EXPLANATORY NOTE

Subsequent to our issuance of condensed consolidated financial statements for the quarter ended April 1, 2007, and in the course of preparing the condensed consolidated financial statements for the quarter ended July 1, 2007, we identified an error in the accounting for the purchase of certain rights from Hotel Restaurant Properties, Inc. and affiliates. We originally accounted for the entire purchase price as a non-current asset attributable to a non-compete agreement included in the purchase agreement, with the asset being amortized ratably over the life of the non-compete agreement. We subsequently concluded that the entire purchase price should have been treated as a contract termination cost and expensed during the quarter ended September 24, 2006.

In addition, we are correcting other immaterial errors, identified during 2007, arising from 1) the expensing during the quarter ended April 1, 2007 of pre-opening costs related to the opening of one of our restaurants and bonus accruals, both of which should have been expensed in 2006 and 2) the recognition of incentive fee revenue earned but not previously recorded in 2006.

In order to correct these errors, we are restating our condensed consolidated financial statements for the three months ended April 1, 2007, and we have restated our condensed consolidated financial statements for the three and nine months ended September 24, 2006 and our consolidated financial statements for the year ended December 31, 2006. See Note 1 to the condensed consolidated financial statements for a discussion of the restatement. This Form 10-Q/A updates the information provided in Part I, Items 1, 2 and 4 of the original Form 10-Q, filed on May 15, 2007, for the effects of the restatement. This Form 10-Q/A has not been updated for events occurring after the filing of the original Form 10-Q, except to reflect the restatement.

GRILL CONCEPTS, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. Interim Financial Presentation

The interim condensed consolidated financial statements of Grill Concepts, Inc. (the Company, we, or our) are prepared pursuant to the requirements for reporting on Form 10-Q/A. The interim condensed consolidated financial statements for the period ended April 1, 2007 have not been audited by our independent registered public accounting firm. The December 31, 2006 balance sheet data was derived from audited financial statements but does not include all disclosures required by generally accepted accounting principles. The interim condensed consolidated financial statements and notes thereto should be read in conjunction with the financial statements and notes included in the Company's Form 10-K/A for the year ended December 31, 2006. In the opinion of management, these interim financial statements reflect all adjustments of a normal recurring nature necessary for a fair presentation of the results for the interim periods presented. The current period results of operations are not necessarily indicative of results, which ultimately will be reported for the full year ending December 30, 2007.

All revenues reported in the condensed consolidated statements of operations are net of all sales and use taxes that are collected from customers and remitted to the appropriate taxing authorities.

Restatement of Financial Results

In the course of preparing our condensed consolidated financial statements for the quarter ended July 1, 2007, we identified an error in the accounting for the purchase of certain rights from Hotel Restaurant Properties, Inc. and affiliates. We incorrectly accounted for the entire purchase price as a non-current asset attributable to a non-compete agreement, with the asset being amortized ratably over the life of the non-compete agreement. The entire purchase price should have been treated as a contract termination cost and expensed during the quarter ended September 24, 2006.

On September 1, 2006, we entered into an Agreement for Purchase and Sale of Assets (the Purchase Agreement) with Hotel Restaurant Properties, Inc. and affiliates (HRP), effective June 30, 2006. Pursuant to the terms of the Purchase Agreement, HRP agreed to sell to us and we agreed to purchase from HRP certain rights and interests of the HRP relating to the current and future operation of our restaurants in hotel properties pursuant to the terms of an agreement, dated August 27, 1998, as amended (the HRP Agreement). Under the terms of the HRP Agreement, HRP had the exclusive right to obtain hotel-based locations for our restaurants and was entitled to receive a portion of the net income, management fees, licensing fees or similar fees of the Company from the operation of such hotel-based restaurants. Under the Purchase Agreement, HRP agreed to transfer to us all of the rights in the management agreements relating to the San Francisco; Houston; Washington, D.C.; and Portland restaurants as well as ownership of the Houston liquor license.

Pursuant to the terms of the Purchase Agreement, HRP entered into a non-competition agreement under which HRP, for a period of 5 years from the Closing Date, will not assist any owner, operator, franchisor or franchisee of a branded restaurant in entering into a lease, license or management agreement to operate a restaurant, provide room service or provide food or banquet room events at any hotel, subject to certain restrictions. We entered into the Purchase Agreement in order to eliminate current and future financial restrictions for fees payable to HRP as we grow our business of hotel-based restaurants (see Note 13 for further detail).

We originally recorded the purchase of HRP's contract rights as a non-current asset attributable to the non-compete agreement as of June 30, 2006, with the asset being amortized ratably over the five-year life of the non-compete agreement. As a result, we recorded no expense associated with the Purchase Agreement at the time of signing and reported amortization expense with respect to the non-compete agreement of \$310,000 for the year ended December 31, 2006 and \$155,000 for the three months ended April 1, 2007. After further consideration, we concluded that the amounts payable under the Purchase Agreement are more appropriately characterized as contract terminations fees related to the termination of the rights and obligations under a pre-existing contractual agreement with HRP and, therefore, should have been expensed as a period cost. As a result of such determination, we restated our condensed consolidated financial statements as of and for the three and nine months ended September 24, 2006, the year ended December 31, 2006 and the three months ended April 1, 2007 to reflect the purchase of HRP's contract rights as a contract termination cost, which was expensed in quarter ended September 24, 2006.

In addition, we are correcting other immaterial errors, identified during 2007, arising from 1) the expensing during the quarter ended April 1, 2007 of pre-opening costs related to the opening of one of our restaurants and bonus accruals, both of which have been expensed in 2006, and 2) the recognition of incentive fee revenue earned, but not previously reported, in 2006.

The tax effect of correcting these errors required further adjustments.

Table of Contents

In order to correct these errors, we have restated our condensed consolidated financial statements for the three months ended April 1, 2007, in order to reflect (a) a contract termination cost of \$3,101,000 in 2006 and the elimination of the non-compete agreement from the balance sheet (\$2,635,000 in the quarter ended April 1, 2007), (b) the reversal of \$310,000 of amortization expense during 2006 and \$155,000 during the quarter related to the non-compete agreement, (c) the reversal of \$43,000 of pre-opening costs during the quarter, which were recorded in 2006, (d) the reversal of \$88,000 of bonuses during the quarter, which were recorded in 2006, (e) the recognition of \$114,000 of additional management incentive fee revenue during the year ended December 31, 2006 and (f) the tax effect of these adjustments. The combined effect of these adjustments increased net income by \$236,000, or \$0.04 per basic and diluted share, for the three months ended April 1, 2007.

Effects of the Restatement on the Consolidated Financial Statements

The following table presents the impact of the financial statement adjustments on the previously reported condensed consolidated balance sheet at April 1, 2007 (amounts in thousands):

Net cash used in investing activities	(1,099)	(1,142)

2. Prepaid Expenses and Other Current Assets

Most lease agreements contain one or more of the following: tenant improvement allowances, rent holidays, rent escalation clauses and/or contingent rent provisions.

Table of Contents

Rent is recognized on a straight-line basis, including the restaurant build-out period. This period is normally prior to the commencement of rent payments and is commonly called the rent holiday period. The build-out period generally begins when the Company enters the space and begins to make improvements in preparation for intended use. The Company expenses rent on a straight-line basis during the build-out period. Tenant improvement allowances are also recognized on a straight-line basis beginning at the same time as the commencement of the straight-line rent expense.

Prepaid expenses and other current assets at April 1, 2007 and December 31, 2006 were comprised of:

(in thousands)	2007	2006
Lease incentives receivable	\$ 213	\$ 232
Prepaid expenses, other	653	650
Total prepaid expenses and other current assets	\$ 866	\$ 882

3. Restricted Cash

At December 31, 2006 restricted cash consisted of a certificate of deposit for \$1,010,000 established at Union Bank of California, serving as collateral for a stand by letter of credit to support a workers' compensation insurance policy, \$72,000 held in escrow for the Daily Grill at Continental Park in El Segundo, California and \$110,000 that was placed in escrow with our insurance claims processor in 2004 for workers compensation claims. There were no changes to restricted cash during the three months ended April 1, 2007.

