Cautionary Statement on Forward-Looking Statements.

The discussion in this Report on Form 10-QSB, including the discussion in Item 2 of PART I, contains forward-looking statements that have been made pursuant to the provisions of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements are based on current expectations, estimates and projections about the Company's business, based on management's current beliefs and assumptions made by management. Words such as expects, anticipates, intends, believes, plans, seeks, estimates, and similar expressions or variations of these words are intended to identify such forward-looking statements. Additionally, statements that refer to the Company's estimated or anticipated future results, sales or marketing strategies, new product development or performance or other non-historical facts are forward-looking and reflect the Company's current perspective based on existing information. These statements are not guarantees of future performance and are subject to certain risks, uncertainties and assumptions that are difficult to predict. Therefore, actual results and outcomes may differ materially from what is expressed or forecasted in any such forward-looking statements. Such risks, and uncertainties include those set forth below in Item 1 as well

Edgar Filing: MIRENCO INC - Form 10QSB

as previous public filings with the Securities and Exchange Commission. The discussion of the Company's financial condition and results of operations included in Item 2 of PART I should also be read in conjunction with the financial statements and related notes included in Item 1 of PART I of this quarterly report. These quarterly financial statements do not include all disclosures provided in the annual financial statements and should be read in conjunction with the annual financial statements and notes thereto included in the Company's Form 10KSB for the year ended December 31, 2003 filed on April 14, 2003. The Company undertakes no obligation to update publicly any forward-looking statements, whether as a result of new information, future events or otherwise.

6

MIRENCO, Inc.

NOTES TO FINANCIAL STATEMENTS

March 31, 2003 and 2002

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Company's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Nature of Business

MIRENCO, Inc. (the Company) was incorporated as an Iowa corporation in 1997. The Company is a marketing company that performs testing services and distributes combustion management aftermarket products for which they have exclusive licensing rights. The products primarily reduce emissions and increase vehicle performance.

2. Cash and Cash Equivalents

The Company considers all highly liquid investments to be cash equivalents. Interest income is generated from cash invested in these short-term financial instruments.

3. Revenue Recognition

Revenue is recognized from sales when a product is shipped and from services when they are performed.

4. Inventories

Inventories, consisting of purchased finished goods ready for sale, are stated at the lower of cost (as determined by the first-in, first-out method) or market.

5. Income Taxes

Edgar Filing: MIRENCO INC - Form 10QSB

The Company accounts for income taxes under the asset and liability method where deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates applied to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Deferred tax assets are recognized to the extent management believes that it is more likely than not that they will be realized.

6. Patents and Trademarks

Patents and trademarks are amortized on the straight-line method over their remaining legal lives of approximately 7 years. The company recorded amortization expense of \$245 for each of the three months ended March 31, 2003 and 2002.

7. Property and Equipment

Property and equipment are stated at cost. The Company provides for depreciation on the straight-line method over the estimated useful lives of 3 years for computer equipment, 5 years for manufacturing and test equipment and other equipment, and 39 years for building.

7

MIRENCO, Inc.

NOTES TO FINANCIAL STATEMENTS Continued

March 31, 2003 and 2002

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

8. Impairment of Long-Lived Assets

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the asset exceeds the fair value of the asset.

9. Stock-Based Compensation

Edgar Filing: MIRENCO INC - Form 10QSB

The Company has adopted the disclosure provisions of Statement of Financial Accounting Standards No. 123 (SFAS No. 123), *Accounting for Stock-Based Compensation*, and elected to continue the accounting set forth in Accounting Principles Board Opinion No. 25 (APB No. 25), *Accounting for Stock Issued to Employees*. This opinion requires that for options granted at less than fair market value, a compensation charge must be recognized for the difference between the exercise price and fair market value.

10. *Net Loss Per Share*

Basic net loss per share is calculated on the basis of the weighted-average number of common shares outstanding during the periods, which includes the effects of all stock splits. Net loss per share, assuming dilution, is calculated on the basis of the weighted-average number of common shares outstanding including those shares subject to rescission and the dilutive effect of all potential common stock equivalents. Net loss per share assumes that dilution for the three months ended March 31, 2003 and 2002 is equal to basic net loss per share, since the effect of common stock equivalents outstanding during the periods is antidilutive.

11. *Fair Value of Financial Instruments*

The Company's financial instruments consist of cash, accounts receivable, accounts payable, and accrued expenses. The carrying amounts of financial instruments approximate fair value due to their short maturities.

