**The

18 June 2009

**RESOLUTION BETWEEN
RBS

AND
FRED GOODWIN
ON PENSION ARRANGEMENTS**

RBS

is pleased to announce

that
Fred Goodwin

has volunteered to make a subst

a

nti

al reduction to his pension

which has been the subject of unprecedented media and political attention over the past few months

His

annual

pension will
now
reduce

to £
342,500

Commenting
on the resolution the Chairman of

RBS,
Philip Hampton

said:

"On any measure this represents a very substantial reduction to
Fred's
pension and is an acceptable amount to all parties to the discussion.
I am very pleased that
we have resolved
a situation that has been a

difficult and
unhappy

one for all the parties
involved
, and it is to
Fred's
credit that he has done this on a voluntary basis.

"
This

pension arrangement
became a
symbolic

issue
, and the
focus
of
unprecedented

media and political

attention

.
It had to be fixed to allow everyone to focus our energies where they should be, on getting the company back to health.

"
I have been in dialogue with Fred

about this issue since I became Chairman in February . He understandably wished to wait until the conclusion of an

internal inquiry into his pension arrangements,

conduct, expenses and the use of Company assets

, before addressing this question. This inquiry concluded recently, finding that there was no conduct on Fred's part that would justify reducing the pension. Following this

,
Fred

made a
n approach to revisit the pension arrangements and we have been working with him to change them

A
resolution had to be found for the sake of all concerned

and we thank
Fred

that
this
has now been achieved

.

"

Fred Goodwin

was a
respected
CEO of
RBS

during its sustained growth over many years
during his time in
office

. He
expressed his deep regret over the
position

RBS
found itself in

when the
global
crisis
hit
last year
and fully accepted his
share of responsibility
as Chief Executive

.

This issue has been a serious distraction from allowing us to focus on the
real causes of the problems facing the Company and many other banks

. I am pleased that common sense has now prevailed and

I hope that

most reasonable people will welcome that.

Serving our customers better than

our

competitors is our goal and

is

the best way to restore confidence in the Company

,

that must be our focus

·
"

**Note
s
to Editors**

- Under the departure arrangements agreed in October 08, Fred Goodwin was due to receive a pension annual pension equivalent to £703,000 per annum. This payment was available immediately to Fred Goodwin

on retirement at age 50 without discount, i.e. as if he had retired at age 60. As was his right under the rules, in February 09 Fred Goodwin elected to exchange

part

of his enhanced pension for

a lump sum with a remaining annual pension of £555,000

·
Fred Goodwin has now volunteered to reduce his annual pension to £342,500 reducing the total value of the pension by £4.7 million

- In March 09, the Chairman of RBS initiated an internal inquiry into Fred Goodwin's

conduct

in relation to
expenses and
the

use of company assets

to assess whether this would provide the Company with an opportunity to revisit the original
pension arrangement

. The Group has concluded this review and found there was no wrongdoing or other
mis

conduct on

Fred Goodwin

's

part

in this regard

that would justify reducing the pension

COMPANY ANNOUNCEMENT
FILE FOR RNS AT 0700 ON JUNE 23, 2009
FOR IMMEDIATE RELEASE WITHOUT EMBARGO
THE ROYAL BANK OF SCOTLAND GROUP PLC
DIRECTOR/PDMR SHAREHOLDING

The Royal Bank of Scotland Group plc

announces that

the following
awards

were made to Stephen Hester, the Group Chief Executive on 22
June 2009.

- A
ward over
4.8 million

ordinary shares
granted

under The Royal Bank of Scotland Group plc 2001 Medium-term Performance Plan. The award will vest on 22 June 2012 subject to performance conditions as explained below

. The award

will

take the form of

the cash equivalent of a

nil-cost share option.

The exercise period will be from 22 June 2012 to 21 June 2019.

- Share Options over

9.55 million

ordinary shares granted under The Royal Bank of Scotland Group

plc

2007

Executive Share Option Plan. The option price is £

0.372

and the options will vest on 22 June 2012 subject to performance conditions as explained below.

The exercise period will be from 22 June 2012 to 21 June 2019.

No consideration is payable for the grant of options or awards.

This announcement is made in accordance with the requirements of DTR 3.1.4.

