PROXY STATEMENT

GENERAL INFORMATION

Information About Proxy Solicitation

This proxy statement is being furnished to holders of shares as of the record date of the common stock, \$0.01 par value per share, of Aceto Corporation, a New York corporation (the "Company"), in connection with the Company's annual meeting to be held on Thursday, December 6, 2007 at 10:00 a.m. Eastern Standard Time, at the Company's offices. We sent you this proxy statement because our board of directors is soliciting your proxy to vote your shares at the annual meeting and at any adjournment. This proxy statement summarizes information that we are required to provide to you under the rules of the United States Securities and Exchange Commission and the Nasdaq Global Select Market, which information is designed to assist you in voting your shares. The purposes of the meeting and the matters to be acted on are stated in the accompanying notice of annual meeting of shareholders. At present, the board of directors knows of no other business that will come before the meeting.

We will begin mailing these proxy materials on or about October 26, 2007. The Company will bear the cost of its solicitation of proxies. The original solicitation of proxies by mail may be supplemented by personal interview, telephone, and facsimile by the directors, officers and employees of the Company. Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of stock held by such persons, and the Company may reimburse those custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in doing so.

Information About Voting

Q:*Why am I receiving these materials?*

A: The board of directors is providing these proxy materials to you in connection with the Company's annual meeting of shareholders, which will take place on December 6, 2007. As a shareholder, you are invited to attend the annual meeting and to vote on the items of business described in this proxy statement.

Q:*What information is contained in these materials?*

A: The information included in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of directors and the most highly paid executive officers, and certain other required information. A copy of our annual report is also enclosed.

Q:*What items of business will be voted on at the annual meeting?*

A: The three items of business scheduled to be voted on at the annual meeting are the election of directors, the approval of the Aceto Corporation 2007 Long-Term Performance Incentive Plan and the ratification of the Company's independent registered public accounting firm. We will also consider any other business that properly comes before the annual meeting.

Q:*How does the board of directors recommend that I vote?*

A: The board of directors recommends that you vote your shares FOR each of the nominees to the board, FOR the approval of the Aceto Corporation 2007 Long-Term Performance Incentive Plan, and FOR the ratification of the Company's independent registered public accounting firm on the proxy card included with this proxy statement.

Q: *What shares can I vote?*

A: You may vote all shares owned by you as of the close of business on October 12, 2007, the record date. These shares include: (1) shares held directly in your name as a shareholder of record; and (2) shares held for you, as the beneficial owner, through a broker or other nominee, such as a bank.

Q: *What is the difference between holding shares as a shareholder of record and as a beneficial owner?*

A: Most shareholders of the Company hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

If your shares are registered directly in your name with the Company's transfer agent, The Bank of New York, you are considered, with respect to those shares, the shareholder of record and these proxy materials are being sent directly to you by the Company. As the shareholder of record, you have the right to grant your proxy directly to the board of directors or to vote in person at the meeting. The board of directors has enclosed or sent a proxy card for you to use.

If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in "street name," and these proxy materials are being forwarded to you by your broker or nominee together with a voting instruction card. As the beneficial owner, you have the right to direct your broker or nominee how to vote and are also invited to attend the annual meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the meeting unless you obtain a "legal proxy" from the broker or nominee that holds your shares, giving you the right to vote the shares. Your broker or nominee has enclosed or provided voting instructions for you to use in directing the broker or nominee how to vote your shares.

Q: *How can I attend the annual meeting?*

A: You are entitled to attend the annual meeting only if you were a shareholder of the Company or joint holder as of the close of business on October 12, 2007, or you hold a valid proxy for the annual meeting. You should be prepared to present photo identification for admittance. If you are not a record holder but hold shares through a broker or nominee (that is, in "street name"), you should provide proof of beneficial ownership on the record date, such as your most recent account statement prior to October 12, 2007, a copy of the voting instruction card provided by your broker or nominee, or other similar evidence of ownership. If you do not provide photo identification or comply with the other procedures outlined above upon request, you will not be admitted to the annual meeting. The annual meeting will begin promptly at 10:00 a.m. Eastern Standard Time. Check-in will begin at 9:00 a.m., and you should allow ample time for the check-in procedures.

Q: *How can I vote my shares in person at the annual meeting?*

A: You may vote in person at the annual meeting any shares that you hold as the shareholder of record. You may only vote in person shares held in street name if you obtain from the broker or nominee that holds your shares a "legal proxy" giving you the right to vote the shares.