4. Long-term Debt

In March 2006, the Company signed a new financing agreement with Diamond Creek Investment Partners, LLC, (the Lender) at which time the Company's previous line of credit was terminated. The Credit Agreement provides for a revolving term loan (the Loan or Credit Agreement) to the Company of the lesser of (a) \$8.0 million, or (b) 2.25 times the Company's trailing 12 month EBITDA. Funds may be borrowed under the Credit Agreement, subject to satisfaction of all conditions of funding, in monthly advances in minimum increments of \$500,000. Proceeds of the Loan may be used to pay expenses of the Loan and for general corporate purposes. The interest rate on the Loan is, at the option of the Company and subject to certain limitations on the use of London Interbank Offered Rate (LIBOR) based loans, equivalent to either (a) the prime rate, but not less than 7%, plus an applicable margin, or (b) the LIBOR, but not less than 4%, plus an applicable margin. The margin, in each case, varies based upon the Company's leverage ratio (funded debt to EBITDA, each as defined) and ranges from 2.75% to 3.50% with respect to prime rate loans and 5.50% to 6.25% with respect to LIBOR loans. The interest rate at April 1, 2007 was equal to 10.85%.

The Credit Agreement provides that the Company will pay all expenses incurred in connection with the Loan, including expenses incurred by the Lender. By separate agreement, the Company agreed to pay certain fees associated with the Loan, including a loan initiation fee of \$120,000, an unused line fee of 0.5% of the unused portion of the credit facility payable monthly and a loan servicing fee of \$3,000 per month. In March 2006, we borrowed \$210,000 under the line of credit to pay costs associated with obtaining the financing.

On March 31, 2006, the Company borrowed \$1 million under the terms of the Credit Agreement with the Lender. The borrowed funds were primarily used to retire \$874,000 of collateralized subordinated notes and mandatorily redeemable capital obligations owed to the Michigan Avenue Group (MAG) by the Company's subsidiary, the Chicago Grill on the Alley, LLC (the Chicago Grill), \$6,000 of interest and \$50,000 for the first annual penalty payment, all of which were guaranteed by the Company, with the balance used for general working capital purposes. The retired obligations related to the initial funding provided by MAG, as a member/investor in Chicago Grill.

The Loan matures, and is payable in full, on March 9, 2011 subject to mandatory prepayment to the extent, if any, that the outstanding principal balance of the Loan exceeds 2.25 times trailing 12 month EBITDA or upon the occurrence of certain defined extraordinary events. The Company may prepay amounts owing under the Credit Agreement subject to payment of a prepayment premium of (a) 3% with respect to prepayments occurring on or before March 9, 2007, and (b) 1% with respect to prepayments occurring after March 9, 2007 and on or before March 9, 2008.

The Company's obligations under the Credit Agreement are secured by a first lien on all of the Company's assets, including all of the capital stock and other equity interests held by the Company in its subsidiaries, subject to existing liens on such assets. The Loan requires the Company to comply with certain ordinary lending covenants. These include, among others, financial covenants relating to maximum debt to EBITDA ratio, minimum EBITDA and maximum capital expenditures. The Company must also comply with certain information requirements, including

Edgar Filing: GRILL CONCEPTS INC - Form 10-Q/A

providing periodic financial statements and projections as well as notices of defaults, litigation and other matters, maintenance of insurance and compliance with laws as well as limitations on liens and encumbrances, indebtedness, dispositions, dividends and retirement of capital stock, consolidations and mergers, changes in nature of business and other operating, financial and structural limitations.

Table of Contents

Events of default in the Credit Agreement include, among others, (a) the failure to pay when due the obligations owing under the Credit Agreement, (b) the failure to perform and not timely remedy certain covenants, (c) certain cross defaults or cross accelerations, (d) the occurrence of bankruptcy or insolvency events, (e) the failure to make certain payments, or the occurrence of certain events, relating to retirement plans, (f) certain adverse judgments against the Company or any of its subsidiaries, (g) certain changes in ownership of the Company's stock or the board of directors, or (h) the occurrence of, and failure to remedy, a Material Adverse Effect (as defined in the Credit Agreement). Upon the occurrence of an event of default, the Lender may terminate the Loan commitment and declare the Loan due and payable in full.

In December 2006, the Company entered into an amendment to its Credit Agreement, which increased the maximum revolving credit available under the credit agreement from \$8.0 to \$12.0 million. The Amendment also increases the levels of annual maintenance capital expenditures and growth capital expenditures permitted under the credit agreement. As consideration for the lender's agreement to amend the credit agreement, the Company paid an amendment fee of \$60,000.

5. Liability for Debt Extinguishment

In March 2006, the Company retired the collateralized subordinated notes and mandatorily redeemable capital obligations owed to the Michigan Avenue Group (MAG) a member of Chicago Grill on the Alley, LLC (the Chicago Grill). As a result of the prepayment, MAG required a \$200,000 penalty for earlier extinguishment of the obligations. The penalty is payable in four annual installments of \$50,000, the first of which was paid upon repayment of the obligations and the second of which was paid in March 2007. The Company guaranteed the payment of the debt extinguishment penalty. The balance due to MAG as of April 1, 2007 is \$100,000, which is included in current and long-term liabilities in the condensed consolidated balance sheets.

The penalty on early extinguishment will be deemed to be a cash distribution of the Chicago Grill to MAG if the lease for the restaurant location of the Chicago Grill on the Alley is renewed. After renewal, the Company will receive the next \$200,000 of cash distributions from the Chicago Grill, prior to any distributions being made to MAG. The Company will record this cash distribution when received.

6. Other Long-Term Liabilities

In connection with certain of the Company's leases, the landlord has provided the Company with tenant improvement allowances. These lease incentives have been recorded as long-term liabilities and are being amortized over the life of the lease. Additionally, the Company records deferred rent where lease payments are lower than rental expense, recognized on a straight-line basis.

Table of Contents

Other Long-Term Liabilities at April 1, 2007 and December 31, 2006 were comprised of:

(in thousands)	2007	2006
Lease incentives	\$ 6,666	\$ 6,609
Deferred rent	2,103	2,103
Total other long-term liabilities	\$ 8,769	\$ 8,712

7. Income Taxes

On January 1, 2007 the Company adopted the provisions of the Financial Accounting Standards Board (FASB) Interpretation No. 48, Accounting for Uncertainty in Income Taxes an Interpretation of FASB Statement No. 109 (FIN No. 48). FIN No. 48 addresses the determination of how tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under FIN No. 48, the Company must recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate resolution. The Company did not recognize any additional liabilities for uncertain tax positions as a result of the implementation of FIN No. 48. We had no unrecognized tax benefits as of the date of adoption or as of April 1, 2007.

The Company s uncertain tax positions are related to tax years that remain subject to examination by the relevant taxing authorities. The Company is currently open to audit under the statute of limitations by the Internal Revenue Service for the years ended December 28, 2003 through December 31, 2006. The Company and its subsidiaries state income tax returns are also open to audit under the same statute of limitations for the years ended December 29, 2002 through December 31, 2006.

The Company accrues interest on unrecognized tax benefits as a component of interest expense. Penalties, if incurred, would be recognized as a component of income tax expense. The Company had no such accrued interest or penalties included in accrued liabilities associated with unrecognized tax benefits as of the date of adoption or as of April 1, 2007.

Pursuant to Internal Revenue Code Sections 382 and 383, the annual use of the Company s general business credit carryforwards may be limited if there is greater than a 50% cumulative change in ownership.

The difference between the federal statutory rate of 34% and the effective tax rate of approximately 40% is due to applying the annual expected effective tax rate to the interim period. The difference between the statutory rate and the effective tax rate is due to the impact of state income taxes, income allocations to the minority interest and general business credits.

8. Per Share Data

Pursuant to SFAS No. 128, Earnings Per Share, basic net income per share is computed by dividing the net income attributable to common shareholders by the weighted-average number of common shares outstanding during the period. Diluted net income per share is computed by dividing the net income attributable to common shareholders by the weighted-average number of common and common equivalent shares outstanding during the period. Common share equivalents included in the diluted computation represent shares issuable upon assumed exercise of stock options, warrants and convertible preferred stocks using the treasury stock method.

A reconciliation of earnings available to common stockholders and diluted earnings available to common stockholders and the related weighted average shares for the three months ended April 1, 2007 and March 26, 2006 follows:

(in thousands)	Earnings		Shares	
	(Restated)	2007	Earnings	2006
Net income	\$ 187		\$ 482	
Less: preferred dividends accrued	(6)		(13)	

Edgar Filing: GRILL CONCEPTS INC - Form 10-Q/A

Basic net income applicable to common stock	181	6,420	469	5,753
---	-----	-------	-----	-------

Dilutive securities:

Dilutive stock options				489
------------------------	--	--	--	-----

Dilutive net income applicable to common stock	\$ 181	6,420	\$ 469	6,242
--	--------	-------	--------	-------

For the three months ended April 1, 2007; 419,892 options; 26,562 warrants and 500 shares of convertible preferred stock were excluded from the calculation because they were anti-dilutive. For the three months ended March 26, 2006; 315,375 options; 26,562 warrants; and 500 shares of convertible preferred stock were excluded from the calculation because they were anti-dilutive.

