Grupo Radio Centro Reports Second Quarter and First Half 2007 Results

MEXICO CITY, July 25 /PRNewswire-FirstCall/ -- Grupo Radio Centro, S.A.B. de C.V. (NYSE: RC, BMV: RCENTRO-A) (the "Company"), one of Mexico's leading radio broadcasting companies, announced today its results of operations for the second quarter and first half ended June 30, 2007. All figures were prepared in accordance with the Financial Reporting Standards issued by the Mexican Board for Research and Development of Financial Information Standards and have been restated in constant pesos as of June 30, 2007.

Second Quarter Results

Broadcasting revenue for the second quarter of 2007 was Ps. 145,498,000, representing a decrease of 40.5% compared to Ps. 244,518,000 reported for the second quarter of 2006. This decrease was mainly attributable to a decrease in advertising expenditures by political parties, which purchased more airtime last year in connection with the July 2006 presidential and congressional elections.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) for the second quarter of 2007 were Ps. 100,808,000, representing a decrease of 21.1% compared to Ps. 127,781,000 reported for the second quarter of 2006. This decrease was primarily due to lower sales commissions to the Company's general sales force as a result of the decrease in broadcasting revenue, a smaller allowance for doubtful accounts than in the second quarter of 2006 (when the Company had a larger-than-usual reserve in connection with receivables that the Company ultimately sold in December 2006) and lower expenses relating to the Company's advertising and marketing campaigns than in the second quarter of 2006, when the political election season impacted the Company's advertising and marketing campaign expenses.

For the second quarter of 2007, the Company reported broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) of Ps. 44,690,000, a 61.7% decline compared to Ps. 116,737,000 reported for the second quarter of 2006. This decrease in broadcasting income was mainly attributable to the aforementioned decrease in broadcasting revenue.

Depreciation and amortization expenses for the second quarter of 2007 were Ps. 8,609,000, a 16.5% increase compared to Ps. 7,392,000 reported for the second quarter of 2006. Depreciation and amortization expenses were lower in the second quarter of 2006 than in the second quarter of 2007 primarily because the Company reduced depreciation and amortization expenses for the second quarter of 2006 to offset excess depreciation and amortization expenses recorded for the first quarter of 2006.

The Company's corporate, general and administrative expenses were Ps. 3,729,000 for the second quarter of 2007, a 7.3% increase compared to Ps. 3,474,000 reported for the second quarter of 2006.

The Company reported operating income of Ps. 32,352,000 for the second quarter of 2007, compared to operating income of Ps. 105,871,000 in the second quarter of 2006. This decrease was due to lower broadcasting revenue in the second quarter of 2007 compared to the second quarter of 2006, as described above.

The Company's comprehensive financing cost for the second quarter of 2007 was Ps. 2,505,000, compared to a comprehensive financing gain of Ps. 2,319,000 reported for the second quarter of 2006. This unfavorable change was mainly due to a loss on foreign currency exchange, net of Ps. 31,000 in the second quarter of 2007, compared to a gain of Ps. 3,785,000 in the second quarter of 2006. This gain in the second quarter of 2006 resulted from the impact of peso appreciation on the Company's US dollar-denominated contingent liability provision. The Company cancelled this provision in June 2006, as described below.

During the second quarter of 2007, other expenses, net were Ps. 9,260,000, a 37.6% decrease compared to Ps. 14,849,000 reported for the second quarter of 2006. This decrease was mainly attributable to lower legal expenses during the second quarter of 2007 compared to the second quarter of 2006.

In the second quarter of 2007, the Company reported income before extraordinary items and provisions for income tax and employee profit sharing of Ps. 20,587,000, a 77.9% decrease compared to Ps. 93,341,000 reported for the second quarter of 2006, mainly as a result of the decrease in broadcasting revenue described above.

For the second quarter of 2007, the Company reported income before provisions for income tax and employee profit sharing of Ps. 20,587,000, compared to Ps. 349,657,000 for the second quarter of 2006. In addition to higher broadcasting revenue, as described above, the 2006 period benefited from extraordinary income of Ps. 256,316,000, which resulted from the cancellation of the provision for a contingent liability recorded by the Company in 2003 in connection with arbitration proceedings. The Company cancelled the provision in June 2006 after a Mexican court set aside and refused to enforce in Mexico an arbitration award issued against the Company. The status of these arbitration proceedings is discussed below.

