied by the following discussion. For a discussion of such risk factors, see the section entitled "Risk Factors" in the Parent Company's Annual Report on the Form 10-K for the year ended December 31, 2010 and the section entitled "Risk Factors" in the Operating Partnership's Registration Statement on Form 10, as amended.

Overview

The Company is an integrated self-storage real estate company, and as such we have in-house capabilities in the operation, design, development, leasing, management and acquisition of self-storage facilities. The Parent Company's operations are conducted solely through the Operating Partnership and its subsidiaries. Effective September 14, 2011, the Parent Company changed its name from U-Store-It Trust to CubeSmart and the Operating Partnership changed its name from U-Store-It, L.P. to CubeSmart, L.P. The Parent Company has elected to be taxed as a REIT for U.S. federal income tax purposes. As of September 30, 2011 and December 31, 2010, the Company owned 353 and 363 self-storage facilities, respectively, totaling approximately 23.3 million rentable square feet and 23.6 million rentable square feet, respectively. In addition, as of September 30, 2011, the Company managed 103 properties for third parties bringing the total number of properties which it owned and/or managed to 456.

The Company derives revenues principally from rents received from its customers who rent units at its self-storage facilities under month-to-month leases. Therefore, our operating results depend materially on our ability to retain our existing customers and lease our available self-storage units to new customers while maintaining and, where possible, increasing our pricing levels. In addition, our operating results depend on the ability of our customers to make required rental payments to us. We have a decentralized approach to the management and operation of our facilities, which places an emphasis on local, market level oversight and control. We believe this approach allows us to respond quickly and effectively to changes in local market conditions, and to maximize revenues by managing rental rates and occupancy levels.

The Company typically experiences seasonal fluctuations in the occupancy levels of our facilities, which are generally slightly higher during the summer months due to increased moving activity.

The United States recently experienced an economic downturn that resulted in higher unemployment, stagnant employment growth, shrinking demand for products, large-scale business failures and tight credit markets. Our results of operations may be sensitive to changes in overall economic conditions that impact consumer spending, including discretionary spending, as well as to increased bad debts due to recessionary pressures. A continuation of ongoing adverse economic conditions affecting disposable consumer income, such as employment levels, business conditions, interest rates, tax rates, fuel and energy costs, and other matters could reduce consumer spending or cause consumers to shift their spending to other products and services. A general reduction in the level of discretionary spending or shifts in consumer discretionary spending could adversely affect our growth and profitability.

Edgar Filing: CubeSmart - Form 10-Q

In the future, the Company intends to focus on maximizing internal growth opportunities and selectively pursuing targeted acquisitions and developments of self-storage facilities. We intend to incur additional debt in connection with any such future acquisitions or developments.

The Company has one reportable segment: we own, operate, develop, manage and acquire self-storage facilities.

The Company's self-storage facilities are located in major metropolitan and rural areas and have numerous tenants per facility. No single tenant represents a significant concentration of our revenues. The facilities in Florida, California, Texas and Illinois provided approximately 17%, 12%, 11% and 7%, respectively, of total revenues for the three months ended September 30, 2011. The facilities in Florida, California, Texas and Illinois provided approximately 17%, 12%, 10% and 7%, respectively, of total revenues for the nine months ended September 30, 2011.

Table of Contents

Summary of Critical Accounting Policies and Estimates

Set forth below is a summary of the accounting policies and estimates that management believes are critical to an understanding of the unaudited consolidated financial statements included in this report. These policies require the application of judgment and assumptions by management and, as a result, are subject to a degree of uncertainty. Due to this uncertainty, actual results could differ from estimates calculated and utilized by management.

Self-Storage Facilities

The Company records self-storage facilities at cost less accumulated depreciation. Depreciation on the buildings and equipment is recorded on a straight-line basis over their estimated useful lives, which range from five to 40 years. Expenditures for significant renovations or improvements that extend the useful life of assets are capitalized. Repairs and maintenance costs are expensed as incurred.

When facilities are acquired, the purchase price is allocated to the tangible and intangible assets acquired and liabilities assumed based on estimated fair values. When a portfolio of facilities is acquired, the purchase price is allocated to the individual facilities based upon an income approach or a cash flow analysis using appropriate risk adjusted capitalization rates, which take into account the relative size, age and location of the individual facility along with current and projected occupancy and rental rate levels or appraised values, if available. Allocations to the individual assets and liabilities are based upon comparable market sales information for land, buildings and improvements and estimates of depreciated replacement cost of equipment.

In allocating the purchase price for an acquisition, the Company determines whether the acquisition includes intangible assets or liabilities. Substantially all of the leases in place at acquired facilities are at market rates, as the majority of the leases are month-to-month contracts. Accordingly, to date no portion of the purchase price has been allocated to above- or below-market lease intangibles. To date, no intangible asset has been recorded for the value of tenant relationships, because the Company does not have any concentrations of significant tenants and the average tenant turnover is fairly frequent.

