QUESTIONS AND ANSWERS

What is included in the proxy materials? What is a proxy statement and what is a proxy?

The proxy materials for the 2019 annual meeting of shareholders (the “Annual Meeting”) of Seritage Growth Properties, a Maryland real estate investment trust (“Seritage,” “the Company,” “our company,” “we,” “our,” or “us”), include the Notice of Annual Meeting, this Proxy Statement, our 2018 Annual Report on Form 10-K and a proxy card or voting instruction form. The Company has made these proxy materials available to you by Internet or, upon your request, has delivered printed versions of these materials to you by mail, because you were a shareholder of record at the close of business on March 8, 2019.

A proxy statement is a document that U.S. Securities and Exchange Commission (“SEC”) regulations require us to give you when we ask you to sign a proxy designating individuals to vote on your behalf. A proxy is the legal designation of another person to cast the votes entitled to be cast by the holder of the shares. That other person is called a proxy.

We have designated three of our officers as proxies for the Annual Meeting. When you authorize a proxy by using the Internet, by telephone or by signing and returning the proxy card, you appoint each of Benjamin Schall, Brian Dickman and Matthew Fernand as your representative at the Annual Meeting (the “proxies”), with full power of substitution of any of them. Even if you plan to attend the Annual Meeting, we encourage you to authorize a proxy to vote your shares in advance by using the Internet, by telephone or, if you received your proxy card by mail, by signing and returning your proxy card. If you authorize a proxy by using the Internet or by telephone, you do not need to return your proxy card.

The form of proxy and this Proxy Statement have been approved by our Board of Trustees (“Board”) and are being provided to shareholders by its authority. These materials were first made available or sent to you on March 15, 2019.

Why did I receive a one-page notice in the mail regarding the Internet Availability of Proxy Materials instead of a full set of proxy materials?

In accordance with rules adopted by the SEC, the Company uses the Internet as the primary means of furnishing proxy materials to shareholders. Accordingly, the Company is sending a Notice of Internet Availability of Proxy Materials (the “Notice”) to the Company’s shareholders. All shareholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed set of the proxy materials. Instructions on how to access the

proxy materials over the Internet or how to request a printed copy may be found in the Notice, proxy card or voting instruction form. In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The Company encourages shareholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of its Annual Meetings and reduce the cost to the Company of physically printing and mailing materials.

What am I voting on at the Annual Meeting?

At the Annual Meeting, our shareholders are asked to consider and vote upon:

the election of David S. Fawer and Thomas M. Steinberg as Class I trustees, each to serve until the 2022 annual meeting of shareholders and until his successor is duly elected and qualifies;

the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2019;

an advisory, non-binding resolution to approve the Company's executive compensation program for our named executive officers; and

any other business that may properly come before the Annual Meeting or any postponement or adjournment thereof.

How does the Board recommend I vote?

The Board recommends that you vote as follows:

FOR the election of each of the Board's nominees for Class I trustees;

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2019; and

FOR, on an advisory basis, the approval of the executive compensation program for our named executive officers.

What does it mean to vote by proxy?

It means that you give someone else the right to vote your shares in accordance with your instructions. In this way, you ensure that your vote will be counted even if you are unable to attend the Annual Meeting. If you give your proxy

Edgar Filing: Seritage Growth Properties - Form DEF 14A

but do not include specific instructions on how to vote, the individuals named as proxies will vote your shares as follows:

FOR the election of each of the Board's nominees for Class I trustees;

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2019; and

FOR, on an advisory basis, the approval of the executive compensation program for our named executive officers.

Who is entitled to vote?

Only holders of our Class A common shares of beneficial interest (“Class A Shares”) and Class B common shares of beneficial interest (“Class B Shares”) at the close of business on March 8, 2019 (the “Record Date”) are entitled to notice of, and to vote at, the Annual Meeting. The holder of each Class A Share and each Class B Share outstanding is entitled to one vote per share. There were 35,667,521 Class A Shares and 1,322,365 Class B Shares outstanding on the Record Date.

How do I cast my vote?

If you hold your shares directly in your own name, you are a “registered shareholder” (sometimes referred to as a “record shareholder”) and may vote in person at the Annual Meeting or you may complete and submit a proxy through the Internet, by telephone or by mail. If your shares are registered in the name of a broker or other nominee, you are a “street-name shareholder” and will receive instructions from your broker or other nominee describing how to vote your shares.

How do I authorize a proxy to vote my shares by telephone or through the Internet?

If you are a registered shareholder, you may authorize a proxy to vote your shares by telephone or through the Internet following the instructions in the Notice. If you are a street-name shareholder, your broker or other nominee has provided a voting instruction form and other information for you to use in directing your broker or nominee how to vote your shares.

Who will count the vote?

A representative of Computershare Trust Company, N.A., an independent tabulator, will count the vote and act as the inspector of election.

May I change my vote after I have voted?

Edgar Filing: Seritage Growth Properties - Form DEF 14A

A subsequent vote by any means will change your prior vote. For example, if you voted by telephone, a subsequent Internet vote will change your vote. If you are a registered shareholder and wish to change your vote by mail, you may do so by requesting, in writing, a proxy card from the Corporate Secretary at Seritage Growth Properties, 500 Fifth Avenue, Suite 1530, New York, NY 10110, Attn: Corporate Secretary. The last vote received prior to the Annual Meeting will be the one counted. If you are a registered shareholder, you may also change your vote by voting in person at the Annual Meeting. Attendance at the Annual Meeting will not, by itself, change a prior vote. Street-name shareholders wishing to change their votes after returning voting instructions to their broker or other nominee should contact the broker or nominee directly.

May I revoke a proxy?

Yes, registered shareholders may revoke a properly executed proxy at any time before it is exercised at the Annual Meeting by (i) submitting a letter addressed to and received by the Corporate Secretary at the address listed in the answer to the previous question or (ii) attending the Annual Meeting in person and revoking your proxy. Street-name shareholders may not revoke their proxies in person at the Annual Meeting because the actual registered shareholders, the

brokers or other nominees, will not be present. Street-name shareholders wishing to revoke their proxies after returning voting instructions to their broker or other nominee should contact the broker or nominee directly.

What does it mean if I receive more than one Notice, proxy or voting instruction form?

It means your shares are registered differently or are in more than one account. For all copies of proxy materials, please provide voting instructions for all Notices, proxy cards and voting instruction forms that you receive. We encourage you to register all your accounts in the same name and address. Registered shareholders may contact our transfer agent, Computershare Trust Company, N.A., at 462 South 4th Street, Suite 1600 Louisville, KY 40202 (1-866-455-9772). Street-name shareholders holding shares through a broker or other nominee should contact their broker or nominee and request consolidation of their accounts.

What constitutes a quorum?

The holders of a majority of the outstanding shares entitled to vote, in person or represented by proxy at the Annual Meeting, constitutes a quorum. A quorum is necessary to conduct the Annual Meeting.

What is the required vote to elect trustees?

Item 1: Following the recent amendment of the voting provisions of our Bylaws as described in Item 1.—Election of Trustees, the affirmative vote of at least two-thirds of all the votes cast (i.e., voted “for” or “against”) at a meeting of shareholders at which a quorum is present is required to elect a trustee. In the event that an incumbent trustee does not receive a sufficient percentage of votes entitled to be cast for election, he or she will continue to serve on the Board until a successor is duly elected and qualifies. Cumulative voting is not permitted.

What is the required vote to approve each of the other proposals?

Item 2: Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm requires the affirmative vote of a majority of votes cast (i.e., voted “for” or “against”) in person or represented by proxy at the Annual Meeting.

Item 3: Approval of the advisory vote on the Company's executive compensation program for our named executive officers requires the affirmative vote of a majority of votes cast (i.e., voted "for" or "against") in person or represented by proxy at the Annual Meeting.

What is the effect of an abstention?

Abstentions occur when a shareholder is present in person or by proxy at the Annual Meeting, but abstains from voting. Abstentions will be counted for purposes of determining whether a quorum is present at the Annual Meeting. Following the recent amendment of the voting provisions of our Bylaws, abstentions with respect to the election of a trustee will have no impact on the vote for or against that trustee, as an abstention is not treated as a vote cast. An abstention with respect to the proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm and the advisory vote on the Company's executive compensation

will not be counted as a vote cast on either proposal and will have no effect on the results of either vote.

How will votes be counted on shares held through brokers?

If you hold shares beneficially in street name, but do not provide your broker with voting instructions on a matter on which the broker is not permitted to vote without instructions from the beneficial owner, your shares represent “broker non-votes.” Brokers are not entitled to vote on (i) the election of trustees (Item 1), or (ii) the advisory vote on the Company’s executive compensation (Item 3) unless they receive voting instructions from the beneficial owner. Your broker is entitled to vote your shares if no instructions are received from you on the proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm (Item 2). Broker non-votes will be counted for purposes of determining whether a quorum is present at the Annual Meeting. Because broker non-votes are not considered votes cast on a proposal, broker non-votes, if any, will not affect the outcome of the election of trustees (Item 1), the proposal to ratify the appoint of Deloitte & Touche LLP as our independent registered public accounting firm (Item 2) or the advisory vote on the Company’s executive compensation (Item 3).

Who may attend the Annual Meeting?

Any shareholder as of the Record Date or their duly authorized proxies may attend the Annual Meeting. Registration and seating will begin at 9:30 a.m.

An admission ticket (or other proof of share ownership) and some form of government- issued photo identification (such as a valid driver’s license or passport) will be required for admission to the Annual Meeting. Only shareholders who owned Seritage shares in their own names or in street name as of the Record Date or their duly authorized proxies will be entitled to attend the Annual Meeting. An admission ticket will serve as verification of your ownership. If you are a registered shareholder, your admission ticket is included in the Notice. If you are a street- name shareholder, you will need to bring a copy of a brokerage statement, proxy or letter from the broker or other nominee confirming ownership of Seritage shares as of the Record Date. If you are a street-name shareholder and wish to vote at the Annual Meeting you will need to obtain a “legal proxy” from your bank or broker, which may take several days. Cameras, recording devices and other electronic devices will not be permitted at the Annual Meeting.

May I access future annual meeting materials through the Internet?

Edgar Filing: Seritage Growth Properties - Form DEF 14A

Yes. Registered shareholders may sign up for electronic delivery at www.envisionreports.com/srg. If you authorize a proxy through the Internet, you may also sign up for electronic delivery. Just follow the instructions that appear after you finish voting. You will receive an e-mail next year containing our 2019 Annual Report on Form 10-K and the Proxy Statement for our 2020 annual meeting. Street-name shareholders may also have the opportunity to receive copies of these documents electronically. Please check the information provided in the proxy materials mailed to you by your broker or other nominee regarding the availability of this service. This procedure reduces the printing costs and fees our company incurs in connection with the solicitation of proxies.

How are proxies solicited and what is the cost?

Seritage will bear the cost of soliciting proxies by or on behalf of our Board. In addition to solicitation through the mail, proxies may be solicited in person or by telephone or electronic communication by our trustees, officers and employees, none of whom will receive additional compensation for these services. We have engaged Georgeson LLC (“Georgeson”) to distribute and solicit proxies on our behalf and will pay Georgeson a fee of \$10,000, plus reimbursement of reasonable out-of-pocket expenses, for these services.

What is “householding”?

