Non-life combined ratio	95.7%	112.1%	-16.4 pts
Total investment income yield(1)	2.9%	6.7%	-3.8 pts
Total investment return(2)	3.5%	4.9%	-1.4 pts
Operating income (loss) (pre-tax)	US\$ 56.4 million	US\$ -71.2 million	+US\$ 127.6 million
Net income (loss)	US\$ 44.3 million	US\$ -5.6 million	+US\$ 49.9 million
Earnings per share	US\$ 1.12	US\$ -0.14	+US\$ 1.26
Return on equity(3)	10.2%	-1.4%	+11.6 pts
Cash flows from operating activities	US\$ 331.4 million	US\$ 235.2 million	+40.9%
Shareholders' equity as per 9/30	US\$ 1,940.0 million	US\$ 1,659.5 million	+16.9%
Book value per share as per 9/30	US\$ 48.77	US\$ 41.72	+16.9%

Dirk Lohmann, Converium's Chief Executive Officer, commented: "Converium continued to benefit from the reshuffling in the reinsurance industry. The strong performance of our non-life segments, Standard Property & Casualty Reinsurance and Specialty Lines, continued and reflects Converium's strong global franchise and the disciplined execution of our strategy that allow us to benefit from the current attractive market conditions."

Dirk Lohmann added: "We have as promised further addressed our GMDB reserving position in the third quarter. Following a series of claims audits, additional in-depth analyses and resulting enhancements to our models, we have strengthened our total net reserves by US\$ 14.3 million to US\$ 58.1 million. In addition we have secured the ability to call upon additional reinsurance protection of up to US\$ 75.0 million in excess of the newly strengthened carried reserve levels as at September 30, 2003. We presently believe that this additional reinsurance protection provides adequate coverage to protect Converium against any significant movement in the key variables and assumptions within our existing models."

For the three months ended September 30, 2003, Converium reported a net income (after-tax) of US\$ 44.3 million; earnings per share were US\$ 1.12. For the three months ended September 30, 2002, Converium reported a return on equity(3) of -1.4%. For the three months ended September 30, 2003, gross premiums written were US\$ 1,009.6 million, net premiums written were US\$ 887.4 million, and net premiums earned

Edgar Filing: CONVERIUM HOLDING AG - Form 6-K

were US\$ 918.6 million. For the three months ended September 30, 2003, Converium reported total investment results of US\$ 52.9 million, including net realized capital losses of US\$ 1.3 million, resulting in a total investment income yield(1) of 2.9%, a decrease of 3.8 percentage points compared to the same period of the previous year (3Q 2002 quarter-to-date: 6.7%). Converium reported total investment returns of US\$ 63.8 million or 3.5%, a decrease of 1.4 percentage points compared to the same period of the previous year (3Q 2002 quarter-to-date: 4.9%). Total revenues increased by 18.5% to US\$ 971.5 million (3Q 2002 quarter-to-date: US\$ 820.1 million). Cash flows from operating activities increased by 40.9% to US\$ 331.4 million (3Q 2002 quarter-to-date: US\$ 235.2 million).

	3Q 2003 year-to-date	3Q 2002 year-to-date	Change

Gross premiums written	US\$ 3,222.1 million	US\$ 2,518.7 million	+27.9%
Net premiums written	US\$ 2,971.3 million	US\$ 2,388.8 million	+24.4%
Net premiums earned	US\$ 2,715.4 million	US\$ 2,271.9 million	+19.5%
Non-life combined ratio	97.7%	104.2%	-6.5 pts
Total investment income yield(1)	3.5%	4.1%	-0.6 pts
Total investment return(2)	5.7%	3.0%	+2.7 pts
Operating income (pre-tax)	US\$ 144.7 million	US\$ 32.5 million	+US\$ 112.2 million
Net income	US\$ 128.9 million	US\$ 26.0 million	+US\$ 102.9 million
Earnings per share	US\$ 3.24	US\$ 0.65	+US\$ 2.59
Return on equity(3)	9.9%	2.2%	+7.7 pts
Cash flows from operating activities	US\$ 904.0 million	US\$ 511.9 million(4)	+76.6%

For the nine months ended September 30, 2003, Converium reported a net income (after-tax) of US\$ 128.9 million; earnings per share for the period were US\$ 3.24. For the nine months ended September 30, 2003, Converium reported a return on equity(3) of 9.9%. For the nine months ended September 30, 2003, gross premiums written were US\$ 3,222.1 million, net premiums written US\$ 2,971.3 million, and net premiums earned US\$ 2,715.4 million. For the nine months ended September 30, 2003, Converium reported total investment results of US\$ 183.4 million, including net realized capital gains of US\$ 6.2 million, resulting in a total investment income yield(1) of 3.5%, a decrease of 0.6 percentage points (3Q 2002 year-to-date: 4.1%). Converium reported total investment returns of US\$ 299.3 million or 5.7%, an increase of 2.7 percentage points compared to the same period of the previous year (3Q 2002 year-to-date: 3.0%). Total revenues increased by 20.0% to US\$ 2,894.4 million (3Q 2002 year-to-date: US\$ 2,412.5 million). Cash flows from operating activities increased by 76.6% to US\$ 904.0 million (3Q 2002 year-to-date: US\$ 511.9 million(4)).

