Such forward-looking statements involve risks, uncertainties and other factors which may cause actual results, performance or achievements of Shaw to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. When used in this Prospectus Supplement or in the Prospectus, the words anticipate , believe , expect , plan , intend ,

S-2

Table of Contents

estimate , target , guideline , goal and other similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain such words. Forward-looking statements include, but are not limited to, references to future capital expenditures (including the amount and nature thereof), business strategies and measures to implement strategies, competitive strengths, goals, expansion and growth of Shaw's business and operations, plans and references to Shaw's future success. These forward-looking statements are based on certain assumptions and analyses made by Shaw in light of Shaw's experience and perception of historical trends, current conditions and expected future developments, as well as other factors Shaw believes are appropriate in the circumstances. However, Shaw cannot guarantee future results, levels of activity, performance or achievements and actual events or results may differ materially. Many factors, including those not within Shaw's control, could cause Shaw's actual results, performance or achievements to be materially different from the views expressed or implied by such forward-looking statements, including, but not limited to:

general economic, market or business conditions and industry trends;

opportunities (or lack thereof) that may be presented to and pursued by Shaw;

increased competition in Shaw's markets and from the development of new markets for emerging technologies;

the Corporation's status as a holding company with separate operating subsidiaries;

Should one or more of these risks or uncertainties materialize, or should assumptions underlying the forward-looking statements prove incorrect, Shaw's actual results, performance or achievements may vary materially from those described herein or in the Prospectus. Consequently, all of the forward-looking statements made herein or in the Prospectus, and the documents incorporated by reference herein or therein are qualified by these cautionary statements, and there can be no assurance that the actual results or developments anticipated by Shaw will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, Shaw. You should not place undue reliance on any such forward-looking statements. Furthermore, the forward-looking statements contained in this Prospectus Supplement, the Prospectus and the documents incorporated by reference herein and therein are made only as of the date of such document and Shaw expressly disclaims any obligation or undertaking to disseminate any updates or revisions to any of the included forward-looking statements to reflect any change in expectations with regard to those statements or any other change in events, conditions or circumstances on which any such statement is based, except as required by law. New factors affecting Shaw emerge from time to time, and it is not possible for Shaw to predict what factors will arise or when. In addition, Shaw cannot assess the impact of each factor on its business or the extent to which any particular factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statement.

DESCRIPTION OF THE NOTES

The following description of the Notes offered hereby supplements the description of the general terms of the Debt Securities set forth in the Prospectus under Description of Debt Securities and should be read in conjunction with that description. The description of the Notes herein shall prevail to the extent of any inconsistency.

The Notes offered hereby will be issued under an indenture (the **Trust Indenture**) dated February 26, 2007 as supplemented by a first series supplement to be dated the date of closing of this offering (the **Supplemental Indenture**) between the Corporation and Computershare Trust Company of Canada (the **Trustee**) providing for, among other things, the creation and issue of the Notes. The Trust Indenture and the Supplemental Indenture are collectively referred to in this Prospectus Supplement as the Indenture.

For the purposes of the following description only, the term Corporation refers to Shaw Communications Inc. and not to any of its subsidiaries. Other capitalized terms used herein that are not defined in this Prospectus Supplement or the Prospectus are defined in the Indenture.

General

The Notes will mature on March , 2017. The Notes will bear interest at the rate per annum set forth on the cover page of this Prospectus Supplement from the date of original issuance, or from the most recent date to which interest has been paid or duly provided for, payable semi-annually in arrears on each March and September (the **Interest Payment Dates**), commencing on September , 2007, to the persons in whose names the Notes are registered at the close of business on February or August (the **Regular Record Dates**), as the case may be, immediately prior to such Interest Payment Dates, regardless of whether any such Regular Record Date is a business day. Interest on the Notes will be computed on the basis of a 365-day year.

The Corporation may from time to time, without the consent of the holders of the Notes, create and issue additional securities under the Indenture in addition to the Notes.

The Notes will be unsecured and unsubordinated obligations of the Corporation and will rank *pari passu* in right of payment with all existing and future unsecured, unsubordinated obligations of the Corporation. The Indenture will not limit the ability of the Corporation to incur additional indebtedness.

Substantially all of Shaw's business activities are operated by its subsidiaries. As a holding company, the Corporation's ability to meet its financial obligations is dependent primarily upon the receipt of interest and principal payments on intercompany advances, management fees, cash dividends and other payments from its subsidiaries, together with proceeds raised by the Corporation through the issuance of equity and the incurrence of debt, and from the proceeds from the sale of assets. In addition, because the Corporation is a holding company, the Notes are effectively subordinated to all existing and future liabilities, including trade payables and other indebtedness, of the Corporation's Subsidiaries, except to the extent the Corporation is a creditor of such Subsidiaries. As at November 30, 2006, indebtedness and other liabilities of Shaw's subsidiaries totalled approximately \$573 million, excluding intercompany liabilities, deferred credits and future income taxes.

The Notes will be issued in fully registered form only in denominations of \$1,000 and integral multiples thereof. The Notes will initially be issued as global notes (the **Global Notes**). Beneficial interests in the Global Notes representing the Notes will be shown on, and transfers thereof will be effected only through, records maintained by CDS and its participants. See The Depository, Book-Entry and Settlement.

As described herein, under certain limited circumstances, the Notes may be issued in certificated non-book-entry form in exchange for a Global Note. See The Depository, Book-Entry and Settlement. In the event that the Notes are issued in certificated non-book-entry form, the Notes will be issued in denominations of \$1,000, and integral multiples thereof. Payments on Notes issued as a Global Note will be made to CDS or a successor depository. In the event that the Notes are issued in certificated non-book-entry form, the transfer of such Notes will be registrable and such Notes will be exchangeable for Notes in other denominations of a like aggregate principal amount at the corporate trust office of the Trustee, 600, 530 8th Avenue S.W., Calgary, Alberta, T2P 3S8 (telephone number: (403) 267-6894) or its designated agent. Payment of principal and interest will be effected, in respect of Notes represented by Global Notes, by wire transfer of immediately available funds to the accounts specified by CDS and, in respect of certificated securities, by wire of immediately available funds to the accounts specified by holders thereof or if no such account is specified to each such holder's registered address.

Table of Contents

Optional Redemption

The Notes will be redeemable, in whole or in part, at the option of the Corporation at any time and from time to time at a redemption price equal to the greater of:

(1) 100% of the principal amount of the Notes, or

(2) the Canada Yield Price (as defined below);

plus, in each case, accrued interest on the outstanding principal amount of each Note called for redemption to the date of redemption. The Notes will not be subject to redemption at the election of the holders of the Notes.

Canada Yield Price means in respect of any redemption of the Notes issued under the Indenture, a price, as determined by the Independent Investment Banker (as defined below), equal to the sum of the present values of the remaining scheduled payments of principal and interest on the Notes (not including any portion of the payments of interest accrued as of the date of redemption) discounted to the redemption date on a semi-annual basis (assuming a 365-day year) at the Government of Canada Yield, plus, until March , 2009, basis points and, thereafter, basis points.