Table of Contents**9. Stock Based Compensation**

We maintain performance incentive plans under which incentive stock options and non-qualified stock options may be granted to employees, consultants and non-employee directors. To date, we have granted both qualified and non-qualified stock options under these plans. Stock options are granted at the market price on the date of grant, generally vest at 20% per year, and generally expire ten years from the date of grant. We issue new shares of common stock upon exercise of stock options.

In March 2006, the Company's Board of Directors adopted the Grill Concepts, Inc. 2006 Equity Incentive Plan (the "2006 Plan"). The shareholders approved the 2006 Plan in June 2006 at the annual stockholders' meeting. Under the 2006 Plan, 500,000 shares are reserved for issuance pursuant to the exercise of stock options and awards of restricted stock, stock appreciation rights and other similar equity based award grants. At April 1, 2007, there were 322,500 shares available for grant under the 2006 Plan and an additional 114,650 shares available for grant under predecessor plans.

The Company applies the Black-Scholes valuation model in determining the fair value of share-based payments to employees, consultants and non-employee directors. The resulting compensation expense is recognized over the requisite service period, which is generally the option vesting term of five years. Options issued to non-employee directors are vested 100% at grant date. Compensation expense is recognized only for those options expected to vest, with forfeitures estimated based on our historical experience and future expectations. The Company has adopted the simplified method for determining the expected term of the options. For fiscal 2006, expected stock price volatility is based on the historical volatility of our stock. The risk-free interest rate is based on the U.S. Treasury yield in effect at the time of grant with an equivalent remaining term. The Company has not paid dividends in the past and does not currently plan to pay any dividends in the near future.

The Company did not grant any stock options during the three months ended April 1, 2007. The Company granted 50,000 stock options during the three months ended March 26, 2006. The weighted-average fair value of stock options granted was \$2.18 for the quarter ended March 26, 2006. The fair value of each option grant issued in the quarter ended March 26, 2006 was estimated at the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions: (a) no dividend yield on the Company's stock, (b) expected volatility of 68.9%, (c) risk-free interest rate of 5.21%, and (d) an expected option life of 6.5 years.

Stock options activity during the three months ended April 1, 2007 was as follows:

	Number of Shares	Weighted Average Option Exercise Price	Weighted Average Remaining Contractual Life (in years)	Aggregate Intrinsic Value
Outstanding at December 31, 2006	811,100	\$ 2.92		
Granted				
Exercised	(26,350)	1.95		
Cancelled	(41,600)	3.41		
Outstanding at April 1, 2007	743,150	\$ 2.93	5.7	\$ 4,955,165
Exercisable at April 1, 2007	448,490	\$ 2.80	4.1	\$ 3,006,846

The aggregate intrinsic value in the table above represents the total pretax intrinsic value (the difference between our closing stock price on April 1, 2007 of \$8.97 and the exercise price, multiplied by the number of in-the-money options) that would have been received by the option holders had all option holders exercised their options on April 1, 2007. This amount changes based on the fair market value of our stock. Total intrinsic value of options exercised for the three months ended April 1, 2007 was \$98,000 and \$6,000 for the three months ended March 26, 2006. As of April 1, 2007, total unrecognized stock-based compensation expense related to non-vested stock options was \$449,000, which is expected to be recognized over a weighted average period of approximately 2.8 years.

10. Common Stock Transactions

Edgar Filing: GRILL CONCEPTS INC - Form 10-Q/A

During the three months ended April 1, 2007, the Company issued 26,350 shares of common stock pursuant to the exercise of stock options for the aggregate consideration of \$51,000. During the three months ended March 26, 2006, the Company issued 4,000 shares of common stock for the aggregate consideration of \$7,000.

On April 18, 2007; 9,496 shares of common stock that were previously given to the Company as consideration for warrant exercises, were cancelled.

On April 30, 2007, the Company issued 95,184 shares of common stock on conversion of 500 shares of Series II, 10% Convertible Preferred Stock outstanding.

Table of Contents

11. Distribution of Capital and Preferred Returns

The Company's San Jose Grill, Chicago Grill on the Alley, The Grill on Hollywood, South Bay Daily Grill and Downtown Daily Grill restaurants are each owned by limited liability companies (the LLCs) in which the Company serves as manager and owns a controlling interest. Each of the LLCs has minority interest owners (Members) some of whom have participating rights in the joint venture such as the ability to approve operating and capital budgets and the borrowing of money. In connection with the financing of each of the LLCs, the minority members may have certain rights to priority distributions of capital until they have received a return of their initial investments (Return of Member Capital) as well as rights to receive defined preferred returns on their invested capital (Preferred Return).

The Universal CityWalk Daily Grill is owned by a partnership (the CityWalk Partnership) for which we serve as manager. Our partner has certain rights to priority distributions of capital from the CityWalk Partnership until they have received their initial investment.

The following tables set forth a summary for each of the LLCs and the CityWalk Partnership of (a) the distributions of capital to the Members and/or the Company during the three months ended April 1, 2007, (b) the unreturned balance of the capital contributions of the Members and/or the Company at April 1, 2007, and (c) the accrued, but unpaid, preferred returns due to the Members and/or the Company at April 1, 2007:

(in thousands)	San Jose Grill		Chicago Grill On The Alley		The Grill On Hollywood	
	Members	Company	Members	Company	Members	Company
Distributions of profit during the three months ended April 1, 2007:	\$ 86	\$ 86				
Unreturned Initial Capital Contributions at April 1, 2007:					\$ 1,200	\$ 250
Preferred Return rate:	10%	10%	8%		12%	12%
Accrued but unpaid Preferred Returns at April 1, 2007:					(a)	(a)

(in thousands)	South Bay Daily Grill (Continental Park, LLC)		Universal Citywalk		Downtown Daily Grill (612 Flower Daily Grill, LLC)	
	Members	Company	Members	Company	Members	Company (c)
Distributions of profit during the three months ended April 1, 2007:					\$ 45	\$ 15
Unreturned Initial and Additional Capital Contributions at April 1, 2007:	\$ 1,100	\$ 450	\$ 1,496	\$ 396	\$ 1,325	\$ 289
Preferred Return rate:	10%	10%(b)			9%	9%
Accrued but unpaid Preferred Returns at April 1, 2007:	(a)	(a)	(a)		\$ 35	\$ 8

(a) Due to the under performance of the restaurants (and the prior under performance of The Grill On Hollywood) the preferred return is not being accrued. The Company is not liable to pay the preferred return distributions, such that they represent a non-recourse obligation of the subsidiary entity. If preferred returns were accrued for The Grill On Hollywood, the member would have an accrued preferred return of \$1,182,000 and the Company would have an accrued preferred return of \$225,000. If preferred returns were accrued for the South Bay Daily Grill, the member would have an accrued preferred return of \$546,000 and the Company would have an accrued preferred return of \$215,000. If preferred returns were accrued for the CityWalk Partnership, the Member would have an accrued preferred return of \$699,000.

Edgar Filing: GRILL CONCEPTS INC - Form 10-Q/A

- (b) The Company's preferred return with respect to the South Bay Daily Grill is based on unrecovered capital contribution and accrued but unpaid management fees.
- (c) The Company is a non-managing member, and a wholly owned subsidiary of the Company is the manager of this restaurant.

12. Recent Accounting Pronouncements

In February 2007, the Financial Accounting Standards Board (the "FASB") issued FAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities" Including an amendment of FASB Statement No. 115 ("SFAS No. 159"). This

Table of Contents

Statement permits entities to choose to measure many financial instruments and certain other items at fair value and report unrealized gains and losses on these instruments in earnings. SFAS No. 159 is effective as of January 1, 2008. We have not yet determined the effect, if any, that the implementation of SFAS No. 159 will have on our results of operations or financial condition.

In September 2006, FASB issued SFAS No. 157, *Fair Value Measurements* (SFAS No. 157), which defines fair value, establishes a framework for measuring fair value and expands the related disclosure requirements. The provisions of SFAS No. 157 are effective for fiscal years beginning after November 15, 2007. The Company is currently evaluating the impact that SFAS No. 157 will have on its financial statements.