The Company recorded provisions for income tax and employee profit sharing of Ps. 4,977,000 for the second quarter of 2007, compared to Ps. 28,517,000 for the second quarter of 2006. This decrease in provisions was primarily due to lower taxable income for the second quarter of 2007 compared to the second quarter of 2006.

As a result of the foregoing, the Company's net income for the second quarter of 2007 was Ps. 15,610,000, compared to net income of Ps. 321,140,000 in the second quarter of 2006.

First Half Results

For the six months ended June 30, 2007, broadcasting revenue was Ps. 270,518,000, representing a 36.9% decrease compared to Ps. 428,388,000 reported for the same period of 2006. The decrease in broadcasting revenue was mainly attributable to a decrease in advertising expenditures by political parties, which purchased more airtime last year in connection with the July 2006 presidential and congressional elections.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) for the first six months of 2007 were Ps. 207,770,000, a 10.3% decrease compared to Ps. 231,657,000 reported for the same period of 2006. This decrease was primarily due to the decrease in sales commissions to the Company's general sales force as a result of the decrease in broadcasting revenue, as well as the smaller allowance for doubtful accounts during the first six months of 2007 compared to the same period of 2006. Broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) for the first six months of 2007 was Ps. 62,748,000, representing a decrease of 68.1% compared to Ps. 196,731,000 reported for the same period of 2006. This decrease was mainly attributable to the decrease in broadcasting revenue described above.

Depreciation and amortization expenses for the first six months of 2007 were Ps. 17,294,000, a decrease of 6.1% compared to Ps. 18,422,000 reported for the same period of 2006. This decrease resulted from the Company no longer recording depreciation on Company vehicles whose useful lives ended in the second quarter of 2006, which more than offset the increase in depreciation and amortization expenses in the second quarter of 2007 relative to the second quarter of 2006, described above.

The Company's corporate, general and administrative expenses for the first six months of 2007 were Ps. 7,074,000, a slight decrease compared to Ps. 7,239,000 reported for the same period of 2006.

As a result of the foregoing, the Company reported operating income of Ps. 38,380,000 for the first six months of 2007, a 77.6% decrease compared to Ps. 171,070,000 reported for the same period of 2006.

The Company's comprehensive cost of financing for the first six months of 2007 was Ps. 2,009,000, a 73.9% decrease compared to Ps. 7,711,000 reported for the same period of 2006. This favorable change was mainly due to a decrease in interest expense for the first six months of 2007 compared to the same period of 2006 as a result of the Company no longer recording interest on bank debt after paying off the remaining balance of its bank debt in May 2006. The favorable effect of this decrease was partially offset by a loss on net monetary position of Ps. 774,000 for the first six months of 2007, compared to a gain on net monetary position of Ps. 1,327,000 reported for the same period of 2006. Other expenses, net for the first six months of 2007 were Ps. 19,937,000, a 17.7% decrease compared to Ps. 24,236,000 reported for the same period of 2006. This decrease was mainly attributed to lower legal expenses during the second quarter of 2007 compared to the same period of 2006.

For the first six months of 2007, the Company had income before extraordinary items and provisions for income tax and employee profit sharing of Ps. 16,434,000, an 88.2% decrease compared to Ps. 139,123,000 reported for the same period of 2006, mainly as a result of the decrease in broadcasting revenue described above.

For the first six months of 2007, the Company reported income before provisions for income tax and employee profit sharing of Ps. 16,434,000, compared to Ps. 395,439,000 reported for the same period of 2006. In addition to higher broadcasting revenue, the 2006 period benefited from extraordinary income of Ps. 256,316,000, which resulted from the cancellation in June 2006 of the provision for the contingent liability relating to the arbitration proceedings described below.

The Company recorded provisions for income tax and employee profit sharing of Ps. 3,711,000 for the first six months of 2007, compared to Ps. 38,992,000 for the same period of 2006.

As a result of the foregoing, the Company reported net income of Ps. 12,723,000 for the first half of 2007, compared to net income of Ps. 356,447,000 for the same period of 2006.

Legal Proceedings

On January 30, 2007, the Mexican Supreme Court (Suprema Corte de Justicia de la Nacion) asked the Federal District's Thirteenth Circuit Court of Civil Matters to analyze again the procedure and to resolve the case as Indirect Amparo. The Federal District's Thirteenth Circuit Court of Civil Matters' June 2006 decision had ratified a lower court's ruling to set aside a 2004 arbitration award issued against the Company in an arbitration proceeding brought by Infored, S.A. de C.V. ("Infored") and Mr. Jose Gutierrez Vivo. The Company can give no assurance about the outcome of these proceedings or their duration.