During 2010, the Company acquired 85 management contracts from United Stor-All Management, LLC (United Stor-All). The Company accounted for this acquisition as a business combination. The Company recorded the fair value of the assets acquired which includes the intangible value related to the management contracts as other assets, net on the Company's consolidated balance sheet. The average estimated life of the intangible value of the management contracts is 56 months from the April 2010 closing and the related amortization expense recognized during the three and nine months ended September 30, 2011 was \$0.3 million and \$1.0 million, respectively. The Company recognized \$0.3 million and \$0.5 million of amortization during the three months and nine months ended September 30, 2010, respectively. Additionally, during 2010, the Company acquired 12 self-storage facilities and allocated approximately \$3.7 million to the intangible value of the in-place leases. The related amortization expense recognized during the three and nine months ended September 30, 2011 was approximately \$0.9 million and \$2.8 million, respectively. The amortization expense recognized during the three and nine months ended September 30, 2010 was approximately \$0.7 million.

During the nine months ended September 30, 2011, the Company acquired nine self-storage facilities for an aggregate purchase price of \$78.6 million and allocated approximately \$4.2 million to the intangible value of in-place leases at the time of acquisition. The Company recognized

Edgar Filing: CubeSmart - Form 10-Q

amortization expense related to these assets of \$1.0 million and \$1.6 million during the three and nine months ended September 30, 2011, respectively. In connection with one of the acquisitions, the Company assumed mortgage debt with an outstanding principal balance of \$7.5 million and recorded a premium of \$0.5 million to reflect the fair value of the debt at the time of assumption.

Long-lived assets classified as held for use are reviewed for impairment when events and circumstances such as declines in occupancy and operating results indicate that there may be impairment. The carrying value of these long-lived assets is compared to the undiscounted future net operating cash flows, plus a terminal value, attributable to the assets to determine if the property's basis is recoverable. If a property's basis is not considered recoverable, an impairment loss is recorded to the extent the net carrying value of the asset exceeds the fair value. The impairment loss recognized equals the excess of net carrying value over the related fair value of the asset. There were no impairment losses recognized in accordance with these procedures for the periods ended September 30, 2011 and 2010.

The Company considers long-lived assets to be held for sale upon satisfaction of the following criteria: (a) management commits to a plan to sell a facility (or group of facilities), (b) the facility is available for immediate sale in its present condition subject only to

Table of Contents

terms that are usual and customary for sales of such facilities, (c) an active program to locate a buyer and other actions required to complete the plan to sell the facility have been initiated, (d) the sale of the facility is probable and transfer of the asset is expected to be completed within one year, (e) the facility is being actively marketed for sale at a price that is reasonable in relation to its current fair value, and (f) actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Typically these criteria are all met when the relevant asset is under contract, significant non-refundable deposits have been made by the potential buyer, the assets are immediately available for transfer and there are no contingencies related to the sale that may prevent the transaction from closing. In most transactions, these contingencies are not satisfied until the actual closing of the transaction; accordingly, the facility is not identified as held for sale until the closing actually occurs. However, each potential transaction is evaluated based on its separate facts and circumstances. Properties classified as held for sale are reported at the lesser of carrying value or fair value less estimated costs to sell.

Revenue Recognition

Management has determined that all of our leases with tenants are operating leases. Rental income is recognized in accordance with the terms of the lease agreements or contracts, which generally are month-to-month.

The Company recognizes gains on disposition of properties only upon closing in accordance with the guidance on sales of real estate. Payments received from purchasers prior to closing are recorded as deposits. Profit on real estate sold is recognized using the full accrual method upon closing when the collectability of the sales price is reasonably assured and the Company is not obligated to perform significant activities after the sale. Profit may be deferred in whole or part until the sale meets the requirements of profit recognition on sales under this guidance.

Share-Based Payments

We apply the fair value method of accounting for contingently issued shares and share options issued under our equity incentive plans. Accordingly, share compensation expense is recorded ratably over the vesting period relating to such contingently issued shares and options. The Company has elected to recognize compensation expense on a straight-line method over the requisite service period.

Noncontrolling Interests

Noncontrolling interests are the portion of equity (net assets) in a subsidiary not attributable, directly or indirectly, to a parent. The ownership interests in the subsidiary that are held by owners other than the parent are noncontrolling interests. In accordance with authoritative guidance issued on noncontrolling interests in consolidated financial statements, such noncontrolling interests are reported on the consolidated balance sheets within equity/capital, separately from the Parent Company's equity/capital. The guidance also requires that noncontrolling interests are adjusted each period so that the carrying value equals the greater of its carrying value based on the accumulation of historical cost or its redemption value. On the consolidated statements of operations, revenues, expenses and net income or loss from less-than-wholly-owned subsidiaries are reported at the consolidated amounts, including both the amounts attributable to the Parent Company and noncontrolling interests. Presentation of consolidated equity/capital activity is included for both quarterly and annual financial statements, including beginning

Edgar Filing: CubeSmart - Form 10-Q

balances, activity for the period and ending balances for shareholders' equity/capital, noncontrolling interests and total equity/capital. The Parent Company has adjusted the carrying value of its noncontrolling interests subject to redemption value and limited partnership interest of third parties to the extent applicable. Disclosure of such redemption value provisions is provided in Note 11 to the unaudited condensed consolidated financial statements.

Investments in Unconsolidated Real Estate Ventures

The Company accounts for its investments in unconsolidated real estate ventures under the equity method of accounting. Under the equity method, investments in unconsolidated joint ventures are recorded initially at cost, as investments in real estate entities, and subsequently adjusted for equity in earnings (losses), cash contributions, less distributions and impairments. On a periodic basis, management also assesses whether there are any indicators that the fair value of the Company's investments in unconsolidated real estate entities may be other than temporarily impaired. An investment is impaired only if the fair value of the investment, as estimated by management, is less than the carrying value of the investment and the decline is other than temporary. To the extent impairment has

Table of Contents

occurred, the loss shall be measured as the excess of the carrying amount of the investment over the fair value of the investment, as estimated by management. The determination as to whether an impairment exists requires significant management judgment about the fair value of its ownership interest. Fair value is determined through various valuation techniques, including but not limited to, discounted cash flow models, quoted market values and third party appraisals.