At September 30, 2003, total assets were US\$ 13,891.7 million, an increase of 15.3% (December 31, 2002: US\$ 12,051.0 million); shareholders' equity was US\$ 1,940.0 million, an improvement of 11.6% or US\$ 202.0 million (December 31, 2002: US\$ 1,738.0 million); book value per share was US\$ 48.77, an increase of 12.0% or US\$ 5.22 compared to December 31, 2002 (December 31, 2002: US\$ 43.55).

On October 3, 2003, Converium announced that the Board of Directors of Converium Holding Ltd appointed four new members to the

Edgar Filing: CONVERIUM HOLDING AG - Form 6-K

Global Executive Committee, Dr Hans Peter Boller, Christian Felderer, Christoph Ludemann, and Gary Prestia, and approved changes to the organizational and financial reporting structures. The new management structure centers on global functional areas; Converium started to report in three new global business segments, Standard Property & Casualty Reinsurance, Specialty Lines, and Life & Health Reinsurance. Administration expenses related to the Board of Directors, the Global Executive Committee, and other global functions are reported separately within Converium's Corporate Center. With this structure, Converium has fully aligned its operating platform with its global strategy. At the same time, the new segment reporting structure allows for a better assessment of the execution of Converium's strategy.

Business Development

Dirk Lohmann, Chief Executive Officer, said: "The strong performance we continued to experience in Standard Property & Casualty Reinsurance as well as in Specialty Lines reflects Converium's global franchise as well as our strong distribution, both direct and via broker. Today, our portfolio is well diversified by lines of business, globally balanced by regions, and well spread between short-, mid-, and long-tail business. The disciplined execution of our strategy resulted in substantial cash flows that drove the strong growth of total invested assets, the corresponding investment results will be a key value driver for future earnings."

Martin Kauer, Chief Financial Officer, said: "Notwithstanding the interest rate increase, the conservative positioning of our bond portfolio in terms of duration and credit quality resulted in a relatively moderate decrease of the unrealized capital gains on the fixed income securities; however, this decrease has been compensated by the positive impact of the continued rebound of the equity markets, and overall we maintained the aggregate net unrealized gains positions at the level that was reported at the end of June 2003. Since year-end 2002, Converium's shareholders' equity increased by 11.6%, or by more than 13.0% including paid dividends, to US\$ 1,940.0 million as per September 30, 2003. Our claims supporting capital of US\$ 2,330.4 million enables us to continue to benefit from today's hard reinsurance market."

Standard Property & Casualty Reinsurance, which represented approximately 38.2% of total net premiums written for the three months ended September 30, 2003, reported gross premiums written of US\$ 383.4 million, an increase of 25.3% (3Q 2002 quarter-to-date: US\$ 306.0 million), net premiums written of US\$ 338.9 million, an increase of 11.2% (3Q 2002 quarter-to-date: US\$ 304.7 million), and net premiums earned of US\$ 422.9 million, an increase of 25.2% (3Q 2002 quarter-to-date: US\$ 337.9 million). The growth was spread across most lines of business and primarily resulted from increased rates, increasing the share of clients' business upon renewing existing business or writing new business. A substantial part of this business was written on a proportional basis in lines of business that exhibit lower volatility in their performance over time and, therefore, carry higher expected non-life loss ratios compared to non-proportional catastrophe business. The non-life combined ratio was 93.7% for the three months ended September 30, 2003, an improvement of 15.4 percentage points (3Q 2002 quarter-to-date: 109.1%, including 14.8 percentage points caused by the European floods); the segment income for the third quarter 2003 was not materially impacted by developments of prior years' reserves. Total investment results decreased by 41.9% to US\$ 20.9 million (3Q 2002 quarter-to-date: US\$ 36.0 million). The segment income was US\$ 50.8 million for the three months ended September 30, 2003, an increase of 647.1% or US\$ 44.0 million (3Q 2002 quarter-to-date: US\$ 6.8 million) that was primarily attributable to

Edgar Filing: CONVERIUM HOLDING AG - Form 6-K

an improved non-life combined ratio. For the nine months ended September 30, 2003, gross premiums written increased by 19.9% to US\$ 1,384.3 million, net premiums written by 14.5% to US\$ 1,279.6 million, and net premiums earned by 16.4% to US\$ 1,210.1 million; the non-life combined ratio improved by 7.6 percentage points to 92.6% (3Q 2002 year-to-date: 100.2% including 4.8 percentage points caused by the European floods); total investment results increased by 11.8% to US\$ 73.1 million; and the segment income increased by 169.9% to US\$ 160.6 million.