In June 2006, the FASB ratified the consensus reached by the EITF on EITF Issue No. 06-3, *How Taxes Collected from Customers and Remitted to Governmental Authorities Should Be Presented in the Income Statement (That Is, Gross versus Net Presentation)* (EITF No. 06-3). A consensus was reached that entities may adopt a policy of presenting sales taxes in the income statement on either a gross or net basis. If taxes are presented on a gross basis, an entity should disclose its policy of presenting taxes and the amounts of taxes included in the statements of operations. EITF No. 06-3 is effective for periods beginning after December 15, 2006. The Company presents sales taxes collected from customers on a net basis. The Company adopted EITF No. 06-3 in the first quarter of 2007, which had no impact on its method for presenting sales taxes in its financial statements.

13. Related Parties

Hotel Restaurant Properties, Inc.

In August 1998, the Company entered into an agreement (the *HRP Agreement*) with Hotel Restaurant Properties, Inc. (*HRP*) in which HRP agreed to assist the Company in locating hotel locations for the opening of Company restaurants. One of the two original owners of HRP is a family member of a preferred stockholder of the Company. On May 11, 1999 the HRP Agreement was amended under the same terms and conditions (*HRP II*) except that HRP II is 100% owned by the family member. Both HRP and HRP II are referred to as HRP.

The HRP Agreement contained a clause whereby, HRP had the right to cause the Company to purchase HRP (the put option) at any time there was a change in control or after May 2004 subject to certain conditions and the Company had the right to purchase HRP (the call option) after May 2004 subject to certain conditions.

In September 2006, the Company entered into an Agreement for Purchase and Sale of Assets (the *HRP Purchase Agreement*) with Hotel Restaurant Properties, Inc. (*HRP*), Hotel Restaurant Properties II, Inc., Hotel Restaurant Properties II Management, Inc., Keith Wolff and Adam Keller (collectively, the *Sellers*).

The Company entered into the HRP Purchase Agreement in order to eliminate current and future financial restrictions for fees payable to HRP as the Company grows its business of hotel-based restaurants.

Pursuant to the terms of the HRP Purchase Agreement, the Sellers agreed to sell to the Company and the Company agreed to purchase from the Sellers certain rights and interests of the Sellers relating to the current and future operation of Company restaurants in hotel properties pursuant to the terms of the HRP Agreement, as amended. Under the terms of the HRP Agreement, the Sellers had the exclusive right to obtain hotel-based locations for Company restaurants and were entitled to receive a portion of the net income, management fees, licensing fees or similar fees of the Company from the operation of such hotel-based restaurants. The Company, at the date of the HRP Purchase Agreement, operated seven restaurants subject to the HRP Purchase Agreement in Skokie, Illinois; San Francisco, California; Houston, Texas; Washington D.C.; Burbank, California; Portland, Oregon, and Long Beach, California.

Under the HRP Purchase Agreement, the Sellers agreed to transfer to the Company all of the rights in the management agreements (the *Transferred Agreements*) relating to the San Francisco; Houston; Washington, D.C.; and Portland restaurants as well as ownership of the Houston liquor license.

Pursuant to the HRP Purchase Agreement, the HRP Agreement was amended, effective June 30, 2006 (the *Effective Date*), to eliminate exclusivity provisions under which the Company would use the Sellers as the exclusive parties to identify potential hotel locations and to eliminate certain provisions under which the Sellers could cause the Company to purchase HRP and the Company could acquire HRP. Under the HRP Purchase Agreement, the Sellers also agreed to relinquish any rights to fees or other compensation relating to Company restaurants opened in hotels pursuant to management, license or lease agreements entered into on or after March 29, 2006, including any fees relating to restaurants proposed to be opened in Memphis, Tennessee and Seattle, Washington.

Edgar Filing: GRILL CONCEPTS INC - Form 10-Q/A

The Sellers retained their rights in the management contracts relating to the Skokie, Burbank, and Long Beach restaurants subject to the continuing terms of the HRP Agreement, as amended, and subject to the rights of the Company to terminate operations of the Skokie and Long Beach restaurants.

Table of Contents

The consideration for the HRP Purchase Agreement is \$2,771,133 (the Purchase Price). The Purchase Price is payable, on a date (the Closing Date) that is the earlier of June 30, 2007 (the Outside Closing Date) or a mutually agreeable date not more than 10 days after the date on which the aggregate payments (the Income Stream Payments) received by the Sellers, after the Effective Date equals \$294,151 (the Maximum Income Stream Payments). From and after the Effective Date the Income Stream Payments shall not exceed the Maximum Income Stream Payments after the payments of which no further payments shall be made to the Sellers with respect to the Transferred Agreements. In the event that the Sellers shall not have received the Maximum Income Stream Payments by the Closing Date, the Purchase Price shall be increased by the excess of the Maximum Income Stream Payments over the actual Income Stream Payments as of the Closing Date.

On the Effective Date, the HRP Agreement was further amended to eliminate the license granted thereunder for the Sellers to operate managed outlets under the HRP Agreement, eliminate restrictions on the Seller's ability to provide similar hotel restaurant location services to parties other than the Company and to eliminate other provisions relating to the Transferred Agreements.

At the Closing Date, the Sellers are required to enter into a Non-Competition Agreement pursuant to which the Sellers, for a period of 5 years from the Closing Date, will not assist any owner, operator, franchisor or franchisee of a branded restaurant in entering into a lease, license or management agreement to operate a restaurant, provide room service or provide food or banquet room events at any hotel (the Restricted Business), provided, however, that the Sellers shall not be prohibited from (a) owning up to 10% of any publicly traded company engaged in the Restricted Business, (b) engaging in the Restricted Business with respect to hotel properties owned by the Sellers or affiliates of the Sellers and managed by the Sellers or the affiliates of the Sellers or (c) engaging in the Restricted Business with up to 3 additional hotels. Branded restaurants, for purposes of the Non-Competition Agreement, means a restaurant operated in ten or more locations under a single brand name.

Pursuant to the HRP Purchase Agreement, the Company has agreed to indemnify the Sellers with respect to any additional tax that may be incurred, as well as related penalties and interest, in the event that the goodwill allocated to the sale is reduced for tax purposes on audit or other adjustment.

The Company recorded the HRP Purchase Agreement transaction as a contract termination cost in 2006. A Payable to HRP was recorded and is presented in the condensed consolidated balance sheets net of Income Stream Payments made during the quarter. At April 1, 2007 the total amount due HRP under the terms of the purchase agreement was \$2.9 million. The balance due to HRP is expected to be paid in full by June 30, 2007.

Amendment to Starwood Development Agreement

On June 21, 2006, the Company entered into a First Amendment to the Development Agreement (the First DA Amendment) with Starwood Hotels and Resorts Worldwide, Inc. (Starwood). The First DA Amendment amends the Company's July 27, 2001 Development Agreement with Starwood to (1) eliminate the Company's obligation to issue warrants to Starwood following the opening of ten, fifteen and twenty restaurants warrants issued following the opening of five restaurants under the terms of the Development Agreement.

Under the terms of the First DA Amendment, if a fifth restaurant is opened under the terms of the Development Agreement before April 1, 2008, the Company will issue to Starwood warrants to purchase a number of shares of common stock equal to 4% of the then outstanding shares of the Company's common stock. If the fifth restaurant is opened after April 1, 2008, the Company will issue to Starwood warrants to purchase a number of shares of common stock equal to 4% of the shares outstanding at December 25, 2005.

The warrants will have an exercise price equal to (1) if the fair market value of the common stock as of the date of issuance of the warrants (the Threshold Date Value) is greater than the fair market value of the common stock as of the date of the original Development Agreement (the Closing Date Value), the greater of (a) 75% of the Threshold Date Value, or (b) the Closing Date Value, or (2) if the Threshold Date Value of the common stock is less than the Closing Date Value, the Threshold Date Value.

Amendment to Starwood Stockholders Agreement

On June 21, 2006, the Company entered into a First Amendment to Stockholders Agreement (the First SA Amendment) with Starwood. The First SA Amendment amends the July 27, 2001 Stockholders Agreement between the Company, Starwood and certain stockholders of the Company to (1) eliminate the Company's obligation to cause at least two nominees of Starwood to be elected to the Company's board of directors if ten or more restaurants are operated under the Development Agreement, and (2) modify certain provisions limiting the size of the Company's board of directors.

Table of Contents

Under the terms of the First SA Amendment, so long as Starwood continues to hold at least 333,334 shares of the Company's common stock, the Company shall take all actions reasonably necessary to assure that at least one nominee of Starwood is elected to the board of directors and to limit the size of the board of directors to no more than nine persons.

Change in Starwood Involvement

On March 6, 2007 Starwood Hotels and Resorts Worldwide, Inc. ("Starwood") transferred all of its shares in the Company, totaling 923,873, as part consideration for the purchase of an interest in another food company called Eaterna LLC. In addition, Starwood agreed to transfer to Eaterna LLC, any and all rights that it may have and that are transferable under the Subscription Agreement, Development Agreement, Investor Rights Agreement and the Stockholders' Agreement dated July 27, 2001, between Starwood and the Company.