Results of Operations

The following discussion of our results of operations should be read in conjunction with the consolidated financial statements and the accompanying notes thereto. Historical results set forth in the consolidated statements of operations reflect only the existing facilities and should not be taken as indicative of future operations. The Company considers its same-store portfolio to consist of only those facilities owned and operated on a stabilized basis at the beginning and at the end of the applicable years presented. Same-store results are considered to be useful to investors in evaluating our performance because it provides information relating to changes in facility-level operating performance without taking into account the effects of acquisitions, developments or dispositions.

Acquisition and Development Activities

The comparability of the Company's results of operations is affected by the timing of acquisition and disposition activities during the periods reported. At September 30, 2011 and 2010, the Company owned 353 and 370 self-storage facilities and related assets, respectively. The following table summarizes the change in number of owned self-storage facilities from January 1, 2010 through September 30, 2011:

	2011	2010
Balance - January 1	363	367
Facilities acquired	1	
Facilities sold

Revenues

Edgar Filing: CubeSmart - Form 10-Q

Rental income increased from \$48.1 million for the three months ended September 30, 2010 to \$53.7 million for the three months ended September 30, 2011, an increase of \$5.6 million, or 12%. This increase is primarily attributable to \$4.4 million of additional income from the properties acquired in 2010 and 2011 and increases in average occupancy and scheduled annual rent per square foot on the same-store portfolio which contributed \$1.3 million to the increase in rental income during the third quarter 2011 as compared to the third quarter 2010.

Other property related income increased from \$4.7 million for the three months ended September 30, 2010 to \$5.9 million for the three months ended September 30, 2011, an increase of \$1.2 million, or 26%. This increase is primarily attributable to increased fee revenue and insurance commissions of \$0.9 million during the three months ended September 30, 2011 as compared to the three months ended September 30, 2010, which includes an increase of \$0.3 million related to the 2010 and 2011 acquisitions.

Property management fee income decreased to \$0.9 million for the three months ended September 30, 2011 from \$1.1 million for the three months ended September 30, 2010, a decrease of \$0.2 million. This decrease is attributable to a reduction in management fees related to the third party management business, which included 103 facilities as of September 30, 2011 and 122 facilities as of September 30, 2010.

Operating Expenses

Property operating expenses increased from \$23.1 million for the three months ended September 30, 2010 to \$24.9 million for the three months ended September 30, 2011, an increase of \$1.8 million, or 8%. This increase is primarily attributable to \$2.2 million of increased expenses associated with newly acquired properties and increased expenses related to the addition of 85 management contracts in April 2010, offset by a decrease in real estate tax expense of \$0.2 million related to the Company's same-store properties.

Edgar Filing: CubeSmart - Form 10-Q

Table of Contents

Depreciation and amortization increased from \$14.8 million for the three months ended September 30, 2010 to \$16.0 million for the three months ended September 30, 2011, an increase of \$1.2 million or 8%. This increase is primarily attributable to depreciation expense recognized in the 2011 period related to the 2010 and 2011 acquisitions, with no such significant expense recognized in the 2010 period.

General and administrative expenses decreased from \$6.6 million for the three months ended September 30, 2010 to \$5.5 million for the three months ended September 30, 2011, a decrease of \$1.1 million, or 17%. This decrease is primarily related to the timing of compensation related expense.

Other Income (Expenses)

Interest expense decreased from \$9.6 million for the three months ended September 30, 2010 to \$8.5 million for the three months ended September 30, 2011, a decrease of \$1.1 million, or 12%. Approximately \$120 million of net mortgage loan repayments during the period from July 1, 2010 through September 30, 2011 resulted in approximately \$1.2 million of reduced interest expense during the 2011 period, as compared to the 2010 period.

Discontinued Operations

Income from discontinued operations decreased from \$1.0 million for the three months ended September 30, 2010 to \$0.4 million for the three months ended September 30, 2011, a decrease of \$0.6 million. Income during the 2011 period relates to the sale of 18 assets during 2011. Income during the 2010 period is related to the sale of 18 assets during 2011 and 16 assets during 2010.

Gains on disposition of discontinued operations increased to \$3.5 million for the three months ended September 30, 2011 with no comparable gains during the 2010 period. Gains during 2011 related to the sale of 18 assets during the three months ended September 30, 2011.

Comparison of the nine months ended September 30, 2011 to the nine months ended September 30, 2010 (in thousands)

Table of Contents

Revenues

Rental income increased from \$140.5 million for the nine months ended September 30, 2010 to \$155.4 million for the nine months ended September 30, 2011, an increase of \$15.0 million, or 11%. This increase is primarily attributable to a full period impact of the 2010 and 2011 acquisitions of \$11.2 million and increases in average occupancy and scheduled annual rent per square foot on the same-store portfolio resulting in a \$3.7 million increase in rental income during the 2011 period as compared to the 2010 period.