Frank Schaar, Executive Vice President, Standard Property & Casualty Reinsurance, commented: "The profitable growth of Standard Property & Casualty Reinsurance - net premiums written increased 14.5% to US\$ 1,279.6 million for the first nine months of 2003 - was driven by the general third party liability and property lines of business. The non-life combined ratio of 92.6% for our Standard Property & Casualty Reinsurance segment for the first nine months of 2003 properly reflects the profitability of the business written in the last two years and modest claims from catastrophes."

Specialty Lines, representing approximately 53.5% of total net premiums written for the three months ended September 30, 2003, reported gross premiums written of US\$ 543.5 million, an increase of 45.6% (3Q 2002 quarter-to-date: US\$ 373.3 million), net premiums written of US\$ 474.7 million, an increase of 41.2% (3Q 2002 quarter-to-date: US\$ 336.2 million), and net premiums earned of US\$ 408.2 million, an increase of 16.4% (3Q 2002 quarter-to-date: US\$ 350.6 million). The growth was spread across most lines of business, particularly professional liability and other specialty liability, aviation and space, and agribusiness, and primarily resulted from increased rates, increasing the share of clients' business upon renewing existing business or writing new business. The non-life combined ratio was 97.8% for the three months ended September 30, 2003, an improvement of 17.1 percentage points (3Q 2002 quarter-to-date: 114.9%); the segment income for the third quarter 2003 was not materially impacted by developments of prior years' reserves. Total investment results decreased by 39.4% to US\$ 28.0 million (3Q 2002 quarter-to-date: US\$ 46.2 million). The segment income was US\$ 34.1 million for the third quarter ended September 30, 2003, an increase of US\$ 39.4 million (3Q 2002 quarter-to-date: segment loss US\$ 5.3 million) that was primarily attributable to the improved non-life combined ratio. For the nine months ended September 30, 2003, gross premiums written increased by 36.6% to US\$ 1,532.3 million, net premiums written by 34.6% to US\$ 1,405.6 million, and net premiums earned by 22.0% to US\$ 1,231.7 million; the non-life combined ratio improved by 5.5 percentage points to 102.7%; total investment results increased by 16.1% to US\$ 96.5 million; and the segment income increased by US\$ 57.9 million to US\$ 56.3 million.

Benjamin Gentsch, Executive Vice President, Specialty Lines, said: "Net premiums written of the Specialty Lines segment increased by 34.6% to US\$ 1,405.6 million for the first three quarters of 2003; the lines of business professional liability and other specialty liability, aviation and space, and agribusiness contributed substantially to this profitable growth. For the first three quarters of 2003, the non-life combined ratio improved by 5.5 percentage points to 102.7%. Due to the mid- to long-tail character of most of the Specialty Lines business, the invested assets offsetting reserves are expected to generate substantial investment results in the future and to contribute to the segment income."

Life & Health Reinsurance, which represented approximately 8.3% of total net premiums written for the three months ended September 30, 2003, reported gross premiums written of US\$ 82.7 million, an increase of 25.9% (3Q 2002 quarter-to-date: US\$ 65.7 million), net premiums written of US\$ 73.8 million, an increase of 30.9% (3Q 2002