Group Chairman, Philip Hampton, said:

"Over the last few months we have been consulting with shareholders on the most appropriate way to incentivise and reward RBS's Chief Executive, Stephen Hester . We now have support for a remuneration plan that ensures

the majority

of Stephen's reward is

non cash

and

based on his performance. This means his financial interests are strongly aligned to the interests of all our shareholders in the short-term and over the coming years.

" RBS has the largest balance sheet in world banking so it is critical that Stephen succeeds. If he does, the UK Government will be able to sell its shares at a profit and all shareholders will benefit. The long term incentives are worth little or nothing without a strong return to shareholders and there is no reward for failure in our remuneration policy."

Notes to Editors

- As set out in the 2008

R

eport and

A

ccounts,

the Group is

undertaking a root and branch review of remuneration polic

y

,

the outcome of which will be presented to

shareholders at the Group's AGM in April

2010. However,

in the meantime, incentive plans will be based on existing shareholder approved programmes

(Medium

-t

erm Performance Plan

"MPP"

and Executive Share Option Plan

"ESOP"

)

.

- This award is made on four principles:

- ◆ No reward for failure.

If Stephen

Hester

is unsuccessful these awards will be worth

little or nothing

.

- ◆ Exacting Performance criteria.

T

he maximum vesting is dependent on an

almost doubling

of the company's

value

(

to 70p) and

the relative out performance (top

quartile) of a panel of peer companies

.

- ◆ Tied to long term shareholder value.

I

f Stephen

Hester

is eligible for the maximum

vesting

at 70p

this will represent an uplift in shareholder value of
£18.5 billion
from the
closing s
hare price 37.2 p
on 19 June 2009

- ◆ Dependent
on under
lying
performance.
Nothing will be released under these awards unless the Group's Rem
uneration Committee
is satisfied
with the Group's underlying performance.
Clawback will apply and the
Remuneration Committee reserve
s
the right to vary these awards downward depending on
the underpinning issues of financial performance, capital requirements
and
risk

- W
e have disclosed the performance criteria linked to these awards in order to further improve
transparency in the area of remuneration
- The Remuneration Committee has developed t
his package
in consultation
with
the ABI
,
a number of institutional investors

and
United Kingdom Financial
Investments
- As announced on 26 February 2009, the Group remains committed to increase its lending to
UK
homeowners and businesses in 2009 and 2010.

Appendix 2

: Performance Criteria

In order for the maximum number of shares and options to vest

, the following performance criteria would need to be met

. These apply equally to both M

P and ESOP

:
1

. **Relative Total Shareholder Return**

(
50%
weighting for both M
P
P and ESOP)

TSR represents

share price appreciation assuming any dividends are re-invested. This relative measure will compare the Group's performance against a basket of banks from the UK and overseas, weighted towards those companies most similar to the Group (see table below)

To receive any of the shares and options subject to this performance measure, the Group's performance must be at least as good as the average of the comparator companies, with vesting as follows:-

- To receive 100% of the shares and options, RBS would need to be in the top quartile of its relative TSR group.
- To receive 25% of the shares and options, RBS would need to be at the median of its relative TSR group.

Comparator	Weighting
1. Lloyds Group	200%
2. Barclays	
3. Banco Santander	150%
4. HSBC	
5. Standard Chartered	
6. Citigroup	100%
7. Deutsche Bank	
8. JP Morgan Chase	
9. BNP Paribas	50%
10. Bank of America	
11. Societe Generale	

12. Credit Agricole
13. Credit Suisse Group
14. Royal Bank of Canada
15. Wells Fargo
16. National Australia Bank
17. BBVA
18. UBS
19. The Toronto Dominion Bank
20. Unicredito Italiano

2
. Absolute Total Shareholder Return

(
50%
weighting for both MPP and ESOP)

To receive 100% of the shares and options the share price would need to reach 70 pence or more.

To receive

50

% of the shares and options the share price would need to reach

55

pence or more

To receive 25% of the shares and options the share price would need to reach 40 pence.

3. Underpin

If the Group's Remuneration Committee consider that the

vesting outcome calibrated in line with the performance conditions outlined above does not reflect the Group's underlying financial results or if the Committee considers that the financial results have been achieved with excessive risk,

then t

he terms of the plan allow for an underpin to be used to reduce vesting of an award, or to allow the award to lapse in its entirety.
