Item 5. Other Events.

In connection with a routine regulatory examination, Citizens Financial Bank, Inc. (the Bank or Citizens Financial) has entered into a memorandum of understanding between the Regional Director of the Federal Deposit Insurance Corporation, Chicago Region (the Regional Director) and the Commissioner of the Kentucky Department of Financial Institutions (the Commissioner). The registrant, Harrodsburg First Financial Bancorp, Inc (Harrodsburg), owns a majority interest in the Bank.

The understanding was signed on September 16, 2003 (the Effective Date) and will, among other things, place a restriction on the Bank's asset growth. Pursuant to the understanding, the Bank may not increase its total assets by more than 5% during any consecutive three-month period without first providing at least 30 days advance written notice to the Regional Director and the Commissioner. Additionally, among other things, the understanding requires the Bank to revise certain of its loan policies and review procedures. The restriction on the Bank's asset growth is effective immediately and the revision of certain of the Bank's loan policies and review procedures must be completed within 60 days from the Effective Date.

Citizens Financial is a de novo Kentucky-chartered commercial bank located in Glasgow, Kentucky that commenced operations in July 2001. The Bank is a well-capitalized institution and the understanding does not result in any interruption of the Bank's day-to-day operations. Additionally, the Bank is taking immediate action to comply with the understanding. Harrodsburg does not believe the understanding will have a material impact upon its consolidated financial statements.

Statements contained in this Form 8-K, which are not historical facts, are forward looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. Such forward-looking statements are subject to risks and uncertainties which could cause actual results to differ materially from those currently anticipated due to a number of factors, including, but not limited to actions of regulatory authorities in connection with the Bank's matter of understanding and other factors discussed in documents filed by the Company with the Securities and Exchange Commission from time to time.
