DOCUMENTS INCORPORATED BY REFERENCE

Portions of the Company's definitive proxy statement for the 2008 annual meeting of shareholders are incorporated by reference into Part III. See pages 20 through 22 for the exhibit index.

This amendment to annual report on Form 10-K of Astro-Med, Inc. (the Company) for the fiscal year ended January 31, 2008 is being filed to correct the Company's Summary Compensation Table as filed with the Securities and Exchange Commission (SEC) on April 24, 2008 as part of the Company's Proxy Statement for the 2008 Annual Shareholders Meeting. The Summary Compensation Table as filed therein incorrectly included incentive compensation awards for the named executive officers that were accrued during the fiscal year ended January 31, 2007 in the amounts reported as salary paid for the fiscal year ended January 31, 2008. Such awards were also correctly reported in the Summary Compensation Table as Non-Equity Incentive Plan Compensation for the fiscal year ended January 31, 2007. This amendment also has attached, as Exhibit 3.2, a complete copy of the Company's By-laws as amended to date which was unintentionally omitted from the Company's annual report on Form 10-K for the fiscal year ended January 31, 2008.

PART III

Item 11. Compensation of Directors and Executive Officers

COMPENSATION DISCUSSION & ANALYSIS

The Compensation Committee of the Board of Directors of the Company (the Committee) is charged with the responsibility for establishing, implementing and monitoring adherence to the Company's compensation philosophy and assuring that executives and key management personnel are effectively compensated in a manner which is internally equitable. The Committee also is responsible for reviewing and recommending to the Board the compensation of directors.

Compensation Philosophy and Objectives. Our overall philosophy in terms of executive compensation is to link management incentives with the actual financial performance of the Company. Similarly, the compensation should attract, retain and motivate highly qualified individuals to achieve the Company's business goals and link their interests with shareholder interests. In setting compensation for our executive officers, the Committee considers the executive's performance, awards, if any, made during prior years and other relevant factors. We seek to have the long-term performance of our common stock reflected in executive compensation through our equity incentive programs.

Elements of Compensation. Our total compensation program for executive officers consists of the following:

salary;

cash incentive and bonus awards tied to the Company's and employee's annual performance;

long-term incentive compensation, historically in the form of stock options; and

retirement and other benefits.

We choose to pay each element of compensation in order to attract and retain the necessary executive talent, reward annual performance and provide incentive for both long-term strategic goals as well as short-term performance. Our policy for allocating between currently paid and long-term compensation is to ensure adequate base compensation to attract and retain personnel, while providing incentives to maximize long-term value for our shareholders.

Setting Executive Compensation. The Committee is responsible for establishing and periodically reviewing the compensation of our executive officers and approving all equity awards. The Committee annually reviews the performance of the executive officers and, based on these reviews, the Committee determines salary adjustments and annual award amounts of our executive officers.

Salary. Base salaries for our executive officers were established a number of years ago. Historically, base salaries have been increased at annual rates which approximate the general rates of increase of compensation for all employees of the Company. For fiscal year 2008, we increased the compensation of the Company's employees and executive officers by 3%. Historically, annual salary adjustments were approved to be effective on the anniversary of the executive's original date of hire. Commencing with fiscal 2009, annual salary adjustments have been made effective April 1 of each year.

Cash Incentive and Bonus Awards. The Committee has adopted a management bonus plan for the purpose of providing incentive compensation to employees of the Company. Awards under the management bonus plan are based on the Company's achieving specified financial objectives, such as net income and return on net assets, as well as each individual's specific business objectives. The specified threshold and target financial objectives and business objectives and the related bonus payouts are established annually by the Committee and, accordingly, individual awards may vary, up or down, from year to year. Bonuses paid or accrued for fiscal year 2008 under our management bonus plan to all executive officers was \$169,976 which represented approximately 23% of their maximum bonus opportunity. Bonuses paid to our Named Executive Officers (as defined on page 8 below) under our management bonus plan, except for Michael Morawetz who is not a participant in the Company's management bonus plan, are reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table below.

