1. Organization and Basis of Presentation

HealthWarehouse.com, Inc., a Delaware company incorporated in 1998, (the “Company”) is a U.S. licensed virtual retail pharmacy (“VRP”) and healthcare e-commerce company that sells brand name and generic prescription drugs as well as over-the-counter (“OTC”) medical products. The Company’s objective is to be viewed by individual healthcare product consumers as a low-cost, reliable and hassle-free provider of prescription drugs and OTC medical products. The Company is presently licensed as a mail-order pharmacy for sales to 50 states and the District of Columbia.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information. Accordingly, they do not include all of the information and disclosures required by GAAP for annual financial statements. In the opinion of management, such statements include all adjustments (consisting only of normal recurring items) which are considered necessary for a fair presentation of the condensed consolidated financial statements of the Company as of March 31, 2013 and for the three months ended March 31, 2013 and 2012. The results of operations for the three months ended March 31, 2013 are not necessarily indicative of the operating results for the full year ending December 31, 2013. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and related disclosures of the Company as of December 31, 2012 and for the year then ended, which were filed with the Securities and Exchange Commission on Form 10-K on July 23, 2013.

2. Going Concern and Management’s Liquidity Plans

Since inception, the Company has financed its operations primarily through debt and equity financings and advances from related parties. As of March 31, 2013, the Company had a working capital deficiency of \$3,909,308 and an accumulated deficit of \$26,509,602. During the three months ended March 31, 2013 and year ended December 31, 2012, the Company incurred net losses of \$4,078,366 and \$5,574,775 and used cash in operating activities of \$457,373 and \$947,911, respectively. These conditions raise substantial doubt about the Company’s ability to continue as a going concern.

Subsequent to March 31, 2013, the Company (a) had a closing of its private placement offering in the amount of \$125,000 which funds had been received by the Company during the three months ended March 31, 2013; (b) raised an aggregate of \$149,000 in debt financings; and (c) continues to incur net losses, use cash in operating activities and experience cash and working capital constraints. See Note 11.

On February 13, 2013, the Company received a Notice of Redemption related to its Series C Redeemable Preferred Stock aggregating \$1,000,000 (see Note 7). As a result of receiving the Notice of Redemption, the Company must now apply all of its assets to redemption of the Series C Preferred Stock and to no other corporate purpose, except to the extent prohibited by Delaware law governing distributions to stockholders (the Company is not permitted to utilize toward the redemption those assets required to pay its debts as they come due and those assets required to continue as a going concern).

The Company recognizes it will need to raise additional capital in order to fund operations, meet its payment obligations and execute its business plan. There is no assurance that additional financing will be available when

needed or that management will be able to obtain financing on terms acceptable to the Company and whether the Company will become profitable and generate positive operating cash flow. If the Company is unable to raise sufficient additional funds, it will have to develop and implement a plan to further extend payables, attempt to extend note repayments, attempt to negotiate the preferred stock redemption and reduce overhead until sufficient additional capital is raised to support further operations. There can be no assurance that such a plan will be successful. If the Company is unable to obtain financing on a timely basis, the Company could be forced to sell its assets, discontinue its operation and /or seek reorganization under the U.S. bankruptcy code.

Accordingly, the accompanying condensed consolidated financial statements have been prepared in conformity with GAAP, which contemplates continuation of the Company as a going concern and the realization of assets and the satisfaction of liabilities in the normal course of business. The carrying amounts of assets and liabilities presented in the condensed consolidated financial statements do not necessarily represent realizable or settlement values. The condensed consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

3. Summary of Significant Accounting Policies

Principles of Consolidation

The condensed consolidated financial statements include the accounts of HealthWarehouse.com, Inc., Hwareh.com, Inc., Hocks.com, Inc., ION Holding NV, and ION Belgium NV, its wholly-owned subsidiaries. ION Holding NV and ION Belgium NV are inactive subsidiaries. All material inter-company balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The Company's significant estimates include reserves related to accounts receivable and inventory, the recoverability and useful lives of long-lived assets, the valuation allowance related to deferred tax assets, the valuation of equity instruments and debt discounts.

Reclassifications

Certain accounts in the prior period condensed consolidated financial statements have been reclassified for comparison purposes to conform to the presentation of the current period condensed consolidated financial statements. These reclassifications had no effect on the previously reported net loss.

Revenue Recognition

Revenues for the sales of products are recognized when persuasive evidence of an arrangement exists, delivery has occurred, the fee is fixed and determinable and collectability is reasonably assured. The Company defers revenue when cash has been received from the customer but delivery has not yet occurred. Such amounts are reflected as deferred revenues in the accompanying condensed consolidated financial statements.

Net Loss Per Share of Common Stock

Basic net loss per share is computed by dividing net loss attributable to common stockholders by the weighted average number of common shares outstanding during the period. Diluted net loss per share reflects the potential dilution that could occur if securities or other instruments to issue common stock were exercised or converted into common stock. Potentially dilutive securities are excluded from the computation of diluted net loss per share if their inclusion would be anti-dilutive and consist of the following:

	March 31,	
2013		2012

Options	2,451,483	2,033,807
Warrants	6,047,119	2,916,590
Series B Convertible Preferred Stock	3,407,313	1,973,425
Convertible Promissory Notes	-	529,100
Total potentially dilutive shares	11,905,915	7,452,922

#### Stock-Based Compensation

Stock-based compensation expense for all stock-based payment awards is based on the estimated fair value of the award. For employees and directors, the award is measured on the grant date. For non-employees, the award is measured on the grant date and is then remeasured at each vesting date and financial reporting date. The Company recognizes the estimated fair value of the award as compensation cost over the requisite service period of the award, which is generally the option vesting term. The Company generally issues new shares of common stock to satisfy option and warrant exercises.