Seritage has adopted a procedure called “householding,” which has been approved by the SEC. Under this procedure, shareholders of record who have the same address and last name will receive a single copy of the Notice and, if applicable, the proxy materials unless one or more of these shareholders notifies the Company that they wish to continue receiving individual copies. Shareholders who participate in householding will continue to receive separate proxy cards. This procedure can result in significant savings to our company by reducing printing and postage costs.

If you wish to receive separate copies of Notices and, if applicable, proxy materials, please call the Company at (212) 355-7800 or write to: Corporate Secretary, Seritage Growth Properties, 500 Fifth Avenue, Suite 1530, New York, NY 10110. The Company will deliver the requested documents to you promptly upon your request.

Any shareholders of record who share the same address and currently receive multiple copies of Notices and, if applicable, proxy materials who wish to receive only one copy of these materials per household in the future may contact the Corporate Secretary of the Company at the address or telephone number listed above. If you hold your shares through a broker, bank or other nominee, please contact your broker, bank, or other nominee to request information about householding.

How do I revoke my consent to the householding program?

If you are a holder of record and share an address and last name with one or more other holders of record, and you wish to continue to receive separate Notices and, if applicable, proxy materials, you may revoke your consent by writing to Corporate Secretary, Seritage Growth Properties, 500 Fifth Avenue, Suite 1530, New York, NY 10110. You may also revoke your consent by contacting the Company at (212) 355-7800. You will be removed from the householding program within 30 days of receipt of the revocation of your consent.

A number of brokerage firms have instituted householding. If you hold your shares in street name, please contact your bank, broker or other holder of record to request information about householding.

CORPORATE GOVERNANCE

Corporate Governance Practices

Our Board is committed to effective corporate governance. The Board has approved and adopted Corporate Governance Guidelines that provide the framework for governance of our company. The Nominating and Corporate Governance Committee reviews and assesses the Corporate Governance Guidelines annually and recommends changes to the Board as appropriate. The Corporate Governance Guidelines, along with the charters of our Audit, Compensation and Nominating and Corporate Governance Committees and our Code of Business Conduct and Ethics, are available on our website at www.seritage.com on our Investor Relations page under the heading “Governance Documents.” (We are not including the information contained on, or available through, our website as a part of, or incorporating such information by reference into, this Proxy Statement.)

Among other things, the Corporate Governance Guidelines provide that:

- A majority of the members of the Board must be independent trustees;

- Independent trustees are to meet regularly, at least twice a year, in executive session without management present;

- The Board and each of its committees have the power to engage, at the Company’s expense, independent legal, financial or other advisors as deemed necessary, without consulting or obtaining the approval of the Company’s officers in advance;

- The Board conducts an annual evaluation to assess whether it and its committees are functioning effectively;

- The Board is committed to a policy of inclusiveness and is committed to seeking out highly qualified women and minority candidates as well as candidates with diverse backgrounds, experiences and skills; and

- Trustees and executive officers are prohibited from entering into any hedging or pledging transactions involving Company securities. Specifically, the Company prohibits all trustees and executive officers from engaging (at any time) in transactions in publicly-traded options, such as puts and calls, and other derivative securities with respect to the Company’s securities, including any hedging or similar transaction designed to decrease the risks associated with holding Company securities (but excluding transactions pursuant to awards granted under a Company equity-incentive plan, such as the exercise of stock options and purchase of the underlying shares). In addition, all

trustees and executive officers are prohibited from pledging Company securities as collateral for loans.

7

Trustee Independence

Based on the review and recommendation by the Nominating and Corporate Governance Committee, the Board analyzed the independence of each trustee. In making its independence determinations, the Board considers transactions, relationships and arrangements between Seritage and entities with which trustees are associated as executive officers or trustees. When these transactions, relationships and arrangements exist, they are in the ordinary course of business and are of a type customary for a real estate company such as Seritage.

As a result of this review, the Board affirmatively determined that the following trustees meet the standards of independence under our Corporate Governance Guidelines and the applicable New York Stock Exchange (“NYSE”) listing rules, including that each member is free of any relationship that would interfere with his or her individual exercise of independent judgment:

David S. Fawer

John T. McClain

Sharon Osberg

Thomas M. Steinberg

On May 25, 2018, Sharon Osberg was elected to the Company’s Board of Trustees as an independent trustee. Ms. Osberg fills the seat vacated on May 16, 2018 by Kenneth T. Lombard, who was named Executive Vice President and Chief Operating Officer of the Company.

The Board has also determined that all members of the Audit Committee meet additional, heightened independence criteria applicable to audit committee members under the NYSE listing rules. The Board has further determined David S. Fawer and Thomas M. Steinberg are financially literate, and that John T. McClain, the chair of the Audit Committee, is an “audit committee financial expert,” as defined in Item 407(d)(5) of Regulation S-K promulgated by the SEC.

The Board has also determined that the members of the Compensation Committee meet independence criteria applicable to compensation committee members under the NYSE listing rules.

Risk Management

Consistent with our leadership structure, our Chief Executive Officer and other members of senior management are responsible for the identification, assessment and management of risks that could affect the Company, and the Board provides oversight in connection with these efforts. The Board's oversight is conducted primarily through committees of the Board, as disclosed in the descriptions of the Audit Committee and the Compensation Committee below and in the charters of the Audit Committee and the Compensation Committee. The full Board has retained responsibility for general oversight of risks. The Board satisfies this responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight and management of particular risks within the Company, including our Chief Financial Officer and our General Counsel.

Public Policy Matters

We are committed to ethical business conduct and expect our trustees, officers and employees to act with integrity and to conduct themselves and our business in a way that protects our reputation for fairness and honesty. Consistent with these principles, we have established policies and practices in our Code of Business Conduct and Ethics with respect to political contributions and other public policy matters.

We encourage our employees to be active in the political and civic life of their communities. Trustees, officers and employees acting in their individual capacities may not give the impression that they are speaking on our behalf or representing the Company in such activities. In addition, no trustee or employee is permitted to make, authorize or permit any unlawful contributions, expenditure or use of the Company's funds or property for political purposes. Trustees and employees must not give anything of value to government officials if this could be interpreted as an attempt to curry favor on behalf of the Company.

THE BOARD OF TRUSTEES

Board Membership

The Nominating and Corporate Governance Committee of our Board is responsible for reviewing the qualifications and independence of members of the Board and its various committees on a periodic basis, as well as the composition of the Board as a whole. This assessment includes members' qualification as independent and their economic interest in the Company through meaningful share ownership, as well as consideration of diversity, skills and experience in relation to the needs of the Board. Trustee nominees will be recommended to the Board by the Nominating and Corporate Governance Committee in accordance with the policies and principles in its charter. The ultimate responsibility for selection of trustee nominees resides with the Board.

The Nominating and Corporate Governance Committee ensures, to the extent consistent with applicable legal requirements and the Board's duties, that new Board nominees are drawn from a pool that includes diverse candidates, including women and minority candidates. The Committee is committed to seeking out highly qualified women and minority candidates as well as candidates with diverse backgrounds, experiences and skills as part of each Board search the Board and the Nominating and Governance Committee undertake. The Board and the Nominating and Governance Committee believe that it is important that our trustees represent diverse viewpoints. This process is designed so that the Board includes trustees with diverse backgrounds that represent appropriate financial and other expertise relevant to our business.

The Board held four regular meetings and two special meetings during fiscal year 2018. All of the trustees who served on the Board during 2018 attended at least 75% of the total meetings of the Board and each of the Board committees on which such trustee served during his or her respective tenure, except that Mr. Steinberg did not attend the two scheduled Audit Committee meetings that took place during his tenure on the Audit Committee in 2018 due to prior commitments. In addition to the foregoing, during fiscal year 2018, the trustees from time to time held additional meetings and conference calls (with Mr. Lampert recusing himself) to discuss

Company business relating to Sears Holdings and/or ESL Investments. All trustees who served on the Board during 2018 attended our 2018 annual meeting of shareholders.

Committees of the Board of Trustees

The Board has standing Audit, Compensation, Nominating and Corporate Governance, and Investment Committees. All members of the Audit, Compensation, and Nominating and Corporate Governance Committees are independent, as defined in the NYSE listing rules.

The table below reflects the current membership of each committee and the number of meetings held by each committee in fiscal year 2018.

Kenneth Lombard resigned from the Board and the Audit Committee and the Compensation Committee in May 2018 in connection with his appointment as our Chief Operating Officer. Mr. Lombard attended two of three Board meetings and all of the Audit Committee and Compensation Committee meetings during his tenure as a member of the Board and the Audit Committee and the Compensation Committee.

Communications with the Board of Trustees

You may contact any trustee, any group of trustees or the entire Board, at any time, subject to the exceptions described below. Your communication should be sent to the Seritage Growth Properties Board of Trustees — c/o Corporate Secretary, Seritage Growth Properties, 500 Fifth Avenue, Suite 1530, New York, NY 10110. Communications are distributed to the Board, a committee of the Board, or a Board member as appropriate, depending on the facts and

circumstances outlined in the communication. Certain items that are unrelated to the duties and responsibilities of the Board will be excluded, such as new product suggestions, résumés and other job inquiries, surveys and business solicitations or advertisements.

Board Leadership Structure

The Board has no policy that mandates the separation of the offices of Chairman of the Board and Chief Executive Officer. Under our Corporate Governance Guidelines, the Board believes that it is in the best interests of the Company to make such a determination at the time that it elects a new Chairman of the Board or Chief Executive Officer. The Board believes this determination should be based on the Company's best interests in light of the circumstances at the

time. Taking these considerations into account, the Board has concluded that the separation of the roles of Chairman and Chief Executive Officer best serves the interests of shareholders and the Company at this time. Currently, Mr. Lampert is the Chairman of the Board and Mr. Schall is the Chief Executive Officer of the Company. The Board believes it is important to maintain flexibility as to the Board's leadership structure, but firmly supports maintaining a non-management trustee in a leadership role at all times, whether as non-executive Chairman or Lead Independent Trustee.

Nomination of Trustee Candidates

The Nominating and Corporate Governance Committee considers candidates proposed by shareholders and evaluates them using the same criteria that it uses for other candidates. The Nominating and Corporate Governance Committee will, when appropriate, actively seek individuals qualified to become Board members, and solicit input on trustee candidates from a variety of sources, including our current trustees. As a matter of course, the Committee will evaluate a candidate's qualifications and review all proposed nominees for the Board, including those proposed by shareholders, in accordance with its charter and our Corporate Governance Guidelines. This will include a review of the candidate's qualifications and independence and economic interest in the Company through meaningful share ownership, as well as consideration of diversity, age, skills and experience in the context of the needs of the Board. The Nominating and Corporate Governance Committee will ensure, to the extent consistent with applicable legal requirements and the Board's duties, that new Board nominees are drawn from a pool that includes diverse candidates, including women and minority candidates. The Committee is committed to seeking out highly qualified women and minority candidates as well as candidates with diverse backgrounds, experiences and skills as part of each Board search that the Board and the Nominating and Governance Committee undertake. While the Committee has the right to retain a third party to assist in the nomination process, the Committee did not do so in fiscal 2018, and accordingly the Company did not pay a fee to any third party to identify or assist in identifying or evaluating potential nominees in fiscal 2018.

