**Item 1.01. Entry into a Material Definitive Agreement.**

On June 19, 2013, MGE Energy, Inc. (MGEE) entered into an amendment to its existing credit agreement dated as of July 30, 2010, with various financial institutions, as lenders, and JPMorgan Chase Bank, N.A., as administrative agent, and Madison Gas and Electric Company (MGE) entered into an amendment to its existing credit agreement dated as of July 30, 2010, with various financial institutions, as lenders, and JPMorgan Chase Bank, N.A., as administrative agent. See "Credit Facilities" in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations in MGEE and MGE's annual report on Form 10-K for the year ended December 31, 2012, for additional information regarding the existing credit agreements.

In the case of MGEE, the principal purposes of the amendment are to increase the revolving credit facility to \$50 million from \$40 million and to extend the expiration date of the credit agreement to July 31, 2017, from July 31, 2015. In the case of MGE, the principal purposes of the amendment are to increase the revolving credit facility to \$100 million from \$75 million and to extend the expiration date of the credit agreement to July 31, 2017, from July 31, 2015. In addition, both amendments lowered the adders used in the determination of the interest rates under the existing credit agreements. As a result of the amendments, the existing credit agreements for both of MGEE and MGE carry interest at either:

A "floating rate," plus an adder ranging from zero to 0.125%, depending upon the credit ratings assigned to MGE's senior unsecured long-term debt securities. The "floating rate" is calculated on a daily basis as the highest of a prime rate, a Federal Funds effective rate plus 0.5% per annum, or a Eurodollar Rate for a one-month interest period plus 1%; or

A "Eurodollar Rate," plus an adder ranging from 0.675% to 1.125%, depending upon the credit ratings assigned to MGE's senior unsecured long-term debt securities. The "Eurodollar Rate" is calculated as provided in the credit agreements for the selected interest period.

Interest based upon a floating rate is payable monthly. Interest based upon a Eurodollar Rate is payable on the last day of the selected interest period, unless that interest period exceeds three months, in which case it is also payable on the three-month anniversary of the first day of the selected interest period.

Copies of the amendments are filed as exhibits to this Current Report on Form 8-K.

**Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On June 19, 2013, MGEE and MGE entered into amendments to their existing revolving credit facilities that, among other things, increased the commitments of the lenders under those facilities to \$50 million and \$100 million, respectively. See Item 1.01 above for more information.