14. Commitments and Contingencies

Litigation Contingencies

The Company is involved from time to time in routine legal matters incidental to its business. In the opinion of the Company's Management, resolution of such matters will not have a material effect on its financial position or results of operations.

In June 2004, a former hourly restaurant employee filed a class action lawsuit against the Company in the Superior Court of California of Orange County. We requested, and were granted, a motion to move the suit from Orange County to Los Angeles County. The lawsuit was then filed in the Superior Court of California of Los Angeles in December 2004. The plaintiffs alleged violations of California labor laws with respect to providing meal and rest breaks. The lawsuit sought unspecified amounts of penalties and other monetary payments on behalf of the plaintiffs and other purported class members. We believe that all of our employees were provided with the opportunity to take all required meal and rest breaks.

In April 2007, the California Supreme Court unanimously held that payments for missed meal or rest periods are considered wages or premium pay, not penalties. As a result, claims for missed meal and rest breaks under the California Labor Code (the "Labor Code") will be governed by a three or four-year statute of limitations for the payments required under the Labor Code, rather than a one-year statute.

The Company intends to vigorously defend this action. As of April 1, 2007 and December 31, 2006, the Company had recorded a liability of \$150,000 for management's best estimate of the resolution of this matter. However, the ultimate resolution of this matter can not be determined at this time.

Commitments

In June 2006, the Company signed a management agreement for a hotel-based Daily Grill to open at the Sheraton Seattle, in Seattle, Washington. The restaurant owner will pay substantially all construction and pre-opening costs, other than approximately \$450,000 of remodeling costs to be contributed by the Company if the total construction costs exceed \$1.5 million. The Company will receive management and incentive fees and will be entitled to receive a 9% preferred return on any capital contribution. The restaurant is scheduled to open in June of 2007.

In January 2007, we signed a lease agreement to open a wholly owned Daily Grill restaurant in Austin, Texas. The new restaurant will be featured along the upscale Main Street center of The Domain, a mixed-use retail, residential, and office village. The restaurant is currently scheduled to open in July 2007. Construction of the restaurant will include estimated leasehold improvements of \$1.2 million, which will be partially funded by a tenant improvement allowance of \$0.7 million. The initial term of the lease is 10 years.

In January 2007, we signed a lease agreement to open a wholly owned Daily Grill restaurant in Dallas, Texas. The restaurant will be located in the Park Lane development in North Dallas. The restaurant is currently scheduled to open in late 2008. Construction of the restaurant will include estimated leasehold improvements of approximately \$1.5 million, which will be primarily funded by a tenant improvement allowance of \$1.3 million. The initial term of the lease is 10 years.

In March 2007, we signed a lease agreement to open a wholly owned Daily Grill restaurant in Phoenix, Arizona. The restaurant is currently scheduled to open in late 2008. Construction of the restaurant will include estimated leasehold improvements of \$1.7 million, which will be partially funded by a tenant improvement allowance of \$0.8 million. The initial term of the lease is 10 years.

Table of Contents

15. Subsequent Events

On April 6, 2007, the Company signed a lease to open a wholly owned Daily Grill restaurant in Park Place, a new mixed-use urban development in Fresno, California. The restaurant is currently scheduled to open in late 2007. Construction of the restaurant will include estimated leasehold improvements of approximately \$1.6 million and furniture, fixtures and equipment of approximately \$0.7 million, which will be funded by a tenant improvement allowance of \$2.3 million. In addition, the Company will receive up to \$0.3 million from the landlord to fund pre-opening expenses. The initial term of the lease is 10 years.

On April 6, 2007, the Company entered into an agreement to manage a hotel-based Daily Grill restaurant in Tulsa, Oklahoma. The restaurant is currently scheduled to open in early 2008. The initial term of the management agreement is 10 years.

On April 13, 2007, the Company borrowed \$500,000 under its revolving credit facility to supplement its working capital while the Company is financing, from funds on hand, construction costs related to its planned Daily Grill restaurant in Austin, Texas.

On April 16, 2007, the Company opened a managed, hotel-based, Daily Grill restaurant in Memphis, Tennessee. The initial term of the management agreement is 10 years.

On April 30, 2007, 500 shares of the Company's Series II, 10% Convertible Preferred Stock were converted into 95,184 shares of common stock. Upon conversion of the 500 shares of Series II, 10% Convertible Preferred Stock, \$492,000 of accumulated dividends on the preferred stock was paid in cash. In order to fund the payment of accumulated dividends, the Company borrowed an additional \$500,000 under its revolving credit facility.

On April 30, 2007, we terminated the license of the Skokie Daily Grill due to the failure of the licensee to operate the restaurant in accordance with the license agreement. The termination of the Skokie license is not expected to have a material impact on the Company's balance sheets or statements of operations.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis should be read in conjunction with the Company's financial statements and notes thereto included elsewhere in this Form 10-Q/A. Except for the historical information contained herein, the discussion in this Form 10-Q/A contains certain forward looking statements that involve risks and uncertainties, such as statements of the Company's plans, objectives, expectations and intentions. The cautionary statements made in this Form 10-Q/A should be read as being applicable to all related forward looking statements wherever they appear in this Form 10-Q/A. The Company's actual results could differ materially from those discussed here. For a discussion of certain factors that could cause actual results to be materially different, refer to the Company's Annual Report on Form 10-K/A, as amended, for the year ended December 31, 2006.

The following discussion gives effect to the restatement discussed in Note 1 to the condensed consolidated financial statements included in this Form 10-Q/A.

Current Year Developments

Restaurant Openings, Leasing, Management Additions and License Termination. In January 2007, we signed a lease to open a wholly owned Daily Grill restaurant in Austin, Texas. The new restaurant will be featured along the upscale Main Street center of The Domain, a mixed-use retail, residential and office village. The restaurant is currently scheduled to open in June 2007. Construction of the restaurant will include estimated leasehold improvements of approximately \$1.2 million, which will be partially funded by a tenant improvement allowance of \$0.7 million. The initial term of the lease is 10 years.

In January 2007, we signed a lease agreement to open a wholly owned Daily Grill restaurant in Dallas, Texas. The restaurant will be located in the Park Lane development in North Dallas. The restaurant is currently scheduled to open in late 2008. Construction of the restaurant will include estimated leasehold improvements of approximately \$1.5 million, which will be primarily funded by a tenant improvement allowance of \$1.3 million. The initial term of the lease is 10 years.

In March 2007, we signed a lease agreement to open a wholly owned Daily Grill restaurant in Phoenix, Arizona. The restaurant is currently scheduled to open in late 2008. Construction of the restaurant will include estimated leasehold improvements of \$1.7 million, which will be

Edgar Filing: GRILL CONCEPTS INC - Form 10-Q/A

partially funded by a tenant improvement allowance of \$0.8 million. The initial term of the lease is 10 years.

In April 2007, the Company opened a managed, hotel-based, Daily Grill at the Westin Memphis Beale Street in Memphis, Tennessee. The initial term of the management agreement is 10 years.

In April 2007, the Company entered into a lease to open a wholly owned Daily Grill restaurant in Fresno, California. The restaurant is currently scheduled to open in late 2007. Construction of the restaurant will include estimated leasehold

Table of Contents

improvements of approximately \$1.6 million and furniture, fixtures and equipment of approximately \$0.7 million, which will be funded by a tenant improvement allowance of \$2.3 million. In addition, the Company will receive up to \$0.3 million from the landlord to fund pre-opening expenses. The initial term of the lease is 10 years.

In April 2007, the Company entered into an agreement to manage a hotel-based Daily Grill restaurant in Tulsa, Oklahoma. The restaurant is currently scheduled to open in early 2008. The initial term of the management agreement is 10 years.

In April 2007, the Company terminated the license of the Skokie Daily Grill due to the failure of the licensee to operate the restaurant in accordance with the license agreement. The termination of the Skokie license is not expected to have a material impact on the Company's balance sheet or statement of operations.

These new leases entered into by the Company in 2007 increased our lease commitments as presented in the **Material Changes in Financial Condition, Liquidity and Capital Resources** section below, by approximately \$4.9 million.

Common Stock Transactions, Conversion of Preferred Stock and Payment of Accrued Dividends. During the three months ended April 1, 2007, the Company issued 26,350 shares of common stock pursuant to the exercise of stock options for the aggregate consideration of \$51,000.

In April 2007; 9,496 shares of common stock that were previously given to the Company as consideration for warrant exercises, were cancelled.

