Explanatory Note

This Amendment No. 2 on Form 8-K/A to the Aleris International, Inc. (*Aleris*) Current Report on Form 8-K originally filed on December 14, 2004, as amended by Amendment No. 1 on Form 8-K/A filed on February 4, 2005, is being filed solely to provide updated pro forma statements of operations related to the merger of Commonwealth Industries, Inc. (*Commonwealth*) into an indirect wholly-owned subsidiary of Aleris. The pro forma statements of operations have been revised to eliminate the historical impact of Commonwealth's accounting for substantially all of its inventory under the last-in first-out (*LIFO*) inventory method, because this method of accounting has not historically been used, and will not be used, by Aleris. This Amendment No. 2 also provides an updated estimate of the incremental depreciation expense associated with the write-up of acquired fixed assets to fair value.

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

The following unaudited pro forma condensed combined financial statements as of September 30, 2004 and for the year ended December 31, 2003 and the nine months ended September 30, 2004 are presented to give effect to the December 2004 merger involving Aleris International, Inc. (formerly IMCO Recycling Inc.) and Commonwealth Industries, Inc. and to reflect the combination of the consolidated historical financial data of Aleris and Commonwealth. Upon the effectiveness of the merger, each outstanding share of Commonwealth stock (except those shares owned directly or indirectly by Commonwealth or Aleris) was converted into 0.815 of a share of Aleris common stock.

The following unaudited pro forma condensed combined financial statements have been derived from the historical financial statements of Aleris and Commonwealth. The unaudited pro forma condensed combined financial statements should be read in conjunction with:

Aleris' historical audited consolidated financial statements for the year ended December 31, 2003 and unaudited consolidated financial statements as of and for the nine months ended September 30, 2004, as included in Aleris' Annual Report on Form 10-K for the fiscal year ended December 31, 2003, as amended by Form 10-K/A filed with the Securities Exchange Commission and in Aleris Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2004; and

Commonwealth's historical audited consolidated financial statements for the year ended December 31, 2003, and unaudited condensed consolidated financial statements as of and for the nine months ended September 30, 2004, both incorporated by reference in this current report.

The unaudited pro forma condensed combined balance sheet is derived from the historical unaudited consolidated balance sheets of Aleris and Commonwealth as of September 30, 2004 and is presented as if the merger had occurred on September 30, 2004. The unaudited pro forma condensed combined statements of operations were derived from the historical consolidated statements of operations of both Aleris and Commonwealth assuming the merger had occurred on January 1, 2003.

The unaudited pro forma condensed combined financial statements are prepared for illustrative purposes only, and are not necessarily indicative of the operating results or financial position that would have occurred if the merger had been consummated at the beginning of the periods or the dates indicated, nor are they necessarily indicative of any future operating results or financial position. The unaudited pro forma condensed combined financial statements do not include any adjustments related to any restructuring charges, profit improvements, potential cost savings or one-time charges which may result from the merger or the result of final valuations of certain tangible and intangible assets and liabilities.

The accompanying unaudited pro forma condensed combined financial statements also reflect the financing transactions related to the merger (including Aleris' November 2004 sale and issuance of its 9% senior notes) as if they had occurred on January 1, 2003 for results of operations data, and on September 30, 2004 for balance sheet data.

Table of Contents**Notes to Unaudited Pro Forma Condensed Combined Balance Sheet****(All dollar amounts, except per-share amounts, are in thousands)**

The unaudited pro forma condensed combined balance sheet reflects the following pro forma adjustments and Aleris preliminary purchase price allocation as further described below:

A) To reflect the elimination of outstanding accounts receivables and payables between Aleris and Commonwealth.

B) To record the purchase price of net assets acquired as follows:

Estimated fair value of Aleris common shares (based on the average closing price of Aleris common stock two days prior and two days following announcement of the merger on June 17, 2004) issued in exchange for outstanding Commonwealth common stock, resulting in the issuance of 13,608,335 Aleris shares	\$ 171,002

Table of Contents

Based upon currently available information, we do not believe that the allocation of the purchase price paid to assets acquired and liabilities assumed will result in the recognition of additional goodwill on the Aleris consolidated balance sheet. However, valuations of inventories and property, plant and equipment and the determination of deferred income taxes related to adjustments to record the acquired assets and assumed liabilities have not been finalized.

