**Explanatory Note**

On May 23, 2018, the Board of Directors (the “Board”) of Acorn International, Inc. (the “Company”) declared a one-time cash dividend on the Company’s ordinary shares of US\$0.75 per ordinary share. This cash dividend is payable June 22, 2018 to shareholders of record on June 4, 2018. The aggregate amount of cash dividends payable would be approximately US\$40 million.

The Company recently sold Bright Rainbow Investments Limited, a Hong Kong subsidiary which has a wholly-owned Chinese subsidiary that owned certain fixed assets that were no longer being used by the Company as a result of its transition to an asset-lite model, in exchange for cash payment of approximately RMB360 million (US\$57 million), subject to a post-closing working capital adjustment (the “Non-Core Asset Disposal”). Notwithstanding the Non-Core Asset Disposal, the Company has retained and will continue focusing on the development of its core business operations, including its legacy brands, such as Babaka, and its other existing business units, as well as new businesses, such as Acorn Fresh and Acorn Entertainment. In this regard, the Company expects to retain at least US\$10 million cash proceeds from the Non-Core Asset Disposal after the payment of the aforesaid cash dividend, which will be available at the discretion of the Board for business operations and other corporate purposes.