Trustee nominees recommended by the Nominating and Corporate Governance Committee are expected to be committed to representing the long-term interests of our Company and our shareholders. The Committee believes that it is important to align the interests of the trustees with those of our shareholders, and therefore expects that each non-employee trustee will acquire, by the third anniversary of his or her election as a trustee, a number of Class A Shares with a cost at least equal to the annual retainer of each trustee in effect on the date when the trustee first becomes a member of the Board. The Corporate Governance Guidelines provide that the Board members should possess a high degree of integrity and have broad knowledge, experience and mature judgment. In addition to a meaningful economic commitment to our company as expressed in share ownership, trustees and nominees should have predominately business backgrounds, have experience at policy-making levels in business, and bring a diverse set of business experiences and perspectives to the Board.

Any recommendation by our shareholders should include any supporting material the shareholder(s) considers appropriate in support of that recommendation, but must include information that would be required under the rules of

the SEC to be included in a proxy statement soliciting proxies for the election of such candidate and a written consent of the candidate to serve as one of our trustees if elected. The Nominating and Corporate Governance Committee also

reserves the right to request such additional information as it deems appropriate. All recommendations for nomination received by the Corporate Secretary will be presented to the Nominating and Corporate Governance Committee for its consideration. See section entitled “*Communications with the Board of Trustees*” for more information.

CERTAIN RELATIONSHIPS AND TRANSACTIONS

Review and Approval of Transactions with Related Persons

The Company’s Audit Committee charter requires that the Audit Committee review and approve all related-party transactions required to be disclosed pursuant to SEC rules and applicable NYSE rules. With respect to each related-party transaction, the Audit Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms that are no less favorable to the Company than terms generally available from an unaffiliated third party under the same or similar circumstances and the extent of the related person’s interest in the transaction.

Our Relationship with Sears Holdings

On June 11, 2015, Sears Holdings effected a rights offering (the “Rights Offering”) to Sears Holdings stockholders to purchase common shares of Seritage in order to fund, in part, Seritage’s \$2.7 billion acquisition of 234 of Sears Holdings’ owned properties and one of its ground leased properties, and its 50% interests in three joint ventures that collectively own 28 properties, ground lease one property and lease two properties (collectively, the “Transaction”). The Rights Offering ended on July 2, 2015, and the Company’s Class A Shares were listed on the NYSE on July 6, 2015.

On July 7, 2015, the Company completed the Transaction with Sears Holdings and commenced operations. The Company’s only operations prior to the completion of the Rights Offering and Transaction were those incidental to the completion of such activities.

Since the Transaction, the Company has operated as an independent public company. However, one of our trustees, Edward S. Lampert, and entities affiliated with him, together as a group, currently beneficially own significant portions of both Sears Holdings’ outstanding common stock and equity in Seritage Growth Properties, L.P., a Delaware limited partnership (“Operating Partnership”). Seritage is the sole general partner of Operating Partnership. In addition, during the year ended December 31, 2018, Sears Holdings was our largest tenant. Accordingly, Sears Holdings is considered a related party. Mr. Lampert is also the Chairman of the Board of each of the tenant entities

that is a party to the Holdco Master Lease (as defined below). Accordingly, Holdco (as defined below) is considered a related party.

In connection with the Transaction, we entered into certain agreements with Sears Holdings or its subsidiaries to effect the Transaction and to provide a framework for our relationship with Sears Holdings after the separation. The following is a summary of the terms of the material agreements that we have entered into with Sears Holdings or its subsidiaries. The summary of the agreements is qualified in its entirety by reference to the full text of the applicable agreements filed as exhibits to our SEC reports.

The Master Lease

The Master Lease, which remained in effect until the approval of its rejection by the Bankruptcy Court (as defined below) on March 12, 2019, was a unitary, non-divisible lease as to all properties, with Sears Holdings' obligations as to each property cross-defaulted with all obligations of Sears Holdings with respect to all other properties. The Master Lease generally was a triple net lease with respect to all space leased thereunder to Sears Holdings, subject to proportional sharing by Sears Holdings for repair and maintenance charges, real property taxes, insurance and other costs and expenses common to both the space leased by Sears Holdings and other space occupied by other tenants in the same or other buildings, space recaptured pursuant to the Company recapture rights described below and all other space constructed on the properties. Under the Master Lease, Sears Holdings was required to make all expenditures reasonably necessary to maintain the premises in good appearance, repair and condition for as long as they were in occupancy.

The Master Lease had an initial term of ten years with three options for five-year renewals of the term and a final option for a four-year renewal. As of December 31, 2018, the annual base rent paid directly by Sears Holdings and its subsidiaries under the Master Lease was approximately \$52.7 million. Revenues from the Master Lease for the year ended December 31, 2018 were approximately \$151.7 million.

The Master Lease contained provisions providing the Company with the right to recapture and re-lease specified space governed by the Master Lease. As of December 31, 2018, the Company had exercised its recapture rights with respect to 70 properties.

The Master Lease also provided for certain rights of Sears Holdings to terminate the Master Lease with respect to properties that ceased to be profitable for operation by Sears Holdings, subject to limitations as set forth in the Master Lease. As of December 31, 2018, Sears Holdings had provided notice that it intended to exercise its right to terminate the Master Lease with respect to 87 stores totaling 11.7 million square feet of gross leasable area. The aggregate annual base rent at these stores was approximately \$40.7 million. Sears Holdings continued to pay the Company rent until it vacated the stores and also paid aggregate termination fees of approximately \$77.3 million, an amount equal to one year of aggregate annual base rent plus one year of estimated real estate taxes and operating expenses.

The Holdco Master Lease

On October 15, 2018, Sears Holdings and certain of its affiliates filed voluntary petitions for relief under chapter 11 of title 11 of the United States Code (the "Bankruptcy Code") with the United States Bankruptcy Court for the Southern District of New York (the "Bankruptcy Court"). On February 11, 2019, Transform Holdco LLC ("Holdco"), an affiliate of

ESL Investments, Inc., completed the acquisition of an approximately 425-store retail footprint and other assets and component businesses of Sears Holdings on a going-concern basis (the “Holdco Acquisition”). In connection with the Holdco Acquisition, Holdco acquired certain designation rights (which rights must be exercised by April 12, 2019) with respect to certain executory contracts and leases of

Sears Holdings, including our Master Lease with Sears Holdings. On February 28, 2019, we and certain affiliates of Holdco executed a master lease with respect to 51 Wholly Owned Properties (the “Holdco Master Lease”). The Holdco Master Lease provides for an initial rent amount of approximately \$32.5 million annually. Holdco under the Holdco Master Lease is also responsible for all operating expenses associated with its occupancy of the subject properties, including an amount estimated to be approximately \$11.5 million of annual reimbursements to us. A condition to the performance and obligations provided for in the Holdco Master Lease was the rejection of the Master Lease. On February 28, 2019, Sears Holdings filed a notice with the Bankruptcy Court seeking an order of the Bankruptcy Court approving the rejection of the Master Lease. The rejection became effective on March 12, 2019 when the Bankruptcy Court issued an order approving the rejection of the Master Lease.

Subscription, Distribution and Purchase and Sale Agreement

Through the Subscription, Distribution and Purchase and Sale Agreement, Sears Holdings subscribed for rights to acquire Seritage Class A Shares and distributed such subscription rights to its stockholders. The Subscription, Distribution and Purchase and Sale Agreement also provided for the sale of properties and joint venture interests (both directly and indirectly) to Operating Partnership for an aggregate purchase price of approximately \$2,677.3 million. The Subscription, Distribution and Purchase and Sale Agreement allocated responsibility for liabilities relating to the acquired properties between Seritage and Sears Holdings subject to the provisions of the Master Lease. It also contains indemnification obligations between Seritage and Sears Holdings.

ESL Exchange Agreement

Seritage, Operating Partnership and ESL Investments, Inc. and its affiliates, including Edward S. Lampert (collectively, “ESL”) entered into an exchange agreement (the “ESL Exchange Agreement”), dated as of June 26, 2015, pursuant to which ESL exchanged subscription rights that, if exercised, would have resulted in ESL receiving in excess of 3.1% of the Seritage common shares, together with an amount of cash equal to the aggregate amount ESL would have paid had it exercised such subscription rights in the rights offering plus the value of the Seritage non-economic shares, for Seritage non-economic shares having 5.4% of the voting power of Seritage but not entitled to dividends or distributions and Operating Partnership units. ESL, which holds all of the Seritage non-economic shares, has agreed with us that upon any sale or other transfer to a non-affiliate of any of its Operating Partnership units, it will surrender to Seritage a pro rata portion of the Seritage non-economic shares that it holds prior to the sale or other transfer, whereupon the surrendered Seritage non-economic shares will be cancelled and the aggregate voting power of ESL in Seritage will be proportionately reduced.

Amended and Restated Limited Partnership Agreement of Operating Partnership

The partnership agreement of Operating Partnership, as amended and restated, provides holders of Operating Partnership units (other than Seritage and entities controlled by it) approval rights over certain modifications to the partnership agreement, withdrawal or succession of Seritage as general partner of Operating Partnership, tax elections and certain other matters at all times. Because ESL currently owns a majority of the outstanding Operating Partnership units not held by Seritage and the entities controlled by it, ESL's approval will be required in order for the

general partner to undertake such actions unless ESL no longer owns a majority of such units. In addition, ESL has the right to acquire additional Operating Partnership units to allow it to maintain its relative ownership interest in Operating Partnership if Operating Partnership issues additional units to Seritage.

In addition, the partnership agreement of Operating Partnership provides holders of Operating Partnership units (other than Seritage and entities controlled by it) the right to cause Operating Partnership to redeem each of their Operating Partnership units in exchange for cash or, at the election of Seritage, common shares of Seritage on a one-for-one basis. The partnership agreement of Operating Partnership also permits ESL to transfer its Operating Partnership units to one or more underwriters to be exchanged for Seritage common shares in connection with certain dispositions in order to achieve the same effect as would occur if ESL were to exchange its Operating Partnership units for Seritage common shares, which may be limited under the ownership restrictions set forth in the Seritage declaration of trust, and then dispose of those shares in an underwritten offering. As of December 31, 2018, the Company held a 63.8% interest in the Operating Partnership and ESL held a 36.2% interest. The portions of consolidated entities not owned by the Company are presented as non-controlling interest as of and during the period presented.

Registration Rights Agreement with ESL

We entered into a registration rights agreement with ESL (the “Registration Rights Agreement”). The Registration Rights Agreement provides for, among other things, demand registration rights and piggyback registration rights for ESL. Pursuant to the Registration Rights Agreement and the partnership agreement of Operating Partnership, if ESL proposes to engage in an offering, it may transfer Operating Partnership units to an underwriter to be exchanged for Seritage common shares before they are sold in the offering. We are also required to indemnify ESL against losses suffered by it or certain other persons based upon any untrue statement or alleged untrue statement of any material fact contained in any registration statement, related prospectus, preliminary prospectus or free writing prospectus, or the omission or alleged omission to state therein a material fact required to be stated therein, necessary to make the statements therein, in light of the circumstances in which they were made, not misleading, except to the extent based upon information furnished in writing by ESL specifically for use therein.

ESL owns approximately 2.7% of the outstanding Class A Shares, as well as Class B Shares having, in the aggregate, 6.1% of the voting power of the Company.