Government of Canada Yield means, with respect to any redemption date, the arithmetic average, as determined by the Independent Investment Banker, of the yield to maturity on the third business day preceding the redemption date, compounded semi-annually, which a non-callable Government of Canada Bond would carry if issued in Canadian Dollars in Canada, at 100% of its principal amount on such date with a term to maturity which most closely approximates the remaining term to maturity of the Notes to be redeemed from such day as quoted by the Independent Investment Banker at 5:00 p.m. on such day.

Independent Investment Banker means TD Securities Inc. or its successor; *provided, however*, that if it shall cease to be a primary Canadian Government securities dealer in Toronto, Ontario, the Corporation shall substitute for it another primary Canadian Government securities dealer in Toronto, Ontario.

Notice of any such redemption will be given at least 15 days but not more than 60 days before the redemption date to each holder of the Notes to be redeemed.

Unless the Corporation defaults in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the Notes or portion of the Notes called for redemption.

Purchase for Cancellation

Provided an Event of Default is not continuing, the Corporation will have the right to purchase any Notes in the market or by tender or private contract at prices that are negotiated between the Corporation and willing holders of Notes. Notes so purchased by the Corporation will be cancelled and will not be reissued.

Redemption for Changes in Canadian Tax Law

The Notes will be subject to redemption, in whole but not in part, at the option of the Corporation at any time at a redemption price equal to 100% of the outstanding principal amount thereof together with accrued and unpaid interest to the date fixed for redemption, upon the giving of a notice as described below, if (x) the Corporation determines that (a) as a result of any change in or amendment to the laws (or any regulations or rulings promulgated thereunder) of Canada or of any political subdivision or taxing authority thereof or therein affecting taxation, or any change in or amendment to official position of such taxing authority regarding application or interpretation of such laws, regulations or rulings (including a holding by a court of competent jurisdiction), which change or amendment is announced or becomes effective on or after the date of the Supplemental Indenture, the Corporation has or will become obligated to pay, on the next succeeding Interest Payment Date, Additional Amounts or (b) on or after the date of the Supplemental Indenture, any action has been taken by any taxing authority of Canada or any political subdivision thereof, or any decision has been rendered by a court of competent jurisdiction in Canada or any political subdivision or taxing authority thereof, including any of those actions specified in clause (a) above, whether or not such action was taken or decision was rendered with respect to the Corporation, or any change, amendment, application or interpretation shall be officially proposed, which, in any such case, in the written opinion to the Corporation of legal counsel of recognized standing, will result in an obligation to pay, on the next succeeding Interest Payment Date, Additional Amounts with respect to any Notes and (y) in any such case the Corporation in its business

judgment determines that such obligation cannot be avoided by the use of reasonable measures available to the Corporation; provided however, that (i) no such

S-8

notice of redemption may be given earlier than 90 days prior to the earliest date on which the Corporation would be obligated to pay such Additional Amounts and (ii) at the time such notice of redemption is given, such obligation to pay such Additional Amounts remains in effect.

In the event that the Corporation elects to redeem the Notes pursuant to the provisions set forth in the preceding paragraph, the Corporation shall deliver to the Trustee a certificate, signed by an authorized officer, stating that the Corporation is entitled to redeem the Notes pursuant to their terms.

Notice of intention to redeem the Notes will be given to each holder of the Notes not more than 60 nor less than 15 days prior to the date fixed for redemption and will specify the date fixed for redemption.

Governing Law

The Notes and the Indenture will be governed by and construed in accordance with the laws of the Province of Alberta and the federal laws of Canada applicable therein.

The Depository, Book-Entry and Settlement

Except as otherwise provided below, the Notes will be represented in the form of one or more fully registered global notes (each a **Global Note**) held by, or on behalf of, CDS as depository of Global Notes for the participants (the **participants**) of CDS registered in the name of CDS or its nominee, and registration of ownership and transfers of the Notes will be made through the depository system of CDS. On the closing date of this offering, CDS will credit interests in Global Notes representing the notes to the accounts of its participants as directed by the Underwriters. Direct and indirect participants in CDS, including The Depository Trust Company (**DTC**), Euroclear Bank S.A./ N.V., as operator of the Euroclear System (**Euroclear**), and Clearstream Banking, société anonyme (**Clearstream, Luxembourg**), on behalf of their respective accountholders, will record beneficial ownership of the Notes on behalf of their respective accountholders.

Except as described below, no purchaser of Notes will be entitled to a certificate or other instrument from the Corporation or CDS evidencing that purchaser's ownership thereof, and no holder of a beneficial interest in the Notes will be shown on the records maintained by CDS except through book-entry accounts of a participant of CDS acting on behalf of beneficial owners. Each purchaser of Notes will receive a confirmation of purchase from the Underwriters. CDS will be responsible for establishing and maintaining book-entry accounts for its participants having interests in Global Notes. Sales of interests in Global Notes can only be completed through participants in the depository service of CDS.

Certificated securities will be issued to holders or their nominees, other than CDS or its nominee, only if (i) required to do so by applicable law, (ii) the depository system of CDS ceases to exist, (iii) the Corporation determines that CDS is no longer willing or able to discharge properly its responsibility as depository and the Corporation is unable to locate a qualified successor, or (iv) the Corporation at its option elects to terminate the book-entry system administered by CDS.

The Corporation, the Underwriters and the Trustee will not have any liability for (i) records maintained by CDS relating to beneficial interest in the Notes or the book-entry accounts maintained by CDS, (ii) maintaining, supervising or reviewing any records relating to any such beneficial ownership interest, or (iii) any advice or representation made or given by CDS and made or given herein with respect to the rules and regulations of CDS or any action to be taken by CDS or at the direction of the participants.

The Indenture will require that payments in respect of the Notes represented by Global Notes (including principal, premium, if any, and interest, if any) be effected by wire transfer of immediately available funds to the accounts specified by CDS. With respect to certificated securities, the Corporation will make all payments of principal, premium, if any, and interest, if any, by wire transfer of immediately available funds to the accounts specified by the holders thereof or, if no such account is specified, by mailing a cheque to each such holder's registered address. The Corporation expects that secondary trading in any certificated securities will also be settled in immediately available funds.

As long as CDS or its nominee is the registered holder of Global Notes, CDS or its nominee, as the case may be, will be considered to be the sole owner of Global Notes for the purposes of receiving payments of interest on and principal of Global Notes and premium, if any. The Corporation expects that CDS or its nominee, upon receipt of any payment of principal, interest, or premium, if any, in respect of Global Notes, will credit participants' accounts, on the

Table of Contents

date principal or interest is payable, with payments in amounts proportionate to their respective interests in the principal amount of Global Notes as shown on the records of CDS or its nominee at the close of business on the Regular Record Date, with respect to the payment of interest, and at maturity, with respect to the payment of principal. The Corporation also expects that payments of principal and interest by participants to the owners of beneficial interests in Global Notes held through such participants will be governed by standing instructions and customary practices, and will be the responsibility of such participants. The responsibility and liability of the Corporation in respect of Notes represented by Global Notes is limited to making payment of any principal and interest due on such Global Notes to the Trustee.

