Item 1.01 Entry into a Material Definitive Agreement

Effective as of April 28, 2006, Star Gas Partners, L.P., a Delaware limited partnership (the Partnership), completed a strategic recapitalization (the recapitalization) of the Partnership pursuant to the terms of that certain unit purchase agreement dated as of December 5, 2005, as amended (the unit purchase agreement), by and among the Partnership, Star Gas LLC (Star Gas), Kestrel Energy Partners, LLC (Kestrel), Kestrel Heat, LLC (Kestrel Heat or the general partner) and KM2, LLC (M2). In connection with the recapitalization:

The Partnership received an aggregate of \$57.7 million in new equity financing (i) through the sale of an aggregate of 6,750,000 common units to Kestrel Heat and M2 at a purchase price of \$2.50 per unit (the Kestrel Units) and (ii) pursuant to the sale of 19,687,500 common units in a rights offering to common unitholders at a subscription price of \$2.00 per common unit (\$2.25 per unit in the case of units purchased by M2 pursuant to a standby commitment).

The Partnership (i) repurchased \$65.3 million in face amount of its 10¹/₄% senior notes due 2013 (the existing notes), (ii) converted \$26.9 million in face amount of existing notes into 13,433,962 common units at a conversion price of \$2.00 per unit and (iii) exchanged \$165.3 million in principal amount of existing notes for a like amount of new 10¹/₄% senior notes due 2013 that were issued under an indenture dated as of April 28, 2006 (the new indenture), as to which the Union Bank of California is the trustee. The terms of the new indenture are substantially the same as the terms of the indenture (the existing indenture) under which the existing notes were issued, except that the new indenture provides for a restricted payments basket of \$22 million and a basket for acquisitions of \$60 million and provides that proceeds of asset sales may not be invested in current assets for purposes of the asset sale covenant. The repurchase, conversion and exchange of the existing notes in connection with the recapitalization has resolved any claims of the participating noteholders resulting from the sale of the Partnership's propane business in December 2004, including the Partnership's use of such proceeds to purchase working capital inventory and Star Gas Partners' determination that excess proceeds (as defined in the existing indenture) shall not include any amounts invested in such inventory and the granting of liens or collateral to the lenders pursuant to the credit facility.

The Partnership also entered into an amended and restated indenture (the amended indenture) for the \$7.6 million in face amount of existing notes that remain outstanding that removed the following restrictive covenants from the existing indenture:

the limitation on restricted payments;

the limitation on dividends and other payment restrictions affecting restricted subsidiaries;

the limitation on indebtedness;

the limitation on transactions with affiliates;

the limitation on liens;

the limitation on the sale of assets;

the limitation on sale and leaseback transactions;

the limitation on other lines of business; and

the limitation on co-issuers.

The Partnership entered into a second amended and restated agreement of limited partnership of the Partnership (the amended partnership agreement) pursuant to which, among other things:

Star Gas withdrew as the general partner of the Partnership, and Kestrel Heat was appointed the general partner of the Partnership and received 325,729 general partner units in the Partnership;

each outstanding senior subordinated unit and each junior subordinated unit was converted into one common unit, as a result of which the subordination period has ended;

the minimum quarterly distribution on the common units was reduced from \$0.575 per unit per quarter, or \$2.30 per year, to \$0.0675 per unit through September 30, 2008. Beginning October 1, 2008, minimum quarterly distributions will start accruing at a rate of \$0.0675 per quarter (\$0.27 on an annual basis). If the Partnership elects to commence making distributions of available cash before October 1, 2008, minimum quarterly distributions will start accruing at that earlier date;

all previously accrued cumulative distribution arrearages, which aggregated \$111.0 million at February 14, 2006, were eliminated;

the target distribution levels for the incentive distribution rights were reduced so that, commencing with the quarter beginning October 1, 2008, or, if the Partnership elects to commence making distributions sooner, the quarter in which any distribution of available cash is made, the new general partner units in the aggregate will be entitled to receive 10% of the cash distributions in a quarter once each common unit and general partner unit has received \$.0675 for that quarter, plus any arrearages on the common units from prior quarters, and 20% of the cash distributions in a quarter once each common unit and general partner unit has received \$.1125 for that quarter, plus any arrearages on the common units from prior quarters;

the Partnership is not required to distribute available cash through the quarter ending September 30, 2008; and

The descriptions of the new indenture, the amended indenture and the amended partnership agreement that are contained in this Form 8-K are qualified in their entirety to the text of the actual agreements that are filed as exhibits hereto.

Item 3.02 Unregistered Sales of Equity Securities

In connection with the recapitalization, the Partnership sold Kestrel Heat and M2 the Kestrel Units and M2 an additional 5,972,523 common units at \$2.25 per unit, pursuant to M2's standby commitment to purchase all common units that were not subscribed for in the Partnership's rights offering to common unitholders (the Standby Units). The Kestrel Units and the Standby Units were issued in reliance upon an exemption from the registration requirements of the Securities Act of 1933, as amended (the Act) pursuant to Section 4(2) thereof.

The Partnership also issued 13,433,940 common units upon conversion of \$26.9 million in face amount of existing notes at a conversion price of \$2.00 per unit and 3,737,346 common units upon the conversion of each outstanding senior subordinated unit and junior subordinated units into common units, in each case in reliance upon an exemption from the registration requirements of the Act pursuant to Section 3(a)(9) thereof.