Other property related income increased from \$13.0 million for the nine months ended September 30, 2010 to \$15.9 million for the nine months ended September 30, 2011, an increase of \$2.9 million, or 22%. This increase is primarily attributable to increased fee revenue and insurance commissions of \$2.7 million during the nine months ended September 30, 2011 as compared to the nine months ended September 30, 2010, which includes an increase of \$1.9 million related to the same-store portfolio.

Property management fee income increased to \$2.6 million for the nine months ended September 30, 2011 from \$1.7 million for the nine months ended September 30, 2010, an increase of \$0.9 million. This increase is attributable to nine months of management fees earned during the 2011 period related to the addition of 85 management contracts in April 2010, compared to five months of similar activity during the 2010 period.

Operating Expenses

Property operating expenses increased from \$67.5 million for the nine months ended September 30, 2010 to \$74.1 million for the nine months ended September 30, 2011, an increase of \$6.5 million, or 10%. This increase is primarily attributable to \$6.2 million of increased expenses associated with newly acquired properties and nine months of expenses in the 2011 period related to the addition of 85 management contracts in April 2010, compared to only five months of similar expenses in the 2010 period. In addition, we experienced a \$0.3 million increase in same-store expenses primarily attributable to a \$0.4 million increase in snow removal expense during the 2011 period as compared to the 2010 period.

Other Income (Expenses)

Interest expense decreased from \$29.3 million for the nine months ended September 30, 2010 to \$24.6 million for the nine months ended September 30, 2011, a decrease of \$4.7 million, or 16%. Approximately \$3.7 million of the reduced interest expense related to approximately \$223 million of net mortgage loan repayments during the period from January 1, 2010 through September 30, 2011. Interest expense also decreased as a result of lower interest rates on the Credit Facility during the 2011 period as compared to the 2010 period.

Loan procurement amortization expense - early repayment of debt was \$2.1 million for the nine months ended September 30, 2011, with no comparable expense during the 2010 period. This expense is related to the write-off of unamortized loan procurement costs associated with \$100 million of unsecured term loans that were repaid during the year.

Discontinued Operations

Income from discontinued operations increased from \$2.9 million for the nine months ended September 30, 2010 to \$3.4 million for the nine months ended September 30, 2011, an increase of \$0.5 million. Income during the 2011 period relates to the sale of 18 assets during 2011 and proceeds received in 2011 in conjunction with eminent domain proceedings on our North H Street asset initiated in 2009. Income during the 2010 period is related to the sale of 18 assets during 2011 and 16 assets during 2010.

Gains on disposition of discontinued operations increased to \$3.5 million for the nine months ended September 30, 2011 with no comparable gains during the 2010 period. Gains during 2011 related to the sale of 18 assets during the period.

Table of Contents**Cash Flows***Comparison of the nine months ended September 30, 2011 to the nine months ended September 30, 2010*

A comparison of cash flow from operating, investing and financing activities for the nine months ended September 30, 2011 and 2010 is as follows (in thousands):

	Nine Months Ended September 30,		
	2011	2010	Change
<u>Net cash flow provided by (used in):</u>			
Operating activities	\$ 64,375	\$ 50,947	\$ 13,428
Investing activities	\$ (54,633)	\$ (24,072)	\$ (30,561)
Financing activities	\$ (3,142)	\$ (106,440)	\$ 103,298

Cash flows provided by operating activities for the nine months ended September 30, 2011 and 2010 were \$64.4 million and \$50.9 million, respectively, an increase of \$13.5 million, or 27%. The increase primarily relates to increased net operating income levels of \$12.2 million during the nine months ended September 30, 2011 as compared to the nine months ended September 30, 2010 and \$1.9 million of proceeds received in conjunction with eminent domain proceedings on our North H Street asset during 2009.

Cash used in investing activities increased from \$24.1 million for the nine months ended September 30, 2010 to \$54.6 million for the nine months ended September 30, 2011, an increase of \$30.5 million. The increase primarily relates to higher acquisition activity in the 2011 period (nine facilities for an aggregate cash outflow of \$72.0 million) relative to three acquisitions during the 2010 period, a cash outflow of \$15.4 million related to interest acquired in a joint venture during the 2011 period, and collections of notes receivable repayments of \$20.1 million during the nine months ended September 30, 2010, offset by higher disposition activity in the 2011 period (18 facilities for an aggregate cash inflow of \$42.8 million) relative to no dispositions during the 2010 period.

Cash used in financing activities decreased from \$106.4 million to \$3.1 million during the nine months ended September 30, 2010 and 2011, respectively, a decrease of \$103.3 million. The decrease primarily relates to decreased net debt payments of \$135.3 million during the 2011 period as compared to the 2010 period, offset by lower common share issuance activity in 2011 compared to 2010 (proceeds of \$1.5 million and \$20.4 million, respectively) and increased distributions paid to shareholders and non-controlling interests of \$14.5 million during the 2011 period as compared to the 2010 period.

Liquidity and Capital Resources*Liquidity Overview*

Our cash flow from operations has historically been one of our primary sources of liquidity used to fund debt service, distributions and capital expenditures. We derive substantially all of our revenue from customers who lease space from us at our facilities. Therefore, our ability to generate cash from operations is dependent on the rents that we are able to charge and collect from our customers. We believe that the facilities in which we invest self-storage facilities are less sensitive than other real estate product types to current near-term economic downturns. However, prolonged economic downturns will adversely affect our cash flows from operations.