Repayment of the Senior Unsecured Term Loan Agreement

On July 31, 2018, the Operating Partnership, as borrower (the “Borrower”), and the Company, as guarantor, repaid the previously outstanding senior unsecured term loan facility in the maximum principal amount of \$200 million (the

“Senior Unsecured Term Loan”) and terminated the agreement governing the Senior Unsecured Term Loan, which was entered into on December 27, 2017 with JPP, LLC, JPP II, LLC and an affiliate of Empyrean Capital Partners, L.P. as lenders, and JPP, LLC as administrative agent. Mr. Edward S. Lampert, the Company’s Chairman, is the sole stockholder, chief executive officer and director of ESL Investments, Inc., which controls JPP, LLC and JPP II, LLC. The principal amount outstanding under the Senior

Unsecured Term Loan upon repayment was \$145 million. No prepayment penalties were triggered and the Senior Unsecured Term Loan was terminated in accordance with its terms.

The Senior Unsecured Term Loan bore a base annual rate of 6.75%. The Senior Unsecured Term Loan had a stated maturity of the earlier of (i) December 31, 2018 and (ii) the date on which the outstanding indebtedness under the Company's existing mortgage and mezzanine facilities are repaid in full.

ITEM 1. ELECTION OF TRUSTEES

Item 1 is the election of two Class I trustee nominees to our Board. If elected, the two nominees will serve until the 2022 annual meeting of shareholders and until their successors are duly elected and qualify. The proxies will vote **FOR** the election of all of the nominees listed below, unless otherwise instructed.

On March 12, 2019, the Board approved an amendment to our Bylaws to change the voting standard applicable to elections of trustees. Article II, Section 7 of our Bylaws, as amended, now provides as follows:

Section 7. VOTING. At least two-thirds of the votes cast at a meeting of shareholders duly called and at which a quorum is present shall be required to elect a trustee. Each share entitles the holder thereto to vote for as many individuals as there are trustees to be elected and for whose election the holder is entitled to vote. A majority of the votes cast at a meeting of shareholders duly called and at which a quorum is present shall be sufficient to approve any other matter which may properly come before the meeting, unless more than a majority of the votes cast is required by statute or by the Declaration of Trust or Bylaws. Unless otherwise provided by statute or by the Declaration of Trust, each outstanding share of beneficial interest, regardless of class, entitles the holder thereof to cast one vote on each matter submitted to a vote at a meeting of shareholders. Voting on any question or in any election may be viva voce unless the chairman of the meeting shall order that voting be by ballot or otherwise.

Prior to this amendment, our Bylaws provided that elections of trustees required the affirmative vote of 75% of all shares entitled to vote.

The number of trustees constituting the entire Board is currently fixed at six. Our declaration of trust provides that our trustees are divided into three classes. One class of trustees is elected at each annual meeting of shareholders to serve until the third succeeding annual meeting of shareholders and until their respective successors have been duly elected and qualify.

The Board expects both nominees to be available for election. If any nominee should become unavailable to serve as a trustee for any reason prior to the Annual Meeting, the Board may substitute another person as a nominee. In that case, your shares will be voted for that other person.

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” THE ELECTION OF THE TWO NOMINEES FOR TRUSTEE.

The biographies of each of the nominees below contain information regarding the nominee's service as a trustee, business experience, trustee or director positions held currently or at any time during the last five years, information regarding involvement in certain legal or administrative proceedings, if applicable, and the experiences, qualifications, attributes or skills that caused the Nominating and Corporate Governance Committee and the Board to determine that the person should serve as a trustee for the Company.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The following discussion is intended to supplement the detailed information concerning executive compensation that appears in the tables and the accompanying narrative that follows. It is also intended to provide insight into Seritage's compensation philosophy and policies applicable to 2018 compensation matters for our named executive officers ("NEOs"). Our NEOs for the fiscal year ended December 31, 2018 include Messrs. Schall, Dickman, Lombard, Fernand and Bry and Ms. Rottler.

Executive Summary and 2018 Performance Highlights

The Company, which was formed in July 2015, has a tenant roster of over 200 unique tenants and a total of over 400 leases. In addition, since its inception, the Company has increased annual base rent from diversified, non-Sears tenants, by over 235%, and substantially completed 47 new redevelopments, with an additional 50 projects currently under development. These collective activities demonstrate the strength, breadth and depth of the Company's platform. In 2018 the Company focused on each of its core activities, further expanding its leasing and development activity, commencing multiple large scale value enhancing redevelopment projects, raising and deploying investment capital at accretive rates of returns for shareholders, monetizing assets and recycling capital through formation of joint ventures and the sale of select assets, and funding the redevelopment pipeline through the refinancing of existing indebtedness. In addition, the Company continued to expand its team and capabilities by hiring leading professionals with retail real estate expertise and redevelopment experience, and further developed its systems and management capabilities.

On reviewing the accomplishments of the Company, CEO and the NEOs in 2018, the Compensation Committee recognized that performance was deemed to be between the levels of "meets expectations" and "above expectations" as compared to the predetermined internal goals for 2018, as illustrated by the following achievements, among others:

- Signed new leases in 2018 totaling 3.1 million square feet, representing a 17% increase over 2017 leasing activity.

- Commenced projects in 2018 totaling \$382 million, including 19 new redevelopments and the expansion of seven previously announced projects.

Edgar Filing: Seritage Growth Properties - Form DEF 14A

Solidified a portion of the Company's mixed-use and densification pipeline by receiving entitlements for 1,750 residential units, 1.4 million square feet of office space and 500 hotel rooms across four projects.

Generated approximately \$550 million of gross proceeds through select asset monetization and strategic joint ventures.

Entered into a new \$2.0 billion term loan facility with Berkshire Hathaway Life Insurance Company, which provided initial funding of \$1.6 billion and includes a committed \$400 million incremental funding facility, subject to certain conditions.

In addition, the Compensation Committee evaluated individual performance of our NEOs, which, together with the Company's overall performance, determined the level of annual and long-term compensation awarded to each NEO for 2018, as described below.

Compensation Philosophy

Compensation at Seritage is designed to attract and retain high caliber talent and professionals in the retail real estate and related industries to ensure the Company achieves and exceeds its business plans, which in turn is expected to create significant value for our shareholders. Our compensation philosophy focuses on supporting our long-range business goals. The Compensation Committee believes that establishing and maintaining a strong core management team, and compensating those executives in a way that provides them with an appropriate mix of fixed and incentive-based payments, establishes an essential base that supports building a business platform that will increase the value of the Company's portfolio of assets as well as grow shareholder value in the long term.

In making compensation decisions, the Compensation Committee intends to provide our NEOs with a competitive total compensation package, based on the following objectives:

to attract, retain and motivate key executives;

to provide appropriate incentives aimed at motivating our executives to strive for Company growth across a variety of measures, but discouraging excessive risk-taking, through a mixture of fixed and "at-risk" compensation, cash and non-cash components and short- and long-term incentives; and

to reward increased Company value over the long term and align the interests of the management team with the interests of our shareholders.

Determination of Compensation

All compensation decisions for 2018 for our NEOs have been made by the Compensation Committee after receiving data, input and recommendations from the CEO and considering a variety of factors including our need to attract and maintain a strong leadership team, the Company's strategic plan and 2018 accomplishments, the interests of our shareholders and industry practice for retail REITs. The CEO's recommendations may be informed, in part, by his insight and knowledge of the Company's successes and challenges, as well as industry data and research. The 2017 National Association of Real Estate Investment Trusts (NAREIT) compensation survey was used as a reference in setting compensation levels applicable to 2018 as well as information regarding general retail REIT industry practice.

Say-On-Pay

At the shareholder meeting held on April 24, 2018, 98.6% of those shareholders who cast votes voted in favor of the “say-on-pay” proposal. Although the results of these votes are non-binding, the Compensation Committee reviewed these voting results in determining the Company’s compensation policies, concluding that given the strong level of support received, no material changes will be made to the Company’s executive compensation approach at this time. The Committee will continue to consider the “say on pay” voting results in the future. Consistent with our shareholders’ current preference, the Company currently seeks a “say-on-pay” vote on an annual basis. For further information regarding the “say-on-pay” proposal regarding our 2018 compensation programs for our NEOs, as described in this CD&A and accompanying disclosure tables, see *Item 3 – “Advisory Vote on Executive Compensation.”*

Elements of Compensation and Objectives

The Company’s executive compensation program focuses on three key elements, including base salary, annual bonus opportunity and annual long-term equity awards, in addition to providing executives with standard employee benefits. For each NEO, the compensation elements are considered both individually and as a whole, and while one element does not necessarily directly impact the value of another element, it may be the case that the proportion of elements relative to each other may be adjusted to maintain a consistent aggregate compensation package. The main elements of our NEOs compensation, and the rationale for each, are:

Element	Objective
Base salary	Base salary provides the executive a level of income predictability and is set relative to the executive’s experience and the competitive marketplace.
Annual bonus opportunity	The annual bonus opportunity is designed to drive achievement of annual financial and operational results and key strategic activities that are linked to long-term company goals. Individual awards are based on both company and individual goal achievement.
Annual long-term equity awards (time-vested and performance-vested)	The equity incentive program is designed to directly align key executives’ interests with building shareholder value and includes grants in equal amounts of time vested and performance vested awards. Performance vesting is based on achievement of specific long-term Company goals directly related to building shareholder value.
	Equity awards granted in March of 2018 consisted of 40% time-vested restricted stock units, with a three-year vesting period, and 60% performance-vested restricted stock units, with a three-year performance period and additional service requirements, which

Edgar Filing: Seritage Growth Properties - Form DEF 14A

mix rewards both long-term service and performance results, with an emphasis on company-wide performance achievement.

Participation in general
employee benefit programs

A standard package of employee benefits is maintained to provide employees, including the NEOs, with retirement savings opportunities, medical coverage, and other standard health and welfare benefits.

In 2015, we entered into an employment or letter agreement with each of our NEOs and in May 2018 we entered into an amended and restated employment agreement with Mr. Schall in light of the expiration of his original agreement's initial term (each of the NEO's agreement and Mr. Schall's amended and restated employment agreement, an "Employment Agreement"). For each NEO, the Employment Agreement sets the parameters of the pay elements described above applicable to the NEO. The base salary and target incentive compensation levels were set considering the individual's roles and responsibilities, the experience of the individual, the

individual's expected amount of impact or influence on overall Company performance and industry standards. The chosen mix of elements is designed to provide appropriate levels of stability and motivation for the executives to reach, and strive to exceed, Company performance expectations. These compensation elements and levels are reviewed annually by the Compensation Committee.

Following its review process in 2018, the Committee awarded new equity incentive awards (the "2018 Incentive Awards") to provide new incentives and add retention value to the NEOs' overall compensation packages, in light of the fact that each of the NEOs time-based "sign-on" grants would be fully vested in 2018 and the performance-based "sign-on" grants' performance period ended in 2018. Additional information regarding the terms of the Employment Agreements can be found under the heading "*Narrative Disclosure to the Summary Compensation Table and Grants of Plan Based Awards Table*" and quantification of compensation for 2018 is set forth in the "*Summary Compensation Table for the Fiscal Year ended December 31, 2018.*" Additional information regarding the terms of the 2018 equity incentive awards can be found under the heading "*2018 Incentive Awards.*"

Base Salary

The annual base salaries for our NEOs in 2018 were: \$875,000, \$450,000, \$450,000, \$425,000, \$390,000 and \$390,000 for Messrs. Schall, Dickman, Lombard, Fernand and Bry and Ms. Rottler, respectively, under the named executive officers' Employment Agreements and after applying a \$25,000 salary increase for Messrs. Schall, Dickman and Fernand and a \$20,000 salary increase for Mr. Bry and Ms. Rottler, which increases were approved by the Compensation Committee in May 2018, and were, in each case, effective retroactively to January 1, 2018.