Transfers of beneficial ownership in Notes represented by Global Notes will be effected through the records maintained by CDS or its nominee for such Global Notes with respect to the interests of participants, and on the records of participants with respect to interests of Persons other than participants. Beneficial owners who are not participants in the depository service of CDS, but who desire to purchase, sell or otherwise transfer ownership of or other interest in Global Notes, may do so only through participants in the depository service of CDS.

The ability of a beneficial owner of an interest in a Note represented by Global Notes to pledge the Note or otherwise take action with respect to such owner's interest in a Note represented by Global Notes (other than through a participant) may be limited due to the lack of a physical certificate.

DTC, Euroclear and Clearstream, Luxembourg

Noteholders may hold their Notes through the accounts maintained by DTC, Euroclear or Clearstream, Luxembourg in CDS only if they are participants of those systems, or indirectly through organizations which are participants of those systems.

DTC, Euroclear and Clearstream, Luxembourg will hold book-entry positions on behalf of their participants on the books of CDS. All securities in DTC, Euroclear or Clearstream, Luxembourg are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts.

Transfers of Notes by Persons holding through Euroclear or Clearstream, Luxembourg participants will be effected through CDS, in accordance with CDS rules, and on behalf of the relevant European international clearing system by its depositories. However, such transactions will require delivery of transfer instructions to the relevant European international clearing system by the participant in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transfer meets its requirements, deliver instructions to its depositories to take action to effect transfer of the Notes on its behalf by delivering Notes through CDS and receiving payment in accordance with its normal procedures. Payments with respect to the Notes held through Euroclear or Clearstream, Luxembourg will be credited to the cash accounts of Euroclear participants or Clearstream, Luxembourg participants in accordance with the relevant system's rules and procedures, to the extent received by its depositories.

Although the Corporation will make all payments of principal and interest on the Notes in Canadian dollars, holders of Notes held through DTC will receive such payments in U.S. dollars, except as set forth below. Canadian dollar payments received by CDS will be exchanged into U.S. dollars and paid directly to DTC in accordance with procedures established from time to time by CDS and DTC. All costs of conversion will be borne by holders of Notes held through DTC who receive payments in U.S. dollars. Holders of Notes held through DTC may elect, through procedures established from time to time by DTC and its participants, to receive Canadian dollar payments, in which case such Canadian dollar amounts will be transferred directly to Canadian dollar accounts designated by such holders to DTC.

Any such procedures once established may be changed or discontinued by CDS, DTC, Euroclear or Clearstream, Luxembourg, as the case may be, at any time.

Foreign Exchange Risk

The Notes are denominated in Canadian dollars and all payments in respect of the Notes are to be made in Canadian dollars. An investment in the Notes by a purchaser not resident in Canada that conducts its business or activities in a currency (the **home currency**) other than Canadian dollars entails significant risks not associated with a similar investment in a security denominated in the home currency. Such risks include the possibility of significant changes in rates of exchange between the home currency and the Canadian dollar and the possibility of the imposition

or modification of foreign exchange controls with respect to the home currency or Canadian dollar. Such risks generally depend on events over which the Corporation has no control, such as economic and political events and the supply of,

S-10

Table of Contents

and demand for, the Canadian dollar and the home currency. In recent years, rates of exchange for certain currencies have been highly volatile and such volatility may be expected to continue in the future. Fluctuations in any particular exchange rate that have occurred in the past are not necessarily indicative, however, of fluctuations in such rate that may occur during the term of the Notes. Depreciation of the Canadian dollar against the relevant home currency could result in a decrease in the effective yield on the Notes below their coupon rate and, in certain circumstances, could result in a loss to the investor on a home currency basis.

This description of foreign currency risks does not describe all of the risks of an investment in securities denominated in a currency other than the home currency. Prospective investors should consult their own financial and legal advisers as to the risks involved in an investment in the Notes.

EARNINGS COVERAGE

The following consolidated financial ratios are calculated for the twelve-month periods ended August 31, 2006 and November 30, 2006 and give effect to the issuance of all of the Corporation's long-term debt and repayment or redemption thereof subsequent to such dates, including debt to be issued pursuant to this offering. The ratios are based on the Corporation's annual audited consolidated financial statements and unaudited interim consolidated financial statements incorporated by reference herein.

Notes:

(1) The annual interest requirements on long-term debt outstanding at August 31, 2006, have been adjusted to reflect issuance, repayment or redemption of long-term debt since August 31, 2006 and to give effect to the issuance of the Notes, and the application of the net proceeds thereof as described under "Use of Proceeds".

(2) Earnings are before deduction of interest on long-term debt and income taxes.

RATINGS OF THE NOTES

The following table discloses the ratings of the Notes, and ratings outlooks, received by Shaw from the rating agencies indicated:

Ratings	Ratings Outlook	Rating Agency
BBB (low)	Stable	Dominion Bond Rating Service Limited (DBRS)
Ba1	Stable	Moody's Investors Service, Inc. (Moody's)
BB+	Positive	Standard & Poor's Rating Services (S&P)

DBRS credit ratings are on a long-term debt rating scale that ranges from AAA to D, which represents the range from highest to lowest quality of such securities rated. A rating of BBB by DBRS is the fourth highest of ten categories and is assigned to debt securities considered to be of adequate credit quality. Protection of interest and principal is considered acceptable, but the entity is fairly susceptible to adverse changes in financial and economic conditions, or there may be other adverse conditions present which reduce the strength of the entity and its rated

securities. The assignment of a (high) or (low) modifier within each rating category indicates relative standing within such category. The high and low grades are not used for the AAA and D categories.

Moody's credit ratings are on a long-term debt rating scale that ranges from Aaa to C, which represents the range from highest to lowest quality of such securities rated. A rating of Ba by Moody's is the fifth highest of nine categories and denotes obligations judged to have speculative elements and which are subject to substantial credit risk. The addition of a 1, 2 or 3 modifier after a rating indicates the relative standing within a particular rating category. The modifier 1 indicates that the issue ranks in the higher end of its generic rating category, the modifier 2 indicates a mid-range ranking and the modifier 3 indicates that the issue ranks in the lower end of its generic rating category.

S&P's credit ratings are on a long-term debt rating scale that ranges from AAA to D, which represents the range from highest to lowest quality of such securities rated. A rating of BB by S&P is the fifth highest of eleven categories.

