Explanatory Note

This Amendment No. 1 to Form 8-K is being filed to correct an inadvertent clerical error describing the eligibility percentage for the annual cash incentive described in the Current Report on Form 8-K that was filed by West Bancorporation, Inc. on January 31, 2012.

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

At its regular board meeting on January 25, 2012, the board of directors of West Bancorporation, Inc. (the "Company") approved an annual incentive bonus plan for the named executive officers commencing in 2012.

The named executive officers will be eligible for an annual cash incentive of up to 60 percent of their annual base salary depending upon the Company's financial performance. The financial performance will be measured using four metrics: return on average equity, return on average assets, the "Texas" ratio and the efficiency ratio. The metrics will be compared to those of a defined peer group. The Company's performance as measured by the defined metrics must be equal to or greater than the 50<sup>th</sup> percentile of the peer group in order for the named executive officers to be eligible for an annual incentive bonus.

In addition to the peer analysis, the Compensation Committee of the Company will consider any other information that it believes relevant when making its recommendations for annual incentive bonuses to the independent directors of the Company.

The information contained in this report may contain forward-looking statements about the Company's growth and acquisition strategies, new products and services, and future financial performance, including earnings and dividends per share, return on average assets, return on average equity, efficiency ratio and capital ratios. Certain statements in this report constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, including statements preceded by, followed by or that include the words "believes," "expects," "intends," "should," or "anticipates," or similar references or references to estimates or predictions. Such forward-looking statements are based upon certain underlying assumptions, risks and uncertainties. Because of the possibility that the underlying assumptions are incorrect or do not materialize in the future, actual results could differ materially from these forward-looking statements. Risks and uncertainties that may affect future results include: interest rate risk; competitive pressures; pricing pressures on loans and deposits; changes in credit and other risks posed by the Company's loan and investment portfolios, including declines in commercial or residential real estate values or changes in the allowance for loan losses dictated by new market conditions or regulatory requirements; actions of bank and non-bank competitors; changes in local and national economic conditions; changes in regulatory requirements, including actions of the Securities and Exchange Commission, the Federal Deposit Insurance Corporation, the Iowa Division of Banking, and/or the Federal Reserve Board; and customers' acceptance of the Company's products and services. The Company undertakes no obligation to revise or update such forward-looking statements to reflect current events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.