Q: *How can I vote my shares without attending the annual meeting?*

A: Whether you hold shares directly as the shareholder of record or beneficially in street name, you may without attending the meeting direct how your shares are to be voted. If you are a shareholder of record, you may vote by granting a proxy. If you hold shares in street name, you may vote by submitting voting instructions to your broker or nominee. Each record holder of Company common stock may submit a proxy by completing, signing, and dating a proxy card and mailing it in the accompanying pre-addressed envelope. Each shareholder who holds shares in street name may vote by mail by completing, signing, and dating a voting instruction card provided by the broker or nominee and mailing it in the accompanying pre-addressed envelope.

Q: *Can I change my vote?*

A: You may change your vote at any time prior to the vote at the annual meeting. For shares held directly in your name, you may accomplish this by granting a new proxy bearing a later date (which automatically revokes the earlier proxy) or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially, you may change your vote by submitting new voting instructions to your broker or nominee or, if you have obtained a “legal proxy” from your broker, or nominee giving you the right to vote your shares, by attending the meeting and voting in person. You may also change your vote by sending a written notice of revocation to Mr. Douglas Roth, Chief Financial Officer and Corporate Secretary, Aceto Corporation, One Hollow Lane, Lake Success, New York 11042.

5

Q: *Who can help answer my questions?*

A: If you have any questions about the annual meeting or how to vote or revoke your proxy, you should contact Mr. Terry Steinberg, Vice President, Administration and Assistant Corporate Secretary, by mail to Aceto Corporation, One Hollow Lane, Lake Success, New York 11042 or by phone at 516-627-6000. Also, if you need additional copies of this proxy statement or voting materials, you should contact Mr. Steinberg.

Q: *How are votes counted?*

A: In the election of directors, you may vote FOR all of the six nominees or you may direct your vote to be WITHHELD with respect to one or more of the six nominees. In the approval of the Aceto Corporation 2007 Long-Term Performance Incentive Plan, you may vote FOR approval of the plan, AGAINST approval or you may ABSTAIN from voting with respect to approval of the plan. In the ratification of the Company's independent registered public accounting firm, you may vote FOR ratification, AGAINST ratification or you may ABSTAIN from voting with respect to ratification. If you provide specific instructions, your shares will be voted as you instruct. If you sign your proxy card or voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the board of directors FOR all of the Company's nominees, FOR the approval of the Aceto Corporation 2007 Long-Term Performance Incentive Plan, FOR ratification of the Company's independent registered public accounting firm and, in the discretion of the proxy holders, on any other matters that properly come before the meeting. If any other matters properly arise at the meeting, your proxy, together with the other proxies received, will be voted at the discretion of the proxy holders.

Q: *What is a quorum and why is it necessary?*

A: Conducting business at the meeting requires a quorum. The presence, either in person or by proxy, of the holders of a majority of the Company's shares of common stock outstanding on October 12, 2007 is necessary to constitute a quorum. Under the New York Business Corporation Law, and the Company's articles of incorporation and by-laws, abstentions are treated as present for purposes of determining whether a quorum exists.

Q: *What is the voting requirement to approve each of the proposals?*

A: In the election of directors, the six persons receiving the highest number of FOR votes at the annual meeting will be elected. Accordingly, abstentions and broker non-votes do not have the effect of a vote for or against the election of any nominee. You do not have the right to cumulate your votes. Any other matters that might properly arise at the meeting require the affirmative "FOR" vote of a majority of those shares present in person or represented by proxy and entitled to vote on that proposal at the annual meeting. Accordingly, abstentions on other proposals will have the same effect as a vote against the proposal. In addition, where brokers are prohibited from exercising discretionary authority for beneficial owners who have not provided voting instructions (commonly referred to as "broker non-votes"), those shares will not be included in the vote totals. Broker non-votes will not have the effect of a vote for or against other proposals. A list of shareholders entitled to vote at the annual meeting will be available at the annual meeting for examination by any shareholder.

Q: *What should I do if I receive more than one set of voting materials?*

A: You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one

brokerage account, you will receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a shareholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date, and return each proxy card and voting instruction card that you receive.

Q: *Where can I find the voting results of the annual meeting?*

A: We intend to announce preliminary voting results at the annual meeting and publish final results in our Quarterly Report on Form 10-Q for our fiscal quarter ending December 31, 2007.

Q: *What happens if additional matters are presented at the annual meeting?*

A: Other than the three items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. However, if you grant a proxy, the persons named as proxy holders, Leonard S. Schwartz, the Company's Chairman, President and Chief Executive Officer, and Douglas Roth, the Company's Chief Financial Officer and Secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for any one or more other candidates nominated by the board of directors.

Q: *What shares are entitled to be voted?*

A: Each share of the Company's common stock issued and outstanding as of the close of business on October 12, 2007, the record date, is entitled to be voted on all items being voted at the annual meeting, with each share being entitled to one vote. On the record date, 24,345,785 shares of the Company's common stock were issued and outstanding.