Edgar Filing: CONVERIUM HOLDING AG - Form 6-K

quarter-to-date: US\$ 56.4 million), and net premiums earned of US\$ 87.5 million, an increase of 32.0% (3Q 2002 quarter-to-date: US\$ 66.3 million). The growth was primarily driven by the accident and health line of business in North America and in Continental Europe. In the three months ended September 30, 2003, based on in-depth analyses, a substantially enhanced model, and best estimates applied as assumptions for all key parameters, the Life & Health Reinsurance segment strengthened the total net reserves of its Guaranteed Minimum Death Benefit (GMDB) business by US\$ 14.3 million to US\$ 58.1 million. Converium has secured the ability to call upon additional reinsurance protection of up to US\$ 75.0 million over the strengthened reserve levels at September 30, 2003. Based on information available today, this additional reinsurance protection adequately addresses potential adverse deviations to the key assumptions - i.e. mortality risks, lapse rate risks, withdrawal rate-risks, and investment risks - incorporated in our models. The net amount at risk further decreased to US\$ 1,032.8 million as per September 30, 2003. For the three months ended September 30, 2003, Converium's Life & Health Reinsurance segment reported a technical result(5) of minus US\$ 14.1 million (3Q 2002 quarter-to-date: minus US\$ 10.5 million), this was due to the developments on the closed block of Guaranteed Minimum Death Benefit (GMDB) business that contributed a technical result of minus US\$ 20.7 million (3Q 2002 quarter-to-date: minus US\$ 4.0 million); the Life & Health segment excluding GMDB reported a technical result of US\$ 6.6 million, an improvement of US\$ 13.1 million (3Q 2002 quarter-to-date: minus US\$ 6.5 million). Total investment results decreased by 39.4% to US\$ 4.0 million (3Q 2002 quarter-to-date: US\$ 6.6 million). For the three months ended September 30, 2003, the segment loss was US\$ 14.8 million (3Q 2002 quarter-to-date: segment loss US\$ 8.4 million). For the nine months ended September 30, 2003, gross premiums written increased by 25.9% to US\$ 305.5 million, net premiums written by 26.4% to US\$ 286.1 million, and net premiums earned by 22.9% to US\$ 273.6 million. The technical result for the first nine months of 2003 was minus US\$ 16.0 million (3Q 2002 year-to-date: minus US\$ 5.2 million), including minus US\$ 35.3 million from the GMDB-book (3Q 2002 year-to-date: minus US\$ 4.0 million); the Life & Health segment excluding GMDB reported a technical result of US\$ 19.3 million, an improvement of US\$ 20.5 million (3Q 2002 year-to-date: minus US\$ 1.2 million). Total investment results increased by 15.0% to US\$ 13.8 million; the segment loss was US\$ 13.4 million (3Q 2002 year-to-date: segment loss US\$ 2.9 million).

Christoph Ludemann, Executive Vice President, Life & Health Reinsurance, commented: "The execution of our Life & Health strategy continued to contribute to Converium's overall performance - the growth of the Life & Health Reinsurance segment, where net premiums written increased 26.4% to US\$ 286.1 million for the first nine months of 2003 - was primarily attributable to the accident and health line of business. We addressed the reserving position for our GMDB-book: we now carry strong reserves for the GMDB-exposures and have the ability to call upon additional broad protection against future life benefit increases arising out of adverse movements in the many variables included in our models."

The company has made it a policy not to provide any quarterly or annual earnings guidance and it will not update any past outlook for full year earnings. It will however provide investors with perspectives on its value drivers, its strategic initiatives and those factors critical to understanding its business and operating environment.

About Converium

Edgar Filing: CONVERIUM HOLDING AG - Form 6-K

Converium is an independent leading global multi-line reinsurer known for its innovation, professionalism and service. Today Converium ranks among the top ten professional reinsurers and employs more than 800 people in 22 offices around the globe. Converium is organized into three business segments: Standard Property & Casualty Reinsurance, Specialty Lines and Life & Health Reinsurance. Converium's net losses for the September 11th terrorist attacks in the United States are capped at US\$ 289.2 million by its former parent, Zurich Financial Services. Converium has minimal A&E exposures. Converium has an "A" rating (stable outlook) both from Standard & Poor's and A.M. Best Company.

Important Disclaimer

This document contains forward-looking statements as defined in the U.S. Private Securities Litigation Reform Act of 1995. It contains forward-looking statements and information relating to the Company's financial condition, results of operations, business, strategy and plans, based on currently available information. These statements are often, but not always, made through the use of words or phrases such as 'expects', 'should continue', 'believes', 'anticipates', 'estimates' and 'intends'. The specific forward-looking statements cover, among other matters, the improving reinsurance market, the expected losses related to the September 11, 2001 attack on the United States, the outcome of insurance regulatory reviews, the Company's operating results, the rating environment and the prospect for improving results. Such statements are inherently subject to certain risks and uncertainties. Actual future results and trends could differ materially from those set forth in such statements due to various factors. Such factors include general economic conditions, including in particular economic conditions; the frequency, severity and development of insured loss events arising out of catastrophes, as well as man-made disasters such as the September 11, 2001 attack in the United States; the ability to exclude and to reinsure the risk of loss from terrorism; fluctuations in interest rates; returns on and fluctuations in the value of fixed income investments, equity investments and properties; fluctuations in foreign currency exchange rates; rating agency actions; changes in laws and regulations and general competitive factors, and other risks and uncertainties, including those detailed in the Company's filings with the U.S. Securities and Exchange Commission and the SWX Swiss Exchange. The Company does not assume any obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise.