Incentive Compensation

Our incentive compensation program typically consists of an annual cash bonus opportunity and annual long-term incentive awards, which are generally granted each year in an amount that is determined based on Company performance for the prior year and subject to a three- year vesting cycle. Under this multi-layered program, achievement across a variety of shorter (one-year) and long range (three-year) business goals determines the compensation outcomes. In addition, in 2015 grants outside of the annual cycle were made in connection with each NEO accepting employment with the Company at its inception (the "Sign-On Awards") and, in light of Sign-On Awards completing their time-based or performance-based vesting cycle in 2018 (other than in respect of a post-performance time-vesting tail period for certain of the earned performance-based awards), the 2018 Incentive Awards were granted to provide the NEOs with additional incentive value and the Company with additional retention value. Each portion of the incentive compensation program is described below.

Annual Cash Bonus Opportunity

Cash Bonus Design. Annual cash bonus opportunity amounts are determined based on a target percentage of each NEO's base salary, as set forth in the executive's Employment Agreement and the payouts are determined based on company-wide and individual achievement of operational and strategic goals set by the Compensation Committee. Further, under the terms of the Employment Agreements, the bonus payout amount will fall between a stated range.

For 2018, target bonus opportunity amounts and the applicable potential payout ranges, as set forth in each NEO's Employment Agreement, as adjusted for the salary increases implemented in 2018, as applicable, are as follows:

2018 Annual Cash Bonus Opportunity and Potential Payout Range

Name	Target Bonus Opportunity, as a Percentage of Base Salary	Target Bonus Opportunity, as a Dollar Amount	Annual Bonus Opportunity Range, as Percentage of Base Salary (if threshold performance achieved)	Annual Bonus Opportunity Range (if threshold performance achieved), as a Dollar Amount
Benjamin Schall	140	% \$ 1,225,000	50-175%	\$437,500-\$1,531,250
Brian Dickman	75	% \$ 337,500	0-100%	\$0-\$450,000
Kenneth Lombard	75	% \$ 337,500	0-100%	\$0-\$450,000
Matthew Fernand	75	% \$ 318,750	0-100%	\$0-\$425,000
James Bry	50	% \$ 195,000	0-75%	\$0-\$292,500
Mary Rottler	50	% \$ 195,000	0-75%	\$0-\$292,500

The annual bonus opportunity range stated above for Mr. Schall is the range stated in his Employment Agreement representing his potential annual bonus award, depending on whether threshold, target or maximum performance is met, where, for instance, he would be eligible to receive 50% of his annual salary if threshold performance is achieved. For the other NEOs, the terms of their Employment Agreements do not provide for a minimum bonus amount if threshold performance is achieved.

Annual 2018 Cash Bonus Award Determination. In March 2019, the Compensation Committee made determinations regarding the annual bonus program awards for performance in the 2018 fiscal year. Goals for fiscal year 2018 included operational metrics and initiatives aimed at furthering Seritage's business strategies and long-term value creation, including increasing leasing activities and diversification of revenues, expanding joint venture projects, monetization of assets, addressing capital needs through debt refinancing, managing of previously commenced

projects, initiation of new redevelopment projects including receipt of entitlements to commence larger-scale and mixed-use projects, scaling the business platform, and other key business initiatives.

The Compensation Committee used this set of strategic and operational goals for determining annual awards, rather than financial metrics such as total shareholder return or share price, because these goals tie directly to the Company's business plan for long-term value creation. In the Compensation Committee's view, rewarding achievements in these tailored, business-oriented areas underscores the Company's commitment to investing in those activities that will be the basis for increasing shareholder value over time.

The Compensation Committee determined, in consultation with the CEO, that the Company's performance in 2018 was deemed to be between the levels of "meets expectations" and "above expectations" across the factors described below relative to the predetermined internal goals for 2018.

In making this determination, the Compensation Committee took into account the following key Company results, among others, driven by the efforts of the CEO and other NEOs:

· Signed new leases in 2018 totaling 3.1 million square feet, representing a 17% increase over 2017 leasing activity.

· Commenced projects in 2018 totaling \$382 million, including 19 new redevelopments and the expansion of seven previously announced projects.

· Solidified a portion of the Company's mixed-use and densification pipeline by receiving entitlements for 1,750 residential units, 1.4 million square feet of office space and 500 hotel rooms across four projects.

· Generated approximately \$550 million of gross proceeds through select asset monetization and strategic joint ventures.

· Entered into a new \$2.0 billion term loan facility with Berkshire Hathaway Life Insurance Company, which provided initial funding of \$1.6 billion and includes a committed \$400 million incremental funding facility, subject to certain conditions.

Based on these achievements and in consideration of recommendations made by the CEO, each NEO's final 2018 bonus amount was determined by the Compensation Committee considering, on a holistic basis, the Company's overall performance, as well as individual performance, contribution and impact. In this qualitative review process, the relative importance of the various factors may differ from person to person, depending on the NEO's individual role and contribution to the broad strategic goals. The outcome of the evaluation process resulted in the following determinations:

2018 Annual Cash Bonus Payout Amounts

Name	2018 Annual Cash Bonus Awarded
Benjamin Schall	\$ 1,255,625

Edgar Filing: Seritage Growth Properties - Form DEF 14A

Brian Dickman	\$ 348,750
Kenneth Lombard	\$ 348,750
Matthew Fernand	\$ 329,375
James Bry	\$ 204,750
Mary Rottler	\$ 204,750

In addition to a 2018 annual bonus, as part of the commencement of his employment as the Chief Operating Officer, Mr. Lombard received a one-time sign-on bonus of \$300,000 in cash under the terms of his Employment Agreement.

Annual Long Term Equity Awards

Annual Long-Term Equity Award Design. Annual long-term equity awards are considered annually, with a target grant value amount pursuant to the terms of each NEO's Employment Agreement based on a fixed percentage (for Mr. Schall), or a percentage range (for Messrs. Dickman, Lombard, Fernand and Bry and Ms. Rottler) of the NEO's base salary. In the case of Messrs. Dickman, Lombard, Fernand and Bry and Ms. Rottler, the specific dollar value of the equity award for a particular year within the individual's range is determined by the Compensation Committee following an assessment of Company and individual achievement of performance goals related to the prior calendar year. For each NEO, the award's dollar value, as determined by the Compensation Committee, translates into an equity award (generally in the form of RSUs) by dividing the NEO's award value by the closing price of a share of the Company's common stock on the date of grant, rounded down the nearest whole share.

Vesting conditions apply to the equity awards including, for annual awards granted in 2018, (a) a three-year ratable time-based vesting requirement for 40% of the awards' value, and (b) a set of performance-based vesting conditions that must be met during a three-year performance period for the other 60% of the awards' value. For the performance-based awards, the number of RSUs that are actually earned at the end of the three-year period depends on the Company's and individual's achievement of the performance goals. For certain annual awards, the award terms provide that 50% of the final number of RSUs are payable at the time the level of achievement is determined and 50% become payable at the beginning of the following year, and for other annual awards the final number of RSUs are fully paid at the time the performance achievement determination is made.

For the annual equity awards that were approved by the Committee in March 2018, the value, or applicable target and maximum value range, attributable to each NEO under the terms of the Employment Agreements are set forth in the table below. Mr. Lombard did not receive an annual long-term equity grant in 2018 since he joined the management team in May 2018, following the annual grant cycle. Mr. Lombard will participate in the annual long-term incentive award program beginning with grants awarded in 2019.

Annual Long-Term Equity Incentive Award Grant Values Applicable to Grants Approved in 2018

Name	Amount or Target/Max Range of Annual Long-Term Equity Award		Grant Value of Long-Term Equity Awards	
	As Percentage of Base Salary	As Dollar Amount	Time-Based RSU Value ^(a) (40%)	Performance-Based RSU Target Value ^(a) (60%)
Benjamin Schall	150%	\$1,275,000	\$510,000	\$765,000
Brian Dickman	75-125%	\$337,500-\$562,500	\$135,000-\$225,000	\$202,500-\$337,500

Matthew Fernand	50-100%	\$212,500-\$425,000	\$85,000-\$170,000	\$127,500-\$225,000
James Bry	25-50%	\$97,500-\$195,000	\$39,000-\$78,000	\$58,500-\$117,000
Mary Rottler	35-50%	\$136,500-\$195,000	\$54,600-\$78,000	\$81,900-\$117,000

Number of RSUs granted on the grant date of a particular year determined by dividing the relevant value as (a) determined by the Compensation Committee by the closing price of the common shares of the Company on the date of grant, rounded down to the nearest whole share.

Annual Long-Term Equity Awards Granted in March 2018, related to service in 2017 (known as the “2017 Annual Long-Term Equity Awards”). On March 2, 2018, Seritage granted annual long-term RSU awards to Messrs. Schall, Dickman, Fernand and Bry and Ms. Rottler (Mr. Lombard was not yet a member of the executive management team). The Compensation Committee determined the level of awards based on the level, or value range, applicable to annual equity awards provided under the terms of the executive’s Employment Agreement, as set forth in the table above. In addition, for Messrs. Dickman, Fernand and Bry and Ms. Rottler, award amounts within the relevant range were determined, in part, based on achievement of the 2017 Company performance goals, as disclosed in last year’s proxy statement including, generally, accomplishments related to the increasing leasing activities and diversification of revenues, monetization of assets and addressing capital needs, managing previously commenced projects initiation of new redevelopment projects including larger-scale projects, scaling the business platform and other key business initiatives. The dollar value awarded to each of Messrs. Schall, Dickman, Fernand, and Bry and Ms. Rottler for grants of time-based and performance-based RSUs combined was converted into RSUs by dividing the applicable value by \$36.17, the closing price of our common shares on March 2, 2018, the date of grant. Any fractional shares were rounded down. The combined equity value and number of RSUs awarded, are as follows:

**Value and Number of RSUs Awarded in March 2018
(known as the 2017 Annual Long-Term Equity Awards)**

Name	2017 Annual Long-Term Equity Award Value (Granted in March 2018)	Aggregate Number of RSUs Awarded
Benjamin Schall	\$ 1,275,000	35,220
Brian Dickman	\$ 371,875	10,280
Kenneth Lombard	N/A	N/A
Matthew Fernand	\$ 250,000	6,911
James Bry	\$ 115,625	3,196
Mary Rottler	\$ 143,375	3,963

Of the amount of RSUs awarded, 40% consists of time-based RSUs that will vest in three equal installments on each of the next three anniversaries of the date of grant (in 2019, 2020 and 2021). The other 60% of the award consists of performance-based RSUs, which will be earned over the performance period beginning on January 1, 2018 and ending on December 31, 2020, subject to the achievement of performance goals, including square footage activity (encompassing new leasing, joint ventures and asset monetization), incremental yield on development costs and the accomplishment of other strategic Seritage initiatives. In setting the three-year goals, the Compensation Committee considered the Company’s three-year business plan, and selected goals that it considered to be challenging to achieve, but attainable. Evaluation of the achievement in meeting these goals will take place following the end of the three-year performance cycle. For Messrs. Dickman, Fernand and Bry and Ms. Rottler, upon the achievement of threshold, target or maximum performance, the number of RSUs earned at the end of the performance period will be 50%, 100% or 150%, respectively, of the granted RSU award amount (with linear interpolation of the percentage payout for performance between threshold and target or between target and maximum). In the case of Mr. Schall, threshold, target and maximum performance achievement would result in 50%, 150% or 265% of the number of RSUs granted to him to vest (with linear interpolation of the percentage payout for performance between threshold and target or

between target and maximum). For each of the NEOs, the performance-based RSUs service vest as of the

last day of the performance period and will be settled shortly after the Compensation Committee's determination of the achievement of the applicable performance (following the completion of the performance period, other than in connection with certain terminations of employment).