Q: *Who will count the votes?*

A: One or more inspectors of election will tabulate the votes.

Q: *Is my vote confidential?*

A: Proxy instructions, ballots, and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed, either within the Company or to anyone else, except: (1) as necessary to meet applicable legal requirements; (2) to allow for the tabulation of votes and certification of the vote; or (3) to facilitate a successful proxy solicitation.

Q: *Who will bear the cost of soliciting votes for the annual meeting?*

A: The board of directors is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. Certain of our directors, officers and employees, without any additional compensation, may also solicit your vote in person, by telephone or by electronic communication. On request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to shareholders.

Q: *May I propose actions for consideration at next year's annual meeting of shareholders?*

A: You may submit proposals for consideration at future shareholder meetings. However, in order for a shareholder proposal to be considered for inclusion in the Company's proxy statement for the annual meeting next year, the written proposal must be received by the corporate secretary of the Company no later than June 23, 2008. Such proposals also will need to comply with United States Securities and Exchange Commission regulations under Proxy Rule 14a-8 regarding the inclusion of shareholder proposals in company-sponsored proxy materials.

INFORMATION ABOUT THE COMPANY'S COMMITTEES

Audit Committee

The audit committee is currently comprised of Albert L. Eilender, Ira S. Kallem (Chairman) and Hans C. Noetzli. We currently plan to appoint Mr. Britton a member of the audit committee immediately following the annual meeting if he is elected a director. The audit committee is responsible for recommending the Company's independent registered public accounting firm and reviewing management actions in matters relating to audit functions. The committee reviews with the Company's independent public accounting firm the scope and results of its audit engagement and the Company's system of internal controls and procedures. The committee also reviews the effectiveness of procedures intended to prevent violations of laws. The committee also reviews, prior to publication, our quarterly earnings releases and reports to the SEC on Form 10-K and Form 10-Q. The report of the audit committee for fiscal year 2007 can be found below.

The audit committee, consistent with the Sarbanes-Oxley Act of 2002 and the rules adopted thereunder, also meets with management and the auditors prior to the filing of officers' certifications with the SEC to request information

concerning, among other things, significant deficiencies in the design or operation of internal controls, if any.

Our board has determined that all audit committee members are independent under applicable SEC regulations, and as defined by Rule 4200 (a)(14) of the Nasdaq Marketplace Rules. Our board of directors has determined that Mr. Kallem qualifies as an “audit committee financial expert” as that term is used in Section 407 of the Sarbanes-Oxley Act of 2002. The audit committee operates under a formal charter that governs its duties and conduct and is published on the Company’s corporate website = www.aceto.com.

The audit committee has adopted a Non-Retaliation Policy and a Complaint Monitoring Procedure to enable confidential and anonymous reporting regarding financial irregularities, if any.

Board Nominations

The Company’s board of directors does not have a nominating committee. Instead, the Company’s independent directors make recommendations to the full board, which nominates directors on an annual basis. The board believes this process is preferable because it wishes to involve all of its independent directors in the nomination process rather than a select number of committee members.

The independent directors perform the following functions with respect to nomination decisions:

- They consider and recommend to the board of directors individuals for election as directors.
- They make recommendations to the board of directors regarding any changes to the size of the board of directors or any committee.
- They report to the board of directors on a regular basis, not less than once a year.

The Company’s independent directors and board of directors have determined that candidates for director should have certain minimum qualifications, including being able to understand basic financial statements, being over 21 years of age, having relevant business experience, and having high moral character. The board of directors retains the right to modify these minimum qualifications from time to time.

In evaluating an incumbent director whose term of office is set to expire, the independent directors and the board of directors review that director’s overall service to the Company during that director’s term, including the number of meetings attended, level of participation, quality of performance, and any transactions with the Company engaged in by that director during his or her term.

When selecting a new director nominee, the independent directors and the board of directors first determine whether the nominee must be independent for Nasdaq purposes or whether the candidate must qualify as an “Audit Committee Financial Expert,” as that term is used in section 407 of the Sarbanes-Oxley Act of 2002. The board then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. Each director then has an opportunity to privately interview each nominee if he or she deems it necessary. The board then meets to consider the candidates’ qualifications and chooses candidates by a unanimous vote.

Shareholders wishing to directly recommend candidates for election to the board of directors at an annual meeting must do so by giving notice in writing to Leonard S. Schwartz, Chairman, Aceto Corporation, One Hollow Lane, Lake Success, New York 11042. Any such notice must, for any given annual meeting, be delivered to the Chairman not less than 120 days prior to the anniversary of the preceding year's annual meeting. The notice must state (1) the name and address of the shareholder making the recommendations, (2) the name, age, business address, and residential address of each person recommended, (3) the principal occupation or employment of each person recommended, (4) the class and number of shares of Aceto shares that are beneficially owned by each person recommended and by the

recommending shareholder, (5) any other information concerning the persons recommended that must be disclosed in nominee and proxy solicitations in accordance with Regulation 14A of the Securities Exchange Act of 1934, and (6) a signed consent of each person recommended stating that he or she consents to serve as a director of the Company if elected.