In order to qualify as a REIT for federal income tax purposes, the Parent Company is required to distribute at least 90% of its REIT taxable income, excluding capital gains, to its shareholders on an annual basis or pay federal income tax. The nature of our business, coupled with the requirement that we distribute a substantial portion of our income on an annual basis, will cause us to have substantial liquidity needs over both the short term and the long term.

Our short term liquidity needs consist primarily of funds necessary to pay operating expenses associated with our facilities, refinancing of certain mortgage indebtedness, interest expense and scheduled principal payments on debt, expected distributions to limited partners and shareholders and recurring capital expenditures. These liquidity needs will vary from year to year, in some cases significantly. We expect recurring capital expenditures remaining in fiscal year 2011 to be approximately \$2 million to \$4 million. In addition, we expect capital improvements totaling approximately \$10 million related to our store upgrade (Super Store) and

Table of Contents

rebranding initiatives, through June 30, 2012. Our currently scheduled principal payments on debt, including borrowings outstanding on the credit facility and unsecured term loans, are approximately \$1.5 million during the remainder of 2011 and \$159.5 million in 2012.

Our most restrictive debt covenants limit the amount of additional leverage we can add; however, we believe access to our credit facility, access to our at the market program and cash flow from operations are adequate to execute our current business plan and remain in compliance with our debt covenants.

Our liquidity needs beyond 2011 consist primarily of contractual obligations which include repayments of indebtedness at maturity, as well as potential discretionary expenditures such as (i) non-recurring capital expenditures; (ii) redevelopment of operating facilities; (iii) acquisitions of additional facilities; and (iv) development of new facilities. We will have to satisfy our needs through either additional borrowings, including borrowings under our revolving credit facility, sales of common or preferred shares and/or cash generated through facility dispositions and joint venture transactions.

Notwithstanding the discussion above, we believe that, as a publicly traded REIT, we will have access to multiple sources of capital to fund long term liquidity requirements, including the incurrence of additional debt and the issuance of additional equity. However, we cannot provide any assurance that this will be the case. Our ability to incur additional debt is dependent on a number of factors, including our degree of leverage, the value of our assets and borrowing restrictions that may be imposed by lenders. In addition, dislocations in the United States debt markets may significantly reduce the availability and increase the cost of long term debt capital, including conventional mortgage financing and commercial mortgage-backed securities financing. There can be no assurance that such capital will be readily available in the future. Our ability to access the equity capital markets is also dependent on a number of factors, including general market conditions for REITs and market perceptions about us.

Current and Expected Sources of Cash

As of September 30, 2011, we had approximately \$12.5 million in available cash and cash equivalents. In addition, we had approximately \$250 million of availability for borrowings under our revolving credit facility.

Bank Credit Facilities

On September 29, 2010, we amended the 2009 Credit Facility. The amended credit facility (the Credit Facility) consists of a \$200 million unsecured term loan and a \$250 million unsecured revolving credit facility. The Credit Facility has a three-year term expiring on December 7, 2013, is unsecured, and borrowings on the facility incur interest on a borrowing spread determined by our leverage levels plus LIBOR. We incurred \$2.5 million of costs in connection with executing this amendment, which are included as a component of loan procurement costs, net of amortization, on the consolidated balance sheet. Borrowings under the Credit Facility bear interest ranging from 3.25% to 3.75% over LIBOR depending on our leverage ratio. If we receive two investment grade ratings, pricing on the Credit Facility will adjust to range from 1.90% to 3.00% over LIBOR.

Edgar Filing: CubeSmart - Form 10-Q

On June 20, 2011, we entered into a Term Loan Agreement (the Term Loan Facility) which consisted of a \$100 million term loan with a five-year maturity and a \$100 million term loan with a seven-year maturity. The Term Loan Facility permits the Company to request additional advances of five-year or seven-year loans in minimum increments of \$5,000,000 provided that the aggregate of such additional advances does not exceed \$50,000,000. We incurred \$2.1 million in connection with executing the agreement and capitalized such costs as a component of loan procurement costs, net of amortization on the consolidated balance sheet. Pricing on the Term Loan Facility ranges, depending on the Company's leverage levels, from 1.90% to 2.75% over LIBOR for the five-year loan, and from 2.05% to 2.85% over LIBOR for the seven-year loan, and each loan has no LIBOR floor. If we receive two investment grade ratings, pricing on the Term Loan Facility will adjust to range from 1.45% to 2.10% over LIBOR for the five-year loan, and from 1.60% to 2.25% over LIBOR for the seven-year loan. We incurred \$2.1 million in connection with executing the agreement and capitalized such costs as a component of loan procurement costs, net of amortization on the consolidated balance sheet.

On September 30, 2011, \$200 million of unsecured term loan borrowings were outstanding under the Term Loan Facility, \$100 million of unsecured term loan borrowings were outstanding under the Credit Facility, and \$250 million was available for borrowing under the Credit Facility. We had an interest rate cap agreement as of September 30, 2011, that effectively limited the LIBOR component of the interest rate on \$100 million of Credit Facility borrowings to 2.00% per annum through January 2012. In addition, we had interest rate swap agreements as of September 30, 2011 that fix LIBOR on both the five and seven-year term loans through their respective maturity dates. The interest rate swap agreements fix thirty day LIBOR over the terms of the five and seven-year term loans at 1.80% and 2.47%, respectively. We recognized loan procurement amortization expense - early repayment of debt of \$2.1

Table of Contents

million related to the write-off of unamortized loan procurement costs associated with \$100 million of unsecured term loans that were repaid during the nine months ended September 30, 2011.

