The Schedule 13D filed on August 22, 2006 by Flagg Street Capital LLC, a Delaware limited liability company (the Flagg Street General Partner), relating to the shares of common stock, \$0.01 par value per share (the Shares), of Talk America Holdings, Inc. (the Issuer) as amended by Amendment No. 1, is hereby amended by this Amendment No. 2 to the Schedule 13D.

Flagg Street sent the following letter to the Board of Directors of the Issuer on September 27, 2006. Flagg Street is seriously concerned that the price proposed in the transaction with Cavalier Telephone Corporation does not reflect the best possible price reasonably available.

Re: Proposed Acquisition of Talk America Holdings, Inc. (Talk America or the Company) by Cavalier Telephone Corporation (Cavalier)
Board of Directors

Talk America Holdings Inc.

12020 Sunrise Valley Drive

Suite 250

Reston, VA 20191

Attention: Edward Meyercord

Gentlemen:

We are writing to you in connection with the announcement last Friday that you entered into an agreement for Talk America to be acquired by Cavalier for \$8.10 per share in cash. In this respect, we wish to note at the outset that we agree with the conclusion implicit in that announcement that a sale of Talk America at this time is the best alternative for maximizing value for shareholders. However, we are seriously concerned that the proposed transaction with Cavalier does not reflect the best possible price reasonably available, and we are confident that other large shareholders share our concerns. We therefore look forward to a sale of the Company at a price that does reflect its full and fair value, whether to Cavalier or another buyer.

We also note that we filed a Schedule 13D on August 22nd and thereafter discussed with management whether Talk America should add a stockholder representative to its Board of Directors in order to ensure that maximizing shareholder value was the sole motivation in agreeing to any sale and that shareholder interests were otherwise observed; yet you nevertheless proceeded to announce a deal before you provided any formal response to our stated concerns. We therefore wish to ensure that this transaction is in your stockholders' interests and represents the highest price reasonably attainable for the Company.

Our concerns in relation to the Cavalier transaction include whether:

the price proposed to be paid actually reflects the fair value of the Company. We estimate that the proposed merger values Talk America at approximately 3x pro forma EBITDA (including synergies). By comparison, recent acquisitions in the CLEC space have been completed at 9-12x pro forma EBITDA;

you ran a fair process in which a special committee of the Board of Directors consisting of only independent directors negotiated the transaction on behalf of Talk America and other Delaware law considerations outlined in Unocal, Revlon and their progeny were observed (or you have legally sufficient reasons why no such process was run);

you ran a comprehensive sale process in which you contacted the full range of buyers that are likely to be interested in acquiring the Company and would be able to pay the best price, including granting them reasonably adequate time and access to information to formulate an offer;

the Company was actively shopped before entering into the merger agreement; or, if not, that there were value-maximizing reasons not to do so, as well as why the merger agreement does not contain a so-called go-shop provision during which go-shop period only a substantially reduced break-up fee would be payable if a higher bid were to emerge;

(1) you will be filing a Rule 13E-3 Transaction Statement in relation to the proposed merger and making all of the additional disclosures that are required in relation such a go-private transaction, including detailed disclosure of the projections on which Cavalier based its price, or (2) you have an adequate explanation as to why no such filing is required;

the Board was incentivized to seek the highest possible price despite the lack of shareholder representation as noted above. In addition, we remain concerned that potential conflicts may exist in the form of: (1) the change of control and other payments and benefits that will accrue to the Company's senior management by virtue of the transaction, and (2) the deal struck by Talk America's CEO to become CEO of Cavalier at closing of the transaction, including the financial and equity incentives to be granted to him by Cavalier (and to any other members of the Company's senior management or the Board); and

a significant portion of the fees payable to Blackstone in exchange for its services are structured as success and/or opinion fees contingent on completion of the deal and delivery of its fairness opinion, particularly given our concerns about the deficiency of the proposed price.

We realize that Talk America has not yet filed a copy of its proxy statement which will include more details about the transaction. As such, we will reserve judgment on a number of issues (including the questions outlined above) until we get this additional information.

Should you wish to discuss any of these issues or the transaction generally, please feel free to give me a call.

Best regards,

/s/ Jonathan Starr

Each of the Flagg Street General Partner and the Flagg Street Individual Reporting Person hereby disclaims any beneficial ownership of any such Shares.

Item 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer

Item 6 is hereby amended and restated as follows:

Each of FSP and FSPQ entered into cash-settled equity-based swap agreements on July 18, 2005 (reset on August 18, 2006) with an independent bank counterparty based on the value of a specified number of notional Shares (the *Basket*). The Reporting Persons entered into the swap agreements under the market conditions existing at that time, and such decision to enter into those arrangements should not be read to reflect the Reporting Persons' current investment views with respect to the Shares.

Pursuant to the terms of each swap contract, if the per share price of the Shares is less than \$5.77 (the *Price*) as of the payment date, the bank counterparty must pay the respective Flagg Street Counterparty the product of (a) the number of shares in the *Basket* on the payment date, multiplied by (b) the current market price per share on the payment date, less the *Price* per share, subject to set off versus such Flagg Street Counterparty's payment obligation.

In the event that the per share price of the Shares is more than the *Price* as of the payment date, the respective Flagg Street Counterparty must pay the bank counterparty the product of (a) the number of shares in the *Basket* on the payment date, multiplied by (b) the *Price* per share, less the current market price per share on the payment date. Each Flagg Street Counterparty will receive from the bank counterparty during the term of the swaps an amount equal to the product of (a) the number of reference shares in the *Basket*, multiplied by (b) the *Price*, multiplied by (c) an annual rate of interest of the one month libor rate minus 125 basis points, subject to set off versus the bank counterparty's payment obligation.

Each swap is scheduled to terminate on September 20, 2007. During the term of the swaps, the respective Flagg Street Counterparty must pay any dividends or other proceeds that are otherwise payable in respect of the Shares based on the number of Shares in the *Basket*.

The Flagg Street Counterparties do not have the right to vote any of the Shares or dispose of any Shares pursuant to any swap agreement, and the swap counterparties are under no obligation to purchase, sell or hold any Shares.

FSPQ terminated its cash-settled equity-based swap agreement on September 13, 2006 at a price of \$5.65 per Share relating to an aggregate of 48,640 Shares.

After giving effect to the swap transactions described above, Flagg Street Partners LP is a party to a swap contract relating to an aggregate of 111,360 Shares.

Except for the Agreements described above, to the best knowledge of the Reporting Persons, there are no contracts, arrangements, understandings or relationships (legal or otherwise), including, but not limited to, transfer or voting of any of the securities, finder's fees, joint ventures, loan or option arrangements, puts or calls, guarantees of profits, division of profits or loss, or the giving or withholding of proxies, between the persons enumerated in Item 2, and any other person, with respect to any securities of the Issuer, including any securities pledged or otherwise subject to a contingency the occurrence of which would give another person voting power or investment power over such securities other than standard default and similar provisions contained in loan agreements.