The board of directors will consider and vote on any recommendations so submitted. In considering any person recommended by a shareholder, the committee will look for the same qualifications that it looks for in any other person that it is considering for a position on the board of directors.

Any shareholder nominee proposed by the board of directors for election at the next annual meeting of shareholders will be included in the company's proxy statement for that annual meeting.

Compensation Committee

The compensation committee, comprised of four independent directors, conducts reviews of the compensation of the Chief Executive Officer and other senior executive officers of the Company including evaluating and approving that officer's benefits, bonus, incentive compensation, severance, equity-based compensation, and other compensation arising from other programs of the Corporation. Each member of the committee meets the independence requirements specified by the Nasdaq Global Select Market, by Section 162(m) of the Internal Revenue Code of 1986, as amended and for purposes of Rule 16b-3 under the Securities Act of 1933, as amended. The committee meets as often as the committee determines, but not less frequently than annually.

The compensation committee operates under a formal charter that governs its duties and conduct. The charter is published on the Company's corporate website – www.aceto.com.

Board and Committee Meetings

During the Company's fiscal year ended June 30, 2007, the board of directors held four meetings and acted by unanimous written consent three times. Each director attended 100% of the board meetings and meetings of the board committees on which he served.

At each scheduled meeting of the board of directors, the independent members of the board of directors meet separately in executive session without management being present. A lead director elected by the independent directors is responsible for chairing such executive sessions. Currently the lead director is Albert L. Eilender.

During the Company's fiscal year ended June 30, 2007, the audit committee met eight times and the compensation committee met seven times.

Director Attendance at Annual Meetings

Our directors are encouraged, but not required, to attend the annual meeting of shareholders. All of our directors attended the 2006 annual meeting of shareholders.

Communications by our Shareholders to the Board of Directors

Our board of directors recommends that shareholders direct to the Company's corporate secretary any communications intended for the board of directors. Shareholders can send communications by e-mail to droth@aceto.com, by facsimile to (516) 627-6093, or by mail to Douglas Roth, Chief Financial Officer and Secretary, Aceto Corporation, One Hollow Lane, Lake Success, New York 11042.

This centralized process will assist the board in reviewing and responding to shareholder communications in an appropriate manner. If a shareholder wishes to direct any communication to a specific board member, the name of that board member should be noted in the communication. The board of directors has instructed the corporate secretary to forward shareholder correspondence only to the intended recipients, but the board has also instructed the corporate secretary to review all shareholder correspondence and, in his discretion, not forward any items that he deems to be of a commercial or frivolous nature or otherwise inappropriate for the board's consideration. Any such items may be forwarded elsewhere in the Company for review and possible response.

CORPORATE GOVERNANCE

The Company operates within a comprehensive plan of corporate governance for the purpose of defining responsibilities, setting high standards of professional and personal conduct and assuring compliance with those

responsibilities and standards. In July 2002, Congress passed the Sarbanes-Oxley Act of 2002 which, among other things, establishes, or provides the basis for, a number of new corporate governance standards and disclosure requirements. In addition, the Nasdaq Global Select Market has recently made changes to its corporate governance and listing requirements. The board of directors has initiated numerous actions consistent with these new rules and will continue to regularly monitor developments in the area of corporate governance.

Code of Ethics for Worldwide Financial Management

The Company has adopted a Code of Ethics for Worldwide Financial Management that sets forth standards of ethics for the Company's principal executive officer and senior financial officers, violations of which are reported to the audit committee. This Code of Ethics is published on the Company's corporate website – www.aceto.com.

Code of Business Conduct for all Aceto Employees

COMPENSATION DISCUSSION AND ANALYSIS

Our Compensation Philosophy and Objectives

Our executive compensation program is designed to attract, retain, and motivate superior executive talent and to align their interests with those of our shareholders and support our growth and profitability. Consistent with those purposes, our compensation philosophy embodies the following principles:

- the compensation program should reward the achievement of our strategic initiatives and short- and long-term operating and financial goals, and provide for consequences for underperformance;
- compensation should reflect differences in position and responsibility;
- compensation should be comprised of a mix of cash and equity-based compensation that aligns the short- and long-term interests of our executives with those of our shareholders; and
- the compensation program should be understandable and transparent.