## 3. Summary of Significant Accounting Policies – Continued

## Recently Issued Accounting Pronouncements

In July 2013, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2013-11, “Income Taxes (Topic 740): Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists.” This ASU addresses the requirements regarding the financial statement presentation of an unrecognized tax benefit within Accounting Standards Codification (“ASC”) Topic 740 for the purpose of providing consistency between the financial reporting of U.S. GAAP entities. Generally, this ASU provides guidance for the preparation of financial statements and disclosures when a net operating loss carryforward, a similar tax loss, or a tax credit carryforward exists. This ASU is effective for periods beginning after December 15, 2013 and is not expected to have any impact on the Company’s condensed consolidated financial statements or disclosures.

## 5. Convertible Notes Payable

On February 1, 2013, the Company repaid convertible notes with an outstanding principal balance of \$1,000,000 plus outstanding accrued interest of \$163,861. The convertible notes bore interest at a rate of 7% per annum compounded annually and were due on December 31, 2012. The Company recorded amortization of debt discount associated with convertible notes payable of \$82,616 for the three months ended March 31, 2012 using the effective interest method. As of December 31, 2012, the debt discount had been fully amortized.

#### 6. Notes Payable

On February 1, 2013, the Company repaid notes with an outstanding principal balance of \$2,000,000 plus outstanding accrued interest of \$199,260. The notes bore interest at a rate of 7% per annum and were due on January 15, 2013. The Company recorded amortization of debt discount associated with notes payable of \$44,363 and \$133,095 for the three months ended March 31, 2013 and 2012, respectively, using the effective interest method.

On March 28, 2013, the Company entered into a Loan and Security Agreement (the "Loan Agreement") with a lender (the "Lender"). Under the terms of the Loan Agreement, the Company borrowed \$500,000 from the Lender (the "Loan"). The Loan is evidenced by a promissory note (the "March Note") and bears interest on the unpaid principal balance of the March Note until the full amount of principal has been paid at a floating rate equal to the Prime Rate plus four and one-quarter percent (4.25%) per annum (as of March 31, 2013, the Prime Rate was 3.25% per annum). Under the terms of the Loan Agreement, the Company has agreed to make monthly payments of accrued interest on the first day of every month, beginning on May 1, 2013. The principal amount and all unpaid accrued interest on the March Note is payable on March 1, 2015, or earlier in the event of default or a sale or liquidation of the Company. The Loan may be prepaid in whole or in part at any time by the Company without penalty.

6. Notes Payable – Continued

The Company granted the Lender a first, priority security interest in all of the Company's assets, in order to secure the Company's obligation to repay the Loan. The Loan Agreement contains customary negative covenants restricting the Company's ability to take certain actions without the Lender's consent, including incurring additional indebtedness, transferring or encumbering assets, paying dividends or making certain other payments, and acquiring other businesses. Upon the occurrence of an event of default, the Lender has the right to impose interest at a rate equal to five percent (5.0%) per annum above the otherwise applicable interest rate (the "Default Rate"). The repayment of the Loan may be accelerated prior to the maturity date upon certain specified events of default, including failure to pay, bankruptcy, breach of covenant, and breach of representations and warranties.

In consideration of the Loan, the Company granted the Lender a five-year warrant to purchase 750,000 shares of common stock at an exercise price of \$0.35 per share. The warrants contain customary anti-dilution provisions. The warrant had a relative fair value of \$315,300 which was set up as debt discount and will be amortized using the effective interest method over the term of the Loan. Including the value of the warrant, the March Note had an effective interest rate of 40% per annum.

The aggregate amount includes \$500,000, which was received from an officer, and \$850,002, which was received during the fourth quarter of 2012 and classified as restricted cash as of December 31, 2012. Each unit consists of (i) one share of the Company's common stock and (ii) a five-year warrant to purchase three shares of the Company's common stock at an exercise price of \$0.25 per share, such that warrants to purchase an aggregate of 10,130,925 shares of common stock were issued. Substantially all of the proceeds from the sale of the units were used by the Company to satisfy all of its obligations under the convertible notes and notes (see Notes 5 and 6). In connection with the Private Placement, an officer has entered into repurchase agreements with certain purchasers of units, pursuant to which he has agreed to repurchase, subject to certain conditions, one-half of these holder's units at a purchase price of \$1.00 per unit if the closing price of the Common Stock is less than \$0.25 on five consecutive trading days at any time within one year of February 1, 2013. Cape Bear, which holds a substantial equity position in the Company, also entered into repurchase agreements with certain purchasers, other than the officer, that are substantially similar to the officer's agreements, except that Cape Bear's obligations are secured by a lien over certain real estate.

On March 13, 2013, the Company exchanged \$761,000 of notes payable and other advances – related parties and \$72,000 of accounts payable to a related party into an aggregate of 833,000 units at a price of \$1.00 per unit. Each unit consists of (i) one share of the Company’s common stock, and (ii) a five-year warrant to purchase two and three-quarters shares of the Company’s common stock at an exercise price of \$0.25 per share (such that warrants to purchase an aggregate of 2,290,750 shares of common stock were issued). The \$3,625,900 aggregate fair value of the securities issued (\$2,639,700 related to the warrants and \$986,200 related to the common stock) was credited to equity at conversion. The Company recorded a \$2,792,900 extinguishment loss which represents the incremental fair value of the securities issued as compared to the carrying value of the liabilities.

