INTRODUCTION

The information contained in this Information Statement is being furnished to all holders of record of common stock of Clacendix, Inc. at the close of business on May 14, 2009 in accordance with the requirements of Section 14(f) of the Securities Exchange Act of 1934 and Rule 14f-1 under that act in order to effect a change in majority control of Clacendix' Board of Directors other than by a meeting of stockholders. This Information Statement is being distributed on or about May 19, 2009. Unless the context otherwise requires, "we," "our," "us" and similar expressions refer to Clacendix, Inc.

No Vote or Other Action by Clacendix' Stockholders is Required in Response to this Information Statement. Proxies Are Not Being Solicited.

On May 14, 2009, we completed a share exchange transaction, in which we issued to the stockholders of HealthWarehouse.com, Inc., a Delaware corporation ("HealthWarehouse"), an aggregate of 155,194,563 shares of our common stock in exchange for all of the outstanding shares of capital stock of HealthWarehouse. HealthWarehouse is a U.S. licensed pharmacy and healthcare e-commerce company that sells discounted generic prescription drugs and over-the-counter medical products.

As a result of the share exchange transaction, HealthWarehouse became a wholly-owned subsidiary of ours and HealthWarehouse's former stockholders acquired a majority of our outstanding shares of common stock, par value \$.001 per share. The share exchange was completed pursuant to the terms of a Securities Exchange Agreement, dated May 14, 2009, between us, HealthWarehouse and, for certain limited purposes, the stockholders of HealthWarehouse.

As a result of the share exchange transaction, control of our company passed to the former HealthWarehouse stockholders. See "Voting Control and Management." Prior to the closing of the exchange transaction, our board of directors was composed of Stephen M. Deixler, Norman E. Corn and Frank M. Russo. Effective May 14, 2009, immediately following the share exchange transaction, Mr. Russo resigned as a director of ours. In accordance with our by-laws for filling newly-created board vacancies, remaining board members Messrs. Corn and Deixler appointed Lalit Dhadphale and Wayne Corona, previous directors of HealthWarehouse, to serve as directors of our company effective at the closing of the share exchange transaction. Mr. Deixler resigned as our director effective upon compliance by us with the provisions of Section 14(f) of the Securities Exchange Act and Rule 14f-1 under that act.

Prior to the closing of the exchange transaction, Stephen M. Deixler was our Chairman of the Board, Norman E. Corn was our Chief Executive Officer and Patrick E. Delaney was our Chief Financial Officer. Mr. Deixler resigned from his position as Chairman of the Board and Mr. Corn resigned from his position as Chief Executive Officer effective on May 14, 2009.

On May 14, 2009, our board of directors named the following persons as our new executive officers: Lalit Dhadphale - President and Chief Executive Officer, Patrick E. Delaney - Chief Financial Officer and Treasurer, and Wayne Corona - Secretary. Officers are elected annually by our board of directors and serve at the discretion of our board.

Meetings of our Board of Directors

Our board of directors held six meetings during the year ended December 31, 2008.

Board Committees

Our board of directors had previously established an audit committee, compensation committee, and nominations and governance committee. In conjunction with the share exchange transaction, we disbanded these committees. Later in 2009, our board of directors expects to recreate such committees, in compliance with established corporate governance requirements.

Audit Committee. We plan to reestablish an audit committee of the board of directors. The audit committee's duties would be to recommend to the board of directors the engagement of independent registered public accountants to audit our financial statements and to review our accounting and auditing principles. The audit committee would review the scope, timing and fees for the annual audit and the results of audit engagements performed by the independent registered public accountants, including their recommendations to improve the system of accounting and internal controls. The audit committee would at all times be composed exclusively of directors who are, in the opinion of the board of directors, free from any relationship which would interfere with the exercise of independent judgment as a committee member and who possess an understanding of financial statements and generally accepted accounting

principles. Due to our small size, we do not currently have an “audit committee financial expert,” as defined under securities laws, serving on our board of directors, but we intend to appoint one when we reestablish our audit committee.

- 5 -

Compensation Committee. We plan to reestablish a compensation committee of the board of directors. The compensation committee would review and approve our salary and benefits policies, including compensation of executive officers. The compensation committee would also administer our proposed Incentive Compensation Plan, and recommend and approve grants of stock options and restricted stock under that plan.

Nominations and Governance Committee. We plan to reestablish a nominations and governance committee of the board of directors. The purpose of the nominations and governance committee would be to select, or recommend for our entire board's selection, the individuals to stand for election as directors at the annual meeting of stockholders and to oversee the selection and composition of committees of our board. The nominations and governance committee's duties would also include considering the adequacy of our corporate governance and overseeing and approving management continuity planning processes.

Director Compensation

Directors are expected to timely and fully participate in all regular and special board meetings, and all meetings of committees that they may serve on. We expect to compensate non-management directors through stock option or restricted stock grants under our stock option plans, though we have not determined the exact number of options or stock to be granted at this time.

Prior to May 14, 2009, directors who were not also employees received fully-vested options to purchase 20,000 shares of our common stock upon election to our board and fully-vested options to purchase 10,000 shares of our common stock upon re-election to our board. In addition, directors who were not also employees received annually fully-vested options to purchase 1,500 shares of our common stock for each of the following committee memberships: audit, compensation and nominating committees. These directors were also granted fully-vested options to purchase an additional 1,500 shares of our common stock for each board meeting they attended. Options were granted at exercise prices per share equal to the fair market value of our common stock on the date of the grant. In addition, we reimbursed all such directors who traveled more than fifty miles to a meeting of the board for all reasonable travel expenses.

Indebtedness of Directors and Executive Officers

None of our executive officers or directors, or their respective associates or affiliates, is indebted to us.

Family Relationships

There are no family relationships among our executive officers and directors.

Legal Proceedings

As of the date of this information statement, there are no material proceedings to which any of our directors, executive officers, affiliates or stockholders is a party adverse to us.
