Item 2.02 Results of Operations and Financial Condition.

The information included under Item 8.01 below of this current Report is incorporated by reference herein.

Item 8.01 Other Events.

On December 21, 2005, Convergys Corporation (NYSE: CVG) announced that it expects fourth quarter income from operations, excluding additional severance, to be in line with previous guidance. Convergys now expects earnings for the fourth quarter of 2005 to be approximately \$0.14 per diluted share due to two non-operating items and additional severance expense. Convergys reaffirms earnings guidance for 2006 of at least \$1.07 per share.

Reported fourth quarter earnings will differ from previous guidance due to the tax impact of foreign cash repatriations, adjustments to Convergys' cellular partnership results, and additional severance expense, as discussed below. In 2006, additional benefits from severance will partially offset the less than anticipated contribution from the cellular partnership.

By December 31, 2005, Convergys will complete its foreign cash repatriations of approximately \$187 million in cash, inclusive of dividends under the American Jobs Creation Act. The impact from repatriating funds was not included in previous guidance. Convergys expects this will result in additional income tax expense of approximately \$11 million, or \$0.08 per share.

Convergys has a minority interest in the Cincinnati SMSA Limited Partnership (the Partnership), a provider of wireless communications in central and southwestern Ohio and northern Kentucky. The general partner of the Partnership recently notified Convergys that fourth quarter results will include accounting adjustments that will cause a loss to be reported in the quarter. In previous guidance, Convergys expected Partnership pre-tax earnings of \$5 million to \$7 million for the fourth quarter. Convergys expects that previous guidance will now be negatively impacted by approximately \$13 million, or \$0.06 per share.

As a result of continuing efforts, Convergys has identified additional opportunities to improve operations and to reduce costs. Annualized savings from fourth quarter severance actions are now expected to increase to approximately \$20 million beginning in 2006. Rather than the \$8 million severance estimated previously, total pre-tax severance in the fourth quarter is expected to be \$13 million. The additional \$5 million in severance will impact earnings by approximately \$0.02 per share in the fourth quarter of 2005.

Therefore, rather than the \$0.30 per share guidance provided in October, Convergys now expects earnings in the fourth quarter of 2005 to be \$0.14 per diluted share.
