Report of Independent Auditors

Compensation Committee and Participants of
Community Bank System, Inc.
Employee Savings and Retirement Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of Community Bank System, Inc. Employee Savings and Retirement Plan (the "Plan") at December 31, 2002 and 2001, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Edgar Filing: COMMUNITY BANK SYSTEM INC - Form 11-K

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Employee Savings and Retirement Plan
Notes to Financial Statements
December 31, 2002 and 2001

A. Description of the Plan

The following description of the Community Bank System, Inc. Employee Savings and Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers substantially all Community Bank System, Inc. (the "Company") employees who are age eighteen or older. Employees must have 1 year of service to be eligible for the Company's contribution. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make voluntary contributions of up to 90% of their total compensation on a pre-tax or after-tax basis up to a maximum contribution of \$11,000. Voluntary cash contributions of up to 6% of total eligible compensation are matched 50% by the Company and amounted to \$723,732 and \$534,988 in 2002 and 2001, respectively. In addition, the Company may make discretionary profit sharing contributions to the Plan which are allocated to individual participant accounts. Such voluntary contributions amounted

Edgar Filing: COMMUNITY BANK SYSTEM INC - Form 11-K

to \$388,135 and \$303,525 in 2002 and 2001, respectively. Within certain maximum limitations, the amount of the Bank's annual discretionary contributions are determined by the Board of Directors.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocation of Plan earnings and administrative expenses are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeited accounts are allocated annually to eligible participant accounts based on the ratio of each eligible participant's compensation to total eligible participant compensation. Forfeited accounts allocated to eligible participants amounted to \$9,087 and \$16,628 for 2002 and 2001, respectively.

Vesting

Participants are immediately vested in their contributions and the Company's discretionary profit sharing contributions. Vesting in the Company's matching contribution portion plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after three years of service.

Participant Loans

Participants may borrow from the Plan a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at a rate of prime plus two percent.

Payment of Benefits

Normal retirement date for participants under the Plan is the later of age 65 or the completion of 5 years of service. Upon termination of service due to death, disability or retirement, the participant will receive either a lump sum amount or installment payments equal to the value of the participant's vested interest in his or her account.

Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the terms of ERISA. In the event of a termination of the Plan, the net assets of the Plan are to be set aside for participating employees based upon balances then credited to individual accounts. Participants shall be vested 100% in the assets so allocated to their accounts.

B. Significant Accounting Policies

Edgar Filing: COMMUNITY BANK SYSTEM INC - Form 11-K

Basis of Accounting

The financial statements included herein have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments

Investments are stated at aggregate fair value, except for the SEI Stable Asset GIC Fund which is stated at cost. Securities which are traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. Participant loan receivable balances are reported at cost.

The Plan presents in the statement of changes in net assets, the net appreciation (depreciation) in the fair value of its investments which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments.

Purchases and sales of securities are recorded on the settlement date. Gains or losses on sales of securities are based on average cost. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Inactive Accounts

Account balances of individuals who have withdrawn from participation in the Plan were approximately \$5,540,627 and \$4,731,372 at December 31, 2002 and 2001, respectively.

Transfers in From Merged Plans

During 2001, the Company acquired First Liberty Bank Corp. and Citizens National Bank of Malone. Subsequent to acquisition the defined contribution plans were terminated and merged into the Company plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Edgar Filing: COMMUNITY BANK SYSTEM INC - Form 11-K

The plan provides for various investment options in combination of mutual funds and Company stock. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

C. Investments

Investments are held within various common funds maintained by the Community Bank, N.A. Trust Department. Participants, at their discretion, may allocate contributions and account balances between various investment options offered by the Plan. The Plan administrator's description of these options is as follows:

Community Bank System, Inc. Stock Fund and Payroll Stock Ownership Fund - these Funds invest in the common stock of the Plan sponsor, which is traded on the New York Stock Exchange under the symbol "CBU".

Guaranteed Investment Contract Fund - invests in the SEI Stable Asset GIC Fund, a mutual fund that holds primarily a diversified portfolio of stable value contracts issued by insurance companies and banks. Investments in the SEI Stable Asset GIC Fund are not marketable securities and are reported at cost.

Washington Mutual Investors Fund - a mutual fund that invests in common stocks and securities convertible into such common stocks.

Federated Total Return Bond Fund - a mutual fund seeking to provide total return by investing primarily in a diversified portfolio of investment grade fixed income securities.

Manager Special Equity Fund - a mutual fund that invests in equity securities of small- and medium-sized U.S. companies.