12. *Royalty Expense*

Royalty expense is recorded and paid based upon the sale of products, services, and rights related to patents according to a contractual agreement.

13. *Advertising*

Advertising costs are charged to expense as incurred and were \$8,037 and \$15,949 for the three months ended March 31, 2003 and 2002, respectively.

14. *Offering Costs*

Specific incremental costs directly attributable to the Company's equity offerings, including advertisements in newspaper, radio and direct mail, letters, printing costs and certain identifiable legal fees, are charged against the gross proceeds of the offerings.

MIRENCO, Inc.

NOTES TO FINANCIAL STATEMENTS Continued

March 31, 2003 and 2002

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES Continued

15. Software Development Costs

The Company capitalizes software development costs when project technological feasibility is established and concludes when the product is ready for release. To date, no amounts have been capitalized. Research and development costs related to software development are expensed as incurred.

16. Research and Development

The Company expenses research and development costs as incurred. Such costs include certain prototype products, test parts, consulting fees, and costs incurred with third parties to determine feasibility of products. Costs incurred for research and development were \$15,701 and \$39,293 for the three months ended March 31, 2003 and 2002, respectively.

17. Other Income

The Company has received New Job Training Grants from the state of Iowa. The grants are distributed from the community college system and repaid to the community colleges through an allocation of state withholding taxes.

18. Accounts Receivable

The Company considers accounts receivable to be fully collectible; accordingly no allowance for doubtful accounts is required. If amounts are believed to be uncollectible, they are charged to operations by the Direct Write Off Method when that determination is made. Any subsequent collections will be recorded as income in the period they are recovered.

19. Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

20. Basis of Presentation

The accompanying financial statements of Mirencos, Inc., included herein are unaudited, but include all adjustments consisting of normal recurring accruals which the Company deems necessary for a fair presentation of its financial position, results of operations and cash flows for the interim period. Such results are not necessarily indicative of results to be expected for the full year. These financial statements do not include all disclosures provided in the annual financial statements and should be read in conjunction with the annual financial statements and notes thereto included in the Company's Form 10K for the year ended December 31, 2002 filed on April 14, 2003.

MIRENCO, Inc.

NOTES TO FINANCIAL STATEMENTS Continued

March 31, 2003 and 2002

NOTE B REALIZATION OF ASSETS

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. However, the Company has incurred and is expected to continue to incur net losses in the future, and it had a stockholders' deficit of \$5,154,708 as of March 31, 2003. If revenues do not increase substantially in the near future, additional sources of funds will be needed to maintain operations. These matters give rise to substantial doubt about the Company's ability to continue as a going concern.

Management and other personnel have been focused on product and service development in lieu of product marketing. In an effort to make the transition from a development stage company to a viable business entity, the Company's management team has explored several market segments relative to the Company's product and service lines over the past 3 years. From that exploration, the Company has decided it is in its best interests to explore the use of existing, well-established distribution channels for marketing and selling the DriverMax® product line. Management also believes a large market exists for the Company's testing services and the information provided by those services. A combination of the products and services has been developed as a long-term program for current and potential customers, particularly in regulated markets. The Company has designed such a program for the school bus fleet in the state of Iowa and is awaiting funding to complete a 5-year contract. Management will focus on the Company's efforts on the sales of products, services, and programs with sensible controls over expenses. Management believes these steps, if successful, will improve the Company's liquidity and operating results, allowing it to continue in existence.

NOTE C STOCK SUBJECT TO RESCISSION OFFER

On August 12, 2000, the Company determined that resales of Iowa-Only Offering Shares by Iowa residents to non-Iowa residents violated certain provisions of the Securities Act of 1933. In response, the Company undertook an offering to rescind the earlier Iowa-Only Offering. As a result, the Iowa-Only Offering Shares, 1,561,248 shares, in the amount of \$7,806,240, were classified as temporary equity.

Once approved for distribution, the Rescission Offer was outstanding from January 26, 2001 to February 26, 2001. During this period Iowa-Only Offering Stockholders had the option to reject the Rescission Offer formally in writing; to take no action within the 30 days, thereby retaining their outstanding Iowa-Only Offering Shares; or to accept the Rescission Offer formally in writing. Seventy-one formal rescission acceptances representing 52,340 shares were received from Iowa-Only Offering Stockholders, resulting in a total of \$276,690 being paid in cash to these stockholders for the return of their original investment plus interest at 8% annually. The maximum obligation under this offer is estimated to be \$8,100,000, including the original investment plus interest at 8% per year. As a result of the rescission, the Company has paid interest in the amount of \$14,990.