As of September 30, 2011, borrowings under the Credit Facility and Term Loan Facility had a weighted average interest rate of 3.90% and the effective interest rates on the five and seven-year term loans were 3.70% and 4.52%, respectively, after giving consideration to the interest rate swaps described in Note 8.

Our ability to borrow under the Credit Facility and Term Loan Facility is subject to our ongoing compliance with certain financial covenants which include:

- Maximum total indebtedness to total asset value of 60.0% at any time;
- Minimum fixed charge coverage ratio of 1.50:1.00; and
- Minimum tangible net worth of \$821,211,200 plus 75% of net proceeds from equity issuances after September 30, 2010.

Further, under the Credit Facility and Term Loan Facility, we are restricted from paying distributions on our common shares that would exceed an amount equal to the greater of (i) 95% of our funds from operations, and (ii) such amount as may be necessary to maintain our REIT status.

We are currently in compliance with all of our financial covenants and anticipate being in compliance with all of our financial covenants through the terms of the Credit Facility and Term Loan Facility.

At The Market Program

On September 16, 2011, we amended our sales agreement with Cantor Fitzgerald & Co. (the Sales Agent) dated April 3, 2009 and as amended on January 26, 2011 (as amended, the Sales Agreement) to increase the number of common shares that the Sales Agent may sell under the Sales Agreement from 15,000,000 to 20,000,000. During the three and nine months ended September 30, 2011 we sold 140,000 shares under the program at an average sales price of \$10.75 per share resulting in net proceeds of \$1.5 million (\$60.1 million of net proceeds and 8.2 million shares sold with an average sales price of \$7.30 since program inception in 2009). The Company used the net proceeds to fund the acquisition of storage facilities and for general corporate purposes.

Edgar Filing: CubeSmart - Form 10-Q

Future sales of common shares, if any, under the Sales Agreement will depend upon market conditions and other factors to be determined by the Company and may be made in negotiated transactions or transactions that are deemed to be at the market offerings. We have no obligation to sell any common shares under the Sales Agreement, and may at any time suspend solicitation and offers under the Sales Agreement or terminate the Sales Agreement.

Recent Developments

On October 24, 2011, the Company entered into an agreement to acquire a portfolio of 22 self-storage facilities from Storage Deluxe that contain an aggregate of approximately 1.6 million rentable square feet in properties located in New York, Pennsylvania and Connecticut. The aggregate purchase price for the properties is approximately \$560 million. Storage Deluxe is unaffiliated with the Company and terms of the transaction were determined through arm's-length negotiation.

In connection with the Storage Deluxe acquisition, on October 24, 2011, we received \$300.0 million of combined bridge financing facilities from affiliates of Wells Fargo Securities, LLC (Wells). Under these facilities, an affiliate of Wells has agreed to provide us with a new \$100.0 million unsecured term loan facility, subject to certain conditions, including the absence of material adverse change, satisfactory due diligence, and the receipt of at least \$175.0 million in equity capital. This term loan facility will mature within six months, but we will have the ability to extend the term for an additional five years. Our obligations under this term loan facility will be guaranteed by all our existing and future material subsidiaries. The other covenants, indemnification provisions and conditions precedent to borrowings under this term loan facility are substantially the same as those under our existing unsecured Credit Facility described above. The commitments under this term loan facility are available until April 30, 2012 and are subject to certain

Table of Contents

conditions. Also under these facilities, another affiliate of Wells has agreed to purchase, upon our request and subject to certain conditions, up to 8,000,000 shares (which number of shares will be reduced in connection with certain capital raising activities of CubeSmart and the Operating Partnership) of a new class of preferred shares of CubeSmart that, if issued, would be designated as Series B Cumulative Redeemable Preferred Shares and would have a liquidation preference of \$25.00 per share and be issued at a price per share equal to \$24.08. If CubeSmart elects to sell any such shares, the closing will occur no later than March 31, 2012. Proceeds from the sale, if any, of such shares will be used to fund directly or indirectly a portion of the purchase price for the Storage Deluxe acquisition. The obligation of the Wells affiliate to purchase such shares is subject to customary closing conditions.

On October 28, 2011, the Company completed its public offering of 23,000,000 common shares at a public offering price of \$9.20, which reflects the full exercise by the underwriters of their option to purchase 3,000,000 shares to cover over-allotments. The Company received approximately \$202.4 million in net proceeds from the offering after deducting the underwriting discount and other estimated offering expenses.

On November 2, 2011, the Company closed an underwritten public offering of 2,800,000 of the Company's Series A preferred shares at a price to the public of \$25.00 per share for gross proceeds of \$70 million. The financing provided approximately \$67.5 million to the Company after deducting the underwriting discount and offering expenses.

On November 3, 2011, the Company closed on the purchase of 16 of the Storage Deluxe facilities. In connection with the closing, the Company borrowed \$93 million from its revolving credit facility. The remaining properties are expected to close during the first quarter of 2012.