S-11

Table of Contents

According to the S&P rating system, debt securities rated BB have significant speculative characteristics but are less vulnerable in the near term than other lower rated obligations. However, an obligor rated BB faces major ongoing uncertainties and exposure to adverse business, financial or economic conditions which could lead to the obligor's inadequate capacity to meet its financial commitments. The addition of a plus (+) or minus (-) designation after a rating indicates the relative standing within a particular rating category.

Each rating agency has several categories of long-term debt ratings that may be assigned to a particular issue. Prospective purchasers of the Notes should consult the rating organization with respect to the interpretation and implication of the foregoing ratings and outlooks.

Credit ratings are intended to provide investors with an independent measure of the credit quality of an issue of securities. The foregoing ratings should not be construed as a recommendation to buy, sell or hold the Notes, in as much as such ratings do not comment as to market price or suitability for a particular investor. Any of the foregoing ratings may be revised or withdrawn at any time by the respective rating organization if in its judgment circumstances so warrant.

CERTAIN INCOME TAX CONSIDERATIONS

The following summary is of a general nature only and is not intended to be, and should not be construed to be, legal or tax advice to any prospective investor and no representation with respect to the tax consequences to any particular investor is made. Accordingly, prospective investors should consult with their own tax advisors for advice with respect to the income tax consequences to them of purchasing, holding or disposing of the Notes having regard to their own particular circumstances, including any consequences of an investment in the Notes arising under state, provincial, territorial or local tax laws in Canada or the United States or tax laws of jurisdictions outside Canada or the United States.

Certain Canadian Federal Income Tax Considerations

In the opinion of Fraser Milner Casgrain LLP, counsel for Shaw, and McCarthy Tétrault LLP, counsel for the Underwriters, the following are as of the date hereof fair and adequate summaries of the material Canadian federal income tax consequences generally applicable to (a) a holder (a **Holder**) who acquires Notes pursuant to this offering and who, for the purposes of the *Income Tax Act* (Canada) (the **Tax Act**), is or is deemed to be a resident of Canada, deals with Shaw at arm's length, is not affiliated with Shaw and holds the Notes as capital property and (b) a holder (a **Non-Resident Holder**) who acquires Notes pursuant to this offering and who, for the purposes of the Tax Act, deals with Shaw at arm's length, and is neither a resident of Canada nor deemed to be a resident of Canada. These summaries are based upon the current provisions of the Tax Act and the Regulations thereunder in force as of the date hereof, all specific proposals to amend the Tax Act and Regulations publicly announced by the Minister of Finance (Canada) prior to the date hereof (the **Proposed Amendments**), and counsel's understanding of the current administrative and assessing policies of the Canada Revenue Agency (the **CRA**) published in writing prior to the date hereof. These summaries are not exhaustive of all possible Canadian income tax consequences and, except for the Proposed Amendments, do not take into account or anticipate any changes in the law or the administrative or assessing policies of the CRA whether by legislative, governmental or judicial action, nor do they take into account provincial or foreign tax considerations which may differ significantly from those discussed herein. There can be no assurance that the Proposed Amendments will be enacted in the current form or at all.

Residents of Canada

A Holder will generally be considered to hold the Notes as capital property unless the Holder is a trader or dealer in securities, holds the Notes in the course of carrying on a business of buying and selling securities or has acquired the Notes as an adventure in the nature of trade. Certain Holders of Notes who might not otherwise be considered to hold their Notes as capital property may, in certain circumstances, be entitled to have them treated as capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act. This summary does not apply to a Holder that is a financial institution within the meaning of section 142.2 of the Tax Act or to a Holder an interest in which is a tax shelter investment, within the meaning of section 143.2 of the Tax Act.

Interest on Notes

A Holder of a Note that is a corporation, partnership, unit trust or any trust of which any corporation or partnership is a beneficiary, will be required to include in computing income for a taxation year all interest (or amounts deemed to

Table of Contents

be interest) that accrues to it on the Note to the end of that taxation year or that becomes receivable or is received by it before the end of the taxation year, except to the extent that the interest was included in computing its income for a preceding taxation year.

Any other Holder, including an individual, will be required to include in computing income for a taxation year, all interest (or amounts deemed to be interest) on a Note that is received or receivable by the Holder in that taxation year (depending on the method regularly followed by the Holder in computing income).

Disposition

On a disposition or deemed disposition of a Note (including the redemption of a Note by Shaw), a Holder will realize a capital gain (or sustain a capital loss), to the extent that the proceeds of disposition exceed (or are exceeded by), the adjusted cost base to the Holder of the Note and any reasonable expenses incurred for the purpose of making a disposition.

On a disposition or deemed disposition of a Note, a Holder will generally be required to include in income for the taxation year in which the disposition occurs, any premium deemed to be interest and the amount of accrued interest from the date of the last interest payment to the extent that such amount has not otherwise been included in income for the year in which the disposition or deemed disposition occurs or a previous taxation year.

A Holder who realizes a capital gain or sustains a capital loss on the disposition of a Note will be required to include in computing income for the taxation year of the disposition, one-half of the capital gain or will generally be entitled to deduct one-half of the capital loss against taxable capital gains realized by the Holder in the taxation year. Allowable capital losses not deducted in the taxation year in which they are realized may be carried back and deducted in any of the three preceding years or carried forward and deducted in any following years against taxable capital gains realized in such years, to the extent and under the circumstances specified in the Tax Act.

Refundable Tax

A Holder that is a Canadian-controlled private corporation (as defined in the Tax Act) may be liable for a refundable tax of 6²/₃% on investment income, including interest and capital gains earned or realized in respect of the Notes.

Non-Residents of Canada

The payment by Shaw of interest, premium, if any, or principal on the Notes to a Non-Resident Holder will be exempt from Canadian non-resident withholding tax under the Tax Act.

No other taxes on income (including capital gains) will be payable under the Tax Act in respect of the holding, redemption or disposition of the Notes by Non-Resident Holders who do not use or hold and are not deemed to use or hold the Notes in carrying on business in Canada for the purposes of the Tax Act, except that in certain circumstances Non-Resident Holders who are carrying on an insurance business in Canada and elsewhere may be subject to such taxes.

Certain U.S. Federal Income Tax Considerations

The following summary describes certain U.S. federal income tax consequences that may be relevant to the purchase, ownership and disposition of Notes by U.S. Holders (as defined below) who purchase Notes in this offering at the issue price set forth on the cover of this Prospectus Supplement and who hold the Notes as capital assets (**U.S. Holders**) within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the **Code**). This discussion does not purport to deal with all aspects of U.S. federal income taxation that may be relevant to particular holders in light of their particular circumstances nor does it deal with persons that are subject to special tax rules, such as dealers in securities or currencies, financial institutions, insurance companies, tax-exempt organizations, partnerships, real estate investment trusts, regulated investment companies, traders in securities or commodities that elect mark-to-market treatment, persons that are or, will hold Notes through, a partnership or other pass-through entity, persons holding the Notes as a part of a straddle, hedge, or conversion transaction or a synthetic security or other integrated transaction, U.S. Holders whose functional currency is not the U.S. dollar, and holders who are not U.S. Holders. In addition, this summary does not address the tax consequences applicable to subsequent purchasers of the Notes. Furthermore, the discussion below is based upon the provisions of the Code and United States Treasury regulations, rulings and judicial decisions under the Code as of the date of this Prospectus, and those authorities may be

Table of Contents

repealed, revoked or modified (possibly with retroactive effect) so as to result in federal income tax consequences different from those discussed below. There can be no assurance that the Internal Revenue Service (**IRS**) will take a similar view as to any of the tax consequences described in this summary.

