State below in reasonable detail the reasons why Form 10-K, 11-K, 20-F, 10-Q, N-SAR or the transition report or portion thereof could not be filed within the prescribed time period.

As a result of ProQuest Company s ongoing review related to its earnings restatement, ProQuest Company (the Company) will not file its Annual Report on Form 10-K for the fiscal year ended December 31, 2005 within the prescribed time period. The Company believes that this delay cannot be eliminated without unreasonable effort or expense. As previously announced on February 9, 2006, the Company intends to restate certain of its previously issued financial statements due to its discovery of material irregularities in its accounting in numerous accounts. The Company anticipates that as a result it will be required to recognize additional expenses as well as reduce a portion of revenues previously reported for its Information and Learning business, the effect of which will materially reduce earnings from continuing operations for many of the affected periods. Until the review is complete, the Company's previously issued financial statements for fiscal years 1999 through 2004, quarterly periods in 2005, and the Company's guidance for fiscal 2005, should no longer be relied upon. In addition, the Company's review is ongoing and there can be no assurance additional material irregularities or errors will not be identified.

The Company s Audit Committee is conducting an independent investigation of these accounting issues with the assistance of external advisors.

As a result of the Audit Committee investigation and the ongoing review related to the restatement, the Company has not been able to complete its financial statements for fiscal year 2005.

The Company is continuing to work with KPMG LLP, its independent registered public accounting firm, to complete the review and restatement as soon as possible.