Annual Long-Term Equity Awards Granted in March 2019, related to service in 2018 (known as the "2018 Annual Long-Term Equity Awards"). On March 8, 2019, the Compensation Committee approved grants of annual long-term equity awards to Messrs. Schall, Dickman, Lombard, Fernand and Bry and Ms. Rottler related to service in 2018. However, these awards are not reflected in the compensation tables reporting 2018 compensation because they were not granted during 2018. Consistent with the annual long-term equity program described above, each NEO was awarded a number of RSUs based on the value, or value range, applicable to annual equity awards provided under the terms of the executive's Employment Agreement (and reflecting each NEOs current base salary).

The amount of the award for each of Messrs. Dickman, Lombard, Fernand and Bry and Ms. Rottler was determined, in part, based on achievement of the 2018 Company performance goals, as described above in the discussion of annual cash bonus awards for 2018. The approved equity award values were as follows:

**Value of RSUs Awarded in March 2019
(known as the 2018 Annual Long-Term Equity Awards)**

Name	2018 Annual Equity Award Value Granted in March 2019
Benjamin Schall	\$ 1,312,500
Brian Dickman	\$ 360,000
Kenneth Lombard	\$ 360,000
Matthew Fernand	\$ 233,750
James Bry	\$ 107,250
Mary Rottler	\$ 142,350

These dollar values were converted into a number of RSUs by dividing the total value for each NEO by \$45.29, the closing price of our common shares on March 8, 2019, rounded down to the nearest whole share. This total award was divided as follows: 40% of these RSUs were granted as time-based awards and 60% were granted as performance-based awards. The time-based RSUs will vest in equal installments on the next three anniversaries of the date of grant (in 2020, 2021 and 2022), subject to continued employment through the applicable vesting date (other than in connection with certain terminations of employment). The performance-based RSUs will be earned over the performance period beginning on January 1, 2019 and ending on December 31, 2021, subject to the achievement of performance goals to be determined by the Compensation Committee.

2018 Incentive Awards

2018 Incentive Awards Granted in May 2018. In light of the “sign on” incentive awards generally completing their three-year cycle (as discussed below), the Compensation Committee believed it was in the best interest of the Company to replace the opportunity for our NEOs to earn additional compensation by approving for our NEOs, and certain other key employees, awards of long-term equity that are outside of the annual long term equity program (the “2018 Incentive Awards”).

The 2018 Incentive Awards emphasize the Company’s pay for performance philosophy, as well as its desire to retain key employees, by allocating 70% of each executive’s award value to performance-based restricted stock units and 30% of the award value to time-based restricted stock units. In each case, the number of shares subject to the restricted stock unit award portions is calculated in three tranches, substantially equal in value, and based on a price of \$35.00, \$46.00 and \$51.00, respectively. In the event that the then-current fair market value of a share of Seritage common stock on the one-year anniversary of the date of grant is less than \$46.00, the number of shares underlying the portion of the award based on a \$46.00 price will be recalculated based on the then-current fair market value, subject to a per share floor of \$35.00, and an additional number of restricted stock units will be granted equal to the difference between the newly calculated number of restricted stock units and the original number of restricted stock units that were granted based on \$46.00. Similarly, in the event that the then-current fair market value of a share of Seritage common stock on the two-year anniversary of the date of grant is less than \$51.00, a similar calculation (also subject to a per share floor of \$35.00) and issuance of additional restricted stock units will be completed in respect of the portion of the award that was originally based on a price of \$51.00. This potential additional grant applies to both the time-based and performance-based portions of the restricted stock unit awards.

The time-based restricted stock units will vest in three equal annual installments on May 2, 2019, May 2, 2020 and May 2, 2021. The performance-based restricted stock units will vest on the third anniversary of the grant date (May 2, 2021) following a determination of achievement of assigned performance goals during the period beginning on January 1, 2018 and ending on December 31, 2020. These vesting schedules apply to both the originally granted restricted stock units and any restricted stock units added to the grants as a result of the adjustment provisions described above. The applicable performance goals include metrics related to square footage activity (encompassing new leasing, joint ventures and asset monetization), incremental yield on development costs and the accomplishment of other strategic Seritage initiatives.

Upon the achievement of threshold, target or maximum performance, the number of performance-based restricted stock units earned by each NEO will be 50%, 100% or 150%, respectively (with linear interpolation of the percentage payout for performance between threshold and target or between target and maximum), of the number of performance-based restricted stock units granted, and that number of performance-based restricted stock units will vest on May 2, 2021. The vesting of outstanding restricted stock units will be accelerated in the event of certain termination of employment events.

The values of the time-based and performance-based portions of the 2018 Incentive Awards granted to the NEOs are as follows:

2018 Incentive Award Grant Values

Name	2018 Incentive Award	Total Time-Based Allocation (30%)	Total Performance-Based Allocation (70%)
Benjamin Schall	\$ 5,000,000	\$ 1,500,000	\$ 3,500,000
Brian Dickman	\$ 600,000	\$ 180,000	\$ 420,000
Kenneth Lombard	\$ 300,000	\$ 90,000	\$ 210,000
Matthew Fernand	\$ 600,000	\$ 180,000	\$ 420,000
James Bry	\$ 450,000	\$ 135,000	\$ 315,000
Mary Rottler	\$ 450,000	\$ 135,000	\$ 315,000

Determinations of Performance Achievement for Completed Performance Periods.

“Sign-On” Performance-Based Awards. In 2015, in connection with his or her joining the Company, each NEO (other than Mr. Lombard) was granted a “sign-on” long-term equity award consisting of 50% time-based restricted stock grants, which vested over three years and 50% performance-based restricted stock grants. The time-based restricted stock grants vested in three equal installments on each of the three anniversaries of the date of grant (in 2016, 2017 and 2018). The performance-based restricted stock grants covered a performance period beginning on July 1, 2015 and ending on June 30, 2018, with the number of shares actually awarded being adjusted based on the achievement of performance goals such that upon the achievement of threshold, target and maximum performance goals, the NEOs earn 50%, 100% or 150%, respectively, of the number of performance-based restricted shares originally granted (subject to linear interpolation for achievement between levels). Performance goals applicable to the sign-on performance awards, set in July 2015, included square footage activity (encompassing new leasing, joint ventures and asset monetization), incremental yield on development costs, and the accomplishment of other strategic Seritage initiatives. Performance against each metric is determined separately and then combined into the overall performance outcome based on the level of achievement and weight placed on the particular metric. For square footage activity, which performance accounts for 50% of the total, the applicable threshold, target and maximum goals were 6,046,200, 8,637,429, and 11,228,657 square feet, respectively. For incremental yield on development costs, which performance accounts for 40% of the total, the applicable threshold and target goals were both 10% and the maximum goal was 13% increased yield. For the discretionary score, which performance accounts for 10% of the total, the applicable threshold, target and maximum goals were 50, 100 and 150 points, respectively.

In August 2018, following the completion of the applicable performance period and upon review of the achievements of the Company and NEOs against the relevant goals, the Compensation Committee determined that the NEOs each earned 132% of the target performance levels, based square footage activity performance above the maximum goal,

incremental yield on development costs of approximately 23% above the target goal and a discretionary score of 125. To reflect this achievement, each NEO earned restricted shares equal to approximately 132% of the NEOs original target restricted share number.

The numbers of shares issued to each NEO in settlement of the “sign on” performance awards are set forth in the tables below.

Performance-Based “Sign-On Awards” Share Numbers

Name	Number of RS At Grant	Final Awarded Number of RS	RS Vested and Settled August 2018	RS Subject to Continued Vesting until July 1, 2019
Benjamin Schall	101,419	134,042	67,021	67,021
Brian Dickman	3,125	4,130	2,065	2,065
Kenneth Lombard	N/A	N/A	N/A	N/A
Matthew Fernand	4,376	5,784	2,892	2,892
James Bry	1,250	1,652	826	826
Mary Rottler	2,500	3,304	1,652	1,652

Pursuant to the terms of the “sign-on” performance award grant agreements, 50% of the full earned number of restricted shares vested upon the determination of the performance achievement and this portion of the awards was settled on August 13, 2018. The remaining 50% of the earned number of restricted shares will vest on July 1, 2019, or May 4, 2019 for Mr. Schall, (subject to the NEO’s continued employment through such date, other than in connection with certain terminations of employment). Those restricted shares that were settled in 2018 are reflected in the “*Stock Vested*” table and those restricted shares that remain subject to continued time-based vesting are reflected in the “*Outstanding Equity Awards*” table.

2015 Annual Performance-Based Award Achievement. On March 8, 2019, the Compensation Committee approved the determination of the achievement of the performance goals related to the 2015 annual long-term performance awards (granted in March 2016, or July 2015 for Mr. Schall). The 2015 annual performance-based awards covered a performance period beginning January 1, 2016 and ending on December 31, 2018. The number of shares actually awarded were adjusted based on the achievement of performance goals such that upon the achievement of threshold, target and maximum performance goals the NEOs earned 50%, 100% or 150%, respectively (50%, 150% or 265% for Mr. Schall), of the number of performance-based restricted shares or restricted stock units originally granted (subject to linear interpolation for achievement between levels). Performance goals applicable to the 2015 annual performance awards, set in March 2016, included square footage activity (encompassing new leasing, joint ventures and asset monetization), incremental yield on development costs, and the accomplishment of other strategic Seritage initiatives. Performance against each metric is determined separately and then combined into the overall performance outcome based on the level of achievement and weight placed on the particular metric. For square footage activity, which performance accounts for 50% of the total, the applicable threshold, target and maximum goals were 6,895,000, 9,850,000, and 12,805,000 square feet, respectively. For incremental yield on development costs, which performance accounts for 40% of the total, the applicable threshold and target goals were both 10% and the maximum goal was 13% increased yield. For the discretionary score, which performance accounts for 10% of the total, the applicable threshold, target and maximum goals were 50, 100 and 150 points, respectively.

The Compensation Committee determined that based square footage activity performance above the maximum goal, incremental yield on development costs of approximately 13% above the target goal and a discretionary score of 112.5, Mr. Schall earned approximately 217% of his original number of shares awarded (taking into account his applicable payout multipliers) and each of the other NEOs earned approximately 129% of the NEOs original number of shares awarded (taking into account their applicable payout multipliers). The resulting numbers of shares issued to each NEO in settlement of the “sign on” performance awards are set forth in the tables below.