Persons considering the purchase, ownership or disposition of Notes should consult their own tax advisors concerning the U.S. federal income tax consequences in light of their particular situations as well as any consequences arising under the laws of any state or of any local or foreign taxing jurisdiction.

As used in this section, the term **U.S. Holder** means a holder of Notes that is for U.S. federal income tax purposes (i) a citizen or individual resident of the United States, (ii) a corporation or other entity created or organized in or under the laws of the United States or any political subdivision of the United States, (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source or (iv) a trust, if a United States court is able to exercise primary supervision over the administration of the trust and one or more U.S. Persons have the authority to control all substantial decisions of the trust or if the trust has validly made an election to be treated as a U.S. Person under applicable United States Treasury regulations.

Payments of Interest

The U.S. dollar value of interest paid on a Note (including any Canadian taxes withheld therefrom and including the receipt of proceeds from a sale, exchange or other disposition attributable to accrued but unpaid interest) will generally be includible by a U.S. Holder as ordinary income at the time the interest is paid or accrued, based on the U.S. Holder's method of accounting for U.S. federal income tax purposes. In addition to interest on the Notes, a U.S. Holder will be required to include as income any additional amounts Shaw may pay to cover any Canadian taxes withheld from interest payments. As a result, a U.S. Holder may be required to include more interest in gross income than the amount of cash it actually receives.

A U.S. Holder may be entitled to deduct or credit the amount of any foreign withholding tax, subject to applicable limitations in the Code. For U.S. foreign tax credit purposes, interest income described above generally will constitute foreign source income and will be treated as passive category income or general category income for United States foreign tax credit purposes. The rules governing the foreign tax credit are complex and U.S. Holders are urged to consult their tax advisors regarding the availability of the credit under their particular circumstances.

Generally, in the case of a cash method taxpayer, the U.S. dollar value of the foreign currency interest payment is determined based on the spot rate on the date of receipt. Generally, in the case of an accrual method taxpayer, the average U.S. dollar value of the accrued amounts is determined based on the average exchange rate during the interest accrual period, unless an election is made under the Treasury regulations to use a different exchange rate. Generally, an accrual method taxpayer will recognize exchange income or loss, which will constitute ordinary income or loss, with respect to accrued interest income on the date the interest payment is actually received. A U.S. Holder may have exchange gain or loss when it disposes of any Canadian dollars received.

Original Issue Discount

It is not expected that the Notes will be issued with original issue discount. If, however, the Notes are issued with more than a *de minimis* amount of original issue discount, then such original issue discount would be treated for U.S. federal income tax purposes as interest accruing over the Notes' term, and would be taxable as interest income as described above under *Payments of Interest*. A U.S. Holder's adjusted tax basis in a Note would be increased by the amount of any original issue discount included in its gross income. In compliance with United States Treasury regulations, if Shaw determines that the Notes have original issue discount, Shaw will provide certain information to the IRS and/or U.S. Holders that is relevant to determining the amount of original issue discount in each accrual period.

Purchase, Sale, Exchange or Retirement of the Notes

A U.S. Holder who converts U.S. dollars to Canadian dollars and immediately uses such Canadian dollars to purchase a Note will ordinarily not recognize exchange gain or loss in connection with such conversion and purchase. A U.S. Holder who purchases a Note with previously acquired Canadian dollars will recognize ordinary income or loss in an amount equal to the difference, if any, between such U.S. Holder's tax basis in Canadian dollars and the U.S. dollar fair market value of the Note on the date of purchase. Such exchange gain or loss will generally constitute U.S. source gain or loss.

Table of Contents

Gain or loss will be recognized upon the sale, exchange or retirement of a Note in an amount equal to the U.S. dollar value of the amount received by a U.S. Holder upon such disposition (reduced by any amounts attributable to accrued but unpaid interest, which will be taxable as described above under Payments of Interest) less the U.S. dollar tax basis in the Note. A U.S. Holder's tax basis in a Note will be the U.S. dollar value of the amount paid for the Note based on the exchange rate on the date of purchase of the Note. Gain or loss that is recognized will be treated as ordinary income or loss to the extent it is exchange gain or loss. Any gain or loss recognized by such a holder in excess of the exchange gain or loss will generally be capital gain or loss. Such gain or loss generally will constitute a long-term capital gain or loss if the Note was held by such U.S. Holder for more than one year and otherwise will be short-term capital gain or loss. The deductibility of capital losses is subject to limitations. In the case of a U.S. Holder who is a United States resident (as defined in Section 865 of the Code), any such gain or loss generally will be treated as U.S. source.

Backup Withholding and Information Reporting

In general, information reporting requirements will apply to payments of principal and interest on a Note and payments of the proceeds of sale made within the United States (and, in certain cases, outside the United States) to U.S. Holders other than certain exempt recipients (such as corporations). In addition, a backup withholding tax (currently at the rate of 28%) may apply to such payments if such a U.S. Holder fails to provide an accurate taxpayer identification number or otherwise fails to comply with applicable requirements of the backup withholding rules. Any amounts withheld under those rules will be allowed as a credit against the U.S. Holder's U.S. federal income tax liability or refundable to the extent it exceeds such liability. A U.S. Holder who does not provide a correct taxpayer identification number may also be subject to penalties imposed by the IRS.

This discussion is not intended or written to be used, and cannot be used, by any holder of the Notes for the purpose of avoiding penalties that may be imposed on the holder by the IRS. This discussion supports the promotion or marketing of the transactions or matters addressed herein. Each holder of the Notes should seek advice based on its particular circumstances from an independent tax advisor.

PLAN OF DISTRIBUTION

Under the terms and subject to the conditions of an underwriting agreement (the **Underwriting Agreement**) dated among Shaw and the Underwriters, the Corporation has agreed to sell and the Underwriters have severally agreed, in the amounts set out below, to purchase, on or about or such other date as may be agreed upon, but not later than , subject to the terms and conditions stated therein, all but not less than all of the \$350,000,000 aggregate principal amount of Notes at an aggregate price of \$ (\$ per \$1,000 principal amount of Notes), payable in cash to the Corporation against delivery of the Notes and payment of the underwriting commission described below.