Series B Preferred Stock

On January 1, 2013, the Company issued 27,630 shares of Series B Convertible Preferred Stock valued at \$261,084, representing approximately \$0.66 in value per share of Series B Preferred Stock outstanding to the Series B Convertible Preferred Stockholders as payment in kind for dividends (the "2013 Series B Dividend"). In connection with the 2013 Series B Dividend, the Company recognized a \$202,305 beneficial conversion feature during the three months ended March 31, 2013, which represents the difference between the commitment date value of the shares and the effective conversion price. In connection with the outstanding preferred stock, during the three months ended March 31, 2013 and 2012, the Company recorded \$69,840 and \$65,271 as contractual 7% dividends, respectively. As of December 31, 2012, February 1, 2013, March 13, 2013 and April 11, 2013, Series B holders are entitled to convert into 5.00, 7.61, 8.07 and 8.14 shares, respectively, of the Company's common stock for each share of Series B Preferred Stock due to the anti-dilution provision. The anti-dilution provision represents a contingent beneficial conversion feature. As of March 31, 2013, an incremental 1,295,738 shares of common stock are issuable at conversion of the Series B Convertible Preferred Stock as compared to the original terms. Using the commitment date common stock price in effect, the commitment date value of the incremental shares is \$3,332,792. However, recognition of beneficial conversion features is limited to the aggregate gross proceeds allocated to the preferred stock of \$3,199,689 (422,315 shares of Series B Convertible Preferred Stock times \$9.45 per share less the relative fair value of the warrants of \$791,188) less the \$1,666,967 beneficial conversion feature already recognized on the original issuance of 365,265 shares of Series B Preferred Stock (prior to the issuance of additional shares as payment-in-kind in lieu of cash dividends) and the \$202,305 recognized related to the 2013 Series B Dividend. Due to these limitations, a beneficial conversion feature of \$1,330,417 related to the incremental shares was recognized during the three months ended March 31, 2013.

Litigation

On February 9, 2012, two of our former stockholders, Rock Castle and Jason Smith (“Plaintiffs”), filed suit against the Company in the Hamilton County, Ohio Court of Common Pleas, alleging that the Company had breached the terms of certain stock options the Company granted to the Plaintiffs in connection with the Company’s now-terminated oral consulting arrangements with the Plaintiffs, by among other things, refusing Plaintiffs’ purported exercise of options to purchase 233,332 shares of the Company’s common stock at an exercise price of \$2.00 per share in December 2011. Plaintiffs have requested that, among other things, the court require the Company to permit the exercise of the 233,332 options. Plaintiffs have also provided an expert report indicating damages of \$2.086 million. Also named as defendants were two individuals, Michael Peppel and Gary Singer, whom Plaintiffs claim acted as agents for the Company in connection with its purchase of shares of its common stock from Plaintiffs in September 2011. On April 26, 2013, Plaintiffs dismissed Mr. Singer from the lawsuit. Trial of the case is currently scheduled for April of 2014. The Company denies all of the Plaintiffs’ claims and intends to contest this matter vigorously.

On October 9, 2012, American Express Travel Related Services Company, Inc. brought legal action against the Company in the Boone County, Kentucky Circuit Court. The Company filed an answer to the complaint on April 12, 2013. On May 13, 2013, the Company publicly announced that the Board of Directors had set the date for the Company's next annual meeting of stockholders as August 15, 2013 at 11:00 a.m. Eastern time. In lieu of further litigation, on July 18, 2013, the parties submitted to the court a proposed order confirming August 15, 2013 as the annual meeting date and establishing certain procedures related to the annual meeting. On July 18, 2013, the court entered the proposed order providing that (i) the Company shall notice and hold its annual meeting on August 15, 2013 for the election of directors and for the transaction of any other business properly brought before the meeting, and the date of the meeting shall not be adjourned, continued or postponed prior to the election of directors absent an order of the court; (ii) the shares of the Company's stock represented at the annual meeting, either in person or by proxy, and entitled to vote thereat shall constitute a quorum for purposes of the meeting, notwithstanding any contrary provision in the Company's certificate of incorporation or bylaws, and (iii) the record date for the determination of stockholders entitled to notice of and to vote at the annual meeting is July 1, 2013, and if the annual meeting noticed for August 15, 2013 is adjourned, continued or postponed prior to the election of directors pursuant to an order of the court, the Company may set a new record date in accordance with the Company's bylaws. Litigation – Continued

On April 23, 2013, the Company’s Board of Directors formed a Special Committee, chaired by Youssef Bennani, a director and Chairman of the Company’s Audit Committee, to investigate certain stockholder demands. Since March 1, 2013, the Company has received three letters from stockholders alleging certain breaches of fiduciary duties by directors of the Company and demanding that the Company commence investigations of the alleged conduct. On March 1, 2013, the Company received a letter on behalf of the holders of the Company’s Series B Preferred Stock (“Preferred Holders”) alleging that a convicted felon appears to be a consultant to the Company, owes the Company money, and exercises control over the Company. On March 8, 2013, the Company received a letter on behalf of stockholder Wayne Corona alleging that two directors, Matthew Stecker and John Backus, breached their fiduciary duties and demanding that the Company investigate legal claims against those directors. The letter alleges that the director designee of the holders of the Company’s Series B Preferred Stock and the director designee of New Atlantic Ventures Fund III, L.P. (“NAV”) acted in concert to attempt to scuttle the Company’s recent financing plan. The letter also alleged that the director designee of the Preferred Holders and the director designee of NAV sought to prevent the Company from paying back its lenders in 2010 and 2011. On March 18, 2013, the Company received a letter on behalf of the two directors denying the allegations and stating there was no proper basis for launching an investigation. On March 27, 2013, a letter on behalf of Messrs. Backus and Stecker, in their capacities as directors and stockholders, demanded that the Company (i) investigate alleged breaches of confidentiality and fiduciary duties by the Company’s President and CEO and two other directors in connection with the purported stockholder demand letter of Mr. Corona dated March 8, 2013, and (ii) assert related claims against those individuals. The letter also asserted that the director constituting the special committee, Youssef Bennani, is subject to alleged conflicts of interest that disqualify him from serving on any proposed special committee to evaluate the pending stockholder demands. The Special Committee has retained an independent law firm to conduct the investigation and advise the Special Committee.

On April 30, 2013, a purported class-action complaint was filed against the Company in the United States District Court for the Northern District of Illinois. The complaint alleges that the Company sent an unsolicited advertising fax to Glen Ellyn Pharmacy, the named plaintiff, and other recipients. The complaint alleges that such a fax violates the federal Telephone Consumer Protection Act (the “TCPA”), the Illinois Consumer Fraud Act and Illinois common law. Under the TCPA, recipients of unsolicited fax advertisements are entitled to damages of up to \$500 per fax for inadvertent violations and up to \$1,500 for knowing or willful violations. At the time of filing the complaint, the plaintiff also filed a motion asking the Court to certify a class of persons and entities who were sent advertising faxes by the Company which did not contain an opt out notice. On June 19, 2013, the plaintiff filed an amended class-action complaint which withdrew the two counts for alleged violations of the Illinois Consumer Fraud Act and the common law tort of conversion. The amended complaint eliminates claims for damages under Illinois law and leaves only a single count for an alleged violation of the TCPA. The Company filed an answer to the amended complaint on July 8, 2013 contesting class certification and liability. The District Court has not established or recognized any class. This litigation was resolved on September 24, 2013. The settlement amount is deemed to be de minimis.

