**Item 2.02. Results of Operations and Financial Condition.**

On October 25, 2012, Colgate-Palmolive Company (the “Company”) issued a press release announcing its earnings for the quarter ended September 30, 2012. This press release is attached as Exhibit 99 and is incorporated herein by reference.

The information in Item 2.02 of this Current Report is being furnished and shall not be deemed “filed” for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section. The information in Item 2.02 of this Current Report shall not be incorporated by reference into any registration statement or other document pursuant to the Securities Act of 1933, as amended.

**Item 2.05. Costs Associated with Exit or Disposal Activities.**

On October 24, 2012, the Company’s Board of Directors approved a four-year Global Growth and Efficiency Program (the “2012 Restructuring Program”) for sustained growth. The program’s initiatives are expected to help the Company ensure continued solid worldwide growth in unit volume, organic sales and earnings per share and enhance its global leadership positions in its core businesses.

Implementation of the 2012 Restructuring Program, which is expected to be substantially completed by December 31, 2016, is projected to result in cumulative pretax charges, once all phases are approved and implemented, totaling between \$1,100 and \$1,250 (\$775 and \$875 aftertax), which are currently estimated to be comprised of the following: employee-related costs, including severance, pension and other termination benefits (50%); asset-related costs, primarily accelerated depreciation and asset write-downs (15%); and other charges, which include contract termination costs, consisting primarily of implementation-related charges resulting directly from exit activities (20%) and the implementation of new strategies (15%). Over the course of the four-year 2012 Restructuring Program, it is estimated that approximately 75% of the charges will result in cash expenditures.

Charges related to the 2012 Restructuring Program will be recorded in the Corporate segment as these decisions are predominantly centrally directed and controlled and are not included in internal measures of segment operating performance. It is expected that the cumulative pre-tax charges, once all projects are approved and implemented, will relate to initiatives undertaken in North America (15%), Europe/South Pacific (20%), Latin America (5%), Greater Asia/Africa (10%), Hill’s Pet Nutrition (15%) and Corporate (35%), which includes substantially all of the costs related to the implementation of new strategies, noted above, on a global basis. It is expected that, by the end of 2016, the 2012 Restructuring Program will reduce the Company’s global employee workforce by approximately 6% from the current level of 38,600.

This Current Report on Form 8-K contains forward-looking statements about the 2012 Restructuring Program. These statements are made on the basis of the Company's views and assumptions as of this time and the Company undertakes no obligation to update these statements unless required by law. These statements are not guarantees of future performance; they involve risks and uncertainties and actual events or results may differ materially from these statements. Potential risks and uncertainties that could cause actual results to differ from expected results include, among others, whether the Company will be able to implement the 2012 Restructuring Program as planned, whether the expected amount of the costs associated with the 2012 Restructuring Program will exceed the Company's forecasts and whether the Company will be able to realize the full amount of estimated savings from the 2012 Restructuring Program. Investors should consult the Company's filings with the Securities and Exchange Commission (including the information set forth under the caption "Risk Factors" in the Company's Annual Report on Form 10-K for the year ended December 31, 2011) for information about certain other factors that could cause such differences. Copies of these filings may be obtained upon request from the Company's Investor Relations Department or on the Company's web site at <http://www.colgatepalmolive.com>.