As a result of the Rescission Offer, the Company has classified the Iowa-Only Offering Shares and proceeds as temporary equity. These shares will remain in temporary equity until such time as the violations under the securities laws have been cured. Subsequent to the close of the original sale of Iowa-Only Offering Shares, the Company believed that Iowa-Only Offering Stockholders are estopped from arguing injury. However, the Company will continue to be contingently liable to such stockholders during the period covered by the statute of limitations, a period of 3 years from the date of the Rescission Offer. The Company is unable to quantify the amount of such contingent liability. However, any claim must be brought through individual lawsuit; the Company intends to vigorously defend any lawsuit that may be initiated, believing it has valid defenses; and management considers the probability that it will incur any obligation under such contingent liability to be remote. The Company will continue to assess the effect of this contingent liability on its financial statements during the succeeding periods.

Item 2.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

General and Background

We have incurred annual losses since inception while developing and introducing our original products and focusing management and other resources on capitalizing the Company to support future growth. Relatively high management, personnel, consulting and marketing expenditures were incurred in prior years in preparation for the commercialization of our products. We expect distribution, selling, general and administrative expenses to increase directly with sales increases, however, as a percentage of sales, these expenses should decline.

From July 30, 1999 through July 30, 2000, we raised \$7,806,240 from our Iowa-Only Offering. On August 12, 2000, we determined that resales of Iowa-Only shares by Iowa residents to non-Iowa residents violated certain provisions of the Securities Act of 1933. In response, we undertook an offering to rescind the earlier Iowa-Only Offering in an offering effective January 26, 2001. The Rescission Offer terminated on February 26,

Edgar Filing: MIRENCO INC - Form 10QSB

2001 with the result that we refunded 52,340 shares or \$261,700, incurring interest expense of \$14,990. As a result, at March 31, 2003, the 1,508,908 Iowa-Only Offering Shares, in the amount of \$7,544,540, are classified as temporary equity. These shares will remain in temporary equity until such time as the violations under the securities laws have been cured. Subsequent to the close of the Rescission Offer, we believe that Iowa-Only Offering Stockholders are estopped from alleging injury. However, we will continue to be contingently liable to such stockholders during the statute of limitations, a period of three years from the date of the Rescission Offer. We are unable to quantify the amount of any such contingent liability because the claim must be brought through individual lawsuit, which we would vigorously defend with valid defenses, and we consider the probability of any obligation under such contingent liability to be remote. We will continue to assess the effect of this contingent liability on our financial statements during the statute of limitations period.

Liquidity and Capital Resources

Cash and equivalents are currently the Company's substantial source of liquidity. An appraisal of the corporate headquarters building and the land underneath was completed in March, 2003. The changes in Cash and Equivalents for the three months ended March 31, 2003 and 2002 can be reviewed in the Statements of Cash Flows in PART I Item 1 above. During the quarter ended March 31, 2003, revenues of \$11,970 were recognized from the arrangement with the Iowa Foundation for Educational Administration, Inc. for emissions testing services being conducted on the Iowa School Bus fleet. This was substantially less than original revenues expected to be received from this project. The remainder of these revenues were removed from the Company's books by the Direct Write Off method. If any of these revenues are recovered in the future, they will be recorded as revenues in the period recovered. While the amount is difficult to predict, management still anticipates that additional revenue will be realized by year-end from this arrangement.

Since acceptance or the affirmative rejection or failure to respond to the Rescission Offer does not act as a release of claims, eligible Iowa-Only Offering Stockholders who have accepted, rejected, or failed to respond to the Rescission Offer retain any rights of claim they may have under federal securities laws. Any subsequent claims by an Iowa-Only Offering Stockholder are subject to any defenses we may have, including the running of the statute of limitations and/or estoppel. In general, to sustain a claim based on violations of the registration provisions of federal securities laws, the claim must be brought within one year after discovery of the violation upon which the claim is based, in this case, based on the date of the sale (or three years from the date of the original sale of Iowa-Only Offering Shares). Under the principle of estoppel, the person bringing a claim must carry the burden of proof of why he or she took no action under the Rescission Offer and/or how he or she may have been injured.