C) To reflect the adjustment to increase Commonwealth's inventories to their estimated fair values.

D) To reflect the adjustment to increase Commonwealth's property, plant and equipment to its estimated fair value.

E) To reflect estimated direct costs of the acquisition.

F) To reflect the adjustment to increase the liability for pension benefits to the estimated fair value of Commonwealth's pension obligation assumed by Aleris and to eliminate Commonwealth's intangible pension asset.

G) To reflect the adjustment to reduce the liability for accrued post retirement benefits to the estimated fair value of the post retirement benefit obligations assumed by Aleris.

H) To record adjustments to common stock as follows:

To eliminate Commonwealth's common stock balance	\$ (166)
To reflect the incremental shares of Aleris common stock issued for the acquisition (13,608,335 shares at \$.10 par value)	1,361
	<u> </u>
Total pro forma adjustments to common stock	<u>\$ 1,195</u>

I) To record adjustments to additional paid-in-capital as follows:

To eliminate Commonwealth's additional paid-in-capital	\$ (410,103)
To record the estimated fair value (in excess of par) of the 13,608,335 shares of Aleris common stock issued for the acquisition	169,641
To record the estimated fair value of Aleris stock options exchanged for Commonwealth stock options	5,181
	<u> </u>
Total pro forma adjustment to additional paid-in-capital	<u>\$ (235,281)</u>

Table of Contents

J) To record adjustments to deferred compensation as follows:

To eliminate Commonwealth's deferred compensation balance	\$ 2,058
To record the intrinsic value of Commonwealth's unvested stock options and restricted stock as of the merger date	(3,934)
	<hr/>
Total pro forma adjustment to deferred compensation	\$ (1,876)
	<hr/>

K) To eliminate Commonwealth's accumulated deficit and accumulated other comprehensive loss balances.

L) To reflect the estimated liability for severance and other obligations related to Commonwealth employees to be terminated or relocated and change of control payments to Commonwealth executives paid at the closing of the merger.

M) To reflect the adjustment to write off Commonwealth's deferred financing costs, since all of Commonwealth's financing arrangements were refinanced and terminated as required by the merger agreement.

N) To reflect the financing transactions. The following adjustments have been reflected in the accompanying pro forma unaudited condensed combined financial statements to reflect the financing transactions:

1) An adjustment to reflect the purchase of \$50,000 of accounts receivable outstanding under Commonwealth's receivables purchase agreement that are required to be repurchased to terminate that agreement.

2) An adjustment to reclassify Commonwealth's net residual interest in receivables sold of \$91,140 to accounts receivable.

3) An adjustment to reflect a reclassification to long-term borrowings of the accrued interest on Commonwealth's senior subordinated notes that were redeemed, in the amount of \$6,719.

4) An adjustment to reclassify \$10,629 outstanding under Aleris' senior credit facilities to long-term debt, since Aleris obtained long-term financing to refinance these obligations.

5) An adjustment to reflect the costs to be incurred by Aleris related to the financing transactions, which are currently estimated to be \$10,220. This adjustment

Table of Contents

has been reflected as an increase to other non-current assets and an increase in long-term debt in the accompanying unaudited pro forma condensed combined balance sheet.

As a result of these adjustments, current maturities of long-term debt are estimated to decrease by \$10,600 and long-term debt is estimated to increase by \$77,539.

A comparison of Aleris and Commonwealth debt outstanding as of September 30, 2004 on a historical basis and on a pro forma basis, reflecting the financing transactions described above, is as follows:

Aleris and Commonwealth Historical Debt Outstanding as of September 30, 2004:

-
- (1) In October 2004, an additional series of \$5.0 million in industrial revenue bonds was issued by Aleris, carrying a variable interest rate and maturing in 2029.
 - (2) In connection with the financing transactions, Commonwealth was required to purchase its receivables previously sold under its receivables purchase facility, and terminate that facility. At September 30, 2004, \$50,000 was outstanding under the receivables purchase facility and was assumed to be purchased via funding from the amended and restated senior credit facility.