On May 7, 2013, a putative stockholder derivative action was filed in the Court of Chancery of the State of Delaware against certain directors and the chief executive officer of the Company and against the Company, as a nominal defendant. The complaint alleges claims for breach of fiduciary duty, entrenchment and corporate waste arising out of the alleged failure to conduct annual meetings, SEC filing obligations, advances to a former employee and a \$500,000 secured loan to the Company which the entire board of directors approved. The derivative complaint seeks unspecified compensatory damages and other relief. The Company and the individual defendants believe that the allegations stated in the complaint are without merit and they intend to defend themselves vigorously against the allegations. The individual director defendants filed a motion to dismiss the complaint on July 22, 2013 and filed an opening brief in support of the motion to dismiss on August 2, 2013. The Company joined in the motion to dismiss. Plaintiff's brief in opposition to the motion to dismiss was due on September 16, 2013. Instead of filing a brief in opposition to the motion to dismiss, on September 16, 2013, plaintiff filed an amended complaint against the same defendants alleging two claims for breach of fiduciary duty and corporate waste and deleting the claim for entrenchment. The claims in the amended complaint arise out of allegations regarding a failure to conduct stockholder annual meetings, a failure to comply with SEC filing obligations, a lack of internal controls and unauthorized advances to a former employee and a \$500,000 secured loan approved by the Company's entire board. The Company and the individual defendants continue to believe the allegations are without merit and intend to vigorously defend themselves against the allegations. On October 3, 2013, the individual director defendants moved to dismiss the amended complaint, and the Company joined in the motion to dismiss. Under a briefing schedule approved by the court, defendants' brief on the motion to dismiss is due by November 4, 2013, plaintiff's answering brief is due by December 13, 2013, and defendants' reply brief is due by January 10, 2014.

The complaint alleged that the Company and its Chief Executive Officer did not follow proper procedures in issuing the shares to the stockholder and caused those shares to be issued in violation of Delaware law. On April 11, 2013, the Company completed private placements for an aggregate of \$125,000 for the purchase 125,000 units at a price of \$1.00 per unit. Each unit consists of (i) one share of the Company's common stock, and (ii) a five-year warrant to purchase three shares of the Company's common stock at an exercise price of \$0.25 per share. Substantially all of the proceeds from the sale of the units were used by the Company to satisfy all of its obligations under the Notes and Convertible Notes (see Note 7).

Warrant Exercises

Subsequent to March 31, 2013, the Company issued an aggregate of 3,408,147 shares of common stock to holders of warrants who elected to exercise warrants to purchase an aggregate of 4,404,273 shares of common stock on a "cashless" basis under the terms of the warrants. The warrants had exercise prices of \$0.25 per share (3,245,925 gross shares), \$0.35 per share (750,000 gross shares), and \$1.00 per share (408,348 gross shares).

Option Grants

On June 19, 2013, the Company granted an option to a director to purchase 100,000 shares of common stock under the 2009 Plan at an exercise price of \$1.45 per share for a grant date value of \$109,600. The option vests over a three year period and has a term of ten years.

#### Pagosa Health LLC

On June 4, 2013, the Company formed a wholly owned subsidiary called Pagosa Health LLC (“Pagosa”). On June 7, 2013, Pagosa signed a three year lease for \$1,000 per month to house an office, pharmacy as well as inventory and is located in Lawrenceburg, Indiana. A redundant facility is required by Verified Internet Pharmacy Practice Sites (“VIPPS”) and a newly acquired contract. Pagosa will serve as a backup facility and will function as a closed door pharmacy. On July 8, 2013, the parties agreed to extend the lease for two additional years, such that the new termination date is now June 7, 2018.

#### Related Party Advances

Subsequent to March 31, 2013, an officer advanced approximately \$2,000 to the Company and he was repaid approximately \$60,000. As of March 31, 2013, the outstanding payable to the officer was approximately \$154,000.

#### Notes Payable

On August 15, 2013, the Company issued a note payable to a related party with a principal balance of \$49,000, bearing interest at a rate of 10% per annum. The note has a maturity date of November 7, 2013 and will be repaid in weekly payments of principal and interest beginning in September 2013.

11. Subsequent Events – Continued

Notes Payable – Continued

Effective September 30, 2013, the Company entered into an Amended and Restated Promissory Note (the “September Note”) which supersedes the March Note (see Note 6 – Notes Payable) with the same Lender. The Company borrowed an additional \$100,000 from the Lender, which brought the face value of the September Note to \$600,000. The September Note contains financial covenants which require the Company to meet certain minimum targets for earnings before interest, taxes and non-cash expenses, including depreciation, amortization and stock-based compensation (“EBITDAS”) for the calendar quarters and years ended between December 31, 2013 and 2014, inclusive. In addition, the September Note extended the deadline for providing the March 31, 2013 and June 30, 2013 quarterly financial statements and financial covenant certifications from 45 days after quarter end to October 31, 2013. The remainder of the material September Note terms are unchanged from the March Note. In consideration of the Lender providing additional funds and entering into the September Note, the Company granted the Lender a five-year warrant to purchase 150,000 shares of common stock at an exercise price of \$0.35 per share. The warrant contains customary anti-dilution provisions. The warrant had a relative fair value of \$51,200 which was set up as debt discount and will be amortized using the effective interest method over the term of the September Note. Including the value of the warrants issued in connection with the March Note and September Note, the September Note had an effective interest rate of 41% per annum.