According to the terms of our purchase agreement with American Technologies to acquire the patents and trademarks, we will pay a 3% royalty of annual gross sales for a period of 20 years, which began November 1, 1999.

Results of Operations

Gross sales for the three months ended March 31, 2003 were \$15,067 or 65% greater than gross sales for the same period one year ago. Increased testing services account for the entire increase in gross revenue. Cost of sales for the three months ending March 31, 2003 were 29% of gross revenues while cost of sales for the same period in 2002 were 68% of gross revenue. This reduction was the result of costs of the emissions testing program being expensed in prior periods. Management continues to search for effective methods of selling and distributing our products and services.

Edgar Filing: MIRENCO INC - Form 10QSB

A total of 16 individuals were employed with the Company at March 31, 2003 compared to 14 at March 31, 2002 causing an increase of \$23,372 in salaries and wages expense for the three months ended March 31, 2003 over the same period a year ago. The increases in personnel were directly related to the testing services offered by the Company.

Royalty expense for the three months ended March 31, 2003 and 2002 was 3% of sales calculated per the patent purchase agreement with American Technologies.

Marketing and advertising expenses have been lower during the three months ended March 31, 2003 compared to the three months ending March 31, 2002. The Company has reduced its direct advertising activity to concentrate on a direct sales approach for its testing and product application program.

A comparative breakdown of Other general and administrative expenses per the Statements of Operations included in PART I Item 1 above is as follows:

	Three months ended March 31, 2003	Three months ended March 31, 2002	Note
Depreciation and amortization	\$ 20,266	\$ 21,077	1
Insurance	16,228	10,276	2
Professional fees	51,112	38,062	3
Office expenses	11,507	11,473	4
Research and development	15,701	39,923	5
Travel	20,666	27,386	
Utilities	17,973	17,424	1
	<u> </u>	<u> </u>	
Total general and administrative expenses	\$ 153,453	\$ 165,621	

1 Depreciation and amortization expense were comparable to same period in the prior year.

2 The increase in insurance expense is primarily due to the addition of product liability coverage and increases in general rates. Rates for this type of coverage have increased nationwide over the past year.

3 The legal and accounting expenses incurred during the first quarter of 2003 were higher than the first quarter of 2002 primarily due to outsourcing general accounting services which were previously included in salary expense

4 Office expenses were comparable for the quarters ended March 31, 2003 and 2002

Edgar Filing: MIRENCO INC - Form 10QSB

5 Research and Development costs decreased because in the quarter ended March 31, 2002, the Company acquired equipment and supplies to implement the testing program as well as continue to develop the Econo Cruise® product.

Interest income continues to decline with decreasing Cash and Equivalent balances and low certificate of deposit interest rates.

Interest expense for the three months ending March 31, 2003 and 2002 relate to the financing of the purchase of Company vehicles from the majority shareholder as described above under Liquidity and Capital Resources.

12

Recent Accounting Pronouncements

In August 2001, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. SFAS No. 144 supercedes SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of. SFAS No. 144 establishes a single accounting model for long-lived assets to be disposed of by sale and requires that those long-lived assets be measured at the lower of carrying amount or fair value less cost to sell, whether reported in continuing operations or in discontinued operations. SFAS No. 144 is effective for fiscal years beginning after December 15, 2001. The Company had its building appraised in March, 2003. As a result of the appraisal, the Company recognized an impairment on the carrying value of its building of \$676,545 in the year ended December 31, 2002.

Item 3.

CONTROLS AND PROCEDURES

An evaluation of the Company's disclosure controls and procedures and internal controls and procedures was performed on May 12, 2003. Based on that review, management concludes that the Company's disclosure controls and procedures adequately ensure that information required to be disclosed by the Company in the reports that it files or submits under the Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. There have been no significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the evaluation date. There have been no corrective actions with regard to significant deficiencies and material weaknesses since the evaluation date.

CERTIFICATIONS

1. I have reviewed this quarterly report on Form 10-QSB of Mirencos, Inc.;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and have:

Edgar Filing: MIRENCO INC - Form 10QSB

(a) designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;

(b) evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the Evaluation Date); and

(c) presented in this quarterly report are our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;

5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent function)

(a) all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and

(b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and

6. The registrant's other certifying officers and I have indicated in this quarterly report whether there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.

Date: May 14, 2003