In structuring a compensation program that implements these principles, we have developed, with the assistance of an executive compensation consulting firm, Hay Group, Inc. (“Hay Group”), the following objectives for our executive compensation program:

- overall compensation levels should be competitive and should be set at levels necessary to attract and retain talented leaders and motivate them to achieve superior results;
- a portion of total compensation should be contingent on, and variable with, achievement of objective corporate performance goals;
- total compensation should be higher for individuals with greater responsibility and greater ability to influence our achievement of operating and financial goals and strategic initiatives;
- the number of different elements in our compensation program should be limited, and those elements should be understandable and effectively communicated to executives and shareholders; and
- compensation should be set at levels that promote a sense of equity among all employees and appropriate stewardship of corporate resources, while giving due regard to our industry and any premiums that may be necessary in order to attract top talent at the executive level.

Our Analysis

Our compensation committee engaged Hay Group to assist it in assessing whether the pay-for-performance objectives of our executive compensation program were effective and in modifying our compensation program to the extent necessary to improve enhanced implementation of our compensation philosophy and principles. Our compensation committee also engaged the Hay Group to assist it in ascertaining where our historical compensation practices have been when compared to market levels.

Our compensation committee compared the compensation we have paid in recent years to our chief executive officer, chief financial officer and our three other most highly compensated executive officers to two peer groups. One peer group consisted of 22 similarly sized companies in the chemical industry and the second peer group was the Hay Group's 2006 Chemical Industry Database, which consists of 78 companies that are also in the chemical industry but are of varying size. The peer group companies were recommended by Hay Group and selected by the committee because the committee believed that these companies best reflect the competitive market for executive talent in the chemical and pharmaceutical industries. The peer group companies included American Vanguard Corporation, Axcan Pharma, Inc., Cambrex Corporation, Quaker Chemical Corporation, Calgon Carbon Corporation, Macdermid, Inc., Idexx Laboratories, Inc., Compass Minerals International, Inc., Lesco, Inc., Celgene Corporation, Abraxis Bioscience, Inc., Par Pharmaceutical Companies, Inc., KV Pharmaceutical Co., Cabot Microelectronics Corp., Penford Corp., Sciele Pharma, Inc., Martek Biosciences Corp., Adams Respiratory Therapeutics, Inc., Landec Corp., NL Industries, Inc., Albany Molecular Research, Inc. and Hawkins, Inc.. The compensation committee's benchmarking criteria for these purposes included comparisons of executive base salary compensation, total cash compensation (base salary plus bonus), and total direct compensation (total cash compensation plus long-term incentive awards).

Our compensation committee focused on our executive compensation levels and our compensation pay mix as compared to the two peer groups. Compensation pay mix refers to the proportion of compensation in base or "guaranteed" compensation, incentive or "at risk" annual compensation and long-term incentive compensation.

Our compensation committee concluded that our historical compensation program, which included pay-for-performance objectives, was effective and comparable to industry practices but could be improved. Specifically, our compensation committee found, based in part on Hay Group's report to the committee, that our compensation mix has historically been weighted towards annual compensation as opposed to long-term incentive compensation relative to the two peer groups.

Our compensation committee therefore recommended that we alter our compensation mix to include a greater proportion of long-term incentive compensation, and that we gradually alter the nature of the long-term incentive grants from exclusively stock option grants to a portfolio that includes stock option grants, restricted stock awards and grants of performance stock. Our compensation committee also recommended that we establish performance based objective criteria to be used in determining our performance based annual cash bonuses beginning with our current fiscal year that ends on June 30, 2008.

While Hay Group provided data and advice regarding our compensation practices, our compensation committee makes all the decisions regarding our compensation practices. These decisions must then be ratified by our full board of directors.

Elements of Our Executive Compensation

Our executive compensation program has historically been comprised of base salary, performance-based annual cash bonuses, long-term equity incentive awards and perquisites. These elements of compensation have been supplemented by the opportunity for all our eligible employees to participate in benefit plans that include employer contributions, including our 401(k) plan and our supplemental retirement plan, as well as life insurance premiums paid by the Company for employee life insurance policies.

Based in part on Hay Group's report to the committee, we have decided to retain these elements of compensation, but to change their relative mix. Specifically, our compensation committee recommended that if the shareholders approve the Aceto Corporation 2007 Long-Term Performance Incentive Plan (the "Plan"), proposed to be adopted at this year's annual meeting of our shareholders, our long-term incentive compensation component will be increased for our executive officers, making a larger portion of their annual total direct compensation dependent on long-term stock appreciation and long-term company financial and operating performance. We have concluded that gradually shifting

a larger share of executive compensation to equity incentives and other long-term incentive compensation will further align our executive officers' goals with those of our shareholders and encourage long-term retention and operational and financial success.