Notes to Unaudited Pro Forma Condensed Combined Statements of Operations

(All dollar amounts, except per share amounts, are in thousands)

The unaudited pro forma condensed combined statements of operations reflect the following pro forma adjustments as further described below:

A) Pro forma combined basic and diluted shares include adjustments to reflect the impact of the exchange ratio of 0.815 of a share of Aleris common stock for each share of outstanding Commonwealth common stock and the impact of Aleris stock options exchanged for outstanding Commonwealth stock options.

B) To reflect the incremental depreciation expense on the write-up of property, plant and equipment based upon preliminary appraised values and useful lives.

C) To reflect the estimated incremental interest expense resulting from the financing transactions.

D) To eliminate revenues and cost of sales between Aleris and Commonwealth.

E) Substantially all of Commonwealth's operations are in the United States. Commonwealth recorded income before taxes of \$257 for the year ended December 31, 2003 with income tax expense of \$115. For the year ended December 31, 2003, Aleris recorded a benefit for income taxes of \$1,244, which consisted of federal and state income tax benefits of \$7,904 and a provision for foreign income taxes of \$6,660.

For the nine months ended September 30, 2004, Commonwealth recorded a loss before taxes of \$20,122, with income tax expense of \$130. During the nine months ended September 30, 2004, as a result of higher interest expense and payments for departing executives, Aleris reported net operating losses for U.S. federal income tax purposes. Aleris recognized deferred tax benefits related to these net operating losses for U.S. federal income tax purposes, but did not recognize deferred state income tax benefits.

No additional tax effect has been reflected in the pro forma condensed combined statement of operations for the year ended December 31, 2003 or the nine months ended September 30, 2004 due to the uncertainty as to whether the deferred tax assets related to the pro forma adjustments would be realized by the combined company.

We are in process of evaluating our ability to realize the benefit of the net operating loss carryforward of Commonwealth acquired in the acquisition, as well as other acquired temporary differences. As a result, the accompanying pro forma balance sheet does not reflect any adjustment related to the historical deferred income taxes of Aleris or Commonwealth.

Table of Contents

F) The following special items were recorded by Aleris during the year ended December 31, 2003: (a) write-off of deferred charges associated with the establishment in 2003 of Aleris revolving credit facility of \$753 in conjunction with the refinancing of almost all of its debt in the fourth quarter of 2003; (b) impairment of certain of its assets resulting in non-cash charges totaling \$5,905; and (c) an unrealized foreign currency gain of \$1,880 recognized on the intercompany note from VAW-IMCO. During the nine months ended September 30, 2004, Aleris incurred expenses amounting to \$3,665 related to the departure of its former chairman of the board, president and chief executive officer. These expenses included a cash severance payment of \$1,500, expenses from the vesting of this individual's restricted stock awards, and certain legal expenses associated with his departure.

Commonwealth recorded a \$29,600 non-cash goodwill impairment charge and a \$2,516 curtailment gain related to its other post-employment benefit plan during the year ended December 31, 2003. During the nine months ended September 30, 2004 Commonwealth recorded the following special items: (a) severance and professional fees in relation to the merger with Aleris of \$13,726; and (b) closure expenses for the King's Mountain, North Carolina tube facility of \$7,062.

Aleris expects to incur additional charges associated with combining the operations of the two companies. These costs, which are not included in the amounts shown above, are anticipated to be approximately \$11 million during the fourth quarter of 2004 and include severance and other costs related to the combined company's restructuring plans.

G) To reflect the impact of conforming Commonwealth's method of accounting for inventory with Aleris' method. Commonwealth had applied the LIFO method to value its inventories while Aleris has applied the average cost and specific identification methods.