2015 Annual Performance-Based Awards Share Numbers

Name	Number of RS At Grant	Final Awarded Number of RS	Vested and Settled March 2019	Subject to Continued Vesting until January 1, 2020
Benjamin Schall	21,551	46,660	46,660	0
Brian Dickman	3,428	4,419	2,209	2,210
Kenneth Lombard	N/A	N/A	N/A	N/A
Matthew Fernand	2,151	2,773	1,386	1,387
James Bry	941	1,213	606	607
Mary Rottler	2,662	3,432	1,766	1,716

Pursuant to the terms of the 2015 annual performance award grant agreements, for the NEOs other than Mr. Schall, 50% of the full earned number of restricted shares vest upon the determination of the performance achievement. The remaining 50% of the earned number of restricted shares will vest on January 1, 2020, (subject to the NEO’s continued employment through such date, other than in connection with certain terminations of employment). For Mr. Schall, 100% of the full earned number of restricted shares vest upon the determination of the performance achievement. The actual number of shares “earned” based on the performance determination completed by the Compensation Committee in March 2019 is reflected in the “stock awards” column of the “*Outstanding Equity Awards*” table.

Clawback Policy

The Company continues to maintain the incentive compensation clawback policy, adopted by the Compensation Committee in March 2018, which allows the Company to recoup compensation paid to an officer, or other person who has been made subject to the policy, if the Company is required to undertake a material restatement (occurring after the effective date of the clawback policy) of its financial statements that have been filed with the SEC. The policy covers all of our current and former named executive officers as well as any other officers (under Section 16 of the Securities Exchange Act of 1934, as amended) and other employees designated from time to time as covered employees by the Compensation Committee or the Board. Pursuant to the policy, if the Company is required to undertake any material restatement (occurring after the effective date of the clawback policy) of its financial statements, then the Compensation Committee or the Board may require the officer, or other employee covered by the

policy, to recover all or any portion of the “recoverable incentive” compensation. Recoverable incentive compensation includes incentive-based cash compensation, equity compensation and equity based compensation (including stock options, restricted stock, restricted stock units or other forms of incentive awards), received by that employee during the three-year period preceding the publication of the restated financial statements that our Compensation Committee or Board

determines was in excess of the amount that such employee would have received if such compensation had been determined based on the financial results reported in the restated financial statements. In making its determination to recoup compensation from a covered employee, the Compensation Committee or the Board may take into account all factors it considers relevant under the circumstances, including, for an officer, whether or not the officer engaged in embezzlement, fraud, willful misconduct, breach of fiduciary duty or other willful action or willful inaction that materially contributed to or resulted in the events that led to the restatement. The Compensation Committee intends to periodically review the clawback policy and, as appropriate, make revisions as may be required by applicable law or regulation.

Retirement and Employee Benefit Programs

Tax-Qualified Retirement Plan. We offer our employees, including our NEOs, retirement and certain other benefits, including participation in the tax-qualified SIMPLE IRA retirement plan sponsored by the Company in the same manner as all other Company other employees. Pursuant to the SIMPLE IRA program, employees are eligible to contribute to an individual SIMPLE IRA account on a tax-deferred basis. If an employee participates in the SIMPLE IRA plan, the Company makes a matching contribution to the employee's SIMPLE IRA account in an amount up to 3% of the employee's base salary (considering salary amounts up to \$275,000 for 2018). In 2018, Messrs. Schall, Dickman, Fernand and Bry and Ms. Rottler contributed to their SIMPLE IRA and received a related matching contribution. Participants are fully vested in both their own contribution and the matching contributions at all times.

Other benefits and perquisites. We do not provide our NEOs with any other specific benefits programs or perquisites that are not provided to our employees generally.

Change in Control and Termination Arrangements

The Employment Agreements include terms that provide the NEOs with certain severance benefits in the event of a termination initiated by the Company without cause or initiated by the executive for good reason (as such terms are defined in the applicable Employment Agreement). In addition, the award agreements applicable to outstanding restricted stock and RSU grants provide for either full or partial acceleration of vesting of any then unvested awards in the case of certain termination of employment events, as well as upon the occurrence of a change of control of the Company (unless the outstanding awards are assumed and continued in the change in control transaction). More detailed descriptions of the employment termination and change of control provisions of the Employment Agreements and outstanding equity awards are set forth below under the heading "*Potential Payments Upon Termination or Change in Control.*"

(1) The amounts in this column represent the aggregate grant date fair value of time-based and performance-based restricted stock units (“RSUs”) relating to Seritage common shares granted to Messrs. Schall, Dickman, Lombard Fernand and Bry and Ms. Rottler in 2018, computed in accordance with FASB ASC Topic 718. The grant date fair value takes into account the number of RSUs granted after converting the dollar value of the NEO’s award into a

whole share number. The fair value per share is based on certain assumptions explained in Note 14 to the financial statements included in Seritage's Annual Report on Form 10-K for the fiscal year ended December 31, 2018. The grant date fair value of that portion of the awards consisting of the 2017 annual performance-based restricted share units (granted in March 2018) is reported as \$1,147,547, \$223,125, \$150,033, \$69,410 and \$86,048 for Messrs. Schall, Dickman, Fernand and Bry and Ms. Rottler, respectively, which assumes that target performance is achieved. Assuming that maximum performance is achieved for these grants, the grant date fair value of

such performance-based equity awards would be approximately \$2,027,328, \$334,681, \$225,049, \$104,097 and \$129,054 for Messrs. Schall, Dickman, Fernand and Bry and Ms. Rottler, respectively. The grant date fair value of that portion of the awards consisting of the 2018 incentive performance-based restricted share units (granted in May 2018) is reported as \$3,500,000, \$420,000, \$210,000 \$420,000, \$315,000 and \$315,000 for Messrs. Schall, Dickman, Lombard, Fernand and Bry and Ms. Rottler, respectively, which assumes that target performance is achieved. Assuming that maximum performance is achieved for these grants, the grant date fair value of such performance-based equity awards would be approximately \$5,249,093 \$629,859, \$314,929, \$629,859, \$472,393 and \$472,393 for Messrs. Schall, Dickman, Lombard, Fernand and Bry and Ms. Rottler, respectively. The remainder of the awards reported herein consist of the 2017 time-based restricted share unit awards to Messrs Schall, Dickman, Fernand and Bry and Ms. Rottler and time-based 2018 Incentive Awards granted to Messrs. Schall, Dickman, Lombard, Fernand and Bry and Ms. Rottler.

(2)The amounts shown in this column for 2018 were derived as follows:

	Benjamin Schall	Brian Dickman	Kenneth Lombard	Matthew Fernand	James Bry	Mary Rottler
Retirement plan match \$(a)	8,250	8,250	0	8,250	8,250	8,250

Total	236,725	20,617	1,574	18,003	13,643	14,732

(a) Seritage makes matching contributions to employee SIMPLE IRA plans up to a maximum amount of 3% of each employee's covered compensation (which is capped at \$275,000 for 2018).

(b) Legal fees reimbursed to Mr. Schall in connection with the negotiation of and pursuant to the terms of his Employment Agreement.

(c) Value of cash dividends and dividend equivalents paid on unvested time-based restricted shares and RSUs actually paid in 2018.

Base Salary for Mr. Lombard reflects the amount actually paid for his service in this position beginning May 16, (3)2018. Any amounts paid to Mr. Lombard in connection with his Trustee service is reflected in the Compensation of Trustees Table.

“2018 Annual Cash” amounts represent, for Mr. Schall, potential bonus payout levels provided in his Employment Agreement of 50%- 175% of base salary, provided threshold performance goals are achieved, with 140% of annual (5) base salary being the anticipated payout amount for “target” performance, pursuant to his Employment Agreement. For the other NEOs, the Employment Agreements provide only for target and maximum potential payout amounts because there is no set amount payable upon threshold achievement.

Employment Agreements

Schall Employment Agreement (As amended and restated)

Term. Effective as of May 2, 2018, Seritage entered into an amended and restated employment agreement with Mr. Schall, which provides for a three-year term, subject to automatic renewal for additional one-year terms, unless either party provides no less than 120 days’ notice prior to the expiration of the applicable term or the agreement is terminated as contemplated therein.

Annual Compensation. Mr. Schall’s Employment Agreement provides for an annual base salary of \$875,000 and an annual cash bonus of between 50% and 175% of base salary if at least threshold performance goals are achieved, with a target of 140% of base salary. The Employment Agreement also provides for an annual equity award with an aggregate target value equal to 150% of base salary, of which 40% will be a number of RSUs that vest ratably over three years and 60% will be a number of performance-based RSUs that is subject to adjustment based on performance goals and will service vest as of the last day of the performance period and will be settled following the Compensation Committee’s determination of the achievement of the applicable performance (following the completion of the performance period, other than in connection with certain terminations of employment). If threshold performance goals are achieved, the number of annual performance-based RSUs earned will range from 50% to 265% of the number of annual performance-based RSUs granted, with 150% for target performance and 265% for maximum performance.

Restricted Shares and RSUs

Dickman, Fernand and Bry and Ms. Rottler to date will vest in accordance with the terms and conditions of the 2015 Plan. The 2015 Plan provides that any non-vested award will fully vest in the event of either (1) the failure by the purchasing business entity to assume or continue Seritage's rights and obligations under each award outstanding immediately prior to the change in control, or to substitute for each outstanding award a substantially equivalent award; or (2) the award holder's termination of employment within 12 months following a change in control on account of a termination by Seritage (or any Acquirer) for any reason other than cause (as such term is defined in and determined under the applicable individual agreement) or on account of an award holder's resignation for good reason (if an individual agreement contains a definition of good reason).

Dickman, Lombard, Fernand and Bry and Ms. Rottler, any outstanding awards shall be treated as follows: (a) in the event of the executive's termination of employment due to death or disability, full vesting (based on performance to date for the performance-based awards); (b) in the event of the executive's termination of employment by Seritage without Cause or by the executive for Good Reason, full vesting (assuming "target" performance was achieved for the performance-based awards); and (c) in the event of a Change in Control of Seritage, if the successor entity does not assume, convert or replace the awards with equivalent awards of publicly traded equity, full vesting (based on performance to date for the performance-vested awards), subject to potential recalculation of the number of restricted stock units based on the per share price on the day prior to the Change in Control of Seritage.

The treatment of Mr. Schall's sign-on and annual equity awards upon a change in control is described under the heading "*Schall Employment Agreement—Termination and Change in Control Provisions.*"

(1) For Mr. Schall, in the case that the termination event occurs within twelve (12) months following a Change in Control, he is entitled to receive cash severance of \$6,300,000 in lieu of the cash severance amount stated above.

(2) For Mr. Lombard, the amount stated in the table reflects the amount to which Mr. Lombard would be entitled in the case that the termination event occurred after Mr. Lombard has been employed by the Company for twelve (12) months. In the case that the termination event occurs within the first twelve (12) months of Mr. Lombard's employment, he is entitled to receive cash severance of the number of months remaining in such twelve (12) month period plus an additional twelve (12) months. Therefore, if the termination event is assumed to occur on December 31, 2018, Mr. Lombard would be entitled to cash severance of \$618,750 in lieu of the cash severance amount stated above.

(3) The calculation of a "pro-rata" bonus assumes for this purpose, that the executive's full target bonus was earned as of December 31, 2018.

In the case of a termination without Cause or resignation for Good Reason (whether or not in connection with a change in control) amounts in this column include an estimate of the portion of COBRA continuation coverage to (4) be paid by the Company, based on 2018 rates and, in the case of Mr. Schall, the value of certain outplacement services. In the case of termination as a result of Death and Disability, the amounts shown only apply in the event of disability.