Additionally, in order to provide us with increased flexibility with respect to the long-term incentive component of our executive compensation, we have included in the Plan the opportunity to grant long-term incentive awards that our prior incentive plans have generally not included, including stock appreciation rights, shares of restricted stock, shares of performance stock, performance incentive units and restricted stock units.

Base Salary

We provide our executive officers with base salary to provide them with a fixed base amount of compensation for services rendered during a fiscal year. We believe this is consistent with competitive practices and will help assure our retention of qualified leadership in those positions. We intend to maintain base salaries at competitive levels in the marketplace for comparable executive ability and experience, taking into consideration changes from time to time in the consumer price index and whether competitive adjustments are necessary to assure retention. Consideration is also given in each case to the historical results achieved by each executive and the Company during each executive's tenure, to whether each executive is enhancing the team oriented nature of the executive group, the potential of each executive to achieve future success, and the scope of responsibilities and experience of each executive. In addition, evaluations are made regarding the competencies of each executive officer that are considered essential to our success.

The compensation committee evaluated the historical performance of our executive officers and considered the compensation levels and programs at the peer group companies included in the Hay Group report before it made its most recent compensation recommendations to the full board. The committee currently desires that the compensation levels for each of our executive officers be in the third quartile (50% to 75%) of the compensation levels for the executive officers in the peer group companies. The committee therefore recommended, and our board of directors approved, an increase in the base salaries of our named executive officers effective October 1, 2007 of 3.5% except for a recommended and approved increase in the base salary of our chief financial officer of approximately 10%.

Performance-Based Annual Cash Bonuses

We pay performance-based cash bonuses on an annual basis in an effort to encourage achievement of goals established for our short- and long-term financial and operating results, and to reward our executive officers for consistent performance in assisting us in achieving those goals.

Historically, the performance-based cash bonuses paid to our executive officers has been based on an assessment by our chief executive officer of the Company's overall performance, business unit performance and individual performance, without any pre-determined annual performance measures. These bonus recommendations made by our chief executive officer have historically been approved by our board of directors after review and possible adjustment. However, based in part on the recommendations of Hay Group, the compensation committee has recommended that pre-determined annual performance measures be utilized, beginning with bonuses paid in connection with our current fiscal year which ends on June 30, 2008.

For our fiscal year ending June 30, 2008, the performance-based objective bonus criteria as established by our compensation committee, and approved by our board of directors, will be based upon results obtained with respect to the following three financial factors: (1) company sales; (2) company net income; and (3) company earnings per share, except that with respect to our three executives that oversee our three business segments, the performance-based objective bonus criteria will also include results obtained with respect to sales and adjusted pre-tax income for their respective business segments. The bonus criteria will also include results obtained with respect to certain business related non-financial goals that are tailored for each executive officer and that is approved by our board of directors. Although these businesses related non-financial goals have not yet been finalized, we expect that they will include identifying business opportunities for us and successfully executing on those opportunities as well as development of personnel and succession planning.

The precise criteria that we will use to determine the bonuses for our executive officers will vary depending on each officer's specific responsibilities. However, in order to provide an example of the criteria and the relative weight that we plan to give them, the following is the chart that we plan to use when determining our chief financial officer's performance-based cash bonus for our fiscal year ending June 30, 2008:

	THRESHOLD BONUS	BASE BONUS	TARGET BONUS	MAXIMUM BONUS	RELATIVE WEIGHT
	(\$82,500; representing 75% of prior fiscal-year bonus)	(\$99,000; representing 90% of prior fiscal-year bonus)	(\$110,000; representing 100% of prior fiscal-year bonus)	(\$165,000; representing 150% of prior fiscal-year bonus)	
Company Sales	\$235,104,750; representing 75% of prior fiscal-year	\$313,473,000; representing 100% of prior fiscal-year	\$344,820,300; representing 110% of prior fiscal-year	\$391,841,250; representing 125% of prior fiscal-year	10%
Company Net Income	\$7,659,000; representing 75% of prior fiscal-year	\$10,212,000; representing 100% of prior fiscal-year	\$11,233,200; representing 110% of prior fiscal-year	\$12,765,000; representing 125% of prior fiscal-year	25%
Company EPS	\$0.31; representing 75% of prior fiscal year	\$.41; representing 100% of prior fiscal-year	\$.45; representing 110% of prior fiscal-year	\$.51; representing 125% of prior fiscal-year	15%
Non-Financial Goal 1					20%
Non-Financial Goal 2					20%
Non-Financial Goal 3					10%

Additionally, while we have historically paid our annual performance-based cash bonus in four installments based on each executive officer's prior year cash bonus, we now intend to pay the bonus at the end of each of our fiscal years after the bonus is determined and approved by our board of directors. This transition from four payments to one annual payment will be phased in over a five year period for our five most highly compensated officers beginning with our fiscal year ending on June 30, 2008.