In April 2007, the Company issued 95,184 shares of common stock on conversion of 500 shares of Series II, 10% Convertible Preferred Stock outstanding.

In conjunction with the conversion of the Series II, 10% Convertible Preferred Stock, in April 2007, the Company paid accumulated dividends on the Series II, 10% Convertible Preferred Stock in the amount of \$492,000.

Stock Based Compensation. The Company recorded stock based compensation of \$38,000 for both the three months ended April 1, 2007 and the three months ended March 26, 2006. As of April 1, 2007, total unrecognized stock-based compensation expense related to non-vested stock options was \$449,000, which is expected to be recognized over a weighted average period of approximately 2.8 years.

There were no stock options granted in the first three months of 2007.

Credit Facility. In April 2007, the Company borrowed \$500,000 under its credit facility with Diamond Creek Partners, LLC to supplement its working capital while the Company is funding new restaurant openings out of funds on hand. The Company borrowed an additional \$500,000 during April 2007 to fund payment of accrued dividends on conversion of the Series II, 10% Convertible Preferred Stock.

Table of Contents**Results of Operations**

The following table sets forth, for the periods indicated, information derived from the Company's condensed consolidated statements of operations expressed as a percentage of total revenues:

	Three Months Ended	
	April 1, 2007	March 26, 2006
	(Restated)	
Revenues:		
Sales	78.4%	78.0%
Cost reimbursements	19.3	19.8
Management and license fees	2.3	2.2
Total revenues	100.0	100.0
Operating expenses:		
Cost of sales	22.4	21.6
Restaurant operating	45.8	46.3
Reimbursed costs	19.3	19.8
General and administrative	7.0	6.4
Depreciation and amortization	2.6	2.8
Pre-opening costs	0.6	0.0
Total operating expenses	97.7	96.9
Income from operations	2.3	3.1
Interest, net	(0.3)	(0.1)
Income before provision for income taxes and minority interest	2.0	3.0
Provision for income taxes	(0.8)	(0.4)
Minority interest in net profit of subsidiaries	(0.3)	(0.1)
Net income	0.9%	2.5%

The following table sets forth, for the periods indicated, information derived from the Company's condensed consolidated financial statements of operations expressed as a percentage of total restaurant sales:

	Three Months Ended	
	April 1, 2007	March 26, 2006
	(Restated)	
Cost of sales	28.5%	27.7%
Restaurant operating expenses	58.4%	59.4%

The following tables set forth certain financial information and other restaurant data relating to Company owned restaurants and Company managed and licensed restaurants.

**Total open at End
of First Quarter**
2007 2006

Edgar Filing: GRILL CONCEPTS INC - Form 10-Q/A

Daily Grill restaurants:

Managed or licensed	8	8
Grill on the Alley restaurants:		
Company owned	5	4
Total	25	24

Table of Contents

There were no restaurants opened in the first quarter of 2007 or the first quarter of 2006.

	Three Months Ended	
	April 1, 2007	March 26, 2006
Weighted-average weekly sales per Company owned restaurant:		
Daily Grill	\$ 68,646	\$ 65,795
Grill on the Alley	97,362	92,255
Change in comparable Company owned restaurant sales (1):		
Daily Grill	7.3%	3.9%
Grill on the Alley	10.4%	12.9%
Total consolidated sales (in thousands):		
Daily Grill	\$ 10,709	\$ 10,265
Grill on the Alley	6,328	4,797
Total consolidated sales	\$ 17,037	\$ 15,062

- (1) When computing comparable restaurant sales, restaurants open for the entire period for at least 12 months are compared from period to period.

We also earn revenues from management and license fees based on a percentage of gross sales at restaurants under management and licensing arrangements. Our management and license fee revenue typically is earned at a rate of five to eight percent of reported sales at these restaurants. The sales of managed and licensed restaurants are not included in our condensed consolidated statements of operations. However, we consider the disclosure of these sales to be a key indicator of brand strength and important to understanding how changes in sales at the managed and licensed restaurants impact our revenue.

Sales at non-Company owned Grill Concepts-branded restaurants, categorized as managed and licensed restaurants were as follows:

(in thousands)	Three Months Ended	
	April 1, 2007	March 26, 2006
Managed Daily Grills	\$ 5,587	\$ 5,112
Licensed Daily Grills	1,563	1,339
	\$ 7,150	\$ 6,451
Management and license fees	\$ 488	\$ 420
Percent of gross sales	6.8%	6.5%

Material Changes in Results of Operations for the Three Months Ended April 1, 2007 as compared to the Three Months Ended March 26, 2006

Revenues. Total revenues increased 12.6% to \$21.7 million for the first quarter 2007 from \$19.3 million in the first quarter 2006. Total revenues in 2007 consisted of sales revenues of \$17.0 million, up 13.1% from \$15.1 million in 2006, management and license fees of \$0.5 million, up 16.2% from \$0.4 million in 2006, and reimbursed managed outlet expenses of \$4.2 million, up 9.9% from \$3.8 million in 2006.

Sales for Daily Grill restaurants increased by 4.3% from \$10.3 million in the first quarter of 2006 to \$10.7 million in the first quarter of 2007. The increase in sales revenues for the Daily Grill restaurants from 2006 to 2007 was primarily attributable to an increase in same store sales of 7.3% (\$0.7 million) for restaurants open for the entire 13 weeks in both 2007 and 2006, partially offset by a decrease in sales at one restaurant which was closed for five weeks of 2007 due to a remodel of the restaurant (\$0.4 million). Management considers performance of same-store or comparable store sales to be an important measure of growth when evaluating performance. Weighted-average weekly sales at the Daily Grill restaurants increased 4.3% from \$65,795 in 2006 to \$68,646 in 2007. Comparable restaurant sales and weighted-average weekly sales at the

Edgar Filing: GRILL CONCEPTS INC - Form 10-Q/A

Daily Grill restaurants in 2007 reflected a menu price increase in November/December of 2006. The increase in same-store sales was principally attributable to an increase in check averages.

Sales for Grill restaurants increased by 31.9% from \$4.8 million in the first quarter of 2006 to \$6.3 million in first quarter of 2007. The increase in sales revenues for the Grill restaurants from 2006 to 2007 was attributable to both the opening of the Dallas Grill in July 2006 (\$1.0 million) and improved sales at comparable restaurants (\$0.5 million). The improvement in same-store sales was primarily attributable to both increased guest counts and check averages. Weighted-average weekly sales at the Grill restaurants increased 5.5% from \$92,255 in 2006 to \$97,362 in 2007.

Table of Contents

Management and license fee revenues were attributable to hotel restaurant management services which accounted for \$436,000 of management fees during the first quarter of 2007 as compared to \$369,000 during the first quarter of 2006 and licensing fees of \$54,000 during the first quarter of 2007 compared to \$51,000 during the first quarter of 2006. The increase in management and license fees during 2007 was primarily attributable to the purchase of HRP's contract rights in certain managed locations in 2006 (\$80,000), partially offset by lower management fees at one of the managed Daily Grill restaurants.

Cost reimbursements represent amounts incurred by the Company on behalf of managed outlets for which the Company receives reimbursements from the owners of the managed restaurants. The increase in revenues attributable to cost reimbursements in the first quarter 2007 compared to the first quarter of 2006 was attributable to increased sales at managed restaurants.

Operating Expenses. Total operating expenses, including cost of sales, restaurant operating expenses, reimbursed costs, general and administrative expenses, depreciation and amortization, and pre-opening costs, increased 13.4% to \$21.2 million in the first quarter of 2007 (representing 97.7% of revenues) from \$18.7 million in the first quarter of 2006 (representing 96.9% of revenues).

Cost of Sales. While sales revenues increased by 13.1% (\$2.0 million) in the first quarter of 2007 as compared to the first quarter of 2006, total cost of sales increased by 16.5%, or \$0.7 million, for the first quarter of 2007 compared to the first quarter of 2006. The dollar increase in cost of sales is primarily due to the increase in sales volume with a minimal amount due to increased purchase prices for certain products. Cost of sales as a percentage of restaurant sales was 28.5% for the first quarter of 2007 as compared to 27.7% for the first quarter of 2006. The increase in cost of sales as a percentage of restaurant sales for the quarter is due to the opening of the Dallas Grill, which opened in July 2006. Excluding the Dallas Grill the percentage would be 28.0%.