Sublease Agreement

On October 10, 2013, the Company entered into a sublease agreement for 15,000 square feet of warehouse space at the Company’s corporate headquarters in Florence, Kentucky. The initial term of the sublease expires on January 31, 2014 with rent of \$4,688 per month. After the expiration of the initial term, the tenant may extend the term of the sublease agreement on a month to month basis.

## Net Sales

Net sales for the three months ended March 31, 2013 fell to \$2,409,916 from \$3,153,607 for the three months ended March 31, 2012, a decrease of \$743,691 or 23.6%, primarily as a result of a reduction in advertising due to cash constraints as well as a shift from over-the-counter inventory toward the higher margin prescription drug inventory which has more loyal customers. As a result, OTC and prescription sales decreased approximately \$590,000 and \$106,000, respectively.

## Costs and Expenses

## Cost of Sales and Gross Margin

Cost of sales were \$1,235,156 for the three months ended March 31, 2013 as compared to \$1,704,647 for the three months ended March 31, 2012, a decrease of \$469,491 or 27.5%, primarily as a result of a reduction in order volume. Gross margin percentage increased year-over-year from 45.9% for the three months ended March 31, 2012 to 48.7% for the three months ended March 31, 2013, primarily due to the shift in product mix from over-the-counter drugs to higher margin prescription drugs. We believe that the change in product mix with prescription drugs increasing will continue to improve margins during 2013 and our marketing efforts have focused on this shift.

## Selling, General and Administrative Expenses

Selling, general and administrative expenses totaled \$2,389,103 for the three months ended March 31, 2013 compared to \$2,684,478 for the three months ended March 31, 2012, a decrease of \$295,375 or 11.0%. The three months ended March 31, 2013 expense decreases included (a) decreased advertising expense of \$354,123 (primarily due to the

termination of an advertising campaign); (b) reduced freight expense of \$162,630 (primarily due to decreased sales); (c) reduced salaries expense of \$87,430 (primarily due to reduction in headcount and salaries); (d) reduced travel expense of \$75,129 (primarily due to cost reduction initiatives); and (e) reduced amortization expense of \$70,984 (due to the write-off in full of our intangible asset in 2012). The decreases were partially offset by (a) an increase in stock-based compensation expense of \$557,812 (primarily due to warrants issued to 2012 private placement investors); (b) increased legal expense of \$102,044 (primarily due to increased litigation); and (c) increased contract labor expense of \$79,444 (primarily due to the increased use of contractors). We expect that our selling, general and administrative expenses, specifically legal and professional fees, will decrease over time. Certain professional fees will decrease as we improve our internal controls over financial reporting. We expect our legal fees to decrease following the proxy contest that concluded at our Annual Meeting of Shareholders held on August 15, 2013 and further as we resolve our outstanding litigation.

#### Loss on Extinguishment

During the three months ended March 31, 2013, we recorded a \$2,792,900 extinguishment loss which represents the incremental fair value of the equity securities issued as compared to the carrying value of the liabilities that were exchanged.

#### Interest Expense

Interest expense decreased from \$317,342 in the three months ended March 31, 2012 to \$71,123 in the three months ended March 31, 2013, a decrease of \$246,219 or 77.6%, due to the repayment of notes payable and convertible notes payable during the three months ended March 31, 2013.

## Adjusted EBITDAS

We believe Adjusted Earnings Before Interest, Taxes, Depreciation, Amortization and Stock-Based Compensation (“Adjusted EBITDAS”), a non-GAAP financial measure, is useful in evaluating our operating performance compared to that of other companies in our industry, as this metric generally eliminates the effects of certain items that may vary for different companies for reasons unrelated to overall operating performance. We believe that:

Adjusted EBITDAS provides investors and other users of our financial information consistency and comparability with our past financial performance, facilitates period-to-period comparisons of operations and facilitates comparisons with other companies, many of which use similar non-GAAP financial measures to supplement their GAAP results; and

Adjusted EBITDAS is useful because it excludes non-cash charges, such as depreciation and amortization, stock-based compensation and one-time charges, which the amount of such expense in any specific period may not directly correlate to the underlying performance of our business operations and these expenses can vary significantly between periods.

We use Adjusted EBITDAS in conjunction with traditional GAAP measures as part of our overall assessment of our performance, to evaluate the effectiveness of our business strategies and to communicate with our lenders, stockholders and board of directors concerning our financial performance.

Adjusted EBITDAS should not be considered as a substitute for other measures of financial performance reported in accordance with GAAP. There are limitations to using non-GAAP financial measures, including that other companies may calculate these measures differently than we do. We compensate for the inherent limitations associated with using Adjusted EBITDAS through disclosure of these limitations, presentation of our financial statements in accordance with GAAP and reconciliation of Adjusted EBITDAS to the most directly comparable GAAP measure, specifically net loss.

The following provides a reconciliation of net loss to Adjusted EBITDAS:

	For the Three Months Ended	
	March 31,	
	2013	2012
	(unaudited)	
Net loss	\$ (4,078,366)	\$ (1,550,312)

Adjusted EBITDAS	\$ (273,776 )	\$ (864,258 )

## Off-Balance Sheet Arrangements

We have not entered into any transactions with unconsolidated entities in which we have financial guarantees, subordinated retained interests, derivative instruments or other contingent arrangements that expose us to material continuing risks, contingent liabilities or any other obligations under a variable interest in an unconsolidated entity that provides us with financing, liquidity, market risk or credit risk support.

#### Impact of Inflation

We believe that inflation has not had a material impact on our results of operations for the three months ended March 31, 2013 and 2012. We cannot assure you that future inflation will not have an adverse impact on our operating results and financial condition.

Liquidity and Capital Resources

Since inception, we have financed operations primarily through debt and equity financings and advances from stockholders. As of March 31, 2013 we had a working capital deficiency of \$3,909,308 and an accumulated deficit of \$26,509,602. During the three months ended March 31, 2013 and year ended December 31, 2012, we incurred net losses of \$4,078,366 and \$5,574,775 and used cash in operating activities of \$457,373 and \$947,911, respectively. These conditions raise substantial doubt about our ability to continue as a going concern.