Item 3.03 Material Modifications to Rights of Securityholders

The terms of the common units have been modified in connection with the adoption of the amended partnership agreement on April 28, 2006. A summary of the modifications is set forth above in Item 1.01, which is incorporated herein by this reference.

Item 5.01 Changes in Control of Registrant

Effective as of April 28, 2006, Star Gas withdrew as the general partner of the Partnership and Kestrel Heat became the general partner of the Partnership, in accordance with the terms of the unit purchase agreement.

Kestrel Heat, as the general partner of the Partnership, oversees the activities of the Partnership. Unitholders do not directly or indirectly participate in the management or operation of the Partnership or elect the directors of the general partner. The Board of Directors of the general partner has adopted a set of Partnership Governance Guidelines in accordance with the requirements of the New York Stock Exchange. A copy of these Guidelines is available on the Partnership's website at www.Star-Gas.com.

In connection with the closing of the unit purchase agreement, Kestrel's subsidiaries, Kestrel Heat and M2, purchased the Kestrel Units and M2 purchased the Standby Units. The funds for the purchase of units by Kestrel Heat and M2 were supplied by capital contributions to Kestrel made by its members.

Immediately following the closing of the unit purchase agreement, Kestrel Heat and its affiliates owned an aggregate of 12,803,128 common units, representing 16.9% of the issued and outstanding common units, and Kestrel Heat owned 325,729 general partner units.

Kestrel Heat is wholly-owned by Kestrel. Kestrel appoints all of the directors of Kestrel Heat. Kestrel is a private equity investment partnership formed by Yorktown Energy Partners VI, L.P. (Yorktown), Paul A. Vermynen and other investors.

Compensation of the Board of Directors

Each non-management director receives an annual fee of \$27,000 plus \$1,500 for each regular meeting attended and \$750 for each telephonic meeting attended. The Chairman of the Audit Committee receives an annual fee of \$12,000 while other Audit Committees members receive an annual fee of \$6,000. Each member of the Audit Committee receives \$1,500 for every regular meeting attended and \$750 for every telephonic meeting attended. The Non-Executive Chairman of the Board receives an annual fee of \$120,000.

Committees of the Board of Directors

Kestrel Heat's Board of Directors has one standing committee, the Audit Committee. The members of such committee are appointed by the Board of Directors for a one-year term and until their respective successors are elected.

Audit Committee

William P. Nicoletti, Henry D. Babcock and C. Scott Baxter have been appointed to serve on the Audit Committee of the general partner's Board of Directors. Kestrel Heat's Board of Directors has adopted an Audit Committee Charter. A copy of this charter is available on the Partnership's website at www.Star-Gas.com. The Audit Committee reviews the external financial reporting of the Partnership, selects and engages the Partnership's independent registered public accountants and approves all non-audit engagements of the independent registered public accountants.

Members of the Audit Committee may not be employees of Kestrel Heat or its affiliated companies and must otherwise meet the New York Stock Exchange and SEC independence requirements for service on the Audit Committee. The Board of Directors has determined that Messrs. Nicoletti, Babcock and Baxter are independent directors in that they do not have any material relationships with the Partnership (either directly, or as a partner, shareholder or officer of an organization that has a relationship with the Partnership) and they otherwise meet the independence requirements of the NYSE and the SEC. The Partnership's Board of Directors has also determined that at least one member of the Audit Committee, Mr. Nicoletti, meets the SEC criteria of an audit committee financial expert.

Reimbursement of Expenses of the General Partner

The general partner does not receive any management fee or other compensation for its management of the Partnership. The general partner is reimbursed for all expenses incurred on behalf of the Partnership, including the cost of compensation, which is properly allocable to the Partnership. The Partnership's partnership agreement provides that the general partner shall determine the expenses that are allocable to the Partnership in any reasonable manner determined by the general partner in its sole discretion. In addition, the general partner and its affiliates may provide services to the Partnership for which a reasonable fee would be charged as determined by the general partner.

Non-Management Directors

The non-management directors on the Board of Directors of the general partner are Messrs. Babcock, Baxter, Lawrence, Lubar, Nicoletti and Vermynen. The non-management directors have selected Mr. Vermynen to serve as lead director to chair executive sessions of the non-management directors. Unitholders interested in contacting the non-management directors as a group may do so by contacting Paul A. Vermynen, Jr. c/o Star Gas Partners, L.P., 2187 Atlantic Street, Stamford, CT 06902.

Interests of the Kestrel Heat Directors in the Recapitalization

Kestrel will have the ability to elect the Board of Directors of Kestrel Heat, including Messrs. Vermynen, Lawrence and Lubar. Messrs. Vermynen, Lawrence and Lubar are also members of the board of managers of Kestrel and, either directly or through affiliated entities, own equity interests in Kestrel. Kestrel owns all of the issued and outstanding membership interests of Kestrel Heat and M2. Kestrel Heat and M2 purchased the Kestrel Units as a result of the recapitalization, and M2 purchased the Standby Units.

Mr. Babcock individually owns 35,000 common units which he owned prior to becoming a director of Kestrel Heat, and 6,121 additional common units he acquired upon exercise of rights in the rights offering. On April 26, 2006, Mr. Vermynen contributed 50,000 common units that he owned prior to the commencement of the negotiation of the recapitalization to Kestrel and, subject to the closing of the rights offering an additional 30,605 common units acquired upon exercise of the rights, in exchange for additional membership interests in Kestrel. Kestrel, in turn, contributed the 80,605 common units to M2.