Restaurant Operating Expenses. Restaurant operating expenses increased by \$1.0 million, or 11.2%, for the first quarter of 2007 compared to the first quarter of 2006. The dollar increase in restaurant operating expenses for the quarter was primarily attributable to the opening of the Dallas Grill (\$0.6 million), an increase in payroll and related costs at comparable restaurants (\$0.1 million), an increase in occupancy costs at comparable restaurants (\$0.2 million) and variable costs at comparable restaurants (\$0.1 million). Restaurant operating expenses, as a percentage of restaurant sales, were 58.4% in the first quarter of 2007 and 59.4% in the first quarter of 2006.

Reimbursed Costs. Reimbursed costs increased 9.9% from \$3.8 million to \$4.2 million for the first quarter of 2007 compared to the first quarter of 2006. These expenses represent the operating costs for which we are the primary obligor of the restaurants and the Company does not consolidate. The increase is primarily due to increased cost of goods and variable expenses resulting from a 9.3% increase in sales for the first quarter of 2007 compared to the first quarter of 2006.

General and Administrative. General and administrative expense increased 23.1% for the first quarter of 2007 compared to the first quarter of 2006. As a percentage of total revenues, general and administrative expense totaled 7.0% for the first quarter of 2007 compared to 6.4% for the first quarter of 2006. The increase in total general and administrative expense of \$0.3 million for the first quarter of 2007 compared to the first quarter of 2006 was primarily attributable to one-time charges consisting of a \$78,000 accrual established for a minimum rent clause in one of our restaurant leases, and a \$51,000 increase in our workers' compensation reserve related to prior year claims under our high deductible workers compensation insurance plan.

Depreciation and Amortization. Depreciation and amortization expense increased \$25,000, or 4.7%, for the first quarter of 2007 compared to the first quarter of 2006. As a percentage of restaurant sales, depreciation and amortization was 3.3% for the first quarter of 2007 compared to 3.5% for the first quarter of 2006. The dollar increase is primarily due to depreciation related to the Dallas Grill which opened in July 2006 (\$62,000), partially offset by certain fixed asset groups becoming fully depreciated at December 31, 2006.

Pre-opening Costs. Pre-opening costs totaled \$126,000 in the first quarter of 2007 compared to \$0 in the first quarter of 2006. Pre-opening costs in the first quarter of 2007 were attributable to costs associated with the remodel of the Brentwood Daily Grill (\$71,000) and the construction of the Austin Daily Grill (\$55,000).

Interest, net. Total net interest increased \$46,000, or 219.1%, during the first quarter of 2007 compared to the first quarter of 2006. The increase in interest expense was primarily attributable to interest on the Company's credit facility, due to increased borrowings.

Table of Contents

Provision for Income Taxes. The Company reported a provision for income taxes of \$177,000 for the first quarter of 2007 compared to \$68,000 for the first quarter of 2006. The increase in the provision for income taxes is primarily due to a change in the estimated annual effective tax rate for 2007.

Minority Interest. We reported a minority interest in the profit of consolidated affiliates of \$78,000 during the first quarter of 2007 compared to \$25,000 for the first quarter of 2006. The change in minority interest for the first quarter of 2007 compared to the first quarter of 2006 was primarily attributable having fully utilized our allocation of minority interest for the South Bay Daily Grill and improved operations at the Downtown Daily Grill.

Net Income. We reported net income of \$0.2 million for the first quarter of 2007 compared to net income of \$0.5 million for the first quarter of 2006.

Material Changes in Financial Condition, Liquidity and Capital Resources.

At April 1, 2007 we had negative working capital of \$4.0 million and a cash balance of \$2.4 million compared to negative working capital of \$3.5 million and a cash balance of \$3.0 million at December 31, 2006.

The decrease in our cash position reflects the following cash flows:

(in thousands)	Three Months Ended	
	April 1, 2007	March 26, 2006
Net cash provided by (used in) operating activities	(Restated) \$ 619	\$ (110)
Net cash used in investing activities	(1,142)	(574)
Net cash used in financing activities	(148)	(230)
Net decrease in cash	\$ (671)	\$ (914)

Included in cash flows from operating activities were tenant improvement allowances of \$0.2 million and \$0 in 2007 and 2006, respectively.

The \$0.5 million decrease in working capital was primarily attributable to capital expenditures related to the construction of the Austin Daily Grill (\$0.5 million) and the remodel of the Brentwood Daily Grill (\$0.3 million), partially offset by a decrease in accounts payable (\$0.2 million).

Our need for capital resources historically has resulted from, and for the foreseeable future is expected to relate primarily to, the construction and opening of new restaurants as well as remodeling of existing restaurants. Funds necessary to operate restaurants under management agreements are usually funded by cash generated by the restaurants. Sales from these outlets are deposited into an agency account belonging to the owner and we pay the outlet operating expenses, including our fee, from this agency account.

Historically, we have funded our day-to-day operations through operating cash flows that have ranged from \$3.3 to \$3.7 million over the past three fiscal years. Growth has been funded through a combination of lines of credit, bank borrowings, loans from stockholders/officers, the sale of debentures and stock, loans and tenant allowances from certain of our landlords, and, beginning in 1999, through joint venture arrangements.

Credit Facility. At April 1, 2007, the Company's principal financing facility was its Diamond Creek Investment Partners, LLC revolving credit facility with maximum borrowing capacity of \$12.0 million. The Company also enters into periodic financing transactions in the nature of equipment leases and landlord loans and advances.

At April 1, 2007, the Company had \$1.2 million owing under our revolving credit facility, \$0.4 million owing under equipment lease financing transactions, and loans/advances from a landlord of \$0.1 million.

At April 1, 2007, the applicable interest rate on the Company's line of credit was 10.85%.

Edgar Filing: GRILL CONCEPTS INC - Form 10-Q/A

Subsequent to the end of the quarter, in April 2007, the Company borrowed \$1,000,000 under its line of credit to fund restaurant opening costs and the payment of accumulated dividends on the conversion of the Company's Series II, 10% Convertible Preferred Stock. The dividends were not accrued as the Company had the option to pay the dividends in cash or stock.

Common Stock Transactions. During the first quarter of 2007, the Company received aggregate proceeds of \$51,000 from the sale of 26,350 shares of common stock pursuant to the exercise of outstanding stock options.

Table of Contents

On April 18, 2007; 9,496 shares of common stock that were previously given to the Company as consideration for warrant exercises, were cancelled.

On April 30, 2007 we issued 95,184 shares of common stock in conjunction with the exercise of the conversion feature of 500 shares of outstanding Series II, 10% Convertible Preferred Stock.

Operating Leases and Contractual Obligations. At April 1, 2007, we were obligated under twenty-two leases covering the premises in which our Daily Grill and Grill restaurants are located as well as a lease on our executive office. Such restaurant leases and the executive office lease contain minimum rent provisions which provide for the payment of minimum aggregate rental payments of approximately \$31.3 million over the life of those leases, with minimum rental payments of \$2.8 million in the remainder of 2007, \$8.0 million between 2008 and 2009, \$6.5 million between 2010 and 2011, and \$14.1 million thereafter.

The following table details our contractual obligations as of April 1, 2007:

(in thousands)	Payments due by period				
	Total	2007	2008 -2009	2010 -2011	Thereafter
Long-term debt ⁽¹⁾	\$ 1,330	\$ 6	\$ 20	\$ 1,264	\$ 40
Capital lease obligations	333	56	169	108	
Operating lease commitments	31,342	2,816	7,955	6,467	14,104
Other contractual obligations ⁽²⁾	2,882	2,882			
Total	\$ 35,887	\$ 5,760	\$ 8,144	\$ 7,839	\$ 14,144

(1) Excludes other long-term liabilities of \$8.8 million at April 1, 2007, consisting of tenant improvement allowances and deferred rents, each of which is amortized over the life of the respective leases.

(2) Consists of amounts payable as of April 1, 2007 under the HRP Purchase Agreement. Excludes any potential liability that may arise as a result of our agreement to indemnify HRP against any potential increase in tax liability that might result from a reallocation of the purchase price under the HRP Purchase Agreement.

Capital Expenditures. During the first quarter of 2007, the Company's capital expenditures totaled \$1.1 million. Capital expenditures during the period were related primarily to the construction of a Daily Grill in Austin, Texas and the remodel of the Brentwood Daily Grill in California. With regards to capital expenditures during the period in connection with the Austin Daily Grill \$0.2 million was funded by landlord tenant improvement allowances.

Commitments Relating to Managed Restaurants and LLC's. Under certain of our operating and management agreements we have an obligation to potentially make additional cash advances and/or contributions and may not realize any substantial returns for some time. The agreements and arrangements under which we may be required to make cash advances or contributions, guarantee obligations or defer receipt of cash are described in the Company's Form 10-K for the year ended December 31, 2006. There were no material developments with respect to those agreements and arrangements during the quarter ended April 1, 2007.