Subsequent to March 31, 2013, we (a) had a closing of our private placement offering in the amount of \$125,000 which funds had been received by us during the three months ended March 31, 2013; (b) raised an aggregate of \$149,000 in debt financings; and (c) continue to incur net losses, use cash in operating activities and experience cash and working capital constraints.

On February 13, 2013, we received a Notice of Redemption related to our Series C Redeemable Preferred Stock aggregating \$1,000,000. As a result of receiving the Notice of Redemption, we must now apply all of our assets to redemption of the Series C Preferred Stock and to no other corporate purpose, except to the extent prohibited by Delaware law governing distributions to stockholders (we are not permitted to utilize toward the redemption those assets required to pay our debts as they come due and those assets required to continue as a going concern).

We recognize that we will need to raise additional capital in order to fund operations, meet our payment obligations, including the redemption of the Series C Redeemable Preferred Stock, and execute our business plan. There is no assurance that additional financing will be available when needed or that management will be able to obtain financing on terms acceptable to us and whether we will become profitable and generate positive operating cash flow. If we are unable to raise sufficient additional funds, we will have to develop and implement a plan to further extend payables, extend note repayments, extend the preferred stock redemption and reduce overhead until sufficient additional capital is raised to support further operations. There can be no assurance that such a plan will be successful. If we are unable to obtain financing on a timely basis, we could be forced to sell our assets, discontinue our operations and/or seek reorganization under the U.S. bankruptcy code.

Accordingly, the accompanying condensed consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate our continuation as a going concern and the realization of assets and the satisfaction of liabilities in the normal course of business. The carrying amounts of assets and liabilities presented in the condensed consolidated financial statements do not necessarily represent realizable or settlement values. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

As of March 31, 2013 and December 31, 2012, the Company had cash on hand of \$382,353 and \$0, respectively. Our cash flow from operating, investing and financing activities during this period were as follows:

For the three months ended March 31, 2013, cash flows included net cash used in operating activities of \$457,373. This amount included a decrease in operating cash related to a net loss of \$4,078,366, partially offset by aggregate non-cash adjustments of \$3,746,302, plus aggregate cash used by changes in operating assets and liabilities of \$125,309 (primarily a result of paying off accrued expenses and other current liabilities). For the three months ended March 31, 2012, cash flows included net cash used in operating activities of \$177,395. This amount included a decrease in operating cash related to a net loss of \$1,550,312, partially offset by aggregate non-cash adjustments of \$597,492, plus aggregate cash provided by changes in operating assets and liabilities of \$775,425 (primarily a result

of extending payables due to cash constraints).

For the three months ended March 31, 2013, net cash provided by investing activities was \$699,512 due to releasing cash provided by investors from escrow (restricted cash) partially offset by \$25,490 of capitalized web development costs. For the three months ended March 31, 2012, net cash used in investing activities was \$81,043 due to the repayment of employee advances.

For the three months ended March 31, 2013, net cash provided by financing activities was \$140,214. Cash was provided by \$2,526,973 of proceeds from a private placement offering (which excludes \$850,002 of cash received during 2012 but closed on during the three months ended March 31, 2013) and \$500,000 of proceeds from the issuance of a note payable and \$125,000 of private placement deposits, partially offset by repayments of notes payable, convertible notes payable and equipment leases payable of \$2,000,000, \$1,000,000 and \$11,759, respectively. For the three months ended March 31, 2012, net cash provided by financing activities was \$258,401, due primarily to advances from certain stockholders of \$375,000, of which \$63,812 has been repaid to certain stockholders and proceeds from common stock issued of \$125,000 offset in part by capital lease payments of \$22,131 and a cash overdraft of \$155,656.

Critical Accounting Policies and Estimates

There are no material changes from the critical accounting policies set forth in “Management’s Discussion and Analysis of Financial Condition and Results of Operations” of our Form 10-K filed on July 23, 2013. Please refer to that document for disclosures regarding the critical accounting policies related to our business.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not applicable.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) are designed to provide reasonable assurance that information required to be disclosed in reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the forms and rules of the SEC and that such information is accumulated and communicated to management, including the CEO, in a manner to allow timely decisions regarding required disclosures.

In connection with the preparation of this Form 10-Q, our management, including the CEO, evaluated the effectiveness of the design and operation of our disclosure controls and procedures as of March 31, 2013. Management had previously identified material weaknesses in our internal control over financial reporting as of December 31, 2012 (see Form 10-K filed with the SEC on July 23, 2013), which is an integral component of our disclosure controls and procedures. Those material weaknesses were not remediated during the quarter ended March 31, 2013. As a result of those material weaknesses, our management has concluded that, as of March 31, 2013, our disclosure controls and procedures were not effective.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting or in other factors during the quarter ended March 31, 2013, that have materially affected, or were reasonably likely to materially affect, our internal control over financial reporting, except as follows:

On February 21, 2013, Eduardo Altamirano, the Company's Chief Financial Officer, Treasurer and Secretary, stated that he was resigning from all of his positions at the Company effective April 15, 2013. The Chairman of the Audit Committee and each of the other non-management members of the Board of Directors spoke with Mr. Altamirano about the reasons for his departure. Following these discussions, the Board of Directors accepted Mr. Altamirano's resignation.

On May 15, 2013, the Company engaged a financial consulting firm in order to assist with its financial reporting and to provide the Company with SEC and technical accounting expertise.

Limitations of the Effectiveness of Control

A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Because of the inherent limitations of any control system, no evaluation of controls can provide absolute assurance that all control issues, if any, within a company have been detected.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings.

In the ordinary course of business, we may become subject to lawsuits and other claims and proceedings that might arise from litigation matters or regulatory audits. Such matters are subject to uncertainty and outcomes are often not predictable with assurance. Our management does not presently expect that any such matters will have a material adverse effect on the Company's consolidated financial condition or consolidated results of operations. We are not currently involved in any pending or threatened material litigation or other material legal proceedings nor have we been made aware of any penalties from regulatory audits, except as described below.