Values reflect the intrinsic value of the unvested equity awards that would vest in each circumstance. The calculations assume a share price of \$32.33, the value of a common share on December 31, 2018. If acceleration is (5) pro-rated under the terms of the applicable award agreement, the calculation assumes a termination date of December 31, 2018 and “target” performance achievement, as applicable.

(6) Assumes the occurrence of a Change in Control in which outstanding unvested equity awards are not assumed or substituted and the executive does not incur a termination of employment.

Compensation Program Related Risk Assessment

The Compensation Committee reviewed whether any portion of the Company’s compensation program encourages employees to take unnecessary or excessive risks and concluded that the various elements of the compensation programs used by the Company were not reasonably likely to encourage employees to take unnecessary or excessive risks that could result in a material adverse risk to the Company.

Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, beginning with this proxy statement, we are required to provide annual disclosure of the ratio of (i) the median of annual total compensation of all of our employees other than our chief executive officer to (ii) the total annual compensation of our chief executive officer.

For fiscal year 2018, the annual total compensation for our CEO, Mr. Schall, was \$9,024,895, as reported in the Summary Compensation Table above, which includes the special 2018 Incentive Award with a grant date fair value of \$5,000,000 awarded in connection with the renewal of his Employment Agreement. The estimated annual total compensation for fiscal year 2018 for the employee that has been identified, using the methodology, adjustments and estimates described below, as at the median of our Company (other than the chief executive officer) was \$155,314. Therefore, the ratio of our chief executive officer’s annual total compensation to that of our established median employee for fiscal year 2018 is estimated to be approximately 57 to 1.

To determine our median employee, we reviewed the total cash compensation (i.e., base salary plus bonus) paid in 2018 for all individuals, excluding our chief executive officer, who were employed by us on December 31, 2018 (whether employed on a full-time, part-time, seasonal or temporary basis). As of that date, we had a total of 68 such employees, all of whom are located in the United States. Using Company records and payroll data, as part of this calculation, we annualized the base salary amount for full-time employees who were employed at our December 31, 2018 measurement date but that worked for us for less than the full year. We believe doing so reasonably estimates the true compensation levels of our personnel because, with one of Company's focuses being the continued expansion of our staffing and personnel, a significant number of our employee population began their employment with the Company in 2018 and we expect similar continued growth in the foreseeable future. Except for this annualization, we did not make any assumptions, adjustments, or estimates with respect to the cash compensation amount.

After identifying our median employee using the methodology described above, we calculated annual total compensation for this employee using the same methodology we use for our NEOs in the Summary Compensation Table set forth in this Proxy Statement. The Company chose to recalculate its median employee for 2018 because of the considerable growth in the employee population as compared to 2017; however, the methodology used to identify the median employee in 2018 is consistent with the method utilized in 2017.

We believe the foregoing pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules, which permit the use of estimates, assumptions and adjustments in connection with the identification of our median employee. Because the applicable SEC rules permit companies to adopt a variety of methodologies and exclusions and to make reasonable estimates and assumptions based on the particular compensation practices of such companies, the pay ratio reported by other companies, even those in a similar business, may not be comparable to the one we report above.

COMPENSATION OF TRUSTEES

Seritage provides its non-employee trustees an annual cash retainer in the amount of \$100,000 for serving as a trustee of Seritage and an annual cash retainer in the amount of \$15,000 for trustees who serve as the chairperson of the Audit Committee or the Compensation Committee. In addition, all trustees are reimbursed for out-of-pocket expenses incurred to attend meetings of the Board of Trustees and committees of the Board of Trustees. None of the trustees have been awarded equity compensation by the Company. The following table reflects the portion of the annual cash retainer earned for fiscal year 2018 for non-employee trustees who served on the Board of Trustees during fiscal year 2018.

Name	Fees Earned or Paid in Cash (\$)
Edward S. Lampert	100,000

Thomas M. Steinberg	100,000
Kenneth T. Lombard ⁽²⁾	52,500

(1)Ms. Osberg serves as a member of the Compensation Committee and joined the Board in May 2018.

(2)Mr. Lombard departed the Board in May 2018 and served as a member of the Audit Committee until his departure.

ITEM 2. RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Item 2 is the ratification of the Audit Committee's appointment of Deloitte & Touche LLP ("Deloitte") as the independent registered public accounting firm to audit the financial statements of the Company for fiscal year 2019. Although shareholder approval is not required, we desire to obtain from our shareholders an indication of their approval or disapproval of the Audit Committee's action in appointing Deloitte as the independent registered public accounting firm of Seritage for 2019. If our shareholders do not ratify this appointment, the appointment will be reconsidered by the Audit Committee and our Board. Representatives of Deloitte will be present at the Annual Meeting. They will be available to respond to your questions and may make a statement if they so desire.

THE BOARD RECOMMENDS A VOTE "FOR" THE PROPOSAL TO RATIFY THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2019.

Independent Registered Public Accounting Firm Fees

The following table shows the fees paid or accrued by the Company and its subsidiaries for the audit and other services provided by Deloitte, the member firms of Deloitte Touche Tohmatsu and their respective affiliates, since the Company's inception:

	January 1, 2018 to December 31, 2018	January 1, 2017 to December 31, 2017
Audit Fees ⁽¹⁾	\$ 1,060,000	\$ 927,500
Audit-Related Fees	44,927	87,000
Tax Fees	437,806	376,367
Other Fees	—	—
Total	\$ 1,542,733	\$ 1,390,867

Audit Fees represent fees for professional services provided in connection with the audits of the Company's consolidated annual financial statements, internal control over financial reporting and review of the quarterly financial statements, including certain accounting consultations in connection with the audit, consents and other SEC matters.

The Audit Committee must pre-approve all services of our independent registered public accounting firm as required by its charter and the rules of the SEC. Each fiscal year, the Audit Committee approves an annual estimate of fees for services, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent registered public accounting firm's independence from management. The Audit Committee shall review and discuss with the independent auditor any documentation supplied by the independent auditor as to the nature and scope of any tax services to be approved, as well as the potential effects of the provision of such services on the independent auditor's independence. In addition, the Audit Committee will evaluate known potential services of the independent registered public accounting firm, including the scope of the proposed work to be performed and the proposed fees, and approve or reject each service. Management may present additional services for approval at subsequent committee meetings.

All of the audit, audit-related and tax services provided by Deloitte, the member firms of Deloitte Touche Tohmatsu and their respective affiliates, were pre-approved in accordance with the Audit Committee's policies and procedures.

Report of the Audit Committee

The purpose of the Audit Committee (the "Audit Committee") of the Board of Trustees (the "Board of Trustees") of Seritage Growth Properties (the "Company" or "Seritage Growth Properties") is to assist the Board of Trustees in fulfilling its oversight responsibilities by reviewing the Company's system of internal controls, the presentation and disclosure in the Company's financial statements, which will be provided to our shareholders and others, and the overall audit process. All members of the Audit Committee meet the criteria for independence applicable to audit committee members under the New York Stock Exchange ("NYSE") listing rules. The Audit Committee Charter complies with the NYSE listing rules.

Management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States ("GAAP"). The Company's independent registered public accounting firm is responsible for auditing these financial statements and expressing an opinion as to their conformity to GAAP. The Audit Committee's responsibility is to monitor and review these processes, acting in an oversight capacity, and the Audit Committee does not certify the financial statements or guarantee the independent registered public accounting firm's report. The Audit Committee relies, without independent verification, on the information provided to it, including representations made by management and the independent registered public accounting firm, including its audit report.

The Audit Committee discussed with Deloitte & Touche LLP ("Deloitte"), the Company's independent registered public accounting firm, the matters required to be discussed by the Statement on Auditing Standards No. 1301, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee has received the written disclosures and the letter from Deloitte required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte's communications with the Audit Committee concerning independence, and has discussed with Deloitte its independence. The Audit Committee reviewed and discussed the audited financial statements of Seritage Growth Properties for the fiscal year ended December 31, 2018 with management and Deloitte. Based on the review and discussions noted above, the Audit Committee recommended to the Board that the audited financial statements of Seritage Growth Properties be included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission for the fiscal year ended December 31, 2018.

ITEM 3. ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board is providing the Company's shareholders with the opportunity to vote, on an advisory basis, and in accordance with Section 14A of the Exchange Act, on our executive compensation programs for the named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis and the accompanying compensation tables and related narrative in this Proxy Statement). This proposal is commonly known as a "say-on-pay" proposal.

As described in the "*Compensation Discussion and Analysis*" section of this Proxy Statement, the Company's compensation system is designed to provide our NEOs with a competitive total compensation package, balanced between fixed and "at risk" compensation and between cash and non-cash components, with the intent of (a) attracting, retaining and motivating key executives, (b) providing appropriate incentives aimed at motivating our executives to strive for Company growth across a variety of measures, but discouraging excessive risk-taking utilizing a mixture of fixed and "at-risk" compensation, as well as a mixture of short- and long-term incentive compensation, and (c) rewarding long-term increased Company value and aligning the interests of the management team with the interests of our shareholders.

The Company has a tenant roster of over 200 unique tenants and a total of over 400 leases. In addition, since its inception, the Company has increased annual base rent from diversified, non- Sears tenants, by over 235%, and substantially completed 47 new redevelopments, with an additional 50 projects currently under development, all of which collectively demonstrate the strength, breadth and depth of the Company's platform. In 2018 the Company focused on each of its core activities, further expanding its leasing and development activity, commencing multiple large scale value enhancing redevelopment projects, raising and deploying investment capital at accretive rates of returns for shareholders, monetizing assets and recycling capital through formation of joint ventures and the sale of select assets, and funding the redevelopment pipeline through the refinancing of existing indebtedness. In addition, the Company continued to expand its team and capabilities by hiring leading professionals with retail real estate expertise and redevelopment experience, and further developed its systems and management capabilities. On reviewing the accomplishments of the Company, CEO and the NEOs in 2018, the Compensation Committee recognized that performance was deemed to be between the levels of "meets expectations" and "above expectations" as compared to the predetermined internal goals for 2018. For more information please see the Compensation Discussion and Analysis in this Proxy Statement, and the compensation disclosure tables and narrative that follow it, which describe the Company's executive compensation program for our NEOs in detail.

At our 2017 Annual Meeting, more than a majority of our shareholders voted for an annual say-on-pay vote. Based on these results, we intend to provide our shareholders with an annual, non-binding advisory say-on-pay vote on executive compensation until the next required non-binding advisory vote on the frequency of future advisory say-on-pay votes as required under SEC rules.

The Board strongly endorses the Company's executive compensation program and compensation paid to our named executive officers and recommends that shareholders vote "FOR" the following non-binding resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including in the Compensation Discussion and Analysis contained in the Proxy Statement for the 2019 annual meeting of shareholders of the Company, compensation tables and narrative discussion, is hereby approved.

THE BOARD RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" PROPOSAL NO. 3 TO APPROVE, ON AN ADVISORY BASIS, THE COMPENSATION PAID TO OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED PURSUANT TO THE SEC'S COMPENSATION DISCLOSURE RULES.

OTHER BUSINESS THAT MAY COME BEFORE THE MEETING

Our management does not intend to bring any other business before the Annual Meeting for action and has not been notified of any other business proposed to be brought before the Annual Meeting. However, if any other business should be properly presented for action, it is the intention of the persons named on the proxy card to vote in their discretion on such business.