Underwriters	Amount
TD Securities Inc.	\$
RBC Dominion Securities Inc.	\$
CIBC World Markets Inc.	\$
Scotia Capital Inc.	\$
GMP Securities L.P.	\$
Merrill Lynch Canada Inc.	\$
National Bank Financial Inc.	\$
 TOTAL:	 \$ 350,000,000

The Underwriting Agreement provides that the Corporation will pay the Underwriters a commission of 0.90% per Note sold by closing to institutions and 1.75% per Note for all other sales. The Underwriting Agreement further provides that not less than \$275,000,000 of the aggregate principal amount of Notes shall be sold to institutions.

The Underwriters have advised Shaw that they propose initially to offer the Notes to the public at the public offering price set forth on the cover of this Prospectus Supplement and to certain dealers at that price less a concession not in excess of % per Note. After the initial public offering, the public offering price and concession may be changed by the Underwriters.

S-15

Table of Contents

The obligations of the Underwriters under the Underwriting Agreement are several and may be terminated at their discretion on the basis of their assessment of financial markets and may also be terminated upon the occurrence of certain stated events. The Corporation is not obligated to sell less than all of the Notes.

This offering is being made concurrently in all provinces of Canada and in the United States pursuant to the multijurisdictional disclosure system implemented by securities regulatory authorities in Canada and the United States. The Notes will be offered in Canada and the United States through the Underwriters, either directly or through their respective Canadian or U.S. broker-dealer affiliates or agents.

Shaw has agreed to indemnify the Underwriters and their directors, officers and employees against certain liabilities, including liabilities under the United States Securities Act of 1933, as amended, and applicable Canadian securities legislation, and to contribute to payments that the Underwriters and Shaw may be required to make in respect thereof.

There is currently no public market for the Notes. Shaw does not intend to apply for listing of the Notes on any national securities exchange or for quotation of the Notes on any automated dealer quotation system. Shaw has been advised by the Underwriters that they presently intend to make a market in the Notes after completion of the offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. Shaw cannot assure the liquidity of any trading market for the Notes or that an active public market for the Notes will develop. If an active trading market for the Notes does not develop, the market price and liquidity of the Notes may be adversely affected.

The determination of the terms of the distribution was made through negotiations between Shaw and TD Securities Inc., on behalf of the Underwriters.

In connection with the offering, the Underwriters are permitted to engage in overallotment, stabilizing transactions and syndicate covering transactions or purchases for the purpose of pegging, fixing or maintaining the price of the Notes. These transactions may raise the price of the Notes. Neither Shaw nor any of the Underwriters makes any representations or prediction as to the direction or magnitude of any effect that such transactions may have on the price of the Notes. In addition, neither Shaw nor any of the Underwriters makes any representation that the Underwriters will engage in those transactions or that these transactions, once commenced, will not be discontinued without notice.

RELATIONSHIP BETWEEN SHAW AND CERTAIN UNDERWRITERS

The Connected Underwriters are affiliates of lenders (the **Lenders**) to the Corporation and to which the Corporation is presently indebted. Shaw was indebted to such Lenders for approximately \$230 million as at November 30, 2006 under its credit facility, which indebtedness represented approximately 7.5% of the total indebtedness of Shaw as of that date (see **Capitalization**). Shaw is in compliance with the terms of its credit facility, is not in default under the credit agreement with the Lenders and none of the Lenders have waived any breach of the credit agreement since the execution thereof. The financial position of Shaw has not changed substantially since the indebtedness under the credit facility was incurred. None of the Lenders were involved in the decision to offer the Notes and none were involved in the determination of the terms of the distribution of the Notes. A portion of the net proceeds of the sale of the Notes will be used to reduce the indebtedness of Shaw to such Lenders. The Corporation may be considered to be a connected issuer of the Lenders within the meaning of applicable securities legislation. See **Use of Proceeds** and **Capitalization**.

The offering will be conducted in the United States in accordance with NASD Conduct Rule 2710(h) because more than 10% of the net proceeds of the offering may be paid to members or affiliates of members of the National Association of Securities Dealers, Inc. participating in the offering. The yield of the Notes is not required to be recommended by a qualified independent underwriter which has participated in the preparation of the registration statement and performed its usual standard of due diligence with respect to that registration statement because the Notes have been rated in an investment grade category by a rating service acceptable to the National Association of Securities Dealers, Inc.

Shaw Communications Inc.**\$1 Billion****Debt Securities**

Shaw Communications Inc. (**Shaw** or the **Corporation**) may offer for sale from time to time, during the 25 month period that this short form base shelf prospectus (**Prospectus**), including any amendments hereto, remains valid, debt securities (the **Debt Securities**) which may consist of debentures, notes or other types of debt securities and which may be issuable in series. Shaw may sell up to \$1 billion in the aggregate principal amount of Debt Securities (or its equivalent in any other currency used to denominate the Debt Securities at the time of offering) or, if any Debt Securities are offered at an original issue discount, such greater amount as shall result in an aggregate offering price of \$1 billion (or its equivalent in any other currency used to denominate the Debt Securities at the time of offering). Debt Securities may be offered in amounts, at prices, and on terms to be determined based on market conditions at the time of sale and set forth in an accompanying shelf prospectus supplement (a **Prospectus Supplement**).

The specific terms of the Debt Securities with respect to a particular offering will be set out in the applicable Prospectus Supplement and may include, where applicable, the specific designation, aggregate principal amount, the currency or the currency unit for which the Debt Securities may be purchased, the maturity, interest provisions, authorized denominations, offering price, covenants, events of default, terms for redemption or retraction (if any), exchange or conversion terms (if any), whether the debt is senior or subordinated and any other terms specific to the Debt Securities being offered. Where required by statute, regulation or policy, and where Debt Securities are offered in currencies other than Canadian dollars, appropriate disclosure of foreign exchange rates applicable to such Debt Securities will be included in the Prospectus Supplement describing such Debt Securities.

For the purpose of calculating the Canadian dollar equivalent of the aggregate principal amount of Debt Securities issued under this Prospectus from time to time, Debt Securities denominated in a currency (the **Securities Currency**) other than Canadian dollars will be translated into Canadian dollars at the date of issue of such Debt Securities using the spot wholesale transactions buying rate of the Bank of Canada for the purchase of Canadian dollars with the Securities Currency in effect as of noon (Toronto time) on the date of issue of such Debt Securities.

All shelf information permitted under applicable securities legislation to be omitted from this Prospectus will be contained in one or more Prospectus Supplements that will be delivered to purchasers together with this Prospectus. Each Prospectus Supplement will be incorporated by reference into this Prospectus for the purposes of securities legislation as of the date of the Prospectus Supplement and only for the purposes of the distribution of the Debt Securities to which the Prospectus Supplement pertains.

There is no market through which the Debt Securities may be sold and purchasers may not be able to resell Debt Securities purchased under this Prospectus. This may affect the pricing of the Debt Securities in the secondary market, the transparency and availability of trading prices, the liquidity of the Debt Securities and the extent of issuer regulation. See Risk Factors .