Long-Term Incentive Compensation

We intend to place increasing emphasis on compensation tied to the market price of our common stock and to the Company's long-term financial and operating performance. We believe that these incentives further align management's interest with the interests of our shareholders. We are therefore asking our shareholders to approve the Plan and allow the compensation committee to make long-term incentive awards to our executive officers and other employees. The terms of the Plan were approved by our compensation committee and our board of directors based in

part on the recommendations of Hay Group.

The Plan allows for the grant of: (i) options to purchase shares of our common stock at the fair market value of a share of our common stock on the date of the grant of the options; (ii) stock appreciation rights which give the participant the right to appreciation in the value of our common stock between the date of grant and the date of exercise; (iii) restricted stock which is common stock that vests upon achievement of performance goals (referred to as performance stock) or upon the passage of time and/or other conditions such as continued employment for a stated period (referred to as restricted stock); (iv) performance incentive units which represent the right to receive cash on achievement of performance goals; and (v) restricted stock units, which are grants valued in terms of common stock but the common stock is not issued at the time of the grant.

We also intend to make annual grants of long-term incentive awards on an annual basis rather than once every three years as we have historically done, and in smaller numbers than in previous years, in order to retain more flexibility in our annual compensation packages.

Our compensation committee has recommended to our board of directors that if our shareholders approve the Plan, then the board should consider making grants during our fiscal year ending on June 30, 2008 to certain of our employees, including our executive officers, which consist of stock options, awards of restricted stock and awards of restricted stock units.

Other Compensation

Our executive officers may also participate in our 401(k) plan on the same terms that the rest of our eligible employees can participate. We currently make a non-elective contribution on behalf of each of our participating employees equal to 3% of the participant's compensation, including base salary and bonus, up to a maximum of \$220,000 of compensation. We also have historically made discretionary contributions to each of our participating employees on an annual basis up to approximately 8% of the participant's compensation. Our participating employees are fully vested in both their salary deferrals and non-elective contributions, but they are vested in Company discretionary contributions at the rate of 20% per year with 100% vesting after five years of participation.

We also maintain a supplemental retirement plan, commonly called a "SERP". This plan is a non-qualified deferred compensation plan intended to provide management employees whose eligible annual compensation is in excess of \$100,000 with supplemental benefits beyond the Company's 401(k) plan. Annual contributions by the Company to the SERP are fixed by our board of directors with annual vesting in the account balances being 20% per year of service over five consecutive years. In addition to Company contributions, participants can elect to defer some or all of their bonus compensation into their SERP account for the following year.

Perquisites

We allow certain of our executive officers to use a Company automobile as a perquisite to enhance our compensation package and make it more attractive relative to our competition. The financial value of the use of a Company automobile for each of these executive officers for our fiscal year ended June 30, 2007 is set forth in footnote five to the All Other Compensation column of the Executive Compensation table contained in this proxy statement.

No Post-Employment Compensation

All of our executive officers are employed on an "at will" basis, meaning we, or any executive officer, may terminate employment at any time. None of our executive officers have employment agreements with us and therefore there is no contractual notice period required prior to termination of employment and there is no requirement to pay severance following any termination.

Stock Ownership Requirements

Our compensation committee established, and our board of directors approved, stock ownership requirements for our chief executive officer, our chief financial officer and our three other most highly compensated executive officers. These stock ownership requirements provide that our chief executive officer must own shares of our common stock valued at four times his base salary and our chief financial officer and our three other most highly compensated executive officers must own shares of our common stock valued at two times his base salary within five years of the date of this year's annual meeting of our shareholders, or any adjournment thereof, assuming the approval by our shareholders of the Aceto Corporation 2007 Long-Term Performance Incentive Plan. The stock ownership program

also includes as a guideline, but not a requirement, that all our other officers and managers that earn at least \$100,000 per year own shares of our common stock valued at one time his or her base salary within the same five year period. Shares of our restricted stock that are granted but not yet vested count toward these stock ownership guidelines.

Management's Role in Establishing Our Executive Compensation

Our chief executive officer plays an important role in assisting our compensation committee in establishing the compensation for our executive officers. Important aspects of this role include:

- evaluating employee performance;
- suggesting to the compensation committee business performance targets and objectives; and
- recommending salary and bonus levels and equity awards.

During this process, the compensation committee may ask our chief executive officer and other executive officers to provide guidance to the compensation committee regarding background information for our strategic objectives, an evaluation of the performance of our executive officers, and compensation recommendations as to the executive officers. Members of the compensation committee met informally with our chief executive officer throughout the year to discuss compensation matters and compensation policies in order to obtain insight regarding the day to day performance of each of our executive officers.

