**Table of Contents****SECTION 1 Registrant's Business and Operations****ITEM 1.01 Entry into a Material Definitive Agreement****1. Board Compensation**

On February 23, 2005, the Solectron Board of Directors approved an updated policy for independent, non-employee director compensation based on recommendations from the Executive Compensation and Management Resources Committee (the Compensation Committee). The new policy offers a total compensation package that the Board believes is commensurate with other public companies and better aligns director and shareholder interests.

Effective March 1, 2005, each independent, non-employee director will receive an annual retainer of \$75,000 and the chairman will receive a retainer of \$140,000. Such directors may make a voluntary election to receive one-third of the retainer in fully vested and taxable Solectron common stock. In addition, the audit committee chair will receive \$20,000 and audit committee members will receive \$10,000; the other committee chairs and committee members will receive \$13,500 and \$6,500, respectively. The annual equity grants made on December 1<sup>st</sup> of each year to each independent, non-employee director will remain at 20,000 shares of common stock.

Directors may elect to defer some or all of their cash and Solectron common stock fees under our Executive Deferred Compensation Plan.

**2. Acceleration of Stock Options**

The Financial Accounting Standards Board recently published Statement of Financial Accounting Standards No. 123 (Revised 2004), *Share-Based Payment* (SFAS 123R). SFAS 123R, which is effective from the first interim period that begins after June 15, 2005, will require that compensation cost related to share-based payment transactions, including stock options, be recognized in the financial statements. Accordingly, Solectron Corporation (Solectron) will implement the revised standard in the first quarter of fiscal year 2006. Currently, Solectron accounts for its share-based payment transactions under the provisions of APB 25, which does not necessarily require the recognition of compensation cost in the statement of operations of the financial statements.

On February 22, 2005, in response to the recently published accounting standard referenced above, the Compensation Committee approved accelerating the vesting of all of the out-of-the-money, unvested stock options, except for options held by independent, non-employee directors. An option was considered out-of-the-money if the stated option exercise price was greater than the closing price, \$4.91, of Solectron's common stock on February 18, 2005, the last trading day before the Compensation Committee approved the acceleration. The accelerated vesting was effective as of February 22, 2005. The following table summarizes the options subject to acceleration:

	<b>Aggregate Number of Shares Issuable Under Accelerated Options</b>		<b>Weighted Average Exercise Price Per Share</b>
<b><u>Top 5 Executive Officers:</u></b>			
Michael R. Cannon	541,667	\$	5.09
Craig London	179,815	\$	5.35
Marc Onetto	216,667	\$	5.09

Edgar Filing: SOLECTRON CORP - Form 8-K

Kiran Patel	327,500	\$	5.33
David Purvis	375,001	\$	5.63
Other executive officers	844,796	\$	5.30
All executive officers as a group	2,485,446	\$	5.29
All other employees	10,773,416	\$	6.06
Total	13,258,862	\$	5.92

---

**Table of Contents**

The decision to accelerate vesting of these options was made primarily to avoid recognizing compensation cost in Solectron's consolidated statement of operations in future financial statements upon the effectiveness of SFAS 123R. In addition, because these options have exercise prices in excess of current market values and are not fully achieving their original objectives of incentive compensation and employee retention, the acceleration may have a positive effect on employee morale and retention.

The future compensation expense that will be avoided, based on Solectron's implementation date for SFAS 123R of September 1, 2005, is approximately \$11 million, \$10 million and \$5 million in fiscal 2006, 2007 and 2008, respectively.

**SECTION 8 Other Events**

**ITEM 8.01 Other Events**

The Compensation Committee amended Solectron's 2002 Stock Plan to remove the promissory note payment option for option exercises. The amendment was not material and does not require stockholder approval.