Neither the United States Securities and Exchange Commission nor any state securities commission has approved or disapproved these securities or determined if this Prospectus is truthful or complete. Any representation to the contrary is a criminal offence in the United States.

Offerings of Debt Securities hereunder are made by Shaw, a foreign private issuer, which is permitted, under a multijurisdictional disclosure system adopted by the United States, to prepare this Prospectus in accordance with Canadian disclosure requirements. Prospective investors in the United States should be aware that such requirements are different from those of the United States. Shaw has prepared the financial statements incorporated herein by reference in accordance with Canadian generally accepted accounting principles, and they are subject to Canadian auditing and auditor independence standards. Thus, they may not be comparable to the financial statements of United States companies.

Prospective investors should be aware that the purchase of Debt Securities may have tax consequences both in the United States and Canada. This Prospectus or any applicable Prospectus Supplement may not describe these tax consequences fully. Investors should consult with their own tax advisors and read the tax discussion in this Prospectus and any applicable Prospectus Supplement.

Enforcement of civil liabilities under United States federal securities laws may be affected adversely by the fact that Shaw is incorporated in Alberta, Canada, most of its officers and directors and most of the experts named in this Prospectus are residents of Canada, and all or a substantial portion of the assets of Shaw and said persons are located in Canada or other jurisdictions outside the United States.

Shaw may offer and sell Debt Securities to or through underwriters or dealers purchasing as principals and also may offer and sell certain Debt Securities directly to other purchasers or through agents. A Prospectus Supplement relating to each issue of Debt Securities offered thereby will identify each underwriter, dealer or agent engaged by Shaw in connection with the sale of such issue and will set forth the terms of the offering of such Debt Securities, the method of distribution of such Debt Securities, including to the extent applicable, the proceeds to Shaw and any fees, discounts or any other compensation payable to underwriters, dealers or agents and any other material terms of the plan of distribution.

In connection with any underwritten offering of Debt Securities, the underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Debt Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time. See Plan of Distribution .

The offering is subject to approval of certain legal matters on behalf of the Corporation by Fraser Milner Casgrain LLP, Calgary, Alberta and Sherman & Howard LLC, Denver, Colorado. No underwriter or dealer in Canada or the United States has been involved in the preparation of this Prospectus or performed any review of the contents of this Prospectus.

Shaw's head and registered office is at Suite 900, 630 3rd Avenue S.W., Calgary, Alberta, T2P 4L4.

Consolidation, Amalgamation, Merger and Sale of Assets

The Corporation may not consolidate or amalgamate with or merge into any other Person, or convey, transfer or lease its properties and assets substantially as an entirety to any other Person, unless the Person formed by such consolidation or amalgamation or into which the Corporation is merged or the Person which shall have acquired or leased all such properties or assets (1) shall be a corporation, partnership or trust organized and existing under the laws of Canada or any province or territory thereof or the United States, any state thereof or the District of Columbia, and shall expressly assume the Corporation's obligations for the due and punctual payment of the principal of and premium, if any, and interest on the Debt Securities and the performance and observance of every covenant of the Trust Indenture on the part of the Corporation to be performed and (2) immediately after giving effect to such transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have occurred and be continuing.

If, as a result of any such transaction, any properties or assets of the Corporation or any Subsidiary of the Corporation become subject to a Lien, then, unless such Lien could be created, incurred or assumed pursuant to the Trust Indenture provisions described under the *Limitation on Liens* covenant above without equally and rateably securing the Debt Securities, the Corporation, simultaneously with or prior to such transaction, will cause the Debt Securities to be secured equally and rateably with or prior to the indebtedness secured by such Lien for so long as such indebtedness is secured thereby.

Payment of Additional Amounts

All payments made by or on behalf of the Corporation under or with respect to the Debt Securities will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other government charge (including penalties, interest and other liabilities related thereto) imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or by any other Governmental Authority therein or thereof having power to tax (**Canadian Taxes**) unless the Corporation is required to withhold or deduct Canadian Taxes by law or by the interpretation or administration thereof by the relevant Governmental Authority. If the Corporation is so required to withhold or deduct any amount for or on account of Canadian Taxes from any payment made under or with respect to the Debt Securities, the Corporation will pay as additional interest such additional amounts (**Additional Amounts**) as may be necessary so that the net amount received by each Holder of Debt Securities after such withholding or deduction (including with respect to Additional Amounts) will not be less than the amount the Holder of Debt Securities would have received if such Canadian Taxes had not been withheld or deducted (a similar indemnity will also be provided to Holders of Debt Securities that are exempt from withholding but are required to pay tax directly on amounts otherwise subject to withholding); provided, however, that no Additional Amounts will be payable with respect to a payment made to a Holder of Debt Securities (an **Excluded Holder**) in respect of the beneficial owner thereof (i) with which the Corporation does not deal at arm's length (for purposes of the *Income Tax Act* (Canada)) at the time of the making of such payment, (ii) which is subject to such Canadian Taxes by reason of its failure to comply with any certification, identification, information, documentation or other reporting requirement if compliance is required by law, regulation, administrative practice or an applicable treaty as a precondition to exemption from, or a reduction in the rate of deduction or withholding of, such Canadian Taxes or (iii) which is subject to such Canadian Taxes by reason of its carrying on business in or being connected in any way with Canada or any province or territory thereof otherwise than by the mere holding of Debt Securities or the receipt of payment thereunder. The Corporation will make such withholding or deduction and remit the full amount deducted or withheld to the relevant Governmental Authority as and when required in accordance with applicable law. The Corporation will pay all taxes, interest and other liabilities which arise by virtue of any failure of the Corporation to withhold, deduct and remit to the relevant Governmental Authority on a timely basis the full amounts required in accordance with applicable law. The Corporation will furnish to the Holders of the Debt Securities, other than an Excluded Holder, within 30 days after the date the payment of any Canadian Taxes is due

pursuant to applicable law, certified copies of tax receipts evidencing such payment by the Corporation.

The foregoing obligations shall survive any termination, defeasance or discharge of the Trust Indenture.

Events of Default

The following are summaries of Events of Default under the Trust Indenture with respect to the Debt Securities: (a) default in the payment of the principal of (or premium, if any, on) any Debt Security at its Stated Maturity; (b) default in the payment of any interest (including Additional Amounts) on any Debt Security when it becomes due and payable, and continuance of such default for a period of 30 days; (c) default in the performance, or breach, of any covenant or warranty of the Corporation in the Trust Indenture in respect of the Debt Securities (other than a covenant or warranty a default in the performance of which or the breach of which is specifically dealt with elsewhere in the Trust Indenture), and continuance of such default or breach for a period of 60 days after written notice thereof to the Corporation by the Trustee or to the Corporation and the Trustee by the Holders of at least 25% in aggregate principal amount of the Debt Securities of all such affected series then Outstanding (voting as one class); (d) failure to pay when due, after the expiration of any applicable grace period, any portion of the principal of, or involuntary acceleration of the maturity of, (i) indebtedness for borrowed money of the Corporation, or (ii) indebtedness for borrowed money (other than Non-Recourse Debt permitted clause (6) of the *Limitation and Debt and Preferred Stock of Subsidiaries* covenant above) of any Subsidiary of the Corporation which is a major subsidiary (as such term is defined in National Instrument 55-101 of the Canadian Securities Administrators), in either case having an aggregate principal amount outstanding in excess of \$75 million; and (e) certain events in bankruptcy, insolvency or reorganization affecting the Corporation.