Non-GAAP Financial Measures

NOI

We define net operating income, which we refer to as *NOI*, as total continuing revenues less continuing property operating expenses. *NOI* also can be calculated by adding back to net income (loss): interest expense on loans, loan procurement amortization expense, loan procurement amortization expense, early repayment of debt, acquisition related costs, equity in losses of real estate ventures, amounts attributable to noncontrolling interests, other expense, depreciation and amortization expense, general and administrative expense, and deducting from net income: income from discontinued operations, gains on disposition of discontinued operations, other income, and interest income. *NOI* is not a measure of performance calculated in accordance with GAAP.

We use *NOI* as a measure of operating performance at each of our facilities, and for all of our facilities in the aggregate. *NOI* should not be considered as a substitute for operating income, net income, cash flows provided by operating, investing and financing activities, or other income statement or cash flow statement data prepared in accordance with GAAP.

We believe *NOI* is useful to investors in evaluating our operating performance because:

Edgar Filing: CubeSmart - Form 10-Q

- It is one of the primary measures used by our management and our facility managers to evaluate the economic productivity of our facilities, including our ability to lease our facilities, increase pricing and occupancy, and control our property operating expenses;
- It is widely used in the real estate industry and the self-storage industry to measure the performance and value of real estate assets without regard to various items included in net income that do not relate to or are not indicative of operating performance, such as depreciation and amortization expense, which can vary depending upon accounting methods and the book value of assets; and
- It helps our investors to meaningfully compare the results of our operating performance from period to period by removing the impact of our capital structure (primarily interest expense on our outstanding indebtedness) and depreciation of our basis in our assets from our operating results.

There are material limitations to using a measure such as NOI, including the difficulty associated with comparing results among more than one Company and the inability to analyze certain significant items, including depreciation and interest expense, that directly affect our net income. We compensate for these limitations by considering the economic effect of the excluded expense items independently as well as in connection with our analysis of net income. NOI should be considered in addition to, but not as a substitute for, other measures of financial performance reported in accordance with GAAP, such as total revenues, operating income and net income.

Table of Contents**FFO**

Pursuant to the revised definition of Funds from Operations adopted by the Board of Governors of the National Association of Real Estate Investment Trusts (NAREIT), we calculate Funds from Operations, or FFO, by adjusting net income (computed in accordance with GAAP, including non-recurring items) for gains (or losses) from sales of properties, real estate related depreciation and amortization, and after adjustment for unconsolidated partnerships and joint ventures. FFO is a non-GAAP financial measure. The use of FFO, combined with the required primary GAAP presentations, has been fundamentally beneficial in improving the understanding of operating results of REITs among the investing public and making comparisons of REIT operating results more meaningful. Management generally considers FFO to be a useful measure for reviewing our comparative operating and financial performance because, by excluding gains and losses related to sales of previously depreciated operating real estate assets and excluding real estate asset depreciation and amortization (which can vary among owners of identical assets in similar condition based on historical cost accounting and useful life estimates), FFO can help one compare the operating performance of a company's real estate between periods or as compared to different companies. Our computation of FFO may not be comparable to FFO reported by other REITs or real estate companies that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently.

FFO should not be considered as an alternative to net income (determined in accordance with GAAP) as an indication of our performance. FFO does not represent cash generated from operating activities determined in accordance with GAAP and is not a measure of liquidity or an indicator of our ability to make cash distributions. We believe that to further understand our performance, FFO should be compared with our reported net income and considered in addition to cash flows in accordance with GAAP, as presented in our Consolidated Financial Statements.

The following table presents a reconciliation of net income to FFO for the three and nine months ended September 30, 2011 and 2010 (in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2011	2010	2011	2010
Net income (loss)	\$ 7,928	\$ (1,115)	\$ 9,992	\$ (8,696)
Add (deduct):				
Real estate depreciation and amortization	15,639	15,239	46,426	47,159
Gains on sale of real estate	(3,527)		(3,527)	
Noncontrolling interests in subsidiaries share of FFO	(1,198)	(1,003)	(3,353)	(2,958)
FFO	\$ 18,842	\$ 13,121	\$ 49,538	\$ 35,505
Weighted-average diluted shares and units outstanding	105,013	99,620	104,997	99,005

Off-Balance Sheet Arrangements

We do not currently have any off-balance sheet arrangements.

Table of Contents

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company's future income, cash flows and fair values relevant to financial instruments depend upon prevailing interest rates.

Market Risk

Our investment policy relating to cash and cash equivalents is to preserve principal and liquidity while maximizing the return through investment of available funds.

Effect of Changes in Interest Rates on our Outstanding Debt

The analysis below presents the sensitivity of the market value of our financial instruments to selected changes in market rates. The range of changes chosen reflects our view of changes which are reasonably possible over a one-year period. Market values are the present value of projected future cash flows based on the market rates chosen.

Our financial instruments consist of both fixed and variable rate debt. As of September 30, 2011, our consolidated debt consisted of \$346.0 million in fixed rate loans payable and \$300 million in variable rate unsecured term loans. All financial instruments were entered into for other than trading purposes and the net market value of these financial instruments is referred to as the net financial position. Changes in interest rates have different impacts on the fixed and variable rate portions of our debt portfolio. A change in interest rates on the fixed portion of the debt portfolio impacts the net financial instrument position, but has no impact on interest incurred or cash flows. A change in interest rates on the variable portion of the debt portfolio impacts the interest incurred and cash flows, but does not impact the net financial instrument position.