With respect to the compensation of our chief executive officer, we will continue to accept our chief executive officer's personal review of his annual accomplishments, but will not consider recommendations from him regarding his compensation, including base salary, annual cash bonuses and long-term incentive compensation.

Tax Implications of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1.0 million paid to named executive officers is not deductible unless it is performance-based and satisfies the conditions of the exemption. While our compensation committee and board of directors considers all compensation paid to our named executive officers to be performance-based, historically not all of the compensation paid to them meets the definition of "performance-based" compensation in Section 162(m). Equity compensation awarded to our named executive officers is designed to qualify as performance-based compensation under Section 162(m), but the historical cash bonuses paid to them may not qualify. With the exception of our chief executive officer in our past five fiscal years, relevant annual executive compensation has not exceeded the \$1.0 million threshold for any of our named executive officers so the exemption was unnecessary for us to fully deduct such compensation payments. Our compensation committee believes that retaining discretion in determining some bonus awards within the parameters of the performance goals that the committee is now putting in place is essential to their overall responsibilities. While the compensation committee will continue to consider the impact of Section 162(m) on our compensation program, it reserves the right to pay nondeductible compensation in the future if it determines that it is appropriate to do so. It is our policy to review all compensation plans and policies against tax, accounting, and SEC regulations, including Internal Revenue Code Section 162(m), Internal Revenue Code Section 409A, and FAS 123(R).

Conclusion

While we believe that our historical compensation program was effective and comparable to industry practices, we concluded that it could be improved. We therefore plan to gradually increase the relative portion of our compensation pay mix that is long-term incentive compensation and to establish performance based objective bonus criteria for determining the annual incentive cash bonuses that we expect to pay to our executives beginning with our current fiscal year that ends on June 30, 2008.

Based on that review and discussion, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in the Company's annual report on Form 10-K for its last completed fiscal year.

Limits on Liability and Indemnification

The Company's Articles of Incorporation eliminate the personal liability of its directors to the Company and its shareholders for monetary damages for breach of the directors' fiduciary duties in certain circumstances. The articles of incorporation further provide that the Company will indemnify its officers and directors to the fullest extent permitted by law. The Company believes that such indemnification covers at least negligence and gross negligence on the part of the indemnified parties. Insofar as indemnification for liabilities under the Securities Act may be permitted to directors, officers, and controlling persons of the Company pursuant to the foregoing provisions or otherwise, the Company has been advised that in the opinion of the United States Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

REPORT OF THE AUDIT COMMITTEE

The audit committee acts under a written charter adopted by the audit committee and approved by the board of directors. The audit committee charter is available on the Company's corporate website.

The audit committee is currently comprised of Albert L. Eilender, Ira S. Kallem (Chairman) and Hans C. Noetzli. Each of these directors meets the independence and expertise requirements of the SEC and the Nasdaq Global Select Market. The audit committee recommends the Company's independent registered public accounting firm, approves the scope of the audit plan, and reviews and approves the fees of the independent accountants. The audit committee met regularly with the Company's independent accountants during the past fiscal year, both with and without management present, to review the scope and results of the audit engagement, the Company's system of internal controls and procedures, the effectiveness of procedures intended to prevent violations of laws and regulations, and the implementation of internal financial controls required by the Sarbanes-Oxley Act of 2002. In compliance with the SEC rules regarding auditor independence, and in accordance with the Company's Audit Committee Charter, the audit committee reviewed all services performed by BDO Seidman, LLP for the Company within and outside the scope of the quarterly review and annual auditing functions.

The audit committee also:

- Reviewed the Company's disclosures in the Management's Discussion and Analysis sections of such filings;
- Reviewed management's program, schedule, progress and accomplishments for maintaining financial controls and procedures to assure compliance with Section 404 of the Sarbanes-Oxley Act of 2002;
- Reviewed quarterly earnings releases prior to their publication;
- Reviewed and approved in advance in accordance with the Company's Audit Committee Pre-Approval Policy all proposals and fees for any work to be performed by BDO Seidman, LLP;
- Reviewed and revised the committee's charter as necessary in order to comply with newly enacted rules and regulations;
- Monitored the Company's "whistleblower" program under which any complaints are forwarded directly to the Committee, to be reviewed in accordance with an established procedure for all such matters;
- Reviewed the audit, tax and audit-related services the Company had received from BDO Seidman, LLP and determined that the providing of such services by BDO Seidman, LLP was compatible with the preservation of their independent status as our independent registered public accounting firm.

The audit committee also reviewed and discussed the audited financial statements for the fiscal year ended June 30, 2007 with management and discussed with BDO Seidman, LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended by Statement on Auditing Standards No. 90.