If an Event of Default occurs and is continuing with respect to the Debt Securities, then and in every such case, the Trustee or the Holders of at least 25% in aggregate principal amount of the Debt Securities of all affected series then Outstanding (voting as one class) may declare the entire principal amount of all Debt Securities and all interest thereon to be immediately due and payable. However, at any time after a declaration of acceleration with respect to any Debt Securities has been made, but before a judgment or decree for payment of the money due has been obtained, the Holders of a majority in aggregate principal amount of the Debt Securities of all affected series then Outstanding (voting as one class) may, except in certain circumstances, by written notice to the Corporation and the Trustee rescind and annul such acceleration.

The Trust Indenture provides that, subject to the duty of the Trustee during an Event of Default to act with the required standard of care, the Trustee shall be under no obligation to exercise any of its rights and powers under the Trust Indenture at the request or direction of any of the Holders, unless such Holders shall have offered to the Trustee reasonable indemnity. Subject to such provisions for indemnification of the Trustee and certain other limitations set forth in the Trust Indenture, the Holders of a majority in aggregate principal amount of the Debt Securities of all affected series then Outstanding (voting as one class) shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the Debt Securities.

No Holder of a Debt Security will have any right to institute any proceeding with respect to the Trust Indenture, or for the appointment of a receiver or a trustee, or for any other remedy thereunder, unless (a) such Holder has previously given to, or received from, the Trustee written notice of a continuing Event of Default with respect to the Debt Securities, (b) the Holders of at least 25% in aggregate principal amount of the Debt Securities of all affected series then Outstanding (voting as one class) have made a written request to the Trustee, and such Holder or Holders have offered reasonable indemnity to the Trustee, to institute such proceeding as trustee, and (c) the Trustee has failed to institute such proceeding and has not received from the Holders of a majority in aggregate principal amount of the Debt Securities of all affected series then Outstanding (voting as one class) a direction inconsistent with such request within 60 days after such notice, request and offer. However, such limitations do not apply to a suit instituted by the Holder of a Debt Security for the enforcement of payment of the principal of or any premium or interest on such Debt Security on or after the applicable due date specified in such Debt Security.

The Corporation will be required to furnish to the Trustee annually a statement by certain of its officers as to whether or not the Corporation, to the best of their knowledge, is in compliance with all conditions and covenants of the Trust Indenture and, if not, specifying all such known defaults.

Defeasance

The Trust Indenture provides that, at the option of the Corporation, the Corporation will be discharged from any and all obligations in respect of the Debt Securities of any series then Outstanding (except with respect to the authentication, transfer, exchange or replacement of Debt Securities or the maintenance of a Place of Payment and

certain other obligations set forth in the Trust Indenture) upon irrevocable deposit with the Trustee, in trust, of money and/or Government Obligations which will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent chartered accountants to pay the principal of and premium, if any, and each instalment of interest, on such Outstanding Debt Securities (**Defeasance**). Such trust may only be established if among other things (a) the Corporation has delivered to the Trustee an Opinion of Counsel in the United States (who may be independent counsel for the Corporation) stating that (i) the Corporation has received from, or there has been published by, the Internal Revenue Service a ruling, or (ii) since the date of execution of the Trust Indenture, there has been a change or clarification in the applicable United States federal income tax law, in either case to the effect that the Holders of such Outstanding Debt Securities will not recognize income, gain or loss for United States federal income tax purposes as a result of such Defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Defeasance had not occurred; (b) the Corporation has delivered to the Trustee an Opinion of Counsel in Canada or a ruling from Canada Revenue Agency to the effect that the Holders of the Debt Securities of that series will not recognize income, gain or loss for Canadian federal or provincial income or other tax purposes as a result of such Defeasance and will be subject to Canadian federal or provincial income and other tax on the same amounts, in the same manner and at the same times as would have been the case had such Defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that Holders of such Outstanding Debt Securities include Holders who are not resident in Canada); (c) no Event of Default or event that, with the passing of time or the giving of notice, or both, shall constitute an Event of Default shall have occurred and be continuing; (d) the Corporation is not an insolvent person within the meaning of the *Bankruptcy and Insolvency Act* (Canada); (e) the Corporation has delivered to the Trustee an Opinion of Counsel to the effect that such deposit shall not cause the Trustee or the trust so created to be subject to the U.S. *Investment Company Act of 1940*, as amended; and (f) other customary conditions precedent are satisfied. The Corporation may exercise its Defeasance option notwithstanding its prior exercise of its Covenant Defeasance option described in the following paragraph if the Corporation meets the conditions described in the preceding sentence at the time the Corporation exercises the Defeasance option.

The Trust Indenture provides that, at the option of the Corporation, unless and until the Corporation has exercised its Defeasance option described in the preceding paragraph, the Corporation may omit to comply with the *Limitation on Liens* , *Limitation on Sale and Leaseback Transaction* and *Limitation on Debt and Preferred Stock of Subsidiaries* covenants and certain other covenants and such omission shall not be deemed to be an Event of Default under the Trust Indenture with respect to that series of Debt Securities upon irrevocable deposit with the Trustee, in trust, of money and/or Government Obligations which will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent chartered accountants to pay the principal of and premium, if any, and each instalment of interest, on such Outstanding Debt Securities (**Covenant Defeasance**). If the Corporation exercises its Covenant Defeasance option, the obligations under the Trust Indenture other than with respect to such covenants and the Events of Default other than with respect to such covenants shall remain in full force and effect. Such trust may only be established if, among other things, (a) the Corporation has delivered to the Trustee an Opinion of Counsel in the United States to the effect that the Holders of such Outstanding Debt Securities will not recognize income, gain or loss for United States federal income tax purposes as a result of such Covenant Defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred; (b) the Corporation has delivered to the Trustee an Opinion of Counsel in Canada or a ruling from Canada Revenue Agency to the effect that the Holders of such Outstanding Debt Securities will not recognize income, gain or loss for Canadian federal or provincial income or other tax purposes as a result of such Covenant Defeasance and will be subject to Canadian federal or provincial income and other tax on the same amounts, in the same manner and at the same times as would have been the case had such Covenant Defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that Holders of such Outstanding Debt Securities include Holders who are not resident in Canada); (c) no Event of Default or event that, with the passing of time or the giving of notice, or both, shall constitute