If market rates of interest on our variable rate debt increase by 1%, the increase in annual interest expense on our variable rate debt would decrease future earnings and cash flows by approximately \$3.0 million a year. If market rates of interest on our variable rate debt decrease by 1%, the decrease in interest expense on our variable rate debt would increase future earnings and cash flows by approximately \$3.0 million a year.

If market rates of interest increase by 1%, the fair value of our outstanding fixed-rate mortgage debt would decrease by approximately \$7.0 million. If market rates of interest decrease by 1%, the fair value of our outstanding fixed-rate mortgage debt would increase by approximately \$7.2 million.

ITEM 4. CONTROLS AND PROCEDURES

Controls and Procedures (Parent Company)

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, the Parent Company carried out an evaluation, under the supervision and with the participation of its management, including its chief executive officer and chief financial officer, of the effectiveness of the design and operation of its disclosure controls and procedures (as defined in Rules 13a-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)). Based on that evaluation, the Parent Company's chief executive officer and chief financial officer have concluded that the Parent Company's disclosure controls and procedures are effective.

Based on that evaluation, the Parent Company's chief executive officer and chief financial officer have concluded that the Parent Company's disclosure controls and procedures are designed at a reasonable assurance level and are effective to provide reasonable assurance that information required to be disclosed by the Parent Company in reports that it files or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to the Parent Company's management, including its chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosure.

Table of Contents

Changes in Internal Controls Over Financial Reporting

There has been no change in the Parent Company's internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) during its most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, its internal control over financial reporting.

Controls and Procedures (Operating Partnership)

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, the Operating Partnership carried out an evaluation, under the supervision and with the participation of its management, including the Operating Partnership's chief executive officer and chief financial officer, of the effectiveness of the design and operation of the Operating Partnership's disclosure controls and procedures (as defined in Rules 13a-15(e) under the Exchange Act). Based on that evaluation, the Operating Partnership's chief executive officer and chief financial officer have concluded that the Operating Partnership's disclosure controls and procedures are effective.

Based on that evaluation, the Operating Partnership's chief executive officer and chief financial officer have concluded that the Operating Partnership's disclosure controls and procedures are designed at a reasonable assurance level and are effective to provide reasonable assurance that information required to be disclosed by the Operating Partnership in reports that it files or submits under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to the Operating Partnership's management, including the Operating Partnership's chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Controls Over Financial Reporting

There has been no change in the Operating Partnership's internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Operating Partnership's internal control over financial reporting.

Table of Contents**PART II. OTHER INFORMATION****ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS**

The following table provides information about repurchases of the Parent Company's common shares during the three-month period ended September 30, 2011:

		Total Number of Shares Purchased (1)	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number of Shares that May Yet Be Purchased Under the Plans or Programs (2)
July 1	July 31		\$	N/A	3,000,000
August 1	August 31	3,858	10.40	N/A	3,000,000
September 1	September 30	144	9.90	N/A	3,000,000
Total		4,002	\$ 10.38	N/A	3,000,000

(1) Represents common shares withheld by the Parent Company upon the vesting of restricted shares to cover employee tax obligations.

(2) On September 27, 2007, the Parent Company announced that the Board of Trustees approved a share repurchase program for up to 3.0 million of the Parent Company's outstanding common shares. Unless terminated earlier by resolution of the Board of Trustees, the program will expire when the number of authorized shares has been repurchased. The Parent Company has made no repurchases under this program.

Table of Contents

ITEM 5. OTHER INFORMATION

We refer to our Current Report on Form 8-K filed on October 24, 2011 (the "Prior Form 8-K"). As indicated in Item 1.01 of the Prior Form 8-K, on October 24, 2011 CubeSmart, L.P., a Delaware limited partnership (the "Operating Partnership"), the operating partnership through which CubeSmart, a Maryland real estate investment trust (CubeSmart or the "Company" and together with the Operating Partnership, "we"), owns all of its assets and conducts its operations, entered into a purchase agreement to acquire a portfolio of 22 open and operating self-storage facilities from Storage Deluxe that contain an aggregate of approximately 1.6 million rentable square feet, including a recently opened 50,000 square foot property located in Bronx, NY (the "Storage Deluxe Acquisition"). The aggregate purchase price for all the properties in the Storage Deluxe Acquisition is approximately \$560 million, comprised of approximately \$472 million payable in cash and the assumption of approximately \$88 million of existing fixed-rate debt.

On November 3, 2011, the Operating Partnership completed the acquisition of 16 unencumbered properties with a purchase price of approximately \$357.3 million, which was paid in cash using approximately \$269.9 million in net proceeds from the Company's recently completed public offerings of common and preferred shares that had been contributed to the Operating Partnership and borrowings of approximately \$93 million under the revolving portion of our existing unsecured credit facility. In addition, approximately \$36 million of the \$45 million which had been deposited in escrow as earnest money in the Storage Deluxe Acquisition were released from escrow and applied towards payment of the \$357.3 million purchase price. As indicated in the Prior Form 8-K, we anticipate closing on the purchase of the remaining properties with a purchase price of approximately \$202.7 million, including the assumption of \$88 million of secured fixed-rate debt, immediately following completion of the loan assumption process which, as we indicated in the Prior Form 8-K, we expect to occur during the first quarter of 2012, except that closing under two of these remaining properties may be further extended in order to secure certain third party consents. We cannot assure you, however, that we will be able to complete the acquisition of these remaining properties as anticipated or at all.