Table of Contents

Detailed information regarding the initial capital contributions to the LLCs and the CityWalk Partnership, preferred return for each, management fees payable to the Company and principal distribution provisions are included in the Company's Form 10-K/A for the year ended December 31, 2006. The following tables set forth a summary for each of the LLCs and the CityWalk Partnership of (a) the distributions of capital to the Members and/or the Company during the three months ended April 1, 2007, (b) the unreturned balance of the capital contributions of the Members and/or the Company at April 1, 2007, and (c) the accrued, but unpaid, preferred returns due to the Members and/or the Company at April 1, 2007:

(in thousands)	San Jose Grill		Chicago Grill On		The Grill On	
	Members	Company	Members	Company	Members	Company
Distributions of profit and note repayments during the three months ended April 1, 2007:	\$ 86	\$ 86				
Unreturned Initial Capital Contributions at April 1, 2007:					\$ 1,200	\$ 250
Preferred Return rate:	10%	10%	8%		12%	12%
Accrued but unpaid Preferred Returns at April 1, 2007:					(a)	(a)

	South Bay Daily Grill (Continental Park, LLC)		Universal Citywalk		Downtown Daily Grill (612 Flower Daily Grill, LLC)	
	Members	Company	Members	Company	Members	Company
Distributions of profit during the three months ended April 1, 2007:					\$ 45	\$ 15
Unreturned Initial and Additional Capital Contributions at April 1, 2007:	\$ 1,100	\$ 450	\$ 1,496	\$ 296	\$ 1,325	\$ 289
Preferred Return rate:	10%	10%(b)			9%	9%
Accrued but unpaid Preferred Returns at April 1, 2007	(a)	(a)	(a)		\$ 35	\$ 8

- a) Due to the under performance of the restaurants (and the prior under performance of the Grill On Hollywood) the preferred return is not being accrued. The Company is not liable to pay the preferred return distributions, such that they represent a non-recourse obligation of the subsidiary entity. If preferred returns were accrued for The Grill On Hollywood, the member would have an accrued preferred return of \$1,182,000 and the Company would have an accrued preferred return of \$225,000. If preferred returns were accrued for the South Bay Daily Grill, the member would have an accrued preferred return of \$546,000 and the Company would have an accrued preferred return of \$215,000. If preferred returns were accrued for the CityWalk Partnership, the Member would have an accrued preferred return of \$699,000.
- b) The Company's preferred return with respect to the South Bay Daily Grill is based on unrecovered capital contribution and accrued but unpaid management fees.
- c) The Company is a non-managing member and a wholly owned subsidiary of the Company is the manager of this restaurant. In addition to existing contractual and other commitments with respect to managed restaurants, the Company has entered into agreements to manage Daily Grill restaurants in Memphis, Tennessee; Seattle, Washington; and Tulsa, Oklahoma. The Memphis restaurant opened on April 16, 2007, the Seattle restaurant is expected to open in June 2007 and the Tulsa restaurant in early 2008. The Company is obligated to contribute approximately \$450,000, if construction exceeds \$1,500,000, toward the initial remodeling cost of the Seattle Daily Grill. The Company has no required contributions to the Memphis Daily Grill or Tulsa Daily Grill.

Critical Accounting Policies

The Company's discussion and analysis of its financial condition and results of operations are based upon the Company's financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The Company believes certain critical accounting policies affect its more significant judgments and estimates used in the preparation of its financial statements. There have been no material changes to the critical accounting

Table of Contents

policies previously disclosed in the Company's Form 10-K/A for the year ended December 31, 2006. The methodology applied to management's estimate for income taxes has changed due to the implementation of a new accounting pronouncement as described below.

Recent Accounting Pronouncements

In February 2007, the Financial Accounting Standards Board (the "FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities—Including an amendment of FASB Statement No. 115* ("SFAS No. 159"). This Statement permits entities to choose to measure many financial instruments and certain other items at fair value and report unrealized gains and losses on these instruments in earnings. SFAS No. 159 is effective as of January 1, 2008. We have not yet determined the effect, if any, that the implementation of SFAS No. 159 will have on our results of operations or financial condition.

In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements* ("SFAS No. 157"), which defines fair value, establishes a framework for measuring fair value and expands the related disclosure requirements. The provisions of SFAS No. 157 are effective for fiscal years beginning after November 15, 2007. The Company is currently evaluating the impact that SFAS No. 157 will have on its financial statements.

In June 2006, the FASB ratified the consensus reached by the EITF on EITF Issue No. 06-3, *How Taxes Collected from Customers and Remitted to Governmental Authorities Should Be Presented in the Income Statement (That Is, Gross versus Net Presentation)* ("EITF No. 06-3"). A consensus was reached that entities may adopt a policy of presenting sales taxes in the income statement on either a gross or net basis. If taxes are presented on a gross basis, an entity should disclose its policy of presenting taxes and the amounts of taxes included in the statements of operations. EITF No. 06-3 is effective for periods beginning after December 15, 2006. The Company presents sales taxes collected from customers on a net basis. The Company adopted EITF No. 06-3 in the first quarter of 2007, which had no impact its method for presenting sales taxes in its financial statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company is exposed to market risk from changes in interest rates on funded debt. This exposure relates to our credit line facility. There were \$1.2 million borrowings outstanding under the Credit Line Facility at April 1, 2007. Borrowings under the Credit Facility bear interest at the Prime or LIBOR rates plus a margin ranging from 2.75% to 6.25%. A hypothetical 1% interest rate change would not have a material impact on the Company's results of operations.

Item 4. Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e) and 15d-15(e)) that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding the required disclosure.

In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

An evaluation as of the end of the period covered by this report was carried out under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) and Rule 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Based on their evaluation, our certifying officers concluded that these disclosure controls and procedures are effective in providing reasonable assurance that the information required to be disclosed by us in our periodic reports filed with the Securities and Exchange Commission ("SEC") is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and SEC reports.

There have been no changes in our internal control over financial reporting that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Edgar Filing: GRILL CONCEPTS INC - Form 10-Q/A

Subsequent to filing our original report, and in connection with the review of our financial statements for the second quarter of 2007, we concluded that the accounting for our asset purchase agreement with HRP was incorrect. This instance is considered to be a material weakness in our disclosure controls and procedures particularly as it relates to the selection and application of accounting principles and specifically accounting for nonrecurring transactions. As a result of such conclusions, our management determined to restate our consolidated financial statements as of and for the three and nine months ended September 24, 2006, the year ended December 31, 2006 and the three months ended April 1, 2007.

Table of Contents

In conjunction with the decision to restate our financial statements, management re-evaluated our disclosure controls and procedures and concluded that these controls were not effective as of April 1, 2007.

During the third quarter of 2007, we took steps to identify, rectify and prevent the recurrence of the circumstances that resulted in our determination to restate prior period financial statements, including an increased emphasis on review of accounting literature relating to non-recurring transactions. As part of this undertaking, we have consulted with our independent registered public accounting firm, increased the number of accounting professionals within the finance organization, increased emphasis on continuing education for our accounting personnel and increased emphasis on reviewing applicable accounting literature, all relating to the selection and application of accounting principles pertaining to these areas.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

The Company is involved from time to time in routine legal matters incidental to its business. In the opinion of the Company's Management, resolution of such matters will not have a material effect on its financial position or results of operations.

In June 2004, a former hourly restaurant employee filed a class action lawsuit against the Company in the Superior Court of California of Orange County. We requested, and were granted, a motion to move the suit from Orange County to Los Angeles County. The lawsuit was then filed in the Superior Court of California of Los Angeles in December 2004. The plaintiffs alleged violations of California labor laws with respect to providing meal and rest breaks. The lawsuit sought unspecified amounts of penalties and other monetary payments on behalf of the plaintiffs and other purported class members. We believe that all of our employees were provided with the opportunity to take all required meal and rest breaks.

In April 2007, the California Supreme Court unanimously held that payments for missed meal or rest periods are considered wages or premium pay, not penalties. As a result, claims for missed meal and rest breaks under the California Labor Code (the Labor Code) will be governed by a three or four-year statute of limitations for the payments required under the Labor Code, rather than a one-year statute.

The Company intends to vigorously defend this action. As of April 1, 2007 and December 31, 2006, the Company had recorded a liability of \$150,000 for management's best estimate of the resolution of this matter. However, the ultimate resolution of this matter can not be determined at this time.

Item 1A. Risk Factors

There have been no material changes in our Risk Factors as previously disclosed in our Form 10-K/A for the year ended December 31, 2006.

Item 6. Exhibits

(a) Exhibits

Exhibit No.	Description