On February 9, 2012, two of our former stockholders, Rock Castle and Jason Smith ("Plaintiffs"), filed suit against us in the Hamilton County, Ohio Court of Common Pleas, alleging that we had breached the terms of certain incentive options we granted to the Plaintiffs in connection with our now-terminated oral consulting arrangements with the Plaintiffs, by among other things, refusing Plaintiffs' purported exercise of options to purchase 233,332 shares of our common stock at an exercise price of \$2.00 per share in December 2011. Plaintiffs have requested that, among other things, the court require us to permit the exercise of the 233,332 options. Plaintiffs have also provided an expert report indicating damages of \$2.086 million. Also named as defendants were two individuals, Michael Peppel and Gary Singer, whom Plaintiffs claim acted as agents for us in connection with our purchase of shares of our common stock from Plaintiffs in September 2011. On April 26, 2013, Plaintiffs dismissed Mr. Singer from the lawsuit. Trial of the case is currently scheduled for April of 2014. We deny all of the Plaintiffs' claims and intend to contest this matter vigorously.

On October 9, 2012, American Express Travel Related Services Company, Inc. brought legal action against us in the Boone County, Kentucky Circuit Court. The action seeks to recover the unpaid balance on a credit card account in the amount of \$87,029, plus interest and costs. We filed an answer in November 2012. This litigation was resolved on July 10, 2013 by a negotiated settlement.

On November 5, 2012, HD Smith, Inc., one of our vendors, ("Plaintiff") filed a complaint against us alleging that we breached our vendor credit agreement. The Plaintiff is seeking damages of \$170,316 plus pre-judgment interest and attorneys' fees. This litigation was resolved on January 25, 2013, as amended on June 20, 2013, by a negotiated settlement.

On March 13, 2013, a former vendor filed suit against us in the Hamilton County, Ohio Court of Common Pleas, alleging that we had breached our contract. The plaintiff is seeking damages of \$17,800 plus pre-judgment interest and other costs and expenses. We answered the complaint and trial was set for June 2014. This matter was resolved by a negotiated settlement.

On March 20, 2013, a complaint was filed in the Delaware Court of Chancery by two of our shareholders, HWH Lending, LLC and Milfam I L.P., seeking to compel the holding of an annual meeting of stockholders for the election of directors under Delaware law. We filed an answer to the complaint on April 12, 2013. On May 13, 2013, we publicly announced that the Board of Directors had set the date for our next annual meeting of stockholders as August 15, 2013 at 11:00 a.m. Eastern time. In lieu of further litigation, on July 18, 2013, the parties submitted to the court a proposed order confirming August 15, 2013 as the annual meeting date and establishing certain procedures related to the annual meeting. On July 18, 2013, the court entered the proposed order providing that (i) we shall notice and hold our annual meeting on August 15, 2013 for the election of directors and for the transaction of any other business

properly brought before the meeting, and the date of the meeting shall not be adjourned, continued or postponed prior to the election of directors absent an order of the court; (ii) the shares of our stock represented at the annual meeting, either in person or by proxy, and entitled to vote thereat shall constitute a quorum for purposes of the meeting, notwithstanding any contrary provision in our certificate of incorporation or bylaws, and (iii) the record date for the determination of stockholders entitled to notice of and to vote at the annual meeting is July 1, 2013, and if the annual meeting noticed for August 15, 2013 is adjourned, continued or postponed prior to the election of directors pursuant to an order of the court, we may set a new record date in accordance with our bylaws. In accordance with the Court order, our annual meeting of stockholders was held on August 15, 2013 at which time Lalit Dhadphale, Youssef Bennani, Joseph Savarino, and Ambassador Ned Siegel each received a plurality of the total votes cast at the annual meeting and each was elected as a director by our stockholders. On September 24, 2013, this action was dismissed without prejudice by a joint stipulation of dismissal.

Table of Contents

On April 23, 2013, our Board of Directors formed a Special Committee, chaired by Youssef Bennani, a director and Chairman of our Audit Committee, to investigate certain stockholder demands. Since March 1, 2013, we have received three letters from stockholders alleging certain breaches of fiduciary duties by our directors and demanding that we commence investigations of the alleged conduct. On March 1, 2013, we received a letter on behalf of the holders of our Series B Preferred Stock (“Preferred Holders”) alleging that a convicted felon appears to be a consultant to us, owes us money, and exercises control over us. On March 8, 2013, we received a letter on behalf of stockholder Wayne Corona alleging that two directors, Matthew Stecker and John Backus, breached their fiduciary duties and demanding that we investigate legal claims against those directors. The letter alleges that the director designee of the holders of our Series B Preferred Stock and the director designee of New Atlantic Ventures Fund III, L.P. (“NAV”) acted in concert to attempt to scuttle our recent financing plan. The letter also alleged that the director designee of the Preferred Holders and the director designee of NAV sought to prevent us from paying back our lenders in 2010 and 2011. On March 18, 2013, we received a letter on behalf of the two directors denying the allegations and stating there was no proper basis for launching an investigation. On March 27, 2013, a letter on behalf of Messrs. Backus and Stecker, in their capacities as directors and stockholders, demanded that we (i) investigate alleged breaches of confidentiality and fiduciary duties by our President and CEO and two other directors in connection with the purported stockholder demand letter of Mr. Corona dated March 8, 2013, and (ii) assert related claims against those individuals. The letter also asserted that the director constituting the special committee, Youssef Bennani, is subject to alleged conflicts of interest that disqualify him from serving on any proposed special committee to evaluate the pending stockholder demands. The Special Committee has retained an independent law firm to conduct the investigation and advise the Special Committee.