In addition, to our management bonus plan, we have sometimes awarded cash bonus awards to our executive officers to reward their efforts in extraordinary circumstances. Such cash awards are made at the discretion of the Committee. For fiscal year 2008, Michael Morawetz was awarded a cash bonus due to the performance of the Company's international sales branches for the 2008 fiscal year. This bonus was awarded under a plan established by the Company which awards cash bonuses to the Company's branch offices based on certain financial objectives to be obtained by those branches. Upon attainment of the objectives, bonuses awarded to any branch office are then allocated amongst a pool of individuals at such offices at the discretion of the CEO.

Long-Term Incentive Compensation. Total compensation at the executive level also includes long-term incentive awards granted under the Company's Non-Qualified Stock Option Plan and 2007 Equity Incentive Plan. The objectives of the equity incentive program are to align executive and shareholder long-term interests by creating a strong and direct link between executive pay and total shareholder return, and to enable executives to develop and maintain a long-term stock ownership position in our common stock. Historically, all equity awards have been in the form of stock options which have generally been granted in March of each year at an exercise price of not less than 100% of the market price on the date of grant. Under the 2007 Equity Incentive Plan, the exercise price of all stock options must be at least 100% of the market price on the date of grant, provided that the exercise price for incentive stock options (ISOs) granted to any ten percent beneficial owner of our stock, which includes Mr. Ondis, must be not less than 110% of the market price on the date of grant. Since 2004, all options granted vest in four equal annual installments commencing on the first anniversary of the date of grant. Prior to 2004, options vested seven months following the grant date. Under the Company's 2007 Equity Incentive Plan, the Company is also able to make equity awards in the form of restricted stock, restricted units and performance units in addition to stock options, but has not done so to date.

Retirement and Other Benefits. In order to attract and retain key executives, we offer retirement benefits through a Profit-Sharing Plan and Employee Stock Ownership Plan for employees, including our executive officers.

Profit-Sharing Plan. We maintain a qualified Profit-Sharing Plan which provides retirement benefits to substantially all our employees and provides for contributions into a trust fund in such amounts as the Board of Directors may annually determine. Each eligible employee shares in contributions on the basis of relative (limited to \$220,000) compensation. In addition, participants are permitted to defer up to 50% of their cash compensation and make contributions of such deferral to this plan through payroll deductions. The Company makes matching contributions equal to 50% of the first percent of compensation contributed and 25% of the second through fifth percent. The deferrals are made within the limits prescribed by Section 401(k) of the Internal Revenue Code (the Code). The Profit-Sharing Plan provides for the vesting of 100% of matching contributions made by the Company to the account of the employee after three years of service. Contributions by an employee are 100% vested immediately. Effective April 1, 2007, we amended our Profit-Sharing Plan to increase the amount of our matching contributions to 50% of the first percent of compensation contributed and 25% of the second through the seventh percent.

Employee Stock Ownership Plan. We also have an Employee Stock Ownership Plan which provides retirement benefits to substantially all employees of the Company. Contributions in such amounts as the Board of Directors may annually determine are allocated among eligible employees on the basis of relative (limited to \$100,000) compensation. Participants are 100% vested in any and all allocations to their accounts. Contributions, which may be in cash or stock, are invested by the Plan's Trustee in shares of common stock of the Company.

Perquisites. In addition to the benefits described above, we provide automobile allowances to certain of our executive officers. Furthermore, prior to the adoption of the Sarbanes-Oxley Act of 2002, we made interest free loans to certain of our executive officers. As of April 25, 2007, all such loans were repaid in full. The amounts of any aforesaid automobile allowances to our Named Executive Officers are reflected in the All Other Compensation column of the Summary Compensation Table below.

We have no employment agreements with any of our executive officers and we do not provide any severance benefits to our executives other than those provided to employees generally. Severance benefits will vary based upon salary levels and length of service.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the Compensation Discussion & Analysis included above. Based on these reviews and discussions, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion & Analysis be included in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2008 for filing with the SEC through incorporation by reference of this Proxy Statement.
