### **Intershop Stockholders Approve 1-for-5 Reverse Stock Split**

*Stockholders Approval Enhances Intershop's Financial Flexibility*

**Jena / Hamburg, Germany, October 30, 2002** Stockholders of Intershop Communications AG (Neuer Markt: ISH, Nasdaq ISHP), a leading provider of e-commerce software for enterprises, today approved the proposed simplified capital decrease in conjunction with a 1-for-5 reverse stock split of Intershop common bearer shares.

Under the approved measures, the new share capital will be Euro 19,306,400 and five existing Intershop Communications AG common bearer shares will be exchanged for one new Intershop Communications AG common bearer share. The Company expects Intershop's shares will begin trading on a consolidated basis before the end of calendar year 2002.

Dr. Juergen Schoettler, Chief Financial Officer, commented, "At today's special stockholders' meeting, Intershop's stockholders approved a key measure of our comprehensive set of financial initiatives designed to strengthen the balance sheet and to increase the Company's financial flexibility. The reverse stock split is an important step in enabling the Company to raise capital to support our operating business and ensure continued investment in research and technology, thus greatly enhancing our competitive position. Intershop is currently working with investment bank ING Barings as a strategic financial advisor throughout this process. We are very encouraged by today's vote and our stockholders' decision to support us."

Holders of Intershop's American Depositary Shares (ADS) quoted on Nasdaq National Market will not need to take any action. Upon the reverse stock split becoming effective, one ADS will evidence one Intershop common bearer share instead of currently five Intershop common bearer shares.

In addition to the reverse stock split, Intershop's stockholders approved a resolution to adapt the Company's articles of association to the Transparency and Publicity Act (*Transparenz- und Publizitätsgesetz - TransPuG*). All resolutions were accepted by at least 99% of the capital represented at the meeting.

Approximately 500 stockholders attended the special stockholders' meeting held at the CCH convention center in Hamburg, Germany. About 28% of common stock was represented at the meeting.