On April 30, 2013, a purported class-action complaint was filed against us in the United States District Court for the Northern District of Illinois. The complaint alleges that we sent an unsolicited advertising fax to Glen Ellyn Pharmacy, the named plaintiff, and other recipients. The complaint alleges that such a fax violates the federal Telephone Consumer Protection Act (the “TCPA”), the Illinois Consumer Fraud Act and Illinois common law. Under the TCPA, recipients of unsolicited fax advertisements are entitled to damages of up to \$500 per fax for inadvertent violations and up to \$1,500 for knowing or willful violations. At the time of filing the complaint, the plaintiff also filed a motion asking the Court to certify a class of persons and entities who were sent advertising faxes by us which did not contain an opt out notice. On June 19, 2013, the plaintiff filed an amended class-action complaint which withdrew the two counts for alleged violations of the Illinois Consumer Fraud Act and the common law tort of conversion. The amended complaint eliminates claims for damages under Illinois law and leaves only a single count for an alleged violation of the TCPA. We filed an answer to the amended complaint on July 8, 2013 contesting class certification and liability. The District Court has not established or recognized any class. This litigation was resolved on September 24, 2013.

On May 7, 2013, a putative stockholder derivative action was filed in the Court of Chancery of the State of Delaware against certain directors and our chief executive officer and against us, as a nominal defendant. The complaint alleges claims for breach of fiduciary duty, entrenchment and corporate waste arising out of the alleged failure to conduct annual meetings, SEC filing obligations, advances to a former employee and a \$500,000 secured loan to us which the entire board of directors approved. The derivative complaint seeks unspecified compensatory damages and other relief. We and the individual defendants believe that the allegations stated in the complaint are without merit and we intend to defend ourselves vigorously against the allegations. The individual director defendants filed a motion to dismiss the complaint on July 22, 2013 and filed an opening brief in support of the motion to dismiss on August 2, 2013. We joined in the motion to dismiss. Plaintiff’s brief in opposition to the motion to dismiss was due on September 16, 2013. Instead of filing a brief in opposition to the motion to dismiss, on September 16, 2013, plaintiff filed an amended complaint against the same defendants alleging two claims for breach of fiduciary duty and

corporate waste and deleting the claim for entrenchment. The claims in the amended complaint arise out of allegations regarding a failure to conduct stockholder annual meetings, a failure to comply with SEC filing obligations, a lack of internal controls and unauthorized advances to a former employee and a \$500,000 secured loan approved by our entire board. We and the individual defendants continue to believe the allegations are without merit and intend to vigorously defend ourselves against the allegations. On October 3, 2013, the individual director defendants moved to dismiss the amended complaint, and we joined in the motion to dismiss. Under a briefing schedule approved by the court, defendants' brief on the motion to dismiss is due by November 4, 2013, plaintiff's answering brief is due by December 13, 2013, and defendants' reply brief is due by January 10, 2014.

On May 15, 2013, a former consultant filed suit in Boone County, Kentucky Circuit Court alleging breach of contract and unjust enrichment for unpaid consulting fees and expenses of approximately \$27,000. We filed an answer to the complaint on July 22, 2013 and intend to vigorously defend ourselves against the allegations.

On August 9, 2013, two of our shareholders, HWH Lending, LLC and Milfam I L.P., filed in the Delaware Court of Chancery a verified complaint for injunctive and declaratory relief, seeking to prevent us from including a 10.5% block of shares held by a stockholder in the vote count at our upcoming annual meeting of stockholders scheduled for August 15, 2013. The complaint alleged that we and our Chief Executive Officer did not follow proper procedures in issuing the shares to the stockholder and caused those shares to be issued in violation of Delaware law. Following an expedited briefing schedule, the court held a hearing on August 14, 2013 and denied plaintiffs' request for a temporary restraining order. On August 21, 2013, the plaintiffs filed a notice of voluntary dismissal, dismissing the action without prejudice.

Item 5. Other Information

On October 16, 2013, HealthWarehouse.com, Inc. and its wholly-owned subsidiaries, Hwareh.com, Inc., Hocks.com, Inc. and Pagosa Health LLC (together, the “Company”) entered into an Amended and Restated Promissory Note (the “Note”) with Melrose Capital Advisors, LLC, an Ohio limited liability company (the “Lender”) and Pagosa Health LLC entered into an additional Security Agreement (the “Security Agreement”) with Lender. Under the terms of the Note, which is effective September 30, 2013 and which supersedes a March 28, 2013 note for \$500,000 with the same Lender, the Company borrowed an additional \$100,000 from the Lender which brought the face value of the Note to \$600,000 (the “Loan”). The proceeds of the Loan will be used by the Company for working capital purposes. The Loan bears interest at a floating rate equal to the prime rate plus 4.25% per annum. Interest is payable monthly and payments began on May 1, 2013. The maturity date of the Loan is March 1, 2015. Under the terms of the additional Security Agreement, Pagosa Health LLC granted the Lender a first priority security interest in all of its assets in order to secure the Company’s obligation to repay the Loan. The Note and Security Agreement contain customary affirmative and negative covenants, including covenants restricting the Company’s ability to take certain actions without the Lender’s consent, such as incurring additional indebtedness, transferring or encumbering assets, paying dividends or making certain other payments, and acquiring other businesses. The payment of the Loan may be accelerated prior to its maturity date upon certain specified events of default, including failure to pay, bankruptcy, breach of covenant, and breach of representations and warranties. The Loan may be prepaid in whole or in part at any time by the Company without penalty.

In consideration of the Lender providing additional funds and entering into the Note, the Company granted the Lender a warrant to purchase 150,000 shares of HealthWarehouse.com, Inc.’s \$0.001 par value common stock (the “Common Stock”) at a purchase price of \$0.35 per share (the “Warrant”). The Warrant may be exercised in whole or in part and from time to time for a term of five years from its grant date. The Warrant contains a cashless exercise feature and certain customary anti-dilution adjustment provisions. The Warrant is transferable in whole or in part, so long as the transfer complies with applicable securities laws.

The foregoing description of the Note, the Security Agreement and the Warrant is not intended to be complete and is qualified in its entirety by reference to the full text of the Note, the Security Agreement and the Warrant, which are filed as Exhibits 4.1, 4.2 and 10.1 hereto and are incorporated herein by reference.
